The ladies of the American Ridge Red Cross will serve dinner at the George Davidson sale, March 30.

The Ridge Red Cross will hold an all-day session at the home of Mrs. Andy Cox, Friday.

**School News**

Those absent from school this week were Leonard and Celia Roberts, Teddy Havens, Priscilla Benscoter and Nancy Lee Callison.

We were all glad to have Ira Havens and Beverly Mattoon return to school after an illness of some weeks.

We have been working extra hard on our arithmetic in order to finish the text book and work book by the end of school.

Now that spring is here we are thinking about new window decorations.

Jorene Benscoter spent Saturday afternoon at Peggy Cox's home. They picked buttercups.

The American Ridge school board, assisted by Frankie Benscoter and Ed. Kent, installed a new red pump at our school last week.

**Food Production for War**

The University of Idaho, College of Agriculture, has prepared and have ready for distribution a number of pamphlets to help the farmer as well as the gardener, in the food production line, taking up the subjects of "Care and Operation of Milking Machines," "Ring Rot of Potatoes," "Protein Supplements for Hogs," "Fertilizers Help Reach War Crop Goals," "Control of Cattle Grubs," "Pea Weevil Control," "Field Pea Production," "Wartime Hay Baling."

Any or all of the small booklets should be of inestimable benefit to the average farmer — and they are free for the asking. Just write to the College of Agriculture, U. of I., Moscow, telling them which ones you are interested in.

**Birthday Party**

Gordon and Mark Murray celebrated their birthday anniversaries last Saturday when their mother, Mrs. Roy Murray, invited in a group of little boys to play games and eat birthday cake.

Gordon was eight years old and Mark, ten.

**Undergoes Operation**

Walter Cochran, Juliaetta, was taken to St. Joseph's hospital, Lewiston, Tuesday evening, where he was operated on for a strangulated hernia.

At last report he was resting easily.

## Child Health Conference

On Friday, March 26, at the Juliaetta school house, there will be a Child Health Conference, conducted by Dr. Christensen. Immunization against diphtheria and vaccination against smallpox will be offered.

The hour set is 2:00 p. m. Mothers, pre-school children and infants are invited to attend.

**V-12 AND A-12 TESTS TO BE GIVEN ON APRIL SECOND**

From L. W. Mason, superintendent of the local schools, comes the following information on the qualifying test for civilians for the Army and Navy college training program:

On Friday, April 2, at all high schools and colleges throughout the nation, from 9:00 to 11:00 a. m., qualifying tests will be given for the "V-12" naval training program and "A-12" army training program.

The purpose of the V-12 program is to produce naval officers. High school seniors, high school graduates and college students who appear to have potentialities for ultimate selection as officers, will be chosen from these tests for college training. The plan contemplates that this college training will be carried on while the men are on active duty, in uniforms, receiving pay, and under general military discipline.

The qualifications for the Navy College Training Program V-12 read: Only the following groups are eligible: (a) High school and preparatory school graduates who will have attained their 17th, but not their 20th birthdays, by July 1, 1943, regardless of whether they are now attending college. (b) High school and preparatory school seniors who will be graduated by July 1, provided they will have attained their 17th, but not their 20th birthdays by that date. (c) Students who will have attained their 17th but not their 20th birthdays by July 1, 1943, who do not hold certificates of graduation from a secondary school but who are now continuing their education in an accredited college or university.

Furthermore, to be eligible for selection each applicant must: (a) Be a male citizen of the United States. (b) Be morally and physically qualified for this program, including a minimum uncorrected visual acuity of 18-20 for each eye. (c) Be unmarried and agree to remain unmarried until commissioned, unless sooner released by the navy department. (d) Evidence potential officer qualifications, including appearance and scholarship records. Men now enlisted in any branch of the armed services including V-1, V-5, V-7 reserves on inactive status, are not eligible to take this test.

The purpose of the Army Specialized Training Program A-12 is to train, at the collegiate level, men in technical and professional skills required by the army. Engineers of all types, doctors, psychologists, linguists, physicists, mathematicians and students of foreign areas are needed in large numbers, and the army has established this program in those colleges and universities where such training can best be given.

The eligibility of an individual for the Army Specialized Training Program is not fully established until he has successfully completed the normal 12 or 15 weeks of basic military training immediately following his induction into the army. Success on the proposed test, however, will provide the candidate with a certificate of qualification which, upon presentation at the time of voluntary or regular induction, will assure his assignment to a Replacement Training Center as a potential Army Specialized Training Program trainee. If it is then determined that he is a potential officer candidate material, he will be assigned to an Army Specialized Training Unit as an enlisted man on active duty, receiving the pay of a private seventh grade, to pursue a curriculum of study for which he has shown himself qualified. Individual choice of curriculum will be given serious consideration, although the army will assign each candidate to the curriculum for which his aptitudes indicate him best suited.

All qualifications previously announced for acceptance into the Navy College Training Program V-12 continue to apply for the Army A-12 with the exception of the visual requirements.

If interested, if only for further information, contact L. W. Mason at the Kendrick High school.

**Henry J. Gertje Passes**

Henry J. Gertje, 63, Peck, one of the first settlers in the Melrose area, where he homesteaded 45 years ago, died at 3:10 p. m. Monday at White's hospital, Lewiston. Death was attributed to apoplexy. Mr. Gertje, who had been in declining health for the past few years, entered the hospital last Wednesday.

Survivors include his wife, two daughters and one son, Mrs. George Gans, Seattle, and Mrs. Lee Shuss and George Gertje, both of Peck; two brothers and one sister, Ed Gertje, Southwick; Herman Gertje, Cottage Grove, Ore., and Mrs. Charles Tiede, Boise.

Funeral services were held at the Brower-Wann chapel, Wednesday at 1:30, with interment in Normal Hill cemetery.

**Bring In First Yellowbell**

Beverly Schupfer and Junie Brown brought the first yellowbell of the season to the Gazette office last Saturday afternoon.

The little blossom was fully opened and pretty.

As far as the calendar goes, they are late this year, but when it comes to the weather — early.

## WHAT'S GOING ON IN THE ISLAND COMMUNITY

**Active in Red Cross Work**

The sum of \$221 has been collected for the Red Cross War Fund and turned over to the headquarters at Lewiston. While Leland did not do as well as some rural communities, it did much better than some, for which we were commended. The committee wishes to thank the people of the community for the courteous manner in which they were received and for their contributions. It was the intention to publish the names of the donors, but this has been abandoned, as nearly everyone contributed. Each member of the committee has a list, and anyone interested is welcome to see it.

A consignment of girls' gowns, which the Homemakers Club received a few weeks ago, has been completed, and returned to the Lewiston Chapter of the Red Cross. No more sewing is available at this time.

**Paul Jones Home on Visit**

Pvt. Paul Jones arrived here Sunday on a few days furlough to visit his mother, Mrs. Alex Larson, and sister, Mrs. Ewald Hinrichs, and families. He will report back to Camp Blanding, Fla., where he has been stationed.

Mr. and Mrs. Larson entertained with a dinner in his honor Sunday, having Mr. and Mrs. Hinrichs and son Herman as guests.

**Other News**

Mr. and Mrs. Jesse Hoffman and Dwight Hoffman, accompanied by Mr. and Mrs. Henry Silha, Ruth Curtis and Betty Hoffman, all of Moscow, spent the week-end in Spokane and Four Lakes, Wash. They were guests of Mrs. Hoffman's brother, H. S. Spear, Sunday, where a birthday dinner was served honoring their mother, Mrs. R. E. Spear, on her 79th birthday.

Announcements have been received here of the birth of a son to Mr. and Mrs. Frank Hunt, at Kellogg. Mrs. Hunt is the former Maxine Flesham.

Mr. and Mrs. W. H. Weyen, accompanied by Mrs. Billy Weyen and daughters, Kendrick, visited in Moscow Sunday with Mrs. Weyen's sister, Mrs. Mel Olson.

Recent visitors in Lewiston included Mr. and Mrs. Marvin Vincent, Mr. and Mrs. G. O. Peters, Mr. and Mrs. Alex Larson, Mr. and Mrs. Enoch Harrison, Walter Silflow and A. R. Locke.

**Dance Attendance Fair**

Attendance at the dance last Friday evening given by the Commercial Club, honoring the basketball boys, was quite good from the standpoint of the team and high school, but marked by the almost complete absence of Commercial Club members and their wives.

However, those present seemed to have a good time — and that is what counted.

**Undergoes Surgery**

Mrs. Herbert Weber, Juliaetta, had a minor operation Tuesday at the St. Joseph's hospital, Lewiston.

**Red Cross Workers Needed**

An urgent plea comes from our Red Cross chairmen for more workers, both in sewing and the surgical dressing unit.

Mrs. Crocker is having trouble placing 15 women's slips, and Mrs. Galloway says only 550 surgical dressings were folded last week.

There are a good many women in the community who have not been out to help — so this is a special invitation for them to give several hours a week — and the high school girls are invited to help as well. If some would spend an hour or so after school it would be appreciated.

This is everyone's duty and responsibility, and something we all can and should do here at home.

Let's work together to get our quota out.

**Louis E. Hunter Passes**

Mrs. Wade Keene received word Tuesday evening of the sudden death of her brother, Louis E. Hunter at Seattle. He was 40 years of age.

Louis Hunter was born at Peck, Idaho, April 28, 1902.

Surviving, besides his father, A. D. Hunter of Peck, are his wife, Ruth Peck; a son and daughter, Douglas and Alene; Peck; three brothers, Albert of Mohler, Orval of Seattle, and Burton of Lewiston; and four sisters, Mrs. O. M. Hardman and Mrs. Frank McGee of Peck, Mrs. Wade Keene of Kendrick and Mrs. Rance Oglesby, Indio, Cal.

Mr. Hunter was well known here, as he operated a barber shop here some ten years ago.

Funeral arrangements are pending.

**I. V. R. Drill Held**

Company 2-K-1 I. V. R. met for regular drill Monday evening at the gymnasium, but finding the floor too slick, following a recent dance, adjourned to drill on Main street.

Attendance was considerably better than usual, some 35 being present.

Weather permitting, the next drill will be on the ball diamond, Sunday afternoon. If the weather is bad drill will again be in the gymnasium on Monday evening.

**Now "Tetofaler" (Almost)**

President Roosevelt now drinks a glass of milk instead of coffee for breakfast. Mrs. Roosevelt told her press conference recently.

"The president has given up drinking coffee," the first lady said, adding that he feels much better and is very proud of himself because of this change. He might occasionally take an afternoon cup, she acknowledged.

## All-Girl Band Formed

An important feature of the wartime music program at the U. of I. is the all-girl band, being organized by A. A. Beecher, head of the department, and directed by E. J. Marty.

Included in the band's personnel is Miss Eloise Deobald, daughter of Mr. and Mrs. W. B. Deobald, Kendrick.

**Butter Freeze Catches Many**

The "freeze" order on butter, effective last Sunday at midnight, caught quite a number of residents of this area quite unprepared, and with but little butter in the home.

However, quite a number seemingly anticipated the coming rationing and laid in a supply sufficient to carry them over the week until the prescribed rationing points in the No. 2 Book become valid.

Stores locally reported a brisk Saturday business in butter, but no run or excessive purchases were reported made by anyone. The Kendrick Co-operative Creamery, which was open a part of the day Sunday, reported a brisk butter business, but like the stores, no excessive or unreasonable purchases.

Monday morning just one of the three local stores had any butter in stock, and that but a small portion of a case.

The meat situation here, however, since the closing of the Bristol, wholesale packing plant at Lewiston, is a very serious one, and but little, if any, meat of any kind is at present available — and the same holds true in Lewiston!

A strike (said by union leaders to be unauthorized) closed the big Bristol plant Saturday evening of last week, and since the Inland Meat company went out of business in that city last year, the last available source of supply seems closed for keeps, since Mr. Bristol has stated he does not plan to re-open for business until the close of the war.

Government killing restrictions prevent local farmers or Moscow packing plants from supplying the local demand — and the way it looks now the meat rationing coupons in War Ration Book No. 2 will be worthless in this section — for there will be no meat obtainable.

**Be Careful With Kites**

Kite flying time is here again, and with it comes all the dangers of electric shock. Clark W. Miller, safety engineer of the W. W. P. Co., warned today.

"Parents should caution their children to fly kites only in open spaces, away from all electric lines. Of course, wire — no matter how small, should never be used as string, and metal kites should be avoided. Even a damp cotton string will conduct electricity."

"Should a kite become entangled with electric wires, despite all the warnings — don't climb poles to retrieve it. Even a small wire may carry a terrific voltage, sufficient to stun anyone coming in contact with it and causing him to fall from the pole," warns Mr. Miller.

## CASH WHEAT HIGHER AT PORTLAND MARKETS

A generally firmer tone in the principal domestic grain markets was reflected in higher cash wheat prices at Portland during the week ending March 19, according to the U. S. Department of Agriculture.

Quotations at the close were 1c to 2½c per bushel higher on principal classes as compared with a week ago. In the midwest, redemptions of loan wheat fell off with the decline in wheat values the week before and country selling pressure lessened materially. Cold weather and snow blocked country roads and marketings at interior points were cut down materially, which resulted in a sharp drop in terminal receipts toward the close of the week. Release of another 100 million bushels of government wheat for feed also had a moderately stimulating influence on wheat prices, at the important midwestern markets.

Demand for cash wheat in the Pacific Northwest was rather slow. Mills furnished about the only outlet for current open market offerings of cash wheat and their needs were only moderate and mostly for special quality lots. Demand also was lacking from the midwest for wheat from this area. Despite the indemnity of \$2.00 per barrel, which was extended to March 25, export flour sales to the Americas were even lighter than during the previous week. Wheat receipts amounted to 168 cars at Portland as against 164 cars last week, while Puget Sound and Columbia river terminals, including Portland, had 585 cars compared with 682 last week. Reports from the country continued to indicate that heavy reseedling will be necessary in a number of districts in eastern Oregon and Washington, because of freezing during January and February. Growers were not offering cash wheat in any appreciable amounts at the country points, which tended to further restrict trading and movement during the past week.

**Kendrick Personals**

Mr. and Mrs. R. L. Blewett were Moscow and Genesee visitors Monday on business.

Roy Ramey left Kendrick Thursday evening for Jacksonville, Fla., to join his wife, who was called there some time ago by her mother's illness. They plan to bring her mother back with them, if possible.

E. R. Porter and son Corwin were down from Moscow Sunday to visit James Emmett, who is still quite seriously ill at his home.

Mr. and Mrs. A. O. Kanikkeberg and family were Lewiston visitors on business Wednesday.

Mrs. Hiram Galloway spent the week-end in the home of her sister, Mrs. K. D. Ingle, Big Bear ridge.

Mr. and Mrs. N. E. Walker accompanied Mr. and Mrs. Herman Schupfer to Spokane Tuesday, where Mr. Walker entered the Sacred Heart hospital to undergo a major operation Wednesday morning.

Mr. and Mrs. James Farrington of Ranier, Ore., arrived Saturday to spend the week-end with Mrs. Rose Farrington and Evelyn. On returning home they drove their

**GEM STATE 4-H VICTORY GARDENERS SET TO HELP**

Idaho's rural youth, together with those in other states, are enrolling en masse in the 1943 National 4-H Victory Garden contest to produce adequate supplies of essential vegetables and garden fruits on home plots for their entire family's use.

One million 4-H Victory gardens are the 1943 goal. Government officials emphasize that the more food each community grows for its own use, the easier it will be for the country to meet its military needs for garden fruits and vegetables. They also point out that the annual garden produce needs of a man in the armed forces, which include 34 pounds of tomatoes, 200 pounds of potatoes, and 168 pounds of leafy, green and yellow vegetables, can be produced on plots of comparatively small size.

The primary purpose of the activity is to encourage every 4-H'er to utilize as much space for farm family gardening as possible, and to plant early and often, throughout the year. As incentives to achieving outstanding gardening records, honor awards are being offered. These recognitions, for helping to "Feed a Fighter in 1943" include medals to four county winners; \$25 War Savings Bonds to eight champions in each state, and all-expense trips to the National 4-H club congress in Chicago to eight sectional participants, who, as national winners, will each also receive a \$100 War Bond.

The contest will be conducted, along with other 4-H war-time projects of production and conservation, under the direction of the U. S. Department of Agriculture, state agricultural colleges and county extension agents.

February 6-12 is National Boy Scout Week. This Scout is earning a merit badge in electricity.

Scouting is a world-wide movement—but there are no Boy Scouts in any Axis country... Why?

Perhaps it is because Scouting teaches tolerance and human brotherhood, regardless of race or religion.

Perhaps it is because Scouting is broader than national boundaries or political parties.

Perhaps it is because Scouting encourages independence and self-reliance, instead of regimentation.

At any rate, the finest possible tribute to the Boy Scouts is the fact

that Adolf, Benito and Hirohito are afraid of them!

The spirit of Scouting is the spirit of America. The restless, searching spirit of a pioneer people. Free men and women, working out their own lives. Building, inventing, improving. Taking the risks and enjoying the rewards. Bettering the world as they better themselves.

Out of this freedom of individual opportunity grew the great American industries that are powering out planes and tanks today.

Out of this freedom grew the electric companies under American business management that are furnishing far more power for war production than all the Axis countries combined.

**THE OLD JUDGE SAYS...**

"A lot of storekeepers in town are worrying about being able to get help these days. Judge Men are mighty scarce and gettin' more so all the time."  
 "I know Even the big companies are having quite a job getting them. Yep, and they need 'em too. Take the beverage distilling companies for example. They need lot of manpower. The a they're not unaking whiskey any more. they're doing a 24-hour-a-day job of turning out alcohol for gun powder and synthetic rubber for the government."  
 "Makes me think back to the days before repai when a powerful number of people were making liquor. too only they were a bunch of law-flouting criminals doing it behind closed doors. And the government wasn't collecting a billion dollar excise tax either. Ever stop to wonder where the government could get all its war alcohol today if it weren't for the beverage distillers?"

# Potlatch Chief Sez

PUBLISHED BY THE KENDRICK CO-OPERATIVE CREAMERY

## CREAM AND EGGS ARE OUR CRIVING NEEDS

Folks, we just can't get enough cream to supply the demand for "Potlatch Chief" butter, so can't you help us out by bringing in more? Can't you influence your neighbor to become a member of this organization and bring his in, too? Remember, the more cream we can get the better it suits your Uncle Sam, as well as ourselves! Just the minute you can take that calf off the cow, do so, cash in on that cream to your own financial advantage.

And eggs? Yes, they are in big demand. We never get too many of them. Sell them right here and get your case and check. Cooperate with the government, this organization and yourself to the mutual advantage of all.

Son: "Father, what is a counter-irritant?"  
 Father: "Must be someone who shops all day and doesn't buy anything."

Little Girl: "Mother, are you the nearest relative I have?"  
 Mother: "Yes, dear, and your father is the closest!"

Some telephone linemen were working outside Aunt Sophie's house and she didn't like the language they used. She told the company about it and they demanded an explanation.

The foreman reported: "All that happened to us, me and Butch went to the top of that pole. Spike was down below. We happened to drop some hot lead down his neck. Spike looked up and said: 'Really, boys, you must be more careful!'"

"If a buttercup is yellow, what color is a hiccup?"  
 "Purple."

"I guess I'll cut in on this dance," said the surgeon, as he chloroformed the St. Vitus patient.

## WORD FROM LOCAL MEN IN OUR ARMED FORCES

Sgt. Orville Storer returned Sunday afternoon from March Field, where he had been stationed with a fighter squadron. After being in the service for about eight months Orville has received his honorable discharge, since he was over 38 years old. Orville says he has gained 26 pounds while in the service. He plans to visit here for about a week and then go into defense work.

## Somewhere In The Pacific

Un-dated

Dear Friends:

Am writing to thank you again for the paper I've been receiving for so many months. Sometimes I receive four or five at the same time, but really enjoy reading them, even if they are somewhat old. I am now in a different location, but have still the same address.

I enjoy being with the torpedo squadron and wish I could stay with them, but will probably soon go back to my other ship. It has been almost a year since I've been home, and that is really a long time to be about this ocean. I would surely like to be back home, but until this war is over I'll do my best to help win it.

Thanks again for the paper. I repeat that I really enjoy reading it. Sincerely,

Harvey S. Thornton, C. M. 2-c

Farragut, Idaho

March 18, 1943

Dear Mac and Bill:

There is a little change in my address again. I'm out of the main hospital now and am in the training station again. My time is about up for my stay at one place, so it was necessary to move again.

I got my second pick of a place again. My first pick was Moscow, but was one day too late. Seattle was my third pick, but I'm still here. I'll be assigned my new job tomorrow, and will probably work in the dispensary again.

We did have spring here, but we have plenty of snow again, and it looks like winter is here once more.

Mac, I wish to thank you most sincerely for the paper. I always turn to the page where the army and navy boys letters appear, first.

Please tell everyone I appreciate letters, too.

Sincerely,

Lester C. Slead, H. A. 1-c

Camp Clairbourne, La.

March 14, 1943

Dear Mac:

Just a brief note to let you know that my address has been changed. The weather here is a lot warmer than it was in Virginia — but that's all part of the game.

Thanks a lot for sending the Gazette. I really enjoy reading all about the home folks.

Yours truly

Cpl. George F. Finke

Logan, Utah

March 18, 1943

Dear Sirs:

I understand that you are sending your paper free to the boys in the service. Here is my present address, and I'd appreciate it a lot.

Pvt. Deryl Ingle

San Bernadino, Calif.

March 18, 1943

Dear Mac:

I just want to let you know my address has changed a little — and I also want to thank you for the paper.

It is really grand to hear how the folks back home are doing, and to find out what my pals are doing — as well as finding out where they may be.

Well, I've got to go to work or I'm liable to get fired.

As ever,

Pvt. Johnny Keeler

Lloyd Israel, son of Mr. and Mrs. Clem Israel, Southwick, and Don Fry, son of Mr. and Mrs. C. H. Fry, Kendrick, were accepted for army service at Spokane last week, and left Wednesday of this week, via Moscow and Spokane, to report for army service.

Stanley Kuykendall and Arnold Zimmerman, who accompanied the boys to Spokane for their physicals, were rejected because of faulty hearing — and both are feeling pretty badly over the turn-down, as they had hoped to go.

## QUALITY CANNED GOODS

We have always handled Quality Canned Goods. Now as Point Rationing is in effect, it pays more than ever to buy quality merchandise. It doesn't take any more points to buy first-class merchandise than to buy second or third class.
