NO. 13

KENDRICK LOCALS AND PERSONALS TWENTY YEARS AGO

Ernest Roberts of American ridge returned Monday morning from a trip to Lewiston.

Frankie Bencoter of American ridge returned Saturday from a visit in Clarkston.

Ingvald Aas of American ridge was a Moscow visitor the first of the week.

Mr. and Mrs. W. Fairfield of Big Bear ridge returned from a short stay in Lewiston Thursday morning.

Campbell & Barr expect to start their rock crushers April 1. They will finish surfacing the mile of road east of Kendrick and it is then expected the road below town will be finished, toward Juliaetta, as far as the Kendrick Highway district line.

Last Friday morning, shortly before 8:00 o'clock, fire was discovered in the rear of the Kendrick Harness shop. By the time a general alarm was given from "mouth to mouth" the flames had gained considerable headway. Fire hose was brought into service in short order, but the fire had gained such headway that much damage was done to the stock of harness and other goods in the store. Mr. Walker is at a loss to know what might have started the fire. The big harness sewing machine was badly damaged. However, Mr. Walker expects to put his shop in condition again as soon as possible.

A few of the neighbors and relatives met at the home of Mr. and Mrs. Cyrus Roberts Wednesday evening to serenade Mr. and Mrs. Cecil Roberts. A very enjoyable evening was spent playing games and listening to music, after which treats and dainty refreshments were served. Those present were Mr. and Mrs. Francis Roberts of Myrtle, Mrs. Paul Manley, Mamie and Ernest Roberts, Mr. and Mrs. W. A. Watts and little son Joe; Miss Rilla Davidson and Mr. and Mrs. C. Dougherty.

Alfred Case of Clarkston visited his sister, Miss Margaret Case, at the home of Homer Betts from Friday evening until Monday. He brought his radio with him and temporarily installed it. The neighbors and school children gathered there Saturday and Sunday nights to "listen in."

Stony Point News — The farmers of the Clearwater region are beginning their spring work this week.

Dybert Brothers planted a nice field of early spuds and also all early garden truck the first of the week.

Mr. and Mrs. Ike Steensma and Ernest Harris spent Sunday in the home of Leonard Fairfield. Mrs. Will Heimgartner of Fix ridge spent several days last week visiting with friends here.

Fry, Mrs. Addie Alexander and Miss Eva Smith were school visitors Friday afternoon. Guy and Frank Foster, who are going to school in Kendrick, spent the week-end with their parents.

Marvin Long was transacting business in Lewiston last week.

Floyd and Norris Walker went to Lewiston Monday, where they attended a meeting of I. O. O. F. secretaries.

The infant son of Mr. and Mrs. Aubrey LaBolle of Texas ridge had the misfortune to lose a portion of his right index finger by getting his hand caught in the gear wheels of a power washer last Monday.

Mrs. J. K. Tweedy and Mrs. Clause of Clarkston returned to their home Tuesday afternoon, after visiting in the James Emmett home.

The Kendrick Harness Shop is again open for business and the inside is being re-conditioned, removing some of the smoke stains caused by the recent fire there.

Mr. and Mrs. Wm. Rogers and Mr. and Mrs. John Kite entertained the Circle Card club and a few friends in the Kite home Wednesday evening at a very enjoyable card party. The usual game of "500" was played, and after several pleasant hours, prizes were awarded to Harold Thomas and Mrs. Erickson for high scores and Mrs. Hanson received the consolation prize. Besides the regular members of the club, and those present were Messrs. Harold Mesdames Walter, Thomas, Harold Mesdames George, Leith, L. Hill, Rieta Thomas, George Long, Nell Ameling, E. T. Long and Robert Spencer. Dainty refreshments were served at the close of play.

Big Bear Ridge — Miss Neva Nelson is visiting friends in Moscow and Pullman this week. Mrs. H. Dahlberg and children, LaVern and Marjorie, of near Deary, are visiting her parents, Mr. and Mrs. J. J. Slind and sister, Mrs. Halvor Lien. Miss Slind spent last week in Lewiston. Miss Esther Klieh returned home from Lewiston Saturday, after having spent several weeks with her sister, Mrs. DeWitt Penland. A. N. Rogstad made a business trip to Lewiston Saturday.

Gabriel Forest has purchased Thorvald Nelson's farming interests on the A. Hooker farm. Mr. Nelson expects to leave for Montana next week to look after business interests there.

Attempt To Get Meat

Local meat dealers here are making desperate efforts to alleviate the current meat shortage, caused primarily by the closing of the big Bristol Packing plant at Lewiston.

As matters now stand the only open way to secure meat appears to be through slaughter by farmers. If arrangements can be made on that basis, temporarily, it is believed that the O. P. A. will, in the due course of time, license the opening and use of the N. B. Long & Sons slaughter house east of town.

At the present time, as matters stand, farmers with any slaughter quota, are asked to contact the local stores, where blanks are obtainable for the registration and other "red tape."

GOV. "BOTT" ASKS ROLL CALL FOR RURAL WOMEN

The current roll call for rural women assumes front-line importance to the welfare of our state and nation in view of the recent indications that America faces a crisis during 1943 in her efforts to feed the people on the home front as well as her Allies throughout the world.

It is my sincere hope that all women in the state of Idaho will get behind and support this program, which is designed to increase garden production and to later save those foods through the right kind of food preservation.

The need for supplies was never greater in the history of our country, and victory gardens this year will probably mean whether we will have enough to eat during the fall and winter months this war year. It is therefore my hope that every vacant lot, every back yard and every acre of vacant tillable soil in the state of Idaho will be put into production this spring.

It is also my hope that the housewives of our state will take heed of this roll call and follow through with the suggestion that garden produce be canned and otherwise preserved for use by themselves and their families on the home front in the months to come. We know that rationing of food items is increasing daily, and reports from coastal cities give us an idea of what is to come.

We must act now—and we must put across the Roll Call for Rural Women. It is a war of necessity!

Meat Slaughtering Permits

All livestock slaughterers who sell meat, including farmers and local butchers, not registered with OPA under Meat Restriction Order No. 1, may obtain slaughter permits beginning today, the Department of Agriculture, says.

While Food Distribution Order No. 27, issued March 6, requires all these slaughterers to secure a permit, it was not effective until March 31, but all persons concerned are urged to get their permits early to avoid difficulties later. Slaughterers must stamp their permit number at least once on each wholesale cut.

Permits to farmers in all areas and to local butchers and meat packers in small towns will be issued by County USDA War Boards. Butchers and slaughterers in the designated larger cities must obtain permits from local Food Distribution Administration offices, which in most cases will be the Federal Meat Inspection and Grading offices.

Farmers who slaughter animals only for home use need not obtain permits, but a permit is required for all meat sold.

Must Surrender Ration Books

Announcement was made March 24 by A. A. Hayden, O. P. A., Spokane, that men who eat at company boarding houses regularly must surrender their ration books to their employers, otherwise the employer cannot obtain the food necessary to operation of the boarding house.

The order, Hayden said, applies to logging, mining, and all other camps where a central eating house is maintained. Observe, he stated, is of particular importance in northern Idaho, an area of many logging and mining camps.

Employers are asked to follow this procedure: Due to the probability of the shifting of employees from one place to another, the employer is asked to turn the books in at the end of each rationing period or where the employees leave after the first one or two weeks of the rationing period, to take the stamps from his book at the rate of 11 points per week. This is to prevent the employee from being without stamps in case of moving from one place to another during the rationing period.

Local Creamery Complimented

Wm. Lowrey, State Dairy Inspector under the State Department of Agriculture, spent all day Friday in the local creamery.

Mr. Lowrey stated this institution was one of the nicest, cleanest and most efficient little plants in Idaho, and expressed himself as more than pleased with the results of the examination. He checked cream tests, the quality of cream received, the quality and cleanliness of cans in which the cream was received, and made the same tests on outgoing cans — and found all A-1.

Mr. Lowrey was enthusiastic about the progress and set-up of the local organization — and predicted real success.

We believe this to be one of the finest compliments any organization can receive, and the local one must have been worthy or such compliments would not have been paid, officially or otherwise.

During the last half of 1943, the army's conditional requirements called for 18 million underwear garments and 48 million pairs of socks.

A farewell dinner is planned for Wednesday evening, honoring Mr. and Mrs. Davidson, who plan to leave soon for San Francisco, where Mr. Davidson will resume his work in the shipyards.

Mr. and Mrs. Bruce Glenn visited at the Warney May home Monday evening.

Harry Langdon and son Buddy took a load of hogs to Lewiston on Monday.

Harry Langdon was a Moscow business visitor Tuesday, accompanying Arley Allen of Cedar ridge. Erma and Buddy Langdon spent the week-end at their home here.

We, The People

To the Axis nations the U. S. A. must seem to be a queer land. A land of inquiring reporters, of quiz programs and vox pops. A land where people are free to think and say what they please, and actually govern themselves.

And the greatest of freedoms is that upon which all American progress and strength is founded — Free Speech. Freedom to express one's own viewpoints, freedom to criticize one another, the freedom of political campaign.

It is from this most important of all freedoms that America draws its greatness which offers education and information to all the people. Strength, which in peacetime promotes the welfare of all; and in wartime safeguards us with resourcefulness and ability which only an educated and informed people can possess.

Sale Is Real Success

The George A. Davidson auction sale, held on American ridge Tuesday, was attended by an unusually large crowd, considering the weather and roads, cars being parked along the road for a half-mile in either direction from the Davidson place.

Many items were said to have brought "new" or "better than new" prices.

The Caterpillar tractor, most valuable item offered at the sale, was said to have brought \$1,400, which was considered quite reasonable for that type of equipment today.

How Many Mistakes?

As this paper goes to press we can't help but wonder just how many mistakes there are in it — for everything "is against us numerically."

To start out with it's issue No. 13 in 1943 — secondly it's April Fool's Day!

We hope if you do find a lot of errors in this issue that you will forgive them — consider all that is against us.

Birthday Party

Last Friday was a happy day for little Donna Kanikkeberg. She celebrated her seventh birthday anniversary, her mother inviting in some little friends for the occasion. Birthday cake and ice cream were served. Those present were Janice Christensen, Joyce Armitage, Davida Butler and Ann and Donna.

Takes New Position

Mrs. Frank Abrams, who has been visiting her parents, Mr. and Mrs. O. E. Havens, at Bremerton, returned home last Saturday with the news that her father has been appointed deputy collector of Internal Revenue for Washington and Alaska. At present his office will be in Seattle.

Measles Still With Us!

It is reported there are cases on American ridge, with symptoms of German measles, while on Bear ridge there are cases with symptoms of red measles. Several cases have been reported.

The four-year-old son of Mr. and Mrs. Julius Eyer, living on Texas ridge, had his tonsils removed at the office of Dr. Christensen last Monday.

About 10 million pounds of copper will be saved for war production through and order controlling the use and sale of copper textile print-ers rollers.

WHAT KENDRICK FOLKS ARE DOING THESE DAYS

Louis Lunders returned home from Portland last week-end, after being employed as an engineer on the Swan Island housing project there. Louis states that while wages were big, expenses were likewise large, with \$3.00 per day for meals being considered "reasonable," but even with spending that much a hungry man was still "half hungry" when he left the table. He also can tell many interesting stories of waste and mismanagement on the project.

Mr. and Mrs. Ivan Craig and family moved to Spokane Saturday of last week, where Ivan has employment.

Odetta and Juanita Lohman left Wednesday afternoon for Bremerton, Wash.

Mr. and Mrs. Elmo Eldridge and Cecil Jones were Lewiston visitors Sunday afternoon.

Mrs. L. E. Brannon and baby returned to their home at Pullman Saturday afternoon, after spending a week with her parents, Mr. and Mrs. John B. Davis, and Verner Davis.

Mrs. Elizabeth Keeler of Clarkston, Mrs. Rose Farrington and Evelyn Farrington returned Sunday from a few days' stay in Spokane.

George Brocke was a business visitor in Moscow Monday afternoon, going up after more "Rationing Information" and necessary blanks and papers.

Elwood Pearson spent the week-end at his home here. He is now employed by the McDonald Chevrolet Co., Lewiston.

Mr. and Mrs. Ed. Nelson and baby were Lewiston business visitors Monday afternoon.

Mr. and Mrs. Herman Schupfer drove to Spokane Sunday to visit N. E. Walker, who is in a hospital there. They brought back word he is recovering nicely.

Mr. and Mrs. Darrell Waide and children from Deary were week-end visitors in the John Waide home.

Mr. and Mrs. J. E. Key of Spokane spent the week-end in the home of Mrs. N. B. Long.

Mr. and Mrs. Wade Keene drove to Peck Sunday, where they attended the funeral of Mrs. Keene's brother, Louis Hunter.

Mrs. Judd Lee was a Spokane visitor between trains Tuesday.

Creek Up Friday Night

Following the warm rains of last Thursday and Friday, Potlatch and its tributaries started on something of a rampage, with Bear creek reaching flood stage.

On some of the railroad bridges above town Bear creek was bubbling through the ties. At the edge of town it reached and flooded to a depth of about 2 inches the home of Mrs. Nettie Gentry, and lapped close to the porches of the C. H. Fry and Manning Onstott homes. It also approached the porch at the R. L. Blewett home.

Potlatch, however, was not running bank full as yet, but could easily have risen rapidly to the danger stage.

Saturday, however, saw clearing skies and receding water, and the danger was over for the time being. Tuesday evening, however, saw the beginning of a heavy downpour that lasted all night and most of Wednesday morning, and as we go to press (Wednesday evening) Potlatch creek is rapidly approaching the danger stage — and there is a misty rain falling. Sandbags are being filled by the section crew and other preparations made — just in case. For another foot of rise would see the chocolate waters coming over the railroad embankment.

There is danger — and plenty of it — in the present situation.

Red Cross News

Mrs. Fred Crocker announced that the last shipment of Red Cross sewing is all out, with the following list of women responsible for its completion: Mesdames Wallace, Paul Lind, W. A. Watts, E. L. Pearson, L. Linders, Walter Brocke, Albert Westendall, Don Miller, Frank Crocker, Edgar Long, A. G. Peters, Wm. McCreary and Lester Crocker.

Mrs. H. Galloway reports there were 851 surgical dressings folded last week by the following women: Mesdames E. Fraser, Joe Davis, W. A. Watts, E. Pearson, Tom Long, L. W. Mason, R. L. Blewett, Pete Bencoter, Wm. McCreary, H. Galloway and A. O. Kanikkeberg.

The unit has a large box of dressings ready to be taken to Moscow. Anyone going either Friday, Saturday or Monday that would be willing to deliver these dressings, it would be very much appreciated by the committee in charge.

James Adams Dead

James Adams, a resident of Kendrick for the past year and employed by W. J. Woodward as a newspaper carrier, passed away at 8:00 p. m. Thursday of last week at the Raby Apartments, a victim of heart disease. The body was taken to Short's Chapel, Moscow.

Little is known here about Mr. Adams. His age has been variously stated at from 67 to 79 years. He is believed to have three children, but their names and addresses are unknown, at least at this time.

Move To New Headquarters

The Kendrick Auto Freight moved last week-end to their new office and freight warehouse in the rear of the Brocke Building, perhaps better known as the Carlson Hardware building.

This was completely remodeled for their use, including concrete floor, freight platform and office room.

School Trustees Meeting

Saturday afternoon of this week at 2:30 o'clock a country-wide school directors meeting will be held in the assembly room of the local high school, with the directors of all districts sending pupils to Kendrick, asked to attend.

The meeting will discuss the current teacher and attendance problems, which are so vital at this time.

The local board of trustees sincerely hope that all directors of all the interested districts will make it a point to come, since these problems must be met and solved.

I. V. R. Holds Drill

Company 2-K-1 I. V. R. met for drill at the school gymnasium Monday evening, with 13 officers and men present, the poor attendance undoubtedly being due to the pouring rain.

At the conclusion of drill it was announced that a state inspection was expected some time next month, and that it was hoped every member would make a real effort to come to drill between now and that date — since a creditable effort is much to be desired.

It was also announced that an exhibition drill was under consideration for Decoration Day.

So all members are urged to come to every possible drill.

The next session will be held at the gym. next Monday evening at 7:30.

Grange To Meet

The regular semi-monthly meeting of the Kendrick Grange will be held on Tuesday evening of next week, April 6, at 8:00 p. m.

Workers Thinning Out

The rush and jam at the local farm machinery repair school has somewhat subsided at this time — although that institution is still a plenty busy place.

Most of the farmers have completed repairs on their tractors for spring work — but plenty of other types of work is being done.

MRS. WILHEMINA WEGNER, CAMERON PIONEER, PASSES

Mrs. Daniel Wegner, nee Wilhemina Kres, was born in Germany, January 2, 1853. She was received into the church through the Sacrament of Holy Baptism, and later she was confirmed in the faith of the Lutheran church.

In 1874, at the age of 21, she came with her parents to this country. On October 16, 1874, she was united in marriage to Daniel Wegner, in Green Isle, Minn. This marriage was blessed with six sons and six daughters, of whom eight are still living. Her husband preceded her in death about 35 years ago, passing away September 10, 1908.

Mrs. Wegner was called to her rest on Saturday, March 27, having attained the age of 90 years, two months and 25 days. She was residing at the home of her daughter, Mrs. E. B. McCamant, Spokane, at the time of her passing. Previous to that Mrs. Wegner had been a resident of Cameron for many years, having moved there with her husband in 1902, and will be remembered by almost everyone now residing at Cameron.

Mrs. Daniel Wegner is survived by three sons: Ed. Wegner, Portland, Ore., and Carl and August O. Wegner, of Pullman, Wash.; and by five daughters, Mrs. H. Connick of Payette, Idaho, Mrs. Geo. Ehlers of Portland, Ore., Mrs. Ida Klein of Seattle, Wash., Mrs. E. E. McCamant and Mrs. Herman Silflow, both of Spokane. She is also survived by 33 grandchildren, 30 great-grandchildren and six great-great-grandchildren — and a host of friends.

Funeral services were held at the Emanuel Lutheran Church, Cameron, Tuesday afternoon at 2:00 o'clock, with the Rev. Theo. Meske officiating. Honorary pallbearers were Carl Koepf, Herman Elum, John Schwarz and Fred Mielke. Acting pallbearers were Henry Wendt, Herman Meyer, Fred Silflow, Otto Silflow, August Brammer and Henry Brammer.

Interment was in the Cameron cemetery, with Short's Chapel in charge.

Card Of Thanks

Our heartfelt thanks to all who extended comforting sympathy and help in our recent sorrow. For the beautiful service, floral offerings, and other kindnesses, we are deeply grateful.

— The Wegner Family.

Food Going To Waste

Seattle, Wash. — Business men returning from Alaska today told of a cargo of 350 tons of butter being landed on a beach of the northern territory, adjacent to a community, and left there through the winter because of a lack of storage space in the town.

The Post-Intelligencer quoted them as saying that much of the huge cargo already had spoiled because the brine in which it was carefully packed froze and broke the barrels. They said the shipment arrived last October from the civilian reserve food supply agency.

The Alaskans reported that much of a cargo of 70 tons of canned pears also burst their containers because of freezing.

"The thing has become a joke the length of Alaska," the paper quoted one Seattle-Alaska business man as saying. He declined to be identified by name, because, he said, of his business relations with government agencies.

A high ranking federal official in Seattle, who likewise declined to be quoted by name, defended the foresight involved in the large scale shipment to the distant community. He expressed the belief that much of the food on the beach could be recovered and the frozen butter could be re-processed or re-brined before it thaws.

He said he realized that Alaskans were "making a joke of the incident," but expressed the belief that they failed to realize the government agencies intended to provide reserves for several years as a war shortage safeguard.

"These people might take another view of the matter," he said, "if our shipping to Alaska, for instance, were cut off for a year or two by war developments."

Lieut. Ted Davidson Married

Mr. and Mrs. Geo. Davidson received a telegram Saturday morning informing them of the marriage of their son, Lieut. E. A. (Ted) Davidson, and Miss Mary Alice McIntosh, at the Chapel in the Naval Air base at Pensacola, Florida, where Lieut. Davidson is receiving advanced flying training.

Mrs. Davidson is well known here, having taught school on American Ridge for three years, some three or four years ago. She is a graduate of the Lewiston Normal, and of W. S. C., and where she also obtained a masters degree in Art. Her home was formerly at Lewiston, but her parents now reside on a farm near Pullman.

The happy young couple will make their home at Pensacola, until Lieut. Davidson completes his training.

The best wishes of all go with them.

Attend Funeral Rites

Mr. and Mrs. Wade T. Keene attended graveside services for her brother, Louis Ellis Hunter, 41, former Peck resident, at Peck Sunday at 1:00 o'clock, with interment in the Central Ridge cemetery.

Mr. Hunter, who was well known here, apparently drowned while on a fishing trip in Puget Sound, the body giving evidence of having been in the water for some time.

Another Double Feature

Two pictures are again scheduled for the screen in the local theatre this week-end, but they are distinctly different from the usual double feature offerings.

First on the program will be "Mr. Bug Goes To Town," a hilarious full-length cartoon from the pen of Max Fleischer. It chronicles the life and activities of "Mr. Bug," and will undoubtedly prove amusing to young and old alike — and it's all in technicolor.

The second offering of the evening will be "Henry and Dizzy," a Henry Aldrich picture. All have heard him over the radio — and will undoubtedly enjoy him on the silver screen.

Nylon Screen Promised
Another contribution to post-war living — a nylon window screen — has been announced.

The chemically-made screen can be raised or lowered like a window shade, can be produced in any color, requires no painting and will not corrode or stain sills.

THE OLD JUDGE SAYS...

"I've been meanin' to ask you for the last couple of weeks, Judge, what you think of this prohibition talk that keeps croppin' up every so often."

"I've heard some of it too, Henry, and I feel like this about it..."

"It comes from a comparatively small group of reformers... the same type that plunged us into prohibition during the last war. And, as we all remember, into nearly 14 years of the worst crime and gangsterism

this country has ever known. Everybody had all the liquor they wanted only it came from bootleggers at exorbitant prices and the government was deprived of millions and millions of dollars in taxes.

"It seems to me, as I told my Congressman down in Washington last week, that we've got all we can do here at home to help win this war without wasting time arguing about things we know, from sad experience, won't work."

ORDER DAY-OLD CHIX NOW!

According to our latest information, the hatcheries are sold out until May — and will soon be sold out until June 1!

We suggest that you order immediately for later delivery. To wait may mean "too late", so see us today.

Still obtainable on future delivery are White Leghorns, Hampshire, Rhode Island Reds, Barred Rocks — and the price is still 13c per chick, delivered.

Eggs are in real demand, and now is the time to secure your chicks to keep those eggs rolling. Butter, too, is important, so every time you come to town bring in that can of cream. "We Need It In Our Business!"

And when you spend that precious ration stamp for butter, be sure it's "Potlatch Chief."

In our wakeful moments in bed we multiply the number of government reports we sign by the frequency with which we sign them, and multiply this total by the number of months we have been in business. Then we figure out the cubic contents of a filing cabinet drawer and estimate how many of our reports can be put in a drawer. Finally we arrive at the approximate number of drawers reserved in Washington for our reports — but the calculation is incomplete — we fall asleep long before we get to the end!

A Good Name — Without it, gold has no value; birth no distinction; station, no dignity; beauty, no charm; age no reverence.

It's all right to sow a crop of wild oats, as long as you don't have it threshed out in court.

WORD FROM LOCAL MEN IN OUR ARMED FORCES

Camp Clairborne, La. March 20, 1943

Dear Mac:
Just a few lines to let you know how much I enjoy getting the home town paper.

My paper has been coming here from Fredericksburg. Please send it to the address on the envelope.

Sincerely,
Pfc. Lloyd Kimbley

Richmond, Va. March 22, 1943

Dear Bill and Mac:
I have been putting off writing to have my address changed — but as yet I haven't changed, but my address has.

I got quite a surprise the other day when I ran onto Lloyd Farrington. Haven't had much time to talk to him, however, due to the fact that he is under quarantine.

It has been generally warm, but it snowed 14 inches the first day of spring.

I have been quite busy — at what I don't know — but can't seem to find any time off. There isn't much to write about, anyhow. So will close.

Thanks to all of you for the paper.

As ever,
Pfc. Ted Weyen.

Somewhere In Australia March 10, 1943

Dear Friends:
Just a line to thank you for the paper. To us over here it is just like a letter from home. I believe we really enjoy most the letters you print from the boys in the service, as it keeps us posted on the general whereabouts of our former classmates and friends.

Australia is a wonderful continent and undoubtedly has a great future, but there is lots of room for improvement. I had read lots about it and had rather expected to see a lot of aborigines, but, on the contrary, have seen very few.

There are a lot of Allied Service men here, and real nice people. The entertainment is rather limited, but as good as can be expected with conditions as they are. Am having a time trying to dance some of their dances, but make out in the long run.

Roy Fairfield, Fred Clemenhagen and James Kendall are in the same outfit, and we always exchange the so-called "gossip" from home. We see Dale Hughes once in a while.

Thanks again for the paper — the date may be quite "ancient," but it's always welcome news. This is about all for now, as news here is plenty scarce. Please say "hello" to all my friends.

Sincerely,
Cpl. Ervin L. Halseth.

Note: Irvin's letter was dated on March 10; postmarked March 19, and reached us March 26. This all adds up to pretty good time from Australia!

Somewhere In The South Seas March 20, 1943

Dear Mac:
I would appreciate it very much if you will send me the Gazette, since the A. P. O. ruling prevents my folks from sending it on to me.

Although I haven't been a bona-fide resident of Kendrick for a number of years, I still consider it the old home town, and do enjoy reading about what is going on there, and what the other boys in the service are doing and where they are.

I have been in the army two years, of which the last one has been spent on this island — and maybe you don't think I would be glad to get back home again.

As Ever,
Pete Blevins.

Pete: We wish it were possible to send the paper to all who have been residents, but we must draw the line somewhere. Of our last issue we mailed 120 Gazettes to service boys whose homes are here — so we know you can readily appreciate the situation. We're sending you a copy or two, anyhow. — Best regards.

Johnny Keeler, U. S. N., is expected home the latter part of this week on leave of absence. This will be Johnny's first trip home since enlisting in the navy some 17 months ago.

Lawrence and Doyle Biddison, U. S. N., sons of Mr. and Mrs. Bert Biddison, are expected home the latter part of this week or first of next, on a leave of absence. This, too, will be their first trip home since enlisting some 17 months or more ago.

Jay Mills, Army Air Corps, is at home on furlough, visiting his parents, and friends and relatives at Southwick.

Clarence Brown, son of Mr. and Mrs. Emulus Brown, returned to Kendrick Tuesday, bearing a medical discharge, from the U. S. army. He plans on visiting here for a few days and then going to work in the shipyards.
