VOLUME 53

KENDRICK, LATAH COUNTY, IDAHO, THURSDAY, APRIL 22, 1943

NO. 16

## KENDRICK LOCALS AND PERSONALS TWENTY YEARS AGO

Hugh Stanton made a business trip to Lewiston the first of the week. Mrs. J. W. Phillips of Lewiston arrived the first of the week for a visit with her daughter, Mrs. Harold Thomas, and husband.

Miss Ruth Dammarell returned home last week after closing a successful term of school on Bear ridge. The election of trustees for the town board will be held next Tuesday at the city hall. The names of five candidates have been filed, so it is probable there will be little opposition, if any. The candidates are: A. V. Dunkle, E. T. Long, M. O. Raby, E. A. Deobald and R. D. Newton.

R. A. Riggs, civil engineer, is engaged in making a map of the Kendrick water system that will show all pipe lines, connections, etc. The map will be of inestimable value to water commissioners here in the future.

The Benscoter family of American ridge recently purchased a Studebaker Light Six car.

The bond election of Good Road District No. 1, Cedar Creek ridge, carried by a vote of 68 to 6. It was simply a landslide in favor of the issue. Probably few bond elections in the state have gone over by a more substantial majority than the one held at Linden last Saturday.

It was a most emphatic declaration on the part of property owners of Cedar ridge that they are determined to build a good road to market. The bonds issued for was in the sum of \$65,000. The building of this road will do more for Cedar ridge in developing its splendid farming resources than any other investment of like amount could possibly do. It will mean big things for land owners in that community.

Early Sunday morning the John Darby residence at Crescent, together with its contents, was totally destroyed by fire. It is believed the blaze originated by a spark falling on the roof. The loss is a heavy one to the Darby family and there was only insurance to the amount of \$1,000 on the house and none on the contents. It was one of the best houses on Cedar Creek ridge.

The Nez Perce county commissioners last week officially designated Lenore as the site for the new bridge across the Clearwater river by Nez Perce county.

Cameron News—All of the farmers are busy these fine days putting in their spring crops. Mr. and Mrs. George Ehlers entertained the following persons at dinner on Sunday: Rev. and Mrs. E. A. Rein and sons, Mr. and Mrs. A. H. Blum and family, Mr. and Mrs. C. L. Wegner and family, Mr. and Mrs. Amos Spekter and two sons, Mr. and Mrs. Carl Koepf and son, Mrs. Brammer and Mrs. Daniel Wegner. Little Mildred Wegner was a school visitor last week and part of this week.

Mr. and Mrs. Henry Wendt entertained Mr. and Mrs. Fred Silfow and family, Miss Gladys Keller and Mrs. Mielke Wednesday evening. Miss Bertha Craig spent Sunday in the Carl Hartung home. Miss Mary Galloway of Big Bear ridge spent Sunday in the Amil Larson home.

Miss Martha Abitz spent Sunday evening in the Blum home. Mr. and Mrs. Carl Lohman and family were callers at the Oldag home Sunday.

Buy Half Million in Bonds  
Purchase of \$500,000 in government securities by the Washington Water Power company in connection with the second Victory Loan campaign has been announced by Seth Richards, representing the War Finance Committee at Spokane. Mr. Richards said that credit for the sale is being allocated to the various counties in eastern Washington and northern Idaho in which the company operates on a basis of the number of customers in each county.

"The Washington Water Power company is glad to use its surplus cash to purchase securities that will help in the war effort," said J. E. E. Royer, vice president and general manager. "This purchase includes two types of securities. We bought \$200,000 of tax anticipation notes, thereby giving the government money now that we would normally use to pay our federal income tax in 1946. We also invested \$300,000 in certificates of indebtedness, which will leave money available to the company when the war is over to do maintenance work that we are now postponing in order to save critical materials, such as copper, for the war effort."

Of the half million dollars worth of securities purchased by the W. W. P. company, Latah county is allocated \$20,000.00.

Many Gardens Going In  
Kendrick residents have been very busy the past week-end and Sunday, planting and working in their gardens. We believe, without reservation, that more garden is being put in this year than ever before — practically every available inch being planted.

Seed potatoes have been very difficult to obtain, and many gardeners as well as growers are still on the hunt for suitable tubers.

Service Station Changes Hands  
A deal was consummated last week-end in which Edgar Dammarell disposed of his interests in the Conoco Service Station to Bob Clemenhagen of Big Bear ridge. The station will be known in the future as "Bob's Service."

Until school is out and Bob through with his bus driving job, Dale Miller will operate the station for him.

## Pie Social Proves Real Success

The "Stamp Pie Social," and open house, held by the Kendrick Grange last Tuesday evening, proved a real success, with "Stamp Pies" in the amount of \$3,470.00 being sold!

Wade Keene, E. A. Deobald and F. B. Higley provided the buying stimulus of the evening, running pies up in price to where it took "real stamps" to purchase them.

To F. B. Higley went the honor of buying the highest priced pie of the evening, \$310.00.

The prize pie was awarded J. M. Woodward, and Mrs. Robert Draper, who baked it, likewise was awarded \$5.00 in stamps.

About 65 members and friends took part in the evening's festivities. Miss Eva Smith was in charge of the literary program — and Roy Glenn served as auctioneer.

## ANOTHER PIONEER PASSES; EMMA LENA LONGFELLOW

Emma Lena Blaser was born in Ohio, October 1, 1857, and passed away April 13, 1943, aged 85 years, six months and 13 days.

In 1878, at the age of 21 she came west to Oroville, California, and was immediately married to Daniel George Lyons. To this union were born three sons and one daughter, one son dying in infancy.

Mr. and Mrs. Lyons and their children came as pioneers to Latah County, Idaho, in 1889, and settled on a pre-emption claim on Cedar Creek ridge and a part of that claim is still a part of the home farm. Mr. Lyons passed away in 1893, leaving her to raise the family alone.

In 1896 she was married to A. W. Longfellow, who was also a pioneer, having homesteaded the place where Alva Craig now lives. To this union one son was born. In 1924 Mr. Longfellow passed away, leaving her a widow again.

Through all these years she was a faithful member and earnest worker in the church and Sunday school in the community. She, with Mr. Lyons, having organized the first Sunday school in the community. She was one of the charter members of the United Presbyterian church when it was organized some time later.

In later years this organization was discontinued, and on August 4, 1929, she again was one of the charter members when the United Brethren church was organized, and she remained a loyal and faithful member until the Master said: "It is enough, come up higher." She was always greatly interested in and a supporter of all worthy neighborhood activities, and was a ready friend of the sick. She taught school in the home district and at Park for three years during the time of her first widowhood, and she also served as local postmistress for 15 years.

During her service as postmistress she took her turn at carrying the mail on horseback across Cedar Creek canyon from Cameron in order to get the route established.

Mrs. Longfellow's was a long life of usefulness and service for others and her passing leaves a vacancy in the community that will be hard to fill. She was known to everyone as "Grandma Longfellow."

Because of failing health, due to a stroke of paralysis, she went to the home of her daughter in Nampa, Idaho, last July, where she remained till death came. She leaves to mourn her passing three sons, Frank C. Lyons of Southwick; Ray Lyons of Yellow Pine, Idaho; and Alva L. Longfellow of Seattle, Wash., and one daughter, Mrs. Ernest Goodnight of Nampa, Idaho; seven grandchildren and three great-grandchildren, besides many other relatives and friends.

Funeral services were held in the Gold Hill church Friday morning, April 16, at 9:00 a. m., her pastor, Rev. E. W. Pressnall officiating.

Music was furnished by Mrs. M. N. Benjamin at the piano, Mrs. D. W. Whybark, Miss Eva Smith, Mrs. Pearl Alexander, Mrs. Clara Alexander and Mrs. Mattie Garner singing. Miss Joyce Lyons also sang her grandmother's favorite song as a solo.

Full bearers were Addison Alexander, Louis Alexander, George Smith, Clarence Weaver, Arlie Allen and John Darby, with Clem Israel in charge.

Burial was in the family lot in the Gold Hill cemetery.

## Junior Prom Enjoyed

The annual Junior Prom, held Friday evening of last week, was greatly enjoyed by those present, although the attendance did not reach that of many former years. This was due, in the main, to the absence of boys in the armed services; to parents remaining at home with children ill with the measles; and to the rush of spring work on many of the farms.

However, the floor and music were excellent, and the decorations attested to long hours of work.

A number of uniforms could be seen mingling with the girls in their evening dresses — for a number of the local boys were home on furlough at the time.

P-T. A. Will Meet Monday Eve

Winter Fatal To Bass  
A major portion of the bass in Atwater lake, on Big Bear ridge, did not survive the winter, according to Marvin Long, who, with Harry Palmer, game conservation officer for Latah county, visited the lake last week and discovered that the fish had suffocated during the long winter.

"There were really some big ones dead on the banks," said Marvin. It was explained that the lake froze over this winter, after which a sheet of water covered the ice. With no outlet in the lake to provide an opening for air, the fish were unable to survive.

"Ice alone will not suffocate fish," Marvin says. "It's when the water forms over the ice that it seals up the lake."

Marvin says that the fish tragedy could probably be averted by providing an outlet in the lake and said he was going to confer with Walter Fiscus, Pollatch, state game commissioner, on the matter.

## EASTER PRAYER

God of our wondrous blessing,  
God of the Eastertide,  
We come to Thee confessing  
Sins that we may not hide.

We who to fate so often  
Surrender hopes and dreams,  
Lead us from fears that soften  
To daring that redeems.

Broken and bleeding find us  
Here in this time of woe,  
With Balm of Gilead bind us  
As Thou didst long ago.

Tell us the Easter story,  
Comfort our doubts and fears,  
Tell Thy love and glory  
That waits to dry our tears.

— Bert Gamble.

Those absent this week are Celia Roberts, Jorene Benscoter and Nancy Lee Callison.

We have planted some sand-cherry bushes around the school house and woodshed. We think their foliage will help the appearance of the school grounds.

## COMMERCIAL CLUB MEET PROVES INTERESTING

Monday evening of this week the Kendrick Commercial club met in regular session in the basement of the Community church, with L. S. Thurber presiding.

Following the delicious 6:30 dinner, served by the W. S. C. S. of that organization, the meeting was called to order, and turned over to George Brocke of the Merchant's committee.

Mr. Brocke then called on representatives of the various ridges who were present, and asked their opinion as to what store hours would suit them best, and what we could best do to help them during the critical labor shortage.

In reply Jerry Ingle of Big Bear ridge reported that they were getting along nicely with spring work, but that haying, bean hoeing and harvest would present a different problem. He stated that help and lots of it would be needed for the week to ten days required to put up the hay after it was in the shock.

Henry Brammer said that in the Southwick section that permanent help was the big need, and that haying and bean hoeing work would depend largely on the season, but estimated three to five men would be needed per farm during that period.

Norla Callison of American ridge reported that they were not very hard hit as yet, and had gotten by last year by trading work. Haying and bean work would be their pressing problem. In case of a wet season, it would indeed be critical.

Roy Glenn reported that on Texas ridge little had changed since last harvest, haying and bean work also being their critical times. Roy said there was not a boy of draft age left on that ridge!

K. D. Ingle of Big Bear ridge said that he believed nothing would be gained at this time by changing the store hours, but later in the season thought it would be a real help.

After some discussing it was decided to keep the stores open Tuesday, Thursday and Saturday evening, starting about June 1.

Mr. Smith, of the Dept. of Agriculture, said that farmers who had tried "odd hour" help from the bigger centers felt they gained little if anything. But that men in the smaller places knew what to do and could be a real help to the farmer.

President Thurber again took charge and the secretary read the recommendations of the commissioners of Lewis county on the Lewis-Clark highway, and club endorsement was pledged by voice vote on receipt of the proper blanks.

Roy Glenn announced the Grange "Stamp Pie Sale," which was scheduled for April 20.

Dr. Christensen of the Livestock committee reported cattle making splendid progress, although some difficulty had been experienced with hogs and sheep, due to the cold, wet spring.

L. W. Mason announced an educational picture, "World War," for the coming P-T. A. meeting.

Mr. Storn announced April 30 and May 1 as the annual Music Festival dates at Lewiston, and stated that for the first time Kendrick was entering active competition, which would be held on Friday, the massed bands and other features taking place Saturday. Kendrick will enter some 50 students in nine different divisions.

Richard Kelly announced that 4-H club work was making progress. He stated that cattle for judging was needed for practice. He also stated that transportation was one of the big problems facing them, as it was hard to inspect projects.

George Brocke announced that Ration Book No. 3 was on the way — but that just what it would cover was unknown at this time. He also stated he had farmer livestock slaughter permits "as revised" on hand. He also mentioned the possibilities of a cattle and hog pool here as a means of saving critical tires and repairs on trucks.

Roy Glenn, Grange Master, stated that he would again take the matter up with the local Grange, but that he personally was in favor of the project.

There being no further business to come before the club, on motion it adjourned.

Village Election Tuesday  
Your attention is called to the bi-annual Village election, which will be held Tuesday of next week.

Two tickets are in the field. One, the "Independent Ticket" has E. A. Deobald, L. S. Thurber, Walter E. Brocke and Edgar M. Dammarell as its nominees.

The other ticket "The Citizens Ticket" carries the names of those whose term is expiring: John Waide, Roy Ramey, R. B. Parks and G. W. McKeever.

On page three will be found the official notice of election, with the registration notice as a part of it.

Kanikkeberg Elected  
A. O. Kanikkeberg was elected as school trustee at the annual election last Friday, succeeding Herman Schupfer.

Mr. Kanikkeberg has been clerk of the district for a number of years and is therefore familiar with the problems faced by the trustees. He undoubtedly will make a top-notch board member.

4-H Club News  
The 4-H Club, group II, is working on their aprons. This is our first real sewing attempt, and we are having a good deal of fun at it.

At our last meeting, Thursday, April 15, we elected a special treasurer. Nellie Fry is to fill this office.

 Don Kuykendall, U. S. N., was in town for a short time Tuesday morning, visiting with friends and relatives, and came into the Gazette office to thank us for the paper.  
 Don looks fit and ready for anything in his navy blues. He is as brown as an Indian, and over his breast pocket on his service strips appears the three gold stars of major sea battles.  
 Don says he likes the navy, but will be mighty glad when this mess is over.

**Another Double Feature**

This week's offering at the local theatre will be another double feature.

 The second feature offering stars Veronica Lake and Robert Preston in a story as modern as the times—"This Gun For Hire." And there is something doing every minute.  
 In addition the usual cartoon will also be shown.

**Peace To Be Discussed**

"The How of a Permanent Peace" is the subject of the second of a series of studies being conducted at the Community Methodist church on Thursday evening at 7:30. The public is welcome.

## WORD FROM LOCAL MEN IN OUR ARMED FORCES

Pvt. Raymond Walcott, who is in the anti-aircraft division of the coast artillery, and stationed at San Diego, returned to his duties Tuesday, after spending a 10-day furlough with his parents and other relatives. Raymond states that he enjoys the Gazette greatly, but is a poor hand at writing, so came in to thank us for it.

From his brothers, Edgar and Bob Dammarell, comes word that Quentin Dammarell, who was a member of a Marine Corps gun crew aboard a heavy cruiser, was very seriously injured in action in the Pacific, last November 30, and has been confined to various naval hospitals since that time. He has now been brought to the states and is in the Mare Island Naval Hospital. Since he is hospitalized, we can publish his address, which is as follows:  
Cpl. R. Q. Dammarell  
U. S. Naval Hospital, Ward 21  
Mare Island Station  
Vallejo, Calif.

The boys state that Quentin is recovering, and able to up and about the hospital a little, and that he would greatly appreciate letters from his former friends and classmates here.

It is with regret that we learn of Quentin's wounds, but happy that he is on the road to recovery.

From Camp San Luis Obispo, Calif., comes this dispatch: The promotion of Blondell E. Groselose of Juliaetta, Idaho, to the rank of corporal has been announced by his commanding officer, Lt. Col. Harold S. Sundt. Cpl. Groselose, who is stationed at this central California army post with a tank destroyer battalion, was a rancher before entering the army. He formerly attended the U. of I., where he was a member of the track team as a distance and cross-country runner.

Navy Air Base, Pasco, Wn.  
April 15, 1943

Dear Mac and Bill:  
Another letter to thank you for the paper, and to say that I think that I get the most enjoyment out of reading about the rest of the fellows in the service. It's much easier to keep track of them through you than trying to write to all.

But isn't it remarkable how Major Barnum is showing all we young fellows up, and making our advancements seem small and unimportant? "George," Sir, is doing fine. I'm about due to leave Pasco (in approximately three weeks) and go to Corpus Christi, Texas, and don't let anyone ever tell you that flying isn't what it's cracked up to be.

Thanks again for the paper.  
Yours,  
A. C. John Wallace.  
Below is the letter John received from "George," on the stationery of "Headquarters, Holabird Quartermaster Motor Base, Baltimore, Md. Camp Holabird March 21, 1943

Hi, Johnnie:  
Well, I got my foot in it and I don't mean maybe. Col. Laws got me transferred and I came down here last Monday. Your letter was forwarded from Detroit.

I guess they needed me here. This is the biggest Army Supply Depot in the United States. Everything is here — tanks, guns, motor vehicles,

parts, clothing and all types of supplies. About 60 officers trying to herd 1,800 niggers and white trash and keep stuff moving.

The Colonel called a meeting of all the officers and explained to them that I belonged in no one department. I was there as supervisor of all supply activities and my decision on any matter was final. I was accountable to no one but the C. O. Some job, but I guess I can do more for the boys on the line here than at any other point. Besides it means a \$1,000 a year increase in my pay check.

You know, son, there should be a good reason for everything a person does. I'm glad you understand now why I tried to help you kids along in Kendrick. You would look like hell in the army with your hands shoved down in your pants pockets and your shoulders humped over. I knew this war had to come and I didn't want you boys to look like monkeys.

I know how you boys feel about being held back from action, but remember, John, you had to sit on the basketball bench a long time before you were good enough to get in and help win the game. It's the same now. Don't get discouraged. There will be plenty of Germans and Japs left for you to practice on. When you get out of the army I'll be waiting for you and we'll take a whole month for fishing and camping. Gee, that will be fun.

Don't forget the picture or the address: 1916 Maxwell Ave., Dundalk, Maryland.

Luck and lots of it, son  
Dad Barnum.

Dow Field, Maine  
April 13, 1943

Dear Bill:  
Landed here yesterday, and I hope it's my last move for a while. They don't believe in leaving me more than a month at any one place. I'm getting to see the country, anyway.

This is a swell branch of the service to be in, Bill, and we couldn't be treated much better. Anyone who has a skilled trade would really like it. I am welding, and we have all the equipment that one could ask for.

While I was stationed at Richmond, Ted Weyen and Robert Grayson lived about two blocks away. Richmond was a nice base, but this one has it beat, as Maine is lots like Idaho.

I would sure appreciate getting the Gazette now. I wanted it before but they kept me moving around so much that I didn't get a chance to write.

Well, Bill, it's almost time to go back to work, so tell all the folks "hello." I sure miss Kendrick.

As always  
Pvt. L. R. Farrington.

Springfield, Missouri  
April 12, 1943

Private Donald D. Benscoter, 22, of Kendrick, son of Mr. and Mrs. F. P. Benscoter, American ridge, has arrived at Missouri State Teachers College, for a course of Army Air Force instruction lasting approximately five months, prior to his appointment as an Aviation Cadet in the Army Air forces. During this period he will take numerous academic courses, as well as elementary flying training. Upon completion of the course he will be classified as a pilot, navigator or bombardier and go on to schools for training in these specialties.

Somewhere  
April 5, 1943

Dear Friends:  
As I have a little spare time tonight I thought I would write you a few lines to see if I can get the Kendrick Gazette, regularly if possible. I hear you are sending the paper to boys in the service.

I am in a rather hard place to receive very much news from home, so I think a paper would help a lot. I like the army pretty well so far. Have only been in seven and a half months. I can't tell you anything about where I am or my surroundings, so this will have to "fill the bill."

I suppose things are pretty dead around Kendrick now, as so many of the boys my age are in some branch of the service. Will pay you for the paper if you wish.

Must close now  
Pvt. Bernard K. Thornton.

Bernard: Your paper will start this week. There is no charge. at the Kendrick Grange, Commercial Club, Masonic lodge, Cedar ridge and Cameron communities are helping us foot the bill.

Pvt. and Mrs. Don Lyle, from California, were in town Friday evening attending the Junior Prom and visiting with friends. This was their first trip back to Kendrick since Don entered the service.

Mr. and Mrs. R. L. Blewett were Moscow and Camp Lewis visitors Sunday, taking Rex Blewett to that station for direct entrance into the army. Rex was a 2nd Lieut. in the R. O. T. # New Tires!

We can sell you what we believe is still the best tire on the market — A Goodyear — in the size or grade your purchase permit calls for. Why spend precious gas and wear out rubber to buy that tire? Bring in that permit as soon as you get it. Remember they have an expiration date.

# Recapping Service

On truck, pickup tires, where permits are required for re-capping, don't wait a minute after you get that permit. Bring in the tire and permit immediately — as there is often a long waiting list at the recapping service station.

And when the tire inspector on your passenger car says: "Have it recapped," bring it to us — don't wait.  
**REMEMBER** — We do not charge the customer any transportation costs. Therefore, this work really costs you less if sent in through us!
