No Limit On Recapping

After May 1, there will be no
restrictions on the number of cer-
tificates that may be issued for re-
capping truck tires. Because recap-
ping takes only one-sixth as much
crude rubber as a new tire, the OPA
has removed quota restrictions so
that the tires will not be driven be-
yond the recapping point. There has
been no restriction on recapping of
passenger car tires for some time,
but the rubber used was of a dif-
ferent quality.

ALCOHOL FACTS:

Compiled by Roy Murray:
The U. S. Department of La-
bor reports on man-days of labor
lost in war production plants as
follows:

Strikes 4 million
Sickness and accidents 600 mil-
lion.

There is a widespread opinion
that much of this sickness and
accident absenteeism is due to
hangovers and other effects of
the use of alcoholic liquor. Why
is the public not given these
facts? Can the liquor industry be
instrumental in withholding them?
(This space contributed by
friends of temperance.)

"N.P." AD ABOUT IMPORTANT
WAR PRODUCTION IN THE
NORTHWEST! APPEARS IN THE
SATURDAY EVENING POST AND
5 OTHER NATIONAL MAGAZINES.**

**"I'm bringing 300 million
folks home to dinner!"**

Millions of additional hungry mouths today call out to America for
food. And when this war is over, America will have to feed many mil-
lions more—as many as *three hundred million*, some experts estimate.

To fill today's staggering orders—and in anticipation of future
needs—farmers throughout the nation are going *all-out*, nowhere with
more grim determination than in the wheat country of the Northwest.

Last year, for example, the states of North Dakota, Montana,
Washington, Minnesota, Oregon and Idaho produced 342,668,000
bushels of wheat . . . *more than one-third of the total U. S. wheat crop!*
Much of it rolled to elevators and mills via Northern Pacific Railway.

Again this year, millions of acres of wheat are being
sown in the Northwest—wheat that will roll swiftly
to our Allies throughout the world, as well as to our
own armed forces and civilians, over the "Main Street
of the Northwest".

Double Bill At Theatre

Another double feature will be the offering this week-end at the local theatre. The first of these features Hopalong Cassidy in "Stick To Your Guns," another of those favorite stories of the old west — and all know "Hopalong Cassidy." We believe no other introduction is necessary.

The second feature will be Bob Hope and Madeline Carroll in "My Favorite Blonde," a rollicking comedy drama that should furnish laughter for all. Bob gets tangled up with a blonde, and when she pursues him from coast to coast — the fun really begins.

And, of course, the usual cartoon will be shown.

THE OLD JUDGE SAYS...

"You can't imagine, Judge, how much comfort Louise and I got out of reading that recent report made by the government on drinking habits in and around Army camps. If you hadn't loaned us your copy we'd still be worrying about our Jim... all because of those silly rumors goin' around."

"I'm mighty glad to hear that, John. As the report says, no Army in American history has been so orderly, so well-behaved,

so well-trained. Why, even on pay-night, there's very little drinking done. I was particularly interested in that part which said the Army, with an eye to its own problem, usually prefers to have its camps in wet communities rather than dry communities because wet communities can be regulated... dry communities with their bootleggers can't. It's just more proof that prohibition does not prohibit."

valley on the slopes on an Aleutian volcano.

"Since our arrival here," Captain Blewett said, "the blue foxes have learned to stand in the chow line and the ravens are beginning to fly in military formations."

The men in Captain Blewett's company support his assertions that the fat, playful, highly intelligent ravens imitate the maneuvers of fighter planes based in the Aleutians. They maintain that the birds not only fly in echelons and peel off in attack dives, but they also occasionally have fun at the air corps by making extremely bumpy and unbirdlike landings.

"But the best stunt they have pulled off here," Captain Blewett said, "was when they gave our terrier mascot a shellacking. They circled over him in an echelon and came down one at a time, clawing the pup and whacking him so hard with their beaks that half the company had to knock off work to rescue him."

Dear Mac and Bill:
Just a few lines to advise you of my change of address. Things are not so good with me. I'm in the hospital and I don't know when I will get out. I've been here eight days already and it looks like I'm in for quite a spell yet.

The weather is surely nice down here, but it's getting awfully hot. I'm writing this letter in bed, and hope you can read it.

My address is changed a little — and I didn't receive the last paper. Hope this reaches you in time for the change this week.
Thanks again for sending the paper.

Sincerely
Pvt. Charles C. Cox

Dear Mac:
Just a note to let you know my address has been changed. Surely wish they had sent me west — but one thing — I can't go much further east. I don't like the east or the people in it as well as I do the west.

I'll bet the Idaho hills are getting nice and green by now.

I surely look forward to getting the paper, as it lets me know what all the home folks are doing. Thanks to you for sending it, and I'm looking forward to receiving it at my new address, as sometimes they don't forward papers.

As ever, your friend
Cpl. Warren Cox

Aviation Cadet John Wallace, U. S. N., arrived here Monday morning from Pasco, Wn., where he has been stationed, to spend a brief leave at the home of his parents, Mr. and Mrs. L. A. Wallace. John left this morning (Thursday) for the big naval air training station at Corpus Christi, Texas, where he has been assigned for advanced training. John looks the picture of health and says he really likes flying.

WE'VE DONE OUR HITCH IN HELL!

I'm sitting here and thinking of the things I left behind. And have to put on paper what is running through my mind; We've dug a million ditches and cleared ten miles of ground, A meaner place this side of Hell is waiting to be found. But there's one consolation . . . gather closely while I tell, When we die we'll go to heaven, for we've done our Hitch In Hell!

We've built a hundred kitchens for the cooks to stew our beans, We've stood a million guard mounts and we've never acted mean; We've washed a million mess kits and peeled a million spuds, We've rolled a million blanket rolls and washed the Captain's duds, The number of parades we've stood is very hard to tell, But we'll not parade in Heaven, for we've done our hitch in Hell!

We've killed a million rats and bugs that crawled out of our ears, We've pulled a million centipedes from out our dirty sheets, We've marched a million miles and made a million camps, The grub we've had to eat at times has given us the cramps, But when our work on earth is done, our friends behind will tell, "They surely went to Heaven, for they did their hitch in Hell!"

When final Taps is sounded and we've laid aside life's cares, We'll do our last parade upon those shining Golden Stairs; The angels all will welcome us and harps will start to play, We'll draw a million canteen checks and spend them all one day!

The Great Commanding General will smile on us and tell, "Take a front seat, Soldiers, you've done your hitch in Hell!"

WORD FROM LOCAL MEN IN OUR ARMED FORCES

Somewhere At Sea
April 28, 1943

Dear Mac and Bill:
I have had my address changed again, so will write you a few lines and thank you again for sending me the Gazette.

My time has been taken up by the watches at sea, and liberty when in port. I have been having a good time going to dances and have seen all the latest shows. I have to have my good times when I can, because there aren't any at sea.

Was surely glad to read that several of the boys were home on furlough, because I believe they should get it.

There is not much to write about, so will close. Tell everybody "Hello" for me, and ask the other boys in the service to write as often as possible, because I surely like to read their letters.

Sincerely
Wayland L. Davis, S1-c

Dear Mac and Bill:
I thought I had better drop you a line and give you my new address. I am now an aviation cadet, and am stationed at what is known as "Upper Kelly Field." It is really nice here. The post is beautiful and the weather pretty good — and the food is the best that I have eaten since going into the service — so all-in-all, it is a good deal.

Thanks again for the paper, and I hope I got this address in soon enough so that I don't miss any of them.

Always
Johnny Keeler.

Dear Macs:
We have been moved here to Briggs Field, so, if you will, please send the paper here, and I will get it a little sooner.

I really want to thank you and everyone who is helping to send the paper to us.
Yours truly
Cpl. Orville Sparber.

Note: That's the first word we've had from you, Orville, for many weeks, and it's welcome. But can't you get Walt to break "radio silence?" It's been months since we heard from him.

Ira Foster is in receipt of the following V-Mail letter from his son, Pfc. Fred M. Foster:
Somewhere in Africa
Dear Dad:
Just a few lines to let you know that I am O. K. and feeling fine. Flowers are in bloom here in the desert, but the nights are cold, and some frost. Have seen several old Roman ruins so far. Inspected one for a few minutes yesterday evening. Hope everything is fine with you.
I remain your son,
Pfc. Fred M. Foster.

Fuel Oil Ration

Householders in the 33-fuel oil rationed states, including Oregon, Washington and western Idaho, will receive their next season's ration coupons for heating oil through the mails. Approximately one-third of next season's coupons may be used beginning July 1, so tanks may be filled during the summer season.

Rations for smaller homes may be increased.

Still Make Bobby Pins

Rumors of a ban on the manufacture of bobby pins are false, WPB officials have declared. Even though the pins are made of vital high-carbon steel, their production will be permitted.

New Tires!

We can sell you what we believe is still the best tire on the market — A Goodyear — in the size or grade your purchase permit calls for. Why spend precious gas and wear out rubber to buy that tire? Bring in that permit as soon as you get it. Remember they have an expiration date.

Recapping Service

On truck, pickup tires, where permits are required for re-capping, don't wait a minute after you get that permit. Bring in the tire and permit immediately — as there is often a long waiting list at the re-capping service station.

And when the tire inspector on your passenger car says: "Have it recapped," bring it to us — don't wait.
REMEMBER — We do not charge the customer any transportation costs. Therefore, this work really costs you less if sent in through us!

Fram Cartridges

Fram Filter Cartridges are available for almost every make and size of oil filter — and we have a large stock on hand. If you don't have a Fram Filter — use the next best thing — Fram Cartridge.
