VOLUME 53

KENDRICK, LATAH COUNTY, IDAHO, THURSDAY, MAY 13, 1943

NO. 19

KENDRICK LOCALS AND PERSONALS TWENTY YEARS AGO

John Dammarell returned Tuesday afternoon from a visit at Dayton, Wash.

Robert Emmett, a merchant at Genesee, and a brother of James and Burl Emmett of this place, was in Kendrick a short time Tuesday morning.

The bids for clearing the right-of-way for the new road on Cedar creek were opened last Saturday at a meeting of the commissioners of Good Road District No. 1. On account of the indefinite manner in which the bids were drawn up, the commissioners took no action, but will consider them after they have been stated in a clearer and more definite way.

Bob Spencer was a Spokane visitor over the week-end.

Ed. Long will take the electric bakery fixtures, recently sold by L. E. Pearson, to Coeur d'Alene. From that city he will go to Kellogg and bring the household goods here for the Herres family.

E. H. Dammarell was called to Moscow Wednesday on account of the illness of his son, Kester, who, it was thought, would have to undergo an operation for appendicitis.

Walter Thomas went to Lewiston Wednesday on business.

Otto Schupfer and Ted Deobald returned Monday from their "flying" trip to California. They drove from here to Los Angeles in four days. After visiting points of interest around Los Angeles they purchased a used Ford, having left the other car with Herman Schupfer at Long Beach, and started on their homeward journey. They spent five and a half days on the return trip, making 385 miles in their best day's drive. They had a great trip, both going and coming and no car trouble to speak of. They put in long days driving, but kept within the speed limit most of the time.

The house owned by Mrs. S. P. Callison and occupied by the Everett Fraser family, was burned to the ground last Friday. The contents also were entirely consumed. There was no one home when the fire started, Mrs. Fraser being in Kendrick when the flames were first discovered. It is believed that the roof caught fire next to the flue and was smoldering there before Mrs. Fraser left the house, as she stated she had put the fire out before leaving the house. This is the second time the Frasers have burned out in the last few years, so they were always careful not to leave a fire in the house while they were away. The household goods were only partially covered by insurance.

Cameron News — Miss Laura Blum is visiting her aunt, Mrs. Carl Lohman, for a few days. Gus Kruger had the misfortune to lose one of his fine work horses this week. Mr. and Mrs. Henry Wendt were Sunday dinner guests of Mr. and Mrs. Gus Kruger. Fred Silflow was a visitor in Lewiston one day this week. Martha, Bertha and Lawrence Abitz left for Spokane Tuesday, where they will make their home.

Southwick News — Grant Bateman and Nels Longteig were Kendrick visitors on Wednesday of last week. Miss Greenwood left for Spokane Wednesday morning. Mrs. Rein, Mrs. Silflow and Mrs. Daniel Wegner were callers at the Ziemann home Wednesday evening. Mr. and Mrs. George Calvert spent Sunday in Juliaetta. Miss Elsie Wegner's school closed Friday. Saturday there was a picnic and baseball game between their school and Southwick.

Mrs. Wells visited her daughter, Mrs. Frank Souders, Sunday. Road Supervisor Triplett has put the road down farther between Hayward's and Bateman's, reducing the hill to a five-per cent grade, which makes a great improvement in the road.

Sonny Point News — Bill Stephens made a business visit to Leland Saturday. Mr. Robert Heimgartner visited Sunday evening in the ZumHofe home. Clarence Dygert is planting corn this week. Cleis Hoisington had three of the Potlatch broncho scratchers helping him break horses to work one day this week. Roy Fairfield is on the sick list this week.

Real Weather Tuesday
Snow — Yes snow, fell in copious quantities on the hills back from Kendrick Monday night. A tank truck driver bringing gasoline into Kendrick early Tuesday morning reported approximately 20 inches of the white, soft stuff at the crest of the Lewiston grade, and stated that it took him three hours to make the eight miles from the crest of the hill into Lewiston.

He stated that a foot lay on the ground in the Pullman section. No snow fell on the ridges immediately adjoining Kendrick, however. But snow, ranging from an inch to ten inches was reported on the far reaches of Big Bear and Texas ridges.

Unless we get warmer weather here — and soon, crop prospects will not be of the best.

Senior Class Entertained
The mothers of members of the Senior Class of the Kendrick High school entertained the class, parents of the graduates and faculty members at a 6:30 banquet last Friday evening, served in the Home Economics room at the school house.

Betty Halseth, president, expressed the appreciation of the class. Donald Stroh, faculty member, acted as toastmaster.

Solos were sung by Joye Lyons and Bob Lind.

All in all, it was a most enjoyable evening.

Mrs. Eva Wright returned to Lewiston Saturday to make her home, after sending several weeks here.

Mr. and Mrs. Howard Southwick entertained at a dinner Sunday in honor of their son, Neil, who is home on a furlough from Sioux City, Iowa. Those present were Mr. and Mrs. Arnie Cuddy and family, Mr. and Mrs. Jay Thornton and family, Mr. and Mrs. Grover Danforth and daughter, Mr. and Mrs. Raymond Schneider and daughter and Mr. and Mrs. L. J. Southwick.

Mr. and Mrs. Elton McCoy had as dinner guests Monday evening Mrs. Harry Smith and Clinton, Leland; Mrs. Clarence Grant, Nelson, B. C.; Mrs. Leona McCoy and Mr. and Mrs. Wilmer Hanks and family.

Miss Juanita Bateman spent Sunday at Cavendish.

Mrs. Clarence Grant of Nelson, B. C., is here, visiting relatives.

Mrs. Wade Candler was a Sunday visitor in the Tom King home.

Virgil and Gordon Harris were Lewiston business visitors Monday afternoon.

Mr. and Mrs. Virgil Harris and family were dinner guests at the home of Mr. and Mrs. Gordon Harris recently.

Boys Make Good Showing
Kendrick boys taking part in the Junior Livestock Show judging at Spokane May 5, really made an excellent showing, considering the brief period they have been engaged in 4-H club work.

Some of their scores follow:
Dick Benscoter: Beef I, 40 points; beef II, 100 points; swine I, 70 points; swine II, 85 points; sheep I, 85 points; sheep II, 100 points, total score 480 out of a possible 600.

Bob Benscoter: Beef I, 40 points; beef II, 100 points; swine I, 40 points; swine II, 70 points; sheep I, 85 points; sheep II, 85 points. Total, 420 out of possible 600.

Ray Benscoter: Beef I, 85 points; beef II, 70 points; swine I, 100 points; swine II, 100 points; sheep I, 85 points; sheep II, 100 points. Total, 540 points out of possible 600 points.

Kendrick's total score was 1,440 points out of a possible 1,800.

To give an idea of the competition in which the boys were working, we list a few of the teams and their scores:

Okanogan County, Wn., 1,650.
Columbia County, Wn., 1,650.
Idaho County, Ida., 1,605.

Idaho County, No. 2, 1,560.
So it is easy to see that Kendrick's team did very well, indeed.

Individual scores of winners also give an idea of the competition: Bernard Lawrie, Okanogan county, 585 points; Robert Startin, Columbia county, 570 points; Eight others tied for third place with 555 points; Ray Benscoter, Kendrick, 540 points. Thus Ray won a rating of 11th place in a field of 105 4-H club judges.

Those going from Kendrick to Spokane, where the judging was held, were: Donald Riley, Jake Riebold, Richard Benscoter, Robert Benscoter and Ray Benscoter. They were accompanied by their advisor, Richard L. Kelly.

His Pigs Go to War

Young Johnny Clay of Rocky Mount, North Carolina, is typical of farm children raising victory pigs and devoting profits to War Bonds.

SUPPORT PRICES ON BEANS APPLY TO 1943 CROP ONLY

Support prices on beans announced by the Food Distribution Administration, apply only to beans produced in 1943, Leonard R. Trainer, FDA regional administrator, states.

Those holding beans grown in 1942 should release them to the trade now, the dispatch declared, stating that they are badly needed by all agencies for which the FDA acts as purchasing agent. In calling attention of the bean growers and dealers to the need of placing 1942 crop beans on the market now, Trainer released a copy of a recent letter from Chester Davis, War Food Administrator in Washington, which said in part:

"These support prices are \$6.50 per 100 pounds for U. S. No. 1 beans, cleaned and bagged in cartons, f. o. b. carrier, at country shipping points for the following classes: pea, great northern, small white, flat small white, pinto, pink small red and cranberry; and \$7.50 per 100 pounds, cleaned and bagged in cartons f. o. b. carrier for U. S. No. 1 lima, baby lima, light red kidney, dark red kidney and western red kidney. The support price for U. S. No. 2 beans is 15c per 100 pounds less than for No. 1 beans. The support price for U. S. No. 3 beans, if it is necessary to purchase any beans of this grade, is 25c per 100 pounds less than the support price for U. S. No. 2.

"The purpose of this letter is to call special attention to the fact that the support prices announced on April 8, apply only to dry edible beans produced in 1943 and to request your cooperation in getting farmers to market their 1942 crop beans at the earliest possible date.

These beans are urgently needed to meet constantly increasing civilian, military and Lend-Lease needs. Beans are one of the basic foods of the allied armies, particularly of the Russian army. Dry bean dealers have been ordered to set aside 55 per cent of their monthly purchases for the government. Not only are these beans vitally needed during the remainder of the season, but it is highly desirable that all cleaning and storage facilities be fully available to care for the expected 1943 crop.

"In carrying out the increased price support program for the 1943 crop of dry, edible beans, it will be necessary for the Commodity Credit Corporation to enter into contracts with country shippers under which it will be required that growers be paid on the basis of the announced support prices. Under these arrangements, the higher support price will be available only on dry, edible beans which, according to proper certification and identification, were produced in 1943 and were purchased from growers on the basis of the support prices announced for the 1943 crop beans.

"No change will be made in the existing ceiling prices or in support prices for 1942 crop dry edible beans, so there will be no advantage in holding beans in expectation of higher market prices. Growers should be advised that country shippers to whom they sell their 1942 crop beans will be precluded from offering such beans at the 1943 crop support price. The regulator measures available to the War Food Administration will be used, if necessary, to accomplish this objective."

Company 8-K-9 I. V. R. To Meet
Company 8-K-9 I. V. R. will hold a meeting Sunday afternoon, May 16, at the Leland school house at 2 o'clock. It is requested that not only I. V. R. members, but everyone in the community attend, as Manning Onstott, fire warden, will be there to help us get lined up in fire protection for the summer.

All I. V. R. members are requested to wear their uniform.

Farm Youth of U. S. Locks to Tomorrow

TOMORROW'S farmers and farm homemakers are second to no school group in their enthusiasm for investing in War Bonds and Stamps to make sure their future is secure. Through the Schools At War program they are investing what they save and earn in War Stamps and Bonds.

First evidence of this is the amount the 4-H Club boys and girls and the FFA boys invested in war savings in 1942 from "Victory Pig" and other projects. A million and a half 4-H Club members put \$6,000,000 of their own savings in War Bonds and Stamps and sold \$2,500,000 worth of War Savings to their neighbors. Nearly a quarter million members of Future Farmers of America invested more than \$1,500,000.

Spurred by the realization that the financial welfare of farm families the next 20 years depends on how wisely they use today's higher incomes from increased food and other wartime production, both groups have set their goals still higher for 1943.

These farm youths are building financial reserves, and urging their parents to do the same, for after-the-war necessities, to meet financial emergencies and to help them get started in college.

They're building reserves today for tomorrow's farm buildings and for the other things they will need when they're tomorrow's farmers and homemakers.

HONOR ROLL TO BE COLLECTED AND DISPLAYED

As the list of Service men from the Kendrick trade territory grows larger, almost day by day, it becomes more and more apparent that the formation for public display, for the duration, of their names, pictures and home address, becomes more and more a necessity, and in line with that belief, as well as at the request of the Kendrick Commercial Club, the Gazette has agreed to undertake the collection of this material.

Here is what we desire:
The full name and home address of Service Men from the Kendrick Territory, for example: "Cpl. Neal Southwick, Southwick, Idaho," or "Seaman I. C. Wayland Davis, Kendrick, Idaho," or "Sgt. Xena Weatherly, Juliaetta, Idaho."

A picture (preferably a snapshot) of the Service Man, preferably in uniform, but any size or type of picture will do if the former is not available. Please write on the back of the picture your name and address, in order that it may be known to whom the pictures belong and be returned to you "after the final shot is fired."

Please bring this information and a picture, whenever possible, to the Gazette office at the earliest possible moment, since it is hoped to have this display in place by the Fourth of July, and a world of work is going to be required for its proper preparation.

Let's all get together behind this project in order that honor may be given where it is due.

Grade School Track Meet

Friday of last week and Monday of this week (when the events were settled) a track meet was held for both boys and girls in the grade school, each pupil taking part in a number of events (chinning, running, jumping, etc.). The results follow:

Parents Of Son
On Friday, May 7, an eight-pound baby son was born to Mr. and Mrs. Knut Knutson of Deary. Mother and babe are being cared for at the home of Mrs. C. H. Davidson.

Band Concert Scheduled

The general public is very cordially invited to attend a public band concert by the Kendrick High School band, which will be presented in the Kendrick City park next Saturday afternoon, May 15, at 3:00 o'clock.

This will be the organization's final concert of the year, and everyone is urged to attend.

This group, under the leadership of Donald Stroh, has made truly fine progress, and should be worth, alone, the trip to town to hear them. There is no charge of any kind. Come out "and give your ears a treat."

WHAT KENDRICK FOLKS DID OVER THE WEEK END

Miss Davida Craig, who has been visiting at the home of her parents, Mr. and Mrs. Claude Craig, returned to her work at Geiger Field, Friday. Frank Abrams was a Spokane business visitor Friday and Saturday.

Beverly Ann Schupfer went to Spokane by train Friday to visit Mr. and Mrs. N. E. Walker. She returned home Sunday.

John Cargill was a Lewiston visitor Thursday.

Mrs. G. W. McKeever was a Moscow visitor Saturday.

Fred Reil left Saturday on his annual pilgrimage to Iowa, South Dakota and Minnesota. He usually spends several months each year visiting with relatives and friends in those states.

Mrs. Roy Jump visited with relatives and friends in Lewiston Saturday and Sunday.

Mrs. Edgar Long was a Moscow visitor Saturday.

Mr. and Mrs. Roy Ramey spent Sunday in Pullman at the home of their son, Mr. and Mrs. Roy Ramey, Jr.

Mrs. Adolph Onstott was a Moscow visitor Monday.

Mrs. Jack Johnson, of Spokane, spent the week-end at the home of her parents, Mr. and Mrs. L. J. Herres.

Maribel Schupfer was a Lewiston visitor Monday.

Alice Riley was a Monday passenger for Lewiston.

Betty Lou Halseth left for Spokane Tuesday morning for a visit with her sisters.

Mr. and Mrs. W. L. McCreary and children spent the week-end in Spokane visiting with relatives.

E. A. Deobald was a Moscow business visitor Tuesday afternoon.

J. F. Jordan of the sheriff's office, Moscow, spent part of Monday in Kendrick on business.

State Patrolman Ingvald Aas was a Kendrick business visitor Saturday afternoon.

Mr. and Mrs. Wade Keene drove to Peck Sunday to attend the funeral of Mrs. Keene's nephew, Keith McGee.

Mr. and Mrs. Ben Cook and children of Genesee were Sunday guests in the R. L. Blewett home.

Mr. and Mrs. Paul Lind, accompanied by their son Eugene and Mrs. John Lind, drove to Moscow Wednesday of last week, returning on Thursday.

Mitch Blackburn of Cavendish spent Saturday visiting his mother, Mr. and Mrs. Joe Watts of Moscow were week-end visitors here with relatives.

Mr. and Mrs. Kermit Waide and children of Lewiston were Sunday visitors in the home of Mr. and Mrs. John Waide.

Mr. and Mrs. George Jones and George Ann of Uniontown, Wash., and Mr. and Mrs. Burton Hunter of Lewiston were dinner guests in the Wade Keene home Sunday.

Mrs. Rose Farrington took her grandson, young Carl Kloster, to the Kloster home Monday, where she will assist with the work until Mrs. Kloster and baby daughter can be taken home.

Mrs. John Lind of Teakane spent the week-end in the Paul Lind home.

Mr. and Mrs. Joe Davis left Tuesday for Tacoma, Wash., their grandson, "young" Joe Davis coming after them. They will make an indefinite stay. Mrs. Davis will be greatly missed from the Red Cross rooms, where she was always on hand to help with any work to be done, especially the folding of surgical dressings, at which she was very adept.

Mrs. Lloyd DeLong and niece, Marlene, were guests Thursday and Friday of Mr. and Mrs. Kenneth Powell.

Mr. and Mrs. Eugene Mattoon were dinner guests at the Charles Keeler home Sunday.

Mrs. Tom Keene arrived Tuesday evening from Portland to visit for a while in the home of her parents, Mr. and Mrs. E. A. Deobald. Mr. and Mrs. Deobald met her in Lewiston.

Creamery Getting Dressed-Up

The front of the Kendrick Co-operative Creamery is receiving a fresh coat of snowy-white paint, which will add materially to its appearance.

The interior fixtures and equipment are also receiving shiny new coats of paint in the familiar white and gray combination.

The installation of the new ice cream equipment has also been completed, and the assignment of a "quota" from the government is all that is needed to enable them to begin the manufacture of this commodity.

Returns To Hospital

Mrs. Stewart Heffel, who suffered a broken back from a fall some time ago, was returned to the hospital Monday, where she will be fitted with a brace. This will enable her to sit up. She will have to stay in the hospital for about ten days.

COMMERCIAL CLUB MEETING SHORT AND INTERESTING

The Kendrick Commercial Club meeting, held Monday evening in the school house, proved short, but very interesting.

Following a delicious 6:30 dinner, served by members of the Home Economics department under the direction of Mrs. Furse, the meeting was called to order by Wade T. Keene, vice president.

Following the reading of the minutes of the previous meeting and the allowance of bills, communication were in order.

A letter was read from the Idaho State Chamber of Commerce regarding an executive order of the president's proclaiming a portion of the Teton Valley as a National Monument. The resolution protested this action, since hundreds of acres of fine grazing land were thereby cut off from use, and interference made with irrigation rights.

H. C. Schupfer, reporting for the Highway committee, stated that all but state roads appeared badly in need of work and repairs, but due to a shortage of manpower they would be slow in coming.

Wade Keene, reporting for the Agricultural committee, reported that all spring work was from three to four weeks behind schedule, due to the late and inclement spring. This in turn will put harvest about a month later than usual, and will undoubtedly create a serious condition.

Frank Harris, reporting for the Industrial committee, stated that the local creamery had just completed the installation of a modern "imoginizer" and freezer for ice cream, but that prospects for its manufacture appeared slim, since to date the OPA had refused to issue a quota, and as the institution was not manufacturing this product last year. Of course, since the institution was not in business last year, such a situation proves a real handicap. A committee consisting of Frank Abrams, club secretary, A. O. Kanlikeberg and George Brocke was appointed to take the quota matter up with Congressman Compton I. White in an effort to obtain such a quota.

Dick Blewett, reporting for the Civic Improvement committee stated that the "village fathers" had agreed to construct, as soon as possible, a tennis court and playground on the lots near the E. A. Deobald home, and to do as good a job as possible with such materials as may be available. Cement and wire appear out of the question, so just how much will be possible is not known at this time.

L. W. Mason of the Educational committee announced the Baccalaureate Services for Sunday evening, May 16, at the Community church, and Commencement as Wednesday evening, May 19, at the Kendrick gymnasium. He also stated that the shortage of teachers was the big problem facing every school, and that consolidation, either temporary or basically, appeared to be about the only solution.

George Brocke of the Merchants committee reported prospects were excellent for the formation of a hog pool in Kendrick. He stated that scales were available for installation at the yards; that ample financing appeared available, and other troubles appeared "ironing themselves out."

R. L. Blewett reported for the Athletic committee, stating that a girls' softball team was in the process of formation, and that it was also likely one would be formed among the business men. It was not likely, however, that a league could be organized, since too many of the young men would be away.

Mr. Kelley reported on the recent 4-H club judging team trip to the Pat Stuck show at Spokane. He stated that the local boys, teamed against far larger schools, turned in an excellent performance. Counting ties as a place, the boys stood 11th.

An office election being scheduled to be held next month, Mr. Keene appointed a nominating committee consisting of George Brocke, Frank Harris and Edgar Dammarell.

At the request of the club, Donald Stroh, school music instructor, agreed to present a band concert in the city park next Saturday afternoon, at 3:00 o'clock.

Mr. Stroh also played for the club recordings of songs and special music features as presented at the Lewiston Music Festival some three weeks ago, all of which were very much enjoyed.

At the suggestion of Frank Harris, the club decided to sponsor the formation of an Honor Roll of men from this territory in the armed services of our nation. As outlined, the honor roll will consist, whenever possible, of a picture of the service man, his branch of service and his home address. It is planned to present this display in the window of the Creamery.

There being no further business to come before the club, on motion it adjourned.

Entertains Teachers

Mr. and Mrs. Cecil Gruell entertained the teachers of the Kendrick school at a buffet supper in their home at Juliaetta on Wednesday evening of last week. The following were present: Mr. and Mrs. Armington, Mr. and Mrs. Deobald, Mr. Furse, Miss Holt, Miss Schuler, Mr. Stroh, Mr. Mason, Mr. and Mrs. Gruell and Mrs. Mary Ottosen.

Pvt. Wilbur Miller, of Campbell, Ky., has been visiting his father, C. W. Miller, and brother, Leroy Miller.

There will be a band and chorus concert May 14, at 8:00 p. m. at the school gym. An admission charge will be made.

Mr. and Mrs. Caus Clark and family were dinner guests at the Cardinal home Sunday.

Mr. and Mrs. Lawrence Slead and son were dinner guests at the Prater home Sunday.

Mr. and Mrs. G. Birge and son Jimmy were Sunday guests at the Charley Hicks home.

Lewiston visitors Saturday included Mr. and Mrs. Fred Nye, Mr. and Mrs. Alvin Nye, Mrs. Georgia Millard, Mike Hedler and son Mikey, and Boyd and Rex Knight.

Week-end guests at the home of Mrs. J. C. Groseclose were Mr. and Mrs. Sam Nye and son Sammy, the latter in the Air Corps, and a friend of Sammy's, who is also in the Air Corps, stationed at Pullman; Mrs. Ted Taylor and son of Pullman, and Miss Mabel Taylor.

Sgt. Xena Weatherby arrived home on Friday, May 7, on a few days' furlough, and in his honor a family reunion was held in the Ben Weatherby home over the week-end. Those present were: Rev. T. O. Weatherby, Mr. and Mrs. Charles Fiatt and family, Rev. and Mrs. Harold Paul and family, Mr. and Mrs. Ben Weatherby, Jr., Rev. T. A. Weatherby, Goldie and Betty Weatherby, and Miss Frances Weatherby, Xena's fiancée.

Rev. T. A. Weatherby of Vale, Ore., visited in the Arl Burns home Friday and Saturday. Rev. Weatherby is Mrs. Burns' brother. Also home over the week-end was Bob Burns, U. of I. student.

Miss Marion Schupfer, Spokane, was at home over the week-end.

Don Miller, who is attending the U. of I., visited his grandmother, Mrs. F. Greene, over the week-end.

Mrs. Louise Hanks, who has been in a hospital in Spokane, returned home Sunday. She is reported to be getting along nicely.

Baccalaureate services will be held Sunday afternoon, May 16, at 2:30 o'clock. The Rev. Ben W. Jackson will deliver the address. Commencement will be Wednesday evening, May 19, at 8:00 o'clock, with Thomas R. Crosson of the Lewiston State Normal delivering the address. The members of the graduating class are: Dale Candler, Goldie Weatherby, Virginia Nye, Mary Lou Stuart, Jean Burns, Jackie Clark, Patty Hanks and Freda Peters. Goldie Weatherby is the Valedictorian and Dale Candler Salutatorian.

TEAKEAN GOSSIP

We are having more cold, rainy weather, with lots of wind and some snow flurries.

Mr. and Mrs. Carroll Groseclose are the happy parents of a new son, born to them on Friday, May 7. He weighed 8 1/2 pounds. He has been named Stephen Carroll.

Roy Conger of Culesac was a business visitor here Monday.

Marion and Grover Groseclose came up early this week with their cattle to put them on summer pasture.

DeWitt Penland came up with a truck-load of supplies for the Groseclose cattle camp. Mrs. Marion Groseclose came with him.

Marion and Carroll Groseclose spent Monday branding and de-horning cattle before turning them loose on the range.

Don Miller has gone to Post Falls to find a house to live in, and make arrangements to move his family there soon. Mrs. Miller and children are all suffering with severe colds.

Rev. Enoch Willman spent Friday night at the Wm. Groseclose home and made several calls on Saturday before returning to Leland.

Mr. and Mrs. Merton Preussler and family visited at the Herring home Sunday, going from there to church and Sunday school in the afternoon.

Mrs. Sam Harp and Mrs. Ed Choate were callers at the Carroll Groseclose home Monday.

Mrs. John Lind returned from Moscow last Friday, where she attended the District Conference of the Bretheran church.

Mrs. Orval Choate went to Lewiston with her aunt, Mrs. Geo. Wells, of Cavendish. Mrs. Wells has been very ill and was taken to a hospital for treatment.

Marie Harless came up from Orofino to stay with her sister, Mrs. Carroll Groseclose.

Rev. Gaskill preached here Sunday afternoon, and will come again next Sunday.

Another Double Feature

Again a double feature will be shown on the screen at the local theatre. The first offering will be Roy Rogers and Gabby Hayes in "Romance on the Range." This is another of those song-filled westerns that are enjoyed by so many. Further explanation is not necessary. The second offering of the evening will be something new and different: "Mr. District Attorney in The Carter Case." These plays have become very familiar over the radio, and will undoubtedly prove equally popular on the screen. In addition the usual cartoon will also make its appearance.

ALCOHOL FACTS:

Compiled by Roy Murray.
 The F. B. I. reports the following increase in arrests in 1,000 cities and communities between 1932 and 1941:
 Drunken driving 99.7%
 Drunkenness 106.4%
 All causes 150.0%
 Most of us know by observation that it was the general practice to arrest violators as soon as they appeared on the street during prohibition days, while now it is the general practice in many communities to merely send them off the streets. So the above figures are a conservative report. (This space contributed by friends of temperance) (adv)

"Tommy" is a
FAST TALKER!

The Jap-ants were charging as the paratrooper landed. He turned to his "Tommy" gun.

"START TALKING, TOMMY," he said, "AND TALK FAST!"

Tommy guns can "talk" as fast as 800 rounds per minute!

When war began, it was a question whether America could make cartridges faster than the "fast talking" guns could blast them out.

INGENUITY AND ELECTRIC POWER PROVIDED THE ANSWER! Today, power-driven machines turn out 60 cartridges every minute. POWER PASSES THE AMMUNITION.

But electric power is doing far, far more! It's helping to produce those Tommy guns, too — end tanks, ships, planes!

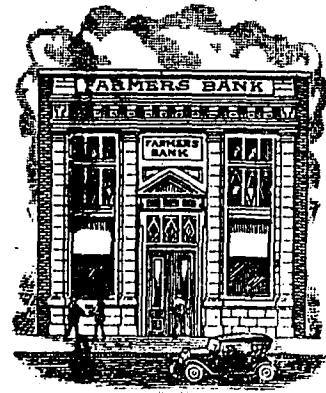

That takes a LOT of power — and America's got it! Five times more than in the last war — more than all the Axis countries combined have now!

AND ABOUT SEVEN-EIGHTHS OF ALL THIS POWER IS SUPPLIED BY ELECTRIC COMPANIES UNDER EXPERIENCED BUSINESS MANAGEMENT.

Hawaiian Islands
April 26, 1943

Dear Mac:
After reading letters from other service men for many months, I shall add my bit.

It is very interesting to read letters from fellows that I know, coming from all parts of the world — Kendrick has really spread out.

Probably none of the fellows have a better location than I have here in the Hawaiians, the land of sunshine and gaiety. War has put an end to much of the gaiety, but the sunshine and flowers are still here. Rationing has not been felt here only on a few items, such as tires and gasoline. People are quite friendly toward service men. Altogether, it is a very nice place to be. But don't think for a minute that I won't go crazy when I get on that old boat heading northeast.

Uncle Sam has been kind enough to move me around a time or two, enabling me to see a lot of these Islands. But each time I move I have a new address, so I'm quite a bother, Mac. Thanks for keeping me posted.
Sincerely
Clem Lyons

"Quite a stack of newspapers I left you yesterday, Judge. Aren't you in the newspaper business, are you?"

"No, I just enjoy reading different papers so my nephew George sends them to me whenever he takes a business trip. I got a big kick out of some he sent me from several countries where they still have prohibition. Particularly from some headlines that read 'Drunk Driving Arrests Rise', 'Bootleggers must post Ceiling Prices', 'Federal Agents seize 'Trick' Liquor Truck'. Doesn't that go to prove, Joe, that prohibition does not prohibit?"

"I watched conditions pretty carefully during our 13 years of prohibition in this country. The only thing I could see we got out of it was bootleg liquor instead of legal liquor... plus the worst crime and corruption this country has ever known."

PUBLISHED BY THE KENDRICK CO-OPERATIVE CREAMERY

YOUR CREAM IS NEEDED!

At the present time we are churning six times per week — and we can stand two more churnings per week — or a total of eight. So folks, help us to reach that goal by bringing in your cream and that of your neighbor. In all probability you are a shareholder in this business. Talk your neighbor into becoming one. Remember, the more all cooperate, the greater the possibilities for more money for your cream.

Potlatch Chief Products
We produce, under our label, Cottage Cheese, Butter, and Butter, and also bottle pasteurized milk.
So remember, when you purchase any of these items, always ask for "Potlatch Chief," it is your guarantee of quality.

If you're not using one of our cold lockers — why not?

"What you need is an electric bath."
"No thanks, Doc—I had an uncle drown that way up at Sing-Sing."

Louis: "Why, Helen, I'm glad to see you. Have a Scotch and soda. Waiter! Two scotch and sodas, please."
Helen: "I'll have the same."

Meek Voice: "Doctor, this is Mr. Henpeck. My wife has just dislocated her jaw. If you're out this way within the next week or two, you might drop in."

Lady: "I want to see some kid gloves for my eight-year-old daughter, please."
Clerk: "Yes, madam, white kid?"
Lady: "Str!!!"

It was London. A woman dove for shelter at a particularly loud peal of thunder. "Hit's all right, ldy," said a passing urchin. "That ain't Hitler; hit's Gawd!"

WORD FROM LOCAL MEN IN OUR ARMED FORCES

From Sgt. Roy G. Fairfield, who is stationed in New Guinea, comes the following letter, one of sufficient length to give everyone a pretty good idea of life on that continent or island. The letter follows:

New Guinea
April 21, 1943

Dear Mac:
I will try at this time to get enough news together to prove of interest to you and the rest of your Gazette readers.

I have been shipped to the second largest island in the world, which is that so-called "Island of New Guinea." Don't get me wrong, however, for this reason: If the truth was revealed, most, or I might say, 99 per cent of what the average person knows about New Guinea, there in the states, has been inherited from the pictures or newsreels which I know get around to Kendrick now and then.

Well, let me enlighten you and the readers of the paper about this island.

As we see it, a great many people have the idea that all this country is good for is a nice, quiet place for the vicious man-eating native and cannibals. I can assure you that that is all a bunch of "poppycock." What do you suppose Japan wanted with New Guinea? Her best reason stands out like a sore thumb. It was in order to get under her power one of the richest provinces in the world! There are some of the richest gold mines in the world located here. Large cocoa-nut plantations that yield nothing less than \$60,000 annually — folks, "that ain't hay." Then, just ask yourself what the majority of your hand soap is made from. You don't know, huh? Well, I'll tell you. Cocoa-nut meat — believe it or not.

Then there are also the great cocoa plantations here — and 90 per cent of the world's population loves it as a drink or in candy. These plantations are now worked by the natives under allied supervision.

As for the jungles of this country and the wet and swampy lowlands — they are caused by not less than 82 inches of rainfall each month — and they are few and scattered. There are points in the higher lands that range above 7,000 feet in elevation. Mosquitoes are numerous in certain parts, but above the 2,200 foot elevation they play out.

Now for a brief review of the bird and animal life. This may sound fantastic to you, but the largest animal we have is the wild hog. The natives class this meat very highly and don't like to have the Yanks and Aussies kill them without notifying them. There is one draw-back to the meat, however, and that is that most of it is diseased, even carrying typhus, as well as numerous other diseases. The rest of the animals are just minor camp pests, such as the rat, the lizard and a resemblance to the kangaroo, called the Walloughby.

Bird life is of a wide variety, but has become rather a common sight to us, as Australia has some of the same species, the most common of which is the parrot.
Now, may I ask anyone of you readers to think of some of the good points of life that we boys in the service actually get. I know many of you have been misled so far on the subject of our living conditions, and also on our life away from Mother's apron strings. So please try and eliminate those jungle pictures which come to town, especially in your own minds, for, folks, it isn't that bad. I know because I'm right in the midst of it with my shoulder to the wheel along with the rest of the boys.

Remember when you used to call your son to dinner? Well, he still gets called for dinner, but instead of mother calling him, Uncle Sammy has substituted a Mess Sergeant for the job. About the only difference is that your son, who used to get up from the table and run out to play or work, has one job to do first — wash his dishes! Mother isn't there to do it now.

So mothers and fathers, don't think that your son is going through hell every minute of the day, missing his meals, etc. He is really O. K. and I promise he has gained weight. We have the finest medical doctors in the world — and do they "know their stuff."
Well, folks, I have tried to out-

line our life and living conditions to you on a rather short but emphatic basis, as it would take a week to get much more than below the surface of the present day army life, especially to put it on paper. So now, just sit down in your easy chair and think over the few points I have brought up. We are not so bad off as people generally think, are we?

If any of your folks have any questions that I might be able to answer for you, don't be afraid to write me. I will be more than glad to answer all I can under the present censorship regulations. My address may be obtained from my mother, Mrs. Leonard Fairfield, Kendrick.

I do hope to hear from some of you who have read this article soon, with a lot of good questions and news from home surroundings. All mail and correspondence is greatly appreciated when in the service. It is the biggest morale builder the army has, bar none.

Sincerely
Sgt. Roy G. Fairfield.
Note: Roy's more than welcome letter was dated April 21, it reached us May 8. The envelope looked like it had indeed "been to war," having been censored twice, once by an army examiner, and once by the Base Censor. However, nothing had been clipped out or penciled. Roy does not say whether or not he is receiving the Gazette there — but it has been going faithfully into the mails for him.

Mrs. Roy Swanson has kindly permitted us to publish the following letter from her son, Pfc. James R. Kuykendall:

April 25, 1943

Dear Mother:
I have been receiving your letters right along, but I have been so busy lately that I have not had time to answer them. I am in New Guinea now, and well and healthy. You should see these natives over here — they don't wear many clothes, and look plenty wild.

I saw Roy Long the other day. He is fine. We had a long talk, and he is coming up to see me this coming Sunday.

Dale told me Stanley was rejected by the army. I suppose he is working now.

Please tell everybody "hello" for me. This is all the news, so will close.

Love, your son
James Kuykendall.

A Pacific Outpost
May 1, 1943

Dear McCrearys:
Just a note to let you know I'm still alive and also to thank you for the paper. I have received two copies to date. It means a lot to me to hear from the old town, and your paper does a good job of it.

I can't say where I am or even write one word about our work. However, I can say we are well quartered and "chow" is the best. The morale is good, although most of us would like to keep moving. This outfit is known as the "Sea Bees," and our primary job is to build, and although we are workers, we have plenty of military along with it.

Our training was supervised by the Marine Corps. They really "poured it on us" for a while. Life, however, is very interesting here and there are very few dull moments. In fact, just obeying regulations and keeping out of trouble keeps me busy.

We all have one thought in common — and that is to see home port. The service men who have duty in the states are indeed lucky.

When I get back to Idaho again the only way I will ever leave is to get run out — and that would be some job.

Sincerely
Vance Penland.

Dear Friends:
Another change of address. This time I'm still further south, and it surely is a lot hotter here than it was at Treasure Island.

The way it looks I just can't help but learn a little about radio, as we surely are getting exposed to it.

I haven't seen any of the fellows from home for quite some time, but live in hopes.

Sure enjoy the paper and miss it every time I get transferred. I can't think of any other news at this time, so will ask that you change my address.

Thanks again for the paper.
Yours sincerely
Vern Wegner.

An Army Outpost
May 4th, 1943

Dear Friends:
I received a Gazette today and was very glad to get it. I saw several boys names in there of whom I had lost track, and did not know where they were — but will write to them now.

Things here are about the same as when I wrote before and there isn't much we can write about, anyway. I am well satisfied here, as we have plenty to eat and always a little recreation of some kind, although, as you know, I would like to come home on a furlough, at least.

In closing, let me thank you again for the paper, and I wish you all good luck.

A friend
Pvt. Bernard K. Thornton.

Dear Mac and Bill:
Just a note to let you know I am receiving the paper O. K., and there is no change in my address as yet. I surely enjoy reading the letters the other service boys write.

I'll bet the cows have the bells ringing now, for the grass should be good on the hill sides by this time. I'll also bet the old saw mills are humming these days, for I saw plenty of logs ready to go when I was home on furlough. I also suppose the drills and bean planters will be clicking before long.

There is not much to write about in an army post of this kind, but at least I can say "thanks" again for sending the paper. I like to read the letters, the other news, and even the advertisements — and hope you can keep it coming.

Note: Ernie, you'd lose a lot of bets on that letter. The weather has been so cold and rainy that the pastures are not nearly what they should be at this time; roads have been so muddy that logging trucks

have been unable to operate so far; and spring work is from three weeks to a month late — many fields not even having been plowed to date. Warm weather is badly needed in this section right now.

New Tires!

We can sell you what we believe is still the best tire on the market — A Goodyear — in the size or grade your purchase permit calls for. Why spend precious gas and wear out rubber to buy that tire? Bring in that permit as soon as you get it. Remember they have an expiration date.

Recapping Service

On truck, pickup tires, where permits are required for re-capping, don't wait a minute after you get that permit. Bring in the tire and permit immediately — as there is often a long waiting list at the recapping service station.

And when the tire inspector on your passenger car says: "Have it recapped," bring it to us — don't wait.

REMEMBER — We do not charge the customer any transportation costs. Therefore, this work really costs you less if sent in through us!

Fram Cartridges

Fram Filter Cartridges are available for almost every make and size of oil filter — and we have a large stock on hand. If you don't have a Fram Filter — use the next best thing — Fram Cartridge.
