## KENDRICK LOCALS AND PERSONALS TWENTY YEARS AGO

Lester Crocker purchased a Chevrolet delivery truck from Lester Roberts, local agent, last Saturday. Lester expects to use the new car on his mail route.

A. E. Wilcox of Orofino was in Kendrick between trains Sunday, shaking hands with friends.

Mrs. E. H. Dammarell went to Moscow Saturday to visit her son, Kester, who is in a Moscow hospital recovering from an operation. Herman Wilken of Agatha was a Kendrick visitor Tuesday. He says the cherry crop along the river will be light this year, due to the cold weather in the spring.

Mrs. J. F. Brown returned Saturday from a visit with her daughter in Seattle.

The marriage of Miss Thelma Christensen and Edward E. Craddock was solemnized Wednesday May 16, at the home of the bride's parents, Mr. and Mrs. John Christensen, at Southwick. The bride has lived in Kendrick most of her life, moving to Southwick last fall. She has many friends in this community who wish her much happiness. The groom is a nephew of Mrs. Julius Hoppe of Southwick and the son of Dr. Craddock of Chicago. The happy couple will spend the summer at Southwick, after which they will return to Chicago, where Mr. Craddock has a position waiting. The young couple were given a chairlift immediately after the ceremony, after which dainty refreshments were served.

A male quartet has sprung up in our midst — composed of the following: Thos. McDowell, R. H. Ramey, A. V. Dunkle and N. E. Walker. The Kendrick High School graduating class of 1923 is one of the largest classes that has ever finished in the local school. The "Lucky 13" have been real leaders in school life and we shall expect to find them continuing to lead after school. As a class, they are exceptionally strong in scholarship as well as leadership. Three of the class: Nell Ameling, Beulah Long and Rita Leith, have averages of over 92 per cent in all high school subjects. Others of the class have made strong averages. The class roll follows: Nell Ameling, Rita Leith, Beulah Long, Elsie Bird, Jaunita McDowell, Edith Dammarell, Chauncey Compton, Walter May, Bert Gentry, Edna Quirk, Dorothy Jones, Merit Smith and Audrey Stanton.

Anyone willing to sew may obtain it from Mrs. Kanlikeberg by telephoning or calling in the forenoons.

## Peculiar "Hen Fruit"

Frieda Denmler brought a freak egg to the Gazette office on Thursday of last week. The shell of this egg is about as perfectly fluted as one could every find on a sea shell or like object.

The grooves or "flutes" are almost perfect throughout the entire circumference of the shell.

We've had a lot of freaks, including Chas. Keeler's "porcupine egg," but this one seems to top them all.

## Senior Citizen's Grant Information

Figures released by H. C. Baldrige, since taking over the Department of Public Welfare, under Gov. C. A. Bottolfsen, shows a very remarkable improvement in increasing payments to the Senior Citizens.

Old age pensioners, according to the figures of Mr. Baldrige, received \$270,081 in payments during March of 1943, as compared with \$225,626 during March, 1942, according to the records of the state department of public assistance. This represented an increase from \$23.06 in March, 1942, to \$26.95 in March, 1943. This, it must be emphasized, is purely the average payment.

The records show that of the \$270,081 paid out for old age relief, \$53,400, or almost 20 per cent, went to 1355 senior citizens receiving \$40 a month or more. This figure represents more than 13 per cent of the total receiving old age benefits, or 1,335 out of a total pension list of 10,021.

Out of this 10,021, a total of 4,899, or almost half, receive more than the average payment of \$26 plus a month.

This increase in payments per case, and in number of cases certified, the report points out, is possible because of improved efficiency in administration and the cutting down of overhead.

There are payments to old age pensioners in sums exceeding \$25 a month; to \$19, \$27 a month; to \$36, \$28 a month; to \$36, \$29 a month; to \$41, \$30 a month; to \$21, \$31 a month; to \$29, \$32 a month; to \$27, \$33 a month; to \$44, \$34 a month; to \$19, \$35 a month; to \$17, \$36 a month; to \$19, \$37 a month; to \$20, \$38 a month; to \$16, \$39 a month; to \$35, \$40 a month.

Out of the \$270,081 which was paid in old age assistance during the month, \$107,304 went for the so-called higher brackets, namely the 4,899 who received more than \$25 a month.

Both Gov. Bottolfsen and Com. Baldrige expressed pleasure in the results and are confident by the reduction in overhead combined with more careful management they can continue to improve the situation of each Senior Citizen.

## Maybe Things Will Grow

Following the warming up of the weather, which began last Sunday, things are beginning to show real signs of growing, for almost the first time this spring.

It has been so cold and wet that up until this time but two things really grew — wet weather grass and "cheat grass." The rest just stood still. Pretty and green, but making no real progress.

Tuesday was one of the few really spring days we have had to date — let's all hope it continues, for all farm work is from three weeks to a month behind schedule to date — and growing later.

Even the youngsters about town are showing signs of "perking up," for they may be seen riding bicycles, roller skating, and in general taking advantage of the good weather.

## Pictures Not Coming In

But few pictures have been received since our appeal of last week for them in connection with the preparation of an honor roll of our service men. Perhaps it is just reluctance to part with them, or perhaps they are not as plentiful as was hoped.

But if you have one of your brother, son, etc., (if possible in uniform) please bring it to the Gazette office. Write your name and address on the back, so that it may be returned to you.

Every effort will be made to take perfect care of them.

The honor roll, as amassed last year, is now undergoing correction, and is not yet ready for publication. It will appear in the near future, however!

## Fire Season Near At Hand

## Sugar To Be Available

Sugar for home canning of 1943 fruit crops will be available to housewives on approximately the same basis as last season, C. C. Anderson, state director of the OPA, said this week.

Mr. Anderson said the OPA has agreed that no deduction of blue stamps will be made from War Ration Book Two for sugar obtained for this purpose.

In the 1942 season, housewives applied to local boards for sugar on the basis of one pound for each four quarts of fruit that it was planned to can. Roughly, the same pattern will be used this year, although details have not been completed, Mr. Anderson said.

Meanwhile, Raymond J. Briggs, district manager of the War Production Board, said WPB has given the green light to production of bottles and caps for home canning, thus clearing the way for an extensive home canning program to augment rationed foodstuffs.

## "Daddy's Savings Will Help Me Through School"

Who are the stockholders in the Washington Water Power Company? If you look at the list, you will see that it's a cross-section of America. Besides the many hundreds of direct investors—some of them your neighbors—there are thousands more whose interest is no less real. Banks and insurance companies put much of their money in electric securities . . . savings to help somebody's children through school . . . savings which will care for the aged and infirm. In a very real sense, many Inland Empire people have a stake in the Washington Water Power Company.

#### SOME THINGS YOU MAY NOT KNOW ABOUT WASHINGTON WATER POWER PREFERRED STOCKHOLDERS

More than one-eighth of the stockholders are sales-people, laborers, farmers, tradesmen, school teachers.  
Nearly one-third of the individuals owning stock are housewives.  
Practically three-fourths of the preferred stockholders are fifty years of age or older.

Thirty-one guardianships hold stock for the benefit of their wards.

Many insurance companies, old people's homes, hospitals, churches, colleges, lodges and fraternal organizations are among the stockholders.

### WORD FROM LOCAL MEN IN OUR ARMED FORCES

Mrs. Sylvia Browning, who is now residing in Lewiston, has very kindly permitted us to publish the following letter from her son, Cpl. Dale Hughes, who is stationed in New Guinea:

Dear Mother:  
I guess it's been quite a while since you heard from me. This time I have an excuse. We took a little trip and are now stationed in New Guinea. It sure is quite different here from what we are used to, but nothing is so bad that it couldn't be worse.  
I got to see my first air battle the other day and it was really something to watch.  
Say, Roy Long is over here. He is in charge of a bakery. I haven't gotten to see him yet but he told Jim Kuykendall that he was coming over again. So far this has been an interesting trip. We've sure seen lots of country. Haven't heard from Herb for quite a while. Is he still in Maryland? Boy, the old gang sure is split up. Jim Kuykendall is O. K.  
Tell all "hello" for me. I'll write as often as I can.  
Love  
Dale.

And Bob LaHatt finally breaks loose with the following epistle from "Somewhere In The Atlantic."  
Dear Bill:  
I thought it about time I wrote and told you that I am getting the paper all right.  
There aren't any words handy that can express the way I feel when the paper arrives. It is about the first thing I look at.  
I've also got to inform you of my change of address.  
I am enclosing a little poem that I think would take away a lot of worries from some of the people back home. There might be some errors in punctuation, but I believe you can straighten it out. One of the fellows here wrote it. It explains quite a lot about the things we fellows have to go through when writing home.  
I want to thank you again for the paper. It's swell. I just hope you

keep sending it.  
As ever  
Bob LaHatt.  
Can't write a thing  
The Censor's to blame,  
Just say that I am well  
And sign my name!  
Can't tell where we sail from  
Can't mention the date,  
Can't even mention  
The meals that we ate!  
Can't say where we're going,  
Don't know where we'll land,  
Couldn't inform you,  
If met by a band!  
Can't mention the weather,  
Can't say if there's rain,  
All military secrets,  
Must secrets remain!  
Can't have a flashlight  
To guide me at night,  
Can't smoke a cig  
Except out of sight!  
Can't keep a diary  
For such is a sin,  
Can't keep the envelopes,  
Your letters come in!  
Can't say to our folks  
Just what we can write,  
So will call this a letter,  
And close with "Good night."

Dear Friends:  
Just a few lines to let you know the paper is coming through in fine shape and that I appreciate it more with every copy.  
I am being transferred to the Army Air Corps in the near future, and would like to have the next few copies of the Gazette withheld. Will let you know when I have a permanent address.  
I hope to see you in the near future. Again my thanks for the Gazette.  
Sincerely

Dear Mac and Bill:  
Have been very neglectful in not dropping a few lines to you, for if I remember right, it was from Camp Forrest, Tenn.  
Anyway, I came back to Camp Rucker the 1st of December and have been here since. There is only one wish I have, and that is to get back to civilization. By that, I mean, Alabama may be fine for some people, but not for me. You see, Idaho is still the best state of all.  
The weather here is nice, but getting very warm, but have thunder showers right along so that it cools off very fast.  
My time has been taken up practically all the time — and have been kept very busy, but think of all of you in and around Kendrick, and hope everyone is fine. As for me — I'm feeling tops and getting along fine.

Again I want to thank you for the paper — and hope I get every copy of it. The first thing I read are the letters from the boys in the service, and that's about the only way I know to find out where they all may be.  
Sincerely  
Pfc. Joseph B. Forest  
Cpl. Neal Southwick left for camp at Sioux City, Iowa, Sunday morning, after spending several days here with his parents, Mr. and Mrs. Howard Southwick, and other relatives. Neal says he doesn't mind army life too much, but wishes the "mess were over," as life is too short to spend all of it in kahki.  
Ray Jones, U. S. N., visiting in the home of his mother, Mr. and Mrs. Alex Larson, says navy life is not so bad. He had gained weight,

**About Seed Potatoes**  
Farmers are not required to tag, invoice, and report their sales of certified and selected seed potatoes unless they act as country shippers or sell directly to commercial, industrial or institutional users, OPA officials said today.  
The erroneous impression has prevailed in some farm quarters that producers would be subject to the three conditions of sale requirements under maximum price regulation No. 271 (maximum prices for certified and selected seed potatoes) when they merely make sales to country shippers. This definitely is not the case, OPA indicated.

# New Tires!

We can sell you what we believe is still the best tire on the market — A Goodyear — in the size or grade your purchase permit calls for. Why spend precious gas and wear out rubber to buy that tire? Bring in that permit as soon as you get it. Remember they have an expiration date.

## Recapping Service

On truck, pickup tires, where permits are required for re-capping, don't wait a minute after you get that permit. Bring in the tire and permit immediately — as there is often a long waiting list at the re-capping service station.  
And when the tire inspector on your passenger car says: "Have it recapped," bring it to us — don't wait.  
REMEMBER — We do not charge the customer any transportation costs. Therefore, this work really costs you less if sent in through us!

## Fram Cartridges

Fram Filter Cartridges are available for almost every make and size of oil filter — and we have a large stock on hand. If you don't have a Fram Filter — use the next best thing — Fram Cartridge.
