PLANS ARE CHANGED — PICTURES NOT BE USED

Owing to great difficulty in collecting pictures of the men in service, cataloging them and making them into a display within a reasonable length of time, as well as the fact that pictures of many of the service men are not available from any source, it has been decided not to use pictures in the preparation of the roll of honor — but instead to use only the names and their home address — not service address.

This roll of honor is to be permanent — not temporary, and will include all surrounding territory of Kendrick — Juliaetta, Southwick, Leland, Cameron, etc.

We herewith publish the list as compiled from material available — and ask our correspondent and any others who may care to, to notify us of errors or omissions. The list follows:

To Collect Deer Hides

The Idaho Wildlife Federation will begin at once a state-wide campaign to collect every available deer hide in Idaho, according to a dispatch received Tuesday.

Deer hides are badly needed by the federal government for conversion into buckskin and hence into gloves, jackets, vests, caps and many other garments required by our fighting forces in many parts of the world, especially in the colder climates.

It is hoped to garner 20,000 hides in Idaho.

Anyone having a deer hide, dried, salted, processed, etc., that they are willing to donate to the men in our armed forces, many leave it with Marvin Long — and the gift will be greatly appreciated.

Small sections of hide are also welcome.

Cited For Gallantry In Action

From the Public Relations Office of the War Department, comes the following dispatch:

"Homer H. Jones, Corporal, Infantry, United States Army, has been cited for gallantry in action on January 30, 1943, at Guadalcanal. In operations along the Bonegi river, an advance was held up by strong enemy resistance from positions in the vicinity of that stream. On the beach near the river mouth an outburst of enemy machine gun fire pinned down an observation party which included the Corps Chief of Staff and other high-ranking officers. While members of this party were forced to lie partly in the surf as enemy fire passed close overhead, Corporal Jones, without regard for his own safety, worked his way forward to the party, carrying a telephone and wire. By it officers were able to call for and direct mortar fire, silencing the enemy machine guns and allowing a withdrawal from that point to a place of safety.

Corporal Jones home address is Kendrick, Idaho."

Stamps 15-16 For Canning Sugar

Houswives will be able to get sugar for home canning by using Stamps No. 15 and 16 in Ration Book One, the office of price administration announces.

The revised program wipes out a previous plan of applying to local ration boards for coupons, as had been previously announced.

Each stamp became valid Monday and is good for five pounds each for canning sugar until October 31.

Families who require more than 10 pounds of sugar a person for home canning will apply to rationing boards, the OPA explained.

This allotment of sugar does not interfere with the regular sugar allowance, and an OPA spokesman said Stamp No. 13 would become valid June 1 to August 15 for five pounds.

Note: In response to numerous inquiries received at this office, the above is all we have been able to secure in reliable information. We therefore presume that after drawing sugar on stamps 15 and 16, Mrs. Housewife must write to Moscow to obtain the balance of canning sugar needed.

To Renew Gas Rations By Mail

The country's 25,000,000 car owners and 160,000 motorcycle owners may renew their present basic gasoline rations ("A" and "B" coupon books) by mail. They will pick up a simple application form about June 22 at a place designated by local rationing boards. The form must be filled out and mailed to the war price and rationing board with (a) the signed back cover of the present "A" book, and (b) the current tire inspection record showing that proper inspections have been made. All new "A" books should reach the motorists by mail before July 21.

He was a native of Indiana, born April 10, 1906. He was active in educational affairs of central Idaho and formerly taught at Orofino.

ALCOHOL FACTS:

Compiled by Roy Murray.

To combat the rising tide of popular sentiment against the liquor traffic, liquor interests often imply that prohibition was "put over" on the country while the soldiers were absent in Europe during the first World War.

The facts are that the 18th Amendment was submitted to the states in 1917 by a congress elected in 1916, before the U. S. entered the war and after National Prohibition had been an outstanding issue in three previous congressional elections, gaining in strength each time.

Furthermore, never more than one million American soldiers were in France during that war and many of them were under voting age. About 40 million votes are usually cast in a national election.

Did You Ever Stop To Think . . .

That Even Though Gasoline May Be Plentiful, Tires and Repairs For Your Car Or Truck Are Scarce And Difficult To Obtain?

SUCH, HOWEVER, IS THE CASE!

Therefore, it behooves everyone to conserve his car, pickup or truck to the best of his ability — and perhaps the best and easier way to accomplish this is by driving it fewer miles?

HOW CAN THIS BE DONE?

The answer is easy! — By making Kendrick, your closest trading center — your trading center for everything. Available locally are good markets for your farm produce of all kinds. Good stores, good warehouses, blacksmith shops, garages, bank, postoffice, etc., and after all, isn't that what you go to town for?

During this time of extreme shortages of this and that, you are just as apt to find the things you need in Kendrick, as you are in trading centers many miles away — and in the meantime you have saved that precious equipment — equipment which must do you for the duration.

Perhaps you are one of those who "don't give a hang," but we don't believe you are. We believe that you will realize that the more we save at home the more that will be available to our fighting men on the battle fronts! So, make Kendrick your headquarters for every need. You'll find us more than willing to help you in every way!

And in the meantime — buy War Bonds and Stamps with every cent you can spare!

We are prompted to sponsor this message to the people of Kendrick and vicinity through our interest in community welfare.

From over-seas, Clarence Thornton writes the following to Ann Pemberton:
 Dear Anna:
 I will drop you a few lines to let you know that I got your letter today and was sure glad to hear from you. I am just fine so far but getting homesick to see all of you; I don't know when, but I hope soon. I got two letters today and it made me feel good to get them. Well, Anna, I would like to be home to see all of you and to work on the old farm again.
 I went swimming down at Waikiki beach. Had a good time. It's a good place to pass away time as it's nice there.
 Was certainly glad to hear from all of you.
 Goodbye and good luck
 Clarence Thornton.

No Special Gas For Vacations
 Vacations are fine, but there will be no extra gasoline for vacation travel this year, says OPA. Both rubber and gasoline supplies are too critical to allow motorists any "luxury" gasoline rations. It is pointed out that gasoline coupons in an "A" book could be saved, and that gasoline could be carried over in the tank of an auto from one period to the next. In this way, a motorist may save fuel for 180 miles for a vacation trip by car.

THE OLD JUDGE SAYS...

"Just one more question before you go, Judge. What is this thing called propaganda you hear so much talk about these days?"
 "I'll give you an example, Hank. Last night I was reading an interesting little book called 'Hitler is in Favor'. It told how Hitler would very much like to see Americans fighting among themselves over prohibition because that would create disunity, waste the time of Congress and legislatures in wet-dry arguments and cripple our war effort. It also mentioned a booklet written about Hitler's government telling how Hitler's gang wants to maintain contact with foreign temperance organizations and how it contributes annually to an international temperance union.
 "You can bet Hitler isn't interested in seeing prohibition advanced in our country for any reason except that he knows it's a good way to stir up trouble. That's what they mean by propaganda, Hank."

PUBLISHED BY THE KENDRICK CO-OPERATIVE CREAMERY

NOTICE OF ANNUAL MEETING

The annual meeting of this organization will be held in Kendrick on Saturday, June 26, 1943 and you are asked to remember the date. This is a general meeting and all members are asked to attend.

Co-Operation Pays Dividends
If you doubt that co-operation pays, get an old paper and read the account of the American, French and British co-operation in the successful African campaign—and if it pays militarily, it will certainly pay financially. Therefore, get your neighbor to co-operate in bringing his cream to this institution. Both of you will profit in the end.

Potlatch Chief Products
Insist on Kendrick Co-operative Creamery products, sold only under the "Potlatch Chief" brand. Notice — This creamery will be closed on Monday, May 31. Please order enough Saturday.

Mistress: "Mary, when you wait on the table tonight for my guests, please don't spill anything."

Maid: "Don't you worry, ma'am. I never talk much."

Reformer: "Young man, don't you realize that you'll never get anywhere by drinking?"

Stewed: "Ain't it the truth! I started home from this corner five times a'ready!"

Farmer Brown: "If things get too bad we can eat our forest preserves."
City Slicker: "You've got nothing on us. We can eat our traffic jams!"

Turkish girls who are insisting upon seeing their husbands before marriage, strike a sympathetic note in the hearts of American women, who want to see more of their husbands after marriage!

WORD FROM LOCAL MEN IN OUR ARMED FORCES

Somewhere Across the Sea
May 17, 1943

Dear Mac:

I have a new address and would like very much to have you change my address on the Gazette, as I like to keep informed about the home news, and read about other boys in the service.

A Soldier Friend
Ernest Schwarz
Corpus Christi, Texas
May 15, 1943

Dear Mac:

I would like to notify you of my change of address. This spot is as near to "Utopia" as I have ever hoped to get. I'll admit I haven't been here in Corpus Christi very long, but with luck its only three months away from a commission and those "Navy Wings of Gold."
I hope to get into a fighter squadron, but my second choice is the large flying boats.
We'll start training this Monday (17th) and it won't be long then until the navy decides whether or not they need aviators of this or that type.

Thanking you again for the paper I'll close by wishing all a hearty "hello."

Yours
John Wallace
Camp Clairborne, La.
May 16, 1943

Dear Mac:

I've heard that you send the paper to the home town boys in the service, so I thought I would write and ask for it — for it would seem

pretty good to get the home news and read how everybody is and what they are doing.

Don Fry is at this camp with me.

I will appreciate it if you will send me the paper.

Sincerely
Pvt. Theodore Dorendorf.
Well, Ted, your paper begins this week.

At An Easter Camp
Dear Mac and Bill:

Just a few lines to let you know my new address. I wasn't lucky enough to get closer to home — but this looks more like Idaho, anyway. I am on the eastern coast, with not much to do except sleep, eat and rest.

Thanks a lot for the paper. I look for it every Monday at noon.

Sincerely
T-5 Ted Weyen

Sheppard Field, Tex.

Delmer M. Blankenship, son of Mr. and Mrs. Raymond Blankenship, Kendrick, Idaho, has graduated from an intensive course in airplane mechanics and now is prepared to blast the Axis as one of America's "commandos in coveralls," says an army dispatch.

Sheppard Field, near Wichita Falls, Texas, is one of the many schools of the Army Air Forces Technical Training Command, which trains the specialist technicians to maintain our mighty air armada. Delmer is now qualified to play a vital role in the army air forces ground crews that "Keep 'em Flying."

San Diego, Calif.
May 18, 1943

Dear McCrearys:

Just a few lines to let you know how much I have enjoyed the Gazette, and to inform you of a change in my address. I have been transferred from Farragut to San Diego, where I'll be going to "Sound School" for the next few weeks. The climate here is really enjoyable, since it never gets hot or cold, but I'll take Idaho any old day.

I want to thank you again for the Gazette. It is especially interesting to read about where all the rest of the fellows are, and what they are doing. Here's hoping the war will end soon and we can all come home.

As ever
Richard M. Reid, S 2-c
Camp Elliott, San Diego
May 21, 1943

Dear Mac and Bill:

I thought I had better inform you of my new address. I have been receiving the Gazette regularly, and a million thanks to you and those that help make it possible.

We have finished our training and expect to move out soon. I was almost beginning to like California until last night. We were on three-day maneuvers and some of us got lost. I ran out of water and it was one old dry time finding my way out of the sage-brush hills. The hills all looked the same, but we knew the general direction and with the aid of a bright moon, we made our way to camp.

Thanks again for the paper, and I hope everything is fine in the old home town.

As ever
Pvt. Everett Farrington.

New Tires!

We can sell you what we believe is still the best tire on the market — A Goodyear — in the size or grade your purchase permit calls for. Why spend precious gas and wear out rubber to buy that tire? Bring in that permit as soon as you get it. Remember they have an expiration date.

Recapping Service

On truck, pickup tires, where permits are required for re-capping, don't wait a minute after you get that permit. Bring in the tire and permit immediately — as there is often a long waiting list at the re-capping service station.

And when the tire inspector on your passenger car says: "Have it recapped," bring it to us — don't wait.
REMEMBER — We do not charge the customer any transportation costs. Therefore, this work really costs you less if sent in through us!

Fram Cartridges

Fram Filter Cartridges are available for almost every make and size of oil filter — and we have a large stock on hand. If you don't have a Fram Filter — use the next best thing — Fram Cartridge.
