Birthday Party

Mrs. George Brocke entertained a group of little folks May 25th, in the park, honoring her little son, Darrell's 5th birthday anniversary.

The afternoon was spent playing games, after which ice cream and birthday cake were served.

KLETHS HONORED ON GOLD-LETH WEDDING ANNIVERSARY

A group of neighbors, old time friends, and relatives, assembled at the home of Mr. and Mrs. A. Kleth, Big Bear Ridge, Sunday, to honor them on their Golden Wedding Anniversary.

The lace covered table was adorned by crystal candelabras holding tall golden tapers, and the beautiful three-tiered wedding cake was decorated with a miniature bride and groom standing under an arch, from which was suspended a tiny gold bell — the whole making a most attractive centerpiece.

The smaller table, where the bridal couple of 50 years ago, Rev. and Mrs. Nelson and Mrs. Peter Hesby were seated, had a crystal bowl of gold colored roses as the centerpiece.

A sumptuous dinner was served by the guests at noon.

Numerous large baskets and vases holding roses, tulips, iris and various other seasonal flowers were in evidence throughout the home, and added much to the already festive occasion.

The Misses Margaret and Betty Haldeth, accompanied by Mrs. Oscar Haldeth, sang "Silver Threads Among the Gold" and "Sweetest as the Years Go By."

Rev. Lloyd A. B. Nelson of Clarkston, Wn., read the impressive Golden Wedding Ritual, and turned back the pages of time in Memories Book of 50 years past, when on May 17th, Miss Mary Elide became the bride of Mr. Albert Kleth, in South Dakota. Rev. Nelson also presented them with a purse of silver, as a token of esteem and friendship from those gathered for the happy occasion.

A unique coincidence was that Mrs. Kleth's niece from Sioux Falls, South Dakota, arrived a few days before for a visit; and Mr. Kleth's niece and husband from North Dakota, arrived that very day, neither knowing of this rare anniversary.

The children present were: Mrs. Jack Peeler (Mabel) Orofino; Mrs. Joe C. Bowers (Bertha) Lewiston; Ingvold and Ole, at home; Ted, near Deary; Mrs. Ralph Kaye (Marie) Lewiston; Mrs. Ray Carlson (Esther) Spokane; Mrs. Floyd McGraw (Mildred) Kendrick; Mrs. L. Morrison (Othella) Moscow; Mrs. Virgil Wampler (Betty) Bremerton, Wash. could not attend. Several grandchildren and one great-granddaughter were present.

The guests departed extending congratulations and well wishes for many years of continued good health and happiness.

Pictured In Boeing News

Everett Weeks, former Kendrick resident, but who has now been with the Boeing Aircraft company at Seattle for about two years, was in town with Mrs. Weeks last Sunday, Monday and Tuesday, and visited with the Carl Cox family, and other friends.

Mrs. Weeks brought with him a copy of the current "Boeing News," which contained his picture. He is shown at work at his bench cleaning .50 calibre machine gun barrels, following their test firing at the Boeing factory.

Mrs. Weeks has been at his new job, test firing these guns, and adjusting them, for some time, and he says he really enjoys the work.

The article gives considerable information about these guns, "the darlings of the U. S. Air Force," a portion of which we print, as follows:

"The .50 calibre bullet measures five-tenths, or half, of an inch across its base; and it has measured many an Axis fighting man for his wooden toga. The .50 calibre machine gun is currently the darling of the U. S. Army Air Forces, and the Boeing Flying Fortress is fully equipped with 50s.

"The .50 calibre gun throws bullets at a speed of 1,800 miles per hour. They are deadly accurate for better than half a mile, and have a maximum range of more than four miles. Many more than 750 bullets can spit from the gun's muzzle in a single minute. Under a stream of such fire, Jap Zeros sometimes virtually disintegrate in the air."

Mr. Weeks states that the "more he works with them, the more respect he has for these guns and the planes that carry them. The bullets used are of three different types—regular, armor piercing and incendiary (or tracer) and when properly mixed in a belt and fired in one of these guns, the results are terrific."

James Emmett Passes Away

James Emmett, a pioneer of Big Bear ridge, and for many years a resident of Kendrick, passed away at his home here Sunday night, a few minutes before midnight, following an illness of many months.

He was 84 years of age at the time of his death.

Funeral services will be held today (Thursday) at 2:00 p. m. from the Community church, with burial at Wild Rose cemetery, Big Bear ridge.

Further details are lacking at this time, but will appear in next week's issue.

KENDRICK LOCALS AND PERSONALS TWENTY YEARS AGO

Little Roy Long suffered a painful bullet wound last Monday afternoon from a .22 calibre rifle. Blaine May was shooting at a mark on a tree when the bullet glanced and struck Roy just below a shoulder blade. It made a jagged cut about 1 1/2 inches long and a half inch deep. Dr. Seely was called and removed the bullet. The wound is not a serious one and Roy is getting over the experience nicely.

Of the eighth grade pupils taking the examinations, all passed but two. Clarice Leith made the highest average, 9 per cent. Maude Compton was second and Hazel Stanton, third.

Mrs. L. J. Herres, Wayne and Eleanor arrived here last Saturday from Kellogg, making the trip by car. They will make their home in the former Nelson property in the west part of town.

Charles McKeever and daughter Mable left Monday afternoon for Portland to be present at the graduation of Wallace from dental college. Wallace expects to open a dental office here within a few days.

George Barnum is making good progress with the construction of the buildings for his lumber business here. He expects to have them completed in time to handle this season's run of lumber from the Cedar Creek country.

Kester Dammarell returned home from Moscow last Saturday on the night train.

Last Friday evening Mrs. E. A. Deobald and Mrs. F. E. Erickson entertained the members of the Circle Card club at a delightful card party in the dining room of the Commercial Hotel. The evening was spent very pleasantly. Dainty refreshments were served at a late hour.

Robert Spencer and Miss Rita Leith drove to Spokane Saturday, where they spent the week-end at the home of Mr. Spencer's sister, Mrs. P. C. Paulson.

Mrs. Sam Bigham brought some head lettuce to town the first of the week, raised on her farm on American ridge, that would top the market any place. The heads weighed from a pound to a pound and a half each and were very firm and crisp. Local merchants said it was some of the best head lettuce ever brought to Kendrick.

Mr. and Mrs. E. A. Deobald attended the Rose Carnival at Lewiston the first of the week.

Mr. and Mrs. Claud Craig left on Thursday morning in their car for the mountains on a fishing trip.

Stony Point News — John Soumar and Cletis Holsington drove a bunch of cattle to Kendrick Saturday, where they were sold to Holbrook & Emmett. Leonard Fairfield helped Wm. ZumHofe plant beans, Tuesday.

Will Heimgartner and family were visitors at the Albert Heimgartner home Tuesday.

Cameron News — Some of the farmers are planting beans. Geo. Wilken and Gus Elum drove to Lewiston Saturday returning Sunday.

Little Helen Gertrude, daughter of Mr. and Mrs. Fred Newman, was christened Sunday, at the Lutheran church. The sponsors were Mrs. Fred Mielke, Mrs. Stoneburner and Miss Helen Mielke. The Luther League met for its regular monthly meeting at the Luther Hall. The entertainers were Alex Larson, Herman Siffow and W. C. Mielke. Miss Alma Finke was the week-end guest of Miss Bertha Eichner. Mr. and Mrs. Aug. O. Wegner announce the arrival of an 8 1/2-pound son, May 28th. Mr. and Mrs. Harry Wendt were Sunday evening dinner guests in the Blum home. Mrs. Fred Siffow and children spent Sunday afternoon in the Carl Koepf home.

Southwick News — John Heath visited in this vicinity the first of the week. Harve Woodruff sheared Lettenmaier's sheep the first of the week. Hank Bleck has lost three work horses recently with mountain fever. Marion Helton moved over to Frank Souders last Sunday.

Fairview Notes — Mr. and Mrs. J. L. Glenn and son Roy motored to Lewiston Saturday evening. Roy who has been sick for some time, is taking medical treatments. Mr. and Mrs. Wm. Wolff and son Kenneth were Sunday visitors at the Herman Wolff home. Mr. and Mrs. Hugh Parks and daughter were Sunday dinner guests in the home of Mrs. Mary McCall. Mr. and Mrs. James Helton were visitors Sunday in the Frank Souders home at Crescent. Miss Agnes Byrne was quite sick for several days last week, but is better now. Mr. and Mrs. T. H. Daugherty and family were Sunday guests in the R. B. Parks home.

Sale Now Going On

As this paper is being printed and mailed Angus Fry is holding a public auction sale on the Billy Bond place, 1/4 mile down on the first bench, in which he is selling a goodly list of milch cows, swine, horses and farm equipment.

Bill may be seen about town advertising the event.

CASH WHEAT PRICES SHOW SLIGHT RISE IN NORTHWEST

Cash wheat prices at Portland registered slight advances during the week ending May 28, the U. S. Department of Agriculture reports. The market firmness reflected principally the extremely light offerings by growers at country points, since demand remained slow from all classes of buyers. The principal midwestern markets, feed grains and rye, held the spotlight during the past week and prices advanced briskly while wheat held barely within an uncertain range. Feed grains were strengthened by late corn plantings; steady absorption of old crop supplies, and near exhaustion of CCC feed wheat offerings. Trade in the wheat market was still hesitant as mill demand was only fair and handlers were inclined to await pronouncement of the 1943 loan rates.

At Portland ordinary classes of wheat were up about 1c and protein hard whites 2c per bushel higher compared with a week ago. The cash wheat market situation was very quiet, principally reflecting the very small offerings from the country. Demand, however, was slow at Pacific Northwest terminal markets. Some moderate business to the mid-west would have been possible during the week had wheat been available at Portland. Mills reported new flour business slow both foreign and domestic. Sales for export to the Americas under the indemnity plan were light. Wheat receipts at Portland were 153 cars against 173 cars last week. Puget Sound and Columbia river terminals, including Portland, had 450 cars compared with 466 cars a week ago. These receipts principally represented CCC steady moving from country points to the coast terminals. Grain continued to make slow growth, with prospects fair to good, according to reports. Generally, warmer weather is now needed in Pacific Northwest grain producing districts. Spring grains are mostly up to good stands, but growth is slow.

Cash wheat bid prices at Portland on May 28 showed soft white at \$1.26; soft white, no Rex, \$1.28; white club, \$1.28; western red, \$1.28; hard red winter \$1.27 1/2, all basis No. 1 grade in bulk, 15-day shipment for coast delivery.

The San Francisco wheat market was dull with a slightly weaker tendency with quotations averaging around 2 1/2c per 100 lower compared with a week ago. Offerings were light, but appeared increasingly difficult to place because of the slow demand from all classes of trade. Bay region mills reported continued slow flour business and showed only scattered interest in wheat for immediate requirements.

Wheat futures at Kansas City finished the week at prices relatively unchanged from the previous period. Values were strengthened in mid-week, influenced largely by the suspension of the CCC feed wheat program and the strong position of feed grains, resulting from a plea by Russia for increased assistance in meeting national food requirements. Production prospects have also been reduced by floods in eastern areas, while in western Kansas, Oklahoma and the Texas panhandle, the crop has deteriorated from insufficient rain. Wheat futures in this market were moderately lower, and total arrivals dropped to 687 cars, the smallest in several weeks.

Cash wheat receipts at Minneapolis were a little larger and amounted to 2,007 cars for the week. While much of it was CCC wheat, the larger movement had a tendency to unsettle the demand and premiums held barely steady. Some of the wheat now being moved from the present country to terminal storage represents high protein grain and this tended to narrow the demand for the high protein lots.

Winter wheat showed some improvement in the eastern Ohio Valley but progress was only fair in central and western parts. Considerable damage resulted from the floods and where not flooded or washed out, prospects ranged from poor to good. Wheat is generally heading in Kansas but growth was retarded by excess moisture in eastern portions and dryness in the western third of the state. Progress of the crop was good in Nebraska with some headed in southern parts. Much of the Oklahoma crop is heading but prospects are only fairly good. Improved conditions were reported in most of the Texas with the crop ripening rapidly and harvesting starting in the central section. Spring wheat seeding was nearing completion throughout the belt. Cool weather caused a vigorous root system and heavy stooling in North Dakota.

Wheat crop prospects in Europe continued generally favorable except in the southern and eastern countries. Hot, droughty weather caused a continued deterioration of crops in the Balkan countries and crop failures are feared. Corn acreage in these areas is below expectations.

Supplies of wheat owned by the Commodity Credit Corporation following the taking over of loan wheat at the close of April, are 30,000,000 bushels, of which 25 to 30 million bushels have been sold since May. The corporation held about 88 million bushels of wheat on April 30, and approximately 72 million bushels were in positions where the corporation would take title under loan provisions. Sales of feed wheat by the Corporation have almost reached statutory limitations, according to officials of that organization, but exact data as to remaining holdings are not available.

Miss Mildred Holt, who has been here the past two weeks visiting relatives, left Thursday for her home in Los Angeles, Calif.

Mrs. Vera Stewart, accompanied by George Smith and her brother and his wife, Mr. and Mrs. Fred Poe of Moscow, left Saturday night for White Bird to attend the funeral of her mother, Mrs. Gatlin.

Miss Barbara Long arrived home from school Wednesday.

Dr. George W. McKeever and family returned Sunday evening from a week's trip to Seattle.

Mr. and Mrs. Gus Blum and children of Pullman were guests Sunday in the George Brocke home.

Mr. and Mrs. Herman Schupfer and Marilyn were Lewiston visitors Sunday.

Mr. and Mrs. Ig. Flaig and children and Mr. and Mrs. Bob Spencer and children of Coeur d'Alene were week-end guests in the home of Mrs. Stella Leith.

Mr. and Mrs. Silvie Cook and children of Spokane were in town over the week-end visiting friends. They spent most of their time with his mother, at Leland.

Mr. and Mrs. Paul Griffith and family of Spokane spent the week-end in the McCrory home.

Mrs. Warren Cox and Mrs. Ivan Craig and children, Jacklyn and David of Spokane were visitors over Memorial Day with friends and relatives in Kendrick. June Brown returned with them to spend a couple of weeks with Mrs. Craig.

Mrs. Roy Swanson of Lewiston came up for Memorial Day. She visited with Mrs. Emulus Brown and also visited with Mrs. Warren Cox and Mrs. Ivan Craig and family.

Mrs. Emulus Brown and Jerry left Wednesday to visit for a few days in Lewiston with Mrs. Roy Swanson.

Mrs. Uttke Passes Away

Mrs. Amanda (Meyer) Uttke, wife of Ferdinand Uttke, passed away at the Deaconess hospital in Spokane on Monday evening, May 24, at the age of 47 years, following a short illness.

Mrs. Uttke was born at Cameron, Idaho, October 21, 1896.

Following her marriage to Mr. Uttke they lived at Cameron for a short time, then moved to Spokane where they have lived for the past 20 years.

Funeral services were held on Saturday, May 29, from the Emanuel Lutheran church, Spokane, with Rev. John Grochupf officiating. Interment was in the Riverside cemetery, Spokane.

She leaves to mourn their loss, her husband, Ferdinand Uttke; two sons, Harold in the army, and Lawrence in the navy; one daughter, Lillian, at home. Two brothers and four sisters, Herman Meyer, Leland and August Meyer, Lewiston; Mrs. Alvina Groh, Spokane; Mrs. Sam Widmar, Kellogg; Mrs. Henry Brammer, Kendrick; Mrs. Carl L. Wegner, Pullman, also survive.

Lee-Thomas Nuptials

Miss Mary Caroline Thomas, daughter of Mr. and Mrs. John A. Thomas, Troy, became the bride of Pfc. Esten Lee, son of Mr. and Mrs. Anton Lee, Deary, on Friday, May 21st at 7:25 p. m. at the Lutheran church, Roswell, New Mexico, the Rev. H. C. Basel officiating at the double ring ceremony.

The bride was attired in a powder-blue street length dress with white accessories and wore a corsage of white gardenias.

Her attendant, Mrs. Wilmer Wettstein, wore a navy blue street-length dress with matching accessories, and a corsage of pink roses.

The groom's attendant was Sgt. Wilmer Wettstein, a friend of the groom.

Mrs. Lee is a graduate of the Troy high school with the class of '42. She was employed at the Manhattan Cafe, Lewiston, prior to her marriage.

Pfc. Lee was the owner and operator of the Conoco Service station at Deary prior to his induction into the army last November. He is attached to an A. B. squadron at Roswell, New Mexico, where the Lees will make their home for the time being.

Farmers Working Against Time

Farmers in this section have really been taking advantage of the good weather of the past week, and the roar and clatter of tractors could be heard day and night on the ridges about town — plowing, seeding, bean planting, etc., in short, taking every advantage of the weather in an effort to catch up on spring work, which is from three weeks to a month behind schedule.

Quite a number have completed bean planting — and quite a number needed just a few more hours or a "day or two or three" to complete theirs, when interrupted by the rains of Sunday afternoon and Monday.

It is sincerely to be hoped that the weather doesn't turn off too hot this coming week, or considerable "baking and clodiness" will result.

Grange Meeting

The Kendrick Grange held their usual meeting Tuesday evening of this week at their hall.

Following the business session a "scrambled word" contest was held, with Mrs. Walter Benscoter and Harry Benscoter emerging as the winners.

Refreshments were served at the close of the evening.

JULIAETTA NEWS ITEMS

Mrs. C. Browning, Mrs. John Peters, Mrs. Mary Ottosen and Donna Nye went to Pullman on Monday, where they will be employed.

Mrs. Patsy Lackey and Zada Long motored to Ahsahka Friday, returning Saturday morning.

Mrs. Mae McCall spent the week-end with her son and daughter-in-law, Mr. and Mrs. Jack McCall, near Culesac.

Mr. and Mrs. Lawrence Slead, Mrs. Prater and Mary were Lewiston visitors Tuesday.

Oliver Fix of Clarkston is visiting at the home of his grandparents, Mr. and Mrs. Ira Fix.

Mrs. Laura Irwin visited her daughter, Hazel, in Lewiston, over the week-end.

Woodrow Nye went to Spokane Monday for his final examination for the army.

Mr. Bryant, who has been on the sick list, was taken to a Moscow hospital Monday.

Mrs. O. E. Sworden and granddaughter, Shirley, of Corbett, Ore., are visiting Mrs. Sworden's sisters, Mrs. Fred Nye and Mrs. Herb Millard.

Mrs. Emma Vincent went to Craig, Mont., to spend Decoration Day with her daughter, Eva Sherman.

Clara Jessup, who has been visiting relatives at Walla Walla, Wn., returned to his home here Friday.

Sunday visitors at the Fix home were Mr. and Mrs. Will Dygert and Mr. and Mrs. Virgil Dygert, all from Lenore, and Mr. and Mrs. Wayne York and children of Lewiston.

Mr. and Mrs. Floyd Millard were Lewiston visitors Saturday.

Mr. and Mrs. J. F. Nickens spent the week-end here visiting Mrs. Nickens' mother, Mrs. Herb Millard.

Medal For Essay

On the back page of the Commencement Program for the U. of I. this year, appears the following, which is self-explanatory:

"American History Essay Contest — Alpha Chi Omega placed first among campus group in the nineteenth annual contest sponsored by the Sons of the American Revolution, thereby winning possession for the coming year of a bust of Washington designed by Bianchini. A silver medal is awarded to Barbara Jean Long of Kendrick for her essay, 'Martha and I'."

Such honors are not frequently given and Barbara is indeed to be commended.

Witness Graduation Ceremony

Mr. and Mrs. E. A. Deobald and family and Mr. and Mrs. W. A. Watts drove to Moscow Monday morning to witness Commencement Exercises at the U. of I. in which their daughter and daughter-in-law, respectively, Mrs. Joe Watts, was one of the graduates.

Mr. and Mrs. R. L. Blewett also drove over to witness the ceremonies, Rex Blewett being one of the graduates.

Mr. and Mrs. E. V. Weeks, now of Seattle, also were present, as their son, Nolan, was another of the graduating students.

Mr. and Mrs. L. W. Mason also attended these exercises, as Mrs. Mason's sister was one of them.

Locusts In Bloom

Saturday of last week the locust trees in Kendrick began to burst into full bloom — and Sunday, just before the rain began, the air was heavy with their scent.

Not only are they a pretty sight, but the odor brings spring reminders to the nose as well as to the eyes.

Truly, Guy Foster "hit the nail on the head" when he said he had never seen a prettier sight.

The rains of Sunday afternoon and Monday, however, rather spoiled the blooms' appearance, but the scent was there just the same.

Real Rhubarb Stalk

Herman Schupfer brought a stalk of rhubarb to the Gazette office last Thursday afternoon, the leaf of which measured just three feet across and which stood three feet and seven inches in height. The stalk was plenty big enough around to carry the huge leaf.

This giant was raised in the Otto Schupfer garden near Juliaetta. And when speaking of Victory gardens, it certainly can be said that this rhubarb plant was doing its part.

Likes Spokane

In a brief note to the Gazette, Mrs. Jack Haacox, Spokane, says in part: "We like Spokane so much. Were very fortunate in finding a nice place to live the second day we were here. . . So many have been here months and unable to find apartments or houses. . . Jack is with the War Dept., Army Air Force, Intelligence Dept., for the duration, and likes his work very much."

Red Cross News

Mrs. Lester Crocker has charge of Red Cross sewing during Mrs. A. O. Kanikkeberg's absence. Anyone willing to help with this work please contact her.

The surgical dressing unit is now in charge of Mrs. Wm. Watts, since Mrs. Hiram Galloway is on the coast. More dressings than ever are needed this month, so be sure to come out and do your bit.

New Books For Library

A new shipment of books from the state library arrived this week and are now available at the local library (Long's Store).

One day a week has been eliminated from the schedule, however, and books may now be taken out only on Saturday afternoons and evenings.

Double Feature At Theatre
 Another double feature program is to be shown at the local theatre this week-end.
 The first offering of the evening will be Walt Disney's world famous full-length feature, "Bambi," said to be a companion piece to "Snow White and the Seven Dwarfs." This feature is all in technicolor, and undoubtedly will prove of supreme interest to young and old alike. It is said to be one of the tenderest love stories ever filmed — and yet this story doesn't concern a human being!
 The second feature of the evening will be Guy Kibbee in "Scattergood Rides High." The Scattergood Baines stories are familiar to all, and need no further introduction. In addition, the usual cartoon will appear.

Cattle Going Through
 Quite a number of herds of cattle have been going through Kendrick the past few days on their way to the mountains for summer pasture.
 This "migration" is about three weeks later than usual — but then the whole season is about that far behind schedule.

NOTICE TO WATER USERS
 Beginning this month, June, 1943, all water bills due the Village of Kendrick must be paid at the Farmers Bank, Kendrick, not later than the 20th of the month. No further individual collections will be made about town.

Lumber Of Real Importance
 A telegram from General Eisenhower, commander-in-chief of the allied forces in Africa, relayed by the War department, reached Potlatch Forests, Lewiston, last Tuesday, calling employees attention to the dramatic fashion to the importance of lumber as a war material.

General Eisenhower's telegram, as forwarded by the War department, read: "This message from the Commander-in-Chief of the Allied forces in Africa is relayed by the War department. Our fighting men, standing shoulder to shoulder with our gallant allies, the British and the French, have driven the enemy out of North Africa. In this victory the munitions made by American industry, labor and management played a very important role. There is glory for us all in this achievement. Eisenhower, General Commander-in-Chief of the Allied forces in Africa."

Although lumber was not specifically mentioned in the telegram, the reference made to munitions was understood by the War department to include the wooden boxes in which munitions were transported to that battle front.

Favorite material for boxes and crates that carry munitions, foodstuffs and repair parts to the war fronts is softwood lumber such as that produced in the Inland Empire and on which the WPB recently placed a restrictive order limiting certain species and grades to the manufacture of boxes and crates. In fact, the box and crating division of the lumber industry is the only part of the industry that will be called upon to greatly increase its output in 1943 as compared to 1942, says WPB officials, who are concentrating attention on the need for box and crating lumber.

"A considerable quantity of the munitions mentioned by General Eisenhower in his telegram probably found their way to Africa in lumber produced by our company and other Inland Empire mills," said C. L. Billings, vice-president and general manager of Potlatch Forests, Inc. "We are glad to have this evidence of lumber's war work for our files and to pass word of it along to the men who got out the logs and the lumber."

New Mail Address System
 The new method of speeding up mail deliveries, through addition of a branch postoffice number to the address on mail for delivery in large cities, is being placed in operation rapidly. Reports from many cities indicate that it has been received enthusiastically by the press, postmasters, business concerns and the public.

Within a few days after initiation of the plan, under instructions of Postmaster General Frank C. Walker, nearly all the postmasters in the large cities affected had assigned postal unit numbers to their branch offices, millions of residents had been advised of the number to be added to their addresses, and a considerable volume of mail already was carrying the numbers assigned. By June 15 it was expected that practically all whose addresses are affected, will have been notified of their postal unit numbers.

The new system speeds up the separation of mail for distribution to branch offices and permits much more rapid handling of mail by inexperienced postal clerks, thousands of whom have been employed to replace personnel who have gone into the armed forces and into war industries.

An example of the new type of address is:

THE OLD JUDGE SAYS ...

"Glad we ran into you, Judge. I was just tryin' to set Helen straight on this business about sugar. I wish you'd tell her what you told me last night down at lodge."

"Glad to, Jim. I told him, Helen, that there's not a single bit of truth to the rumor that the distillers use sugar in making whiskey. They make it exclusively from grain. Only bootleggers use sugar to make whiskey. I read an article in the paper just last week that goes to prove it. It told how a confessed bootlegger in a Federal court testified to the fact that another bootlegger, also on trial, had bought a million pounds of sugar a few years ago."

"As a matter of fact, Helen, no distiller is making whiskey today and hasn't for many months. All distillers are working night and day producing war alcohol for the government. And they make every drop of it exclusively from grain, too."

NOTICE OF ANNUAL MEETING

Your attention is again called to our annual meeting, which will be held on Saturday, June 26 — and every stockholder is urged to come out and learn of the fine progress this institution has made to date.

Co-operation Pays In Every Way

Ever see a car get stuck in the mud? Of course you have. Then, along came a man or two or three, and co-operating with the car's motor and driver, they extricated that car from the mud — that's co-operation. So, co-operate with this institution and watch your cream profits grow.

Chicks Be Available

Chicks will again be available after July 1 — in White Leghorn and Legorens, only. Place your order now.

"Do you think your son will forget everything he learned in college?" asks Dr. Cuttem. "I hope so," replied his friend. "He can't make a living necking!"

Father: "That young man of yours stays very late. Doesn't he know how to say good night?"

Daughter: "Oh, yes, dad; better than any other boy I ever knew."

A homely girl approached the information desk at the depot and asked for a time table.

"Here's your copy," said the clerk.

"Well, I hope I won't go wrong," replied the girl.

"With that may of yours," replied the attendant, "I don't see how you can."

A Miami Beach woman sought a divorce in the grounds her husband's main interests were "wine, women, song — and slow horses."

WORD FROM LOCAL MEN IN OUR ARMED FORCES

From Overseas

May 22, 1943

Dear Mac and Bill:

I received a Gazette today and was certain glad to get it. It sure seems good to be able to read all about the home folks and what the other boys are doing in the service and where they are.

I have gone through aviation, radio, gunner and "radak" schools since I joined the service, and am now in a squadron somewhere in the Pacific. I have been on two flights since being stationed here. I sure enjoyed them.

I sure had a swell trip over here. The first day out was really rough and most of the boys had a bad case of sea-sickness before night. I was in the hold of the ship the first day out and a coxswain came through looking for recruits for the mess hall. As I was still able to navigate I was elected — so was pretty busy for the rest of the trip. We were six-and-a-half days on the water.

This is surely a lovely country here. It reminds me a lot of Kendrick in the spring of the year — and I don't believe I have ever seen a prettier place than Kendrick when the locust are in bloom and the hills are green — it nearly makes me feel at home, anyway.

Thanks ever so much for the paper, and tell all the folks "Hello" for me.

Sincerely yours

Guy L. Foster, S-1-c

Note: The above is the only letter or note received this past week from service men. They, like our correspondents, evidently are plenty busy these days — but we're sure they'll "loosen up a bit" in the next week or two.

How about it, fellows?

TEAKEAN GOSSIP

We had a nice warm rain Sunday night and Monday.

H. L. Ogden had his house wired for electricity last week.

Mrs. Merton Preussler went to Lewiston last Friday with Mr. and Mrs. Asa Choate. She had her eyes tested and will be wearing new glasses soon.

Mr. and Mrs. Carroll Groseclose and baby, Mr. and Mrs. Earl Choate, Mrs. Ed. Choate and Mr. and Mrs. Sam Harp were Orofino visitors Saturday.

Mr. and Mrs. Orval Choate went to Lewiston one day last week and brought Mrs. George Wells home from the hospital. She is now at the home of her son, Arlos Wells, in Juliaetta.

George Wells and sons Walthan and Shelton were visitors Sunday at the Orval Choate home.

Mr. and Mrs. Wm. Groseclose called at the home of Mr. and Mrs. Louis Schlefer Sunday afternoon.

Rev. Enoch Willman of Leland, and his father, from Spokane, were over-night visitors at the Wm. Groseclose home last Friday night.

Mrs. Orval Choate and daughters Alda, Alice and Agnes, and Mrs. Wm. Groseclose went to Cavendish for church Sunday evening. Rev. Willman's father, from Spokane, brought the message. There was also Communion Service.

The fruit trees here are blooming nicely now. We hope to have a good crop of prunes, pears and apples this year.

DeWitt Penland came up from Juliaetta last Saturday.

Mrs. Claude Browning, Sweetwater, visited relatives and friends here last week.

Mrs. John Lind has been suffering with a lame back.

The Ladies Aid still meets for all-day work on Wednesday. They now have a quilt in the frames for Mrs. Earl Choate.

E. E. Rogers of Peck came over to the Wm. Groseclose place and got a truck-load of cedar fence posts last week.

Wm. and Carroll Groseclose have been working in the strawberry patch. There promises to be a good crop of berries, but they will be later than usual.

More Measles

Oscar Slind is trying desperately to keep us with his children these days — and has just finished a tussel with the 3-day measles.

AMERICAN RIDGE NEWS

(Delayed)

The American Ridge school closed last Friday. Because of the uncertain weather their "last day" picnic was held at the Frank Benscoter home. Baseball, croquet and other games were enjoyed and all reported a good time. Mr. and Mrs. Nora Callison, Joanne Glenn, Nita Benscoter and Orville Roberts were invited guests.

The George Havens family have all been ill with the flu. They are reported "improving."

Mrs. Nora Callison attended the Commencement Exercises of W. S. C. Monday morning. Her nephew, Robert Weaver, was one of the graduates. He is a reserve officer and will be inducted into the army at an early date.

Mr. and Mrs. Lawrence Jacobs and daughters Mary Katherine and Francis, of Nez Perce, were dinner guests at the Frank Benscoter home Saturday. Miss Bernice Jacobs accompanied them home, where she will spend her summer vacation.

Mr. and Mrs. Walter Benscoter and son Jack and Mrs. Harry Benscoter were Lewiston visitors Saturday.

Nancy Lee Callison has been on the sick list.

Civilian Clothing Supply Good

Production of woolen and worsted woven fabrics in 1942 reached a new all-time high of 525,000,000 linear yards, the War Production Board reported on the basis of preliminary tabulations.

The output represented a five per cent gain over the former record of 501,000,000 linear yards produced in 1941, and was almost 20 per cent greater than 1939 production.

All military requirements were met on schedule, with yardages required for military purposes representing approximately half of the total industry output.

Production of essential civilian fabrics was maintained at relatively high levels, compared with 1939, with the exception of fabrics made primarily for men's civilian apparel. A lowered output of these latter types of fabrics reflected primarily the large numbers of men going into the armed services and the resultant reduction in demand.

However, it was pointed out that substantial inventories together with new stocks were sufficient to meet all requirements. Current reports on the supply picture indicate that manufacturers and distributors continue to carry adequate stocks of men's clothing.

In the case of woolen and worsted fabrics for women's clothing and general use, the tabulations show that production last year attained 98 per cent of the output in 1939.

The recent action of WPB in doubling the wool quotas for essential civilian fabrics is expected to make an additional 75,000,000 pounds of wool (grain basis) available for civilian needs. This is further assurance that there will be adequate supplies of clothing for civilians during the fall and winter of this year, it was pointed out.

Cabbage Worms A Pest

Have you ever associated those white butterflies that begin to fly about the garden in early spring with the green caterpillars that you find on your cabbage? They are one and the same insect!

This insect over-winters in the pupal stage and early in the spring the white butterflies emerge from the pupae to lay an egg on the underside of a leaf of cabbage or related plant. Each egg gives rise in about a week to a very small greenish caterpillar which feeds voraciously on the leaves and reaches a length of an inch or more in about two weeks. The caterpillars are intensely green, except for a slender orange stripe down the middle of the back, and they have a velvety appearance, due to numerous, close-set, short hairs, which cover the body. We are all familiar with the damage this insect causes, and we have always used paris green or lead arsenate to kill them. The outer leaves should be removed before the cabbages are used in order to remove any poison residue.

More Canned Foods

Civilian will gain 30 million cases of canned fruits and vegetables as a result of reduced government re-

quirements, the War Food administration has announced. The reductions are mainly for corn, peas, spinach, tomatoes, snap beans, fruit cocktail, sweet cherries, peaches, pineapple and pineapple juice.

Since the 1943 production is not known, current point values for these items will not be immediately affected.

New Tires!

We can sell you what we believe is still the best tire on the market — A Goodyear — in the size or grade your purchase permit calls for. Why spend precious gas and wear out rubber to buy that tire? Bring in that permit as soon as you get it. Remember they have an expiration date.

Recapping Service

On truck, pickup tires, where permits are required for re-capping, don't wait a minute after you get that permit. Bring in the tire and permit immediately — as there is often a long waiting list at the re-capping service station.

And when the tire inspector on your passenger car says: "Have it recapped," bring it to us — don't wait.

REMEMBER — We do not charge the customer any transportation costs. Therefore, this work really costs you less if sent in through us!

Fram Cartridges

Fram Filter Cartridges are available for almost every make and size of oil filter — and we have a large stock on hand. If you don't have a Fram Filter — use the next best thing — Fram Cartridge.

Salt Your Hay

THIS YEAR — MORE THAN EVER — IT WILL PAY TO SALT YOUR HAY

Because of the unusually heavy foliage, and damage by rain, it will pay you more than ever to salt your hay.

A few pounds per ton will make the hay more palatable to animals, besides reducing the hazards of fire by spontaneous combustion.

We have an ample supply of this salt.

You will find our price most reasonable.
