"I can't think of anything else you'll need for your Victory garden, Judge...you've got pretty nearly everything.'

"I think so, too, John. Ever get your asparagus patch going?"

"I gave that up last year, Judge. Tried it six years in a row with no luck. Just haven't got the right soil, I guess?"

"Well, I think you're wise, John ... no use keeping on trying things you know won't work. Just like prohibition. State-wide prohibition has been tried in this country

seventy-two times in the last ninety years. It has been adopted forty-seven times in the past thirty-three years and discarded everywhere except in three states. Same thing was tried in eight provinces in Canada and in Norway, Sweden, Finland and Russia but it was an admitted failure and universally abandoned.

"The reason is prohibition does not prohibit. All you get is bootleg liquor instead of legal liquor, plus no end of crime and corruption."

WORD FROM LOCAL MEN

Camp Carson, Colo.

Dear Mac: Thought I had best tell you that my address has changed a little.
I am still at the same camp but in a new batallion. I've been getting the paper regularly now for some time, and I want to thank you a lot for sending it.

Mac, I was looking at the paper tonight, and I saw the list of men on the Honor Roll, but I didn't see either Floyd or Theodore Dorendorf in it. They are both in the service.

Sincerely, Pvt. Herman Loeser. Note: Thanks for jogging us up. We'll see to it that the names of the Dorendorf boys appear.

Dear McCrearys: Just a short note to let you know am receiving the Gazette regularly and appreciate it very much.

News from home is something all of we boys look forward to all the kane.

I'm just one of the kane. gang when the newspapers are being passed out. I like to get them as well, if not better, than the rest. Thanks a lot to everyone for sending me the paper.

as far as writing and thanking you for the paper is concerned. Gee, I guess it's been over a year since I wrote you. I did drop in to see you in January, however, so maybe that doesn't make things quite so bad. I want to tell you right now, though, that I do appreciate it very much. Not only do I, but Myra really appreciates your sending it as I always take it home with me for her to read. I've received it for over two years now, and I think I've only missed about four copies, which was due to my being sent to a diffirent station. It's really

darn swell of you to send it—
thanks a million.
In the last paper I was noticing in particular the "Honor Roll" of the men in service from Kendrick and surrounding section. Say, that's quite a list of them, isn't it. I never realized there were so many of them. There were two fellows names that I didn't see on the list. Of course there may have been a reason for it, but I'd like to mention their names anyway. When I left to go amination for army service, into service Sidney Clemenhagen was in the army and also Ervin Halseth. Are they still in service other neighborhoods attended the

DOUBLE FEATURE

Stay, 1 really think it will be only a matter of weeks, however, before I leave. You see, we have pretty official dope that the Waves are going to take over our jobs before long. Their jobs are to release men for cative sometimes are to release men for active service, so, putting two and two together, I should find myself on the high seas before the war is over, anyway.

I was lucky enough to make another rate the first of June. I am now Pharmacists Mate 1-c. I feel quite proud of the fact, but luck has been with me or I never would have rated as fast as I have.

About the only fellow from Ken-

drick I ever see down here any-more is Don Jones, who is just a short way from where I am stationed. By the way, he mentioned the fact that he hadn't been receiving his Gazette lately. No doubt it is because of a mix-up in the mail, Singing, dancing, fighting — the but he really misses all the home old west at its best — or worst! town dope and reading about the town dope and reading about the men in the service.

I noticed where Dick Reid was now in San Diego going to school. Would like very much to see him, but I don't have the see him, but I don't have the slightest idea where to look him up. Would appreciate it if someone could let me know where he is stationed. Either that, or let him know where I am—at the Marine Corps Base, Main Dispensary.

I was really glad to have Myra back with me once again. She was only in Kendrick a short time, but it seemed like at least a year. For child star — now see her in a the information of her friends there, grown-up role that you will enjoy. she is fine and feeling swell.

Well, Mac, I guess I've about exhaused my source of news, so I'll close by thanking you once again for your faithfulness in getting the paper to me every week. Thanks a million, you're really doing we fellows a good deed.

Please tell everyone "Hello" for

Myra and myself. As ever
