Binding Twine Lumber

More than 500 Potlatch Forests, Inc., men are serving their country in the armed forces! The rest are busy producing lumber faster than over before to speed the day when those 500 can get back home.

THERE WILL BE LUMBER !! ... PLENTY OF IT !! FOR WAR AND LATER FOR HOMES!

section, although the peak of crop is said to be past.

The big orchardists are grateful for the help given them by local residents, as well as outside aid and there are still many tons of the lucious fruit hanging on the trees.

Last Sunday more soldiers visited the Asa Cook and Gregory orchards and helped with picking, plus many from the surrounding country. If you are willing to pick cherries,

hay, hoe beans, etc., register at Kenny's Confectionery — there is work for all.

More Aid Received

Saturday of last week the American Ridge Red Cross organization gave \$5.00 toward Gazette subscriptions being sent to boys in the armed forces all over the world. At the present time we know local boys are in India, Iran, Alaska, the Hawaiian Islands, New Guinea, Australia, England, Ireland, North Africa - and very likely some in Sicily! Not to mention those in the navy

who may receive their mail at farflung ports-of-call. We want to say "Thanks" to the

American Ridge folks on our own behalf, as well as for the boys in service.

Wheat Into Lewiston Some new wheat was said to have been received in Lewiston Tuesday of this week, harvested from the valley ranches, and some early barley also had arrived. Locally, however, it is believed that it will be from ten days to

three weeks before new grain will be ready for the sickles. Lewiston stated that their harvest was about two weeks behind the regular schedule, the first wheat

generally coming in about the last week in June. And the Potlatch, too, is behind, probably further than Lewiston.

Bible School

Bible School will start at the Steel School house on Big Bear ridge, July 19th, at 2:00 p. m. All children of school age and up are invited to attend. W. R. Johnston will be in charge, assisted by Carl Barber.

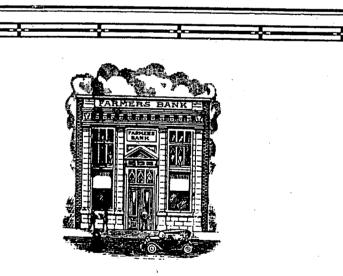

In St. Joseph's Hospital Mrs. Cletis Hoisington, Juliaetta, underwent an operation for the removal of her appendix Friday morning at St. Joseph's hospital. She is now resting easily.

To Leave August 7 Bob Lind received a letter this week from Donald Stroh, saying he had been accepted for limited army service, and would report for duty August 7.

History says that Rome wasn't built in a day — but we'll bet that American fliers could take it apart in a day.

Yes, we all have work to do on the home front, but we aren't going to sleep on the job. For example, did you know that electric lines of the Washington Water Power Company are inter-connected with Grand Coulee, and that eleven major power systems—both public and privateare joined in the states of Idaho, Montana, Oregon, Utah and Washington for the efficient distribution of electricity? The continued operation of this power pool in time of peace should bring abundant electric service and low rates to all.

Successful farmers are saving money on oil ... saving the time commonly wasted changing oil . . . and protecting their motors by installing

FRAMS on their tractors.

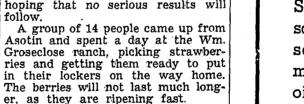

There is no doubt that clean oil will last longer than dirty oil, nor that motors lubricated constantly with clean oil will cost less in repairs. The **FRAM** Oil and Motor Cleaner keeps both oil and motor clean and free of dust, dirt, abrasives, sludge and harmful acids. That is why successful farmers are, equipping their tractors with **FRAMS** — saving money - saving their motors - saving time. Why don't you Investigate?
