KENDRICK LOCALS AND PERSONALS TWENTY YEARS AGO

It is reported that Juliaetta shipped 15 carloads of cherries this summer. The growers received from 7c to 10c per pound. Juliaetta tomatoes and apricots are now on the

Wm. Bozarth, said to be among the leading farmers of Idaho, and whose crop near Culdesac embraces about 1,000 acres, placed an order recently for 17,000 sacks for the 1923 harvest. Mr. Bozarth remarked that his crop would measure up to the 1916 production, when his spring grain returned 35 bushels an acre and his fall grain gave him 45 bushels ep racre.

The man who shocks wheat all day this harvest season in the Potlatch section earns his money. The bundles are reported to be exceptionally beavy and the heads are filled from

sons in the Wittman family.

Mrs. Harry West of Peck arrived the first of the week to visit with relatives here. Mrs. West is a sister of Norris and Floyd Walker.

Harry Ameling and Frank Brocke had a narrow escape from serious injury last Saturday evening while returning from the Cavendish country. They were driving Harry's Dodge runabout at a pretty good "clip" when the car swerved, jumped a ditch and struck a bank headon. The only damage done was to the car, which came through with a bent fender, bent axle, and other minor injuries.

Mr. and Mrs. E. H. Dammarell, Ruth, Bobbie, Kester and Quentin left early Wednesday morning for a camping trip at Priest Lake.

Fred Mielke of Cameron brought in the first load of new wheat to the local warehouse. It was threshed Thursday. Forty-four acres on his place averaged 32 bushels to the acre. Part of the field yielded as much as 40 bushels — and the rest not so good - but all in all, it made a very good average.
Southwick News Items — The hay

crop in this vicinity is nearly all up. Most of the farmers are now cultivating beans, which are beginning to look very promising. Some winter wheat is being cut. The straw is very long, but the heads also are Spokane this week. long, and there should be a bumper crop — at least we hope so. . . . Notice To Subscribers

Faced with the rapidly advancing prices of newsprint, inks, metals, and all other materials entering into the production of a newspaper, we find that we will be forced, beginning September 1st, to advance the subscription rate of the Kendrick Gazette from \$1.50 to \$2.00 per year.

Until September 1st, however, we will continue to accept new subscriptions and payments on old subscriptions at the rate of \$1.50 per year. We cannot, however, accept any subscription at the old rate for more than one year in advance of the present expiration date.

We had hoped that OPA would hold the price front and we would not be forced to take this step. However, prices are continuing to advance and we must raise our subscription rate in order to stay in business.

THE KENDRICK GAZETTE

WHAT KENDRICK FOLKS DID OVER THE WEEK END

L. W. Mason came down from his work for P. F. I. near Bovill Saturday afternoon, spent the week-end at his home here, and then he, accompanied by his family, went on to Moscow, where Mrs. Mason and the children will spend the next three weeks with her parents, Mr. and Mrs. Henry Hoffman. Mr. Mason ex-pects to be in Kendrick briefly each Saturday afternoon if anyone desires to contact him about school work. Mrs. Clifford Davidson drove to Spokane Tuesday morning, accompanied by Mrs. W. L. McCreary and

son Parker, all of whom will visit relatives. They will return the latter part of the week. Teddy Deobald, who is employed by

CHURCH NOTICES

Potlatch Creek Parish The Methodist Church Roy H. Murray, Minister

Church School in Kendrick and all Services at American ridge are in vacation during August. All preaching services in the parish will be in vacation August 22 and 29.

The services at American ridge are in mates based upon the rough general cost of other state elections.

In 1942, for instance, Ada county cast 16,000 votes, and the total cost of the cost of the rough general cost of the

vacation during August. All preaching services in the parish will be in vacation August 22 and 29.

Next Sunday the pastor will bring the third of his series of sermons on questions put to Jesus and his answers to them. You are invited to worship with the congregation at Arrow, Kendrick or Juliaetta at the regular preaching hour.

cost of other state elections.

In 1942, for instance, Ada county cast 16,000 votes, and the total cost to the county was \$16,000, making approximately \$1 per vote. But there were two elections, primary and general, so the figure per vote must be cut in two.

It is probable that the recall election would bring out close to 200, regular preaching hour.

RECALL ELECTION WOULD COST ABOUT \$100,000.00

A special recall election on the governor would cost in the neighbor-hood of \$100,000, according to esti-

tion would bring out close to 200, 000 votes.

Bearing in mind that these Bearing in mind that these fig-ures are for Ada county, with the largest vote in the state, it is probable that the cost would be pro-portionately greater per vote in the smaller counties, since there are certain overhead costs which must be met whether the vote in a given precinct is ten or a thousand — hiring the polling place, judges and clerks, advertising. Of course the smaller counties would need fewer ballots, and in many precincts the double election board would not be neces-

sary.
Printing costs of course, would not be so heavy in the recall election, but the advertising cost might well be heavier, if the petition is a long

In addition to the expenses listed above, there will be heavy private expenses for the proponents and opponents of the various recalls. This is difficult to estimate, for a lot depends upon how many volunteer workers the Townsendites can round up, but at the best it will run into important money, for they, as backers of the recall, must have petitions printed, bearing a printed outline of the recall arguments; in addition they are entitled under the law, to print booklets for distribution explaining their arguments for the pro-posal. Those affected by the recall,

of course, will not be so heavily burdened financially.

The backers of the fish and game initiative in 1938 estimate it cost them \$4,000. Much of the expense of their campaign was eliminated, of course, by the fact that they had volunteer workers, which will be true also of the Townsendites.

The problem of the Townsendites also, is less than that of the game people, for they do not require so

many signatures.

The monthly quota for this state wide average, and in the smaller, is 1,230,500 pounds and collections more sparcely settled counties, the cost per vote will probably substan-

totaled 573,365 pounds.

Nevada, which collected 97.5 per cent of its quota of 9,500 pounds, led the western states in waste fats collections and ranked second nationally.

Arizona, with a quota of 75,500 pounds, collected 22,943 pounds.

Idaho, whose monthly quota is 82,000 pounds, collected 27,826 pounds.

Solve in mind probably substantially exceed that figure.

Large, thickly settled counties, fairly compact, with large centers of population — Ada, \$15,000; Bingham, \$5,000; Bonner, \$3,600; Bonner, \$10,000; Bannock, \$10,000; Nez Perce, \$6,000; Shoshone, \$4,200; Twin Falls, \$8,200.

Bear in mind that these figures are passed upon probable rock-bottom ounds. based upon probable rock-bottom Oregon, with a quota of 195,000 expenses under favorable circumstances.

the 25 per cent median set forth here include - Adams, \$1,000; Bene-First Wheat In

Beats All Axis In Steel Output

U. S. Now Shown Far Ahead Of Best Enemy Nations Can Produce.

WASHINGTON. - Production of steel in the United States is far ahead of the best the Axis nations can do, according to the War Production board's iron and steel branch.

Axis steel production, including the German-controlled countries of Europe was about 74,000,000 ingot tons in 1941 whereas this country produced 82,927,557 tons last year

and will top 86,000,000 tons this year.

More than 75 per cent of the country's steel output of 5,300,000 tons a month, is now going into direct war use and the remainder into such essential industries as railroad machinery manufacture, and the like, David F. Austin, acting chief of the iron and steel branch said. He added that 80 per cent of the steel being produced is being delivered on ratings A-1-A, or higher.

Record Slace 1938. The 5.300,000 tons a month currently being delivered represents finished steel products, a reduction of about 30 per cent from inget pro-

duction of more than 7,000,000 tons. In terms of plates and snapes sheets, bars, pipe, wire, rails, and the like, the United States this year will turn out about 62,000,000 tons. This is slightly more than 70 per cent of the 86,000,000 ingot tons the nation is expected to produce. The remaining 30 per cent goes back into the furnaces in the form of scrap.

This is the way the nation's ingot production has grown since 1939:

1939: 52,798,714 net tons. 1940: 66,982,686 net tons. 1941: 82,927,557 net tons.

1942: 86,000,000 net tons (estimat-To make this increased production possible, steel-making capacity, as

distinct from actual production, has been stepped up correspondingly. At the end of 1939, it was 81,000,000 tons; 1940, 84,000,000; 1941, 88,000,-000. By the end of 1942 capacity probably will reach 93,000,000 tons and by mid-1943, 98,000,000.

In addition to the use of tremendous quantities of steel for weapons of war, considerable allotments also are going abroad into necessary construction, including hangars for airplanes, soldiers' housing, submarine nets and a wide variety of other products. Huge quantities also are required here for the building of new war plants and other essential requirements in connection with the

Balanced Program Sought.

The problem of steel, then, is one of proper scheduling and planning in order to come out even on a well-balanced war production program," Mr. Austin said. "We want to make just as many tank guns as we need for tanks, no more and no less. And that goes for everything

"Scheduling has been a tough problem so far. After Pearl Harbor we roared out to make all of everything we could. We stopped the production of civilian articles so there was plenty of steel available for every factory for a while. Now the time 'has come when the program must be brought into balance. It's just now that we must make demand of around 9,000,000 tons a month."

Buddies of 1918 Meet At Project Pass Gate

SACRAMENTO, CALIF .- Vernon Hollinshead, a deputy sheriff on guard at a California defense project, asked a worker to show his

pass before permitting him to enter. Recognition flashed simultaneously on the faces of the motorist and Hollinshead when the pass was produced. The driver was Manuel Maciel, of Sacramento, Hollinshead's buddy in France 25 years ago.

Both were buglers in the Seventh division, 247th field artillery. They had not seen each other since their war days.

Beach Umbrella Is Used To Screen Shop Robbery

PHILADELPHIA .- A beach umbrella is the latest addition to burglar equipment.

Thieves put up the umbrella in front of a store and went to work screened from the view of passersby. They cut out a panel in the door, climbed into the store and stole a radio, school supplies, candy and cigarettes.

They got the umbrella from a lawn in front of the store.

WORD FROM LOCAL MEN IN OUR ARMED FORCES

Corp. and Mrs. Edgar Lackey and Dear Bill and Mac: little daughter have been visiting was I glad to hear from all the fel-this week with the latter's parents, lows in the Service and also get Mr. and Mrs. Floyd Millard. Cpl. Lackey, a technician 5th grade, is at home on furlough.

Pvt. Archie Waltz returned home charge from army service. He says not realize what some of the fel-harvesting operations and help with lows are going through the fel-

Dear Mac and Bill: Now that I'm settled here for a while I'll give you my address.

We are a mile high here, and for were very short-winded. However, we are now getting used to it and getting so we can do more every day.

Tell lim To the reliows feel the same way — at least the ones who are really seeing action.

Guess I had better close for new.

day.

I was found to be qualified for Army Specialized Training Program (A. S. T. P.) and so will be sent to college for a period that may run as high as three or four years, following my completion of basic training. I want to say "hello" to every-

Sincerely yours

Pvt. Thomas H. Brown

Dear Bill. Mac. and All:

paper (April 8) which I can say is very much appreciated. I believe the United States. reason why your paper hasn't been coming through is that my address drick High school, enlisted in the has been changed. I'll have the folks Waves a few months ago. keep you informed of any changes

that may take place.
Still baking bread for the boys up front, and they really appreciate our product. We receive many compliments from both the enlisted men and officers, the highest ranking officer to give us a compliment being a two-star General — and that's something in the army.

I wish you could see the bakery. It's right in the jungle. When we ford Rutter and Ann are staying at first started we had natives to clear the Glen Betts home, while hauling the place, and then we started to poles. work. I have a few pictures taken of our setup and will let you see to continue his logging operations. them if and when I ever get home. He had laid-off to put up hay. The signal corps took a movie of Fred our set-up, so if you see it on the Friday. screen you'll know whose set-up it Little

Probably you know by now that Mrs. N. E. Ware, Kendrick got to see a number of the boys

be beautiful in peace time, but in war time — No! It's really funny in a way that this country doesn't seem to appeal to the soldiers like Oscar Lawrence home. it should. Just think how many peo-ple would pay a good price to go to the tropics for the winter and here we are getting it all for nothing. I guess that is life.

Money doesn't mean a thing here. The soldiers get payed, hold back a little for themselves, and then send the rest home. I could say that within a week after pay-day Uncle has it all back, either in soldier's deposit or money order. Lots of the soldiers gamble. The day of pay-day the stakes are high. I've seen as high as twenty pounds (\$65.00) a throw. That only goes on for about two days, then the stakes drop. Many times the fellows will make \$300.00 the next day the post office is visited. One fellow that I know sent home \$1,200.00 already this year, and another \$1,600.00 — not bad

wages for a soldier. I hope the 18-month bill goes through on foreign service. On the 4th of next month I will have had 17 months of it. That's a long time. I'll be an old man before long if I don't watch out.

time — let's hope so anyway. As Ever

Roy Long. Ed's Note — Roy's return address now reads 1st Lieut. Roy E. Long. - Congratulations, Roy.

Enclosed in a recent letter to his corn saved is likely to be small beparents, Roy sent a copy of the cause distillers already had shifted

paper with a sheet size of 11x9½ inches. We quote a few of the headlines from it, under a June 30 date line, as follow:

"The Allies' Round-the-clock of-fensive against enemy held Europe is continuing with unabated fury." "156,000 Coal Miners Still Out On

"Jay Raiders Receive Another Thrashing Over Darwin: Spitfires K. O. Six Of 18."

"Warnings In London and Washington Against Excessive Optimism. Tremendous Task Ahead." "R. A. A. F. Football and Cricket

Competition." Set in very small type, the little paper carries lots of reading for its size, and undoubtedly is of real interest to the boys over there.

San Diego, Calif. July 27, 1943

Dear Mr. McCreary: Judd has received orders and so he has left San Diego. He looks forward to to getting the paper each week, so I am sending you his new

Thank you very much and I know Judd will appreciate it very much

Sincerely Mrs. Judson I. Lee Note: Judd is now a Pharmacists Mate, 1-c, and his new address reads

Pvt. Walter Carmen arrived in Kendrick Tuesday morning to spend a short furlough visiting relatives and friends. He is stationed at the Santa Anita camp in California. Walter is brown enough to pass 27c, tax 3c-30c for an Indian, has put on weight, and looks fit and ready for anything. He has been transferred to the Q M. department, and says he likes his new work very much.

> Somewhere At Son July 29, 1943

Just received the Gazette, and

lows in the Service, and also get the news of the home town.

I was reading the letter that Jim Kuykendall wrote, and I really agree with him about some of the fellows that are in the states griphe plans to stay here and help with harvesting operations, and then probably go into defense work.

I haven't seen the states in 14 months, and I haven't had it half as Buckley Field, Colo.

July 29, 1943 are in the Aleutians.

And if I ever get leave and get home, the first guy that says anything in favor of strikers is most likely to get punched in the nose and I think all the fellows feel the

when we can celebrate again.

Sincerely H. A. Thornton, CM 2-c

An official dispatch follows: Helen Halseth, daughter of Mr. and Mrs. Ed. Halseth of Kendrick, body, and thank you in advance for has completed her "boot training" the Gazette. at Hunter College in New York City and is now stationed at the Naval Air Technical Training Center, Mem-

phis, Tenn., for further training New Guinea

July 19, 1943

Warm Days - Cool Nights The local weather report would seem to be about like that of last

week, with day-time temperature readings of around 90 degrees — and nights cool enough to make everyone hunt a blanket, or possibly

two of them. Haying is about over, although some fields are yet awaiting transportation to the barn or stack. The shortage of labor has definitely made the haying period weeks longer than usual.

Beans are said to be in need of a good rain, and most of the farmin less than an hour's time. Usually would also slow up grain ripening, ers are agreed that one at this time which would be something of an advantage, since fields, so far as maturing goes, are pretty apt to be spotted, depending on whether north or south slope — and even on the day of seeding.

Twin Calves

Arthus Grayson, son of Mr. and Mrs. Forest Grayson of Cedar ridge, Keep up the good work at home, is the owner of a cow that last week and if we all get in and pitch we gave birth to twin calves. This is may get this over with in a short the second time this cow has given birth to twins. She is a cross of

Durham and Guernsey. The boy has been offered a nice round sum for the animal, but has refused to sell.

purposes, although the amount of soldier's newspaper for that region, almost entirely to the use of wheat.
