Veteran Flyer Home

From Mrs. Sam Bigham comes the following article taken from the San Francisco Call-Bulletin of Thursday, November 4. The Capt. Fuller of the article is a son-in-law of Lieut. Col. Lynn C. Fox, who is her son-in-law.
 Capt. Robert H. Fuller, veteran of 59 combat missions in the South Pacific, was back in his Atherton home today after a surprise return from New Guinea.
 Capt. Fuller, Flying Fortress pilot, lacked just one week of a year's service in the South Pacific area. He returned with 326 hours of combat flying to his credit.
 A wearer of the Distinguished Flying Cross and Air Medal, the 24-year-old pilot engaged in attacks on the Jap base at Rabaul "too many times to remember." He and fellow flyers referred to attacks on Rabaul as "the milk route."
 Fuller's plane sank two Jap transport ships in the Bismark Sea and a cargo ship off Salamau, New Britain.
 In the first raid on Japheld We-wak, Capt. Fuller's bomber was "jumped" by enemy night-fighters 100 miles from the target. He and his crew fought a three-hour battle with the Jap pursuit planes en route to, over and on their return from the enemy base.
 On several occasions he brought the Flying Fortress to his home base on but three motors and on one occasion flew over the Owen-Stanley mountain range with but two motors in operation.
 On one raid on Rabul last February, Capt. Fuller was accompanied by his father-in-law, Lieut. Colonel Lynn C. Fox, former editorial editor of The Call-Bulletin. Colonel Fox, who went on the raid as an observer, "bumped into" his son-in-law somewhere in New Guinea. Fox is a staff officer of the San Francisco Port of Embarkation.
 Captain Fuller is a son of W. P. Fuller, famous paint manufacturing magnate.

Christmas Goods Appearing

Local merchants are beginning to unpack and display their Christmas goods, and although it may seem a bit early for this, they are obeying government requests, in order that Christmas shopping and mailing may be done early to relieve the terrific rush expected during that late season.
 Considering the war-time scarcity of goods, we believe a fine assortment is on display in the local stores, and more is to come.

P.-T. A. Meeting Monday

P.-T. A. had to be postponed last Monday, but the regular meeting, as scheduled in last week's paper, will be held this coming Monday, Nov. 21, in the High school auditorium at 8:00 p. m. Prof. Tom Crosson of the Lewiston Normal, will speak on "Aviation."
 Everyone is invited to attend.

Farmers To Get Batteries

Approximately 20 per cent of the fourth quarter production of flashlight batteries will be distributed to farmers, according to WFB. This makes enough batteries for about normal consumption available through farm outlets.

CAMERON NEWS

Fred Mielke was honored with a party celebrating his 83rd birthday anniversary Thursday at his home. Those present were Mr. and Mrs. John Schwarz, Mrs. Ida Stoneburner, Miss Emma Hartung, Mrs. Fred Newman, Mrs. Edwin Mielke and daughter Patricia.

Mrs. Walter Koepf was a Moscow visitor Tuesday. Mrs. C. H. Fry was a visitor in the home of her daughter, Mr. and Mrs. Glen Wegner, Thursday.

Mr. and Mrs. Edwin Mielke and Mr. and Mrs. Geo. McKinnon attended the Ladies Aid sale at Cavendish Friday evening. Henry Schmidt of Spokane visited with relatives here Wednesday evening.

Mr. and Mrs. Fred Gladden and son of Bear ridge and Mr. and Mrs. Gerald Schmidt were Sunday dinner guests of Mr. and Mrs. Chaarley Schultz.

Mrs. Glen Betts and son Eugene of Southwick were guests of Mr. and Mrs. Geo. Wilken Saturday and Sunday.

Mr. and Mrs. S. L. LaHatt and Mr. and Mrs. Sid LaHatt and family were Sunday guests of Mr. and Mrs. Edwin Mielke.

Harold and Cecil Brammer and Roy Siflow were hosts at a Luther League meeting Sunday evening. Ernest Heimgartner, Herbert and Lawrence Schwarz and Ted Mielke spent Thursday evening with Walter Koepf.

Mrs. Elmer McCoy and her mother, Mrs. Triplet of Pierce, left on Monday to visit relatives at Lewiston, Eugene, Ore., and Vancouver.

Mrs. Rolin Armitage and little daughter spent Thursday with her parents, Mr. and Mrs. Ray Cuddy and family.

Tony Shumaker of Clarkston recently visited in the Delbert Berreman and C. E. Harris homes. Mrs. Lester Weaver visited with Mrs. Linderman Thursday.

Mrs. Annie Weaver and son Clarence were Lewiston shoppers on Wednesday. Scottie Wilson visited Sunday in the home of Mr. and Mrs. John De-Haven of Kendrick.

Mrs. C. E. Harris burned her left hand quite severely Sunday evening, when she upset a plate of hot taffy. Dr. Christensen dressed the burn, which is proving very painful.

There will be a pie social at the Cedar Ridge school house, Saturday evening, Nov. 20. Mrs. C. E. Harris enjoyed a visit with her aunt, Mrs. Gertje, of Clarkston, the past week.

Rev. George Calvert of Lenore will be here Sunday morning for preaching services. Jean Hudson of Kendrick spent Sunday with Iva Jean McCoy. Mrs. Dora McCoy visited with Mrs. Addison Alexander Sunday.

GOLDEN RULE

Russell Betts accompanied Virgil Peterson to Peck and Orofino Wednesday.

Abner Cowger is the proud owner of a new tractor. Glen Betts went to Kendrick last Thursday with Mr. and Mrs. Oscar Lawrence and daughters.

Mr. and Mrs. Carl Fink and family were Sunday guests at the Arnie Kloster home. Mrs. Bill Jennings spent Friday and Saturday with her daughter, Mrs. Abner Cowger and family.

W. A. Cowger and sons made a business trip to Spokane Monday. Mrs. Glen Betts and Eugene spent Saturday in Kendrick, and Sunday at the George Wilken home.

Russell Betts took his truck to Orofino Saturday, to have a new motor installed. Mr. and Mrs. Jack Kelsey are moving to Lewiston. We understand she has sold her farm.

Arthur Pania of Pierce took Mr. and Mrs. Mike Forest to Lewiston Friday. Mrs. Roy Martin and son Ishmeal visited at the W. A. Cowger home Sunday.

Mrs. Ben Pressnell visited with Mr. and Mrs. Dewey McAllister Sunday afternoon. Southwick School Notes (Delayed) Those receiving 100 in spelling last week were: Second grade — Richard Lohman and Darrel Hanks; fourth grade, Virginia Cuddy, Arlie Armitage and Ronald Benjamin; fifth grade, Nina Lohman and Jo Darby; sixth grade, Jean Lohman, Jeanette Morris and Carl Hanks; seventh grade, Bencie Pressnell; and in the eighth grade Edwin Hanks, Verlin Benjamin and Mae Southwick.

Ronald Benjamin is back in school again, fully recovered from his recent tonsillectomy. We are sorry to lose Marguerite and Bernadette Kazda from school. They have moved to Lewiston.

Those with perfect attendance for the first two months of school in the upper room are: Nina Lohman, Jo Darby, Carl Hanks, Barbara Perry and Edwin Hanks. The seventh and eighth grades have been learning to debate in their English class. They find it hard not to talk out of turn.

The Primary room are making joke books for their Red Cross work. Wednesday afternoon from 3:15 to 3:45 is their Red Cross period. Work on United States maps are keeping the fifth and seventh grades busy these days. They are locating products of different regions.

During Art period Friday afternoon the Primary room made curtains for their room. They are orange, decorated with autumn leaves. They also worked on a Thanksgiving border of turkeys, apples and leaves. The fifth graders have finished their leaf collection and have them in a book. It is a very interesting collection.

We are studying about the Pilgrims and Indians, and their connection with the first Thanksgiving. The first grade have finished the pre-primers in the Basic and the Elso-Gray series, and have started their primers.

Technicolor Picture Coming This week's offering at the local theatre will be a technicolor production, "The Forest Rangers," starring Fred MacMurray, Paulette Goddard, Susan Hayward, Lynn Overman, Albert Decker and Eugene Palette.

It is said to be a story of love, action and fun, with its setting amid the splendors of the great California redwoods. It's a story of a forest ranger who marries an eastern debutant, and there's fun in many of the situations that ensue.

In addition the usual selected shorts will be shown. A Hard Test He never had such a hard time in his life. First he got typhoid, followed by arteriosclerosis. Just as he was recovering from these he got pulmonary phthisis. Somehow he got over them in time to get appendicitis, to say nothing of pyorrhea. All in all, he never knew how he pulled through it. It was the hardest spelling test he had ever been in.

WORD FROM LOCAL MEN IN OUR ARMED FORCES

Dear Bill and Mac:

It sure is good to hear from home folks, and thanks for the paper. There isn't much news here, except that I have had two days of K. P. and the rest of the time I spent in offices acting as errand boy. I expect to change my address next week, so hold the paper until I write again.

Sincerely
Pvt. Gene Mattoon.

Somewhere In The Pacific
Oct. 29, 1943

Dear Mac and Friends:

I've just enjoyed a very pleasant evening — reading six copies of the Kendrick Gazette, for which I want to thank you most sincerely.

I am allowed to tell you I'm in Australia, but can't say where. It is a nice place and I'm very well — I guess the duty is what I wanted — not what I thought it would be. The people and things here are a bit different enough to make it interesting — their talk, money and ideas.

I saw in the paper where the show "Udaho," was in Kendrick. I saw it while in California, and like it too.

As I read the papers I notice some names of friends I'd like to hear from, as follows: Jasper Nutting, Bob Benscoter, Boyd and Herbert Harrison, Don Kuykendall, Bob LaHatt and the Brammer boys. The ones who don't have my address can use my home address, Juliatta, Idaho, and the letters will be forwarded. Thanks again for the paper.

Sincerely
Lester C. Slead, HA 1-c.

St. Louis, Missouri
Nov. 11, 1943

Dear Mac:

After moving a couple of times I think it's about time you were notified of my new address.

I was sent to a classification unit at the University of Nebraska, and while there had the good fortune of seeing Thomas Brown, who arrived there shortly after I did.

I am now stationed at St. Louis University, taking a course in engineering. It is pretty nice here compared to the infantry, and I consider myself pretty fortunate in getting an opportunity like this.

Again let me say "Thanks a lot for sending the paper." I truly enjoy reading it.

Sincerely
Pfc. Lloyd Israel.

Merced Army Air Field
Nov. 7, 1943

Dear Mac and Bill:

Arrived here a few days ago and started flying again today. Here we fly B. T. 13A's (Vultee) and they are darn sweet ships. They are quite a bit different than Ryans and at least aren't open cockpits, so a guy doesn't have to freeze to death.

We will be here about a month and then moved to the desert to get away from the fog, which usually rolls in about that time.

This field is about 100 miles north of where I was stationed, and quite a bit different, as it is strictly army. Bill Deobald and I were at Sequoia at the same time, and it's always good to be at the same place with someone from home.

Have been getting the paper very regularly, as none at all have "missed the boat." Again I'm thanking you for it and saying "hello" to everyone.

Sincerely
A-C Deryl D. Ingle.

Stockton Field, Calif.
Nov. 8, 1943

Dear Mac:

Just a few lines to let you know I am still getting the paper O. K., and to let you know I have a new address — the same field but a different squadron.

There isn't much I can write about so will close with "thanks a million for the paper" and hoping this finds everybody in the best of health.

Sincerely
S-Sgt. Archie Candler.

Bellingham, Wash.
Nov. 13, 1943

We are not sure the following letter belongs in this column, but since it pertains to the Armed Forces we put it there:

Dear Mac:

I received the Gazette this morning and I see where several of the boys are in Australia. I send the paper on to my husband as he is

in Australia and he enjoys the letters from the Service men, too. I see where two of them were in the hospital and, who knows, they might be in the same one where he is working. I sure do hope the Service boys keep writing to the paper, as it especially helps those that are in the hospitals — there is always something of interest for them in it.

Some of the boys say they would like to see Kendrick after this war is over. Also, they ask my husband: "When will we get the Kendrick paper?" Some of the boys don't get any other reading material, only what is passed on from the Chaplains or is in the reading rooms.

I do wish there was some news from Crecent — as that's where my folks live.

Yours truly
Mrs. Garland W. Haute.

Lester Parker left Wednesday morning to report for army induction at Moscow. His wife accompanied him to that city. She will remain on the farm and care for the cattle during his absence.

Will The People Learn?

In an article in the Reader's Digest for September, 1943, Hatton W. Summers, congressman from Texas, asks: "Why is it . . . that . . . representative government is withering before our eyes?"

He shows that while our whole political system is based on the principle of local self government, the people themselves are destroying that system by their continual demands for Federal intervention in the problems of every community and class, and by the ever-growing practices of passing these problems to Washington. Congress, not being able to handle such an impossible burden, creates bureaus and bureaucrats.

The bureaucrats "issue what are called 'directives' which actually have the force of law. One bureaucrat in the Securities and Exchange Commission said recently: 'We do make the law. Our order supersedes any laws opposed to it.'

"By making the units of state government financially dependent on the Federal government, that government is acquiring the power to control the units of state government. When this is fully consummated, the sovereignty of state governments will be liquidated."

"The men who are trying to drive us toward government by bureaucracy understand this. The chief adviser of the National Resources Planning Board, recently abolished by Congress, prophesied crisply: 'Congress will surrender to the Administration the power to tax. . . Congress will appropriate huge sums of money, will surrender its power of directing when and how the money will be spent. Other extraordinary powers, such as to effect great social reforms, will be delegated to the Administration, which will retain most, if not all, of its wartime powers.'

"The remedy—and only remedy—is to send all these non-Federal functions back where they belong: to the state and local communities, where they can be handled upon a scale within the comprehension of the limited mind of man.

"National socialism may be described as government by bureaucracy. If we think Hitler's system is better than ours, we should have the honesty to say so instead of copying it while we denounce it."

Lumber Shipments Huge

Lumber shipments from the three mills of Potlatch Forests, Inc. for the first nine months of 1943 are almost exactly the same as for the corresponding months of 1942. The difference is less than 1 per cent. So stated the firm's general manager, Mr. C. L. Billings, yesterday in reviewing the P. F. I record of lumber production and shipments for 1943 in comparison to a similar record for the Western Pine Association, Portland, Oregon.

Billings said that the Western Pine Association report revealed the area to have the best record for the first nine months of 1943 of any major size lumber group, although the production of lumber and shipments are below those of 1942.

An estimate of 1,410,000,000 board feet was named in the report as the likely total of lumber shipments from the Western Pine area for the last quarter of 1943; approximately 10 per cent lower than shipments for the same quarter in 1942. Attention was also called to the fact that the year's shipments will probably exceed production by 175,000,000 feet or more and that a considerable reduction in inventory of lumber stocks is in prospect for the last quarter of the year.

Lumber production, it was stated, still holds the same critical place in the calculations of the War Production Board as it has held in the past year and was said to be one of the three or four most vitally needed materials for the prosecution of the war. The logging and lumber industry in the west was mentioned as having performed a remarkable production job under extremely adverse conditions and in the face of a critical manpower shortage.

Wild Animals Plauge Norwegians

Bears, wolves, wolverines and foxes have staged such a come-back in Norway during the past three years that they have become a plague to the Norwegian farmers. Stripped of their fire-arms by Nazi order, the Norwegians are unable to combat the pests. Wolves, formerly confined to northern Norway, have spread southward. One Gaborstad farmer recently lost 35 sheep in a single night.

Step Up Truck Production

A four-fold increase in its 1944 civilian truck production program has been announced by WPB. So important has this program suddenly become that it has been given priority ratings equal to aircraft and high octane gas. Provisions are also made for production of replacement parts for civilian use. In spite of the four-fold increase, the new goal of 123,492 trucks is still far short of the pre-war production of 700,000.

Born Fifty Years Too Soon

Mrs. Stubblefield—I'll say this much for the last war. Mrs. Chubwit—What is that? Mrs. Stubblefield—It didn't last long after my boy got into it.

The Fact is Established

The witness was certainly no chicken, and the young barrister thought it would be to his advantage to get her rattled.

"And now, madam," he said, "I must ask a personal question. How old are you?"

"Young man," she replied, "it isn't more than an hour since the Judge, there, objected to hearsay evidence."

And I don't remember being born, all I know of it is hearsay!"

Passed Right By

Magistrate: "How did the detective happen to suspect him, disguised as he was in women's clothes?"

Counsel: "He passed a milliner's shop window without looking in."

Magistrate: "Six months."
