GRAIN MARKETS FIRM -WITH PRICES SHARPLY UP

NO. 47

Announcement of a flour subsidy program to be administered by the RFC was the dominant influence in Jesse Thornton, when relatives gath-ered for a dinner honoring Mr. and Mrs. Harvey Thornton. Due to Har-vey's having to report for duty at Seattle Tuesday, the families de-cided to pool their Thanksgiving din-the side list for some time is when has been on caught fire, is getting along very cided to pool their Thanksgiving din-the side list for the week in the D. W. Tarry December 15, 1943, a deputy col-lector of Internal Revenue will be at the Community Hall in Southwick, on December 2, to assist taxpayers in preparing their returns. As this is a new law and affects many taxpayers, this matter should from the dry areas of the winter domestic grain markets for the week in preparing their returns. As this is a new law and affects from the dry areas of the winter many taxpayers, this matter should from the dry areas of the winter be given your immediate attention, wheat belts also had a strengthening influence. Demand for all cash grain continued aggressive in midwestern markets. This was reflected in strong premiums for spot grain over the December delivery price and in ad-dition, placed the December at a pre-

Influenced principally by the sharp advances in midwestern futures markets, cash wheat prices at Portland were up 2c to 4c per bushel for the week, variation depending on local supply and demand conditions for the various classes of wheat. Ordipercentage. World History class is studying the fall of the Roman Empire and fore. Wheat receipts were about 590 compared with a week ago. Demand creased mill demand developed following recent flour sales. Feed wheat was in good demand, both locally and in California. Wheat sales 'to the observing the children in the lower midwest were only moderate to light, grades to help them with their sec-tion on "Child Study." Bookkeeping class is learning the transactions to be recorded in the "Cash Receipts Journal," "The Cash business with that area. Growers although shipments were going formarket, although for the most part offerings were sufficient to satisfy needs at terminals. Coast mills are still having difficulty unloading cars

of grain and making flour shipments because of labor shortage in that

Cash wheat bid prices on the Portland Grain Exchange, Nov. 19, showed soft white at \$1.43; soft white, no Rex, at \$1.45; white club, \$1.45; western red, \$1.45; ordinary hard red winter $1.42\frac{1}{2}$; hard white (baart), 1.46 per bushel, all basis

vith light meeting good demand for feeding purposes. Trading and movement were not especially broad but prices advanced around 2½c per 100 to new high points for recent years. As in other recent weeks, current demand was chiefly from feed wheat users with only moderate inquiry from Bay region flour mills. Mills generally showed little interest in local offerings and were placing most of their needs in the Pacific Northwest. On the other hand, central California usage of wheat for feed remained of record proportions. The buyers took fairly large quantities of Pacific Northwest No. 2 soft and No. 2 hard red winter on the basis of \$2.67½ per 100, bulk, delivered San Francisco.
