As The Year 1943 Draws To A Close On a War-Weary And Blood-Stained World

We, of the Potlatch section can give our sincere thanks that our fruitful land has yet to be touched by the ravages of modern warfare — a warfare that leaves no living thing in its path.

We can give thanks that our losses in life of local boys are but small.

We can give thanks — and do give thanks for the measure of happiness and prosperity we are enjoying today.

We can — and do — extend our sincere thanks to those customers we have been privileged to serve during the year of 1943 — and hope that we may have the pleasure of serving them even better in 1944.

We realize that the coming year will bring with it greater problems than ever before — to farmers and business men alike, and we enter the period counting on the co-operation of all in their soulution.

We realize that a deep obligation faces each and every one of us, and believe it our duty to offer this bit of advice — advice everyone will tell you is sound —

> Tightening Up On Non-Fathers Local Selective Service Boards are tightening up on non-fathers, lessening the number of agricultural and occupational deferrements for them and at the same time increasing the number of these deferrments for pre-Pearl Harbor fathers, it was revealreports from October 1 to December 1 by Selective Service national headquarters. Total deferrments in agriculture, December 1, were 1,606,661, of which 692,252 were fathers. This was an increase of 33,674 agriculturally deferred fathers between 2,100,000 men to the Armed Forces between December 1 of this year and July 1 of 1944 — thus providing 700,000 to 900,000 replacements and

the Armed Forces.

Many Arrested In November Forty-one arrests during November were reported to the fish and game department by conservation officers. Arrests were made in 21 counties of the state. There were 40 convictions, one defendant being

found not guilty in court. Violations of federal regulations for the hunting of ducks and geese led the list with eight arrests. Two were compound offenses in which shooting after sunset with a rifle was alleged.

Seven persons were charged with hunting out of season. Six were arrested for hunting with improper license. Other violations were the illegal possession of deer, five; fishing closed waters and possessing too many pheasants, four each; killing moose, shooting pheasants out of moose, shooting pheasants out of season and illegal trapping of fur, two each; and fishing without a license, one. In three of the deer cases, hunting with artificial light

IN OUR ARMED FORCES

Bremerton, Wasn. Dec. 26, 1943

I guess it's about time I wrote and gave you my new address so I can get the home-town news again. I've been a pretty busy boy lately. I guess you know I'm really taking advantage of the states as long as I'm here, and I've been having a lot of fun.

I wish all the fellows in the Service could have had as much fun as I had this Christmas — guess it was because I tried to make up for the one I missed last year.

Well, Mac, I guess I'd better close. I'll sure be looking forward to

getting the paper again.
Yours truly
Harvey Thornton, Cm 2-c. Note: Glad to hear from you again Hobbs. We were beginning to think that maybe you'd been sent back to the Aleutians — or perhaps down south, and the Gazette starts com-

ing again with this issue.

From Lieut. Ethel Fraser, A. N. C., comes a Christmas greeting card with the following note enclosed: Sorry I have not written sooner and thanked you for the paper. To use a well-worn phrase of the fellows in service, may I say: "I enjoy it very much." The best of everything to everyone.

Dear Bill and Mac: I thought I would drop you a line to let you know I haven't been receiving the Gazette lately. I realize t may be due to the fact that it is tied up somewhere and probably will

be along soon. I really miss it.

Eggs Market Badly Off According to a telegram received at the local creamery Wednesday morning the egg market in the Pacific Northwest has taken a drastic drop. This drop is largely due to the unusual shipment of eggs to the west coast from the middle west.

The resultant drop has put the market far below the usual standard and no doubt nearly to production
