Potlatch Chief Sez

PUBLISHED BY THE KENDRICK CO-OPERATIVE CREAMERY

WE SAY "THANK YOU"

Thank you, Folks, for your acceptance of our new product: "Potlatch Chief Ice Cream." Our only regret is that our quota is too small these winter months to meet the demand. However, we hope that through the summer to come that we can more nearly fulfill this demand. We are sure you want us to make the best product we can under present wartime restriction, even though we do not make quite so much of it. We believe you agree with us that quality is more to be desired than quantity.

The car was crowded and the conductor was irritable. "Where is the fare for the boy?" he snapped as the father handed him one fare. "The boy is only three years old." "Three years! Why look at him. He's seven if he's a day." The father leaned over and studied the boy's face earnestly. Then he turned to the conductor: "Can I help it if he worries?" he asked.

How Are You Selling Your Cream?

Are you selling your cream the co-operative way? It's the way to realize more profits. If you are not selling to us, come in and talk it over.

"Always ask for 'Potlatch Chief' brand butter by name."

The cavalry recruit was instructed to bridle and saddle a horse. Ten minutes later the sergeant-major came along for his mount and encountered the recruit holding the bit close to the horse's mouth. "What are you waiting for?" he roared. "Until he yawns," replied the recruit.

And don't forget — we want to buy your cream!

January 1, 1944

Dear Bill:
I have started to receive the paper again, and I want to thank all concerned very much for it. I start to school in about two weeks and I will sure be glad when I do start. I am going to a truck drivers school, which is an enlisted specialized school (E. S. S.). I will attend it for the balance of my basic training period here at Callan.

The weather is surely hot down here. I wish I were back in old Idaho, where it gets cold once in a while. I have now completed six weeks of my basic training already. The time surely goes fast here — yet in some respects it seems to drag.

There are quite a few fellows here from Montana, Washington and Oregon, but I seem to be the only one from Idaho — at least I haven't located anyone else from Idaho. Callan is surely a nice camp, the best one I have seen yet.

I wish you all a very Happy New Year, and may all we boys be home for Christmas in 1945 — and we will if all get in and "pitch."

Well, I have about run down, so guess I will close for this time.
Sincerely
Pvt. Gene Mattoon.

The following letter was received last week by Mr. and Mrs. Harley Perryman, and with their permission, we reprint it:
New Guinea
Dec. 30, 1943

Hl Folks:
Received your letter and card today and was glad to hear from you. They keep us pretty busy here as we are not far from the Japs and are we raising heck with them. The Japs that have been captured by our troops say that the planes of our type are sure raising heck with them. One of our planes shot down a Jap dive bomber a while back and when he came back he gave the victory roll over our camp and you should have heard the boys yell to him — just as if he could hear them. It sure makes you feel good to see one of your own planes come in and do the victory roll. Some of our boys that are up near the front had a few bombs dropped around them. We have had a few alerts here, but the Japs have not gotten here yet, and I don't care if they never get here, because my fox hole is full of water most of the time. I guess that is about all that I had better say about the war or it may be cut out of my letter.

I have a large parrot, and she is sure a pretty thing. Her head and neck are red and her breast is blue, as are the underside of her wings. The top of her wings are red, and her beak is black — and I don't know but what she could snap a guy's finger off. I hope to bring her back home with me, but they may not let me. One of the boys in my outfit caught her and sold her to Sgt. Moore for \$26.00, and I bought her from him for five pounds — which is \$16.50 in U. S. money. I guess that you did not hear about the bat that I killed with my bean-shooter. Here it is: I killed a bat or "flying fox" as they call them. It had a wing-spread of four feet and eight inches, and weighed between five and six pounds. It had a head like a dog. There are a lot of them around here. We hear them most every night flapping their wings together around our tent, and they often light in the trees right next to camp. Oh, yes, there is a T. Sgt. in my tent that was in my squadron at Tacoma, in fact, that is his home town. He went out to a battle ground yesterday and brought back a Jap skull and some Jap .25 calibre shells. We have the Jap skull up over our tent door. Some of the fellows asked us how we knew it was a Jap skull and we tell them it looks like one and we hope it is.

There are a lot of things here that I could write about but the censor would not like it. I sure will have a lot to tell when I get back home and I surely hope that is not too long from now. The way things look over here we will be in Japan's back yard by this time next year. I sure feel sorry for Shirley Lee if she looks like me. I sure would like to see her, but there is too much water between us for me to swim that far. I must stop for now. Write when you have time. I always like to hear from my friends.
As ever
Felix Holt.

P. S.: I have not seen the Gazette since I left the states, and you can give this letter to them if you want to — that way everyone can read it and I don't have to write them all — as we have a real paper shortage over here.
Well, Felix: We are sending the Gazette to you every week — none have come back nor have we been notified of any recent changes in your address — so they should be reaching you shortly.

From Amarillo, Texas, Johnny Keeler breaks out with the following "newsy" letter:
Dear Mac and Bill:
Just a line to let you know that the paper has been arriving regularly. I saw Kenneth Woody the other day on K. P. He is the first one that I have seen from home since I arrived here. I have to get to school now, so will have to close.
Always
Johnny Keeler.

Well, Johnny, we know you fellows are as busy as they make 'em — but we just had to "crack" about the length of your letter.

Dear Mac and Bill:
Here I am — moved again — which subsequently calls for a change of address. This time it is "Advanced," and if everything goes O. K., in a few weeks I'll be graduating.

This place is located right smack on the Mexican border, and almost on the New Mexican border on the east. Anyone familiar with the country down here knows how well hemmed in we are — all mountains and valleys, and believe me it's cold enough too, even though the location is so far south.

We fly twin-engine trainers all the way through here. Up to now I've been flying single engined jobs exclusively.

"Hello" to everyone and again thanking you kindly for the paper.
Very sincerely
A-C Deryl D. Ingis.

Dear Mac and Bill:
Now that I am settled I am very anxious to start getting the Gazette. One never realizes the value of the news around the home town until he is gone for a while.

This army life is very different than life as a civilian, but it certainly could be a lot worse. Aside from being cold in the morning the weather here has been very nice.

Let me thank you in advance for the paper and close for now.
A friend
Wallace E. Fraser.

Dear Friends:
Just a line to let you know I have a change in my address. I don't want to miss getting the paper, so I thought I should notify you. I'm still at the same field — just having moved to a new squadron.

Had a nice Christmas. Got Christmas day off, but worked Sunday morning. We have had some snow and right now it's pretty cold for this country.

There is a lot of flu here. So far I haven't had it, but Mary was among the first to have it, but she is well now and able to be back at work.

Well, as time is short and I have plenty to do, will sign off for this time — looking forward to the paper next week.

Your friend
Pfc. Esten Lee.

Dear Friends:
A few lines to express my appreciation of the paper and to give you my new address. This is always one of my first chores in a new camp, so that the paper won't be delayed.

Finished pre-flight school at Santa Ana a couple of weeks ago and have since been transferred to this field for Primary flight instruction. It's really grand to be flying again — seems nothing can compare to it. Arizona is just about as we have always had it pictured. A fine climate, especially for flying. It's rather barren in some places with lots of cactus and rocks and very little grass or brush. Where it is irrigated everything seems to be growing. It is certainly a change from the past weeks of damp California's weather to this one of cloudless skies and sunshine.

Again my thanks for the paper. Every copy is always looked forward to.

Sincerely yours
A-C Garth H. Hill.

Dear Mac and Bill:
I received my first paper last week and I want to thank you for sending it. I really enjoy reading the old home town paper, and especially enjoy reading what the boys in the "Armed Forces" are doing.

I haven't seen any of the boys I know yet, but I expect to run into some of them one of these days. I saw in one of the papers where Eugene Mattoon is only about eight miles from me. I would like to go and see him, but don't believe I will get the chance, as they'll be shipping me out of here before long. I'll have another address in the near future, but until then please send the paper to this address.
Sincerely
Pfc. G. D. Candler.

Gene and Leon Lind, U. S. Army, arrived home last week to spend a furlough at the home of their parents, Mr. and Mrs. Paul Lind.
Pvt. Leon Lind is stationed at Fort Meade, Maryland, and Gene at Los Angeles, Calif. It is luck of the best kind that the boys were granted furloughs at the same time. Wayne is expected home on furlough soon, and it is hoped that all three of the boys can get together.

time ago and informing you of my change of address, but it seems as though one just doesn't have much time to do any writing. We have very little time to ourselves, and that time is spent taking care of our personal effects.
I haven't received the Gazette since I left Colorado, and I sure miss the news from home.
I have been here since the 20th of December, and what I have seen of Montana appeals to me lots more than Colorado.
Must close, wishing you the best of health, and hoping I will receive the paper soon.
Sincerely
A-S Joe F. Wittman.
