Laying New Pipe

Wayne and Jack Kuykendall and Edgar Long have been busy the past few days digging ditches and installing a new four-inch pipe line from the Postoffice corner on Main street to the village artesian well, in preparation for coupling it with the city water mains.
It appears that an error was made in the "Call for Bids" for the new city pump, and purchase of that important item must wait until a new "Call for Bids" can be published. In the meantime, the water shortage still exists and preparations are continuing to hook up the high-way district pump as an emergency measure.

NEWS FROM LOCAL MEN IN THE ARMED FORCES

Charles Deobald Decorated
From the Spokesman-Review of July 15, we take the following dispatch: "London, July 14, A.P.—Gallantry awards were announced today for 41 officers and infantrymen for action in France, including the Bronze Star to Private Charles Deobald, Kendrick, Idaho.
Charles is a son of Mr. and Mrs. E. A. Deobald of Kendrick. He landed in France 'D' Day, after having been in the army for less than one year.
So far as we know Charles is the fifth man from this immediate vicinity receiving decoration for combat bravery, the others being George Davidson, Jr., Edgar A. (Ted) Davidson (missing in action over Italy) Jay Armitage, Southwick and Homer Jones, Kendrick.
Perhaps there are others of whom we have not learned.
Phm. 1-c Judson I. Lee left Thursday afternoon for Seattle to report again for duty, following a brief leave spent at his home here. Jud, who has been on a coastal patrol boat, stated that he was applying for a transfer, and hoped to get onto a flat-top or a battle wagon.
Mrs. Lee (nee Myra Kanikkeberg) will remain here at the home of her parents, Mr. and Mrs. A. O. Kanikkeberg.
Word was being received by Mr. and Mrs. A. E. Spekter that their son, Sgt. Vern G. Spekter, is now located with his squadron in the "European theatre of war."
Cpl. Roger Sheneman, son of Mr. and Mrs. A. J. Sheneman, Kendrick, left Saturday afternoon to report again to his command at Camp Campbell, Kentucky, following a furlough of two weeks spent here with his parents and other relatives.
Cpl. Sheneman says he doesn't care a bit for the Kentucky section, although some parts of it are very pretty.

Fort Bliss, Texas
July 8, 1944

Dear Bill and Mac:
How is everything and everybody around town?
I am sorry I haven't written before, but have been in the hospital for the past five weeks. I am going back to duty next week, so just keep on sending the paper to the same old address.
I received my paper this morning and I see that Sgt. Orville Sparber is down here in Briggs Field — and that is "just across the fence" from my outfit — nearly.
Are any more of the home-town boys around Briggs Field, El Paso or Fort Bliss? If so please tell me who they are.

D. E. (Gene) Mattoon
July 8, 1944

Note: Sorry Gene, but Orville and myself are the only home-town fellows in locations mentioned, although a lot of the fellows are in Texas.

Camp Adair, Oregon
July 11, 1944

Dear Bill:
I'm sending you a copy of the "Camp Adair Sentry," our camp newspaper. On page 5 is the official picture of our S. C. A. 1911 military band. Just above that is a picture of one of the dance bands.
The way it looks now, I won't be here much longer. As yet I have no idea where I shall be sent, as soon as I get to my new camp I shall send you my new address.
Thanks lots for the Gazette's I have been receiving.
Sincerely
Pfc. J. D. Stroh
July 11, 1944

Dear Friends:
I'll try to write you a few lines this evening to let you know where I am and my new address. I've sure missed the paper the last three months that I've been moving about so rapidly. I hope I start getting it again soon.
It is really nice of you and all the folks that have chipped in to send the paper. Small though it is it has much more news for us from Idaho than all of their big city papers.
The Axis is on the run over here now and I'm fully confident that they are going to stay that way.
I haven't met any of the boys from home yet, but who knows? It might happen any time. It isn't uncommon to walk down the street and meet some body you knew before this mess started.
The weather is nice here now and in the rear areas you would never know there's been a war if all the towns weren't in shambles.
I was fortunate enough to see a small part of Rome. It's really a beautiful city, and what a break for civilization that it wasn't burned and torn up like most of the cities have been.
Well, this isn't much of a letter, but it's about all I'm able to tell you at this time. Thanks a lot for all the papers I have received in the last three years and I'm looking forward to getting them again.
Sincerely
Bill Walsh.

Word has been received that K. E. (Ralph) McAllister, Julianna, is now stationed at Treasure Island, Calif., a navy base.
Frank Abrams is now located at Camp Wolters, Texas.
Ossie Kanikkeberg, who is receiving Navy V-12 pre-flight training is stationed at Pocatello, Idaho.
Word has also been received that

Alice Benjamin underwent an appendectomy July 12 at St. Joseph's hospital, Lewiston.
Both are getting along nicely.

Shortage Of News

This week is one of those weeks when it seems as if there just isn't any news. The reason of course is a simple one — everybody is just too busy haying, cultivating beans, canning and preparing for harvest to go anywhere or do anything, and this same condition will probably prevail for the next few weeks.

Temperature In Low Nineties

The past few days local thermometers have been playing around in the low nineties, a peak of 98 degrees having been reached last Saturday.
Haying operations are almost completed in the Potlatch section, and bean hoeing and cultivation is in full swing.
Farmers report that a good rain would be mighty welcome right at this time, not only for beans, but for peas and all garden vegetables and pastures, too.
P. S.: Tuesday the thermometer hit 102 degrees here — 108 at Lewiston.

Planer Work Being Rushed
Construction work is being rushed on the new Kendrick Bean Growers planing mill, with the result that it is expected to be ready for operation in about ten days. It will have a capacity of around 2,000 board feet per hour.
Two planers will be in use, permitting the finishing of lumber of almost any kind, and in addition a re-saw is being installed.
This equipment in addition to regular lumber will permit the production of moldings, ship-lap, flooring, etc.
They will also do custom re-sawing and planing.
Installation of this equipment will fill a long-felt need in this section, as previously it had been necessary to go to Lewiston for any type of custom work — besides the convenience of being able to secure any desired type of material locally.
Labor Agent Appointed
From the office of the Emergency Farmer Labor supervisor, Moscow, comes the following dispatch: "George Brocke has recently been appointed as a representative in your area to assist in getting farmers and labor together in order to care for the coming harvest. We are asking that all farmers who may need help make their wants known to him and all labor also get in touch with him. It is also suggested that if farmers will anticipate their needs as far in advance as possible it will assist in getting the recruits necessary to take care of their needs."
"The county agent's office and the United States Employment service acting together, have charge of this work for the county. Mr. Brocke will keep in touch with us and if he fails to recruit enough labor he will ask us for help in doing it. If he has too much help he will ask us to place it elsewhere."
"Key men in Genesee, Troy, Deary and Potlatch have also been appointed to help the county agent will be mobilized to help lick the labor shortage."

THE TRUTH ABOUT FARMER CO-OPERATIVES AND TAXES

Despite clever propaganda to the contrary, farmer cooperatives are not exempt from taxation. Generally speaking they pay taxes the same as any other business.
They pay state and local property taxes.
They pay excise taxes.
They pay transportation taxes on the movement of goods or persons and taxes on communications services.
They pay social security and unemployment-insurance taxes.
They pay stamp taxes, use taxes, import taxes, occupational taxes, and miscellaneous taxes on various commodities wherever other businesses pay them.
Many of them even pay income taxes — the reason that others do not, is that they have no income to tax.
For farmer cooperatives are service — not profit — organizations.
Cooperatives operate on the basis of deducting from the returns to the farmer for his products, or adding to the price of supplies purchased for the farmer, an amount sufficient to cover estimated costs plus a margin for operating contingencies. What is left after actual costs are covered belongs to the farmer-member or patron and is systematically returned to him. Even the margin left for contingencies if unused, is returned.
It is in no sense a profit to the association; it is a revolving fund into which balances due the patron are from day to day accumulated, and from which excess contingency charges are from day to day paid out.
Furthermore, like an individual citizen, the farmer must report all taxable income. Including refunds from cooperatives which he receives in cash or stock; and for that matter, all equities that may be credited to his account on the books of the cooperative.
Any other corporation operating on such a non-profit basis, would also pay no income tax, for the simple reason that there would be no income to tax. This method of doing business is actually being followed by many concerns other than farmer cooperatives. In other words, there is nothing to prevent any industrial or commercial corporation from contracting to return to patrons all proceeds, less expenses of operation, thus operating on a cost basis as does a cooperative.
The relationship between a cooperative and the farmer is essentially that of agent and principal. To tax the cooperative for balances of earning, or savings which it is obligated by law, charter or agreement to handle as trust funds for, and to pass on to the farmer, would be taxing an agent for income belonging to his principal, the absurdity of which is obvious.
If the farmer gave his hired man \$10 with which to buy three bushels of seed potatoes on his trip to town, and the hired man was able to get the seed for \$9.00, including truck hire, and later returned the \$1.00 to the farmer, nobody would maintain that the other \$1.00 was income or profit and should be taxed to the hired man. Yet the taxation of proceeds received by a farmer cooperative for one of its patrons would be nothing more than taxing the hired man.
Farmers set up their cooperatives to provide themselves needed services — not to make profits on capital investment in unrelated enterprises.
In the event of liquidation, the net assets of a cooperative are returned to the members or patrons on the basis of the use they have made of the association; if they are stockholders they can receive as such no more than paid-in value of their stock. In addition, they may receive as patrons, their equity in any undistributed balances on hand. Thus, the principles of non-profit and patronage refund, termed recently by a federal judge as part of the "warp and woof" of any cooperative, are carried out not only in operation but also in the process of liquidation.
—National Council of Farmer Cooperatives.

George Franks reports he is now picking tomatoes from his garden.

Mrs. Virgil Groseclose recently returned from Maryland, where she was visiting her husband. She believes he has been sent overseas.

Mrs. Ed Groseclose spent two days of this week in Juliaetta. She visited Miss Mable Taylor, Chester Westling and Peggy Wunderlich.

Mrs. Emery Wilson has been papering her home and getting some new furniture. Emery spent last week at home. He is employed by P. F. I.

Margery Wing and Bonnie Groseclose called at the home of Mr. and Mrs. M. G. Groseclose last Sunday.

Huse Groseclose and son Tommy are putting up hay on the Albert Groseclose place above Arrow.

Making Show Place

Mr. and Mrs. A. A. Onstott, who some two years ago, purchased the old building in the west part of town, known as the M & N garage building, are now nearing completion of their work of transforming it into a modern and charming home.

Not only is the home a very pretty one, but the grounds about it are beautiful, with many blooming flowers and a very substantial Victory garden.

It all goes to show what a will and elbow grease can accomplish.

Save gas, tires, oil and time. Buy that item in Kendrick.

TEAKEAN GOSSIP

Mr. and Mrs. R. E. Brock and family have come home from Bremerton, where he is employed. He has two weeks vacation. The family will probably stay until September.

Tom Packenthal and "Mick" Ogden are helping their father-in-law, Ed. Choate, with hay baling. The Wright boys are also helping.

Mrs. Earl Choate is visiting at the home of Earl's parents, Mr. and Mrs. Ed. Choate.

Asa Choate took a load of cattle to Lewiston last Saturday for L. L. Yenni.

Word has been received that Miss Bertha Harp of Hood River, Oregon, was married July 1st, to Alvin Powell.

The members of the Grange met at the hall last Wednesday and painted the basement, which improved the looks very much.

The Orofino Pomona Grange met here Saturday night. They took in a number of new members. A nice supper was enjoyed by all.

Earl Schliefer has recently put a new shake roof on his barn.

Visitors to Orofino on the cream truck Monday were Mr. and Mrs. Ed. Choate, Mrs. Merton Preusser and children, Miss Stella Herring, Mrs. Carroll Groseclose and little son, Mrs. William Groseclose, J. A. Harless, George Fredericksen, Elwood Brock. Other Orofino visitors included Mr. and Mrs. M. A. Miller, Mrs. Letho Reece and Mrs. George Wells and son Shelton.

The Stevens family attended a birthday anniversary picnic, held in honor of Orin Needham, at the Spalding park Sunday.

The David Daniels family and Vester Daniels attended the horse sale held at Lewiston Sunday.

Word has been received that Gordon Heath and Phil Hoisington, who are in the Marine Corps, have both received "Excellent" ratings in rifle practice.

Cpl. Jerry Wentzel, paratrooper, missing in action since June 6, in the invasion of France, will be remembered in our community as Frances (Fritz) Allabaugh.

Billy Steigers, son of Mr. and Mrs. Ernest A. Steigers, visited Spokane this week to take his physical examination for enlistment in the Army Air Corps. He had previously passed the preliminary aptitude test, given in Lewiston.

Chief Forester Inspects

"The condition of cut-over lands of Potlatch Forests, Inc., operations, as viewed in two days of traveling by car and speeder, would be pleasing to any forester," declared Chief Forester Lyle Watts of the U. S. Forest Service last week in Lewiston following a two-day inspection tour of P. F. I. forest lands.

"There is really a great forest empire out there in which Potlatch Forests, Inc., has practiced to an outstanding degree the selective cutting of mature white pine," stated Mr. Watts.

The chief forester, making his first inspection of Idaho timberlands since appointment to his office last year, also asserted that he was impressed and pleased with the absence of recently burned areas in northern Idaho and western Montana, saying that this indicates "we are getting on top of the forest fire problem."

Mr. Watts, long an advocate of good forest practices, served with the forest service from 1913 to 1936 in regions No. 1 and No. 4 in the west, working for a time at the Montana forest experiment station. He also served two years as dean of the Utah State Agricultural School of Forestry before going to Washington, D. C., his present headquarters.

Part of the area inspected by the forest service chief was the Clearwater Tree Farm of P. F. I., which company officials say will assure continuous operation for the big mill at Lewiston, and in which selective logging has been practiced for more than 17 years.

Word From Swansons

Word was received here last weekend from Mr. and Mrs. Axel Swanson, as follows:

We arrived in Montana O. K., and rather enjoyed our trip. Axel stood the trip a lot better this year. We are getting along just fine.

"The baths seem to be doing Axel more good this year than last. His appetite also is improving. Please tell everyone 'hello' for us and we certainly want to thank everyone for what they did for us. — Sincerely, The Swansons."

Latah County Over Top

Latah County went over the top in its War Bond drive, which ended July 8th at midnight, purchasing \$985,207.00 on a quota of \$950,000. Nez Perce county also went over the top, purchasing \$1,638,895 on a quota of \$1,500,000.

The counties themselves are not broken down into districts, so we have no information on purchases in this or that district.

Wheat Now Turning

Fall-sown wheat, of the earlier varieties, is now commencing to turn color locally, and it should not be too long before the golden kernels begin pouring into local warehouses.

Fall wheat is said to be excellent, but the spring grain crop is short. Spring wheat, too, is not expected to yield well, due to the lack of moisture and sunshine during the early growing season.

Cataracts Removed

Word was received here this week that Mrs. Lucy Thomas had been operated on in Spokane Thursday of last week for the removal of cataracts from both eyes. She is reported as getting along nicely.

A Switch in Time saved Mine...

Now I'm over 33,000 mi.

I used to trade cars around 25,000. But if you'd offer me a new one today — unless it was free — I'd think twice. This '39 model gives me quite some pride, still running as sweet as it does. I know of people trying a dozen different oils and nearly everything else, to make their cars last. Some things worked; plenty didn't. In my case I played the hunch of OIL-PLATING my engine by switching to Conoco Nth motor oil, so as not to let engine acids get an upper hand. That worked! And why not? I knew that deadly corrosive acids are a regular part of

every engine explosion. I had my faith in Conoco Nth oil's modern synthetic that attaches OIL-PLATING to working parts — like a close-fitting shield. There's the stuff that puts up a real battle against corrosive acids. You're giving your car its chance to live, as soon as you change to an OIL-PLATED engine. Get Conoco Nth oil, that's all.

TEAKEAN GOSSIP

(Delayed)

The farmers are very busy in the hay fields this week.

Mr. and Mrs. E. Olson of Orofino and Mr. Olson's father spent Sunday in the home of Mr. and Mrs. Carroll Groseclose.

Mr. and Mrs. Weber and children, Everett Groseclose and DeWitt Penland of Juliaetta were visitors at the Wm. Groseclose home Sunday.

Mr. and Mrs. Asa Choate went to Moose lake last week on a fishing trip. They made the trip by plane and were successful in getting their fish.

Visitors to Orofino Monday were Mr. and Mrs. Ed Choate, Mrs. John Lind, Mrs. Chas. Wright, Mrs. Merton Preussler and children and Elbert Herring.

The Chas. Wright family and Mr. and Mrs. Asa Choate spent the 4th on the North Fork, enjoying a picnic dinner.

We are glad to report that we are to have preaching services here at the church again, beginning next Sunday, at 2:30 p. m. The Sunday school will be at 1:30.

The strawberry crop has been very short here this year, this week will about finish the picking, and the raspberries are just beginning to ripen.

Rev. Roy Murray of Kendrick spent the Fourth and Fifth with some of the men here — doing some prospecting for — just any kind of mineral they could find.

Double Feature Scheduled
 This week's offering at the local theatre will again be a double feature. First of these will be a modern comedy-mystery entitled "Rosie The Riveter." A story of the happening in and about a modern war plant — with fun and music added.

Second offerings of the evening will be a singing western, "Call of the Rockies," starring Smiley Burnett and Carson Robison, who is pinch-hitting for Gene Autrey.

The usual shorts and cartoon will round out the evening's entertainment.

NOTICE OF HEARING ON PETITION FOR SUMMARY SETTLEMENT OF ESTATE
 In The Probate Court of Latah County, State Of Idaho
 In The Matter Of The Estate Of Axel V Swanson, Deceased

NOTICE IS HEREBY GIVEN that Lena Swanson has filed with the Court a petition alleging that Axel V Swanson, known also as Axel Swanson, a resident of Latah County, Idaho, died on or about the 26th day of July, 1936, and praying that the Court determine the time of death of the said Axel V. Swanson, and for a determination of his heirs and the distribution of his estate to the petitioner, Lena Swanson. Said petition represents that decedent owned, at the time of his death, certain real and personal property in Latah County, Idaho, described as follows, to-wit:

The South one-half of the Southwest Quarter of Section One (1); the North one-half of the Northwest Quarter of the Southeast Quarter of the Southwest Quarter of the Southwest Quarter of the Southeast Quarter of Section Twelve (12); and the Northeast Quarter of Section Thirteen (13), all in Township 38 North, Range 1, W. B. M.

and that the said real property was the community property of the deceased and petitioner.

All creditors or heirs of the said Axel V. Swanson, deceased, or any other party in interest are hereby notified that said petition will be heard on Friday, the 4th day of August, 1944, at 10:00 A. M. in the Court Room of the Probate Court in the Court House at Moscow, Idaho, at which time and place any party in interest may appear and show cause why the prayer of said petitioner should not be granted.

1/4th OF YOUR ELECTRIC SERVICE BILL GOES FOR TAXES

Here are two facts to remember when you pay your next electric bill:
 First—25¢ of every dollar you pay for electric service is for taxes; only 75 cents of that dollar is for electricity. These taxes go to help pay the cost of winning this war, for government, for schools, roads, police and fire protection.

Second—when you take into consideration the tax contained in your electric bill your rates for electric service are lower than the so-called standard retail rates established by Bonneville for government power.

Two facts worth thinking about!

Take Good Care Of Those Eggs!

Be sure and keep them cool and in a dark place. Pack them in the case with the small end down — this will keep them from spoiling. But remember, they must not be left in the nests too long. Gather them often. It will pay you to take care of them.

Extra care of your cream should also be taken in hot weather. Sour cream makes poor butter. Keep your cream cool and sweet. Each batch of separated cream should be cooled and then stirred into the can. Never mix warm and cool cream together, and the stirring prevents lumps in the cream.

These lumps prevent an accurate sample. We have a booklet on the care of cream. Ask for it. Buy Potlatch Chief Ice Cream. You will find it just fits your taste.

Mr. and Mrs. Roy Johnson have received word from their son, Allan, with the Glider Artillery, now in New Guinea, as follows:

Dear Mom:
There isn't really much to write about tonight, but I ought to be able to fill up a V-mail.
I had a slightly embarrassing encounter with a can of flaming highest gasoline, and as a direct result my hand bears a definite resemblance to that of a mummy. It kinda hurts, too, but not as bad as it did at first. . . . The only thing that really bothers me is that I had to mess up my right. I guess I don't use my head very much.

Well, Mom, it's getting late and I'm running out of paper, so I'll just say goodnight. — Lose to all, Al.

No further details have been received by Mr. and Mrs. Johnson to date.

I received my first Gazette today, even though you had slightly the wrong address on it.

Army life is tough, but I can stand it — there isn't anything better than being in Kendrick.

Thanks a lot for the paper, and I'll be looking forward to the next one.

July 15, 1944

Dear Mac and Bill:
First, I must ask you to forgive me for not writing to you a long time ago, but it seems I have been moved around so much lately that I haven't had much time for anything. I have been back from my "delay en route" a little over a month now and I have been in three camps thus far — can anyone beat that record? In fact, I've been in the service since March 28, and this makes five camps so far. I just get used to things a little and then I'm moved again. Well, anyway, I'm sure getting to see this country. I came right past where Don Fraser is stationed, but didn't get to see him. Boy, I can feel for him as it looked like a pretty hot place to me. I'm sure glad to get back to the west coast again. It seems a lot better to me.

I haven't seen anyone from Idaho since I was home. Maybe I'll run onto someone some of these days.
Say, Bill, are there any of the fellows from home stationed here? It seems to me I saw in the paper where some one was here. It seems I have been "in" so often that the paper doesn't catch up for some time. I sure enjoy it and I'm hoping it catches up with me real soon. In closing, let me thank you and those who help make it possible for all of us in the Service to receive the paper, as I know it is really appreciated by all.

As ever
Pvt. Raymond E. Hudson.
Sorry, Ray, but you seem to be the only local fellow anywhere near San Louis Obispo, now — but you were right, a number of the local boys have been at that camp.

GOLDEN RULE

(Delayed)
Mrs. Irene Tarbert of Spokane returned to her home Saturday after spending the past week visiting her parents, Mr. and Mrs. Roy Martin and family.

Most of the families of our community attended the 4th of July picnic and program at Kendrick.

Mrs. Emma Stevens and baby of Lapwai returned to her home, after visiting with her sister, Mrs. Oscar Lawrence and family, for some time.

Fred Stace is assisting Jay Thornton in having for a few days.

Mrs. Ulah Dodge and son, Pfc. Lloyd Darby, who is stationed in California, were callers in our neighborhood Saturday.

A number have reported seeing the pet deer and its spotted baby, recently.

Miss Phyllis Babb called on Mrs. Glen Betts Sunday.

Mary Jane Martin is visiting her sisters in Spokane.
