### NEWS BITS OF INTEREST FROM THE LINDEN SECTION

Mr. and Mrs. Wm. Holt and children, Mrs. D. F. Gentry, Mrs. Norris and Miss Mildred Holt of Kendrick spent Sunday in the J. H. Hunt home.

Mrs. Etta Dicks and Mrs. Addison Alexander have received word of the death of their cousin, Conrad Henning, who passed away October 1st following a heart attack. He was at the home of his son at Leavenworth, Kansas. Conrad spent several years in the Alexander home and has many friends here who will be sorry to learn of his passing.

Lewiston visitors Saturday were Mr. and Mrs. Lester Weaver and Mary Ellen, Mrs. Annie Weaver, Clarence and Doma Weaver, Mr. and Mrs. Louis Alexander and son Clarence, Mrs. Mattie Garner, Arley Allen and Elmer Cuddy.

Mrs. Felix Holt and daughter of Lewiston visited in the J. H. Hunt and Addison Alexander homes during the week.

Mr. and Mrs. Cleve Hardesty visited with Mr. and Mrs. Phil Bahr on Wednesday.

Miss Mary Sumpter, Cadet Nurse, of Walla Walla, spent the week with Mrs. Louis Alexander and family.

Lester Weaver has painted his house, which adds greatly to the appearance.

Clarence Weaver has put a new roof on their home and finished its painting, which improves it very much.

Taking advantage of the good weather, many people are burning brush and stumps this week, or clearing land for the plow.

Stewart Wilson has built a basement, installed a hot water tank and bath room fixtures in his home. Creighton Biddison helped him with the plumbing.

Mr. and Mrs. F. C. Lyons and son George went to Greencreek to visit with Rudy Wassmuth, who has been stationed with their son, S-Sgt. Clem Lyons the past two and a half years, and is home from New Britain Island on a furlough.

Miss Joyce Lyons of Spokane and Miss Thelma Garner of Lewiston spent last week-end with their respective parents.

Miss Eileen Garner spent the week-end in the Melvin Garner home at Juliaetta.

Mrs. McPhee spent Saturday with Mrs. Arthur Foster.

Addison and Louis Alexander, Ramie Hunt, James Holt, Gil Eriewine and George Smith brought cattle from the summer pasture in the Bovill country the first of the week.

Mrs. F. C. Lyons returned 50 finished bedside bags to Moscow Red Cross headquarters for our October work.

Mrs. Mattie Garner and Mrs. Arthur Foster and children visited Mrs. Bird Linderman Wednesday afternoon.

Mr. and Mrs. Harley Perryman and son spent Thursday evening with Mr. and Mrs. Dan Kechter.

Mrs. Nell P. LaFollette, county superintendent, visited the Cedar ridge and Linden schools Tuesday and called on Miss Eva Smith.

The Hallowe'en program and pie supper given by Mrs. Erlewine and pupils of Cedar ridge was well attended and enjoyed by all.

Miss Eva Smith solicited for the Idaho War Fund Drive last week, which amounted to \$65.00. Those giving, to date, are: Addison Alexander, \$10.00; Carl Swenson, \$5.00; Jesse Michael, \$5.00; Mrs. Annie Weaver, \$5.00; Arthur Foster, \$5.00; Ramie Hunt, \$5.00; Ray Cuddy, \$5.00; F. C. Lyons, \$6.00; Eva E. Smith, \$4.00; Dan Kechter, \$3.00; Arley M. Allen, \$2.50; Mrs. Keeler, \$2.00; Mrs. Hardesty, \$5.00; Forest Grayson, \$1.00; Mrs. McPhee, \$1.00; Mrs. Mattie Garner, \$1.00; Lester Weaver, \$1.00; Mrs. Sam Weaver, \$1.00; Bird Linderman, \$1.00; D. W. Whybark, \$1.00.

Birthday Greetings to boys in the Armed Forces whose birthday anniversaries come in October, go to: Pvt. Herman Loeser, Pvt. Elmer L. Souders and Pfc. William L. Israel.

Mrs. Clara Alexander, Idaho War Fund solicitor in the Cedar ridge district, reports the collection of \$48.75.

The pie social at the Cedar ridge school netted \$27.00.

### FAIRVIEW ITEMS

Mr. and Mrs. Paul Hall and family from Little Bear ridge were Sunday dinner guests at the Fred Glenn home. Paula Hall remained for a longer visit in the Glenn home.

Mr. and Mrs. Paul Dageforde and family were Sunday dinner guests at the Henry Reil home.

Mr. and Mrs. Gordon Peters and family were Sunday dinner guests at the Harold Parks home.

Mr. and Mrs. Fred Glenn and daughters attended the school carnival at Juliaetta Friday evening.

Mr. and Mrs. Roy Glenn and family from Texas ridge were overnight guests Sunday night at the home of Roy's parents, Mr. and Mrs. John Glenn.

Mr. and Mrs. Pete Stump, Jr., were Sunday dinner guests at the home of Mrs. Stump's sister, Mrs. Okeeski and family at Bovill.

Rev. Murray of Kendrick visited Thursday afternoon at the J. M. Woodward home.

Mr. and Mrs. Wilbur Corkill and family were Sunday dinner guests at the Rudy Anderson home in Troy.

Mrs. R. E. Woody, who is teaching on American ridge, was home over the week-end.

Cleo Kuykendall was a Wednesday night guest in the Wilbur Corkill home.

Sunday dinner guests at the home of Mr. and Mrs. J. M. Woodward were Mrs. Harry Smith and sons Stanley and Clinton.

Mr. and Mrs. Pearl Hazeltine and son Harold visited Mrs. Hazeltine's mother at the St. Joseph's hospital in Lewiston Sunday.

Fre. Brazier and Glen Brazier of Genesee were supper guests Thursday evening in the J. M. Woodward home.

Mrs. Wilbur Corkill and daughter Patty, Cleo Kuykendall and Mrs. Gordon Peters were visitors in Lewiston Saturday.

John Glenn delivered a load of cattle to Lewiston Saturday.

Mrs. Glen Brazier from Genesee is visiting this week at the home of her parents, Mr. and Mrs. J. M. Woodward.

### CAMERON NEWS

The Ladies Aid will hold their annual Chicken Dinner and Fancy Work sale on Thursday evening, November 9.

Mrs. Gill of Kooskia visited in the home of Mr. and Mrs. Geo. McKinnon last week.

Mr. and Mrs. Ray Whiting and son and Mrs. Nellie Stead of Lewiston, were Sunday guests of Mr. and Mrs. Carl Koepp.

Mrs. Carl Koepp, Mrs. Ned McCamont, Mrs. Herman Silflow, Mrs. George McKinnon, Mrs. Gill and Mrs. Schwarz called on Mrs. Stoneburner and Miss Hartung recently.

Mrs. Roy Ramey spent the week-end with her daughter, Mrs. Walter Koepp and family.

Mr. and Mrs. Robert Fry and family of Emmett, Idaho, were Sunday evening visitors in the home of Mr. and Mrs. Glen Wegner.

The Cameron Ladies Aid baked and sent 91 dozen cookies to the Lutheran Service Center in Spokane.

Mr. and Mrs. Fred Newman spent Friday evening with Mr. and Mrs. Jake Neumann and their guests, Mrs. Homer Renfrew and children and Pvt. and Mrs. Everett Neumann.

Mr. and Mrs. August Brammer entertained at dinner Sunday for Mr. and Mrs. Henry Brammer, Mr. and Mrs. Geo. Havens and family and Mr. and Mrs. Wilbert Brunseik.

Sunday dinner guests of Mrs. Ida Silflow and Mr. and Mrs. Herman Silflow were Mr. and Mrs. Gus Kruger and daughters, Mr. and Mrs. Henry Wendt and Carl Kruger.

Mr. and Mrs. Walter Silflow were Sunday dinner guests of Mr. and Mrs. Otto Silflow.

Mrs. Anne Longeteig and son John were Sunday evening visitors of Mr. and Mrs. Carl Whiting.

August Brammer was the honored guest at a surprise birthday party Tuesday evening. The evening was spent in playing cards. A delicious lunch was served at midnight.

The Luther League entertained at a Hallowe'en party Friday evening. Young people from Lewiston, Gifford and Kendrick attended. Doughnuts and cider were served.

### Leland School Notes (Delayed)

The first period ended last Friday with report cards being issued last Wednesday.

Our attendance for the first period was 99.6%. Those having perfect attendance for the first period were: Ray and Keith Thornton, Stanley Smith, Beth and Sinclair Hund, Hermina and Teddy Meyer, Neal Walker, Betty and Buddy Parks, Luther and Leone Parks, James and Glynes Thornton, Barbara Silflow, Kathleen Crawford, Howard Wolff, Norma and Nina Dageforde, Ernest Heimgartner, Eddie Corkill, Gerald Heffel, Jeanette Cridlebaugh, Herman Hinrichs and Norman Silflow.

We have begun work on a program we plan to give about November 3. Eleven students are receiving individual piano lessons from Miss Meyer, who spends Tuesday of each week with us. She has also organized a Glee club composed of Sinclair and Beth Hund, Clinton Smith, James and Glynes Thornton, Luther and Betty Parks and Hermina Meyer.

Our school officers, recently elected, are: Neal Walker, president; Luther Parks, vice president; Betty Parks, secretary; Hermina Meyer, treasurer.

### Double Feature Scheduled

Still another of those popular double features is scheduled for this week-end at the local theatre. First of these is entitled "Troadero," starring Rosemary Lane, Johnny Downs, Ralph Morgan and Marjorie Manners. It's a gay musical and fun production.

Second offerings of the evening is entitled "Melody Trail," and stars Gene Autrey and Smiley Burnette. This picture needs no further introduction to local theatre goers.

The usual cartoon will round out the evening's entertainment.

One pulpwood tree holds enough cellulose to make the explosive in 7,500 Garand rifle cartridges. That's why Hitler shivers every time somebody yells, "Um-ber-r-r."

### GOLDEN RULE

The ladies of our community gathered at the school house Tuesday, enjoying a pot-luck surprise dinner in honor of the teacher, Lucille Perry's birthday anniversary. In the afternoon the children staged a rummage auction sale, which made them \$7.01.

Mr. and Mrs. Will Jennings were Kendrick business visitors on Tuesday.

Mrs. Denzil Kuykendall attended the Leland Ladies Aid bazaar Wednesday evening of last week.

Mr. and Mrs. Oscar Lawrence were Lewiston visitors Thursday.

Sheriff Conrad was a caller in our community Thursday.

Pvt. and Mrs. Everett Neumann called on her aunt, Mrs. Carl Finke, Friday.

Our neighborhood enjoyed a Hallowe'en party at the school house Friday night. Doughnuts and cocoa were served.

Mr. and Mrs. Oscar Lawrence were Lapwai and Lewiston visitors Saturday.

Lucille Perry spent Saturday at the Roy Martin home.

### JULIAETTA NEWS ITEMS

Mr. and Mrs. James Albright and children are here from California, visiting relatives and friends.

Mrs. J. F. Nickens of Peck is ill with a throat infection at the home of her parents, Mr. and Mrs. J. H. Millard.

Mr. and Mrs. Lloyd Knight and son Rex were Sunday visitors in Lapwai, with Mr. and Mrs. George Rice and family.

Mr. and Mrs. Clifford Nelson and daughter Karen of Bovill spent last week here.

Mr. and Mrs. Alvin Nye and children, Bobby, Doris and Melvin of Clarkston, visited here Sunday with Mr. and Mrs. Ira Fix and Donna Nye.

Buy bonds and savings stamps now.

### Take Charge Of Business

Wednesday morning of this week Mr. and Mrs. Elmer McCoy took charge of the Perryman Confectionery, purchased by them from Mrs. Eva Perryman some months ago, but under lease to Tony Piraino until November 1st.

Mr. Piraino and daughter, Mrs. Fifi Plastino, will remain with the McCoy's for a few days and then go to their home in Lewiston, where Tony is opening a new restaurant and confectionery.

Mr. and Mrs. McCoy are well and favorably known here, and will no doubt make good in their new business venture.

The confectionery will be known in the future as "McCoy's Confectionery."

### A Good Trick!

At a naval training center a pharmacist's mate was preparing to fingerprint a recruit. "Wash your hands," he instructed.

"Both of them?" queried the sailor-to-be.

The pharmacist's mate hesitated in thought. "No," he said grimly. "Just one. I want to see how you do it."

### Hand Grenades X-Rayed

Thousands of hand grenades used by United States invasion forces are X-rayed in this country before shipment overseas.

They are checked by an automatic X-ray to determine if each fuse contains the proper amount of powder to prevent premature explosion.

### MY THANKS TO YOU —

I want to thank the people of Kendrick and the surrounding country for their patronage at Tony's Place during the years I operated it.

I hope you will continue as generous a patronage as it goes under the management of Elmer and Blanche McCoy.

I hope to see you all — my friends — at my new place in Lewiston, when it opens for business.

Thank you

TONY PIRAINO.

## A FIGHTER and A STICKER

## Glen H. Taylor

DEMOCRATIC CANDIDATE FOR United States Senator

### Don't Let It Happen Again!

In 1920 the League of Nations was defeated by one vote in the United States Senate.

The vote of an Idaho Senator decided the fate of the world. If the League of Nations had been ratified it is probable we would not be fighting this second world war.

There are still many isolationists in the Senate. The vote on a new plan to preserve peace in the world may be just as close this time.

The future of the world may be decided by the vote of the man you elect as Senator from Idaho on Nov. 7th. Vote for a man who will work for . . . and vote for . . . a plan to preserve world peace.

For the Future Peace of the World

**Slack Suit Useful and Will Save Money for War Bonds**

Every well-rounded wardrobe should include a slack suit. They are practical and appropriate, whether you play golf or work in a defense plant. Smart in its simplicity is this outfit of brown slacks and jacket with beige front worn by a Powers model. You will want to make and wear it, and buy War Bonds with the money you save by sewing. A suitable pattern may be obtained at your local store.

U. S. Treasury Department

**SERIES "E" WAR BONDS MAY SOON BE CASHED AT BANKS**

John A. Schoonover, Idaho State War Finance Chairman, today made the following announcement regarding the redemption of Series "E" War Bonds:

"By October 1st of this year, almost all Idaho banks will have qualified to redeem Series "E" War Bonds, of which over \$26,000,000,000 worth were in the hands of the public at the end of August.

This facility was not inaugurated by the United States Treasury to

encourage the cashing of bonds, but rather to facilitate redemptions in those extreme cases where the holders may find it necessary to redeem them. It is a well known psychological fact that when a person knows he can get his money immediately, he does not always want it.

"Many so-called 'experts' have made statements which entirely distort the true situation relating to redemptions of Series "E" Bonds. The statistics disprove their statements, because 87.43% of all Series "E" Bonds sold since May, 1941,

are still in the hands of the original purchasers. This is an exceptionally fine record when judged by the behavior of withdrawals of savings accounts, lapses of life insurance, sales of other securities purchased, or, in fact, any type of investment.

"Series "E" Bonds still remain the very highest grade of investment for the individual purchaser, for the holder has what amounts to an immediately cashable United States obligation which yields almost 3% if held until maturity, and he has a guarantee of always getting back as much, or more, than he paid for the bonds.

"Most well informed persons agree that our country will experience some sort of recession after the war, and it will be well for all individuals to fortify themselves with reasonable reserves against that contingency. War Savings Bonds are ideally adapted to this purpose.

"Regardless of the ease with which these bonds can be cashed, we urge that they not be redeemed, except in cases of absolute necessity, and that all Idaho citizens continue to purchase them to the extent of their ability, not only to support the war effort, but from the standpoint of best self interest.

**Duck Season October 14**

Duck season opened on Saturday, October 14. Here are a few brief items from the law:

Ten is the aggregate of all kinds, including not more than one wood duck, plus five singly or in the aggregate of mallard, pintail or widgeon. Daily limit for mallard, pintail or widgeon is 15.

Possession limit — Twenty ducks in the aggregate of all kinds.

Geese — Two.

Prohibited is the use of live decoys, "baiting," etc., and the use of shotguns of more than three-shot capacity, magazine and barrel combined.

Hunting hours may be seen posted on bulletin board at the postoffice. Season ends January 1st.

**Fried Chicken For Wounded**

Overseas field hospitals and rest centers soon will have fried chicken on their menus, says an army dispatch. The chicken will be frozen and transported over-seas, ready to fry.

**What Do You Think?**

After the war, helicopters, jeeps and other tools of war will be used to fight forest fire — but it isn't true that army coffee will be used to spray insect pests.

Conifer trees have about the same amount of sap in winter as in spring. Like people, they only seem sappier then.

**MICKIE SAYS—**

GOSH! FOLKS SEEM T' EXPECT A NEWSPAPER TO BE PERFECT, AND NEVER MAKE ERRORS! HEK! EVRYBODY ELSE MAKES 'EM — WHY CANT WE?

**SUGGESTIONS FOR THE CARE OF PULLETS TO GET LAYERS**

Since the culling of the laying flock is so essential, it becomes obvious that a program to prevent culls should be given first consideration in the poultry management program.

While it is true that hens can lay no more eggs than they are bred to lay, they may lay many less because of bad management. However well pullets are bred, they must be well developed to lay many eggs.

There is no magic, no medicine, or condiment that will transform a stunted pullet into a strong, vigorous hen. Just now — early fall — because of neglect of small essentials in the pullet development management program, many pullets become stunted, which in proper terms, amounts to culls or low producing hens. It is not uncommon to see entire pullet flocks so poorly developed as to not have a chance to be profitable producers.

During these times when help is so scarce and there is so much to be done, it seems something must be neglected and, too often, it is that flock of growing pullets. Only a few days of neglect may result in irreparable damage, much of which

might be avoided by a little planning in advance.

The essentials for those growing pullets are:

- (1) Ample and reasonably clean range.
- (2) Adequate and suitable roosting accommodations.
- (3) Daytime protection from storm.
- (4) Plenty of feed hopper space protected to keep it dry.
- (5) Green feed in plenty.
- (6) Parasite control.

It is well to remember that cull hens may come from poor management as well as poor breeding. It is not uncommon to see whole pullet flocks so poorly developed as to make them worthless as layers. Such pullets should never be housed. To do so means a waste of feed and certainly no profit to the owner.

While feed is the principal cost item in the poultry industry, it is well to remember that rate of production is an equal factor in production costs. Hens laying at the rate of 60 per cent will consume very little, if any more feed, than if they

are laying 30 per cent. If the pullets are given a good growing chance, they are more likely to be profitable than if neglected.—Fren Moore, Extension Poultryman.

**A Muffin Trick**

When dividing recipes for hot breads and muffins, take the following precautions: With hot breads use a proportionately smaller pan or the bread will become too crusty; with muffins, put a little water into the unfilled cups of the pan as a protection.

Timber trusses in warehouses saved 200,000 tons of steel. Expressing gratitude to the forest industries the Army said, "Thanks," — and then built 7,000 of them with the metal saved.

The week's award for postwar planning goes to the New York lumber dealer, who is already taking orders for lumber to prevent smashed store windows on V-Day.

**IDAHO**

is as **BIG**

as **NEW YORK**

In the United States Senate Idaho is as big as the states of New York, Ohio, California or any other state in the Union. Each state is represented by two senators and the voice and vote of Idaho is just as important and influential as that of any of the 47 other states.

In order to take full advantage of our equal representation with other states it is important to exercise great care and judgment in the selection of a senator from Idaho.

**BOTTOLFSEN is THE Man For United States Senator**

C. A. Bottolfesen is the man best qualified by training, experience and proven ability to represent the people of Idaho in the U. S. Senate.

He is the one man who is fitted for the office and the one man who will bring credit to this state. He has a full and complete knowledge of Idaho's needs and problems and will work for the interest of all of the people.

Vote for **C. A. "BOTT" BOTTOLFSEN**  
Republican Candidate for **U. S. SENATOR**

REPUBLICAN STATE CENTRAL COMMITTEE

Let's put Idaho's "FIRST" Congressional District **FIRST...**

by ELECTING **Robert L. BRAINARD**

**Qualified by EXPERIENCE:**

Robert L. Brainard, of Kellogg, Idaho, is now serving as State Senator from Shoshone County. This will complete his sixth term of active membership in the Idaho Legislature.

His legislative record is especially outstanding in his constructive support of Idaho's laws dealing with Education, Mining, Agriculture and Public Welfare.

Senator Brainard has two sons in foreign service with our armed forces. He has a deep understanding of our duty to Idaho's men in service... both now and following the war.

As an Idaho newspaper editor for thirty years, Brainard has achieved a broad understanding of Idaho and of Idaho's needs. He is also editor of Union Legion Service News, a free service to men in the armed forces from his home county.

Brainard has been active in many civic, fraternal and political affairs. He is a Past President of the Kellogg Chamber of Commerce, President of the Kellogg Kiwanis Club, a Civilian Recruiting Officer for the United States Navy, and a member of the Shoshone County Selective Service Board. His affiliations include membership in the Odd Fellows, the Knights of Pythias, the Eagles and the Methodist Church.

Senator Brainard's thorough knowledge of Idaho and her problems qualifies him as the logical choice for Representative in Congress from the First District.

**First in EDUCATION**

For many years has taken a leading part in Idaho school matters — both elementary and with the higher institutions. Performed outstanding work in the legislature to promote the best interests of education. Opposes federal control of our schools.

**First in MINING**

Takes a high rank in Idaho mining affairs and has consistently advocated laws looking toward the development of Idaho's great mineral resources. A friend of the prospector and against bureaucratic control of our vast mineral empire.

**First in AGRICULTURE**

Recognizes the fact that agriculture is Idaho's greatest wealth producer and the key to the state's future expansion. Water is the lifeblood of the farm. Water for irrigation should have all priority rights. More farm-to-market roads are essential.

**First in PUBLIC WELFARE**

Throughout his long legislative career has stood in the forefront for all agencies of public welfare. Wrote Idaho's first old-age pension law. Advocated a tuberculosis sanitarium for Idaho's afflicted. Would enlarge the social security coverage.

Elect the Man who puts

**"Idaho" FIRST**

This advertisement was sponsored by forward-looking citizens of Idaho's First Congressional District who are vitally concerned in Idaho's progress!

# VOTE FOR ALL THREE!

Latah County's G. O. P. Legislative Ticket is Tops in

**LEADERSHIP  
EXPERIENCE  
ABILITY**

**VICTOR T. MORRIS**  
FOR  
**STATE SENATOR**

Prominent farmer of northern Latah county, Morris is a veteran of three terms in the State Legislature, where he has made an outstanding record as floor leader and assistant party leader.

**ELVON HAMPTON**

FOR  
**State Representative**

Graduate of the University of Idaho in 1933 and successful farmer of the Genesee region for the past eight years, Elvon Hampton will be a valuable man for Latah county and Idaho in the coming session. Young, alert, and with good judgment, the county will be fortunate to secure his services.

**ARTHUR SNOW**  
FOR  
**State Representative**

"Art" Snow, pioneer farmer south of Moscow, has served this county well in seven legislative sessions. He understands business and farm problems and is familiar with University of Idaho requirements. Art Snow has many friends throughout Idaho and in the legislature who will support his programs.

## We Need These Sound Republicans At Boise

Yes, it's a Republican year again for Idaho . . . and Latah County will be wise in sending such a strong Republican delegation as this to the legislature. Your farm, business, highway and school problems will be in safe hands. For the good of Idaho and Latah County, vote for MORRIS, HAMPTON and SNOW on November 7!

**Latah County  
Republican  
Central Committee**

### Skim Milk Fights Costly Pig Parasites

Experiments Prove Value of Diet Plan

Internal parasites that attack pigs may be largely eliminated by liberal feedings of skim milk, according to department of agriculture investigators. During recent experiments some pigs received skim milk daily and others were given it at intervals of several weeks. Severe exposure to parasites was provided.

In a 57-day test, the pigs getting milk daily made an average gain of 50 pounds, and those fed grain exclusively gained only 40 pounds, on the average. Examination of carcasses of the milk-fed groups showed less than half as many parasites as the grain-fed pigs, and some of the milk-fed pigs were practically free of such pests in spite of the severe exposure.

A second experiment of 98 days duration, under similar conditions except that intermittent skim-milk feedings were two weeks apart, confirmed the first. The milk-fed pigs gained from 83 to 115 pounds, on the average, and were found to be free from parasites or to have only a few. The grain-fed pigs, similarly exposed to infection, gained a fraction less than 32 pounds in the 98 days and at the end of the experiment were heavily infested with intestinal worms.

It is pointed out that under practical conditions, sanitary practices

and general good management should be used to protect animals against exposure to parasites as far as possible. When the presence of parasites is suspected, however, and skim milk is available, beneficial results may be obtained from the latter's use as a parasiticide as well as a feed. Satisfactory gains, the scientists declare, and freedom from severe parasitism can be attained by feeding milk moderately each day or by giving large quantities for a few days at intervals of two or three weeks.

Application of the results of the "skim milk" experiments in war time should be governed by relative current needs for milk and pork. It is pointed out that in the central western area, where most of the country's hogs and many of the cattle are raised, the usual farm practice is to separate the milk, selling only the cream for butter making. Large quantities of skim milk are thus made available.

### Agriculture In the News

#### Money in Feathers.

The discovery that chicken feathers contain 100 per cent protein promotes them from a fertilizer to an excellent material for plastics and other articles of commerce.

Machines have already been perfected for the conversion of feathers into protein and plastics. The value of feathers as a soft, warmth producing material has long been recognized. Many of the Russian army coats are lined with feathers. In the U. S. army feathers have proved of great value in the work of camouflage.

Other feather products include a substitute yarn, a plywood adhesive for planes and PT boats, insulation material and a plywood material. The plastic can be used for sewing up wounds, its great advantage being that as the body heals, it absorbs the stitches. Serious attempts are being made in various countries to convert feathers into human food.

#### Tractor Faults

If the tractor lacks power the fault may lie in lack of compression, improper ignition timing or faulty carburetor setting. Leaky or broken piston rings, evidenced by lack of compression and undue hissing in the crankcase, causes serious loss of power. The spark plug gap setting, spark timing and carburetor adjustment should always be in accordance with instruction book of recommendations furnished by the tractor manufacturer.

**CONOCO**

MOTOR OIL

Erratic driving proves so inefficient in Wartime that it's no longer favored any of the time.

Deftness is the style in motoring. Tactics like swooping in and out of line seem wasted, when the little coupe—from miles behind—presently shows up anyway in the "thrill-driver's" mirror.

That's skill—making a steady good average; not leaping and bounding to make it up. You'll show still greater regard for dutiful mechanism by having your engine OIL-PLATED—internally surfaced to resist corrosion by the unavoidable acids of combustion.

Changing to Conoco N<sup>th</sup> motor oil will automatically give you an OIL-PLATED engine. Costly pioneer research created the special Conoco N<sup>th</sup> ingredient that gives this popular-priced oil its magnet-like action. And that's what joins OIL-PLATING to inner engine surfaces, as if to stay.

Acids stay too, these days—infesting every cylinder in unreasonable quantities. Former chances of ousting corrosive acids are decreased these days by low engine temperatures—longer stretches of standing cold—mileage limitations of any kind. But you can keep your engine's fine inner finish under cover of protective OIL-PLATING—resisting corrosion! Just change to Conoco N<sup>th</sup> motor oil at Your Mileage Merchant's. Continental Oil Co.

#### Did You Know

That timber cruising, the systematic determination of the volume of wood in a forest, is also used to find the harvesting cycle that will insure a continuous yield from a stand of timber?

That the glues used in making plywood are stronger than the wood itself.

That normally from 20,000 to 35,000 board feet of lumber may be loaded into a box car, depending on

weight, bulk and measurement?

That loggers now speed the growth of healthy trees by removing competing neighbors through scientific thinning of the surrounding forest?

That about 11,000,000,000 cubic feet of new wood grows in our forests each year?

That planting trees on burned-over land costs forest owners from \$6.00 to \$12.00 per acre?

That rosin, turpentine, pine and rosin oils, wood tar and pitch are

often called naval stores?

That like human, trees are born, grow, reproduce, work, rest and die of old age?

These are facts, sustained by U. S. Forestry department figures.

#### New Wool Jacket

Army personnel in the United States have been authorized to wear, at their option, a new olive drab jacket in lieu of the service coat, the army stated.

## Idaho Can Depend On CHARLEY GOSSETT

He Knows HOW To Be a GOOD GOVERNOR

Charles C. Gossett is a man of the people. He has always been a friend of the farmer and a friend of labor. He believes that there should be a place in our Democratic form of government for everyone. He believes that business and individual initiative should be encouraged to the fullest extent to maintain prosperity in Idaho at a high level and to provide employment for everyone.

Gossett KNOWS HOW to be a good governor because he is fully qualified by experience and training to fill this high office. He served four years in the Idaho Legislature and four years as Lieutenant Governor and president of the Senate.

Idaho can do no better in these trying times than to elect a man with Gossett's qualifications for Governor.

Vote for this man

Who Promises A Fair, Honest, Business-Like Administration

Charles C. Gossett is a man of tireless energy. He is a successful farmer, livestock producer and businessman who has demonstrated his ability as a capable executive.

Gossett will give Idaho a straightforward, businesslike administration. He will work with all organizations, associations, groups and individuals in the state to develop our industries and natural resources.

Gossett will devote his tireless energy to improving our state institutions, our school

system and the care of our elderly people, the blind and dependent children.

He will insist on efficiency in government and recognizes the responsibility a chief executive has toward those who pay the taxes that maintain the functions of government.

Because he is the man best qualified, a man of sound judgment, keen business ability and a man who has the interest of all the people at heart, Gossett deserves your support in this election.

**New Service For Disabled Vets**  
Idaho's war-disabled veterans have a new service at their disposal in Idaho, a service to which they can refer all disability claims or questions of dependency benefits.  
Jack B. George, service officer of long experience, has opened offices in the Veterans' hospital, Boise, where he is available for consultation in person or by letter on any problem affecting the welfare of discharged and disabled veterans of every war.

Before being sent here by national headquarters of the Disabled American Veterans, Mr. George served in the same capacity at the Minneapolis Veterans' Hospital.  
By Congressional charter, the D. A. V. is designated as the bargaining agent between veteran and government. Although George is employed by the D. A. V. as a part of its national program of assistance to disabled veterans, membership in it — or any other organization — is

not necessary to procure his help.  
"All veterans are welcome to call on me for assistance," said Mr. George in addressing a meeting of state D. A. V. officials held shortly after his arrival. "This free service has been established in connection with every Veterans Facility in the United States and will be maintained for the benefit of our comrades, maimed by war, so long as one remains. Members of the D. A. V. realize their obligation to relieve the

soldiers of World War II of some of the tragedies that faced us on our return from the trenches of France 25 years ago."  
George was a member of the A. E. F. in World War I and since then has devoted his time to the study of by-passing the red tape that entangles benefits due to disabled veterans. He brings with him to Boise his wife and son.

Buy War Bonds and Stamps.

## NOTICE OF GENERAL ELECTION, 1944

NOTICE IS HEREBY GIVEN that on the Tuesday following the first Monday of November next (November 7, 1944) at \_\_\_\_\_ Precinct, in the County of Latah and State of Idaho, an election will be held for Presidential Electors, Members of Congress, State, Legislative, County and Precinct Officers and Constitutional Amendments as follows:

## CONSTITUTIONAL AMENDMENTS

(S. J. R. No. 1)  
"Shall Section 1 of Article 4 of the Constitution of the State of Idaho be amended to read as follows:  
"The executive department shall consist of a governor, lieutenant governor, secretary of state, state auditor, state treasurer, attorney general, and superintendent of public instruction each of whom shall hold his office for four years beginning on the first Monday in January next after his election, commencing with those elected in the year 1946, except as otherwise provided in this constitution. The officers of the executive department, excepting the lieutenant governor, shall, during their terms of office reside within the county where the seat of government is located, where they shall keep the public records, books and papers. They shall perform such duties as are prescribed by this constitution and as may be prescribed by law. The Governor shall not succeed himself in office, but shall be eligible to hold such office after a lapse of one full term."

(S. J. R. No. 3)  
"Shall Section 12 of Article 7 of the Constitution be amended to provide for a State Tax Commission of four members, not more than two of whom shall belong to the same political party, which Commission shall be appointed by the Governor, by and with the consent of the Senate; the members of the first commission to be appointed, one for two years, one for four years and two for six years, and the Commissioners thereafter to be appointed for six years; said Commission to perform the duties heretofore imposed upon the State Board of Equalization, and to have such other powers and duties as may be prescribed by law, including the supervision and coordination of the work of the several county boards of equalization."

(S. J. R. No. 4)  
"Shall Section 4 of Article 7 of the Constitution of the State of Idaho be amended so as to exempt from taxation the property of the United States, except when taxation thereof is authorized by the United States; also to exempt from taxation, in addition to property made exempt from taxation by said section, the property of villages and school districts."

(H. J. R. No. 3)  
"Shall Section 18 of Article 4 of the Constitution be so amended as to abolish the board of prison commissioners as there constituted and provided?"

(H. J. R. No. 4)  
"Shall Section 7 of Article 4 of the Constitution be so amended that the pardoning power shall be vested in the Governor subject to such regulations as may be provided by law, in all cases of offenses against the state except treason or conviction upon impeachment?"

which election shall be open at eight o'clock in the morning and will continue until seven o'clock in the evening of the same day.  
Dated at Moscow, Idaho, this 12th day of July, 1944.

BESSIE BARCOCK,  
CLERK OF THE BOARD OF COUNTY COMMISSIONERS  
IN AND FOR LATAH COUNTY, IDAHO

### Protect roofs now

Standard's tough asphaltic coatings seal against weather damage, stop leaks, resist cracking and checking. Use Standard Asbestos Roof Coating, for top quality, Standard Roof Paint, for economy. For best results, prime with Standard Utility Coating or Standard Priming Solution. Renew shingle roofs with Standard Shingle Stain or Oil.

**Cutworms Destroy Plants**

**By Chewing Their Stems**

Cutworms, as the name implies, often cut off plants by chewing through the stem just above the ground. Young transplants of cabbage, brussels sprouts, tomato, pepper and eggplant are often killed in this way. Cutworms are good-sized, smooth, fleshy caterpillars, usually dingy brown in color. They feed at night, and hide during the day just under the surface of the soil or beneath stones and clods. They can usually be found and destroyed by stirring the soil near plants that have been cut.

A simple way to protect transplants from cutworms is to wrap the stem closely with a strip of newspaper several sheets thick, reaching from below the ground level to the lower leaves. The tarpaper discs suggested for maggot control on cabbage, broccoli, cauliflower and brussels sprouts, will also protect these plants from cutworms, but are not recommended for tomato or other soft-stemmed plants, as they may bruise the stems.

If cutworms are numerous enough to damage seedlings of peas or other row crops, a poison bait may be needed. For an effective bait mix 1 tablespoonful of paris green with 1 quart of dry bran or flake breakfast cereal and mix this with 3 tablespoonfuls of molasses dissolved in about 1/2 cupful of water. Scatter the bait lightly between the rows.

**Many Types of Flowers**

**Have Rapid Germination**

Suppose you demanded a combination of flowers which would germinate in five days (in warm weather) and flower in 30 to 40. Here are some you might get:

Zinnias, ageratum, alyssum, candytuft, centaureas, clarkia, cynoglossum, annual sunflowers, morning glories, annual pinks, leptosyne, marigolds, poppies.

Such a list might be very much enlarged by including varieties which will germinate in a week or ten days. But it would be interesting to see what sort of garden could be made of just a few flower families, seeking interest by using different colors and types.

Take zinnias for example—they could hardly be omitted from a garden of annuals. There are the small-flowered singles, the small lilliput doubles, the intermediate or "pumpkin" type and the giant flowered varieties. They give an abundance of pink, red, orange, and yellow varieties with a few lavenders. A whole border might be planted mostly to zinnias, provided one, used enough ageratum, cineraria and cynoglossum to introduce the needed blue tones.

**Storm Boat**

The storm boat is a striking weapon used to throw a spearhead of assault troops across a wide stream, inlet or lake before bridges can be built and when the element of surprise is impossible. Carrying a fighting team of seven fully equipped riflemen commanded by a "non-com," and a crew of two, its 50-horsepower motor will drive it at 20 to 23 miles an hour, a speed which, with its low lines and great maneuverability permitting quick evasive action, makes it a difficult target. On the return trip with a load of only its two-man crew it will hit up to 35 miles per hour.

The "passengers" lie face down, head to bow, rifle in hand, and leap out, ready for action, the instant the boat touches shore. The landing may be a simple slowing down at the river bank up which the assault troops scramble or, if the shore is reasonably low and shelving, the light craft may be beached head on at full speed, its powerful motor often tobogganing it high and dry.

**Drivers' Vision**

A series of studies on the relation of seeing distances to car speeds which were made at Iowa State college led A. R. Lauer, associate professor of psychology, to conclude that unrestricted driver licenses should be given only to those having at least 20-40 vision in both eyes, or 20-30 vision in one eye. When vision reaches 20-80 or 20-100 it may be best to limit the applicant to daylight driving or to speeds below 30 miles an hour. For eyes with visual acuity of less than 20-100, he recommends top speeds of under 25 miles an hour, saying that such recommended speeds will seem quite low, but they are calculated in accordance with the known facts of seeing and stopping distances. They actually represent the safe speeds for the classes of drivers concerned.

**Lima Beans**

In spite of the fact that only the seed of lima beans are used, they are a good crop for gardens, yielding more for the space occupied than peas. In small gardens pole limas will take up little ground space, and these climbers not only bear the largest and best flavored beans, but give the heaviest yield. Limas are more tender than snap beans and take longer to mature. In both bush and climbing types there are varieties of small seed, and those of large seed. In general, the small seeded varieties will do better in mediocre soil than the large, but the flavor of the large beans is generally deemed best. The small seeded pole limas are the butter bean of the south.

**GROW LEGUMES IN POTATO ROTATION FOR BEST YIELD**

Legumes should be included in all crop rotations on every farm in Idaho which is growing commercial potatoes. The advantages of this practice may be somewhat different in various localities but in general the following benefits have been obtained:

1. Increases the fertility of the soil. Manure is commonly used on potato ground when it is available but because of the increased acreage there is insufficient manure to apply to all the potato ground. There is also a shortage of commercial fertilizers

which are normally used to supplement the plant nutrients of the soil. The growing of legumes and plowing under of some green material furnishes a source of rapidly decaying organic matter which aids materially in liberating badly needed plant nutrients for the succeeding potato crop.

2. Has a beneficial influence on soil tilth: Since the quality of the potato is so important in Idaho, it is advisable to have soil conditions as favorable as possible. The growing of legumes leaves the soil in a mellow, friable condition. This results in the soil readily taking water so there is a constant and uniform moisture

supply and also results in a higher percentage of No. 1 potatoes. A more satisfactory job of cultivation will also result, since fewer clods will be present.

3. Results in increased yields: The yields following the plowing out of legumes are 10 to 25 per cent higher than on land that is second or third year cropped out of legumes.

4. Aids in controlling weeds: Following the plowing out of legumes many of the weeds are less troublesome.

5. Aids in controlling insects: In some areas in Idaho, the wire worms are becoming an important factor in potato production. In such areas, it is recommended that alfalfa be grown for three or four years in the rotation. Plow dry during the late summer.

6. Source of roughage for livestock: Livestock should be an important part of most farms. One of the important byproducts is barnyard manure, the use of which has become an essential factor in crop production.

7. Most efficient time to apply phosphate fertilizer: Results at the Aberdeen Branch Experiment Station have shown that when sufficient phosphate is applied to the legume crop preceding the potatoes, to secure normal alfalfa yields, no benefit is obtained by further additions of phosphate to the potatoes. The results of this practice are two-fold, an increase in yield of the legume, and a higher yield of potatoes. — G. Orien Baker, Soil Technologist.

**Forty Years Ago**

The Burgess Ward farm was sold this week to Henry ZurnHoffe of Nebraska, the price paid was \$5,000 for 125 acres. This is a splendid farm and well worth the price as it is choice ground and all under cultivation. . . Harvey Brillhart sold his fine farm on American ridge to Claus Elchner, receiving \$3,000 for it. It is one of the best farms on American ridge. Mr. Brillhart is one of the oldest residents of this section, having lived on American ridge for 24 years. . . Several teams have been kept busy this week hauling apples from the big orchard of the North Idaho Fruit Farm on the Potlatch, formerly the Hepler orchard. The Jonathan variety is being shipped immediately, but the Ben Davis are being stored in the Hunter warehouse for later shipment.

**The Farmer and War Bonds**

by Mr. A. S. Goss

Master of the National Grange

**WE FREQUENTLY** hear farmers raise the question as to whether or not they should buy War Bonds as long as they are in debt. The answer to this question should depend in large measure upon the nature of the debt and whether or not it is current. If part of it is past due, and the borrower expects to experience difficulty in meeting past due payments, he probably should bring his debt into current position before investing in Bonds. If, however, his payments are current, there seems to be no reason why farmers should not buy as many Bonds as they are able. Most individual investors in government Bonds are carrying debt in one form or another, at rates higher than the Bonds will yield. This is as it should be if the purchaser is in an earning position which permits the accumulation of some surplus, for we all owe it to our government to do our utmost in the financing of the war, even though the transaction may result in our paying some extra interest on outstanding debts.

When a farmer owes money, he is always concerned as to whether his crops will sell at prices which will enable him to repay his debt. When prices are high it is good business and conservative finance to reduce the debt as rapidly as possible because when prices are low, it takes more crops and more efforts to make the payments.

We should not forget, however, that a government Bond will pay off an equal amount of dollars of debt, no matter whether prices are high or whether prices are low. It is, therefore, a sound and conservative practice to buy government Bonds and lay them

aside to make payments on existing debts when they fall due. In fact, quite aside from the patriotic appeal, it is good business to buy Bonds rather than make pre-payments on debt, because the time may come when the ready cash is needed and the money tied up in pre-payments cannot be returned. If this money is invested in Bonds, it can be converted into cash to meet any needs which may arise.

If everyone followed the policy of buying no War Bonds until their debts were paid, few Bonds would be sold to the public. We have an obligation to help finance this war which is vastly more important than the income we may receive on the investment of money in War Bonds.

Farmers are finding it impossible to maintain their machinery and buildings in a satisfactory state of repair. They are finding that they cannot replace worn-out equipment except at excessively high cost.

It would seem to be sound and conservative business practice to lay aside money to make the repairs and replace worn-out equipment when material and machines are again available. No safer place can be found to lay aside money for such purposes than in government Bonds.

Every time we buy a Bond we are not only assisting in financing the war, but we are also doing our bit to prevent that most dreaded economic disaster called inflation. If each one of us would invest as much as we could in government Bonds, the danger of inflation would be greatly reduced.

U. S. Treasury Department

It's the folks who KNOW Bill Detweiler and what THEY say about him . . .

- that is

what will elect

W.H. "Bill" DETWEILER  
★ GOVERNOR ★

Not what Bill Detweiler says for himself . . . he's modest. Nor will he be elected by "promises" to either groups or individuals. Bill Detweiler makes no "campaign" promises. His inherent honesty demands this. But when he makes a promise he has never been known to repudiate it. You can bet your bottom dollar that he'll come through . . . in name, in spirit and in action. That's "Bill,"! But, underneath this reluctance to push himself forward is a power-house of foresight and action . . . and a keen, uncompromising sense of right and wrong. That's the kind of Governor Idaho needs. That's the kind of Governor YOU want, isn't it?

If you haven't met Bill Detweiler already, just ask any of Bill's friends about him, regardless of what party they belong to. Ask any of the hundreds of American Legion members with and for whom he has worked . . . on every war veteran problem. Ask any of his farmer acquaintances and they'll tell you that Bill Detweiler is the only candidate for Governor with a definite program for real progress of agriculture in this state. Ask any Idaho legislator who has seen, first hand, the rapid rise in respect for him as a statesman who holds Idaho's future progress FIRST!

Or ask any of the majority of newspaper publishers throughout the state who have known and observed him closely. Or read some of their most scrutinizing editorials. For instance, we reprint here several quotations from a newspaper which has hardly ever endorsed a candidacy at the primaries, but which more than two years ago recognized Bill Detweiler's unusual qualities as an able and aggressive state executive.

This advertisement was sponsored in the interests of a greater state, and was paid for by some of the Idaho folks who really KNOW W. H. "Bill" Detweiler.

**Read . . .**

the opinions from an editorial endorsement of W. H. Detweiler which, more than two years ago, predicted a choice by Idaho's thoughtful, earnest voters:

- "Detweiler offers no ill-considered promises."
- "He promises no jobs."
- "He would go into office owing no favors . . ."
- "His deeds square with his words."
- "Nobody will own him."
- " . . . hearty, mentally tack-sharp."
- " . . . applies the rule of right and justice to all public questions . . ."
- " . . . remarkably familiar with the mechanics of Idaho statecraft, which he approaches with sound business intelligence."
- " . . . a record brimming with aggressive spunk, falcon-eyed thrift and fearlessness."
- "He is a practical choice."
- " . . . eminently potential to become a commanding figure and one of Idaho's ablest and best governors."
- "The power of plain people that can nominate can be the power that elects him."

TIGER TALES

PREPARED BY JOURNALISM CLASS OF KENDRICK HIGH SCHOOL

School Carnival Scheduled Kendrick Public Schools will hold a school carnival, Friday, Nov. 3, in the high school gymnasium. The doors will open at 6:30. An admission fee will be charged.

At 7:00 there will be a short band concert, at the expiration of which concessions will be opened for the enjoyment of everyone. There will be a fish pond for the kiddies, a cat game, basketball throw, country store, etc.

At 10:00 p. m. dancing will begin to the music of a Lewiston orchestra, and just preceding the dance there will be a cake walk.

A lunch counter will be there, with plenty of food and coffee. Candy will also be sold. There will also be prizes awarded. All proceeds will go into the activity fund of the school.

P.-T. A. Meeting P.-T. A. met at the High School on the evening of October 23, with Mrs. George Brocke, president, presiding.

Mrs. H. C. Schupfer, chairman of the Project committee, read some suggestions for the coming year. Those mentioned were:

(1) That a rhythm band for the primary children be re-established.

(2) That new library books be purchased for the High School library.

(3) That a drinking fountain be installed on the school grounds.

(4) That the primary children have a separate play ground.

It was decided that the Project committee meet with the faculty to decide upon a definite project. Mrs. Kanikkeberg, library chairman, reported that from 15 to 20 books a week were being checked out of the downtown library at Long's store.

Mr. Bakken asked for volunteers from the P.-T. A. to help in making coffee and some hot dish at the school carnival Friday of this week.

Mr. Bakken received the "white elephant" prize for the evening. A panel discussion was held with Rev. Murray, Mrs. W. B. Deobald, Mr. Bakken and Mr. Kanikkeberg taking part. The discussion was on the question: "When is an adolescent grown up?"

Following the discussion Marijyn Schupfer played a violin solo and Beverly Schupfer a piano solo.

Everyone then met in the Home Ec. room for refreshments.

Excursion Trip The Biology class, 35 Freshmen, made a very interesting trip to the University of Idaho Monday morning.

They first visited the Science building. Dr. Gail, head of the Botany department, talked briefly on the subject of a "Balance Aquarium."

Then the students looked at moving protoplasm through the microscopes, assisted by Dr. Gail and Dr. Gillette. Dr. Gail then took them through the Herbarium and the "pickled plants" department.

The group was then taken over by Dr. Steffin, head of the Zoology department, who dissected two frogs and explained to the class the tech-

nic and biology applications. He then took the students through the laboratory, where they saw zoological specimens and the stuffed birds.

Before leaving the campus, the museum at the School of Mines was visited. The professors in the Geology department explained the specimens to the students.

The group returned on the 12:55 train. They ate lunch at the Home Ec. room, when they returned for their afternoon classes at school.

Mrs. Larsen, science instructor, was in charge of the group. She was assisted by Bob Benscoter, a senior.

Inter-squad Game Friday of last week we had an inter-squad game. The Sophomores and Juniors emerged the victors over the Seniors and Freshmen by a score of 12-0. James Candler made the first score on a line plunge through the center, and Elroy Kuykendall made the other touchdown when he recovered on a kick blocked by Dee Miller.

Dick Benscoter and Walt McCall have recovered from their injuries and will be in the line-up against Lewiston this coming Saturday. This is the last game and we hope to come home with a victory.

The first basketball practice will be held Monday, Nov. 6th.

In the softball games this week the seventh graders were victors over their rival, the eighth grade.

Play Date Announced The date for the production of the all-school play, "The Mad March Heirs," has been announced as Nov. 22. The play cast is busy practicing and this play is expected to be one of the best which K. H. S. has sponsored.

Navy Day October 27, Navy Day, was celebrated at the school assembly with the playing of selections by the band class. They played "Anchors Away," "Ship Boy" and "Military Escort."

The program was concluded by the singing of our National Anthem, "The Star Spangled Banner." The response from the student body showed their appreciation of having a band class again in Kendrick to honor such occasions.

New Students Four new students have entered school this week. They are: Franklin Zell, Portland; Delores Medalen and Sharron Sturman, Deary, and Allen Medalen.

Since the beginning of this school year, Leonard and Betty Olmstead have gone to Washington and Richard Vote to California.

Attention All Walter McCall, business manager of the K. H. S. annual staff, has announced that those who do not have their depository tickets for the Annual by Nov. 17, will not be able to obtain one when it is published. We are anxious to make this one of our best year books and hope also to excel in the number sold, to make a complete success of the publication.

Halloween program and social was held at the Stoney Point school on Saturday night, October 28. Refreshments were pop and doughnuts. Outside guests were the Lee McFadden family of Cream ridge.

The young folks of this community attended the Lapwai carnival and dance last Friday night.

Mr. and Mrs. Glen Stevens have moved to the home formerly occupied by the George Rice family. Dinner guests in their new home on Saturday, were the Marion Stevens family and Mrs. Elsie Michels.

Miss Bonnie Hollingsworth of Lenore spent the week-end with Kathleen Steigers.

Word has been received of the transfer of Cpl. John Maund, Jr., a Marine, from San Diego to Florida. Sunday callers in the Newt Health home were Mr. and Mrs. Sol Jones of Spokane; Mrs. Harry Sampson and daughters; and two grandchildren of Arrow. Saturday callers included Edith Sampson and Mr. and Mrs. George Anderson.

Pneumonia Cases Improved C. G. Arnett, who has been quite ill with pneumonia, is greatly improved. D. J. Benjamin, who was seriously ill with pneumonia last week at the Edgar Dammarell home, is much improved, and has returned to his home on Little Bear ridge.

More Aid Extended The Gazette acknowledges with sincere thanks the receipt of the following financial help in sending the Gazette to local men and women in the Armed Services: Mr. and Mrs. Walter Denner, Juliaetta \$2.00

Persistent A lunatic asylum inmate being examined for dismissal was asked: "What are you going to do when you get out of here?" He replied: "I'm going to get me a sling shot and come back and break every damn window in this place." After another six months, the same question was again put up to him. "Well, I'm going to get a job," was the reply. "Fine," said the examiner. "And then what?" "Then I'm going to buy a big car." "Good." "And then I'm going to meet a beautiful girl." "That's wonderful." "Then I'm going to take her out driving on a lonely road." "Yes?" "And I'm going to put my arm around the girl." "Yes?" "Then I'm going to grab her garter, make a sling shot, and come back here and break every damn window in the place!"

SOUTHWICK NEWS Mrs. Carl Mustoe and daughter visited at Spokane last week with AIS Carl Mustoe, who was on a short liberty from Farragut.

Mrs. Virgil Harris, Wayne and Douglas spent a few days in the Ed. Torgerson home in Lapwai.

Mr. and Mrs. Wade Candler have returned to their home here, after spending the summer at the Bungalow Ranger station.

Mrs. Herman Renfro and two children of Nampa, are visiting with her parents, Mr. and Mrs. Jake Neumann and with her brother, Pvt. Everett Neumann and wife (nee Arlene Ware).

Mrs. James Reece of Orofino spent Sunday here with Mr. and Mrs. Wade Candler.

Mr. and Mrs. Harl Whittinger were in Colfax last week, where Mrs. Whittinger received medical attention. Mr. and Mrs. Elton McCoy and Mr. and Mrs. Wade Candler were dinner guests in the Wilmer Hanks home Thursday evening. The occasion was the wedding anniversary of Mr. and Mrs. McCoy.

Pvt. Harold Pressnall left Monday to return to his army post. Mrs. Pressnall will remain here at the home of her parents, Mr. and Mrs. John Darby.

Mr. and Mrs. Daymond Schneider and daughter have moved to Leland for the winter. Mrs. Colin Biller returned home after spending the past week in Lewiston.

CRESCENT CLIPPINGS (Delayed) This neighborhood was well represented in Kendrick on Sales Day.

Hank Emery and Mrs. Rose Farrington went to Clarkston Sunday.

Mr. and Mrs. Harold Pressnall and Amy Darby spent the week-end with home folks.

Jean Hudson spent the week-end at her home here.

Quite a few of the neighbors are taking advantage of the dry fall and doing some burning.

Mr. and Mrs. Arne Kloster and children called at the Bill Jennings home Sunday.

Charlie Baack was a week-end visitor at the Lena Swanson home.

Elmer Souders received a disability discharge, and arrived home last Friday.

Craig Brothers have finished logging off the A. W. Lee place, and are now getting what was left on the Wenzel Devidick 80.

Phyllis Babby was taken to the St. Joseph's hospital in Lewiston last week.

# Potlatch Chief Sez

PUBLISHED BY THE KENDRICK CO-OPERATIVE CREAMERY

### REMEMBER FOLKS:

You can collect a subsidy of 10c per pound on all butterfat sold during the months of September and October. This will be paid during November through your county A. A. A. office.

Be sure to apply for this during this month (Nov.) as they will not pay this subsidy for September and October except during this month.

**Vote** Do your duty as a citizen and vote on November 7.

**Vote** Think of the millions of people in the war areas who do not have this privilege — but are fighting for it!

### Remember:

Always ask for "Potlatch Chief" dairy products by name. They are your assurance of purity and quality.

And for greater returns — sell the co-operative way — through us!

Sergeant: (on rifle range to group of rookies) This new bullet will penetrate two feet of solid wood, so remember, keep your heads down!"

A girl got a job helping to sort library books. "What shall I do with this one?" she asked, "It's called: 'Hitler Is Going To Conquer America'."

"Oh," said the librarian, "put it in the 'Fairy Tale' department."

Percy: "I'm five . . . how old are you?"

Archie: "I don't know."

Percy: "Do women bother you?"

Archie: "Nope."

Percy: "Then you're four!"

Walking along with his mother on the first frosty fall morning, Johnny noticed his breath on the cold air. "Look, Mother," he cried, "I'm dusty inside!"

The definition of a gentleman is a patient wolf.

### MORE ABOUT ARMED FORCES

Cpl. Herb. McDowell left Saturday to return to his station at Camp McCoy, Wisconsin, after spending a ten-day furlough with his parents, Mr. and Mrs. E. E. McDowell.

Herb. expects to be sent overseas soon.

T-5 Roger Sheneman, Camp Campbell, Ky., arrived last Saturday on a brief furlough to visit his parents, Mr. and Mrs. Alvin Sheneman and other relatives. He leaves Friday of this week to report back to his command.

This is his second trip home from Camp Campbell, and he reports travel accommodations greatly improved over his last trip this summer, but says that on the main lines, especially near large army camps, they are still "plenty tough."

Ensign Bill Tschantz, Norfolk, Va., left last Saturday to report back for duty, following a brief leave spent with his parents, Mr. and Mrs. Joe Tschantz, Southwick. He is driving back by car, and stated he hoped winter storms would hold off until he reached his destination.

Bill stated that he would be more than glad to see any of the local boys, and asked any who hit Norfolk, to please look him up.

Pvt. Frank Abrams of Camp Wolters, Texas, arrived in Kendrick on Tuesday morning for a brief visit with his sister, Mrs. Walter Brocke and family, and his mother, Mrs. J. M. York, at Asotin.

From Camp Wolters he went to Tacoma, where his wife is residing, and she accompanied him here. They made the trip from Tacoma by car, stopping at College Place, Wn., for a brief visit with a sister there.

Frank's opinion of Texas matches that of other local boys who have been in training in that state.

He looks the picture of health, although he admits having lost lots of sleep since his furlough began — just too busy visiting.

A-C Kenneth Wolff, son of Mr. and Mrs. Wm. Wolff, Lewiston, former Kendrick residents, was a Kendrick visitor with his father Tuesday.

He has been stationed at Demming, N. M., for the past several weeks. Kenneth says he has yet to meet any of the local boys since he entered the service.

He reports back to Demming on November 6th.

We haven't heard from Don Kuykendall since he reported back for

duty following his leave last month. Does anyone have his new address? Please notify us if you do.

In The Pacific  
October 13, 1944

Dear Mac:

I must write a few lines to thank you for the paper. It is really a help out here. I received one quite a while back and then I received three the other day. Am sure glad that they reached me. We are on the move so much it is hard to tell just when we are going to get our mail.

I see by the paper that the fellows are scattered pretty much, but the news sounds good all about, so maybe it will soon be over. I don't see that any of them are near where I am. The reason, I guess, is that most of them that I read about over here are in the army.

There is not much news that I can write except that everything is going swell with me here and am in the best of health.

Thanks again for the Gazette. I hope it keeps coming.

Sincerely,  
Earl C. Choate S2-c  
Note: Earl, the paper will keep right on coming. Don't feel, however, that you are alone in that old Pacific ocean, for 26 other local fellows have a Fleet Postoffice, San Francisco address. Keep your eyes open. We suspect some of them may be right in your fleet formation.

### Army Suggests Meal

When the wind whistles about the chimney, yet you feel the urge for company, call them in and have your fun.

Start the evening with a festive meal, advises an army cook. In the same breath, he suggests a supper of: Pigs in blankets; hot potato salad; baked squash; toast and hot fruit punch.

It's tried and true, promises the king of cookery. Not an ounce of waste food was left when this menu was served at the Ninth Service Command post where it originated.

In addition to feeding soldiers nourishing food, it is the army cooks' responsibility to keep food wastage at the very minimum. When 100 plates leave the serving line filled to overflowing and return to the KP clean as a sun-dried bone — lady, you know it's good food.

Pigs in blankets appear steaming hot on the dinner table after a very thorough "conditioning" in the oven. Here's how: Cut frankfurters lengthwise; place cheddar cheese in the center. Bake for 45 minutes with the oven at 350 degrees.

For the rest of the model meal, the army chef presents the simple-to-prepare recipes for hot potato salad and hot fruit punch. These recipes, prepared for six people, take little time and effort on the part of the homemaker.

Hot potato salad: 3 cups mashed potatoes; 1-3 cup diced onion; 6 or 7 slices of bacon; 1-3 to 1/4 dried green pepper; salt, pepper and celery salt to taste. Boil potatoes, mash and season. Fry diced bacon in pan, add onions and peppers to drippings and toss lightly. Mix with mashed potatoes, place in oven five minutes. Before serving, garnish with sliced boiled eggs and mayonnaise.

Hot fruit punch: 3 lemons; 3 oranges; 1/4 lemon, sliced; 1/2 cup sugar; 1 1/2 cts hot water (6 cups); 1/4 oz. tea (3 standard .08 tea bags); 1 whole clove; 1 allspice berry; cinnamon bark. Place tea in 1/2 cup boiling water. Place spices in small bag and add to hot tea. To remaining hot water, add fruit juice and sugar. Combine two liquids and serve hot.

### Damaged Tanks Remade

Re-manufacture of thousands of damaged tanks is a major part of a huge army service forces ordnance department reclamation program, which returns worn out or battle damaged equipment to active combat duty.

### What Mistake?

He: 'Are you going to work overtime again tonight, dear?'  
She: 'Yes, I made a mistake last night and the boss wants me to do it over again!'

### United In Marriage

Miss Arlene Ware, daughter of Percy Ware, Kendrick, and Pvt. Everett Neumann, son of Mr. and Mrs. Jake Neumann, Southwick, were united in marriage last Saturday while Everett was home on leave, according to information given us.

No further details are available at this time.

They Certainly Wern't  
American bombers were over Berlin, the sirens were wailing and people were racing for the shelters. "Hurry up!" screamed the housewife to her spouse.

"I can't find my false teeth," called her husband.  
"False teeth!" returned the exasperated wife. "What do you think they're dropping? Sandwiches?"

## "I saved 25 1/2 Quarts of oil in 325 hours .. with a FRAM."

Says Darryl C. Grover  
Cecilville, Iowa

Mr. Grover also says: "I now I have changed the oil every 60 hours."

Successful farmers are saving money on oil . . . saving the time commonly wasted changing oil . . . and protecting their motors by installing FRAMS on their tractors.

There is no doubt that clean oil will last longer than dirty oil, nor that motors lubricated constantly with clean oil will cost less in repairs. The FRAM Oil and Motor Cleaner keeps both oil and motor clean and free of dust, dirt, abrasives, sludge and harmful acids. That is why successful farmers are equipping their tractors with FRAMS — saving money — saving their motors — saving time. Why don't you investigate?

SAVED 45 GALLONS THE FIRST YEAR  
Fred North of Blackwell, Okla., saved 45 gallons of oil the first year after installing a FRAM.

SAVED ITS COST IN 43 DAYS  
A Caterpillar Diesel 75, formerly changed oil every 35 hours. Now, with FRAM, they change oil every 20 days.

SAVED 7 OIL CHANGES IN 60 HOURS  
C. D. Goyan of Pratt, Kansas, used to change oil every 50 to 60 hours. Now, with FRAM, he changes oil 400 hours.

EASY TO INSTALL  
New specially designed brackets, Fullflex oil-lines, make installations simple as A-B-C.

GUARANTEE  
Install a FRAM. If within 90 days you feel you can't afford to be without it, bring it back and your money will be cheerfully refunded.
