Could Be

A lemon tree 1,300 feet underground in a western mine is thriving under sun lamp treatments. By studying its growth rings, future foresters will know when the current was turned off for non-payment.

Don't Drown Vitamins

You'll drown vitamins if you soak vegetables or salad greens in water. Instead, wash and clean them as quickly as possible, for some vitamins and minerals dissolve in water.

Our thanks to a Country Editor

YOU get a pretty good view of the world from a small-town newspaper office. Sometimes you see things that other folks overlook. For instance, this frank statement by the editor of The Dierks (Arkansas) Banner

The Banner is one of the last papers in the country to raise its subscription price, many over the U. S. having done so a year or more ago. The cost of practically everything that goes into the production of a newspaper has advanced, except electricity used in running the machinery and lighting the plant. In normal times there was little if any profit in subscriptions at \$1.00 a year. If the information contained in even a country newspaper pub-

We're grateful to the editor for pointing out a fact more and more people are realizing—that at a time when most things are scarce and expensive, electricity is still plentiful and cheap.

That just goes to show what companies like ours can do for you by hard work and experience and sound business management

Examination For Postmaster

An open competitive examination to fill the vacancy in the position of postmaster in this city has been announced by the United States Civil Service Commission at the request of the Postmaster General.

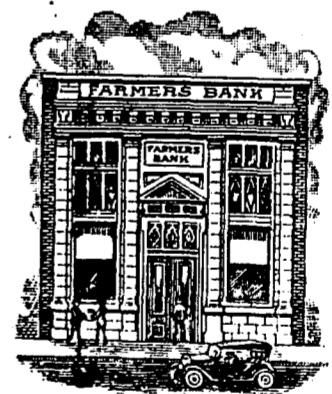

In order to be eligible for the examination, an applicant must be a citizen of the United States, must have actually resided within the delivery of this post office, or within the city or town in which the office is located, for at least one year immediately preceding the date fixed for close of receipt of applications, must be in good physical condition, and within the prescribed age limits. Both men and women are admitted.

Under the terms of an act of congress, approved June 25, 1938, the Civil Service Commission will certify the names of the highest three qualified eligibles to the Postmaster General, who shall thereupon submit the name of the one selected to the President for nomination. Confirmation by the Senate is the final action.

Applicants will be required to assemble in an examination room for written tests, and will also be rated on their education, business or professional experience, general qualifications and suitability. The Civil Service Commission will make an impartial inquiry among representative patrons of the office, both men and women concerning the experience, ability and character of each applicant, and the evidence thus secured will be considered in determining the ratings to be assigned to the applicant. The commission is not interested in the political, religious or fraternal affiliations of any applicant.

Full information and application forms may be obtained at the post office in this city, or from the United States Civil Service Commission, Washington, D. C. Applications close November 23, 1944.

Potlatch Chief Sez

PUBLISHED BY THE KENDRICK CO-OPERATIVE CREAMERY

REMEMBER FOLKS:

Wednesday, Nov. 15, from 1:00 to 4:00 p. m., a representative of the A. A. A. will be in Kendrick to make your subsidy payments on the butterfat you have sold during the months of September and October.

This payment will be at the rate of 10c per pound of butterfat on cream and 70c per hundred on milk — if you have been selling milk.

Be sure you apply for this payment during this month.

Those living in Nez Perce county must go to Lewiston to get these payments, or send them in to the Lewiston A. A. A. office. If in doubt about the amount you may have sold us — a check at our office will reveal the correct totals.

Never just ask for butter or ice cream, cream or milk — always ask for "Potlatch Chief" brand.

He: "Suppose I teach you to play cards now, and then you'll know all about it after we're married."

She: "That will be lovely. What game will you teach me?"

He: "Solitaire."

The young man wrote: "Dear Clara, pardon me, but I'm getting so forgetful, I proposed to you last night, but really forgot whether you said yes or no."

The young woman replied: "Dear John, so glad to hear from you, I know that I had said 'no' to somebody last night, but had forgotten who it was."

Father: "Your new little brother just arrived."

Modern Brat: "Where did he come from?"

Father: "Oh, from a far away country."

Modern Brat: "Another alien!"

And don't forget — we want to buy your cream!

MORE ABOUT ARMED FORCES

been commissioned yet, and in the meantime I'm going to school here. If you will send the paper to my new address I sure would appreciate it. It will be even more welcome now, since I'm out of Idaho. When I was at Farragut I could partially keep up on the news, but down here I have completely lost out. If there are any of the boys stationed in or around San Francisco, I would like to know about them and maybe I can look them up, as I have lots of liberties and plenty of spare time.

Sincerely
Ray Benscoter S 2-c

Ray: We'll begin by giving you Jim Lyle's address: Capt. J. M. Lyle, 444 Market Street, San Francisco. R. E. (Ralph) McAllister MOMM 3-c, of Juliaetta, is on your island — Helen J. Halseth S 1-c (AMMM) (Wave) 16-3 is at Terminal Island — guess that's all we know of. Oh yes, that chink hunting — fair to good.

Dear Bill and Mac:

I have received two copies of the paper, and it sure is swell to get the news about all the home folks.

I want to thank you very much for the paper, and I'm sure all the boys in the service enjoy it just as much as I do.

I suppose the weather is getting fairly cool at nights up there. It is really cold here at night, but it sure makes up for it during the day.

There isn't much about this army life around here worth telling, and it is time for me to hit the sack — so will close. Thanks again for the paper.

Sincerely
Pvt. Ishmael Martin.

Somewhere At Sea

Dear Mac and Bill:

Please change my address to the one below.

There are quite a few kids aboard this ship who are from the states of Washington and Idaho. One of the boys in my department is from Lewiston, and we have quite the conversations about that lovely little city.

Thanks a million for the Gazette, I really enjoy them and keep 'em coming my way.

Here's hoping the Kendrick High basketball team really makes a name for themselves this winter, as they have in the past. I'm rooting for those boys, from way out here.

Hello to everyone.

As ever

Dear Bill:

This is the "swan song" for this station today, and we are being transferred back to San Francisco. I don't know for how long, but should know within a week or two.

The family is well and hope yours is too. Tell them all "hello" for me. Also all the others around.

Sincerely
(Jim Lyle)

Dear Mac:

I have been wanting to write to you for some time, but I've been moving around quite a lot lately, and this is the first "permanent" address I've had.

I haven't received a copy of the Gazette for two months — sure hope all the editions catch up with me as news is very, very scarce here.

Tell everyone hello for me, and thanks for the paper.

Sincerely
Sgt. Glen F. Newman.

Note: Sorry you haven't been getting the paper. Your folks gave us your new address some time ago — and we surely hope those missing issues catch up with you soon. — And, congratulations on your promotion, Glen.

Mrs. Grace Souders, Southwick, has kindly allowed us to reprint the following letter from her son, T-4 Marvin Souders, as follows:

Somewhere In France
Undated

Dear Mother and Family:

Just a few lines to let you know that I am still well and reasonably happy. I have been seeing some very interesting sights and people, and enjoy that very much.

I saw the beach-head where the Allies made one of their first landings and a lot of buildings that show the scars of battle. I guess I'll have a few interesting things to tell you when I get back home.

Must close for now. Write soon, and tell me all the news.

Your son

A Safe Minimum

Some eyes need more light than others, of course. Nevertheless, home lighting experts point out that research has given us this safe minimum to go by: For reading, studying

or other moderate eye work, a lamp should be equipped with a bulb or bulbs totaling not less than 100 watts.

"I saved 25 1/2 Quarts of oil in 325 hours.. with a FRAM."

Says Darryl C. Grover
Riceville, Iowa

Mr. Grover also says: "Until now I have changed the oil every 60 hours."

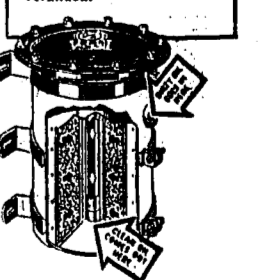

SAVED 45 GALLONS THE FIRST YEAR
Fred North of Blackwell, Okla., saved 45 gallons of oil the first year after installing a FRAM.

SAVED ITS COST IN 43 DAYS
A Caterpillar Diesel 75, formerly changed oil every 35 hours. Now, with FRAM, they change oil every 20 days.

SAVED 7 OIL CHANGES IN 400 HOURS
C. D. Goven of Pratt, Kansas, used to change oil every 50 to 60 hours. Now, with FRAM, he changes oil 400 hours.

EASY TO INSTALL
New specially designed brackets, Fullflex oil-lines, make installations simple as A-B-C.

GUARANTEE
Install a FRAM. If within 20 days you feel you can afford to be without it, bring it back and your money will be cheerfully refunded.

Successful farmers are saving money on oil... saving the time commonly wasted changing oil... and protecting their motors by installing FRAMS on their tractors.

There is no doubt that clean oil will last longer than dirty oil, nor that motors lubricated constantly with clean oil will cost less in repairs. The FRAM Oil and Motor Cleaner keeps both oil and motor clean and free of dust, dirt, abrasives, sludge and harmful acids. That is why successful farmers are equipping their tractors with FRAMS — saving money — saving their motors — saving time. Why don't you investigate?
