WHAT NAVY MEN THINK ABOUT STRIKES: LAY-OFFS

It sets forth clearly what the boys in the South Pacific area, at least, beautiful spectacle. think about strikers and "lay-offers,"

It didn't seem r

produced the biggest crop ever. The aritcle follows:

Go on, People of America, strike, you are only making \$3.00 an hour. Why, you can make \$5.00, maybe \$6.00, so don't stand back and be satisfied with a measly \$3.00 and a satisfied with a measly \$3.00 and a perfectly good living. Strike, and let some Jerry or Nip take a crack at your son, brother or sweetheart.

Your son was killed today and he died as gallantly as any man could kane, at 6:15 a. m. Monday, followdie for his country — just because you didn't go to work. If he had had that other case of ammunition that you were supposed to have turned you were supposed to have turned by the state of the state o out today, he could have lasted until re-enforcements came.

rations that you would have done if years, then coming to Kendrick you had gone to work. Instead, he died in a fox hole full of insects and mud, but you didn't go to work.

To Mr. and Mrs. Janes were born five children: Esther A. Thornton,

And you, Mr. Welder, you are not making enough money. Lay off a few days — show them that they can't do without you. You're right, they can't do without you. They must have the bear up medication. You have do without you. You're right, they can't do without you. They must have you to keep up production. You have been off three days now and a whole been off three days now and a whole and in 1912 completed his studies and became a minister in that organbeen off three days now and a whole troop of men have been knocked out because they couldn't get through church of that faith as its pastor to spend a 30-day "delay en route" without those extra tanks that were supposed to arrive the other day. You stayed home — and so did the tanks! Results, 200 men died a bloody death so you and your chilbloody death so you and your children might have a better world than two years, when he rented the farm,

They had hopes, too. They had hopes of coming home from a hard day's work and being met at the door by a wife and maybe a child that they loved very dearly, but they what they wanted. But what-the-hell do you care? You got yours and you will continue to do so by striking. That's right — you are in the states where you can get yours — but they are over there and that is just too bad, because if you can make more money now, why in the hell should you think of your brother in that gave it all up just so you could have you think of your brother in that sweltering fox hole? He had his chance, but he went to the army on his own accord because he felt he had a duty to perform. He could have stayed out a long time and could have gotton "some of what was coming to him," but he was big and wanted to help. Well, he's helping and you aren't going to fool around with this petty business and lose money just to bring him back. He'll get back okay, why should

You wonder what Jim is doing this morning and how he feels about going to work. Call him up and ask him if he would like to go fishing or golfing today. They can do without you down at the plant! Well, you and Jim went fishing and so did six other fellows at the plant today, because they figured the same way you did. What happened? Your boy lost a leg today and you feel mighty bad about it. You are determined that you shall do your best from now on, but next week that is all worn off and you go golfing - and the same thing happens to another boy. It happens every day, and all because you, Mr. Would-be American, are not doing your part.

Go on, people of America, strike, go fishing and golfing, and while you are doing so we will gladly go through hell and die for you. Williard Lee Howell, RM 3-c, U. S.

Shop Now - Mail Now

Public response to the Post Office Department's "Shop Now! Mail In November" campaign is good, but needs to be better, according to the postmaster general.

Extraordinary wartime conditions face us," the dispatch states. "Unless more people buy and mail this month the postal service cannot do its job of delivering all Christmas gifts on

Coulee is the World's Greatest Dam~

WASHINGTON WATER POWER COMPANY Friendly Electric Service Company

- The Washington Water Power Co. has served the Inland -Empire over 54 years.
- Thirty thousand square miles of territory are served by the company, which maintains approximately 5,000 miles of
- Electric rates to W. W. P. Co. customers are among the lowest in the nation - the household average is only 1.6 cents per kilowatt hour, and 22 cents of every electric service dollar goes for taxes.
- Lines of the W. W. P. Co. are interconnected with Grand Coulee and other power systems of the Northwest. This
- interconnection has provided added kilowatts of power for war purposes. The same kind of cooperation between government and private power companies after the war can do much toward creating a prosperous industrial Northwest.
- -40% of company customers cook with electricity; 75% have electric refrigerators; 30% enjoy automatic electric
- As a result of cheap electricity, W. W. P. Co. customers use electric service to a high degree - twice the national average - an average residential consumption of 2679

Wednesday.

Monday, Nov. 27, there will be a Fellowship meeting in Kendrick of all Pentecostal churches in the Clear-water valley. Afternoon Service with a guest speaker will be at 3:00, followed by a Fellowship dinner in the Fraternal Temple at 6:00. The evening service will be at 7:30. All are cordially invited to attend.

National Bible Reading

A National Bible Reading program is being promoted by the American Bible Society for the time between Thanksgiving and Christmas. The Revs. Roy Murray and Lester Damron are distributing to the homes in Kendrick, lists of suggested readings, which the Bible Society secured by a vote of many chaplains and ministers of all denominations. These ministers also have V Mail forms with these readings printed in the corner, which they will be glad to supply to the families of Service men. There is plenty of space left for a letter.

GOLDEN RULE

Arlos and Shelton Wells are not very popular among the many friends of our pet deer and her baby, since they allegedly shot them both, close to the road in Oscar Lawrence's field last Tuesday morning. Had it been done by strangers who did not know about the pet deer, it would have

the past week.

Mabel Cowger spent the week-end on the trip. with home folks.

Mr. and Mrs. W. A. Cowger and Mabel were dinner guests at the Glen Betts home Sunday.

Another double feature is on the list at the local theatre this coming week-end. First of these is a technicolor story of the old west "Gypsy Wildcat," starring Maria Montez, Jon Hall, Peter Carillo and Nigel Bruce. It's full of romance, songs, adventure.

Second offering of the evening will be Bob Crosby in "The Singing Sheriff." It too, is full of action, fun, romance. When the sheriff starts singing instead of shooting — things begin to happen.

P.-T. A. Meeting

The regular monthly meeting of the Kendrick P.-T. A. was held last Monday evening in the High school auditorium. Following the reading of the minutes came a discussion of their project of the year, and \$50.00 was set aside to be used for rythm band instruments for the 1st and 2nd grades. Any money left from this project will be used for books in our library.

Mr. Armitage brought up the subject of "Report Cards" and parents made comments on them and the type of grading. Majority sentiment favored the present system. Mr. Armitage also discussed the im-

War forced closest attention to every motoring detail. And this fine habit of thoughtfulness has grown on car owners.

You'd only be testing human kindness by changing to a half-flat spare and setting out for the next air hose. Where a forgetful man actually tries it, a good Samaritan generally drives up alongside, pointing a helpful warning. America has become as thoughtful as all that toward her indispensable cars. And of all the examples of car-care the greatest single one you can follow is to have your engine OIL-PLATED. In that way-by changing to Conoco Nth motor oil for Winter-by changing to this patented oil that OIL-PLATES-you'll give your engine's insides the nth degree of protection from acid corrosion.

All engine combustion creates corrosive acids. They're bad enough even when "exhaled" fairly well, but from now on they won't be! Winter's extra-low mileage and cool operation mean acids at their worst. Patented Conoco Nth oil, however -thanks to costly pioneer research-brings the special ingredient whose magnet-like effect oil-PLATES your engine's fine inner finish, to cope with corrosion. Attached as closely as protective chrome plating could be, the internal OIL-PLATING keeps up its steadiest possible hindrance to direct contact between acids and engine parts...Then down go the chances of corrosion, just as soon as you change to popular-priced Nth oil for Winter, at Your Mileage Merchant's Conoco station. Continental Oil Company

Official Dispatch — An Eighth Air Force Bomber Station, England: Donald D. Benscoter, 23, of Kendrick, engineer and top turret gunner on a B-17 Flying Fortress participating in Eighth Air Force bombing attacks on military and industrial targets in Sale.
Nazi Germany, has been promoted Pa from staff sergeant to technical ser-

T-Sgt. Benscoter is a son of Mr.

Roy F. Fairfield arrived here some two weeks ago on leave from the South Pacific, for a visit with his parents, Mr. and Mrs. Leonard Fairfield and other relatives. S-Sgt. Fairfield was a member of

the National Guard, and as such was of the National Guard, and the National Guard, a 30 months in that war area, and is home on the "rotation plan." At the present. conclusion of his furlough he will Mr. a report to a rest camp before reassignment.

We have not yet had the opportunity of talking with him, so can-the Frie not at this time, give further details. Nov. 16.

Official Dispatch — With the Fifth Army, Italy — Sgt. Oscar R. Knut-son, Route 2, Kendrick, Idaho, is a powerman serving with the 53rd Signal Battalion now in its 27th month week. overseas, is fighting in the Gothic Mrs. Line on the Fifth Army front in

Sailing from England with the II of her Army Corps, the signalmen fought drick. their way ashore at Arzew, northern Ves Algeria on D-Day. Three days later, following capitulation of French forces which had at first resisted from the Baxter General hospital fiercly, the 53rd entered Oran. During the Tunisian campaign,

when the corps was operating as an army, the battalion shouldered the full burden of providing communication for the II Corps.

which battered its way from Scoglitti to Messina, to bring the campaign to a successful conclusion.

Landing at Paestum, the unit began its fourth campaign by enduring three months of heartbreaking mountain fighting in southern Italy. Later the battalion was relieved at Cassino to participate in the big spring offensive.

The 53rd was still with the II Corps when it charged across the lower Garigliano river northwest of Minturno, reached the beleagured Fifth Army forces on the beachhead around Anzio a fortnight later and 10 days after that moved into Rome. In recognition of its services in maintaining corps communication despite swiftly changing tactical situations, the unit received the Fifth Army Plaque and Clasp from Il Corps commander Mjr. Gen. Geoffron Kayes frey Keyes.

The signalmen are now engaged in maintaining communications beyond Futa Pass, which fell to men of the

Please, fellows, when you have a Thrilling Spectacles, Songs, Music change of address, send it in at and Dancing — you'll love this one! once. At least 50 per cent of the government address change cards sent out by the postoffice department on your behalf, are unreadable—and we just have to guess at them and hope you get your paper.

In our opinion a good, stiff course in penmanship would do most of the array postol clarks, world of good.

army postal clerks a world of good.

Word Of Warning To Service Men: When you come home on leave or furlough (as the case may be) if you smoke, better stock up before you come home. Cigarettes are almost as scarce as "hen's teeth" these days — and the situation gives promise of "getting no better fast!"

Our sincere thanks go to all who ferings. — The Janes Family. so willingly aided us in our hour

the donors of the beautiful floral of-

saved 25% Quarts of oil in 325 hours .. with a FRAM ".

Successful farmers are

saving money on oil ...

saving the time commonly wasted changing

oil . . . and protecting

their motors by installing

FRAMS on their tractors.

There is no doubt that clean

oil will last longer than dirty

oil, nor that motors lubricated

constantly with clean oil will

cost less in repairs. The FRAM Oil and Motor Cleaner keeps

both oil and motor clean and free of dust, dirt, abrasives,

sludge and harmful acids.

That is why successful farmers are equipping their tractors with FRAMS - saving money

- saving their motors - sav-

ing time. Why don't you

investigate?

Says Darryl C. Grover Riceville, Iowa

> Mr. Grover also says: "Until now I have changed the oil every 60 hours."

SAVED 45 GALLONS THE FIRST YEAR Fred North of Blackwell, Okla, saved 45 gallons of oil the first year after installing a FRAM. SAVED ITS COST IN

40 DAYS
A Caterpillar Diesel 75, formerly changed oil every 35 hours. Now, with FRAM, they change oil every 20 days. SAVED 7 OIL CHANGES IN 400 HOURS C. D. Goyen of Pratt, Kansas, used to change oil every 50 to 60 hours. Now, with FRAM, he changes oil 400 hours.

EASY TO INSTALL New specially designed brackets, Fulflex oil-lines, make installations simple as A-B-C.

GUARANTEE
Install a FRAM. If within
90 days you feel you can
afford to be without it,
bring it back, and your
money will be cheerfully
refunded.
