ed fire hazards would probably be greater this year than formerly, due to many logging operations and the manpower shortage. He said, how-ever that the wordens could now find from 11/ to the said the Fire Warden Henry Jones reportever, that the wardens could now call for help from any army, navy or marine barracks in fighting fire. Henry also stated , that during the coming fire season permits would be required of town as well as country residents, if they wished to do burning.

L. S. Thurber of the Merchants committee suggested a clean-up bee for town, windows, store fronts, etc.

Wade Keene of the Civic Improvemen'ts committee reported much new gravel being distributed on streets and alleys, which made a distinct improvement.

H. C. Schupfer of the Industrial committee reported the Kendrick committee reported the Kendrick enroute home. Both have been in Bean Growers make improvements in the South Pacific area for some their planing mill, including concrete floors. etc.

G. F. Brocke reporting for the Fish and Game committee reported on July 1.

E. T. Long of the Highway com-mittee reported that S. E. Johnson, assignment. assignment. head of the state secondary highways division, had met here with the local highway board, the Cedar ridge highway board and the Fix ridge highway board, explaining the many changes made in the laws governing the districts and as near as possible, the new taxing set-up. Tom stated that under this plan the 1c Federal gas tax would be returned to the districts for highway use. In addition, taxes up to 10 mills could be levied, and of this amount 5 mills could be set aside as a sinking fund to meet post-war road construction. The Kendrick Highway District, with a valuation of \$800,000 would thus be able to lay away a sum each year to meet these demands. It was estimated that this procedure would give some \$22,000 to \$25,000 for road construction across American ridge. This, of course being contingent with the

At Mr. Long's request the Commercial Club went on record favoring the American Ridge, Cedar Creek . and Juliaetta-Kendrick proposed road projects, and also as being in favor of the 5-mill sinking fund levy.

Mr. Long also reported the Kendrick Highway District was stockpiling some 1,000 to 1,500 yards of gravel for future use.

Ross Armitage of the Athletic committee reported a number of baseball games scneduled, including Lewiston, Clarkston, Orofino and Lapwai. He stated that local high school boys were turning out 100 per cent strong for baseball, with the exception of those who traveled by bus --- this schedule preventing their regular attendance. Improvements at the local diamond are being made, including a new pitcher's box and home plate, both of rubber.

Henry Jones reported that a regular camp spot was to be designated at Atwater lake, where fires might be built if so desired, during the fishing and picnicking season.

Fred Zimmerman, village marshai, reported a number of complaints had been received about children cutting across lawns and gardens on their way down town from school, and suggested that parents caution the children against this practice.

E. A. Deobald reported the coming school and village elections, and suggested that candidates names be filed as soon as possible. There is one school vacancy and three Village Trustee vacancies to be filled.

The Club extended a Vote of Thanks to Mr. and Mrs. H. C. Schup-Otto Schupfer, L. S. Thurber fer, and R. L. Blewett for their work on the Honor Roll.

There being no further business, the club adjourned, to meet again on Monday, May 7, with A. O. Kanikkeberg acting as "Rounder-upper."

LEAN-UP! PAINT-UP!

When spring rolls around our thoughts naturally begin to revolve about the problems of cleaning up and painting up our homes — both inside and out — and that is as it should be.

While paints are not too plentiful, we have a very good selection of Kem-Tone, Wall-Tone and Kalsomine for walls and ceilings — and a good selection of interior enamels, stains and varnishes for woodwork and floors.

For exterior painting, as in the past, we handle Fullers — since '49. Most all the standard colors are still available. However, we suggest that you make your purchase early.

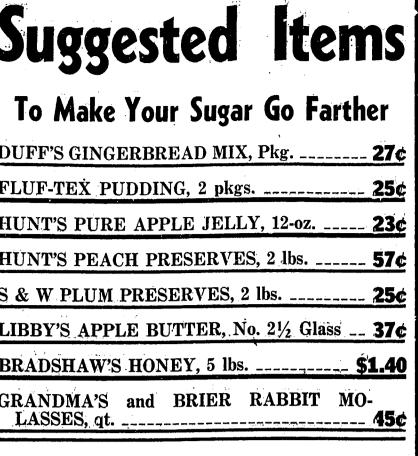

For that house cleaning job you will find waxes, polishes, cleaners, etc., on our shelves. These items lighten the labor for "the little woman" and their cost is very little.

CLEAN-UP! PAINT-UP!

When spring rolls around our thoughts naturally begin to revolve about the problems of cleaning up and painting up our homes - both inside and out — and that is as it should be.

While paints are not too plentiful, we have a very good selection of Kem-Tone, Wall-Tone and Kalsomine for walls and ceilings — and a good selection of interior enamels, stains and varnishes for woodwork and floors.

For exterior painting, as in the past, we handle Fullers — since '49. Most all the standard colors are still available. However, we suggest that you make your purchase early.

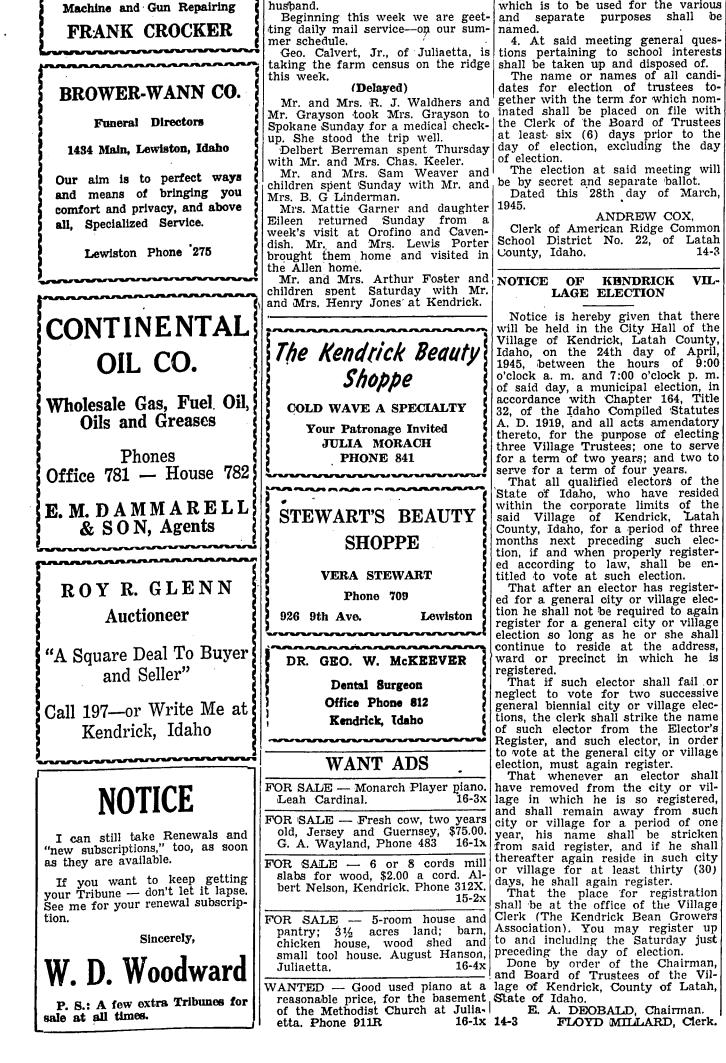

ONION SETS

We have a few pounds of onion sets left. Better get them now — as they are getting scarce!

The dream-homes being planned today call for frozen food cabinets and automatic washers and electric blankets and air conditioning and lots more electric conveniences.

They'll have them, too. And the electric service that keeps them running will continue to be both cheap and friendly. That's one way we can help make dreams come true!

Arrived in good shape and am rapidly getting settled. On the whole living conditions are more comfortable than expected. We live in basha huts with bamboo walls and rice stalk roofs. Floors are cement. We have electricity and a good listen. There is no provision for heat except a fireplace in "the club" so

We are very lucky, so far, to enjoy such comfortable living conditions, even though we are figured farther away from home than men in any other theatre.
