Miss Francis Britchford of Burlington, Wn., visited several days at the A. C. Wilson home.

The Junior class of the Deary High school was entertained Friday evening by their class advisor, Miss Leona Wilson. Games and refreshments were enjoyed.

Re-elected To School Board In a "hotly contested" election held here last Friday afternoon, E. A. Deobald was re-elected as school

A total of nine votes were cast at the election, and Ed. "got 'em all."

Sports

The Clarkston Bantams took the measure of the Tigers twice last Thursday, April 4 — 10-3 and 5-0. Costello, Bantam pitcher, held the Tigers to 4 hits while fanning 8. Kanikkeberg gave up 11 hits; six walks and struck out 9 Bantam batters in the first game.

Millard, Kendrick pitcher, held the Bantams to two hits in the second game, one a home run by Williams, but a number of Tiger erros allowed the Bantams 4 other runs.

EAN-UP! PAINT-UP!

When spring rolls around our thoughts naturally begin to revolve about the problems of cleaning up and painting up our homes — both inside and out — and that is as it should be.

While paints are not too plentiful, we have a very good selection of Kem-Tone, Wall-Tone and Kalsomine for walls and ceilings — and a good selection of interior enamels, stains and varnishes for woodwork and floors.

For exterior painting, as in the past, we handle Fullers — since '49. Most all the standard colors are still available. However, we suggest that you make your purchase early.

ONION SETS

We have a few pounds of onion sets left. Better get them now — as they are getting scarce!

Like a giant broom sweeping China, the Asiatic wind shoots a blinding fog of dust out over the Yellow Sea. Gosh, the pranks of wind and weather are endless...often dangerous! But Spring weather's most dangerous threat to your car dies down the minute you change to fresh motor oil that will OIL-PLATE your engine—bringing new high resistance to wear—helping to keep up mileage and power, while holding down carbon and sludge.

All you need is patented Conoco Nth motor oil for the added safety of OIL-PLATING—a shield of lubricant added direct to inner engine parts. OIL-PLATED metalisn't all bare towear. Even baffling corrosive wear—from acids that engine combustion always forms—is curbed by OIL-PLATING.

A feat of research—a special Conoco Nth ingredient that supplies magnet-like energy—is responsible for keeping your engine's delicate finish OIL-PLATED as long as you use Conoco Nth oil. This oil's highstrength liquid film, plus OIL-PLATING besides, means multiplied safety from wear, breakdown and expense. You will be glad you paid a bit more—to get Conoco Nth motor oil. Change for Spring — right today. Continental Oil Company
