## HOW MUCH TO MOVE A WAR?

AS SOON as we can, we'll bring to bear on the Japs all the additional might we've been using against Germany.

What will it cost, this Moving Day of War?

Estimate it in these terms: The job of moving millions of men from one front to another. Thousands of ships to carry the supplies of battle. Swarms of new-type aircraft to blast the path into enemy territory.

You can get an idea of the cost from the fact that Uncle Sam needs 7 billions from us in the mighty Seventh War Loan—now!

The Seventh War Loan will call for the greatest bond-buying we have ever done.

If you have an income—whether from work, land or capital—you have a quota in the 7th War Loan.

## REMEMBER FOLKS:

Despite clever propaganda to the contrary, farmer cooperatives are not exempt from taxation. Generally speaking, they pay taxes the same as any other business.

They pay state and local property taxes.

They pay excise taxes.

They pay transportation taxes on the movement of goods or persons and taxes on communication services.

They pay social security and unemployment insurance taxes.

They pay stamp taxes, use taxes, import taxes, occupational taxes, and miscellaneous taxes on various commodities wherever other businesses pay them.

Many even pay income taxes — the reason that others do not, is that they have no income to tax.

For farmer cooperatives are service — not profit — organizations.

Don't forget June 24th is the

date of the Creamery's Annual Meeting. Plan now to attend on that date.

A guy who hunts a lot reports this as the gospel truth.

"Out hunting in the hills, I met a boy carrying three squirrels and no gun. I asked him how he got 'em and he pulled a rock out of his pocket. I said: 'Boy, you can't kill a squirrel with a rock.'"

All he said was: "Show me one."

"Well, we found one in a high tree and he threw the rock and down tumbled the squirrel." I said, "Young fellow, you ought to sign up with a big league ball club. They could use a right-hander with that much speed and control."

He said: "Mister, I'd like to but I ain't right handed. I just kill squirrels with my right hand on account of when I throw with my left I tear 'em up too bad!"
