SEVENTEEN ATTEND COMMERCIAL CLUB MEETING

Seventeen Commercial Club members were present at the regular monthly meeting of the organization Monday evening of this week.

First on the business program was the reading and approval of the minutes of the previous meeting.

This was followed by a report of the Postoffice committee, which had met with Fred Stedman.

Marvin Long, reporting for the Fish and Game committee stated that revised state game laws do not permit the killing of hen pheasants this season.

G. F. Brocke reported that the Living War Memorial Swimming Pool for this area, to be located in Kendrick, had been approved as a Post-War project.

Members took the attitude that since this pool was to be a Living War Memorial for area boys, the quicker it could be built the better.

Table listing names and amounts for the Living War Memorial Swimming Pool fund, including E. A. Deobald, Walter Brocke, E. M. White, G. F. Brocke, Floyd Millard, F. M. Long, N. B. Long & Sons, Kendrick Gazette, Dr. D. A. Christensen, L. S. Thurber, Henry Jones, J. G. Travis, Frank G. Harris, Ross Armitage, F. O. Stedman, and Otto Schupfer.

A. O. Kanikkeberg was appointed as drive chairman. He will appoint such help about as he may feel is needed.

The exact amount of money that will be required for the pool (which will have a wading pool at one end for the youngsters) is not known at this time.

It may seem to some that the amount is quite high and impossible to raise locally.

The ground for the pool is to be given by the Village of Kendrick, which is sponsoring the undertaking.

City water will be used, part of which will come (warmed) from the Kendrick Creamery.

Come on Folks - Let's Go! Let's show the boys we appreciate what they have done for us.

Since this is to be entirely an area project the club went on record as ordering the publication of all names of donors and the amount given unless specifically forbidden by that donor.

M. C. Halliday has been busy the past few days putting in a new large French window in the L. S. Thurber home.

Bull Moose Seen

Last Saturday a big bull moose was seen in Waucher Gulch.

Saturday afternoon Fred Silflow got a good look at it and knew what he had seen.

INTERESTING HAPPENINGS FROM THE LINDEN SECTION

Grave-site services were held here Monday afternoon for Mrs. Mary Vaughan, a former resident of this ridge.

NEWS FROM LOCAL MEN IN THE ARMED FORCES

Pfc. Ward Helton arrived home from Houston, Texas, Saturday afternoon to spend a 10-day furlough with his wife and little son here.

Anyway, Ward is thoroughly enjoying his furlough and states that shortly after his return he expects to go overseas to find out what money idea they could conquer Uncle Sam.

S-Sgt. Rodger P. Sheneman arrived home Saturday from the E. T. O., after pursuing a course of action with the 20th Armored Division that began January 29th.

He brought with him a combat map that showed their 1400-mile course: Landing at LeHarve; they pursued the Germans through Rouen, Amiens, across the Somme river, Cambrai and Anzin in France, then into Belgium at Mons, thence to Charleroi, Tirlemont, St. Truiden, Tanageren, Maastrich and then into Holland, entering that country at Sittard, which was the only town of any size they saw in that country.

The outfit then turned inland into Germany at Alsdorf, taking part in the Battle of the Ruhr Pocket at Sinnersdorf and on to Cologne.

Limberg, he said, was the worst, as it was here that the Germans maintained a medical experimentation division, using prisoners (who they stated were crazy) as human guinea pigs.

Roger brought with him as souvenirs the battle map shown us, a German 9-mm. Luger pistol, and a few other items.

Dear Folks and Friends: For seven months I was on the move from one place to another and just didn't write, as I didn't stay in any one place long enough for me to catch me.

I shall ask for the paper to be sent to this address now. My orders may come in for me to return to the U. S. A. before the paper arrives.

Except for the fact that I can't make my rate I have an excellent ship - but am well satisfied. The duty here for a pharmacist's mate is very good, thechow is excellent, better than I've had since leaving Australia.

At times I am quite busy and at other times I have plenty of time. It is hard to write letters when the ship is moving - like writing on a train.

I shall be looking forward to getting the paper, getting letters, and most of all to seeing you in the near future.

Note: Glad to hear from you again; Lester, and just wish we could give you new address out to your friends - but "Uncle" just won't stand for it.

Cpl. Marvin Garner arrived home Thursday of last week to spend a 30-day furlough with his mother, Mrs. Mattie Garner, and other relatives.

Marvin says it is certainly swell to get home and the old town looks just the same as always - which is the way he wanted it to look.

He is thoroughly enjoying his leave and visiting with army pals whom he had not seen since leaving, as well as with friends.

Marvin says he hopes the scrap with Japan will end before time to "again take off," as he believes he would like very much to again become a civilian.

S-1-c George Alken and wife spent three days here last week visiting his father, Olive Alken, and brother George, who spent many months aboard an L. S. T. between the U. S. A., England, France and Italy.

On reaching Lewiston he married, and shortly afterward purchased a half-interest in a filling station, so that at the conclusion of the war he will have "something to come back to."

At the conclusion of his leave he reports to San Diego for reassignment.

Lt. and Mrs. Garth Hill arrived here Friday at noon to spend the week-end visiting at the Edgar Long and Nora Callison homes.

Frank Harris and Kenny Powell also "went to town" tying down the whistle cord on the Kendrick Creamery, and its sharp wall could be plainly heard for a long distance.

On the whole, very little celebrating took place, rather it was with a feeling of thankfulness that Kendrick saw the greatest of all wars come to an end.

Chris Beyer, local liquor store proprietor, reported a brisk business Saturday and Monday, but very little previous to the surrender announcement Tuesday.

Country correspondence has hit, we believe, an all-time low for any issue of the Gazette this week.

As all are well aware, the harvest rush is on, and combine crews are working at top speed to gather in the crop.

Then, too, most everyone has spent every minute of spare time with their ear glued to the radio receivers, listening for the announcement of victory - and no one can blame them, for boys from this area are strung all over the fighting fronts of the world, and anxious mothers, fathers, sisters, brothers, and other relatives can not help but be vitally interested in the great and rapid daily happenings.

Well, my thanks again to all, and "so long for now."

Sincerely yours, Dutch Kuykendall. Note: Dutch, there are quite a

A heavy rain, but of short duration, fell in Kendrick Saturday night and again early Sunday morning, cooling and clearing the air.

Harvesting operations were stopped until Monday at noon on some of the ridges, but on others operations could be resumed Monday morning.

SALIENT FEATURES OF ORDERS GIVEN JAPANESE

Tuesday, August 14 - The second World War, history's greatest flood of death and destruction, ended tonight with Japan's unconditional surrender.

But from the moment President Truman announced at 4:00 p. m., Pacific War Time, that the enemy of the Pacific had agreed to allied terms, the world put aside for a time weighty thoughts of the cost in dead and dollars and celebrated in wild frenzy.

Japan, without ever being invaded, had accepted completely and without reservation an allied declaration of Potsdam, dictating unconditional surrender - and General Douglas MacArthur, hated enemy of the Japanese, had been designated as supreme allied commander - the man to receive the surrender.

There is to be no power for the Japanese emperor - although the allies will let him remain as their tool. No longer will the war lords reign through him.

Allied forces were ordered to "suspend offensive action everywhere."

From now on, only men under 26 will be drafted. Army draft calls will be cut from 80,000 a month to 50,000. Mr. Truman forecast that 5,500,000 soldiers may be released in 12 to 18 months.

To a Japanese government which once had boasted it "would dictate the peace terms in the White House," Mr. Truman dispatched orders to "direct prompt cessation of hostilities, tell General MacArthur of the effective date and hour, and send emissaries to the general to arrange formal surrender."

President Truman made this statement: "I have received this afternoon a message from the Japanese government in reply to the message forwarded to that government by the secretary of state on August 11. I deem this reply a full acceptance of the Potsdam declaration which specifies the unconditional surrender of Japan. In this reply there is no qualification."

Said the Lewiston Tribune: "In stunned and almost unbelieving wonder, Lewiston residents heard the momentous news that the war was over. Probably conditioned by so many false reports of the last few days, the people waited - and then - as the sirens shrieked and fire trucks No. 1 of the central station made a round-trip down Main street the town literally exploded.

The V-J announcement, which was officially made over the radios at 4:00 p. m. Tuesday, August 14, met with but little celebrating in Kendrick. The city siren got a very thorough work-out at the hands of Floyd Millard - and auto and truck horns "beeped" and "squalled" as owners heard the news or grasped the import of the city siren's wailing.

Frank Harris and Kenny Powell also "went to town" tying down the whistle cord on the Kendrick Creamery, and its sharp wall could be plainly heard for a long distance.

CASH WHEAT PRICES HOLD STEADY AT PORTLAND

The general crop report of this week states that total crop production for the whole country promises to be well above average - not quite in the bumper class of 1942 and 1944, but higher than for any of the other years on record.

The strength shown in midwestern wheat futures prices during the week was reflected in advances of around 1c per bushel in ordinary classes of cash wheat at Portland, according to the O. M. S. There was no material change in the general market situation for cash wheat at Pacific Northwestern markets, with a generally quiet market prevailing.

MORE ABOUT ARMED FORCES

Douglas, Utah, for reassignment, following a 30-day rotation furlough, spent at his home here. Wait is a veteran of the E. T. O., being in the tank corps of an armored division.

Sgt. Emil Sillow arrived home Monday to spend a 60-day furlough at his home in Cameron. He had been in the E. T. O. since February.

Old Time Resident Passes

Mrs. Mary Vaughan, an old-time resident of Cedar creek, passed away at her home in Milton, Oregon, after a lingering illness of five years.

Mary A. Horak was born in Cedar Rapids, Iowa, October 26, 1870, and passed this life August 10, 1945, lacking but a few weeks of being 75 years of age. She was united in marriage to Robert Bruce Vaughan at Orleans, Neb., March 31, 1888, and to this union five children were born. She, with her husband and family moved to Cedar Creek in 1897. Her husband passed away in 1913. She continued to live in the family home there until 1923, when she moved to Milton, Oregon, where she had made her home since that time.

Mrs. Vaughan was a member of the Presbyterian church of Moscow. She was one who always worked hard but was happy in her work, most of the time going about singing. She was loved by all who knew her.

She leaves to mourn her passing three sons, Claude Laverne of Walla Walla, Lyman of Milton and Ted of Spokane; one daughter, Mrs. Frances Fry of Kendrick; two sisters, Mrs. Agnes Penfield, Grinnell, Iowa and Mrs. Frances Hoffman of California, and one brother, John Horak, of Grinnell, Iowa. Fourteen grandchildren and 11 great-grandchildren also survive.

Interment was in the Cedar Creek cemetery, Monday, August 13, with the Rev. Lester Damron, Kendrick, conducting the graveside services. All of her children were present.

Stop Printing Ration Books

The OPA has halted printing of 187,000,000 new ration books for food, shoes and gasoline, it has been announced.

The stop order covers war ration book five for meats, fats, dairy products, canned foods, sugar, and a new "A" gasoline book. Both had been scheduled for distribution in December.

The action was taken, it was explained, because there are sufficient stamps in books now in use to carry through to about the first of the year. In the case of gasoline rationing, it is expected to end within a week or two following V-J Day — which was last Tuesday.

Brings In Old Paper

On display in the Gazette office window is an old Rogue River Courier, printed at Grants Pass, Oregon, and dated Monday, November 11, 1918, which carries headlines very similar to those we have today. The paper is the property of J. G. Travis, who has had it for many years.

Mrs. E. M. White spent Monday in Lewiston with her mother, Mrs. Huff, who has been ill.

Bernard Jones and John Heath, who are employed by the Forestry Service near Bovill, spent the week-end here with relatives.

Mr. and Mrs. Tom Keene arrived back in town Saturday after spending a few days at Portland and Uniontown.

Mr. and Mrs. Frank G. Harris and family spent Sunday with relatives in Lewiston.

Mr. and Mrs. Jack Johnston of Spokane are spending a ten-day vacation at the home of her parents, Mr. and Mrs. L. J. Herres. Jerry Herres, also of Spokane, is visiting her grandparents.

To Open Furniture Store
J. G. Travis is scheduled to open a furniture store in Kendrick on September 1, in the Perryman building, the location of his former second hand store. The room is now being redecorated and cleaned by Clarence Perryman in preparation for its occupancy.

In addition to furniture Jack also plans on handling electrical appliances, building up his stock as rapidly as the market permits.

Another Bob Feller?
Jack Benschoter brought that baseball pitching arm of his into good use last Friday, when he stoned to death a small coyote near the Clarence Dougharty place on American ridge. Jack, accompanied by Parker McCreary, was driving a grain truck when the animal was spied in the road. Jack promptly took an unfair advantage of the animal by stepping on the gas and blowing the horn, stampeding it into the hog-tight fence and then stoning it to death.

"WHO'S AFRAID OF THE BIG BAD WOLF?"

THE answer should be everybody . . . certainly every creature in the woods is scared to death of "The Fire Wolf," and so is every intelligent hunter and woodsman.

It is only good sense to fear fire. A wholesome dread of its effect should be in the thoughts of every person who sets foot on a forest trail.

Be frightened of fire beforehand; not after a raging horror of crackling flames and racing woodlife has furnished a terrifying picture of fire in the woods!!

Let a wise fear make of you a lifetime fire crank and a self appointed guardian of forest and range lands. BE OVERCAUTIOUS OF FIRE—EVERYWHERE!—it can destroy in a few minutes more than a hundred years of nature's work!

Comedy Is Scheduled
This week's offering at the local theatre will be an uproarious comedy entitled "Up In Arms." It is the story of a "nervous wreck" who is inducted for army service, and is, of course, deprived of his pills and medicines.

Starred with Danny Kaye is Dinah Shore, Dana Andrews and Constance Dowling. It's said to be a riot of fun from start to finish.
News and cartoon will round out the evening's entertainment.

Card of Thanks
We wish to extend our sincere thanks to all the friends and neighbors who so willingly aided us in our hour of loss. Especially do we thank those who gave the beautiful floral offerings and furnished the music. - Mr. and Mrs. C. L. Vaughan, Mr. and Mrs. L. B. Vaughan, Mr. and Mrs. C. H. Fry and family, Mr. and Mrs. Alten S. Vaughan.

More Aid Extended
The Gazette acknowledges with sincere thanks the receipt of the following financial aid in sending the Gazette to local men and women in the Armed Forces:
Mr. and Mrs. Chas. Weber, Juliaetta, \$2.00.
Mrs. Ola Betts, Clarkston, \$2.00.
Mr. and Mrs. Daymon Schneider, \$1.00.

CALL FOR BIDS

Duck And Goose Season Set
The Idaho Fish and Game department received word this week from the U. S. Fish and Wildlife service that the period for possession of ducks and geese after the hunting season, has been extended to 90 days. Last year it was 45 days. Idaho was one of several states that asked that the period be extended or abolished.

Under Idaho state regulations all game meat, game birds and fish legally taken may be kept in possession indefinitely. The federal time limit applies only to migratory waterfowl.

No change has been made in the prohibition against use of live decoys or baiting of waterfowl, according to the report.
Idaho's duck and goose hunting dates will be October 13 to December 31. Bag limits are 10 ducks, two geese. Not more than one wood duck may be shot in a daily limit or kept in possession. Twenty ducks and four geese may be possessed.
Idaho has no open season on mourning doves this year. A dove hunt is allowed under federal regulations, but the Idaho fish and game commission decided at a July meeting that a season was not advisable.

Victory Bond Drive Coming

Winning this terrible war seems to have been completed, but the job of war finance is not yet finished.
It is true that we have passed the peak of war expenditures and of government borrowing requirements, but a very crucial period lies ahead. We all know that food, supplies, transportation, medical care, and the countless other expenses not directly of a combat nature, must still be paid for by our military organizations until the tremendous job of demobilization has been completed. This will take much money.

Idaho has done a remarkable job in war financing during this great emergency. Our citizens have purchased over \$300,000,000 worth of bonds since the outbreak of the war, of which almost \$116,000,000 were the popular "E" bond.

There will be another War Bond drive, probably before the end of this year, and while victory brings relaxation, we hope that Idaho citizens will consider it their duty to purchase the Victory Bonds just as they have so admirably bought the bonds devoted purely to the war effort. We are proud of the fact that Idaho has reached all bond quotas, and the fact that the bonds purchased were largely bought to be held.

Some Shoes Be Ration Free
Retail stores will be permitted, with the approval of OPA District offices, to sell certain men's and women's low-priced shoes ration free during the period August 27 through October 13, OPA says. Other sellers, including manufacturers and wholesalers, also will be allowed to transfer such shoes ration free. The release does not include children's shoes, where no general frozen-stock problem exists.

District offices will approve the ration-free sales by shoe establishments only if the shoes were manufactured before March 1, 1944, and will be sold ration free at retail for \$3.50 a pair or less. Applications may be filed with OPA district offices until September 8, 1945.

Consumer Prospects For Goods
The nation's reconversion program is steadily gathering momentum, with limited quantities of household appliances already being produced and scheduled to move from factories to retail markets this fall, and more to come in the spring and summer of 1946, says WPB. Sewing machines, vacuum cleaners, domestic washing machines and electric irons should reach retail markets in small quantities this fall, and alarm clocks in fairly large numbers by that time.

Volume production, however, of these and many other products of consumer interest is not expected to be attained until the spring or summer of 1946.

Go Back To School!
Enrollment of 250,000 more boys and girls in high school this fall than last is the goal set for this year's back-to-school drive throughout the nation.

The appeal this year is being made in particular to those who are in summer jobs, those who have been laid off from full-time jobs and those who are still in school but thinking of dropping out to get a job. They are being urged not to limit their opportunities, but to go back to their job of first importance - completing their high school work, so that they may be better prepared for post-war job opportunities and citizenship responsibilities.

THANK GOD THE WAR IS OVER!

Our gallant fighting men have done it again! The war with Japan is over and the rising sun flag is now the flag of the setting sun. The cost in American lives and dollars and cents will probably never be known exactly.

But in our jubilation over the defeat of this once powerful and crafty enemy, let's not overlook the fact that our nation must continue to eat — and the more we produce the quicker we can get rid of food rationing — and the better our boys in the armies of occupation will be fed. Too, our allies must be fed. The suffering millions of little people left in the wake of Hitler's once conquering hordes must eat.

Come on, Folks — Let's all produce to the limit. Not only does this mean vital life to many — but real dollars and cents to you.

First Private: "Why did you salute that truck driver?"
Second Rookie: "Don't be so dumb! That's no truck driver. That's 'General Hauling.' Didn't you see the sign?"

W. P. A. Executive: "If we do not figure out a way to spend that \$150,000,000, we lose our jobs!"

Secretary (excitedly): "How about building a bridge over the Mississippi river lengthwise?"

Not long ago, to beat the gas shortage, Deacon Miller bought a horse and buggy and took his wife out one Sunday for a drive.

They came to a neighboring town and saw a sign which read, "Speed Limit 15 Miles Per Hour." "Here, Ma," said the Deacon excitedly, "you take the lines and drive, and I'll use the whip. Maybe we can make it."

number of local fellows in the Philippines, but "Uncle" just won't let us say any more. Suggest you write Mrs. Edgar Long for their addresses. She runs something of an "unofficial information bureau."

S-Sgt. Arnold Halseth arrived home Saturday from the E. T. O. bringing with him the stars of seven major battles — and a hearty appreciation of the old home town.

S-Sgt. Halseth, who was with a T. C. group, began his battle career on the beach-head at Normandy, and followed through until the war's end.

We have had no opportunity to say anything but "hello" to him, so can't give any information as to the major battle in which he won his stars. We hope to be able to give something of his battle history soon.

Arnold began his leave at Fort Lewis, Wash., visiting there with his uncle, John Halseth and family, before coming on to Kendrick. He is enjoying, especially, the visit with his brother, Irvin, now discharged from the army, who served many months in the South Pacific, and hopes to be able to see his sisters, Helen, in the WAVES, and Margaret, ANC, before returning again to active duty.

Sgt. Ernest Schwarz arrived home Saturday to spend a 30-day rotation furlough at the home of his parents, Mr. and Mrs. John Schwarz and other relatives. We saw Ernest briefly Saturday evening, but like Arnold Halseth, all we had a chance to do was say "hello."

RM 2-c Ernest Brammer left Monday for San Diego, Calif., to report for re-assignment at the conclusion of his 30-day leave. Ernest says he thoroughly enjoyed the time, which was his first real one since entering the service about three years ago.

Ernie, who has spent almost all his time on a sub chaser off the coast of Brazil, says he hopes to draw "states duty," but one never knows what the navy will decide to do.

Louis B. (Tommy) Keene left Wednesday for Fort Lewis, Wash., where he reports for duty with the Armed Forces. Tom tried to enlist a number of times, but was rejected. This time, however, he was accepted with a Washington draft, he having registered when in Pullman attending W. S. C.

His wife and baby son will make their home here until his return.

S-Sgt. Jay Q. Mills left Wednesday for Fort Douglas, Utah, where he will report for reassignment.

Jay, a member of the Eighth Air Force, has more than enough points (as points go) for a discharge, but says he doubts very much that he will receive one, as they apparently very much need ground crew men.

Anyway, he says he has thoroughly enjoyed his furlough.

Mr. and Mrs. H. V. Whiting have received a very interesting letter from their son, James, and have kindly allowed us to use excerpts from it:

Manilla July 29, 1945

Dear Mom and Dad: Well, I've gotten three letters since I've been here and they really looked good. All together I've gotten seven of them. I am fine and made the boat ride alright. Boy, the first night there were some really sick boys on there. Roy (Roy Silflow) was pretty sick for two or three days.

We went through the islands and the Philippines. I have really seen lots that I never dreamed of.

I have eaten coconuts, bananas and pineapples, and boy do they taste good. There are lots of banana trees all around. I'll bet that makes your mouth water. The Philippines are really friendly toward us. They run along beside you and say "cigarette, Joe?" Most of them go bare-footed, but some have shoes. I guess it was really tough for them when the Japs were here.

You say it is hot at home — it's so hot here we can't do much work in the day time, so quite a bit is done at night. I was on a night detail last night. I suppose you are harvesting by now. How does the wheat look this year?

Have Wally and Harold gone to the army yet? They will probably get stuck with that "army of occupation stuff." I got a letter from Wally but he didn't know for sure when he was to leave.

You say you celebrated at Kendrick the Fourth. Well, I was on the ocean celebrating the heat. It was so hot that there was no cool place on the darn boat at all. We sweat day and night.

I've finally gotten Harry's address and maybe I will get a chance to write him.

This place isn't quite as handy as the U. S. A. Have to take a bath in our helmets and shave out of them. It isn't quite as bad as I thought it would be though.

Roy and I are still together so far.

We have to use Filipino money here. It's called "Pesos and Centavos." It takes 100 centavos to make a peso and 2 pesos about equals \$1.00 of our money.

We are allowed three bottles of beer every four days and a carton of cigarettes a week.

I'll have another address before I finally get settled. Well, that will be all for now. Don't work too hard and I'll try to get this war over as soon as I can — but I may need a little help.

I saw the wrecks of quite a few Jap ships in Manilla harbor.

Well, I'll take care of myself and you do the same. Tell all "hello".

Lots of love — Jim.

S-Sgt. Bill Cuddy left Sunday evening to report at Fort Douglas, Utah, after spending a 30-day re-assignment furlough with his parents, Mr. and Mrs. Ray Cuddy, and other relatives and friends. Bill is a veteran of the E. T. O.

Another Gold Star?

With the announcement Tuesday evening by the government of the sinking of the heavy cruiser U. S. S. Indianapolis by a Jap suicide plane a few days ago, with a large number of killed, wounded and missing, local residents are wondering if another Gold Star will appear on the local honor roll, for Charles Lawrence Biddison, son of Mr. and Mrs. C. A. Biddison, Kendrick, was a member of the crew of that ship.

No word has been received — but let us all join in hoping that no more Gold Stars may make their appearance.

A marriage license was issued Monday to Sgt. John Jones, Kendrick, and Iva Lee, Moscow. They were married by the Rev. Thos. McCamant. — Lewiston Tribune.

Word has been received by his parents, Mr. and Mrs. Walter McCall, from S-2-c Walter C. McCall, that the leave, on which he expected to be home this week has been cancelled, and that he is going directly on to diesel engineering school.

Cpl. Walter Zimmerman, son of Mr. and Mrs. Fred Zimmerman, Kendrick, left Sunday to report at Fort

Only ONE Work Shoe In The World Measures Up To These Features!

... AND THE NAME IS WOLVERINE SHELL HORSEHIDES

HOW TRUE THAT IS! . . . Millions of work shoe wearers know how Wolverine Shell Horsehides wear and wear — defy scuffing, scraping — resist perspiration and barnyard acids. Yet you can souze 'em, soak 'em, freeze 'em — and every time they'll dry out soft and pliable as an old house slipper. Extra miles of wear per dollar of cost are built into Shell Horsehide by Nature — a natural tough inner ply that reinforces the leather as steel rods do concrete. And Only Wolverines have this famous Shell Horsehide in both soles and uppers.

Come in and try on a pair. Then you'll really learn the big difference between Wolverine Shell Horsehide Work Shoes and ordinary work shoes.
