PERSONALS AND NEWS ABOUT KENDRICK FRIENDS

Wilma and Marybeth Benscoter have taken one of the Blewett apartments for the coming school year.

Mrs. Estella Leith spent several days at Orofino last week with her daughter, Mrs. Ig. Flaig and family. Mrs. Raymond Easterbrook and children moved back into town last week to be ready for school. They had spent the summer at the Craig ranch.

Miss Jean Ramey moved into an apartment in Moscow last week to be ready for school. She will teach in the grade school in that city.

Mrs. Wm. Holt and children moved back into town last week for the school year. They spent the summer at Moose creek, near Bovill.

Mrs. Mae McCall moved last week from Juliaetta into one of the Blewett apartments.

Mr. and Mrs. Doy Tout and children have returned to Kendrick and are now at the home of her mother, Mrs. Riley. Doy has been employed for the past four years in the shipyards at Tacoma, Wn. His plans for the future are uncertain.

Marvin Long returned Monday evening from a short business trip to Spokane.

Dave Gentry and Miss Dorothy Holt were Lewiston visitors Saturday. Miss Holt took a plane from that point to Emmett, Idaho, where she will teach during the coming year.

Mr. and Mrs. Don Shirley and daughters, Carolyn and Brownie of Minot, North Dakota, and Mr. and Mrs. Harold Jensen and daughters Kit, Kaye and Lynn, Williston, North Dakota, were guests at the Frank G. Harris home Tuesday and Wednesday of last week. Mrs. Shirley, Mrs. Jensen and Mrs. Harris are sisters.

Mr. and Mrs. Otto Schupfer and Mr. and Mrs. Frank Harris, Villa Lou and Jerry left Sunday morning for Seattle, where they will spend a week on business and pleasure.

E. M. White was a Lewiston business visitor Friday. Ross Armitage and Robert Bakken attended the Latah County Teachers' association meeting in Moscow last Friday.

Mrs. Tom Keene and son returned Saturday at noon from a two-weeks' visit in Moscow with her sister, Mrs. Joe Watts and family.

Mr. and Mrs. E. A. Deobald and son John were Lewiston business visitors Friday.

Mr. and Mrs. Lester Crocker and children and Mrs. Liddle Ameling were in Lewiston Friday.

Harold Jensen and Don Shirley, and Frank Harris were Lewiston callers Wednesday. The two former were guests in the Harris home.

Mr. and Mrs. Roy Ramey and daughter Jean, accompanied by Mr. and Mrs. Walter Koepf and family were dinner guests at the Roy Ramey, Jr., home at Pullman Wednesday evening. The dinner honored Mr. Ramey, Sr.'s birthday anniversary.

Mrs. J. B. Hammond and daughter, Juliaetta, have taken up their residence in Kendrick. Mrs. Hammond will teach in the local school this coming term.

Mr. and Mrs. Roy Ramey had as their guests Tuesday evening Mr. and Mrs. Ted Anderson and son of Coulee Dam, Wn.

Jack Kuykendall was a Lewiston business visitor Saturday. Ralph Joslyn, Boise, science instructor in the high school for the coming term, arrived in Kendrick Friday. He has taken an apartment in the Blewett Building.

Dr. D. A. Christensen and family left Sunday by auto for Salt Lake City, Utah, where they will spend a couple of weeks visiting relatives and friends. It will be his first visit to his old home for six years. During his absence Kenneth Powell will care for their property.

Mrs. Norman Rhodes, Jr., of Moscow and Mr. and Mrs. Norman Rhodes, Sr., of Lewiston, were Sunday guests in the McCreary home.

Mr. and Mrs. J. G. Travis spent Sunday visiting in the Clem Israel home on Cedar ridge.

Pfc. and Mrs. Donald Christensen and daughter, Lewiston, visited with Mr. and Mrs. Herman Travis Tuesday evening.

Mr. and Mrs. Manning Onstott and Mr. and Mrs. Grant Bateman returned Monday from a week-end fishing trip. They report pretty good luck.

Mrs. Ross Armitage and Mrs. G. F. Brocke spent Tuesday in Lapwai canning tomatoes at the cannery there.

Herb Millard, Chas. Easterbrook and Dick McCall were Moscow visitors Saturday.

John B. Davis left for Missoula, Mont., Saturday, to spend a week visiting.

Mrs. Ida McCallister left for Spokane Sunday to spend several days visiting in the Smith home.

Mrs. L. J. Herres left for Spokane Tuesday to spend ten days visiting in the Jack Johnston home.

Mrs. Carl Lohman was a Spokane passenger Tuesday.

Thos. McDowell came down from Colfax Tuesday to look after business here, returning Wednesday.

Mr. and Mrs. Edgar Long drove to Lewiston Sunday to visit Mrs. Ruth Hill, who is ill in St. Joseph's hospital.

Mr. and Mrs. J. H. Phillips of Moscow were dinner guests in the home of Mr. and Mrs. Jack Travis Wednesday, after which all drove to Southwick to attend the funeral of J. J. Lettenmaier, an old-time friend.

Mr. and Mrs. E. M. White and family, accompanied by Mr. and

School Notes Next Week

Teachers and pupils alike have been so busy this week getting started in their school work, that no school notes were available this issue, but Mr. Joslyn has promised that, beginning with next week, school news will be a regular item. A truck-load of new seats and desks for classroom use have been received and are now being assembled and distributed by Henry Emery and Harry Baker. They are of the latest type steel construction with a wide arm to hold books and note pads.

SWIMMING POOL FUND GROWING SLOWLY BUT SURELY

The Living War Memorial Swimming Pool Fund drive is making slow but sure progress, states A. O. Kannikeberg, drive chairman, the list of donors this week being as follows:

Vassar-Rawls Mortuary, Lewiston	\$ 15.00
Chas. A. Bower, Jr.	6.00
Herman Johnson	15.00
Lloyd Knight	5.00
Leonard Wolff	30.00
Mike Hedler (Jr.)	3.00
Don A. Miller	10.00
Nora Callison	25.00
Clay R. King	5.00
Walter Koepf	25.00
Total	\$139.00

We think it fitting to quote the words of a local boy, a "G. I. Joe" in uniform, whose home is in the area, as follows: "I can't think of a finer Memorial to the fellows who gave their lives during this war than a Memorial Swimming Pool. Too doggone many communities build an arch, or haul in an old cannon or something and put a plaque on it. Such things don't mean much, or at least wouldn't to me if my name were to be inscribed on them. I think the fellows would really like the pool idea if they could know of it. I'm just doggone glad that mine isn't one of the names that will be inscribed on that pool."

The Commercial Club would welcome letters from the boys and girls from this area giving their opinion of the pool. Address these letters to A. O. Kannikeberg, Drive chairman, or to the Kendrick Gazette.

In line with the Pool drive we think it fitting to quote from the following letter from Vassar-Rawls Mortuary, Lewiston:

"We have read in the Gazette about the War Memorial Swimming Pool which the people of Kendrick have started to build. Enclosed is a check for \$15.00 which is our donation to that cause. Will you see that it gets to the proper people?"

Folks, we feel more than ever that the Living War Memorial Swimming Pool will be the finest tribute we could possibly hope to erect in the memory of local boys who gave their lives that we might continue in the American way of life. It will be something of which every area resident can be proud. It will furnish an opportunity for clean, healthful exercise, especially for the younger generation, and after all they are one of the greatest parts of our American way of living.

So dig, and dig deep in the old sock. Let's put this pool over with a bang!

Seventh and Eighth Grade News

The seventh and eighth grades elected officers Tuesday morning. Patty Brocke is president; Jerry Chamberlain, vice president; Teddy Fey, secretary; Roy Riley and Orville Halseth, librarians.

There are 16 students in the eighth grade and nine in the seventh. There are three new students in the eighth grade, Patty Tout, Jimmy Shoe and Norma Maynard; one new one in the seventh, Jean Denny.

The seventh and eighth grades will collect no more scrap paper, Ross Armitage announces.

Purchase Needham Property

Mr. and Mrs. Kenneth Brocke, who have been living in Lewiston the past two years, purchased the Byron Needham property ten days ago, and last Saturday moved their household goods into it.

Mrs. Brocke and children are now settled here, and will be joined soon by Kenny.

Mr. Brocke will be employed by the Kendrick Bean Growers.

Move To Emmett House

Mr. and Mrs. Ersel Hudson and family have moved from the Guy Foster home just across Bear creek on the east edge of town, to one of the Wallace Emmett houses, probably better known as the McDowell houses.

Herman Travis did the hauling Monday.

New City Marshal

At the last meeting of the Village council, held Tuesday evening of last week, Jack Kuykendall was named city marshal. To take the place of Fred Zimmerman, resigned. Jack is having a lot of fun with the city's little red wagon — but it "gits up and gits for him."

Office Closed On Saturdays

Since the conclusion of the war the local Soil Conservation Service has been open on a 40-hour week. As a result, the office will be closed on Saturdays.

Rock chucks, or "hill-billy woodchucks," eat fence posts treated with certain chemical preservatives. But Hitler has the oddest diet. He chews rugs, eats his words and bites his lips — and not because he likes the flavor, either!

NEWS FROM LOCAL MEN IN THE ARMED FORCES

Sgt. Chester Martin, son of Mr. and Mrs. Roy Martin, Southwick, arrived home Friday of last week on a 30-day rotation furlough from the E. T. O., where, as a member of the Eighth Air Force, he had spent the last 26 months and 14 days.

Sgt. Martin was a Gazette caller Friday, where he tendered his thanks to all for the paper. He said it reached him fairly regularly before the cessation of hostilities, but after peace came, arrived very regularly, and was indeed a welcome item at mail call. Through it he was able to keep track of friends and relatives locally, and also knew about where others from this area were stationed — although he never got to see any of them.

Sgt. Martin said that all-in-all the English people were quite friendly, although you found quite a number of "snobs" in the "so-called upper class," and that too much fraternization between our G. I.s and the English never had to be spoken of. He said that he had a number of opportunities to inspect farms and factories in that country, and was of the opinion that English methods, with the possible exception of aircraft factories, were far behind our own — as much of the work that we do with machinery, they laboriously produced by hand.

Sgt. Martin said that during the English election he had more spare time than usual, so attended some of their political rallies and listened to the oratory. The lower (or working) class of people in the district in which he was stationed, were intensely opposed to Churchill, and at one rally threw stones, eggs and rotten vegetables at him and otherwise expressed their opposition in no uncertain terms. However, all were quick to admit that he had been a great war leader, and resented any American criticism of him — or of their election systems. (Something of a "man-wife scrap, in which strangers would not be wise to interfere."

Sgt. Martin said the jubilation in England on V-E Day was great to behold — the British apparently considering the war over so far as they were concerned — while the American troops stationed in that country still realized they had a powerful foe to defeat — Japan!

Sgt. Martin looks the picture of health. He says he is mighty glad to get home to Idaho with his pines and canyons and big yellow wheat fields, although he finds our climate a bit warm following those many months of coolness and rain in England. He says he got mighty tired of staying at one base and the same old job months on end — but when the army says "You are to be stationed," they mean just that.

Pfc. M. I. C. Judson I. Lee arrived home Sunday night at midnight to spend a 30-day rotation leave with his wife, and other relatives here. Judd, a veteran of many months service in the Pacific, but for the past several months stationed in a hospital at Pearl Harbor, has a beautiful coat of tan, and a grin that just won't come off — for not only is he glad to get home, but the Monday morning papers informed him that he has more than enough points for an honorable navy discharge.

We have seen him just long enough so far to say "hello," but hope to have a story from him for next week.

Judd brought home with him a beautiful condiment and sandwich tray which he hand-carved from a wood known in Hawaii as "monkey wood." He had one of the natives lacquer it for him — and the result is something of which even a skilled wood carver could be proud.

Chabua, Assam, India
17 August, 1945

Dear Mac and Bill:

While I've never met you personally, I feel I know you through the much-appreciated Gazette, and the letters from all the other men in the service. The paper now comes quite regularly, and I am now up to the "6th of July" issue.

For several years you've kept me in touch with all the folks in the Juliaetta-Kendrick area and I certainly enjoy catching up on all the home news. So far, however, I haven't seen a letter from anyone in this area from the good old Potlatch valley.

Of course we, as no doubt with you, are hilariously happy and very thankful over the defeat of Japan, with "peace in our time" at last. We're now looking forward to getting home many months earlier than we had hoped for.

Because we in this theatre expect to be moving out within a few months you'd better stop sending me the paper after the middle of September. By the time the back issues catch up with me I hope to be on the move.

I am looking forward to meeting you in person to thank you and all the others for the many issues of the Gazette you've sent. Hello to all the folks.

Sincerely
Keith I. Miller.

Sandpoint Naval Air Station
Seattle, Wn.
September 5, 1945

Dear Mac and Bill:

Well, I think it about time that I wrote and thanked you for the paper and let you know that I am receiving it regularly.

Life in this navy isn't so bad, but it surely makes you soft, especially when I'm cooking. They think they can make a work out of me, but I'm

sure they're in for a big surprise, as I've been in the galley now for five months, and I don't think I've learned very much (not that you would have to know very much).

Well, I'm planning on getting a leave about the first of October, so until I see you then.
Sincerely yours
Robert Fraser.

Note: Leave about the first of October did you say? I'll bet you're hoping to go elk hunting. Well, when that time comes your dad will find out how much you've learned about the art of cooking!

Pfc. Dale Miller left Sunday of last week to report for duty at his base at the Muroc Army Air Field, Muroc, California, following a 15-day furlough spent here with his parents, Mr. and Mrs. Don Miller, and other relatives.

While here Dale received a letter from a buddy stating that he had gotten his furlough just in time, as all had been cancelled in that outfit — so Dale expects to have a "Care of Postmaster" address soon — destination, Japan.

Mr. and Mrs. Bud Harris have received word from their son, Pvt. Harry Harris, that he has been assigned to Camp Hood, Texas — and doesn't care anything about that section of the country.

Tuscon, Ariz.
September 6, 1945

Dear Mac and Bill:

Well, here I am in Tuscon, Ariz. I moved on very short notice. We are supposed to go across in the very near future — or at least that is what the latest rumor says.

I thought it was hot in old Mississippi, but it can't even come close to the temperature here.

Are there any other local fellows here or near here?

Sincerely
Johnny Keeler.

Sorry, Johnny, you're the only local fellow now at Tuscon. At Roosevelt there are two locals, Cpl. Lawrence Bartlett in the 3030th A. A. F., and Cpl. Estee Lee, Section A. However, Harry Ameling lives at Tuscon. His address is: 587 Roskrige, Tuscon, Ariz.

Mr. and Mrs. Otto Silflow have received word from their son, Pfc. Roy O. Silflow, that he has been transferred to a heavy artillery outfit, and is stationed, for the present at least, on northern Luzon, Philippine Islands. He writes that he likes the new outfit and his work quite well, and that the country there is very pretty, although there is too much rain to suit him.

Note to Lt. Rex Blewett, Pvt. Billy Weyen and Pvt. Rex Taber — why don't you look each other up!

Word has been received that Pvt. Ishmael Martin, who was wounded during the Philippines campaign, is now in an army hospital at Vancouver, Wash. His brother, Sgt. Chester Martin, just home from England, and his parents, Mr. and Mrs. Roy Martin, hope to go down to visit him soon. Further details of his condition are lacking at this time.

Mr. and Mrs. Paul Lind have received the following communication regarding their son, Milton E. (Gene) Lind: "Under the provisions of Section 1, C465, War Department, your son was one of a group of men awarded the Bronze Service Arrowhead."

Gene is with the 344th Field Artillery Battalion, now in the army of occupation, Germany.

Technicolor Production Coming

This week's offering at the local show house will be entitled, "Salome, Where She Danced." It is a story of the days when the states of Arizona and California were in the infancy. The public has often wondered where Arizona got some of the queer names for their towns — this picture tells the story of one of them.

In addition the usual news and cartoon will also be shown.

Word has been received here from Dave Gentry that he saw and talked to Sgt. Dale Hughes at Lewiston last Saturday — Dale just having arrived in that city from the Philippine Islands, and bringing with him his honorable discharge papers.

With this discharge, so far as we know, Herb McDowell is left as the only local boy still in service from the original National Guard enlistees from this area — all the others having received their discharges. Herb is now stationed in Germany.

Great Lakes, Ill.
Friday, Sept. 7, 1945

Dear Mac and Bill:

This is probably a little late. I should have written you from San Diego and asked to have my papers held until I sent you a new address from here. At any rate, if you will change the address on my future papers I'll probably get one or two before leaving here.

Upon graduation from Yeoman's school (San Diego) we received orders to report here to Great Lakes for a three-week course in "Demobilization." After graduation we are to be sent to discharge centers all over the United States. I'll confess that I'm getting a little sick of my whole time so far, has been just a continuation of "boot camp."

I have hopes of getting duty in the Thirteenth Naval District — either at Farragut or Puget Sound. I was under the impression that one

Ideal Harvest Weather

The wind-up of wheat harvesting, especially in the Cedar ridge and Teakean-Cavendish communities, is proceeding full blast under ideal weather conditions, for, since the rains of last week, warm, sunny days and clear cool nights have been the order. Some dew has fallen at night, but not enough to interfere with early morning harvesting work.

Bean cutting and threshing is also making fine progress, with yields reported as "about average." Had the weather not turned so hot some weeks ago when the pods were "setting on," a bumper harvest would have resulted.

J. J. LETTENMAIER, SOUTH-WICK PIONEER, PASSES ON

John Joseph Lettenmaier, 60, well known pioneer farmer of Potlatch ridge, died Saturday afternoon at 2:00 o'clock at his farm home near Southwick, the victim of a heart ailment. His health had been rather poor for the past two years, but his passing came as a real shock to even close friends and relatives.

He was born at Arlington, Minn., August 7, 1885, son of Mr. and Mrs. Charles G. Lettenmaier. He came west with his parents in 1899 and located in Clarkston, and a few months later the family moved to the farm where Mr. Lettenmaier died, he having operated the farm until his health failed. His marriage to Miss Cora Helton took place on October 5, 1914, at Lewiston. Mr. Lettenmaier was always active in community matters, and was a member of the Community church.

Survivors are his wife, one son and two daughters, John Lettenmaier and Ruth Lettenmaier, both of Southwick, and Mrs. Elaine Skinner, Orofino; two brothers, Hubert Lettenmaier, Boise, and Phillip Lettenmaier, Walpoor, Oregon; three sisters, Mrs. Elizabeth Heick, Moscow; Mrs. Francis Teeple, Oregon City; Oregon, and Mrs. Marie Holm, Portland; two half brothers, Edward Lettenmaier and Karl Lettenmaier, both of Oregon City; also two grandsons.

The body was taken to the Brown-Wann chapel in Lewiston. Funeral services were conducted Wednesday afternoon at 2:00 o'clock from the Southwick Community church with the Rev. George F. Calvert as officiant. Interment was in the Southwick cemetery, with the large crowd and beautiful floral offerings attesting to the high esteem in which Mr. Lettenmaier was held.

Word From Swansons

Wheeler, Ore.
Sept. 4, 1945

Dear Friends: Well, we are getting along fine except for being awfully lonesome for our boy. And now for a little good news, which I think most everyone will be glad to hear: "All of Axel's pain left him Sunday, at once. Pain which he has had ever since 1941, and which never left him better at Of course it is, which I hope will be for good, but a person never knows with arthritis. It is so changeable. It has left him awfully sore, so I can't say he is any easier to handle, but it seems like he can move around in the bed better than he did — but it is slow. I can assure everyone he is much better than when he left there. We feel pretty swell.

The salmon fishing starts here this week or next, and everybody is just as interested and enthused as the people are up there when harvest starts.

Well, I guess I have covered most everything so will close for this time — giving everyone our best regards.

Sincerely your friends
The Axel Swanson Family.

Care For Social Security Card

High school boys and girls who have been working in business or industrial jobs during the summer were urged today by Edna L. Alvis, manager of the Lewiston office of the Social Security board, to take care of their social security account number cards.

"Students will need their cards again when they take other jobs during the holidays, during next vacation, and throughout life. The card is the key to an insurance policy with Uncle Sam, and one number should be used by every worker throughout life. Wage credits, on which future benefits will be based, are posted to each worker's individual ledger sheet under both his name and number, since many people have the same name but no two can have the same social security number. More than one number may cause some loss of the wage credits.

Raising Italian Melons

Phil Johns, Juliaetta, is raising an Italian melon, which resembles in shape and size our American casaba. The melon also smells much like the casaba. However, the meat is lighter in color and thicker. The center inch of so of the meat is quite soft and very rich, but that lying next to the rind is very firm.

Phil obtained the seeds from an Italian gardener at Lewiston. The donor did not know the name of the melon, so of course, Phil also "is in the dark."

They are quite sweet, and well worth anyone's eating.

More Aid Extended

The Gazette acknowledges with sincere thanks the receipt of \$2.00 from Mr. and Mrs. Otto Silflow of Cameron to assist in sending the Gazette to local men and women in the Armed Services.

FOURTEEN ATTEND COMMERCIAL CLUB MEETING

Fourteen interested Commercial Club members gathered around the dinner table at White's Confectionery Monday evening and partook of a delicious 6:30 dinner, after which they adjourned to the City hall for the regular business session presided over by G. F. Brocke, club president.

There were no bills. A communication was read from Mrs. Axel Swanson, Weeler, Oregon, which told of the improvement in her husband's condition.

H. C. Schupfer, reporting for the special post office committee, stated information for its improvement was being gathered. After due discussion the matter was held over for another meeting until a reply is received from Washington, D. C.

Next came a discussion of the matter of foremost importance to the club and to this area — the War Memorial Swimming Pool. A. O. Kannikeberg, drive chairman, reported that good progress was being made, the donations coming in quite steadily, although not rapidly — and that sufficient money had been received to date to insure the success of the drive — although it was still a long ways from its goal. He announced that committees would soon begin individual calls throughout the territory. He will announce these committees and their territory at a later date.

W. L. McCreary reported that on a recent business trip to Spokane he had attempted to obtain information about their new Hillyard pool, built this past spring, but had been unable to contact its supervisor. However, the pool was inspected from outside its fence, and construction was of the simplest and plainest type imaginable.

Next came a discussion of Kendrick's Annual Sales Day, and it was decided to hold it on October 14. A tentative program calling for the free auction sale to begin at 10:00 a. m. and continue until all is sold; a football game during the afternoon and a Memorial Swimming Pool benefit dance that evening, was set up.

Next came a discussion of Civic improvements. Mayor Walter Brooks reported that curbs and a portion of the pavement on Main street would be painted into "stalls" for cars, in an effort to relieve the Saturday evening parking congestion. The matter of improving the trail down the school house hill was also taken up, and it was decided to put on cinders and concrete. L. S. Thurber, chairman of the Civic Improvement committee was asked to arrange with the N. P. Railway for cinders as soon as possible — and then "draft" the necessary volunteer labor to load and distribute them.

At this time Chairman Brocke announced committee heads as previously named by the board of directors, as follows: Merchants — E. M. White. Industrial — Frank G. Harris. Civic Improvements — L. S. Thurber. Highways — (Not yet named). Fish and Game — F. M. Long. Publicity — W. L. McCreary. Finance — H. C. Schupfer. School — Ross Armitage and Robt. Bakken (dual). Agriculture — J. A. Watts. Membership — J. G. Travis. Entertainment — Roy Ramey. There being no further business to come before the group, on motion it adjourned.

Former Wheat King Dies

Edmonton, Alta., Sept. 4 — Herman Trelle, 50, who died Sunday in San Bernardino, Calif., from shotgun wounds, was crowned wheat king of the world five times.

Born in Kendrick, Idaho, he came to Canada in 1905 and farmed in the Peace river country in Alberta. He gained international fame in 1926 when he set a record for the Chicago International Hay and Grain show by winning for the first time both the wheat and oats crowns in the same year.

Farming at Wembley, Alta., Trelle held the world's wheat crown in 1926, 1930-31-32 and again in 1936. A veteran of the first great war Trelle obtained a commission in the Royal Air Force but the war ended before he could see service overseas. He was also a veteran of the Second World War. Since last June he had been living in Los Angeles.

Improvements About Homes

Harry Baker, who moved two weeks ago to his new home purchased from Walter McCall, is busy at odd times painting porches, steps, and otherwise improving it.

L. S. Thurber is sanding and refinishing the floors in his home.

Bud Harris has now completed and painted a new picket fence about his home, stained the roof, and otherwise made improvements.

L. J. Herres has been busy the past week putting a brick-type insulating material about his home, preparing for winter. It presents a very neat and finished appearance.

Fire Near Troy Tuesday

Local fire wardens Henry Jones and Clarence Perryman were called Tuesday afternoon to fight a fire some three miles this side of Troy near the edge of the canyon.

Some 70 acres of stubble, pasture and brush land was burned over before the blaze was brought under control.

P-T. A. Monday Evening

The first P-T. A. meeting for the local school will be held Monday evening, September 17 at 8:00 o'clock.

A special invitation is extended to all from the surrounding territory.

JAPANESE PEACE BID SEVEN MONTHS OLD

The following article was taken from the Spokesman-Review of Aug. 20, and is reproduced at the request of two local families who have sons in the service:

"Washington, Aug. 19 — Release of all censorship restrictions in the United States makes it possible to report that the first Japanese peace bid was relayed to the White House seven months ago.

"Two days before the late President Roosevelt left for the Yalta conference with Prime Minister Churchill and Marshal Stalin, he received a Japanese offer identical with the terms subsequently concluded by his successor, Harry S. Truman.

"The Jap offer, based on five separate peace overtures, was relayed to the White House by Gen. Douglas MacArthur in a 40-page communication. The American commander, who has just returned triumphantly to Bataan, urged negotiations on the basis of the Jap overtures.

"Two of the five Jap overtures were made through American channels and three through British channels. All come from responsible Japanese, acting for Emperor Hirohito.

"President Roosevelt dismissed the general's communication, which was studded with solemn references to the deity, after a casual reading with the remark, 'MacArthur is our greatest general and our poorest politician.'

The MacArthur report was not even taken to Yalta. However, it was carefully preserved in the files of the high command and subsequently became the basis of the Truman-Attlee Potsdam declaration calling for surrender of Japan."

WPB Lifts Controls

In a series of sweeping moves to facilitate the reconversion of industry and speed the flow of a wide variety of peace time products, the WPB has dropped 210 more individual controls over industry.

Limitations on the number of radios, refrigerators and trucks that could be manufactured for civilian use were removed. Restrictions on a long list of other products were lifted and the materials freed for consumer goods. Affected are metal furniture, domestic stoves and laundry equipment, electric fans, motorcycles, storage batteries, photographic equipment, silk and cotton duck, as well as a large number of other products.

AN EXCERPT FROM IDAHO HIGHWAY HISTORY
"The first newspaper in our possession on the Pacific coast, came from northern Idaho, where it was first published nearly 50 years ago by Spalding, missionary among the Pierced Nose (Nez Perce) Indians in a log hut which marks his office and beside it trees of his own planting flourish and bear fruit."
An author and traveler through Idaho in 1895 gives this description of getting his first newspaper while traveling from Owyhee mining district to Virginia City, Nevada. That stage road from the Idaho bonanza camp was the foundation of the present paved Idaho-Oregon-Nevada road known as U. S. highway No. 95, and termed a military road of necessity during the war, as it is a cutoff from the Rocky mountains to the Pacific coast.
The printing press that printed the newspaper the traveler referred to is in the museum at the Spalding Memorial State Park on Highway No. 95 in northern Idaho, about 14 miles east of Lewiston.

About thirty years after the explorers Lewis and Clark had camped at the site of the present town of Lewiston, Rev. Henry H. Spalding and his wife, Eliza, located their mission in which was the first school and the first church. This little community was built up for the dissemination of education and religion to the Indians. The first printing press in the northern part of the Rocky mountain region was brought by Spalding, who issued the first newspaper in the state.

The raids and plundering by the Indians did not stop the mission work. Despite many reverses, the Spaldings continued their Christian work until both were killed in an Indian raid. As a tribute of respect to the memory of that brave and courageous couple, the memorial park of 19 acres was established by the state. In the little cemetery in the park are the graves of the Spaldings with a monument to perpetuate the memory of those who paid the supreme sacrifice while carrying on the cause of Christianity. In this state park is a museum which contains a rare collection of historic relics.

Another state park is nine miles east of Plummer, on U. S. No. 95, in Benewah county, known as the Heyburn State Park, comprising 7,835 acres. Over one-third of the park is water with the Chatcolet, Hidden, Round and Benewah lakes, and with the St. Joe river forming the eastern boundary.
The park was formerly part of the forest and a variety of wild life could be found therein, as well as fishing, swimming, boating, sailing and hiking. Picnic and trailer camp ground facilities are available to the public without charge. Privately owned cabin resorts furnish lodging and food at all times.

Point Values Reduced
Point values for nearly all meats, all cheese, creamery butter and margarine have been reduced and margarine will be point-free during the rationing period which ends on September 29, OPA says.
The new point value for creamery butter is 12 points a pound. Margarine is down from 14 to 12. Points for all kinds of cheese have been cut 50 per cent.

A P. T. O. meeting was held at the school house Wednesday evening to discuss plans for the hot lunch program.

School was dismissed on Friday of last week because of the annual Teachers' Association meeting at Moscow. Members of the faculty attending were John Trombetta, Mrs. Fern Lindquist, Mrs. Mary Adams and Mrs. Laura Darby.

Watch Kite Flying
Hazards involved in the practice of kite-flying where cords of a conducting nature are used were warned against again today by Herman Schupfer, local manager of the Washington Water Power company.

Mr. Schupfer stated that this renewed warning is one which has frequently been made in the past by the National Safety Council and other agencies, was occasioned as the result of a kite known as the "Army and Navy Target Kite," innocently advertised for sale "with 2,000 feet of wire."

When examined this "cord" proved to be a small diameter copper wire covered with a thin synthetic insulation. Appraised of the dangers involved, firms which had been handling the product immediately agreed to discontinue the sale of wire in connection with the kites.

It is pointed out that case of contact between conducting wires and high voltage lines almost invariably result in fatalities or painful burns. He advised that youngsters and parents take suitable precautions in purchasing kites and buy only those with safe, non-conducting cords.

Better watch Jack. He has everything. Business is swell. 37-1

MEMO

DOODLE?

SURE, it's a doodle—a forester's doodle—but there's nothing funny about it.

To a forester, trees add up to things men can use—homes, paper, fabrics, plastics, even food.

But a forest, plus fire, is less than nothing, because many years of planning, of growing, of forest management, have gone up in smoke.

A forester fears lightning, for it sets many fires. But more than lightning, he fears man. Man starts nine forest fires for every one caused by lightning.

It's a personal problem. It's *your* problem. It's *our* problem. For if all of us were to control our carelessness, the nation would be richer by \$40,000,000 a year, our annual forest fire toll.

All of us **PAY** for forest fires
- - - most of us can **PREVENT** them

SCHOOL DAYS ARE HERE

School Days! School Days! Dear old golden rule days — are here again, and to start your children out right in the morning give them Potlatch Chief pasteurized milk. Nothing can compare with the rich flavor of this milk. It provides calcium and other products necessary in building up energy and health need in the school room and on the playground.

Each child should drink at least a pint of milk a day. See that your children have the proper amount to keep them in condition at all times.

Potlatch Chief pasteurized milk is bottled daily in order to assure the public of getting fresh milk. It is handled with the utmost care while in the process of pasteurizing and bottling.

For 12¢ per quart there is not a healthier beverage on the market.

Pfc. Harry Harris, son of Mr. and Mrs. C. E. (Bud) Harris of Kendrick arrived home Sunday night to spend a 30-day rotation furlough. Earl is a veteran of many months service in the E. T. O. — and hopes to be able to stay at home long enough to go on a big game hunt and fishing trip. We haven't had a chance to talk to him as yet for a better report on his overseas duties.

FM2-c Walter C. McCall arrived here Sunday from San Diego to spend a ten-day leave with his parents, Mr. and Mrs. Walter McCall, and other relatives and friends.

Walt says that he does not find navy life too bad — but the natives can have "sunny California" for all of him. But anyhow, Walt looks plenty spiffy in his navy blues, and wears a swell coat of tan along with them.

Kerr-Fraser Nuptials

Ely, Nev. — At the home of Mrs. William Nichols, a sister of the bride, Miss Betty Kerr and Cpl. Donald Fraser repeated marriage vows Saturday evening, September 1, at 8:00 o'clock, with Judge William Willis officiating.

The Nichols home was attractively decorated with fall flowers, and during the ceremony, the wedding party stood before the fire place. The couple were attended by Mrs. George Williams, a sister of the bride, as bridesmaid, and Pvt. Jay Dunn, who has been a close friend of the groom at the Tonopah base, as best man.

The bride was attired in a powder blue suit with black accessories, and wore a corsage of red roses. For her sister's wedding Mrs. Williams chose a black suit with red accessories, and her flowers were white gardenias.

After the ceremony, a reception was held in the banquet room of the Hotel Nevada, where the table was decorated with tall candles and centered with the traditional wedding cake, topped with miniature bride and groom.

Mrs. Fraser is a daughter of Mr. and Mrs. David B. Kerr of Spring Valley. She is a graduate of the White Pine high school and is popular among the younger set at Ely.

Cpl. Fraser is a son of Mr. and Mrs. E. W. Fraser of Kendrick, Idaho. He graduated from the high school there with the class of 1942, and entered the service in April of 1943.

S-Sgt. and Mrs. Glen Newman spent Tuesday with Mr. and Mrs. Fred Newman. Sgt. Newman is now stationed at Fort George Wright, Spokane.

Sgt. Ernest Schwarz left for Fort Douglas, Utah, Tuesday, after spending a 30-day rotation furlough with his parents, Mr. and Mrs. John Schwarz, and other relatives.

Mr. and Mrs. Everett Fraser heard over the air Wednesday morning that the U. S. S. Ernest Hinds, an army hospital ship, was due to dock in New York that day — and as a result have high hopes that their daughter, Lt. Ethel Fraser, A. N. C., will be able to come home on at least a short furlough.
