Notice To Correspondents

Since Thanksgiving Day, November 22, falls on our usual publication date, the Gazette is asking as a favor of its correspondents and advertisers, that copy reach us one day earlier than usual.

We realize that this may be a real inconvenience to some, but ask that you bear with us — at we don't want to work on Thanksgiving Day any worse than any one else. In fact, few holidays come to the publisher of even a dinky country paper — and we are just human enough to want to enjoy the few that come our way.

NEWS FROM LOCAL MEN IN THE ARMED FORCES

Fort Douglas, Utah (Official Dispatch) — Discharged from the army under the adjusted service rating plan at the Fort Douglas Separation Center, T/Sgt. Charles E. Deobald, whose parents, Mr. and Mrs. Edwin A. Deobald, live at Kendrick, Idaho, is wearing four Battle Stars for campaigns in Normandy, Northern France, Rhineland and Central Germany.

Incidental to his 22 months service overseas he is authorized to wear the European Theatre of Operations Ribbon, Bronze Star, Purple Heart, Distinguished Unit Citation, Good Conduct Medal, Victory Medal and Combat Infantryman's Badge.

Before entering the army in July of 1943, he was a student at the Kendrick High school, graduating with the class of 1943.

Note: The above dispatch tells only a part of the story. After receiving his preliminary training in the states, Charles, who was a member of the Medical Corps, attached to an infantry battalion, was sent to England, where he received his final training, and, with his unit, hit the Omaha Beach on the Normandy coast on D-Day. From that minute on they were in the thick of the fight until the break-through at San Lo an operation which took 43 days of "rugged" fighting.

After the break through at St. Lo his division, the 29th, headed straight across the peninsula toward St. Nazaire, France. While on this campaign, near the town of Bayeux, France, Charles received a machine gun slug through the right hip a wound which necessitated his shipment to a base hospital at Oxford, England.

Upon his return to his outfit they moved on across France and into Germany, spending most of the winter in a holding operation just across the Roer river at Munchen-Gladbach. And while crossing this river under heavy fire, he again almost became a casualty, as he stepped into a deep hole in the otherwise shallow river, and laden with equipment, "almost didn't make it out."

Sgt. Deobald says that his unit was stationed on the north side of the "Bulge" when that history-making drive took place, and had the Germans realized how thinly held the American lines were in that sector, the story might have been different.

From Munchen-Gladbach the drive went on across the Ruhr and Rhine rivers, and took part in the battle for Central Germany.

At the close of the war he was assigned to the army of occupation, being stationed at Bremen. On his return home he took ship at Antwerp, Belgium, on a collier, there being 19 other officers and men on this boat, which landed them at Boston, Mass. From there, after a one-day delay, he took a train for Denver, Salt Lake (where he received his honorable discharge), then to Spokane, Lewiston and home.

Charles says that the Omaha beach was "really rugged," but also that the first night the skies were one of the most beautiful sights anyone could wish to see. They were filled with tracers, star shells, and the pink and blue bursts of ack-ack as the ships and shore gunners filled the air to keep German planes away.

However, he considers the Battle of the Bulge the most rugged of all his combat experience, for during that time their positions were overrun one night by German paratroopers and the fiercest fighting took place before the Yanks again gained control. He said that during that night alone, a sergeant of infantry, who, with his medics were attached, killed six German paratroopers with hand grenades!

Being with the "medicos" Charles did not carry a weapon, but says that as far as weight went, carried more!

Sgt. Deobald says home is "just one notch this side of heaven," and he is enjoying it to the utmost. His two biggest problems at this time are trying to find civilian clothes and deciding what to do in the future.

Charles says that his one regret about the time spent overseas was his lack of opportunity to see any of the large continental cities, Antwerp, Belgium, being the largest. He did not get a chance to see London, Paris, or Berlin. During one seven-day furlough, he, with friends, visited Cannes, on the French Riviera, and found it a most pleasant spot. One meal they ate there, a meal of steak, french fried potatoes, salad, coffee, wine, cost them \$12.00 each!

He extends his thanks to all for the paper. It didn't arrive very regularly during the war, but with the coming of peace, made good time.

Charles also says that he knows France, Belgium and Germany have some wonderful soil as well as some of the "greatest mud" to be found anywhere in the world — and says he knows because he's had a "worm's eye view" of it under both conditions! And has also tested it with his nose on numerous occasions.

In speaking of the German girls he says lots of the boys enjoyed their company, but so far as he was concerned he couldn't see any fun in going out with a girl you couldn't talk to — and the German girls or women who spoke English were too old for him!

RM 2/c Ernest Brammer, son of Mr. and Mrs. Henry Brammer, arrived home last week from Seattle, bringing with him his honorable discharge papers. Ernest has seen 43 months of duty, most of it on pa-

trol boats off the Atlantic coast of the United States and South America. The past six months, however, he had been stationed in and near New York. At the latter port there were so many navy men awaiting discharge, that they had no bunk room for them, and 72-hour to one-week passes were given to all just for the asking. During this time he saw but two weeks' duty — shore patrol — a job he thoroughly detested.

Ernest, who was trained as an aerial gunner and radio operator, was put on a corvet upon completion of his training — so never received any wings, although technically entitled to them. He says, however, that this is of minor importance — he's home!

Ernest wishes to thank all concerned for the paper, received as regularly as could be expected when distances and boat movements were taken into consideration. He says that the home-town paper meant more to him than the big papers received by the city boys, since it recounted the doings of people he knew — and theirs was just a rehash of the news the ship picked up daily on its radio.

Fort Douglas, Utah (Official Dispatch) — Discharged from the army under the adjusted service rating plan at the Fort Douglas Separation Center, Pfc. Earl E. Harris, whose parents, Mr. and Mrs. C. E. Harris, live at Kendrick, Idaho, is wearing one battle star for the campaign in Northern France.

Incidental to his 23 months service overseas he is authorized to wear the European Theatre of Operations Ribbon, American Theatre Ribbon, Good Conduct Medal and Victory Medal.

Before entering the army in October 5, 1942, he was employed as a lumberjack for the Potlatch Forests, Inc.

Most of Earl's overseas time was spent in England, in the supply service. He says he isn't just too sure how to act, now that he is again a civilian.

CM 2/c Harvey A. (Hobbs) Thornton, son of Mr. and Mrs. Jesse Thornton, Star Route, Kendrick, arrived home Wednesday evening of last week from San Diego, Calif., bringing with him his honorable discharge papers.

Harvey is a veteran of many months service in the Pacific, having enlisted in the navy early in 1942, and has seen service from the Aleutians to the South Pacific, on destroyers, PT boats and aircraft carriers, but he says his "cushiest" service has been the last six months during which time he has been stationed in the carpenter shop at San Diego. This base, designed to accommodate 20,000 men, was "crowded to the gills" with 40,000, and as a result, almost no one had any real duties to perform outside of eating and sleeping.

Hobbs says he drew the 8-k in 12:00 midnight shift at the bank on the carpenter shop, and by hauling the phone close to his ear, was able to sleep quite comfortably from 10:00 till midnight, as there was seldom a call.

Anyhow, he is mighty glad to be a civilian again. His plans for the future are indefinite, but for the time being he plans on staying out on the ranch.

Bremerton, Wn. (Official Dispatch) — Roy Donald Hill, FC 2/c, Kendrick, Idaho, was discharged at the Puget Sound Navy Yard, Bremerton, Washington, on November 7.

Note: We have not yet seen Roy and do not know if he has arrived at his home here or not. However, on the battleship Idaho, and saw plenty of action. We are under the impression that he wears the stars of eight major sea battles. However, we must wait until we see him for correct information.

November 3, 1945 Yonezawa, Honshu Dear Mac and Bill: I guess it's about time for me to settle down and drop you a line. I guess there comes a time in the life of every man. Don't let this influence you to think that I look upon these few letters in the light of a sacrifice, because I don't. I do enjoy writing them — when I can get around to it.

There isn't really much for me to report on as the newspapers pretty well covered everything that I or anyone else have done since we occupied Japan.

Japan, in itself might be a pretty country if it weren't for the Japs. They seem to be living about five centuries ago — if you know what I mean. If they'd spend a little more of their money on improvements and modernization, instead of making wars, the country would be a lot better place to live in.

I guess maybe I'm letting these people get under my skin, but a couple of my buddies were killed one night near Manila, and a couple of days later another one went about 150 feet into the air when he ran over a 500-pound aerial bomb. This was being used as a land mine. This was being used as a land mine. This was being used as a land mine.

"Love Thy Neighbor" stuff may be O. K. for some people, but it "ain't for me" when the neighbor in question has slanty eyes and buck teeth! It seems like every time I write to you I start beefing. I guess it's because you're a pretty good guy to let off steam to — anyway, you always seemed to be to me. If you think that sounds like soft soap, don't print it — but I mean every word.

I think this is going to be my lucky month, Bill. I've got the

THANKSGIVING — 1945 We thank Thee for the blessings of Thy hand, For strength that comes with every re-born day, For peace and plenty in this teeming land, For singing stars, dear God, to light our way.

We thank Thee that the 'whelming clouds of war Are rent asunder by Thy holy will, And that the way of life worth living for Breaks through the cosmic dawn to guide us still.

Also saw that you didn't have Jack's name on the Honor Roll. We think it should be there. He was inducted from Moscow, and he was born and raised there at Kendrick, so we figure he is a Kendrick boy. His name is Jack Edward.

**O. E. S. Complete Afghan**

Members of the O. E. S. presented to Worthy Grand Matron, Mrs. Grace Johnson, at their special session Tuesday evening, a wool afghan, which she will turn over to the Red Cross.

The local chapter, with the help of friends, furnished the yarn and knit the afghan as their Red Cross project. The Red Cross needs 25,000 of these afghans for use in hospitals.

The local chapter is preparing to start another, and will gratefully accept any yarn, new or used, for this purpose.

**Is Winter Really Here?**

Starting with Tuesday of last week the Potlatch section has been quite steadily treated to snow flurries, rain squalls, wind and sleet — and on the ridges snow reached a depth of some four inches, necessitating the use of chains in most cases.

The temperature, however, has not fallen low, and some late types of "mums" may still be found in bloom about town.

Last Thursday evening was the time of heaviest snowfall, and the kids about town had lots of fun throwing snowballs.

There is now no snow in town, but some may be seen on north slopes surrounding the valley.

### MORE ABOUT ARMED FORCES

"Sixty-one point jitters." It's going to be great to see a hunk of North Idaho again. It seems like I've been away a long time.

Could be — I guess I'd better hit the hay now, Bill, as I'm painting some murals here and the smell of paint seems to affect my brain — goodnight. I hope to see you soon.

Allen Johnson.

Fort Dix, N. J. November 6, 1945

Dear Mac and Bill: Hello everyone! Well, I will inform you my address has changed a little. It's now 36th Co., instead of 35th Co.

I've really received the paper regularly since stationed here at Dix, and I thank you lots for it. It really lets a person know things and what's doing around home.

Well, I'm still here helping out what I can, till this spring. I sincerely hope I'll be out then to start civilian life again and to be with my darling wife. That's one thing against the army and that is that you're always so far away from home.

Well, I surely hope everything's under control there and hope to see you all next spring. Until then, keep the old home town news coming this way.

Your friend  
 Everett Neumann.

Pvt. Theodore Deobald, son of Mr. and Mrs. E. A. Deobald, Kendrick, arrived home last week from Amarilla, Texas, where he had been stationed the past nine months, bringing with him his honorable discharge papers.

Teddy, who was attending B-29 mechanics school at that place, lacked two days of completing the prescribed course when given his discharge. He says they had so many men in the mechanical work that

they didn't know what to do with them — so he was one of the lucky, and drew his discharge.

He plans on entering the U. of I. at the beginning of the second semester.

Oahu, T. H. Oct. 29, 1945

Dear McCrearys:

Thanks a million for the paper. I've been getting it regularly for a long while now, and sure appreciate it a lot.

The reason I am writing this is to ask if you know of any fellows from Kendrick or Juliaetta who are on this island. John Maund is here I know, as I see him quite often. If you can tell me of any other fellows here I will surely appreciate it — a lot. Incidentally, I am in the 6th Service Depot, about four miles from Honolulu.

Sincerely

Phil. (Pfc. Phillip E. Holsington, U.S.M.C.)

Note: Phil, we can't help you much, as we have no way of knowing exactly where the local boys are stationed. However, we do know that Ens. William Tschantz, Southwick, Interpron 1, is at Honolulu. Warney May, U. S. M. C., may be there. He is with H & S Co. (Q.M.) 5th Marines, First Marine Division. Maybe this will help a bit, too: Ray Benscoter is aboard the Goshen, Albert D. (Doyle) Biddison, aboard the Ajax; Earl Choate, the Mobile; Don Dammarell, the Saratoga; James Danforth, Tippecanoe; Lyle Draper, Bougainville; Louis Hunt, Sperry; Elroy W. Kuykendall, Pensacola; D. E. Kuykendall, Beckham; Dale A. Miller, Arthur Middleton; Walter Rennick, Tulagi; Lester C. Stead, L. S. T. No. 560; Willis Thornton, Kit Carson; Kenneth G. Wilken, Killen. For the rest, guess we'll just have to leave it up to any of the boys who might get near there to look you up. — Good hunting. — Bill.

Merced, Calif. Nov. 2, 1945

Hello Mac:

Just a card to say thanks for the paper you have been sending all this time. Sorry I didn't get to see you when I was home last month on furlough, but I'll see you soon. So am asking you to stop sending the paper.

Again my thanks to you and to all the folks who helped send the paper to we fellows in the service.

Sincerely yours  
 S/Sgt. Elgin W. Fleshman

Fort Winfield Scott, Calif. October 30, 1945

Dear Friends:

I have been receiving the Kendrick Gazette for the past 39 months, and have enjoyed it very much. I will be getting my discharge very shortly now, so you can discontinue sending the paper.

Again I thank one and all for making it possible to read the home town news.

As ever a Friend —  
 Cpl. Bernard K. Thornton.

Camp Hood, Texas November 6, 1945

Dear Mac and Bill:

Just a line to let you know I receive the Gazette regularly and appreciate it a lot. I also want to thank all who help you send it. It's just like a long letter from home. Harold Brammer always reads it after I've finished, as he stays in the barracks next to mine.

It sure sounds swell to hear of all the boys getting discharges. They've certainly earned them.

I've been in Texas for the past three months, and I sure don't think much of this state. I haven't seen a real tree since I got here — only scrub oaks, and we call them bushes. We're almost through training though, and I hope to be out of here before Christmas.

There has been a slight change in my address, so I'll give it to you. It is now 92nd regiment, instead of the 96th. Well, I must close for now, as I have to go to work. Thanks again for the paper.

As ever  
 Pvt. Harry Harris.

Word has been received here that Bkr 1/c James Grover Danforth, son of Mr. and Mrs. "Red" Danforth of Southwick, was honorably discharged from the United States navy on October 24th, and is now at his home in Seattle with his wife and baby.
