### Debris Clean-up Day

Thursday, June 20 has been designated by the Commercial Club and the Village trustees as "Debris Clean-up Day" in the west part of town, badly damaged by the cloudburst of May 26. At that time an effort will be made to clean the street, sidewalk and as much as practicable of the baseball diamond, in order that sports may again be held.  
The club is appealing to the farmers in the area to help with this work, so if you are a farmer, and can spare your truck for that day — your help will be greatly appreciated. Gas and oil will be furnished by the town. Three or four logging pans or stone boats will also be needed.

All coming (town) are asked to bring shovels, rakes and pitch forks. At noon there will be a free feed for all workers at White's Confectionary.

If the baseball field is to again be used for public sports, this work must be done — and residents in that area are likewise entitled to clean streets and sidewalks.  
Let's all pull together and get the job done with a rush!

# Potlatch Chief Sez

PUBLISHED BY THE KENDRICK CO-OPERATIVE CREAMERY

## HI, THERE, FOLKS:

Saturday, June 22nd, marks the date of the Creamery's Annual Meeting. Plan to attend, as it is going to be a big day. Besides the business meeting, there will be a free musical program in the afternoon. This program will be all home talent, so if you know anyone who likes to sing, tap dance or recite, please urge them to stop in at the creamery and be included in our program.

## About Milk Prices:

Present price on bottled milk is 13c per quart, and the price of whipping cream is 21c per half pint. For those of you who are holding milk tickets at this time, which you purchased for 12c, please include a penny with each ticket you put out for the delivery.

## And Remember:

Always ask for Potlatch Chief products — they satisfy!

Inspector: "Don't you know you can't sell life insurance without a license?"  
Salesman: "I knew I wasn't selling any, but I didn't know the reason."

The Bureau of Internal Revenue received a typed income tax return from a bachelor who listed one dependent son. The examiner returned the blank with a penciled notation — "This must be a stenographic error."

Presently the blank came back with the added pencil notation, "You're telling me!"

A colored woman had frowned on her husband for many days. Then, like a burst of sunshine from a cloudy sky, she smiled. "Does that mean, honey," he asked, "that you forgive me?" "Go on away, you rascal. I was just restin' ma face!"

Market your products the "Co-operative Way." It pays!

Coffee  
As part of a program to encourage shipment of six million bags of green coffee to this country to avoid a shortage of coffee during the coming winter months, OPA has increased the maximum prices at which green coffee may be imported by three cents a pound. The present ceiling prices of all coffee sold in this country, however, will be kept at their present levels because the Department of Agriculture and Reconstruction Finance Corporation will establish a subsidy program which will take care of the increased import costs.
