PERSONALS AND NEWS ABOUT KENDRICK FRIENDS

Mr. and Mrs. Donald Fraser arrived Friday from Seattle to spend a two-week vacation with his parents, Mr. and Mrs. Everett Fraser.

Mrs. Frank Rowe of Spokane arrived last Wednesday to visit with her sister, Mrs. LeCornu and friends.

David Coulter was released from St. Joseph's hospital last Thursday and brought home by his parents. He is making a speedy recovery.

Dick Coulter, who spent some ten days visiting friends in Shoshone, Idaho, arrived home Saturday.

Mrs. Lester Crocker, daughter Jean and sons David and Danny, and Mrs. Liddle Amelung, returned Friday night from a week's visit with relatives in Seattle.

Mrs. Fred Stedman and son Sammy returned Friday from Weiser, Idaho, where they had been attending the Assembly of God church convention.

Mr. and Mrs. Claude Craig and Mr. and Mrs. Julius Ceaser returned Tuesday evening from a fishing trip in the Cedars.

Mr. and Mrs. Ivan Craig and children of Richland, Wn., arrived here Tuesday evening to attend the funeral of his sister, the late Mrs. Vance Loudon.

Miss Jean Cook, Lewiston, spent last week here visiting her grandmother, Mrs. Bina Raby.

Mr. and Mrs. M. M. West of Kent, Wn., spent several days here visiting in the homes of Mrs. Bina Raby and Mr. and Mrs. Paul Lind.

Mrs. Orville Storer came over from Craigmont Saturday to see her father, John B. Davis, who has been quite ill. She returned home Monday as he was much improved.

Mr. and Mrs. Willis Klevenger of Mulbridge, N. D., left Thursday afternoon of last week for a week's visit at the E. E. McDowell home. Mr. and Mrs. Klevenger were much impressed with the Potlatch country, and marveled at the diversity of crops growing here. Mr. Klevenger and Mrs. McDowell are brother and sister.

Mr. and Mrs. Jack Johnston and Jerry Herres of Spokane arrived here Sunday from Spokane for a short visit with Mrs. Johnston's parents, Mr. and Mrs. L. J. Herres. They, with Mr. and Mrs. Herres, left Tuesday morning for Banff and Lake Louise for a week's motor vacation trip. Jerry Herres and sister Billie Mae will remain here.

Miss Ella Boltz, Niligh, Nebraska, and Mrs. Edna Peters, of Dodge, Nebraska, arrived here Wednesday of last week to spend a month at the home of Mr. and Mrs. Reinhart Wilen.

Miss Sophia Thomas of Omaha, Nebraska, a sister of John A. Thomas, Little Bear ridge, and two traveling companions, Miss Ethel Baker, Gering, Neb., and Miss Helen Heckman, Ottawa, Kansas, are visiting Miss Thomas' relatives, arriving here Wednesday of last week. They visited in the Frank Wittman home at Cavendish on Wednesday until Sunday, and on Sunday there was a dinner given in honor of the visiting guests. Those present were Mr. and Mrs. John Thomas, Jr., Mr. and Mrs. Esten Lee and daughter Carolyn and Mr. and Mrs. Roy Thomas and son Jimmy. In the afternoon Mr. and Mrs. Wade Keene and two granddaughters, the latter of Uniontown, called for a visit.

Mr. and Mrs. Floyd Millard and son Herbie left Friday morning by car for Miles City, Montana, where the American Legion Junior Baseball tournament is now being played.

Silvie Cook and daughter Beth of Asotin were business visitors in Kendrick Monday afternoon.

Mrs. George Jones, Uniontown, a registered pharmacist, is helping her brother, Tom Keene in the drug store while Mr. Herres is on his vacation.

Mr. and Mrs. Everett Farrington were Monday evening guests in the C. E. Harris home.

Mr. and Mrs. Lester Weaver visited with John Michaels at the Bud Harris home Sunday.

John Michaels, who is again ill, was taken to the hospital at Moscow Tuesday for treatment.

Mrs. Lucy Thomas was a Moscow visitor Monday.

Mrs. W. W. Eldridge was a passenger for Moscow Monday.

Anna Pemberton left for Lewiston Tuesday to spend a two-week vacation visiting her sister, Mrs. Herb. McDowell, and other relatives.

Loy Deobald was a Moscow visitor Monday.

SIXTEEN ATTEND COMMERCIAL CLUB MEETING

Sixteen Commercial Clubbers were present for the chicken dinner served at White's Confectionery Monday evening and a like number attended the business session which followed at the city hall.

Following the reading and approval of the minutes of the July meeting and the allowance of bills, committee reports were called for.

G. F. Brocke reporting for the Highway committee stated that on a recent visit to Boise he had contacted the state engineers' office, and that the American ridge road was in the office there being processed for federal aid in construction, and that bids were to be called for soon. However, so far as is known, bids have not yet been called.

Mr. Brocke and L. S. Thurber reported on a recent meeting of the city council and James Reid, district highway engineer, in which the matter of a new approach between Kendrick and Juliaetta on the state highway, was taken up. Tentative surveys have been made, with the road running behind the Jones, Fey, Emmett, Onstott, and McDowell homes, and the city has agreed to purchase the necessary right-of-way for this project, the estimated cost of which (not including right-of-way) is \$26,000 for a length of 2,200 feet. The high cost lies, of course, in the moving of the thousands of tons of flood distributed boulders and earth at the foot of Brady gulch.

A. O. Kanikkeberg, drive chairman for the Area Living War Memorial Swim Pool Fund, reported that that fund was now entirely exhausted, and that operations would have to be suspended for the time being since the club cannot legally incur bills. He further stated that as soon as the harvest rush is over an intensive drive for funds will be undertaken, since there are many in this area who have not yet given, but who are willing to give.

Reporting further on the swim pool Jack Kuykendall and L. S. Thurber reported that a group of State Health Department officials visited here Friday of last week for the purpose of inspecting the work done to date — and at the conclusion stated that when completed Kendrick would have one of the most modern and sanitary pools in the state of Idaho — and that it would meet every requirement for safety and health. They further complimented the area for its progressiveness in undertaking such a project, and the workmen for good construction.

Next followed a discussion of the Memorial Plaque to be imbedded in the concrete, which is to bear the names of those who gave their lives during this last great conflict. The names, so far as are now known are:

Bees, Bees, and More Bees

Mr. and Mrs. L. S. Thurber hope they never see another bee, or even hear their buzz, for they ran into real difficulties with a swarm last Sunday, and are not yet completely rid of the "busy little workers."

Mr. Thurber began the removal of some old surface plaster in their home Sunday morning, discovered that the under-plaster was also bad and decided to remove it. As he was busily engaged in this task his screwdriver slipped, went between two lath, and emerged covered with honey. He went on with his work and soon discovered that the space between two wall studs was completely filled with the condensed sweetness — and the bees were getting madder by the minute.

He called Roy Ramey, local bee expert, who went to the Thurber home with his equipment, and began removing lath to get at the honey. Two big dishpans full of the sticky substance were removed from the wall and ceiling of the Thurber living room, and then Mr. Thurber began spraying with DDT to remove the unwelcome inhabitants, who by this time had taken over two rooms in the home.

Mr. Thurber has carried out two big pans of dead bees, and there still are plenty of live ones about. He says he doesn't mind the bees quite as much as the mess made in the necessary removal of their product, since dripping honey, plaster chips and dust and dead bees really make a mess to clean up — anyhow when on your newly finished living room floor.

The Thurbers were aware that bees inhabited the house, but were of the belief that they were in the outer siding only.

Repairing School House Hill

In preparation for the opening of school next month, and its resultant heavy traffic, Jack Kuykendall, Orville and Walt Sparber, spent a large portion of Tuesday repairing holes in the oiled pavement on the school-house hill — and a right-good job they did of it, too.

Few residents of town realize how much traffic this hill road carries — but it does.

Little Red Wagon

Henry Jones, local deputy state fire warden, last week-end repainted his pickup a "fire-wagon red," and when we say "red," we mean just that. It's a red to end all reds!

Henry says he wants local residents to know that pickup and what it stands for.

Painting Parsonage

Rev. J. H. Coulter and sons are treating the Community church parsonage to a coat of white paint. This application will affect a fine improvement.

Undergoes Surgery

Mrs. Gil Erlwine, Southwick, underwent a major operation at St. Joseph's hospital, Lewiston, August 12. Last reports is that she is getting along as well as could be expected.

Make Switch In Home

Mr. and Mrs. Fred Stedman have purchased the Bert Biddison home on the school house hill and are moving this week.

The house vacated by them will be occupied by the school superintendent, Jasper Nutting and family, who are expected to arrive here the 20 of this month.

New Arrival

Mr. and Mrs. Lawrence Slead, Fix ridge, are the proud parents of a 9-pound baby daughter, born Aug. 10th.

All concerned are doing nicely.

More Swim Pool Donations

Last list of donors to the Area Living War Memorial Swim Pool Fund shows the following:

E. A. Deobald	\$100.00
G. F. Brocke	100.00
B. E. (Gene) Groseclose	10.00
Frankfurt, Germany	10.00
Kendrick Gazette	50.00
Total	\$260.00

To Mr. Groseclose, whose home is at Juliaetta, but who is with the army of occupation in Germany, goes the honor of sending a donation the greatest number of miles, a record formerly held by Mrs. Eeva Thompson of San Diego, Calif.

As will be noted by reading the report of the Commercial Club meeting in this issue, construction operations have now been temporarily suspended on the pool due to lack of funds. They will be resumed as soon as more funds become available, and for which an intensive drive will soon be put on.

NEWS FROM LOCAL MEN IN THE ARMED FORCES

From B. E. (Gene) Groseclose, with the army of occupation in Germany, comes the following interesting letter:

Frankfurt, Germany
Tuesday, 6, Aug. 1946

Dear McCearys:

Certainly glad to be receiving the Gazette again. It's mighty interesting to read all the doings of the home folk, even though there appears to be a period of unusual destructiveness from the elements along the old Potlatch this year.

Recently the weather here in the Frankfurt area has had all the heat and stickiness of a summer evening in Georgia or the Louisiana swamps. The crops in most of Germany in the American occupational zone, are very good, except in Bavaria, where drought early this year cut both pastures and crops, so too much livestock for the available pasture and feed supply. This area is near the famous German national redoubt. Also, Germans drove their stock out of the French occupational zone in the Alps, into the American zone. But there are far too many people in the American zone for German agriculture ever to furnish food enough for even a half-starvation diet.

The mountains of Germany are very beautiful and the estates of royalty and the military chieftains are well stocked with wild boar, roe bucks and stags (similar to our elk). The streams are full of nice trout. I don't need to tell you that I spend most of my spare time (when not studying or carrying out duties of my employment) in hunting and fishing.

However, there is a NezPerce Indian proverb that "Whoever drinks of the waters of the Potlatch stream, will return again to drink and bathe in those waters."

I've taken some nice trips along the Rhine in Hitler's yacht this summer, and while we are on the subject of water and swimming, how ever much I enjoy the old swimming holes along the Potlatch stream, I'm in favor of the new swimming hole. Find enclosed \$10.00 money order for the Living War Memorial Swim Pool.

Also, keep the birds, fish and game along the Potlatch well fed.

Sincerely
B. E. (Gene) Groseclose

Jack's New Address

Just a few lines to let you know where I am. I've been moved to the Naval Hospital here at Memphis, Tenn. It's just a small hospital, but nice work.

The country here certainly is different from California or Idaho, but I can't say that it's any nicer than home. They don't have much grain here either — not like Kendrick, anyway.

I want to thank you for the paper too. Well, that's about all for now as I have to get back to the ward.

Sincerely
Jack Benschoter.

Note: Jack's new address is short and simple: John S. Benschoter, HA 2/c; U. S. Naval Hospital; Memphis, Tenn.

Lewiston Winning Games

The Lewiston Legion Juniors Baseball team, of which Herbie Millard, son of Mr. and Mrs. Floyd Millard of Kendrick is a member, playing in the tournament at Miles City, Mont., which began August 11, won their first game by defeating Butte, Mont., 2 to 1.

In the game the following day the Lewiston American Legion Juniors defeated Sioux Falls, South Dakota to the tune of 5-3. The game was tied in the ninth inning 3-3, when Ken Peterson of Lewiston rapped out a two-run getting single.

Lewiston now remains one game from the regional championship. Fargo and Sioux Falls will meet, with the winner playing Lewiston Wednesday night.

Bean Growers Picnic

The Kendrick Bean Growers held their annual picnic Sunday at Spalding park for their employees, families and friends.

A big picnic lunch was enjoyed at noon, with swimming and baseball the sports of the afternoon.

Those present were Mr. and Mrs. Ross Armitage and family, Mr. and Mrs. Wilmer Hanks and family, Mr. and Mrs. Kenneth Brocke and children, Mr. and Mrs. Paul Lind and sons Bob and Eugene, Mr. and Mrs. Bud Fey, Mr. and Mrs. Charlie Fey, Mr. and Mrs. Lyle Trout and children, Mr. and Mrs. Frank Abrams and family, Clifford Davidson, Mr. and Mrs. Geo. Brocke and son, Miss Barbara White, Mr. and Mrs. Walter Brocke and Patty, Mr. and Mrs. E. M. White and children, Helen Harris, Jean Crocker, Mrs. Bina Raby and Mae Southwick.

Paul J. Shepherd Meets Death in Mill Accident

Paul J. Shepherd, Kendrick, who was associated in the sawmill business here with his brother, Dee, met death in an accident at the mill Thursday morning of last week at about 11:45 o'clock.

According to information available to us, a logging truck was being unloaded at the mill, and a part of the load had rolled off. It was decided to finish the unloading with the jammer, and Paul Shepherd was handling the logs, and backing toward the partially unloaded truck when suddenly the logs began to roll, the first one striking him behind the knees and throwing him to the ground, the others following pinned him down.

He was immediately extricated by the mill crew and Dr. Christensen called. He administered first aid, an ambulance was called and Mr. Shepherd taken to the hospital at Orofino. There examination disclosed a severely crushed leg and internal injuries, and death followed that evening.

Paul J. Shepherd was born at Troy, Idaho, December 17, 1908. He received his schooling there, including his high school training, and grew to young manhood in that community. On December 26, 1942, he entered the army, being discharged on October 5, 1945, and shortly thereafter came here to work with his brother, Dee, in the local sawmill.

Services were held at Short's Funeral Chapel, Moscow, Monday of this week at 2:00 p. m., with the Rev. Ronald Lemmex of the First Christian Church, Moscow, in charge. Music was furnished by Betty Scott, soloist. Pall bearers were James Arnot, Clyde Reynolds, Mike Rudeen, Carl Milton, Rutherford Erickson and Vernon Banks, all lifelong friends of the deceased. Interment was in the Moscow cemetery.

Paul J. Shepherd is survived by his mother, Mrs. Maude Shepherd, Kendrick; four brothers, Harvie Shepherd, Juliaetta; Dee Shepherd, Kendrick; Reynold Shepherd, Troy, and Wayne Shepherd, U. S. N.; one sister, Mrs. Mary Blain of Vancouver, Wash.; five nieces and nephews; a grandfather, Len Orton of Calgary, Alberta, Canada, and two aunts, Mrs. F. M. Greene of Troy, Idaho, and Mrs. Sarah Markham of San Diego, Calif.

Burial was in the Moscow cemetery.

Although he was but a comparative newcomer to this community, Mr. Shepherd was well liked by all who knew him, and the masses of flowers attested to the esteem in which he was held.

Take Marriage Vows

A summer event of interest was the wedding of Miss Fern Annett Clemenhagen, daughter of Mr. and Mrs. Joe Clemenhagen, Big Bear ridge, to James Wm. Caughnill, Yakima, Wn.

The Rev. J. H. Coulter of the Kendrick Community Church officiated at the double ring ceremony, which took place in the church July 31st, at 3:00 p. m.

The bride, attired in a gray suit and carrying a bouquet of pink gladioli and rose buds was given in marriage by her father. The groom was attended by Grant Clemenhagen.

The bride graduated from the Kendrick High school with the class of 1943, and has been employed by the N. P. railway as a telegrapher at Yakima, Wn., for the past two years.

The groom, who served with the Air Corps three years, and who did shuttle bombing over Germany during the war, has received his discharge. The young couple plan to make their home in Yakima.

Only immediate members of the family witnessed the ceremony, after which a reception was held at the bride's parents' home. A beautifully decorated four-tiered wedding cake and ice cream were served.

The young couple left soon after the reception on a honeymoon trip to Pennsylvania, where they will visit the groom's mother.

Has Narrow Escape

Mrs. George Havens, American ridge, had a very narrow escape from being bitten by a rattlesnake last Friday. Mrs. Havens was working in her flower garden when she heard a buzzing right at her feet — and there was a large rattler.

Leaving him in possession of the flowers Mrs. Havens ran for a hoe, and when properly armed began looking for the intruder. She finally found it within a couple of feet of the front porch and killed it. An examination disclosed eight rattles and a button.

A Freak Egg

Mrs. Walter Denner brought to the Gazette office Thursday afternoon of last week a small freak egg, which resembles a very small milk-white gourd. Mrs. Denner says she didn't hear the hen cackling over the "egg."

INTERESTING NEWS BITS FROM JULIAETTA AREA

Fleming-Grayson Nuptials

A lovely wedding ceremony was solemnized on the 8th of August at the home of Rev. Consear in Lewiston at 5:45 p. m. when Mabel E. Fleming, daughter of Mr. and Mrs. Theo Fleming of Pierce, Nebraska, became the bride of Allen B. Grayson, son of Mrs. Alonzo Guthrie of Juliaetta, Idaho.

The bride wore a delicate pink dress trimmed with white lace. Her corsage was of blue and white sweet peas.

The couple were attended by the bride's brother and sister, Marjorie and Benjamin Fleming; also Donna Nye and Juanita Kite.

A wedding reception was held that evening in the home of Donna Nye. Those present were Mr. and Mrs. Allen Grayson, Mr. and Mrs. Harry Fleming, Benjamin and Marjorie Fleming, all of Nebraska; Juanita Kite of Lewiston and Donna Nye of Juliaetta.

Mr. and Mrs. Bob Chilberg and children of Southwick called at the Lloyd Candler home Sunday afternoon.

Bill Shetzle, Charley Schultz and Melgar Eatman returned last Sunday from a huckleberrying and fishing trip. They went in by way of Clarkia, to White Rock Springs, camped on the Little North Fork on the way to Avery, going on through that town and down the St. Joe to St. Maries. They report a nice trip, plenty of berries, but not many fish.

Harvest Moving Steadily

Harvesting operations in the Potlatch area are moving steadily, with the peak of operations believed passed last week-end.

To date we have heard of no exceptional yields, but all reported are "good" and the average quality as "excellent."

Pea combining operations began last week with the quality reported as "very good" and the yield in the same category.

Bean cutting, on some of the early varieties, is expected to begin the latter part of this week, and prospects for this crop appear good, both in yield and quality.

We have not yet heard of any spring wheat being thrashed, but that, too, will come on soon.

MRS. NEVA LOUDEN, CLARKSTON, DIES OF INJURIES

From the Lewiston Tribune of Monday, Aug. 12, comes the following account of the accident which claimed the life of Mrs. Neva Loudon:

"A three-car crash at 1:25 o'clock yesterday morning on Main street, 100 feet west of Twelfth street, caused fatal injuries to Mrs. Neva Loudon, 28, Oasis apartments, Clarkston, and injuries to four others.

"Mrs. Loudon died at St. Joseph's hospital at 7:00 a. m. The other injured, also taken to St. Joseph's hospital, are:

"Carlyle Salhus, dislocated left hip and a knee injury, cuts and contusions on the face. Salhus is deputy collector of internal revenue.

"Mrs. Edna Alvis, passenger in the car driven by Salhus, sustained facial cuts and was bruised generally. Her condition is not serious. Mrs. Alvis is manager of the Lewiston social security office. The sedan driven by Salhus was owned by Mrs. Alvis, police said.

"Henry Tornow, Clarkston, driver of the coupe involved in the crash, was treated for minor cuts and bruises and dismissed from the hospital.

"Mrs. Henry Tornow was hospitalized with cuts on the chin and scalp and injury to the left leg below the knee cuts on the head and shock.

"Mrs. Loudon sustained a crushed nose and loss of sight when thrown with terrific impact against Tornow's car, in which she was riding with Mr. and Mrs. Tornow. Internal injuries were also suffered.

"The report furnished by police gives this version of the accident: The 1940 sedan driven by Salhus started to pass the coupe driven by Jack Woodland, but owned, investigators said, by Fred Burke, Lewiston. The Burke car was thrown across the yellow line when sideswiped by the Salhus car, the report said. Both cars were traveling west. Tornow was traveling east and in the mixup his car and the one driven by Salhus met head-on. The impact turned both cars around and crosswise in the street. The Burke car emerged with only comparatively slight damage, police said, but the cars driven by Salhus and Tornow were smashed and towed from the scene.

"Woodland's report to police said the Salhus car was attempting to pass and sideswiped the car he was in with Burke and Don Anderson. Anderson told police Salhus 'tried to pass us and hit our car in the rear, which lifted him (Salhus) in the air, and then hit the Tornow car head-on.'

"Mrs. Loudon was born Jan. 11, 1918, at Leland, a daughter of Mr. and Mrs. Claude Craig, pioneers of the Potlatch ridge area. She attended the Leland grade school and graduated from the Kendrick High school with the class of 1934. She was united in marriage to Vance Loudon on March 2, 1938, at Superior, Montana.

Mr. and Mrs. Loudon made their home in Kellogg for about four years, moving from there to Spokane, where they remained for some two years, then to Richland, Wash., where they spent about six months, going from Richland to Knoxville, Tenn., and from that point came to Kendrick in July of 1945, as Mr. Loudon expected to enter the army, and his wife wished to remain here. However, he was not called, and they made their home here until moving to Clarkston in December of last year, where they had since made their home.

Mrs. Loudon was very well known here, and liked by all, and her sudden and untimely passing came as a severe shock.

Survivors are her husband, Vance Loudon, five-year-old daughter, Karen, and the following sisters and brothers: Mrs. Vera Sanders of Kendrick; Mrs. Davida Ceaser of Southwick; Mrs. Bonnie Easterbrook of Kendrick; Mrs. Bertha Swenson and Alva Craig, Southwick; Mrs. Minnie Stout, Lapwai, and Ivan Craig, Richland, Wash.; also her parents, Mr. and Mrs. Claude C. Craig, Kendrick.

Funeral services will be held this afternoon (Thursday, Aug. 15) from the Vasser-Rawls Chapel, Lewiston, at 4:00, with interment in the Lewiston cemetery.

Mr. and Mrs. Craig and Mr. and Mrs. Ceaser were unaware of the crash and death of Mrs. Loudon until finally reached by telephone Tuesday about noon, as they were on a fishing trip in the Cedars section.

CAUTIOUS TRADING PREVAILS IN WHEAT MARKET

The wheat markets in the Pacific Northwest have been in a state of uncertainty as to the possible reinstatement of the O. P. A. price ceilings in the near future, and trading generally has been very light, according to reports to the Production and Marketing Administration of the U. S. Department of Agriculture. Cautious trading has prevailed in the cash wheat markets and the range in prices has been rather wide, depending largely on the time of delivery. Near the end of the period reports indicated that quotations were being confined in most cases to spot delivery on "in transit" with car numbers furnished, which would practically assure delivery in time to process and make delivery of the manufactured article in a matter of days. The flour mills in this area have been able to secure wheat and have resumed operations quite generally, though in some cases not to full capacity. The Commodity Credit Corporation is active in the wheat market and reports indicate that very large purchases have been made recently.

In the Portland cash wheat market there has been very little activity with a rather wide margin between bidders and offerers. Harvesting the winter wheat crop in all producing areas is progressing very rapidly and interior elevators are filling fast. A very severe car shortage exists in the entire Pacific Northwest which now threatens to tie up harvesting of all crops if the shortage of box cars can not be relieved very soon. Movement of wheat to the terminal markets would be very much larger if cars could be secured. Arrivals of cars during the week consisted of 232 cars at the Columbia terminals and 918 cars at Puget Sound terminals, compared with 189 cars and 553 cars, respectively, for the previous week.

Bid prices on the Portland Grain Exchange showed: Soft white (soft white (no Rex), white club, western red and hard red winter, all \$1.81 1/2 per bushel, bulk, basis No. 1, 15-day shipment, coast delivery.

The San Francisco wheat market was dull but held about steady during the week. While demand was slow, uncertainty as to future price controls and weakness in corn were unfavorable factors in the market. Offerings, on the other hand, were light, and this tended to hold prices about unchanged compared with a week ago. Central California growers generally were marketing remaining supplies quite slowly and at a number of points local feeders continued to pay somewhat higher prices than prevailed in terminal markets. Bay region flour mills and dealers, however, were placing most of their wheat needs in Intermountain and Pacific Northwestern markets. At the close of the week Washington and Oregon shippers were offering No. 2 red wheat at \$3.34 and No. 2 soft white at \$3.36 per 100, in bulk, delivered San Francisco and nearby points. California grown No. 1 hard and soft white were quoted at \$3.60 to \$3.75 per 100, sacked, delivered

San Francisco. The cash wheat market at Kansas City was relatively firm and prices were generally unchanged from a week ago. Resumption of futures trading was at discounts under going cash prices and therefore without influence on cash dealings. Demand for hard wheat was good with buying interest centered largely in mills and merchandisers. However, elevators absorbed fair amounts. Receipts totaled 2,704 cars, but floor offerings represented only a portion of total arrivals. Red wheat was in fair demand and the limited offerings found a ready outlet.

An air of uncertainty existed during the week in the Minneapolis grain markets, and an attitude of watchful waiting has been adopted by a majority of the grain trade. Whether or when ceilings will be reimposed on all grains is a big question. In spite of this condition, an impression of firm undertone prevailed in the cash wheat market due to the CCC policy of buying wheat at previously existing ceilings, along with the report that some big processors have withdrawn from the market. Although wheat receipts were not large for the week, cash wheat declined another 4 cents. Demand was extremely narrow with many mills out of the market entirely.

Harvesting of wheat in the Dakotas is progressing rapidly and is nearing completion. Elsewhere in the northern areas small grain harvests progressed rapidly, being completed in most areas south of the Great Lakes. In the Pacific Northwest winter wheat harvesting is making good progress and is nearly completed except in the more northern areas. Yields in this area are reported good, with much of the grain piled on the ground due to lack of storage and box cars for shipping. European wheat harvests are reported active and yields mostly favorable. In France the harvest was well advanced with estimates of grain crops still varying considerably. Generally favorable weather in the United Kingdom was reported ideal for maturing the grain crops. Russian grain yields were reported good but there were some complaints of delays in threshing and stacking.

.22 Rimfires Banned On Game

The .22 rifle using a rimfire cartridge is not a proper weapon for hunting big game in Idaho, and use of such rifles is now prohibited by the state fish and game department. For many years since the creation of the game department there has been no regulation governing the kind of firearms that may be used on game. Recommendations that the rimfire .22 be prohibited was made by the Idaho Wildlife Federation and conservation officers. It was pointed out that the ordinary .22 is too light for big game, and that many animals shot by such bullets are not taken by the hunters, but die later of lingering wounds.

The commission also passed an order at the July meeting prohibiting the use of rifles of any description, including air rifles, in hunting any game birds. Use of rifles in taking ducks, geese and mourning doves had been and still is prohibited by federal regulations. Under terms of the commission order it is now illegal to use a rifle on any game bird (calibre has nothing to do with it).

Removal of feathers from upland birds in the field so as to destroy evidence of sex, is also prohibited for the first time this year, the dispatch adds. This rule was adopted to provide better enforcement of the regulation for protection of hen pheasants. Cock pheasants only may be shot in any part of Idaho during the open season that begins October 26.

About Canned Goods

Consumers will pay from 1c to 2c a can more for canned corn, peas, tomatoes and tomato products, and 1c a 12-ounce package more for frozen corn and peas with termination of subsidy payments covering 1945 and 1946 packs, says OPA. Subsidies were eliminated on the 1946 pack on June 30, 1946, and on the 1945 pack on July 28, 1946.

Under actions, effective August 7, processors may increase ceilings by the amount of subsidies removed. Resellers may increase ceilings by the amount of subsidies removed. Resellers, including wholesalers and retailers, may pass on these increases by refiguring their ceiling prices.

This action, it is said, conforms with specific provisions of the Price Control Act of 1946, that when subsidy payments on items are eliminated, processors' and resellers' ceilings

My Stake in America . . .

A Business of my own to serve you better

ONE OF THOUSANDS OF INDEPENDENT MOBILGAS BUSINESS MEN

Clarence W. Floyd, has lived in or near Cle Elum since 1927, and has been in the service station business even longer. He has operated a highly successful Mobilgas station in that city for more than a year. He is married, has one child, owns his own home, and belongs to several fraternal organizations. He participates in many community and civic activities, and enjoys the high regard of all who know him.

As owner of a small business serving the motoring public, I have a real stake in America. That stake becomes more valuable to me as I increase my business by improving my service to you.

The products I sell are tops... Mobilgas, with flying horsepower—Mobiloil, largest selling motor oil in the world—and a full line of Mobil motoring essentials. It's my job to match the top quality of those products with high caliber service. That's what makes my stake in America valuable to me... useful to you.

With me are thousands of other independent Mobilgas dealers across the nation... all selling the same products and giving the same courteous, intelligent service. All are with me in assuring you the maximum in motoring pleasure wherever you see the sign of the Flying Red Horse.

OUTWEARS PREWAR TIRES

Ever notice how a toy balloon will shrink to half its size over night, even though the stem is tightly sealed? Scientists explain how the air works its way through the rubber, but the point is, the same thing happens in a smaller degree with most all inner tubes.
 B.F. Goodrich is now making a new tube that holds air many times longer than prewar tubes. Constant air pressure gives tires better mileage and lessens the chances of damage from cuts and bruises.
 For quicker delivery of both the tire that **OUTWEARS PREWAR TIRES** and the tube made to go with it, see us soon. **1570**

Potlatch Chief Sez

PUBLISHED BY THE KENDRICK CO-OPERATIVE CREAMERY

HI, THERE, FOLK —

Does your family get the proper amount of milk each day? Adults should have between a pint and a quart of milk each day, and children should have at least a quart each day. This is to insure good health, and maintain energy enough to last throughout these busy summer days when we are all working or playing from early in the morning until late at night. Always keep a supply of that good pasteurized "Potlatch Chief" milk on hand for those between-meal-snacks and midnight suppers. Besides being good for you, it is good tasting, as well. Say, have you made any cold chocolate milk for your family lately? It's a real treat and so easy to prepare. Try it!

Those Ice Cream Packers —
Folks, if you have one or more of our one-gallon ice cream packers, please bring them back at your first opportunity, as we never

er seem to have any here for use. This will be greatly appreciated. Remember, someday, maybe, you will want to borrow one, and we won't have one to loan you!

Forest Ranger: "Why is it you always ride and your wife walks?"
Indian: "She no gottum horse."

Lady (in movies to man behind her): "Do you want me to remove my hat?"

Man: "No, not at all. It's much funnier than the comedy on the screen."

Mrs. Gabby: "Is that new lady who just moved in an active member in your sewing circle?"
Mrs. Tabby: "No, she just sits and sews. Never has a word to say!"

Everybody is able to give pleasure in some way. One person may do it by coming into a room; another by going out

4-H Clubbers Offered Prizes
Dairy projects sponsored by 4-H clubs were given a new impetus last week with the announcement by Elbert McProud, Latah county extension agent, of cash prizes to be awarded for entries in the Latah County Fair this fall.
The prizes were put up by a large dairy concern in order to create interest in building high grade dairy herds.

There is a very serious shortage of dairy cows in the Latah county area, and it is of prime importance that high grade herds be developed.
Most sections of our county are well adapted to dairying, and with the shortage of dairy products over the entire United States, an industry worth many thousands of dollars could be developed in this area. Mr. McProud has made some progress with a few clubs on dairying, and has therefore established a firm foundation on which to build additional clubs next year.
Members of dairy projects who will be eligible for cash prizes this fall at the fair include the local 4-H club under the leadership of Gerald Ingle, Big Bear ridge.

VA Officer Calls

A representative of the Veterans Administration, with offices in Lewiston, was a caller at the Gazette office Monday, at which time he stated that the necessary papers on which veterans apply for accumulated terminal leave pay had not yet been received at any postoffice or VA office, and said that it would be at least 30 days before such papers became available.
In the meantime, any veteran having

ing troubles of any kind, or who may wish information of any type regarding his rights, might meet him at the Kendrick postoffice Monday of each week, from noon until 3:30 p. m., or leave name, address and phone number with Fred Stedman, and he would contact him.

Arabella M. Mansfield was the first American woman lawyer. She was admitted to the Iowa bar in 1869.
