

KENDRICK GAZETTE

VOLUME 56

KENDRICK, LATAH COUNTY, IDAHO, THURSDAY, AUGUST 22, 1946

NO. 34

PERSONALS AND NEWS ABOUT KENDRICK FRIENDS

June Brown took the stage from Lewiston Saturday for Seattle, where she will visit her sister and brother-in-law, Mrs. Howard Rukgaber and husband.

Mr. and Mrs. Leon Lind and family of Gifford, and Eugene Lind, who is employed at Reubens, were home over the week-end. Sunday afternoon Mrs. Paul Lind and Eugene were callers in the Boyd Cook home at Lenore.

Mrs. F. A. Varo, Eugene, Oregon, arrived Monday evening to spend some time with her mother, Mrs. N. B. Long.

Mrs. R. A. Cross of Spokane came Tuesday to visit her parents, Mr. and Mrs. L. S. Thurber. She plans to leave this week-end, taking her niece, Donna Lea Knox of California, home with her for a few days visit.

Mr. and Mrs. J. C. Aallison of Chelan, Wn., arrived Monday to spend several days visiting her sister, Mrs. W. B. Deobald and family.

Mr. and Mrs. W. A. Deobald of Moscow came down Saturday to join Mr. and Mrs. W. B. Deobald and Gay, all going to Genesee to spend Sunday with Mr. and Mrs. Allen Sather and family.

Mr. and Mrs. J. E. Key of Spokane came Saturday to spend the week-end with Mrs. Key's mother, Mrs. N. B. Long.

Lois Deobald returned Tuesday from Priest Lake, where she has been vacationing with friends the past few days.

Mrs. Kenneth Brock, Mrs. Geo. Brooke and Mrs. Chas. Andrews canned string beans at the Lapwai cannery last week.

Mr. and Mrs. Roy Maynard and family of Lapwai visited in the E. M. White home last Thursday.

Joan Sue Flomer, Lewiston, was a guest in the home of Judy White last week.

Mrs. Estella Leith went to Orofino Friday, returning Saturday for a visit at the Ig. Flaig home. Mr. and Mrs. Flaig and family are moving to Coeur d'Alene, where they have purchased a taxi line.

Mrs. Ida Pemberton was a Lewiston visitor Monday.

Mrs. Felix Herd and new baby boy were brought up from the hospital at Lewiston Tuesday, and are being cared for in the home of Mrs. C. E. Harris.

Douglas Strom of Troy accompanied Mrs. C. E. Harris and daughter Mickey home Friday, to spend the week-end here in their home.

Mrs. George Jones and daughters returned to their home in Uniontown Saturday, after spending a week here in the home of her parents, Mr. and Mrs. Wade Keene.

Mr. and Mrs. Jack Johnston, Spokane, returned to their home Sunday, after visiting a couple of days in the home of her parents, Mr. and Mrs. L. J. Herres.

Mr. and Mrs. Marvin Long left Monday for The Cedars to spend a vacation on a real fishing trip.

Mrs. Raymond Hathaway and baby daughter of Ellensburg, Wn., arrived last Wednesday to spend some time visiting her parents, Mr. and Mrs. Clifford Davidson.

S. Long of Sedro Wooley, Wash., is here visiting in the home of his aunt, Mrs. N. B. Long, and other relatives this week.

Kenny Brocke, Jr., Lee and June Brocke spent several days with their grandparents, Mr. and Mrs. Stuart, in Lewiston last week.

Mr. and Mrs. Roy Long and daughters Frances and Patty spent the week-end with his parents, Mr. and Mrs. Edgar Long. They are making their home in Spokane for the present.

Dr. and Mrs. C. E. Watts of Seattle were week-end guests in the home of his brother, W. A. Watts and family.

Herb Millard, Juliaetta, was a visitor in the home of his son, Floyd, Wednesday.

Monday afternoon Mrs. J. H. Coulter and Mrs. Paul Lind went to the Lapwai cannery to can apple sauce. The cannery is open four days a week, beginning at 9:00 a. m., and possibly next week it will run five days.

Delores and Douglas Crocker of Oregon City, Oregon, visited Saturday and Sunday in the home of their aunt, Mrs. Edgar Long.

Mrs. Howard Kirchan, Klamath Falls, Oregon, who has been visiting her sister, Mrs. R. L. Blewett and family, and her parents, Mr. and Mrs. Wm. Bartlett, Gifford, left for her home Thursday morning.

Lt. and Mrs. John Wallace arrived here late Thursday for a very short visit with his parents, Mr. and Mrs. L. A. Wallace. Lt. and Mrs. Wallace were on their way from Rockaway Beach, N. Y., to Sandpoint, near Seattle, where he is to be stationed at the Naval Air station.

Mr. and Mrs. E. V. Weeks and grandson, Gary Abbott, of Seattle, arrived last week to spend some time at their ranch here, repairing buildings, etc. Their ranch is farmed by Carl Cox.

Mr. and Mrs. P. S. Griffith and children and Gertrude Horner, all of Spokane, were week-end guests in the McCreary home.

New Arrivals

Mr. and Mrs. J. F. Nickens of Peck are the proud parents of a son, born Aug. 14, at the Davidson Nursing home.

Mr. and Mrs. John Walsh announce the birth of son, Aug. 14, at the home of Mrs. Walsh, Juliaetta.

Mr. and Mrs. George Groseclose, Juliaetta, are the parents of a baby daughter, born Aug. 16.

On Aug. 17 a baby girl was born to Mr. and Mrs. J. T. Phillips of Pierce, at the Davidson home. Mrs. Phillips is a daughter of Mr. and Mrs. Hazen Bourgmaster.

KENDRICK SCHOOLS TO OPEN SEPTEMBER 3RD

The Kendrick Public Schools will begin another term on Tuesday morning, September 3rd, with almost the same teaching staff as of last year — and a larger attendance than last term is expected.

In the High school we find the following teachers: Jasper Nutting, superintendent; Roy Long, Mrs. Elsie Deobald and Mrs. Joyce Brammer.

In the grade school will be Ross Armitage, Mrs. Janice Jones, Mrs. Crystal Gruell and Mrs. J. B. Hammond.

At a recent meeting of the school board, following the resignation of Harry Baker as school janitor, C. G. Arnett was employed.

Tuesday morning of this week Walter and Orville Sparber, C. G. Arnett and Ossie Kanikkeberg moved into the building to make necessary repairs and give it a thorough renovation in preparation for a busy school year. There is plastering to be done, painting, kalsomining, etc., and there won't be much time to spare to complete this work before the beginning of the term.

So far as is known at the present time there will be the same number of busses running as last year — Southwick, Cameron, Texas ridge, Cedar ridge and Big Bear ridge. The American ridge high school students have been making the trip in two private cars, and just what course they will follow in the absence of a road remains to be seen — but it is hoped that arrangements can be worked out for them to continue their schooling at Kendrick.

We are sorry that we do not have the information as to what courses the various high school teachers will have at this time, but hope to secure it for next week's issue.

More Names Show Up

Two more names have appeared to be added to the list of those who gave their all in this last great conflict, and whose names are to be inscribed on the plate in the Area Living War Memorial Swimming Pool. The list, as we now have it reads:

Eldon S. Baker
Charles L. Biddison
Cleo Blankenship
Edgar A. Davidson
Fred M. Foster
Andie Hoffman
Carl M. Hund
Oscar Wayne Lind
Ed. Steigers
Adolph Supple
LaVerne Sylvester Daniels
Robert Groseclose
Harold Glenn
Wesley E. Knight
Wilbur O. Miller
Ernest W. Nye
Russell Betts
Earl C. McIver
Tyler Mills
Harold Thornton
Raymond Walcott
Henry Wittman

If you know of any omissions, or corrections that should be made, please contact at once either H. C. Schupfer or the Kendrick Gazette.

Unless such corrections are received by Saturday evening, August 24, the list will be assumed correct and the Plaque ordered accordingly.

The two names added were Earl C. McIver and Harold Thornton, both previously reported missing in action, but now officially listed as having given their lives.

About Overseas Mailing

Fred Stedman, local postmaster, is in receipt of an instruction sheet regarding overseas mailing of Christmas packages, and snorn of its official decorations it reads:

"Christmas over-seas mailing, Oct. 15 to Nov. 15, 1946, inclusive. Those for delivery in China, India or the middle east should be mailed not later than Nov. 1, 1946, to insure delivery by Christmas.

Christmas cards must be sealed and postage paid at the first class rate. They must be mailed by Nov. 15, if delivery is expected by or before Christmas. They may, however, be mailed at any time.

Packages shall not exceed 70 pounds, and be not over 100 inches in length and girth combined. One package per week may be sent by or on behalf of the same person or concern to or for the same addressee.

Christmas parcels for army personnel enroute overseas shortly before or subsequent to Nov. 15, will be accepted after Nov. 15, up to and including Dec. 10, upon presentation of change of address from War Department, or equivalent notice) from addressee received subsequent to Oct. 30, providing the parcels are within the prescribed limits.

"Boxes must be strong, of wood or solid double fibre-board or double corrugated fibre-board, testing at least 200 pounds. A paper wrapping on fibreboard is desired. Wrap well."

New Cars Coming In

A few more new cars are beginning to make their appearance in this territory, Reinhard Wilken, Eddie Galloway and Ed. Hinrich being the newest owners, all taking delivery last week.

INTERESTING NEWS BITS FROM JULIAETTA AREA

Mr. and Mrs. Jack Hammond and daughter Mona and son Jackie motored to Lewiston Thursday on a shopping tour.

Miss Donna Nye left Tuesday for Lewiston where she has accepted a position in Namor's Drug store.

Mrs. Roy Schull, Mrs. Josephine Sworden and Mrs. Andy Young and children, who have been in Juliaetta to attend the funeral rites for Mrs. Herb Millard, left Tuesday for their homes at Portland, Oregon.

Donna Nye and Doris Young were Lewiston visitors Monday and Tuesday.

Mr. and Mrs. John Kite, who have been in Juliaetta for the funeral services of Mrs. Herb Millard, left Monday for their home at Council, Idaho.

Mr. and Mrs. Chas. Hicks were Friday night supper guests of Mr. and Mrs. Jesse Daugherty at Leland.

Lewis Freeman had the misfortune to step backward into the basement stairway of his home, landing on the concrete on the basement floor. He was immediately rushed to Kendrick for first aid. An examination disclosed several broken ribs.

Miss Juanita Kite of Lewiston was in Juliaetta Sunday to attend the funeral rites of her aunt, Mrs. Herb Millard.

Mr. and Mrs. Elmer Stuart of Lewiston were Monday dinner guests of Mr. and Mrs. Chas. Hicks.

Mr. and Mrs. Howard Hutchinson were Lewiston shoppers Saturday.

Mr. and Mrs. Chas. Hicks are on a business trip in the Orofino country.

Mrs. Jack Hammond and daughter Mona spent Monday in the Lewis Lindquist home.

Mr. and Mrs. Ray Brady of Seattle were recent visitors at the home of Frank Spray. Mrs. Brady is Mr. Spray's youngest sister. They had not been here for two years.

Mrs. Frank Spray has a calendar bush in bloom. Evidently its snowball is slightly behind times.

Frank Ballantyne and Mr. and Mrs. Frank Spray were Spirit Lake business visitors Tuesday.

News From Sgt. Candler

From Sgt. A. G. Candler, comes the following very interesting letter, which is self-explanatory.

August 9th, 1946
Okinawa

Dear Mac:

I am enclosing a money order for two years subscription to the Gazette. As I reentered in the Regular Army I don't believe you should send the paper free any more. I wish to thank you and all the people of the community for sending the paper to me and all the other fellows that were in the Armed Forces. I think it was one of the best things that could happen to a fellow away from home — really a swell gift. I know I enjoyed reading of the doings of the folks around home more than anything else.

At present I am stationed here on Okinawa, in an Aerial Photography squadron. I don't know how long I will be here, but am expecting my wife over any month now. This island is a picture of quiet beauty, a temperate climate, fertile valleys and mountains, neatly terraced hillsides which produce an abundance of vegetables. They raise every kind of vegetable, including sweet potatoes. There are a few chickens and horses (the scrub kind), hardly any cattle except what the U. S. gave the natives to help them out.

Naha, a pre-war city of about 60,000 people is all shot to hell. There isn't a thing there but a few crumbling buildings. The Okinawan language is a mixture of Chinese, Japanese and Spanish. Seems like Spain had her "nose" in quite a bit of the world at one time. The people are neither Chinese nor Japanese, but a mixture of all the east, the way it looks to me — and perhaps some of the west.

We get a cool breeze here most of the time, with a lot of warm rain. I don't believe I have slept with any bed covers over me since I've been here. There is practically no winter here, although it is the typhoon season now, and we have had some that came close. Expect we will get one before the year is over, as the typhoon season lasts until November. Again I wish to thank you for the paper.

Yours truly
T/Sgt. A. G. Candler,

Note: Thank you, Archie, for the letter and subscription. And for the benefit of your friends who might care to write, the address is: T/Sgt. A. G. Candler; 1st Recon. Sqdn. (VLR) Photo; A. P. O. 239, c/o P. M., San Francisco, Calif.

Lewiston Wins Regional Title

Lewiston's steady-hitting American Legion Junior ball club (which numbers Herb Millard, Kendrick) in its ranks, tucked the regional championship in its collective belt last Wednesday night by defeating Sioux Falls, S. D., 5 to 1, at Miles City, Montana.

Lewiston, undefeated in regional competition at Miles City, advances to sectional play at Aberdeen, S. D., Monday through Wednesday of this week.

Coach Harvie Walker's boys won the title with three straight victories. They defeated Butte, Mont., 2 to 1 in the first game, and Sioux Falls 5 to 3 in the second.

Lewiston held Sioux Falls to five hits in the final game, while rapping out 11 hits.

In the sectional playoff at Aberdeen Monday night, Lewiston lost to Oklahoma City, Oklahoma, 15 to 1. Lewiston last again Tuesday night to Oklahoma City, 22-9.

ALBERT NELSON PASSES AWAY SUDDENLY, AUG. 17

Albert Nelson, Big Bear ridge farmer and sawmill operator, and well known throughout this section, passed away suddenly at his home there on Saturday, August 17, 1946.

Mr. Nelson's health had not been too robust for some time, as he suffered from asthma, and this spring underwent major surgery for a stomach ailment, and since that time had appeared to be on the way to complete recovery of his health, and his sudden passing came as a distinct shock to all.

Albert Nelson was born Dec. 26, 1894, at Linton, South Dakota. He came to Trry, Idaho, with his parents in the year 1900, later moving to Big Bear ridge, where they made their home until 1911, when they moved to Conrad, Montana, where they engaged in farming.

On January 2, 1931, he was united in marriage to Edna Moser. In 1936 Mr. and Mrs. Nelson returned to Big Bear ridge, where he engaged in farming and operated a sawmill. To this union three daughters were born, Dawn Marie, Margaret Joan and Karen Irene. Margaret Joan preceded him in death.

He leaves to mourn their loss, his wife, Edna, two daughters, Dawn Marie and Karen Irene; three sisters, Mrs. George Holbrook of Farmington, Mont., Mrs. Emma Forest of Kendrick, Idaho and Mrs. Neva Rade of Great Falls, Mont.; also two brothers, Hartwick Nelson and Gustav Nelson, both of Chateau, Mont.

Funeral services were conducted Tuesday afternoon at 2:00 o'clock from Bethany church, Big Bear ridge with the Rev. Lowell Swartz officiating. Music was furnished by Miss Betty Halseth, accompanied by Mrs. Oscar Slind. Pallbearers were Leonard Fairfield, Ed. Halseth, Oscar Slind, Joe Clemenhagen, Grant Clemenhagen and Leonard Olson, all close friends of long standing with the deceased.

Interment was in the church cemetery with Short's Chapel, Moscow, in charge.

Mr. Nelson always had a smile and friendly word for everyone — and this made him friends by the score — and once a friend, always a friend. He will be keenly missed not only on the ridge, but by all who knew him. The beautiful and numerous floral offerings and the large attendance the services gave testimony to his high standing.

Attending the funeral from a distance were: Mrs. Adolph Moser and Mr. and Mrs. Arthur Weist of Agawam, Mont.; Mrs. Robert Brownell of Conrad, Mont.; Mrs. Gust Moser of Collins, Mont.; Mrs. Gustav Nelson of Chateau, Mont. Mr. and Mrs. Florian Rade of Great Falls, Mont., and several cousins and friends.

"Grandma" Keene Feted

Wednesday afternoon of last week Mrs. Ira Havens, Moscow, gave a party to celebrate the 90th birthday of her mother, Mrs. Lafayette Keene.

Opening a program arranged by Mrs. Ronald Lemmex, all present sang "Happy Birthday," followed by two of Mrs. Keene's favorite hymns, "I Love To Tell The Story" and "Wonderful Words of Life." Mrs. Keene then quoted her favorite scripture passage, John 14:13.

The five oldest guests answered a questionnaire on the history of their lives. A picture of "Christ In Gethsemane" was presented by members of the Women's Council of the Christian Church. A candle lighting ceremony followed.

Included with the refreshments was a large, decorated birthday cake. Mrs. Arthur Bjorkland followed with a humorous reading "Kentucky Philology." Besides council members guests included Mrs. J. A. Sly, Mrs. Thomas Mercer, Mrs. L. C. Cady, Mrs. Sadie Thorpe, Mrs. J. N. Menegely and Mrs. Ida Johnson.

The rooms were decorated with gladoli. Mrs. Keene, who has fine eyesight, and is full of wit and humor, entered into the festivities wholeheartedly.

"Grandma" Keene received many lovely gifts, and wishes to express her sincere appreciation for these remembrances. Her own words follow: "Through the Gazette I want to thank all of you that sent me birthday cards, hankies, candy and flowers. Many thanks. Joys without slumbering; tick-tock, tick-tock. Grandma Keene."

Another Big Egg

Mrs. W. W. Eldridge brought a really big egg to the Gazette office last Friday afternoon — this championship "cackle fruit" measuring 7 3/4 x 9 inches.

Mrs. Eldridge said she had candled the egg and that it disclosed but one yolk. The egg was perfect in every way with the exception of a thin shell — which forced its discard Monday.

We hope next spring to again hold our big egg contest, discarded the past two years because farmers were just too busy.

Finish At Barber Shop

Hazen Burgmaster, Emulus Brown and Walt and Orville Sparber finished the complete interior rebuilding, plastering, painting, etc., of the local barber shop last Saturday evening, and Monday morning of this week was occupied by Ray Maples, formerly of Boise, Mr. Maples in married and with his wife and son will occupy the apartment.

The building is owned by Sidney Clemenhagen.

Repairs At Print Shop

Walt and Orville Sparber have been busy at the Gazette office the past week "pointing and capping" the brick walls and laying a new roof on the building.

Mrs. N. B. Long Honored

A no-hostess dinner was given Sunday afternoon honoring Mrs. N. B. Long's 85th birthday anniversary. Those present were Mr. and Mrs. Marvin Long, Mr. and Mrs. Edgar Long, Mr. and Mrs. E. T. Long, Patricia and Maurice, S. Long of Sedro Wooley, Wash.; Mr. and Mrs. E. Roy Long, Frances and Patty, Spokane.

But few are privileged to reach 85 years of age, and Mrs. Long is one of these few. She does all her own housework and also works in the yard and in her flower garden. Her health is excellent.

MRS. J. H. MILLARD, JULIAETTA PASSES ON FRIDAY

Mrs. J. H. Millard, a pioneer of Juliaetta, passed away Friday morning, August 16, at the family home, following an illness of three months.

Georgia Anna Kite was born at Johnson, Wash., July 10, 1885, a daughter of Mr. and Mrs. George W. Kite.

When but 16 years of age she moved to Juliaetta with her parents, attending the Juliaetta school.

She was united in marriage to J. H. Millard, Juliaetta, on November 1, 1903, and to this union were born five sons and one daughter, all of whom survive. They are: Floyd, Kendrick; Everett, Portland, Ore.; Gerald, Ashakha, Ida.; Ralph and Walter, Lewiston, and Mrs. Evelyn Nickens, Peck, Idaho; eleven grandchildren and two great-grandchildren.

Besides her husband, other survivors include her three sisters, Mrs. H. M. Schull, Mrs. O. E. Sworden and Mrs. J. E. Flesman, all of Portland, Oregon.

Mrs. Millard was a member of the Presbyterian church, having joined that group many years ago. She was active in all social and community affairs in town, and until illness struck her down often assisted Mr. Millard in the store. She always had a smile and cheery word for everyone, and her passing will leave a gap not soon to be filled.

Services were conducted Sunday afternoon at 3:00 o'clock from the United Brethren Church, Juliaetta, with the Rev. George F. Calvert, an old family friend, bringing the message. Music was furnished by Mrs. J. M. Friabee, who sang "Sunshine," accompanied by Mrs. G. D. Calvert, and by a choir composed of Mrs. W. J. Cochrane, Mrs. Sam Nye, Mrs. G. F. Brocke, Eugene Taylor and Roy Ramey, accompanied by Mrs. M. C. Halliday.

Interment was in the Juliaetta cemetery. Honorary pallbearers were William Watts, Frank Snyder, Charles Snyder, J. L. Glenn, Creighton Biddison and Howard Hutchinson; active were Ed. Taylor, Andrew Cox, Walter Cochrane, R. C. Heimgartner, Sam Nye and George F. Brocke — all old-time friends of the family.

The crowded church and profusion of floral offerings testified to the high esteem in which Mrs. Millard was held.

Thermometer Hits Upward

After playing around in the upper 80s for the past several days the mercury evidently decided to see what the world looked like from the upper portions of its tube, and began a steady upward climb. Saturday showed a top of 90 degrees; Sunday 93 and Monday 101.

Farmers aren't caring a bit about this sort of thing, for it will bring on the spring grain and beans too fast. In fact, some bean cutting is already under way. Bud Heffel, on Potlatch ridge just above town, was so far as we know, the first to begin cutting beans this fall, commencing operations last Saturday. Harold Parks, Potlatch ridge, began cutting Monday, and there are possibly others now at this work.

The current hot weather is not at all welcome to the vegetable and melon producers of this section, as the long dry spell preceding has perched the ground of moisture, and vines are now too large to permit intensive cultivation. The hot sun also has a tendency to blister or "cook" the tomatoes, cutting down on yield and quality alike.

Tuesday the mercury hit a mere 100, following one of the hottest nights of the year.

Note: The thermometer at the Kendrick Garage is used as our "official one", and according to other instruments about town, reads low. But be that as it may, we like Lewiston, think the "cooler" reading is desirable!

About Our Roads

In the Spokesman-Review, of last Sunday there appeared the statement that Idaho was to spend approximately \$8,000,000 for roads, and gave a long list of highway projects now under way; and on which bids would soon be called — an though there was plenty of Latah county roads, no mention whatever was made of the proposed American ridge road, or of the rebuilding and oiling of the terrible road now existing between Juliaetta and Kendrick.

You can't lay the condition of these roads onto the local state highway maintenance crew — for there must be something there to work with.

The American ridge road, of course, has never been "their baby," and the road between Juliaetta and Kendrick has been worn out for years, and the flood damage suffered this spring in two separate cloud-bursts, has certainly not helped it a bit. Scheduled as "Highway 42" on the map, it is certainly anything but a highway. We think it time for local residents and farmers to begin "raising the roof" at every opportunity. If enough noise is raised, something will undoubtedly be done.

CASH WHEAT MARKET LIMITED TO FEW SPOT DELIVERIES

Trading in the cash wheat market in the Pacific Northwest markets has been slow and limited almost entirely to spot delivery or "in transit" with car numbers furnished, during the week ending August 15, according to reports to the Production and Marketing Administration by the U. S. D. A. A number of important factors have contributed to this rather unusual market situation at this time, when the movement of wheat should be at its height — uncertainty as to the action that will be taken by the Decontrol Board on August 20 in regard to price ceilings on wheat and other agricultural products, a serious car shortage which makes the movement of grain uncertain, a record wheat crop which is being harvested not only in this area but throughout the United States. The U. S. Department of Agriculture crop report as of August 1, shows an indicated production in this country for 1946 of all wheat to be 1,160,000,000 bushels, which is 37,000,000 bushels above the previous record of 1,123,000,000 bushels set last year. This same report indicates a wheat crop for Oregon of 26,084,000 bushels; Washington, 82,798,000 bushels, and Idaho 33,816,000 bushels, a total for the three states of 142,698,000 bushels, which represents the largest crop on record for the states of Washington and Idaho. There should be sufficient wheat in this area, even with a very small carry-over, to supply every need for all domestic use and export.

In the Portland cash wheat market there was very little activity with a wide margin between the bids and offers, and near the end of the period there were no offers, with bids in line with former ceiling prices. Harvesting of the winter wheat crop in all producing areas is progressing rapidly and at a number of stations elevators are entirely filled with large quantities of wheat being piled on the ground on account of not being able to get cars to move the wheat to the terminal elevators. Receipts of wheat during the week consisted of 460 cars at Columbia river terminals and 849 at Puget Sound, as compared with 232 and 918, respectively, for the previous week.

Bid prices at the Portland Grain Exchange were: Soft white, soft white (No Rex), white club, western red and ordinary hard red winter, all \$1.58 1/2 per bushel, basis No. 1, bulk, 15-day shipment, coast delivery.

The San Francisco wheat market was steady during the week, with no outstanding changes in the local situation. Demand was only moderate since bay region mills and other classes of trade were hesitant in making important purchases until after announcement by the Decontrol board concerning price ceilings after August 20. However, very light offerings made for steadiness and prices held unchanged. Central California growers were showing a very strong holding tendency and light offerings to the bay region trade also reflected to some extent relatively higher prices paid by interior feeders at a number of points. Difficulties in obtaining box cars were reflected in light selling pressure from the Pacific Northwest and Intermountain shippers, although quotations in these areas were fully in line with quotations on California wheat.

At San Francisco California grown

No. 1 hard white and soft white wheats were quoted at \$3.60 to \$3.70 per 100, sacked. Washington and Oregon No. 2 soft white and hard red were quoted at \$3.35 per 100, bulk.

Wheat was generally firm at Kansas City both in the cash and futures markets with demand active for much smaller receipts. Cash wheat was firm and higher with the receipt of only 1,821 cars for the week — hardly sufficient for current demand, and mills were active buyers of offerings despite their difficulty in supplying the baking trade.

At Minneapolis grain markets showed firmness during the week under the influence of light to moderate offerings and a good demand for spot grain. Wheat movement was badly held up by the lack of box cars and Minneapolis receipts totaled only 1,289 cars, which included a liberal sprinkling of new crop grain. Quality of new crop producing area, principally in the east, where heavy rains occurred during harvesting and threshing.

Winter wheat harvest is well along in the northern areas and nearing completion in many sections, with yields mostly reported good. Spring wheat harvesting is more than half completed in southeastern Montana to 75 per cent completed in central Wisconsin. In North Dakota weather was favorable for harvesting and threshing wheat, which was well along in the southern portion of the state.

Suffers Severe Cut

Jack Maynard suffered a deep saw slash on the forefinger of his right hand Monday while operating the cut-off saw at the Shepherd saw-mill. A piece of wood wedged against the blade, stopping it, and Jack was loosening the piece, when suddenly it let go, the saw beginning to spin at the same instant, and pulling his finger against the teeth.

The cut is deep and painful, and probably will inconvenience him for some time.

VETERANS' PENSIONS BE INCREASED UNDER BILL

Pensions for nearly 2,000,000 veterans of both World Wars and 400,000 dependents will be increased 20 per cent under new legislation just signed by President Truman, Del Flores of the Veterans Administration announces.

The act also authorized the payment of full pensions or compensations to veterans who are hospitalized or domiciled in VA institutions. Heretofore they were limited to \$20 of their full monthly payments and in certain cases to \$8.00. It does not affect the \$1600 accumulation now permitted by veterans declared mentally incompetent.

The V. A. estimated the cost of the new legislation will be \$285,000,000 for the first year. The increases provided by law will be effective on September 1. Inasmuch as the monthly benefit payments are not paid in advance, the increased rates will not be reflected in any payments made before October 1.

The increase will be applied automatically to those now receiving pensions and inquiries to the V. A. are being discouraged because they would only place an additional burden on the Claims Service and thereby hinder administration of the act.

Formerly, veterans without dependents who received compensation or retirement pay could not be paid more than \$20 per month while undergoing hospital treatment or domiciliary care by the V. A. Those veterans receiving pensions for non-service connected disabilities received a maximum of \$8.00. The new law allows full payments.

However, if the treatment or care extends beyond six months the monthly benefit payments may not exceed 50 per cent of the regular rate of \$30 per month, whichever is the greater. If the regular rate is \$30.00 or less it will not be reduced.

Veterans now receiving hospitalization, domiciliary or institutional care will receive full payments from the effective date of the act — Sept. 1, 1946 — and monthly credits will not be computed before that date.

When a veteran is discharged from treatment or care with the approval of the V. A., he will receive a lump sum equal to the amount which was withheld after the six months period. If treatment or care is terminated by a veteran without the approval of the V. A., any amount withheld will not be paid to the veteran until six months afterwards. If he is again admitted to a V. A. institution the reduction will be effective the date of readmission. However, any payments withheld will be paid to him when he is properly discharged. In the event a veteran dies while he is receiving treatment or care, any amount due him will be paid to his dependents.

There are about 8,200 veterans and 1,500 dependents of veterans in Idaho drawing compensation from the V. A.

There are no parking meters on Kendrick's streets. Trade at home!

Fair Dates Set

When another bumper crop is harvested in Latah county this year it will be time for the county fair. The dates are Thursday, Friday and Saturday, September 26, 27 and 28. At the fair will be exhibited the produce and livestock which contributes to the prosperity of all.

Subordinate granges and several schools of the county are already well started on interesting and educational displays. These exhibits not only show the excellence of local produce, but also adds much color to the entire fair, and all persons active in their development receive real satisfaction from their participation. The friendly rivalry for blue ribbons creates an atmosphere of interest that is much to be desired.

The county 4-H Club program is now probably stronger than at any time in the history of the county. Members are not only more numerous, but are carrying more projects and they, with their leaders, are striving hard to complete them to a point of perfection. Outstanding, too, will be the demonstration, fitting and showing, judging and style revue contests in which 4-H Club members will compete.

Farmers and home-makers are urged at this time to start preparing their best samples of the field crops and handwork for exhibit. Other exhibit material can be made ready at a later date.

The chief departments of the fair are Dairy and beef, cattle, sheep, swine, poultry, rabbits, field crops and seeds, fruits, potatoes, vegetables, clothing, foods, art, flowers, hobbies, the 4-H Club department, which consists of home economics, livestock and garden projects; and the community and Latah county school displays.

The 1946 Latah County Fair premium list was sent to the available mailing list last week. All those not receiving a copy and desiring one should contact the Latah county agent's office, Elbert McProud, Moscow.

Reports of department superintendent appointments and of special features and events will be made from time to time.

Our Note: With "next to no road" between Kendrick and Moscow, we predict that attendance from this section will be very small.

O. P. A. Ups Prices
Pursuant to the requirements of the Price Control Extension act, which prohibits any reduction in mark-ups of retailers and wholesalers after March 31, 1946, the OPA has increased ceiling prices on 20 classes of consumer durable goods, effective Aug. 19. Average price increases at retail include: Electric kitchen stoves, 9 per cent; washing machines, 7 per cent; vacuum cleaners, 7 per cent; all small electrical appliances such as toasters, electric irons, heaters, coffee makers and shavers, 4 per cent; radios and electric phonographs, 3 per cent. Retailers may not charge the higher prices until they receive shipments ticketed with the new prices.

Retail ceiling prices for all new passenger automobiles have been raised an average of 7.3 per cent over June 30, 1946, levels to meet the requirements of the new Price

Beer ceiling prices of bars, taverns, restaurants and hotels have been raised 1c for a glass or small bottle and 2c for a large bottle. The increases, effective August 16, are 1c for draught beer in glasses of eight ounces or larger; 1c for seven to 12 ounce bottles or cans, and 2c for 32-ounce bottles. These amounts may be added to the seller's existing April 4 to 10, 1943, freeze ceilings. All establishments are required to obtain new beer posters from OPA, so that they may post the new ceilings. Corrections are not permitted on the old posters.

Youth Fellowship Meeting
Last Wednesday evening the M. Y. F. had an enjoyable meeting at the home of Chloe McKeever. Choir practice was held first, after which the devotional meeting took place, Nellie Fry leading the discussion. The group then adjourned to the McKeever back yard, where a weiner roast was enjoyed around the outdoor fire place. There were 17 present. The next meeting will be held at the church.

Speaking Of Snakes
Dr. Christensen reports that to date he and his sons have killed nine rattlers on their farm just above town. He says none of the reptiles were particularly large, the biggest one measuring just over three feet and carrying nine rattles.

Swing low Sweet Kilowatt!

The price of electricity has come down like this—

BUT the cost of living has gone up like THIS!

Nobody needs to tell you that the cost of living has been soaring toward high C.

But maybe you DO need a reminder that the cost of electricity has been sliding deep down.

If yours is an average household, you're getting about TWICE as much electricity for your money today as you did 15 years ago. That fact ought to be music to your ears.

GETTING prices down and KEEPING them down is one of the electric industry's greatest achievements. There has never been a need for OPA regulations on electric costs.

It took a lot of planning, perspiration and practical BUSINESS management to do this job in WARTIME. All our people played a part.

"You don't have to swing to kill that pesty thing!"

Flies, mosquitoes, moths and other similar insects (with or without wings) take a permanent nose-dive when they run into a whiff of Standard Fly Spray. Used as directed, it won't stain your finest materials, it has no unpleasant odor, and it's harmless to human beings. It not only gets rid of pest parents, it also destroys their eggs and larvae—before insects are born. And use Standard Animal Fly Spray to get rid of flies on milk cows—and as a general insecticide for all animals.

Kendrick Garage Co.

A STANDARD OF CALIFORNIA PRODUCT

TEAKEAN GOSSIP

J. H. Jones of Woodburn, Ore., en route to Iowa for a visit at his old home, visited a few days at the Carroll Groseclose home.

Miss Clara Brock went to Lewiston with Mr. and Mrs. Ralph McKeehan to visit her aunt, Miss Chladek.

Will Groseclose of Juliaetta came up to help Carroll Groseclose in his woods work.

A bulldozer from Orofino dozed some logging roads on the H. L. Ogden and C. Y. Groseclose places last week.

Tommy James is visiting his grandparents, Mr. and Mrs. W. L. Brown, Mr. and Mrs. Glen Graham and daughter from Kamiah and Laura Sewell attended our Sunday School Sunday, and enjoyed seeing old friends and looking over the country.

Agnes Choate visited with Viola Brown Monday.

Rev. and Mrs. Arlie Whybark and children were visitors at the Carroll Groseclose home Sunday afternoon.

Mr. and Mrs. R. J. McWatty and son Tommy and Mrs. Ann Pittman drove in from Seattle Saturday morning to visit Mr. and Mrs. W. L. Brown. Tommy is staying for the rest of his vacation.

The McWatty family, Mrs. Pittman and the W. L. Brown and Gifford Brown families visited Mr. and Mrs. J. L. Bloom in Orofino Saturday afternoon, and Mr. and Mrs. Gordon Choate Sunday.

BIG BEAR RIDGE NEWS

A. C. Wilson has purchased from Walter Johnson the adjoining 220-acre farm, formerly known as the "Bohman ranch."

Mr. and Mrs. E. V. Weeks and Gary Abbott of Seattle were Sunday dinner guests of Mr. and Mrs. A. C. Wilson.

Miss Leona Wilson was home over the week-end from W. S. C., where she is attending the summer session. Miss Wilson will teach in the commercial department of the Worley High school this year.

Mr. and Mrs. A. C. Wilson expect their son Wayne Wilson Y3/c to arrive home in a few days with his discharge from the naval station at San Pedro, Calif.

Two Items Are Down!

Electricity and gas are the only major items used today in the American household which have shown a price decrease since pre-war times, according to a current release of the U. S. Department of Labor, bureau of labor statistics.

The consumers' price index for moderate-income families for large cities shows the composite figure of all items at 133.3, as compared with 100.8 in January of 1941. Other figures, as compared with January of 1941, are: Food 145.6 and 97.6; clothing 157.2 and 101.2; rent 108.5 and 105; fuel, electricity and ice (combined) 110.5 and 100.8; electricity-gas 92.1 and 97.5; other fuels and ice 128.4 and 104; house furnishings, 156.1 and 100.2; and miscellaneous 127.9 and 101.3.

Thus, from the government's own figures, it is shown that clothing and house furnishings have gone up the most, and the electricity-gas item to be the only one of all to have shown any decrease whatever — exactly 5.4 points in the index figure being its drop.

Knepper Disposes Of Paper

From the Recorder-Herald of last week, owned and operated by Ralph E. Knepper, former publisher of the Kendrick Gazette, we take the following: "Last Friday a deal was closed for the sale of the Recorder-Herald to Ronald Burke of Jerome, Idaho. Mr. Burke will take over on September 1. . . . After thirty years continuous work in the publishing business, seventeen years of which has been at Salmon, the former owner has decided to take some time off, but will continue to call Salmon home."

"Fallen Angel" Coming

This week's offering at the local theatre, "Fallen Angel" has three well known stars in the cast — Alice Faye, Dana Andrews and Linda Darnell. The play is adapted from the best-seller book by the same name, and is said to be "top entertainment."

The usual news, cartoon and selected shorts will round out the entertainment.

Bear Hunting Season Soon

Bear hunting, the first general big game season in Idaho this fall, will begin in the five panhandle counties on September 1, the Fish and Game department announced. Black or brown bear may be shot in Boundary, Bonner, Kootenai, Shoshone and Benewah counties from September 1 to November 30. In the rest of the state the bear season is open the entire year.

Bag limit for each licensed hunter is one bear. No tag is required. Grizzly bear are not to be shot this year in any part of the state, the department said. The big grizzly, one of the most formidable animals in the mountains, is becoming scarce, conservation officers reported. A closed season was found desirable by the fish and game commission to prevent their complete elimination in Idaho.

Bow, Wow!

Mother (suspiciously): "What have you been doing, Ellen?"
 Ellen: "Rover ate my dolly's slippers, so I punished him."
 Mother: "How?"
 Ellen: "I went out to his kennel and dranked his milk!"

A RAY OF HOPE

I saw a rainbow rising
 From the top of a low green tree
 And Oh! it spanned the heavens
 With brightest hues to see.

I'm thankful to my Creator
 For such beauty to behold!
 'Tis worth more than finest raiment
 Or brightest shining gold.

If He can place a rainbow there,
 Its splendor just for me,
 Will He not watch over us,
 On land and on the sea,

And keep us safely in His care
 If we but faithful be!
 — Melva Woody.

Card Of Thanks

Please accept our sincere thanks for the help and comfort extended us during our hour of bereavement. It shall not be forgotten. — Vance Loudon and The Craig Family.

Our Thanks

We wish to thank all who helped us fight the fire in our clover field Friday of last week.
 — Marvin and Emil Silflow.

Potlatch Chief Sez

PUBLISHED BY THE KENDRICK CO-OPERATIVE CREAMERY

HI, THERE, FOLKS:

Potlatch Chief Dairy Products should be at the top of your shopping list every day. Never be without delicious Potlatch Chief Butter, and always have plenty of fresh Potlatch Chief milk in your refrigerator for your family. Potlatch Chief Cottage cheese is a dish that really makes a good salad with the fresh fruits that are now on the market.

To finish off a good meal, serve Potlatch Chief ice cream. It's just the thing for these hot summer days when you dread standing over a hot stove preparing puddings, pies or cakes. A good combination is cantaloupe and ice cream — try some today! Ice cream is a healthy food as well as a satisfying dessert and is always ready to serve in a jiffy!

"Pa," said the subscribers little daughter, "why do editors always

refer to themselves as 'we'?"
"So that," replied papa, "The fellow who doesn't like what is printed about him will think there are too many for him to lick."

He: "Every time I kiss you it makes me a better man."
She: "Well, you don't have to try to win a halo in one night!"

Mother: "When are you, Jimmy, I can't see you in this nylon line."
Jim: "Don't worry, Mom. Just low the crowd."

"A teacher in one of the primary grades pointed to the flag of the United States and asked her 'brightest pup' in the first grade what flag it was.

"My country's flag," the lad answered.

"And what is the name of your country?" the teacher pressed.
The proud, prompt answer was: "Tis of thee."

Judy and Lynn Koepf returned home Monday after spending a few days in Kendrick with their grandparents, Mr. and Mrs. Roy Ramey.

Mr. and Mrs. Aug. F. Wegner and daughter Gladys were Lewiston visitors Tuesday.

Tomorrow May Be Too Late!

The old saw that "great oaks from little acorns grow" is applicable to fire prevention as well as other matters. A little care can prevent a great conflagration.

Fire prevention is the duty of every citizen. During the war years, most property has depreciated from lack of maintenance — and the fire danger has increased accordingly. If a home or business is destroyed, the cost of replacing it is two or three times as much as in 1941 — and in many instances sufficient labor and materials are not available even if cost is no object. Last, and most important, every fire brings with it the risk of loss of life — as the recent hotel disasters so horribly demonstrated.

Such hazards as accumulated trash, inadequately insulated heating systems, old, weather electric wiring, electrical overloads, faulty fuses, etc., are responsible for a high proportion of fires in homes, and in many instances in business firms. All of these hazards can be corrected. And this is literally a case where tomorrow may be too late to effect the needed repairs.

Steel And You

As a man put a nickel in a pinball machine, a friend remarked: "You better save that nickel to buy a brick for the house you are building." He replied: "It isn't brick I am worrying about, it is nails. I can't buy them at any price." And thereby hangs a tale.

Little did the average citizen realize how adversely the strikes in the steel and coal industries would affect him. He is finding out now as shortages strike home. He is becoming aware of the need for labor legislation that will outlaw the stoppages of vital industries as a means of negotiating wage contracts. Anyone desirous of building a new home, buying a new auto, purchasing new equipment made of steel, or new farm machinery, is feeling the effect of the shortage of steel caused by unnecessary strikes.

The situation is an indictment of the intelligence of our lawmakers, labor leaders and industrial leaders. The loss and inconvenience they have caused the nation is incalculable.

There was practically no steel made during part of January and most of February of this year. Taking 1937 as an average, the figures show that while steel production is now 40 per cent above that point, and gross income is 80 per cent

higher, payrolls are up over 100 percent, while earnings on investment are 30 per cent below 1937. Even though you are not a stockholder in the steel industry, these figures show that as a farmer, manufacturer or homeowner, you may have a much greater interest in it than many of its stockholders. Anything that interferes with steel production interferes with your own personal and business operations. That is why we must have labor legislation that, while fair to labor and industry, will protect the public from abuses of power by either party.

The worst marine disaster within American continental limits occurred April 27, 1865, when the Mississippi river steamboat "Sultana" boiler exploded seven miles above Memphis. The dead totaled 1,450, nearly all of them exchanged Union prisoners of war.
