Chill And Raw

Locally the weather has remained raw and chill for the past week. Saturday night a heavy rain fell in the canyon — but it was snow on the ridges, with Bear ridge and Cedar ridge reporting a depth of approximately two inches. It did not remain long, however, having vanished almost completely by Monday evening.

A fog accompanied the Sunday morning snow and rain, and froze on windshields as cars penetrated it.

Farmers report the alternate freezing and thawing are doing the fall wheat no harm, since the frost penetration has not been deep enough to lift root growth.

PERSONALS AND NEWS ABOUT KENDRICK FRIENDS

Mr. and Mrs. Frank G. Harris and family of Lewiston Orchards were dinner guests in the Paul Lind home Sunday.

Mr. and Mrs. Edgar Long have received word from their daughter, Lt. Barbara Long, P. TWENTY-THREE ATTEND COMMERCIAL CLUB MEETING

Seventeen townspeople and farmers were present at the 6:30 Club dinner served at White's Confectionery Monday evening, and six more joined the group for the business session at the City hall, for a total of 23.

Following the reading and approval of the minutes of the previous meeting, a report from the Merchants committee, which had charge of Sales Day, was heard. Tom Keene, chairman, reporting the crowd one of the largest for several years. Roy Glenn, auctioneer, stated that he believed more goods were handled than ever before, and this statement was borne out by Ira Foster, listing clerk, who stated the sum of \$515.35 changed hands around the block. On motion the club extended a vote of thanks to Tom Keene, Frank Abrams and Walter Brocke for the good work done by their committee.

Next came a discussion of the Area Living War Memorial Swimming Pool, with Jack Kuykendall, who is in charge of this work, stating that the back retaining wall was now complete, together with a portion of the concrete bath houses, and that this was all the work that could be done this fall — finances and weather combining to prohibit any further labor. Mr. Kuykendall reported that all the work to date bore the hearty approval of the state health department, as well as that of the state engineers. Had more money been available a greater portion of the pool would now be complete, but construction was at a convenient point to stop for the winter.

The regular order of business was dispensed with to permit a discussion of roads, with E. T. Long of the Kendrick Highway district stating that all deeds for right-of-way had been received from Boise for the American Ridge road — 33 in all, and they were now scattered in the mail, from Tucson, Arizona, to Spokane, and they were hoping for an early return, since on their arrival in Kendrick, they must be sent to Boise for recording, and then back to Boise as a part of the state records before bids can be called. It was hoped that all this could be completed by December 1st.

Walter Brocke, reporting for the Village road committee, stated that all deeds for the required 2,200-foot right-of-way in the west portion of town had been received from the state, and, like those of the Kendrick Highway District, were in the process of "being signed." Speed here, as well as with the district, is important, since drainage of that part of town is almost impossible until the new approach is completed — and winter is almost here. About half these deeds have already been secured. He reported that arrangements were being completed for the moving of the flood-damaged E. E. McDowell home to another location, which would solve one of the most difficult of the right-of-way problems.

Edgar Long of the state highway department reported a state shovel and bulldozer was due here this week to again "ream out" the channel at the foot of Brady Gulch in an effort to control the creek's flow. This, of course, would be but temporary until the new approach is constructed. He also reported that the road between Kendrick and Juliaetta was badly in need of gravel, but that there seemed no possibility of its being worked over until the new approach was installed, at least.

Harley Eichner and John Galloway of the Highway district, reported that they had found all approached regarding right-of-way deeds quite cooperative, and that no real difficulty was expected. They hoped to have all deeds in so that bids might be called by December 1st.

Next came a discussion of the housing problem, acute in Kendrick as everywhere else. It was stated that there were quite a number of suitable vacant lots in town, and L. S. Thurber, chairman, appointed J. C. Travis, W. L. McCreary and Tom Keene as a committee to visit the owners of these lots, obtain a listing and price asked, since inquiries from a number of veterans, who can obtain building materials, had been received.

There being no further business to come before the group, adjournment was taken until next month.

LATAH COUNTY REPUBLICAN; NEZ PERCE DEMOCRATIC

Latah county, usually republican, but sometimes splitting tickets for state and national offices, followed the trend Nov. 5, and was strongly republican. Early returns were not comforting to the GOP ticket, but as results of balloting continued to come in there was no doubt of the final result. Latah county, naturally was observing closely the race between Abe Goff and Compton White for congressman. It was a nip-and-tuck race until Wednesday morning, when Canyon county, polling 7,907 votes for Goff to 5,874 for White, provided the Latah county candidate with a certain lead.

Other results were as follows (Republicans listed first):

U. S. Senator, Dworshak, 3,454, Donart, 2,157. Congressman, Goff, 3,658; White, 2,126. Governor, Robins, 4,001; Williams, 1,763. Lt. Governor, Whitehead, 3,623; Summerfield, 1,955. Secretary of State, Price, 3,298; Masters, 2,310. State Auditor, Neilson, 3,303; Hansen, 2,149. State Treasurer, Painter, 3,359; Moon, 2,175. Attorney General, Ailshie, 3,174; Langley, 2,308. Superintendent of Public Instruction, Jones, 3,248; Sullivan, 2,250. Mine Inspector, McDowell, 3,098; Campbell, 2,350. State Senator, Moore, 3,400; Neil, 2,052. State Representatives, Hampton, 3,716; Mills, 3,640; Brocke, 2,081. Commissioner First District, Strong, 3,427; Lindsay, 2,134. Commissioner Second District, Hoidal, 3,338; Ingle, 2,252. County Auditor, Babcock, 4,350. Assessor, Taylor, 5,848; Wetzel, 1,818. Treasurer, Theriault, 4,125. Probate Judge, Peterson, 3,581; Blake, 2,086. County Superintendent, LaFollette, 4,237. Prosecuting Attorney, O'Donnell, 3,989. Coroner, H. R. Short, 4,352. Sheriff, Moody, 3,848; Sprouse, 1,919.

Initiatives Lose In County

The three initiatives appearing on the ballot lost. The Anti-Gambling Act provided the closest vote, 2,241 voting "yes" to 2,268 "no". The Local Option Act lost 2,995 to 1,497, and the Sobriety Act lost 2,576 to 1,648.

Amendments Carry

Four constitutional amendments on the extra ballot this year all received favorable votes. The second amendment dealing with salary and mileage of legislators was favored and means an increase of \$5 per day for legislators while in session. — Genesee News.

Nez Perce County Vote

In this case, Nez Perce County goes, as usual, Democratic, the Demos are listed first. Tabulations follow:

Initiatives

Anti-Gambling: For, 2,136; against, 3,458.

Local Option: For, 1,562; against, 3,929.

Sobriety Act: For, 1,837; against, 3,898. — Lewiston Tribune.

Card Party Enjoyed

Canyon Chapter No. 67, O. E. S. entertained at a public card party Tuesday evening of this week, with proceeds going to the Shrine hospital for crippled children at Spokane.

High scores for pinochle went to Russell Smith and Mrs. Lou Myers; lobs to Marvin Long and Mrs. E. P. Roberts.

At bridge high scores went to R. L. Blevett and Mrs. E. H. Ramey; lobs to Mrs. Russell Smith and Norla Callison. The "galloping goose" was awarded Mrs. E. P. Roberts.

At the close of the evening delicious refreshments were served.

A Real Coon Dog

Monday of this week Fred Zimmerman received a coon hound pup from the east, ordered by his son Walter. The little fellow stood the long trip in good shape, and Wednesday morning Fred reported the pup as beginning his education by learning about Idaho cats — "the hard way!"

Redecorating Store Interiors

The interiors of the Red Cross Pharmacy and the Kendrick Table Supply have received complete redecorating in the past week, the colors used being a soft cream and white.

In addition, the Table Supply has added a large moist-air electrically cooled vegetable display case.

Undergoes Major Operation

J. B. Hammond underwent major surgery at the Brining General hospital at Dayton, Wash., Saturday afternoon.

Mrs. Hammond was at his bedside, and at last report he was doing nicely.

Stores Closed Armistice Day

The stores, bank, creamery, post-office, soil conservation office, etc., were closed Armistice Day in Kendrick; and the schools were dismissed in the afternoon, to form the only observance of this day locally.

It was very peaceful up and down Main street, not even the report of a shotgun being heard on the final day of the chink season — the latter for the simple reason that there were no chinks to hunt.

An inquiry among local hunters brings a seasons report of only one or two bagging the limit in any one day, and more often was heard the remark: "Oh, I got a couple this year, that's all!"

JULIAETTA CASTS MORE BALLOTS THAN KENDRICK

Orville Mattoon Badly Injured

Orville Mattoon, route No. 1, Lewiston, is at St. Joseph's hospital with a badly fractured left leg, the calf of the right leg terribly mangled, lacerations on his head and face and the loss of several teeth as the result of an accident at 5:30 o'clock Sunday evening.

The mishap occurred on highway No. 42 three miles west of Juliaetta, Mattoon and his brother, Morris Mattoon, were driving in the direction of Lewiston. A trailer containing a horse was attached to the sedan. They stopped and pulled to the side of the highway to adjust the position of the horse, which had been caught and extending from the side of the trailer.

A sedan driven by Doyle Laws, Pierce, with his brother Wesley, as a passenger, traveling in the same direction as the Mattoon car, approached just about dusk and crashed the rear of the trailer. Orville Mattoon, meanwhile, had stepped between the sedan and the trailer to right the position of the horse and was caught. The impact threw the trailer against the car with terrific force with Mattoon between the two.

The injured man was brought to Lewiston in serious condition. His brother, Morris, escaped with a badly bruised leg. The trailer was wrecked and the horse unhurt. The front of Laws' sedan was caved in. State Traffic Officer Clarence Kyle investigated the accident. — Lewiston Tribune.

At latest reports Mr. Mattoon's condition was described as "fair."

NORTHWEST WHEAT PRICES ARE STANDING FIRMLY

The wheat prices in the Pacific Northwest markets remained firm for all classes of wheat during the past week, according to reports to the Production and Marketing Administration by the U. S. D. A. With the midwestern futures markets reaching new high levels for this crop year and the Commodity Credit Corporation increasing the buying prices, the demand for all classes of wheat became very active in this area during the period under consideration. Despite the rather broad and active demand which prevailed, reports indicate that trading was limited, being greatly restricted by the shortage of cars and light offerings from the producing areas. Midwestern wheat buyers were very actively bidding for soft white wheat in the Pacific Northwest markets during the week and prices offered appeared to be satisfactory, but since the grain trade generally was unable to guarantee shipments within the time specified, the volume of business was not large.

Cash wheat prices in the Portland market advanced 1c per bushel during the week, with bid prices on the Portland Grain Exchange for the ordinary classes of wheat reaching a new high for this marketing season of \$1.88½ per bushel, for 15-day shipment, coast delivery. There appeared to be an active demand early in the period but prices declined slightly near the end of the week. The shortage of cars has made it difficult for mills to ship flour and the milling demand for wheat has not been so active as in other recent weeks, but prices on high grade milling wheat has remained steady and firm. Receipts of wheat at the terminal markets continued to decrease with only 227 cars at the Columbia river terminals and 174 at the Puget Sound terminals during the week, compared with 257 and 144 respectively, for the previous week. Bid prices on the Portland Grain Exchange were as follows: Soft white (no Rex), white club, western red and hard red winter, all \$1.88 per bushel, bulk, basis No. 1, 15-day shipment.

Wheat purchases by the Commodity Credit Corporation during the past week totaled 6,174,497 bushels, bringing the accumulated totals since September 9th to 38,403,996 bushels.

The San Francisco wheat market remained steady during the week with firmness in other markets and light offerings tending to offset the only moderate local demand. While trading was narrow, prices held fully steady at recent advances. Stocks in central California producing areas were firmly held with growers being bid around \$3.30 to \$3.35 per 100 country warehouse receipt basis for No. 1 hard and No. 1 soft white wheat, sacked. Offerings from other states usually supplying a large portion of Bay region wheat needs, also were smaller. Scarcity of box cars tended to restrict movement from the Pacific Northwest and offerings from Intermountain states have been light in recent weeks, since heavy sales of Idaho-Utah wheat to eastern markets. Moderate offerings moved quite readily although local demand was not especially active. Mills placed most of their wheat needs in the Pacific Northwest, while inquiry for feed wheat was mainly for nearby requirements. Sharp declines in corn and sorghums were causing feeders to turn more to these grains in place of wheat.

Wheat receipts at the Ogden, Utah, market during the past week were 99 cars. Wheat quotations in that market showed: Dark hard winter and dark northern spring, \$1.90; hard winter and northern spring, \$1.84; soft white, \$1.80, all basis No. 1, bulk, delivered Ogden mills.

Cash wheat values at the close of the Kansas City market were 1½c to 2c higher than a week ago, with the trading basis 1c lower, No. 2 hard red being quoted at \$2.05 per bushel.

Cash wheat was mostly on the upward trend in the Minneapolis market during the week with further accumulation by the C. C. C., along with mill buying quickly absorbing all offerings. Ordinary wheat was up 7c to 8c for the week, with the higher proteins up 8c to 10c per bushel. Anything that could be promised for shipment before the close of navigation was aggressively taken. At the close, ordinary No. 1 dark northern spring was quoted at \$2.20 to \$2.21. In Duluth the trading basis was up about 6c per bushel on milling qualities and 3c on feed varieties.

The world corn crop in 1946-1947 is forecast at about 5,500,000 bushels, the largest crop on record, according to the Office of Foreign Agricultural Relations. If present estimates are realized, the crop would be about 8 per cent above the 1945 harvest and 15 per cent larger than the 1935-39 average. Most of the increase results from the record crop in the United States. Smaller than average crops are reported in Europe and Soviet Russia as a result of drought damage, while below average returns are expected in South America as a result of smaller sown acreages.

Gasoline Piped Across Channel

In the invasion of northern Europe a large part of oil and gasoline demand was transported by 16 petroleum lines laid along the floor of the English channel from Dungeness 30 miles to Boulogne, and four lines from the Isle of Wight, 70 miles to Cherbourg. Continental requirements were met on a ten-day basis.

Really Went Overseas
The volume of liquid fuel shipped overseas in the last year by the navy and merchant marine was nearly 16 times that of food. Overseas forces required nearly twice as many tons of oil as all other supplies combined.

Save By Saving
By scrapping ships not slated for the active fleet, the navy could realize less than one percent of their original cost. Instead, they will preserve 2,200 ships in two inactive fleets for 20 years at approximately the same cost as their scrap value.

Grandma will tell you that Pearl Oil was a kerosene leader in her day—just as it is now. It doesn't give off smoke, soot or gases that might smell up rooms. It gives more heat with bright steady flame that won't creep up to scorch pies, cakes. And Pearl Oil is pure—it all burns—no waste! Use it in all your kerosene appliances.

The fields and canyons have been filled with hunters since the big game season opened.

Miss Leona Wilson, a teacher at the Worley High school, visited at her home here over the week-end.

Two outstanding articles to be offered at the auction sale to be held the evening of Nov. 22 at the Community hall by the Ladies Guild will be a rayon quilt and an applique quilt. There will be plenty of supper for everybody — and a prize.

On Friday afternoon, Nov. 15, the Happy Home club will meet at the home of Mrs. Grace Ingle. The making of bound button holes and the sewing in of zippers will be the lesson by the demonstration agent.

Bring Back Game
John Thomas and three sons of Little Bear ridge returned Thursday evening of last week from a big game hunt with four elk and four deer.

THERE'S A JOB WAITING FOR YOU IN JAPAN
ALL EXPENSES PAID AND \$90 PER MONTH

Qualified young men 18 to 34 (17 with parents consent) may now sign up for an interesting job in the 25th Infantry Division in Japan. The 25th is famed for heroic action on Guadalcanal, New Georgia, Vella LaVella and Luzon. Its members wear two Distinguished Unit Citations. Clerks, stenographers, typists, machinists, truck drivers, plumbers, carpenters and specialists in more than a hundred other fields will find profitable extension of their trades and opportunity to learn new ones. Living conditions are excellent. Sport entertainment and travel opportunities are highly developed in this division's area.

High overseas pay (20% above domestic Army base pay), excellent medical and dental care, and a generous retirement plan make this opportunity too good to miss!

Young men who can meet prescribed standards, and who enlist for 3 years, are entitled to designate the 25th Infantry Division at time of enlistment. Initial training given before departure from U. S. Get full details at your local U. S. Army Recruiting Station.

JOIN A FAMOUS FIGHTING DIVISION

The famous 7th Infantry Division, now guarding the peace in Korea, has opened its ranks to hand-picked, keen young men capable of meeting its high standards. First to recapture American territory from the Japanese — heroes of battles on Aitih, Kwajalein, Leyte and Okinawa — the "Hourglass" 7th offers the right kind of man a chance to join a top outfit. A three-year enlistment for service in the Far East will enable you to pick the 7th — and to join it overseas after initial training in the U. S. A Private starts at \$90 a month (overseas pay), with plenty of opportunity for advancement. Many other advantages make this well worth discussing with your nearest U. S. Army Recruiting Station.

The Army Ground Forces offers you A NEW LIFE OUT THERE

Look toward Korea and Japan! A thrilling new job and a new life—with interesting work, sports, entertainment and travel opportunities—can be had for the asking by qualified young men who volunteer for the 1st Cavalry, 11th Airborne, 6th, 7th, 24th or 25th Infantry Divisions.

What an opportunity... what a job! Training in one of these crack units will stand you in good stead wherever you go. Study a foreign language. Learn the fascinating details of Military Government—so vital to future peace and prosperity.

Japan's "Isles of Pines" are but a sample of the attractions of an Army career in the Far East. The Army has reopened comfortable hotels, theaters, swimming pools, tennis clubs, golf courses, ball parks. These—familiar haunts of pre-war tourists—and many new developments—provide a broad choice of recreation.

Not everyone can measure up to this job. Only 3-year enlistees who meet prescribed physical and mental standards can enjoy the benefits of such a job. High overseas pay, good food and lodging and a generous retirement plan make your future in the Army Ground Forces too good to miss! See your nearest Army Recruiting Officer for full details.

Potlatch Chief Sez

PUBLISHED BY THE KENDRICK CO-OPERATIVE CREAMERY

HI, THERE, FOLKS:

Now that the election is over, and we have all settled down to normal life once more, let's begin discussing things that we can all agree upon. For instance — we all like to talk about food. There is little or no disagreement about that.

It's a joy to talk about good food — about pineapple, bananas, marshmallows, bacon and ham, and all the other "hard to get" or "impossible" items. But since those tasty foods just aren't to be found on the market, let's talk about the tasty foods that are to be found on the market.

For example, good ice cream, such as Potlatch Chief Ice Cream — now there is a tempting dessert that is most always available. You don't have to walk from store to store to find it — and then go home without. Just come into the creamery, ask for Potlatch Chief Ice Cream, and take home as much as you like.

Don't you agree that Potlatch Chief Ice Cream, as well as all the other "Potlatch Chief" dairy products, are well worth buying, as well as talking about? Get your supply today!

Remember? — A foreign born citizen who spoke only a little English, walked into a building that housed a Red Cross center, ration board and other government bureaus. A nurse took his name and address and sent him into another room, where attendants drained a pint of blood from him. Then, obviously bewildered, he asked, in broken English: "Now do I get my gasoline?"

Friend (visiting hospital patient): "Do you know, old man, that's a swell looking nurse you have!"

Patient: "I hadn't noticed."

Friend: "Good Lord! I had no idea you were that sick!"

Sell us your cream!

AS WE FACE THEM TODAY!

ANTI-FREEZE . . .

Get it anywhere you can find it. There will be very little of the "permanent type" available anywhere. However, we have lots of radiator alcohol.

TIRES

Buy what you can find, where you can find it, if you wish to keep on rolling. However, we get a few now and then — and that Goodyear is worth waiting for.

HYDRAULIC BUMPER JACKS

Please be patient. Production limited, due to the war, which is not officially ended.

STORAGE BATTERIES

Conditions are steadily worsening. However, we do get a few now and then. Please don't buy one unless you absolutely need it. They won't keep, you know.
