VOLUME 57

KENDRICK, LATAH COUNTY, IDAHO, THURSDAY, APRIL 10, 1947

NO. 15

PERSONALS AND NEWS ON AMERICAN RIDGE

Red Cross will meet on Friday, April 18, at the home of Mrs. Walter Benscoter. This will be a business meeting, and all members are urged to come.

Mrs. Harry Langdon spent from Thursday until Saturday with her daughter, Erma Langdon, in Lewiston. On Tuesday Erma was a dinner guest of her parents here.

Mr. and Mrs. Norla Callison had as their dinner guests for Easter Mr. and Mrs. Walter Eberhardt, Mr. and Mrs. Hugo Eberhardt, Walter Weaver and Mr. and Mrs. J. L. Weaver, all of Lenore; Mr. and Mrs. John Weaver, Pomeroy; Ben Callison, Lewiston; Claud Cook, Lewiston and Mrs. Nora Roberts of Clarkston. Mr. and Mrs. John Weaver stayed over until Monday.

Mr. and Mrs. Warny May and son and Norla Callison and Perry Mattoon attended a school meeting in Moscow Tuesday.

Harry and Larry Langdon were in Lewiston on business Monday.

Mr. and Mrs. Robert Cain attended the Easter program and service of the Nazarene church in Troy Sunday, and were dinner guests of Mr. and Mrs. John Wilson and family.

Mr. and Mrs. Bruce Glenn were in Lewiston Saturday morning.

Mr. and Mrs. Bruce Glenn and daughter Joan and Mr. and Mrs. Geo. Havens and sons attended the Easter program and service at the Westdalia Lutheran church in Troy Sunday morning, Charles and Rayner having a part in the morning program. In the evening all attended the Easter pageant in which Joan Glenn, Ira and Teddy Havens had parts.

Mr. and Mrs. Harry Benscoter had as their Easter dinner guests Mr. and Mrs. Bob Benscoter and Grandmother Benscoter of Clarkston; Mrs. Sam Bigham and Walter and family. Evening callers were Mr. and Mrs. Warny May and son and Mr. and Mrs. Walter May.

Mrs. Eddie Condel and Mrs. Marvin Chaney of Troy were visitors at the Harry Benscoter home Tuesday. Dick Benscoter went to Clarkston Monday to assist Mr. and Mrs. Bob Benscoter, who are building a new home there.

Mrs. Melva Woody was an overnight guest of Mr. and Mrs. Norla Callison one night last week.

Mr. and Mrs. Harvey Thornton of Moscow and Mr. and Mrs. Gregory Baves of Lewiston were Sunday dinner guests of Mr. and Mrs. E. P. Roberts.

Mr. and Mrs. Warny May and son were Sunday dinner guests of Mr. and Mrs. A. Johnson of Agatha.

Mr. and Mrs. Henry Brammer and Mrs. Carl Koopp attended the funeral of Mrs. Henry Riggers in Lewiston Monday.

Mr. and Mrs. E. P. Roberts were in Lewiston on Friday.

Mr. and Mrs. Warny May and son were in Lewiston Saturday.

Mr. and Mrs. Werner Brammer were Sunday dinner guests of Mr. and Mrs. Henry Brammer. This was Werner's first time out since his illness of some weeks length. His mother, Mrs. Henry Brammer, returned home Thursday after spending some days caring for him.

Harry Benscoter attended a Soil Conservation meeting in Troy Monday morning.

Mr. and Mrs. Bob Krause and daughters of Spokane were week-end guests of Mr. and Mrs. Andy Cox on Sunday Mr. and Mrs. Ed. Kent were also guests.

Mr. and Mrs. Wayne Davis were Sunday guests of Mr. and Mrs. Bob Warlick of Rockford, Wash.

Dr. and Mrs. Dan Guy and Ray Benscoter spent the week-end with Mr. and Mrs. Frankie Benscoter.

Mr. and Mrs. Frankie Benscoter were in Lewiston Thursday. Their son, Don, who is attending the U. S. of L. met them there and returned home to spend the Easter vacation.

Mr. and Mrs. Andy Cox and daughters Peggy and Andrea, and Mrs. Ed. Kent were in Lewiston on Thursday.

Mr. and Mrs. Granberg and daughters (nee Neff Roberts) of Clarkston, were Saturday dinner guests of Mr. and Mrs. Harold Roberts and family, and on Sunday the Harold Roberts family were guests of the Granbergs in Clarkston.

Mrs. Wayne Davis, Mrs. Andy Cox and Mrs. Ed. Kent attended the Good Friday Services in Kendrick.

Mr. and Mrs. Bud Fey of Kendrick were Sunday dinner guests of Mr. and Mrs. Perry Mattoon.

Nita Benscoter spent Monday night with Beverly Mattoon. Nancy Lee Callison was an evening caller.

Mr. and Mrs. Ray Knutson were in Lewiston Tuesday, also calling for a few minutes at the Perry Mattoon home.

Mr. and Mrs. Geo. Havens and son Rayner were in Moscow on business Tuesday and also dinner guests at the Ira Havens home.

Harley Eichner and Mrs. Dot Stanton were in Lewiston Monday.

Peggy Cox left Tuesday for her school at Walla Walla, after spending the Easter vacation here with her parents, Mr. and Mrs. Andy Cox. They took her to Lewiston.

Mr. and Mrs. Walter Cochran of Juliaetta were Saturday evening supper guests of her sister, Mrs. Ed. Kent.

Mr. and Mrs. Andy Cox and baby went to Spokane Wednesday to visit for several days with relatives.

Mrs. Ed. Gertje and Mrs. Roy Gertje, Southwick, were Tuesday afternoon callers at the Henry Brammer home.

Slot Machine Ordinance Passed

In this issue of the Gazette will be found the official publication of the so-called "Slot Machine Ordinance," which sets the license fees and other requirements for the operation of "one-armed bandits" within the Village of Kendrick.

It might seem to the casual reader that the ordinance "lacks teeth" for its enforcement, but the "teeth" are supplied by H. B. No. 43, 1947 Idaho Statutes — and therefore the publication of this phase was not necessary. A reading of H. B. No. 43 reveals "plenty of teeth" as well as a splendid selection of "claws."

NEW MANAGER HERE FOR KENDRICK CO-OP. CREAMERY

Arthur Rundhaug of Spokane arrived here Monday morning to take over the management of the Kendrick Co-operative Creamery, which has been managed by Robert South, who resigned some three weeks ago, but who has remained on the job, pending the locating of someone to take his place.

Mr. Rundhaug began his creamery career in Williston, N. D., in 1932, working in that city in a co-operative creamery.

After five years with that institution he went to Dickinson, N. D., as manager of one of the largest co-operative creameries in that area, a position he retained through 1941, leaving there shortly after the outbreak of the war to enter the Army Air Forces, spending three years as an employee of "Uncle Sam."

Upon his return from the service he entered the employment of the Commercial Creamery Co. at Spokane as plant superintendent, a position he retained until resigning to take up the management of the local company.

Mr. Rundhaug is thoroughly acquainted with every phase of co-operative creamery operation as well as with butter, ice cream, cottage cheese and buttermilk making, and there is no doubt but what he will continue and build up the fine reputation the local institution has established for quality products and good returns.

Mrs. Rundhaug will join her husband here in about three weeks, at which time he hopes to have a place located in which to live.

Word From The Swansons

The following letter was received from the Axel Swanson family of Wheeler, Oregon, last Friday, and because it is of interest to all, we take the liberty of publishing it:

Dear Friends:

I hardly know how to apologize to you folks for not writing sooner, so I won't try, because there is no excuse except that I just didn't get to it.

All that I got done for about three months was to entertain the children and keep them quiet. We were cooped up in a little two-room apartment upstairs in a hotel, but now have a house to ourselves, and I have more time to write. The doctor says that Axel is just about over his arthritis, but the terrible ravages of the disease still remain, and as you all know, he was, and still is, in awful shape. However, physically, he is getting along fine. He feels fine and looks very good. We are very thankful that he does not suffer that terrible pain anymore.

The doctor says it will be necessary to have his legs straightened by surgery, because the calcium deposited by arthritis and pushed his knee caps out of place. However, he advises not to have it done before next fall so that we can be sure he has completely recovered from the arthritis — and after the operation we will know whether or not he will ever walk again. I can hardly wait.

I sincerely hope this letter will give the people the information they want — seems like I can't explain thoroughly enough about Axel's case, but this is all we know, and we are partly in the dark ourselves. Hope this finds everyone in good health.

We look for the paper every week and enjoy it so much — no one can realize how welcome it is. We surely liked the picture of the boys on the front page. They have certainly played up to their names.

Sincerely yours
The Axel Swanson Family.

Mother Passes Away

Mrs. Mary Hassler of Clarkston, 80 years of age, and the mother of Mrs. Oliver Clark, passed away at her home there Wednesday of last week of complication of old age, following an extended illness.

Mrs. Hassler was quite well known in the Juliaetta area, having often visited at the home of her daughter, Mrs. Oliver Clark.

Services were held Monday at 2:00 p. m. at Merchant's Funeral Home in Clarkston, with the Rev. David Brown, pastor of the Presbyterian church in charge. Music was furnished by Mr. and Mrs. Earl Wilson and daughters, Clarkston. Interment was in the Vineland cemetery.

Mrs. Hassler is also survived by Mrs. Roy Sweet, Lewiston, another daughter.

Softball Meeting Scheduled

Thursday evening of this week at 8:00 p. m., at the City hall, an organizational meeting will be held for a local softball league — and all who are interested in this sport are asked to attend.

As may be well known, lights were purchased last year to permit night playing of this game, but before the poles could be set, the flash flood wrecked the diamonds.

Plans for the installation of these lights and other arrangements will be discussed at the meeting.

KENDRICK TIGERS GUESTS AT BANQUETS AND DANCE

Kendrick's victorious Tigers, Idaho State Class B Champions, have been the guests of honor at numerous dinners and dances since their return, Tuesday evening of last week.

At the first of these, the Tigers, their manager and coach were the guests of Tom Keene and Frank Abrams at a dinner in the Kendrick Cafe Wednesday evening of last week.

Monday evening of this week they were honored at a public dance in the High school gymnasium, given by the student body. A fine crowd was present, the music and floor excellent, so a good time was enjoyed. The big gym. had been beautifully decorated for the occasion, and the stage curtain carried appropriate wording.

Eye-Witness Game Accounts

Below are eye-witness accounts of the tournament games at Twin Falls, prepared for us by Jordan Kanikkeberg, a former member of a championship Tiger squad.

Moreland Wins From Kendrick
The Moreland Eagles took the edge in the state class "BB" playoff by defeating the Kendrick Tigers Friday night, 38-31. The Tigers led all the way, only to have Moreland come from behind in the last period for their victory.

Frank Dammarell opened the scoring with a gift toss, followed by a two-pointer by Herb Millard. From there they raced to a 13-3 first quarter lead.

Dammarell acquired three personal fouls in the first quarter, and so witnessed most of the second period from the sidelines. Moreland outscored Kendrick 9 to 4 in the second quarter, with Herb Millard getting all four of the Tigers' points. The score at half-time was Kendrick 17, Moreland 12.

The Tigers showed some of their first quarter scoring power by racking 12 points in the third period — Ray Easterbrook starting it off with a field goal. By the end of the third quarter they had run their margin to six points.

Moreland rallied in the final period to score 15 points, while holding the Tigers to a lone field goal by Junior Brocke.

Herb Millard of Kendrick and Thomas of Moreland shared scoring honors with 10 points each.

Kendrick Defeats Moreland

Kendrick evened the game series with Moreland Saturday night by downing them 36-31. It was an entirely different game than Friday night, with Moreland taking the early lead only to have the Tigers fight back for a first-quarter lead of 12-11.

Junior Brocke started the fast first period with a field goal from the key-hole. Five of Moreland's first quarter points came from the free-throw line.

The second quarter was even faster than the first, with both teams scoring seven points. Moreland took a temporary lead by dumping in the first field goal of the second stanza, but Kenny Brown started the Tiger attack with a set-shot from the key hole — and the second quarter ended, Kendrick, 19; Moreland, 18.

The third quarter saw the Tigers pour through 10 points, eight of them by Frank Dammarell, center, to pile up their margin of victory. Dammarell started off with a field goal, followed quickly by another by Dee Miller, captain.

The Tigers held Moreland to five points in the third period, to go into the final quarter leading 29 to 23. Junior Brocke scored first with a gift toss, followed by a tip-in by Dammarell. Kendrick played very cautiously, controlling the ball while time ran out. At the 4-minute mark in the final quarter the Tigers lead 34 to 26 — the final score being Kendrick 36, Moreland 31. Dammarell was the game's high scorer with 10 points, followed by Brocke with 9 and Millard with 7.

Monday night saw both teams battling from the first whistle to the final bell to capture the coveted state title. Kendrick came from behind to win 28 to 26 on a long one-hander by Herb Millard with 30 seconds to go, after they had tied up on a fast-break swisher by Dammarell.

The game was extremely hard-fought, with Moreland having the biggest lead (7 points) of the game early in the first period. From then in neither team could get more than a four-point advantage. Dammarell opened the scoring with a gift toss, and Moreland then started pouring them through the hoop to jump into an 8 to 1 lead. The Tigers closed the gap to 8 to 7 at the end of the first period, however.

Moreland scored the first two points of the second period on a field goal by Merrill. Again it was Dammarell who scored first for the Tigers with a field goal. From this point Kendrick spurred into a 15-13 lead at half-time.

Moreland fought back in the third period to regain the lead at 24-22. This time it was Kenny Brown who kept the Tigers in the game with a pair of set-shots from outside the key-hole. At the close of the period three Tiger regulars — Easterbrook, Dammarell and Miller — had four personal fouls charged against them. Coach Armitage replaced the three men at the start of the final period and sent them back in for the final rush in the last four minutes. During this final four-minute period Moreland scored first to go into a 26-22 lead — with less than three minutes of play remaining. However, the Tigers broke up

the Moreland stall and Dammarell dropped one through to cut the Moreland lead to a single basket, and a moment later sank a lay-in to tie the score. Moreland came up the floor in a fast attempt to regain their lead, but lost the ball out-of-bounds, and then Millard sank the game-winning swisher. The final score of the championship game was: Kendrick Tigers, 28; Moreland Eagles, 26.

The two teams were very evenly matched, with both teams having the same number of points for the three games — 85. Although we all know that Kendrick is the better team, Moreland has a fine ball club, and in my opinion is the toughest Class "B" opponent the Tigers have faced this season.

The Tiger scoring for the three games follows:

Herb Millard	25
Ray Easterbrook	9
Frank Dammarell	28
Dee Miller	6
Junior Brocke	19
Kenneth Brown	8
Total	95

On display in the left window of the Kendrick Table Supply, are the trophies won by the Tigers this year: The sub-district, district, northern division and state — as well as the other trophies during the past four years — the period in which the Tigers have held the Northern Division Class B Championship. And we want to say it is a collection of which any school, Class "B" or otherwise, could well be proud.

In fact, so numerous are these trophies that they have completely outgrown their display case at the school house, and are overflowing onto the library shelves — so a new case must be obtained.

Listed below is the season's record of the Tigers — 31 games played — 4 lost, as follows:

Have Narrow Escape Monday

Monday morning of this week, about 3:00 o'clock, the Hudson section belonging to Carl Gustafson of Big Bear ridge, and containing Herb Gustafson and Don Jones, took out one of the large guard posts on the road just beyond the Henry Brammer ranch, and tumbled down the 40-foot bank to the railroad tracks below, landing on the tracks.

The two young men summoned help, the train was "flagged down," a cable attached to the car from the engine, and the wreckage pulled clear of the track.

The two young men received good shakings-up and numerous bruises, but neither was seriously injured. The car is almost a complete wreck. It was removed by a wrecker, via the railroad track, Monday afternoon.

Hauls Away Big Rock

Thursday morning of last week Ed. Nelson's dump truck, one of those engaged in the job of cleaning the ball diamonds of flood debris, received as its load the big "yellow-topped" rock that has been a landmark on the diamond for some time.

The big rock was painted with a yellow top and dated 5/26/46, which means May 26.

It was at first planned to work but two days on the diamond, but as the Osberg Construction Co. shovel "was willing to go" for a longer period, work was continued throughout Thursday.

It is not known just how many tons of rock and first-quality American ridge soil were hauled away — but the total would run into the hundreds, as five trucks were in constant operation.

The result has been a wonderful improvement in the diamond — although much is still to be desired.

Cancer Drive Treasurer

The local treasurer for the Cancer Society in Kendrick is Mrs. Marvin Long. Contributions to that worthy cause may be left at N. B. Long & Son's store, or sent to her.

Monday Moving Day

Monday was moving day in Kendrick for two families, the Lloyd Ware and Ersel Hudson families exchanging houses.

Mr. and Mrs. Ware purchased the property occupied by the Hudsons, from Wallace Emmett, a home probably better known as the "Thos. McDowell home," so just switched houses.

At the time this deal was closed Lyle Trout and family purchased the other brick "McDowell house," but as they have been occupying it for some time, no move was necessary there.

INTERESTING HAPPENINGS FROM JULIAETTA AREA

Mr. and Mrs. Walter Cochran were Easter dinner guests of Mr. and Mrs. Claude Clark and family.

Mr. and Mrs. Lewis Lindquist motored to Moscow, where they spent Easter with their parents.

Mr. and Mrs. Theodore Brasch of Nezperce were Sunday dinner guests of Mr. and Mrs. Fred Hadley.

Dick Johns, Leo Cline, Clinton Clark and Jack Holmes spent Sunday cruising around the country in Dick's "Whippet" car. All enjoying a perfect day in Moscow, Troy, Deary and Genesee.

Mr. and Mrs. Warren Peters and daughter JoAnne and son Teddy, Mr. and Mrs. Loy Tacker and daughter Sue and Carol Meyer were Easter dinner guests at the home of Mr. and Mrs. Rex Peters.

Tacker's Grocery is receiving a new front porch. Construction work is under the supervision of Warren Peters.

Mrs. M. C. Halliday went to Spokane to attend the wedding of her nephew, returning Sunday with Mr. and Mrs. Reginald Wert. Accompanying them was Miss Louise Halliday.

Molden's Pool Hall and Confectionery has been adorned with a new awning. It adds much to the appearance of the store.

Mr. and Mrs. Neils Homsey of Genesee were Sunday dinner guests at the Asa Cook home.

Carrie Cook, who is attending the Lewiston Normal, spent the Easter holidays at her home.

Sunday, little Jane Covington celebrated her ninth birthday anniversary at her home. A birthday dinner menu including turkey and all the trimmings was enjoyed by the following guests: Mr. and Mrs. P. A. Nilson and son John and daughter Ann of Genesee; Mr. and Mrs. Eugene Taylor and son Charles; Wayne Hampton of Genesee; Mr. and Mrs. Ed. Taylor, Mrs. Margaret Covington and the little hostess. All wished her many happy returns of the day.

The Misses Louise and Alice Snyder of Lewiston Orchards are visiting their grandmother, Mrs. Elsie Weber, at her home here this week.

Mr. and Mrs. Earl Parks and son spent Easter with his parents, Mr. and Mrs. Hugh Parks.

Sgt. Leonard Verschoor of Geiger Field, Wn. visited the Frank Holmes family over the week-end.

Mr. and Mrs. Jack Hammond and daughter Mona and son Jackie spent Easter at Troy, Oregon, visiting friends.

J. M. Hedler, John Trombetta and Gene Taylor met with the districts of Lapwai schools last week to study laws of reorganization and consolidation. These were explained by Howard Hechtner, state representative.

Mrs. Cliff Nelson gave a party Saturday afternoon honoring her daughter Karen's eighth birthday anniversary. Guests present were Connie and Frances Freeman, Osa Perry, Erma Young, Dixie Lee Steen, Montez and Gary Browning, Geneva Groseclose, Connie Howell, Rose Marie Wilson, Mona Hammond, Richard and Jeannine Weber, Jack Sherman, Shannon and Daisy Groseclose, Sharon Walsh, Jane Covington, Carol Swears, Carol Dillman, Sue Tacker, Given Abrams and Eva Jo Dowdy.

Mr. and Mrs. Bill Howell and daughter Connie visited Sunday in the A. Howell home at Avon.

Mrs. Ed. Groseclose, Arrow, was a Friday night guest of Mrs. Huse Groseclose.

Visitors at the Cliff Nelson home Easter were Mr. and Mrs. Howard Wunderlich and children of Orofino; Mr. and Mrs. Garnett Wilson and family of North Lewiston, and Clair Hayes, Bovill.

Clark-Jones Nuptials

The home of Mr. and Mrs. Alex Larson near Leland, was the scene of the marriage of Madeline Clark, Lewiston, Idaho, to Paul E. Jones, on the afternoon of April 2.

The house was very prettily decorated with vases of spring flowers. A group of about thirty close friends were present to witness the simple but impressive single-ring ceremony, which was read by the Rev. Joseph H. Coulter, pastor of the Leland Methodist church.

Jesse Heffel was the best man, while Mrs. Helen M. Hinrichs, a sister of the groom, was the bride's attendant.

After the ceremony a reception was held, and in keeping with tradition the first slice of wedding cake was cut by the bride and groom. Mrs. Jesse Heffel then assisted Mrs. Larsen in the serving.

Mr. and Mrs. Jones left immediately after the reception for a short honeymoon. They will be at home to their many friends on a ranch near Southwick upon their return.

New Arrival
A baby daughter was born to Mr. and Mrs. Don Morgan of Lenore on Tuesday, April 8, at the home of Mrs. C. H. Davidson. The little lady weighed 8½ pounds.

PERSONALS AND NEWS ABOUT KENDRICK FRIENDS

Mr. and Mrs. Earl Raymont of Plains, Mont., were over-night guests at the J. G. Travis home Wednesday of last week, on their way to the coast.

Mrs. Silvie Cook and daughters Margaret and Beth of Lewiston Orchards were in town visiting with friends Saturday.

Mrs. John Butler and son of Portland came last week to be with her father, Carl Lohman, who is seriously ill.

Mr. and Mrs. Paul S. Griffith and son Paul, Jr., of Spokane, spent the week-end here in the W. L. McCree home.

Students home for spring vacation were Charles and Teddy Deobald, Paula McKeever, Ossie Kanikkeberg, Gay Deobald, Bob Watts and Bob Lind.

Miss Lois Deobald, who is teaching at Grangeville, spent the Easter week-end here with her parents, Mr. and Mrs. W. Deobald.

Mrs. Howard Kirchan, Klamath Falls, Ore., arrived Sunday to spend several days with her sister, Mrs. R. L. Blewett and family.

Mr. and Mrs. Jack Johnston of Spokane came down Sunday to spend Easter with her parents, Mr. and Mrs. L. J. Herres. Mr. Johnston returned to Spokane that evening, Mrs. Johnston remaining for a longer visit.

R. L. Blewett and Chas. Andres were Gifford business visitors Monday.

Rev. J. H. Coulter was a Lewiston business visitor Tuesday. Rilla Davidson left Saturday for Lewiston to visit in the Kermit Waide home.

Mr. and Mrs. Oscar Hartung of Craigmont were Easter dinner guests in the Walter McCall home.

Mr. and Mrs. Leslie Robinette brought Mrs. Martha Thomas home Saturday, she having spent the winter in Coeur d'Alene with them.

Mrs. Lucy Thomas came up from Lewiston Monday to pack up her belongings in preparation for moving.

INTERESTING HAPPENINGS FROM THE LINDEN AREA

Addie Alexander brought his new combine home from Lewiston Tuesday. It was a case of taking it when he could get it.

Arthur Foster went to see an eye specialist in Spokane, Monday.

Attending the Latah County School Trustees meeting in Moscow Tuesday were Myrtle Darby, Clara Alexander, Eva Smith, Harley Perryman, Ray Cuddy and Stewart Wilson.

Mrs. Anne Weaver and son Clarence and Mrs. James Farrington were Moscow shoppers Tuesday.

Mrs. E. L. Mitchell called on Jesse Michael Wednesday afternoon.

Arley Allen brought his new combine home from Lewiston Friday.

Mr. and Mrs. Clem Israel got their new Chevrolet car Saturday at Orofino — it was ordered two years ago!

Mrs. Stewart Wilson entertained the Friendly club at her home on Thursday. Present were Myrtle Darby, Millie Keeler, Lettie Israel and granddaughter Janet Rae Cuddy, Helen Weaver, Maxine Foster, Gertrude Pederson, Anna Mitchell, Eva Smith, Mattie Allen, Margaret Craig and daughter Judy, Pearl Alexander, Marjorie Holt and children, Mary Bahr, and the hostess.

A group of those in the Easter program met at the Arthur Foster home to practice Friday evening.

Tra Foster and daughter, Mrs. Henry Jones and son Edward of Kendrick, spent Friday in the Smith

home.

Harry Benscoter of American ridge was a caller on our ridge Friday.

Mr. and Mrs. Loyd Israel and Johnnie Miller of Moscow spent the week-end in the Israel home.

Addison Alexander and Frank Lyons are having their homes insulated by a Lewiston firm.

Mr. and Mrs. Arley Allen entertained at Easter dinner Sunday for Mr. and Mrs. Claude Pippinger, Mr. and Mrs. Wayne Pippinger and son Paul, Mr. and Mrs. Edgar Bohn and daughter Alfreda and baby, all of Orofino; Mr. and Mrs. Louis Porter of Cavendish; Mr. and Mrs. Leslie Ball and son of Riggins; Mr. and Mrs. Melvin Garner and family of Kendrick; Mr. and Mrs. Arthur Foster and family and Mr. and Mrs. Marion Souders.

A large crowd attended the Easter program and services at the church Sunday. Around 120 enjoyed the community dinner which followed. Attending from a distance were Mr. and Mrs. Roy Morgan and daughter Lois and Miss Gibson of Lewiston; Mr. and Mrs. Don Johnson and children of Lenore; Mrs. C. H. Fry, Kendrick; Mr. and Mrs. Clarence Wilson and baby and Frances and Dorothy LePlante, Kendrick; George Smith and Vera Stewart, Lewiston; Mr. and Mrs. Ben Smith and family of Park; Mr. and Mrs. Rollin Armitage and family, Rev. and Mrs. Pressnall and son and Mr. and Mrs. Harold Pressnall and son of Southwick, and Mr. and Mrs. Loyd Israel of Moscow.

Mr. and Mrs. Frank Lyons were

There's EXTRA VALUE in the Tire that OUTWEARS PREWAR TIRES

It's time to measure what you get for what you pay. No matter what you buy, the measure of true worth is in performance . . . how long it will serve you.

In tires there are several yardsticks . . . mileage, protection against bruising and road shocks, resistance to skidding. In all of these, the B. F. Goodrich Silvertown gives you

extra-value.

All this Extra Value adds up to today's big tire buy — the postwar B. F. Goodrich Silvertown — the tire that OUTWEARS PREWAR TIRES.

Terms if You Desire

KENDRICK BEAN GROWERS ASS'N KENDRICK, IDAHO

Lewiston shoppers Monday.

Mr. and Mrs. Belts entertained at a turkey dinner Sunday for Mr. and Mrs. Sam Weaver and family.

Mr. and Mrs. Danny Kechter attended a family dinner at the Harley Perryman home Easter.

There will be a "shadow social" and picture show at the Gold Hill hall Saturday night, April 12, for the benefit of the 4-H club. Ladies are requested to bring a covered dish. County Agent Kerby will be present to show the pictures.

Weather Cool And Drizzly

The local weather the past week has been rather cool, with showers and occasional chill breezes — and gardens that are in are not growing too briskly, although flowers and lawns are brightening daily.

Sunday night the thermometer really took a dip, dropping to 29 degrees, and it is feared that fruit trees in bloom may have suffered real damage as a result.

The showers have kept farmers out of the fields with the exception of spreading landplaster, repairing fences, and other odd jobs, which are always at hand.

Fresh and cured meats at Blewett's Grocery-Market.

TIME TO CLEAN-UP AND CLEAN-OUT FIRE HAZARDS

Last year saw this nation's greatest fire loss in its history — and the beginning of 1947 has not proven too promising, so here are a list of fire safety suggestions prepared by the National Board of Fire Prevention:

1. Clean out debris. Get rid of papers and rubbish in attics, closets, cellars and garages. Clean out everything you're not going to use. Thus avoid the danger that comes from dropping a lighted match, candle or a hot coal from the furnace. Tie paper in bundles for easy handling.
2. Watch outside fires. Clean up your yard. Burning papers on a windy day may set fire to a house, your shrubbery, your clothing or outbuildings. Field grass may spread fire dangerously. Always use an incinerator wherever possible. Avoid burning trash on windy days.
3. Clean out paint and oil rags. Destroy old paint rags at once; hang up oil mops so air can circulate around them. Paint or oil-soaked rags heat up from chemical action, burst into flames. Clean up immediately after painting jobs.
4. Check your fuses. Use 15-ampere fuses in regular household circuits, and don't put pennies behind burned out fuses; keep wiring in good repair and have all work done by an experienced electrician. Fuses protect your appliances, your house, your family itself from possible damage and fire when wires are overloaded or a short circuit occurs. Be sure your wiring is properly installed and adequate.
5. Avoid inflammable liquids. Remove them from your house. Don't clean with gasoline, benzine or naphtha. Hundreds of persons are killed annually attempting this dangerous practice. A tiny flame or spark — even from static electricity caused by rubbing cloth together — will ignite gasoline vapor. Play safe! Send your clothing to a cleaner.
6. Check stoves and heaters. Clean and check all heaters and have repair work done. Store your fuel supply safely. Check your portable heaters (used occasionally during the late spring) and make sure that they are in tip-top shape.
7. Check pipes and chimneys. Clean soot out of chimneys and smoke-pipes. Then check for cracks and holes and have chimneys repaired — where mortar or bricks are loose, and replace pipes if necessary. The summer is the time to have this work done. Dirty, defective chimneys are a leading cause of fires.
8. Smokers. Be wise! Don't smoke in bed. Smoking in bed may result in a call for the undertaker! The fumes from burning cloth may overcome or asphyxiate you before fire itself reaches you! Keep matches in safe containers and away from young children. Place plenty of ash trays about your home for smokers.
9. Don't throw burning matches, cigar or cigarette stumps from the window of your moving car. If you do so, your carelessness may cause someone else a heavy fire loss. Use the ash tray in your car. If it doesn't have one — get one!

Forest Fire Season Coming

A warning that the forest fire season is rapidly approaching has been issued already. To combat this menace, a national forestry organization has started forest fire prevention campaigns from coast to coast. It is estimated that nine out of ten forest fires are man-caused, most of them by carelessness.

The "Keep Idaho Green" campaign of 1946, sponsored by the Idaho State Junior Chamber of Commerce, reduced forest fires in Idaho by approximately 50 per cent. In 1905 there were 204 fires, and 1,300 acres burned. In 1946, with the "Keep Idaho Green" campaign on, there were 130 fires, with only a little over 42 acres burned. Sportsmen and forestry officials hope to keep forest holocausts down in Idaho — again in 1947.

Home From Service

Cpl. Jake Riebold, who has been stationed at Pittsburgh, Penn., for the past six months, arrived home last week on terminal leave, and is now expecting his discharge papers. He had been in the service something over a year.

Kendrick Bean Growers Ass'n, Inc.

Kendrick, Idaho

A FRANK AND OPEN LETTER:

TO OUR FRIENDS AND PATRONS —

The purpose of this letter is to inform you as to conditions as they are today in business, mainly the credit situation. As you know in the past your Association has had a very Easy Going Policy in regards to credit and collections. The Customer purchased the Hardware, Lumber, Repairs, or other merchandise wanted, had it charged to his account, and paid the account, maybe in 10 days, or 30 days, or at the end of the year. The Association's only worry was to have enough money to meet the bills due at the end of the month. In the past, up to Jan. 1st, 1947, we were able to purchase large amounts of merchandise on future datings. In other words, we would buy Hardware, Building Supplies, Repairs, etc., in the spring and pay for these purchases either the 10th of Sept., or the 10th of Oct. With these datings we could sell on credit to our customers, as we did not have to pay for a large part of our merchandise until fall, and in the fall most of our customers paid us their accounts.

Beginning Jan. 1st, 1947, our suppliers of Hardware, Electrical Equipment, Farm Implements, Repairs, etc., changed their policy. They decided to give no more "Datings" on the purchase of merchandise. They cut the cash discounts to "net" in most cases, and made all accounts due within 30 days, or the 10th of month following date of purchase. Some suppliers have cut their terms to 15 days, and some to 10 days. This means that if we purchase \$15,000.00 worth of merchandise in one month, we have to pay for \$15,000.00 worth by the 10th of the following month, and in several cases must have it paid for before the current month ends.

We do not wish to discontinue our credit policy. We believe that it is to your benefit to have a charge account with us, as each sale is itemized, and entered in our records as such, and you can, at the end of each year receive an itemized statement that will give you a complete record of your purchases, from which you can take expense items which are deductible from your income tax. By all means, if you pay cash for an item, have a cash sale slip made, and save this slip for your record. However, in order for us to operate the business in a business-like manner, and in the way you would like to have the business taken care of, it is necessary that we receive the accounts that are due us by the 10th of the month following date of purchase.

If you want to buy merchandise that you need on terms, we will gladly extend them to you, on our time payment plan. This time payment plan is well worth looking into, and covers every item that we sell, including seeds, seed beans, farm implements, electrical appliances — in fact, everything in the store. The interest rates are low.

These are the conditions. We do not believe them unreasonable. We are in an era of change, and in business we must keep up with the changes or lose out.

Very truly yours

KENDRICK BEAN GROWERS ASS'N.

SQUIRRELS

WE CARRY A COMPLETE LINE OF SQUIRREL POISONS

Now is the time of year to bait for these little thieves. They are coming out of hibernation and are very hungry, due to being holed up all winter and the scarcity of vegetation.

We recommend Strychnine, Phosphorus and Cynogas. Get your supply on your next trip to town.

We also carry a complete line of rat poison. Try Ant-u-rat. It is rapidly becoming the leading exterminator. One pound has killed 200,070 rats by actual trial.

NORTHWEST WHEAT MARKETS FLUCTUATE WIDELY

The cash markets in the Pacific Northwest covered a wide range after reaching a new high level and declined sharply during the past week according to reports to the Production and Marketing Administration, U. S. D. A. The wide fluctuations in the markets of this area only partially reflected the erratic actions in the futures and some of the other cash markets. Bid prices on the ordinary export classes of wheat in the local market showed an average spread of about 17c per bushel, and with a net loss in prices for the week averaging 10c per bushel. Trading in cash wheat was reported to have been very light

during the week as there was no large outlet for wheat at the higher prices. The uncertain car situation prevented large scale selling to mid-western buyers, who were active in this market, but after the drastic decline in the futures, quotations were not so favorable and trading slackened. The Commodity Credit Corporation was not buying and the milling interests appeared to have sufficient stocks on hand for immediate needs and were not active in the market. Reports in the trade, however, indicate that rather large quantities of 1947 wheat crop have been contracted during recent weeks for July, August and September delivery. In some sections the growers have been selling rather freely from one-third to one-half of their

anticipated crop. Weather conditions during the week are reported to have been most favorable for the growing crops and prospects are very good for another large wheat crop in this Pacific Northwest. The strong futures markets in the early part of the period resulted in greater activity in the Portland cash grain market. Bid prices on the ordinary export classes of wheat advanced about 7c per bushel, and on higher protein milling wheat from 8c to 25c per bushel. The export wheat reached a high of \$2.40 per bushel and high grade dark hard winter a high of \$2.65, and Baart a high of \$2.77, with the spread in prices for the week ranging from 17c to 25c per bushel, and all classes of wheat showing a net loss for the

week of 10c per bushel, as compared with the previous week. The volume of trading in cash grain was not large, with all classes of the trade preferring to await more stable market conditions. The preference on cars for the movement of C. C. C. wheat is beginning to have some effect as receipts at the terminal markets have improved, with 273 cars at the Columbia river and 374 at Puget Sound terminals during the week compared with 159 and 331, respectively, for the week before. Bid prices on the Portland Grain Exchange at the week's close, were as follows: Soft white, soft white (no Rex), white club, western red and ordinary hard red winter, all at \$2.23 per bushel, basis No 1 bulk, 15-day shipment, coast de-

livery. Wheat receipts at Ogden declined somewhat with a total of but 65 cars reported during the week. The prices quoted at the week's close were the same for all classes of wheat, including both high and low protein, and were \$2.47 per bushel, basis No 1, f. o. b. Ogden mills. Prices quoted f. o. b. country shipping points averaged about 16c per bushel under Ogden. Fluctuations in the San Francisco market were considerably smaller than at other domestic markets during the week, and prices at the close were practically unchanged compared with the previous week. Local demand was only moderate, and this tended to hold price advances in check, when northern and eastern markets advanced to new high points in 30 years. Bay region mills and feed users continued to purchase wheat only in small amounts as needed and takings were particularly small early in the period. On the cash market at Kansas City wheat values were adjusted sharply downward. However, not losses for the period in the cash market were less drastic than futures. At the close prices were 5c to 8c lower on hard wheat and 1 1/2c lower on red. High grade premiums were little changed compared with a week ago. Because of wide price swings in basic futures, the tone of the cash market at Minneapolis was nervous and unsettled. Mill demand was very slack, since flour buyers stayed away out of sheer fright, but with little wheat available for sale on a day-to-day basis. A record wheat crop of approximately 1,212 million bushels in 1947 would result if average yields are obtained on the spring wheat acreage farmers intend to plant this year and wheat turns out about as estimated. Farmers' March 1 intentions indicated a spring wheat acreage this year of 19,280,000 acres, of which 2,757,000 would be durum.

Fence Posts Cost Money
It is estimated that 5,000,000 fence posts are used each year in the state of Idaho. At present, the average cost of these posts is approximately 30c each, or a total yearly expense of \$1,500,000. The average life of an untreated lodge-pole pine post is from two to five years. Conservative estimates, based on service tests, indicate that properly treated lodge-pole pine posts will last from 12 to 16 years. Treating would thus reduce the annual post bill alone to one-fourth of the present cost. This is not the only saving, since labor for replacing posts is expensive — more expensive in fact than the 4c to 8c which is the cost of treating a fence post. — U. of I. research report.

Compare!

What do you think railroads make?

15%

What do you think they should make?

The public thinks 10% would be fair

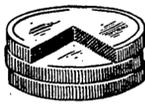

10%

What are the facts?

Actually the railroads earned only 2 3/4% in 1946.

To provide the service you want, railroads need to earn at least 6%. But estimates indicate that even with the recent freight rate increase, the return for 1947 will be only about half that requirement.

2 3/4%

Why it takes 6% to make the grade...

Impartial research polls show that, on the average, people think we make 15%. They also think a fair return would be 10%.

What We Make

But for the year 1946, with the biggest peace-time traffic in history, the railroads earned only . . . 2 3/4%. This is less than one-half the comparable earnings for other industries.

The reasons for this low return are not hard to find. Since 1939 railroad wages have increased 52 1/2% and the prices of fuel, materials and supplies have gone up 61 1/2%.

But freight rates have just recently been increased an average of only 17 1/2%—a year after the effective date of the last big wage increase.

What About This Year?

It is estimated that the return for 1947, even with the recent freight rate increase, will be only about half the 6% minimum return required to provide the improvements and service needed. This will be because of increased costs of materials and supplies; because certain wage increases granted in 1946

were in effect for only part of 1946 but will be in effect for all of 1947; because of increased special payroll taxes on railroads; and because of a decline in passenger business.

What Does This Mean To You?

The answer is "Plenty!" Your standard of living is the highest in the world because of MASS PRODUCTION. But mass production would not be possible without MASS TRANSPORTATION, which the railroads provide at low cost.

Why 6% Is Needed

The kind of service your standard of living requires takes a lot of money for new equipment and improvements. To carry out the post-war improvement program for better equipment, tracks, terminals and modern safety devices, a minimum return of 6% is needed.

So when the railroads make only 2 3/4 cents on each \$1.00 of their net property investment, it concerns you.*

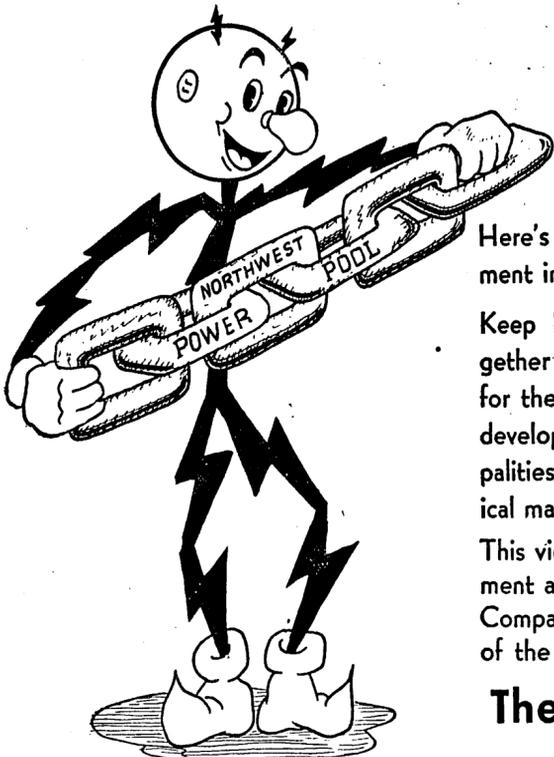

The funds for future new equipment and improvements must come from railroad earnings and also from investors. They will furnish money on reasonable terms only if they have confidence in the future earnings of the railroads.

You Have Another Stake In This

Even if you do not own any railroad stocks or bonds, insurance companies and savings banks do. So you still have a special interest in seeing that the railroads are allowed enough to do a good job . . . for you.

We are publishing this and other advertisements to talk with you at first hand about matters which are important to everybody.

*On total property investment, the railroads made only 2.19%.

Strong Links to a Great Future!

Here's a common-sense view regarding electric power development in the Northwest—

Keep Federal, municipal and private power systems tied together as they were in wartime . . . Create a vast power pool for the entire area, with the Federal government continuing to develop generating plants, and with private companies, municipalities, etc., distributing this power in an efficient and economical manner to the consumer.

This viewpoint is favored by private companies and by government and municipal agencies. The Washington Water Power Company, too, pledges the support of its system to the future of the Northwest.

The Washington Water Power Co.

NOTICE OF ANNUAL SCHOOL MEETING AND ELECTION

In Joint Common School District No. 24, Latah County, Idaho

NOTICE IS HEREBY GIVEN, That the annual school meeting of Joint Common School District No. 24, County of Latah, State of Idaho, will be held on Friday, the 15th day of April, 1947, and the said meeting shall convene at 1:00 o'clock P. M. on said day and continue uninterrupted until the business properly coming before said meeting is disposed of, at the school house in said district; provided, that the polls for the election hereinafter referred to shall remain open until 5:00 P. M. o'clock at said time and place; that at said meeting the following business will be transacted:

1. One trustee to serve for a term of three (3) years will be elected.
2. The length of time school shall be taught in said District for the ensuing year and the seasons of the year in which same shall be taught will be determined.
3. That at said annual meeting in said District there will be determined the amount of money to be raised by special taxation, and shall determine the purpose for which the money derived therefrom shall be expended, naming in each instance the proportion of the whole amount which is to be used for the various and separate purposes. The maximum levies for current expense shall be as follows:
 - (a) 10 mills General Fund — approved at annual meeting for general expense;
 - (b) 5 mills High School purposes — approved at annual meeting.
 - (c) 2 mills Emergency Levy for General Fund — approved by 2/3 majority vote of qualified electors.
 - (d) High School Tuition Levy — above 5 mills as required — prior approval of State Board of Education and approval at Annual Meeting.
 - (e) Bond Interest and Sinking Fund levy as needed — levied by trustees.
4. That at said meeting general questions pertaining to school and school interests will be taken up and disposed of.

The name or names of all candidates for election of trustees, together with the term for which nominated, shall be placed on file with the Clerk of the Board of Trustees at least six (6) days prior to the day of election, excluding the day of election.

That the election at said meeting will be by secret and separate ballot.

Dated this 26th day of March, 1947. A. O. KANIKKEBERG, Clerk of Joint Common School District No. 24, of Latah County, Idaho.

First pub. April 3, 1947. Last pub. April 17, 1947.

NOTICE OF KENDRICK VILLAGE ELECTION

Notice is hereby given that there will be held in the City Hall of the Village of Kendrick, Latah County, Idaho, on the 22nd day of April, 1947, between the hours of 9:00 o'clock a. m. and 7:00 o'clock p. m. of said day, a municipal election, in accordance with Chapter 144, Title 32, of the Idaho Compiled Statutes A. D. 1919, and all acts amendatory thereto, for the purpose of electing four Village Trustees; two to serve for a term of two years; and two to serve for a term of four years.

That all qualified electors of the State of Idaho, who have resided within the corporate limits of the said Village of Kendrick, Latah County, Idaho, for a period of three months next preceding such election, if and when properly registered according to law, shall be entitled to vote at such election.

That after an elector has registered for a general city or village election he shall not be required to again register for a general city or village election so long as he or she shall continue to reside at the address, ward or precinct in which he is registered.

That if such elector shall fail or neglect to vote for two successive general biennial city or village elections, the clerk shall strike the name of such elector from the Elector's Register, and such elector, in order to vote at the general city or village election, must again register.

That whenever an elector shall have removed from the city or village in which he is so registered, and shall remain away from such city or village for a period of one year, his name shall be stricken from said register, and if he shall thereafter again reside in such city or village for at least thirty (30) days, he shall again register.

That the place for registration shall be at the office of the Village Clerk (The Red Cross Pharmacy). You may register up to and including the Saturday just preceding the day of election.

Done by order of the Chairman and Board of Trustees of the Village of Kendrick, County of Latah, State of Idaho.

WALTER BROCKE, Chairman. FRANK ABRAMS, Clerk.

ORDINANCE NO. 257

An Ordinance declaring the purpose and citation of this Ordinance; providing for regulation and licensing of and revocation of licenses for coin-operated amusement devices by City Council; providing license fee and limitations on licenses.

SECTION 1. PURPOSE OF ORDINANCE. The best interest of the inhabitants of the Village of Kendrick; requiring that coin-operated amusement devices be limited both as to the operation of said devices and where such may be operated.

SECTION 2. DEFINITION OF COIN-OPERATED AMUSEMENT DEVICE. A coin-operated Amusement device is a machine or device into which may be inserted any piece of money or other object and from which as a result of such insertion and the application of physical or mechanical force, may issue wholly upon any chance or uncertain or contingent event, any piece or pieces of money, or any check, memorandum, or other tangible evidence calling for money or property by any person whatsoever.

SECTION 3. LICENSE FEES. The license fee shall be \$500 per annum for each coin-operated amusement device, which license fee may be prorated as of the actual month of issue for the remainder of the license year; also provided that in the case of multiple operated devices or the like into which more than one coin may be inserted at the same operation, the fee shall be a sum equal to the total fees provided for individual operation of the devices of same denominations; that such machine shall be \$.05 and \$.10 and \$.25 denominations; that no machine or device with \$.50 and \$1.00 slot shall be licensed or allowed upon premises; in addition to the \$500.00 license per annum, the licensee of such coin-operated amusement devices must have a sponsor by a local non-profit organization, and such sponsor shall receive not less than 50% of the gross profits from the operation of all coin-operated amusement devices licensed within the corporate limits of the Village of Kendrick; licenses of said devices shall be issued each quarter of the year, and before reissuing said license applicant shall present ample proof to the Village Council, that 50% of the gross profits have been paid to the said local non-profit organization; said sponsoring non-profit organization shall show an itemized account to Village Council for all monies received; all sponsors must be approved by the Village

Board of the Village of Kendrick, Latah County, State of Idaho, before license will be issued to applicant; license will be in the form of a stamp and a separate license must be obtained for each coin-operated amusement device; licensee immediately shall securely affix the stamp to the machine in a conspicuous place, and cancel same by scratching with a sharp instrument.

SECTION 4. REGULATION AND LICENSE BY CITY COUNCIL. It shall be the policy of the City Council to limit operation of such devices as is defined under House Bill No. 43, Idaho Session Laws of 1947, and to limit the places, establishments and premises within which the same may be operated; the Clerk is authorized to issue a license to any person, firm, corporation, partnership or association for the establishment of the business of operating the machines upon specified premises after application has been made and approved by the City Council and the Mayor and upon payment of license fees; person, firm, corporation, partnership or association must furnish a description of the premises where said business will be carried on; the number of coin-operated amusement devices; and before application can be approved City Council will have caused an investigation to be made to satisfy themselves that the laws have been complied with, including fire regulations and sanitary conditions and other means for the protection of public health and safety.

SECTION 5. NOT TO BE PLAYED BY PERSONS UNDER TWENTY YEARS OF AGE. No license shall be issued for the operation of coin-operated amusement devices at public places where persons under twenty years of age would have access to said devices and premises; and no person under the age of twenty years shall be permitted to play such device.

SECTION 6. ILLEGALITY. It shall be unlawful and constitute a violation to possess or permit the operation of any coin-operated amusement device as herein defined without first having procured a license therefor from the Village Clerk as herein provided, and allowing any person or persons under twenty years of age on premises; all as provided in H. B. No. 43, Idaho Session Laws of 1947.

SECTION 7. All Ordinances and parts of Ordinances in conflict with this Ordinance are hereby repealed.

SECTION 8. This Ordinance shall be in full force and effect from and after the date of its passage and

approval. W. E. BROOKE, Chairman.

DEPARTMENT OF FINANCE HAS SEVERAL DIVISIONS

The state department of finance has several divisions and numerous duties. The commissioner of finance, E. F. Haworth, formerly of Twin Falls, is head of the department. Under his direct supervision and his staff are all state banks, small loan companies, state chartered building and loan associations, administration of the "blue sky" law, as well as collection agencies and credit unions that are state chartered.

On Haworth's immediate staff are H. N. Wright, chief clerk, Rexburg; H. W. Staples, bank examiner, Boise; E. N. Johnson, bank examiner, Boise; and Ethel Oldham, Kuna, secretary. The income tax department has a staff of 26 people and handles over 100,000 income tax returns each year. Key personnel are P. G. Neill, director, Coeur d'Alene; J. A. Harrington, chief field auditor, Boise; R. C. Pihlad, chief office auditor, Boise; H. F. Garrett, corporation auditor, Weiser, and a number of field auditors.

The inheritance tax division is under the supervision of Edward G. Rosenheim, Boise. Lorraine Couch, Sandpoint, is legal secretary.

The department of public investments has charge of the investing of all state endowment funds, which are largely in U. S. government, school district and municipal bonds, and total \$20,000,000. Edith V. Kinsey, Boise, is chief clerk.

The division of store license and unfair sales work as one and have charge of collecting store license fees and taxes on unfair sales. Golda Jensen, Pocatello, is director of the office. She has three assistants.

Remember — Fresh vegetables, as the market affords, are always available at Blewett's Grocery-Market. 1-adv.

Remember — There are no parking meters on Kendrick's streets. It's merchants and businessmen welcome you.

International Harvester Announces Details of \$20,000,000 Price Reductions

Details of the recently announced International Harvester policy of making price reductions to save users of our products approximately \$20,000,000 a year have now been worked out.

We have reduced prices on 163 models. These cover 12 basic models of farm tractors, 123 basic models of farm machines, 16 basic models of industrial tractors and engines, and 12 models of motor trucks, as well as certain motor truck attachments. The new lower prices are effective as of March 10, 1947.

These reductions were made not because of any decline in demand, but because we believe nothing is more important to this country than to lower the prices of the goods people buy.

While prices have not been changed on all products, we have made reductions wherever possible, in the amounts possible. Prices of many of our most popular products have been substantially lowered.

Altogether, more than half of the company's customers will be benefited by the reductions, which range from 1% to 23.8% and from \$2.50 to \$300 per item, based on list prices, F.O.B. Chicago.

Since the people have demanded that the government withdraw from price control in peacetime, the responsibility to keep prices in check is back where it should be—in the hands of business and industry. The business outlook makes it possible for us to move toward the goal of lower prices, and we have felt a duty to act as promptly as possible.

Our ability to maintain these lower prices will depend on the supply and price of materials we buy from others and on uninterrupted production at reasonable wage levels.

The prices listed here carry out our announced policy that "Any price is too high if it can be reduced."

25 More Types of Products

- Plows—52 models reduced from \$9.00 to \$20.00 (3% to 10.7%).
- Cultivators—13 basic models reduced \$5.00 to \$10.00 (4.5% to 7.4%).
- Listers and Middlebusters—7 models reduced \$5.00 in each case (2.8% to 4%).
- Com Planters—4 basic models reduced \$5.00 in each case (3% to 4.8%).
- Grain Drills—11 models reduced \$14.25 to \$20.00 (4.4% to 6.3%).
- Mowers—2 basic models reduced \$4.00 and \$11.50 (2.5% and 5%).
- Sweep Rake—1 model reduced \$5.00 (5.5%).
- Pickup Hay Baler—1 model reduced \$75.00 (4.1%).
- Self-Propelled Combine—1 basic model reduced \$122.50 (3.4%).

	FARM TRACTORS 12 Models Reduced \$10 to \$134 (up to 10.6%)
	MOTOR TRUCKS 12 Models Reduced \$50 to \$300 (1.9% to 3.6%)
	FARM MACHINES 123 Models Reduced \$2.50 to \$122.50 (1.9% to 23.8%)
	INDUSTRIAL TRACTORS (Crawler)—4 Models Reduced \$35 to \$50 (1.0% to 1.6%)

- Ensilage Cutters—3 models reduced \$22.75 in each case (4.3% to 7.1%).
- Ensilage Harvester—1 model reduced \$33.75 (3.9%).
- Hammer Mills—2 models reduced \$5.00 in each case (1.9% and 3%).
- Lime Spreader—1 basic model reduced \$2.50 (4.9%).
- Power Loader—1 model reduced \$25.50 (8.9%).
- Manure Spreader—1 model reduced \$13.00 (3.5%).
- Milker Units—2 models reduced \$12.00 and \$17.00 (14.4% and 18.4%).
- Milker Vacuum Pumps—2 models reduced \$17.00 in each case (11.5% and 19.6%).
- Portable Milker Vacuum Pumps—2 models reduced \$17.00 in each case (11.3% and 11.7%).
- Stainless Steel Milker Pails—2 models reduced \$5.00 and \$10.00 (18.5% and 23.8%).
- Cream Separators—4 models reduced \$13.25 in each case (8% to 10.4%).
- Tractor Trailer—1 basic model reduced \$12.75 (5.5%).
- Milk Coolers—5 models reduced \$8.00 to \$18.00 (1.9% to 4.3%).
- Industrial Tractors (Wheel)—4 basic models reduced \$19.00 to \$56.00 (1% to 3.4%).
- Industrial Power Units—8 models reduced from \$10.00 to \$150.00 (2.3% to 11.4%).
- Motor Truck Attachments—7 items reduced from \$6.25 to \$268.00, including a change in specifications on two items.

Any price is too high if it can be reduced

Idaho's Wealth Agricultural
Idaho's wealth — its trade and industry depends primarily upon the products of the field and range. The department of agriculture therefore looms large in state government. Chief among its duties is administration of all laws, rules and regulations pertaining to agricultural industry.

The division of weights and measures checks gas pumps, counter scales, meters, tank trucks, hopper scales, and other measuring and weighing devices. During 1946 some 90 of these were condemned. The division of bonded warehouses looks out for depositors of farm produce in such warehouses. The bureau of plant industry is in charge of quarantines and pest surveys, noxious weed control, bee inspection, nursery inspection and standardization, and others.

An important duty of the bureau of dairying is sanitation and inspection. Creameries, ice cream plants, cheese factories, cream buying stations, and all handlers of dairy products are licensed by this division. A food products inspection service is also maintained by the department in connection with the federal government.

Livestock disease control is the chief function of the Idaho bureau of animal husbandry. This bureau also registers stallions and jacks, issues slaughter licenses for state meat inspection, licenses commercial brands of livestock feed, and operates a laboratory for diagnosis of infectious and contagious animal diseases.

Why Idaho's Colors?

Why the colors of silver and gold for the University of Idaho? That's what Henry L. Snyder of Allentown, Pa., who is preparing a treatise on college colors, wants to know. University officials sent him a reply today, advising him that the answer lies buried deep in the hills of Idaho. When the university opened in October of 1892, the state was just two years old. There was wide interest in the two leading minerals of the state, silver and gold. So the university students picked silver and gold as the school colors.

Typical of the interest in silver and gold was the "Silver and Gold Book," which the women's clubs of Moscow sent to the Columbian exposition at Chicago in 1893. It featured the minerals and gems of the state.

Many Observe Easter Rites
In Juliaetta, Kendrick and the surrounding territory well-filled churches rather than fashion parades were the order of the day.

The Easter Sunrise Service at Juliaetta was very well attended, despite lowering clouds and a rather chill wind.

Fruit juices, cereals, hot cake flour and breakfast supplies are always on hand at Blewett's Grocery Market.

ORDINANCE NO. 256

AN ORDINANCE ALTERING THE BOUNDARIES OF THE VILLAGE OF KENDRICK AND EXCLUDING FROM THE CORPORATE LIMITS OF THE VILLAGE OF KENDRICK ALL OF THAT PART OF OAK'S ADDITION LOCATED AND BEING NORTH OF THE CENTER LINE OF LOCUST STREET AND REPEALING THE PROVISIONS OF ANY AND ALL OTHER ORDINANCES IN CONFLICT WITH THE PROVISIONS HEREOF.

BE IT ORDAINED BY THE CHAIRMAN AND BOARD OF TRUSTEES OF THE VILLAGE OF KENDRICK, IDAHO: Section 1. That a petition signed scopaxo paxhpnub sijn jo isaqunu 7 Aq residing within the corporate limits of the Village of Kendrick equal to a majority of the votes cast at the last general village election held therein was filed with the Village Clerk in accordance with the provisions of Chapter 21 of Title 49 of the Idaho Code Annotated praying that the Board of Trustees enact an ordinance altering the boundaries of the Village of Kendrick and excluding therefrom all of that portion of Oak's Addition thereof located and being north of the center line of Locust Street therein. That such petition was presented to the Board of Trustees of such Village at the next regular meeting after the filing thereof.

Section 2. That the petition was signed by the requisite number of electors of said Village; that the granting thereof will be for the best interest of the Village of Kendrick and will not materially mar the symmetry thereof.

Section 3. That all of that part of Oak's Addition to the Village of Kendrick located and being north of the center line of Locust Street therein shall be excluded from the corporate limits of the Village of Kendrick and the boundaries of said Village are altered accordingly.

Section 4. That this ordinance will be in full force and effect from and after its passage and approval and publication.

PASSED BY THE BOARD OF TRUSTEES, this 2nd day of April, 1947.
APPROVED BY THE CHAIRMAN, this 2nd day of April, 1947.
W. E. BROCKE, Chairman.
ATTEST:
FRANK ABRAMS, City Clerk.
First pub. April 10, 1947.
Last pub. April 24, 1947.

Cancer Research Needed

Only through continued scientific research projects attacking cancer from all angles can the ultimate hope of determining the cause of the disease become known, Dr. Alfred M. Popma of Boise, Executive Chairman of the Idaho Division of the American Cancer Society, said today. At present, scientific projects are being carried on in 113 medical schools, research centers and laboratories throughout the country. "All projects are supported by funds raised during the April campaign of the American Cancer Society, and expenditure of these funds is directed by 14 of the nation's foremost scientists who form the Committee on Growth of the National Research Council, a part of the National Academy of Sciences," Dr. Popma said.

Under this committee's direction four separate divisions have been set up for specialized study of cancer. They are: Chemistry, physics, biology and clinical investigations. All progress, results and other information is submitted to the Committee on Growth for study and channeling into projects if additional study is warranted.

"The research that was accomplished on atomic energy during the war gives all persons interested in cancer control a ray of hope that one day scientists will unveil the mystery of the disease," he said. Some of the studies underway include: The treatment of leukemia by radio-active sodium; cancer of the thyroid; virus infection as a cause of cancer; biochemistry of tumors of the nervous system, and the relation of nutrition to cancer in experimental animals.

Dr. Popma is a member of the board of directors of the American Cancer Society, and added that 25 percent of all funds raised during the April campaign are used exclusively in cancer research projects.

The Army And Peace
The role which the United States Army is playing to bring about international peace was stressed today by Col. M. L. McCreary, chief of recruiting, Sixth Army, as Army Week was being observed throughout the nation.

"History," Col. McCreary declared, "is the best possible argument for armed strength in a world in which the vast majority of people hope for lasting peace, but where a great potential for war still exists."

"Good men of every nation seek ways to establish lasting peace," he continued, "but as they strive for peace, in conference and in assembly, we must not pull down our bulwarks of preparedness until all the world is ready for peace."

"Too often in our national history we have neglected the forces charged with safeguarding security — our Army, Navy and Air Forces. In the past the apparent weakness and unreadiness of American arms have been an invitation to aggressor nations to attack us."

"Among our military, as well as our other citizens, there is hope that an enduring and final peace may be established among all nations and peoples. Until that great hope is achieved—and we must devote our energies to its achievement — we must stay, as Washington once declared, in 'a respectable posture of readiness' for wars that yet may come."

"For, at present, only a strong America can remain a peaceful America."

Must File Terminal Claims
Army veterans who have not filed terminal leave pay claims are urged to do so as soon as possible to take advantage of present facilities for quick action on these claims, according to Major General William H. Kasten, Chief of finance, U. S. Army. Kasten pointed out that an estimated five million vets have not yet filed for terminal pay.
"Payment of all claims now on hand is expected to be made within the next 60 days. Over three million of the better than five million claims relieved to date have been paid, with total payments amounting to \$788,571,402. Of this amount, \$735,668,87 was paid in bonds, and the balance, \$52,902,529, by check," General Kasten said.
Forms may be obtained at local post offices, or from American Consulates if the claimant resides in a foreign country.
Butte County Has Woman Judge
Arco — "Her Honor" is the proper way to speak of the probate judge of Butte county, Mrs. Clara J. Long. She was appointed by the county commissioners to fill a vacancy caused by the resignation of Judge Elmer Johnson, elected in November.

Potlatch Chief Sez

PUBLISHED BY THE KENDRICK CO-OPERATIVE CREAMERY

HELLO, THERE, FOLKS:

About Cottage Cheese:

Have you had any Potlatch Chief Cottage Cheese lately? It's really a treat, so stop in at the creamery or ask for some at your favorite grocery store. It's just the thing for a delicious salad when served with fruit and lettuce.

About Butter:

When buying butter always ask for "Potlatch Chief" brand butter, to insure freshness and quality. There's nothing quite so tempting as hot rolls or buns with butter — "Potlatch Chief" butter in the red and blue wrapper with its Indian head. Have plenty on hand at all times.

And Folks:

Keep Kendrick on the map. Bring your produce to Kendrick and buy Kendrick's home products. They are without a peer!

Fleet Adm. William F. Halsey recently appealed for a continuation of wartime co-operation between the armed forces and industry, declaring: "We must not be caught with our plants down."

Explorer: "I have made a remarkable discovery. A tribe of human beings that possess no weapons of warfare."

Listener: "Is that so? I didn't think there was any part of the world that uncivilized!"

Teacher to History Student: "So you want to know why you didn't pass in your history test? Well, your answer to the question, 'Why did the pioneers go into the wilderness?' was interesting from the standpoint of sanitation, but it was still incorrect."

"No woman has set foot in the Antarctic. It is the most peaceful and quiet place on the face of the earth."—Rear Admiral Richard E. Byrd.

Mrs. Lou Myers spent several days of last week in Lewiston.

To Discuss Bird Situation

The state fish and game commission will discuss upland game bird policies and control of predators at a quarterly meeting in Boise April 14, the department announced today. Selection of a new director will also be on the program.

Walter Fiscus of Potlatch, commission chairman, said that problems of game bird production on state farms and on refuges and escape areas would be thoroughly discussed and that plans for future development of bird populations, particularly of pheasants, would be outlined. Michael Throckmorton of Coeur d'Alene, and Maurice Lundy of Boise, bird study leaders for north and south Idaho, respectively, will present programs to the Commission. The state now has bird farms at

Lapwai and Jerome and is contemplating extensive use of escape areas to increase natural production. Best means of using \$58,000 recently set aside for control of coyotes and other predatory animals during 1947 will be the primary question of the predator discussion. Last year the department paid \$3 bounty on coyotes and wildcats from spring until early November. In winter months coyote trappers were hired. Bounty was paid on 7200 coyotes. The total expenditure for bounty and hired trappers was \$40,000. Bounty on cougar, effective the entire year, is \$50. A bounty of seven cents a head is also paid by the department on adult magpies.

R. G. Cole of Boise, commission secretary, said it was likely that several candidates for the position of director would be interviewed. The new director will succeed James O. Beck who resigned in January after serving five years.

This Makes Your Motor Last Longer.

Let us show you how a Fram Oil and Motor Cleaner gives your motor two important kinds of protection. (1) It removes grit and abrasive particles. (2) It impedes the formation of acids and corrosives. If your car does not have an oil filter—we'll install a Fram in a jiffy. If it does, we'll install a Fram Replacement Filter Cartridge which gives you the benefits of Fram's Extra protection. Drive in today.

See Us Before Spring Work There's a Model for Every Need

Fram Cartridges

Fram Filter Cartridges are available for almost every make and size of oil filter — and we have a large stock on hand. If you don't have a Fram Filter — use the next best thing — Fram Cartridge.
