NEWS ITEMS ABOUT LELAND RESIDENTS AND FRIENDS

L. S. L. A. To Meet
The Leland School Lunch Aid will meet on Friday, June 6, at 2:00 p. m. with Mrs. Walter Silflow. If you are interested, please come.

Student Day June 8th
Methodist Student Day will be observed June 8 at the church. The Children's Program will be at 10:00 a. m. The topic will be "Building the Church of Tomorrow." The services will be followed with a basket dinner. Everyone is urged to come and bring your family and friends.

All the children taking part in the program are asked to be at the church Friday at 9:30 a. m. for practice.

Birthday Party
Paige Craig was honored on her seventh birthday anniversary, when nine of her little cousins and their mothers came to help her celebrate at a lawn party. Games were played and the favors used were bean bags. A big birthday cake formed the centerpiece, with candle holders of tiny circus animals.

Guests were Sharon and Shirley Wallace of Richland, Wash.; Ila Goffinet, Darrell and Dale Craig, Gerald and Elaine Heffel, Kaye and Carol Weyen, Miss Vivian Draper of Spokane, Mrs. Robert Draper, Mrs. Billy Weyen and Mrs. Chas. Craig, the latter of Southwick.

Other News
Mr. and Mrs. Marvin Vincent, Mr. and Mrs. Robert Draper, Ervin and Vivian Draper were Wednesday evening callers at the home of Mr. and Mrs. Roy Craig.

Mr. and Mrs. Willis Thornton of Moscow and Mr. and Mrs. LaVerne Williams of Lewiston accompanied Jesse Thornton and son Keith on a fishing trip to Elk River on Friday. Due to the rain they returned Saturday, and spent Saturday night and Sunday at the Jesse Thornton home.

Mrs. Lloyd Craig and daughters Marcella and Jeanne left Thursday to visit relatives in Clarkston. They returned home Saturday evening, bringing Bruce and Terry Erickson home with them to spend a week.

Mr. and Mrs. Chas. Craig and family were Thursday dinner guests of Mr. and Mrs. Roy Craig, Donald Morgan and son Roger were afternoon callers.

Mr. and Mrs. A. G. Peters were Friday dinner guests of Mr. and Mrs. Lyle Harrison at Lewiston.

Mrs. Harry Smith and son Clinton visited with Mr. and Mrs. Edwin Salisbury in Moscow on Monday.

Mr. and Mrs. Walter Crawford and family and Mr. and Mrs. Lon Anders and son of Gifford visited the Orotino cemetery on Friday.

Mr. and Mrs. Lawrence Larson of Lewiston were over-night guests Saturday of Mr. and Mrs. Oney Walker. Mr. and Mrs. Dick Lange and son Donald of Clarkston spent from Friday until Sunday with Mr. and Mrs. Marvin Vincent.

Mrs. Robert Draper and Miss Vivian Draper were Thursday afternoon callers of Mrs. Billy Weyen.

Mrs. Harry Smith spent from Tuesday until Thursday with Mr. and Mrs. Clyde McGee in Clarkston.

Mr. and Mrs. Elvin Salisbury and Jack and family, Moscow; Mr. and Mrs. Glenn Brazier and son Donau of Genesee; Mrs. Churchill of Portland, Ore.; and Mr. and Mrs. Harry Smith and sons were Friday dinner guests of J. M. Woodward.

Mr. and Mrs. Con Anders and son Jim Anders of Gifford were Sunday dinner guests of Mr. and Mrs. Walter Crawford.

Mr. and Mrs. Howard Smith and daughters of Kooskia were Saturday afternoon callers of Mr. and Mrs. Harry Smith.

Mr. and Mrs. Jesse Thornton and sons Ray and Keith were Sunday evening guests of Mr. and Mrs. Roy Craig.

Mr. and Mrs. Wm. Cridlebaugh of Spokane were week-end guests of Mr. and Mrs. G. F. Cridlebaugh.

Mr. and Mrs. Chester Vincent and daughter Carol Lynne were Friday evening guests of Mr. and Mrs. Robt. Draper.

Mr. and Mrs. Gordon Peters and daughters Darlene, Wanda and Sandra were Sunday afternoon visitors of Mr. and Mrs. A. G. Peters.

Mr. and Mrs. Wilbur Tarbet and family were Sunday dinner guests of Mr. and Mrs. G. W. Tarbet in Lewiston.

Mr. and Mrs. Robert Draper and daughter Miss Vivian were Sunday dinner guests of Mr. and Mrs. Billy Deobald in Moscow. Vivian left from there for Spokane, where she is employed.

Mr. and Mrs. Walter Silflow and family were Sunday dinner guests of Mr. and Mrs. Cecil Choate. Barbara Silflow remained to spend a week visiting in the Choate home.

Mr. and Mrs. Billy Weyen and daughters Kaye and Carol were Sunday dinner guests of Mr. and Mrs. Oral Craig.

Mr. and Mrs. Wilbur Tarbet and family were Sunday evening guests of Mr. and Mrs. Billy Weyen.

Mr. and Mrs. Weyen were Sunday afternoon callers of Mr. and Mrs. Ted Weyen.

Mrs. Harold Silflow and Mrs. Emil Silflow left Tuesday for Spokane to attend a Women's Missionary Convention.

Elmer Peters spent the week-end with his parents, Mr. and Mrs. A. G. Peters.

Mr. and Mrs. Chas. Craig and sons Darrel and Dale were Monday evening callers at the home of Mr. and Mrs. Lloyd Craig.

Commercial Club Meeting

The regular monthly meeting of the Kendrick Commercial club will be held on Wednesday, June 11, with the 6:30 dinner being served at Burt's Confectionery, which will be followed by a business session in the city hall.

There are a number of important matters to come before the club, chief of which is roads, and the annual election of officers. If you don't want an office, we suggest that you come out and "protect" yourself.

All members and anyone else interested are urged to be present.

WHAT CAMERON FOLKS ARE DOING THESE DAYS

Miss Helen Mielke arrived from San Francisco, Tuesday, to make her home with her brother, Ted Mielke.

Mr. and Mrs. Albert Glenn spent Sunday visiting with A. H. Blum, a patient at the St. Joseph's hospital in Lewiston.

Miss Gladys Wegner came home Friday from a year's teaching at Washington, Wash. She left for Lewiston Monday, where she is attending the summer school at NICE.

Children's Day was observed Sunday with services and a program at the church. A picnic lunch was served at the Ladies Aid hall.

Mr. and Mrs. Ray Weaver and daughter of Port Orchard, Wash., are guests of Mr. and Mrs. Glenn Newman.

Mr. and Mrs. Glen Wegner and family spent Thursday and Friday at Lake Chatcolet, guests of Dr. A. Wegner and sons.

Harry Newman was a business visitor in Boise a few days last week.

Vern Spekter of the Fenn Ranger Station spent the week-end with his parents, Mr. and Mrs. A. E. Spekter.

Rev. and Mrs. Meske and family and Mrs. Glen Wegner attended the Commencement Exercises of the Ritzville High school Wednesday evening. Dale Sialoff, Mrs. Meske's brother, was a member of the graduating class.

Fred Newman, with a group of friends from Kendrick and Lewiston, spent several days of last week fishing at Kootenai Lake in Canada.

Mr. and Mrs. Fred Whittinger of Clarkston and Mr. and Mrs. Dave Schoeffler of Lewiston were visitors of Mr. and Mrs. Harl Whittinger one day last week.

Mrs. Herman Silflow and Mrs. Henry Wendt visited with Mrs. Ted Weyen and daughter Monday afternoon.

Mr. and Mrs. Walter Koepf entertained with a lawn party in honor of their daughter Lynn's fifth birthday anniversary Thursday evening. Guests were Mr. and Mrs. Roy Ramey, Jr. and daughters of Pullman; Mr. and Mrs. Roy Ramey, Sr. and Mr. and Mrs. Ernest Brammer of Kendrick.

Mr. and Mrs. Ray Whittinger and sons of Lewiston spent Saturday night and Sunday with Mr. and Mrs. Harl Whittinger.

Mrs. Theo Meske, Mrs. Aug. F. Wegner, Mrs. Herman Silflow, Mrs. Glen Wegner, Mrs. Marvin Silflow and Mrs. Emil Silflow attended the Lutheran Women's Missionary conference at Spokane Tuesday and Wednesday of this week.

Mr. and Mrs. Harl Whittinger and Mr. and Mrs. Dave Schoeffler were Kooskia visitors on Memorial Day.

Mr. and Mrs. Ted Vaughan and son, Rev. and Mrs. Theo Meske and family, Mr. and Mrs. Aug. F. Wegner and family and Dr. A. Wegner and sons were Sunday evening visitors in the home of Mr. and Mrs. Glen Wegner.

Mr. and Mrs. Ed Mielke and daughters Helen and Ted Mielke spent Sunday evening with Mr. and Mrs. Walter Koepf.

Mr. and Mrs. Fred Newman, Mr. and Mrs. Walter Koepf and family, Mr. and Mrs. Ed Mielke and daughters Helen and Ted Mielke, Elsie Kruger, Herbert Schwarz, Harry and Wally Newman spent Monday evening with Mr. and Mrs. Geo. Wilken. The time was spent in showing local motion pictures.

Miss Emma Hartung and Mrs. Ida Stoneburner visited with Miss Helen Mielke Thursday evening.

Dorothy Kruger was the hostess at the June meeting of the Luther League, Sunday evening.

Wilbert Brunseik and Henry Bleck were fishing at Winchester Lake on Tuesday. They reported good luck.

Glen Newman and Maurice Hudson were fishing at Elk River Monday.

Walter Koepf attended a meeting of county school trustees at Lewiston Monday.

Mr. and Mrs. Harl Whittinger called on Mr. and Mrs. Ted Weyen and daughter Wednesday evening.

Shower For New Minister
Saturday evening a large group of members and friends of the Full Gospel Church held a surprise grocery shower on the new minister and his wife at the parsonage.

The evening was spent in singing Gospel songs, after which ice cream and cake were served. Those attending were Mr. and Mrs. George Stevens, Mrs. J. L. Johnson, Mr. Taylor and daughter Nellie of Juliaetta; Mr. and Mrs. Ted Grinolds of Southwick; Mr. and Mrs. Henry Kortemeier; Mrs. Leah Cardinal, Mrs. Nettie Gentry, Mrs. Harry Baker, Mrs. Candler, Mrs. Bob Clemenhagen and children, Mrs. C. S. Westendahl and Mr. and Mrs. Fred Stedman.

Parents Of Son
Mr. and Mrs. Frank Abrams are the proud parents of a baby boy, born to them Thursday evening, May 29, at the home of Mrs. Clifford Davidson.

PERSONALS AND NEWS ABOUT KENDRICK FRIENDS

Lt. Rex Blewett, home on a brief furlough from duty in Korea, spent Friday night with his brother, Mr. and Mrs. R. L. Blewett and son.

Mr. and Mrs. Arthur Rundhaug moved into their apartment in the F. M. Long home Friday.

Mrs. Forrest Mellinger and children of Boise visited several days here, last week with her sister, Mrs. Ross Armitage and family.

Ossie Kanikkeberg, accompanied by a friend, Arnold Beebe, from the U. of I., came down to spend Sunday at his home here. Mr. and Mrs. Kanikkeberg took them back to Moscow Sunday evening.

Mr. and Mrs. Ben Cook of Craigmont were Monday visitors at the R. L. Blewett home.

Mrs. Ivan Craig and sister, Grace Cox, drove up from Richland, Wash., last Friday, to leave Jacquelyn and David Craig here with their grandparents, Mr. and Mrs. Claude Craig, for a visit.

Mr. and Mrs. Boots Kempton of Seattle came last Thursday to stay until Monday visiting her sisters and families, Mrs. Wayne Kuykendall, and Mrs. Ward Helton and little twin daughters.

Dick Rauschke, Spokane, was in town Thursday visiting in the Wayne Kuykendall and Ward Helton homes.

Mr. and Mrs. Claude Craig had as Sunday guests Mr. and Mrs. Jay Stout and daughter of Lapwai; Mr. and Mrs. Ervin Swenson, and Mr. and Mrs. Dave Wilkerson, the latter of Notice, Idaho. Mrs. Wilkerson is a niece of Mrs. Craig.

Mr. and Mrs. Fred Easterbrook and son and father, C. R. Easterbrook, all of Twin Falls, drove up Friday to see their brother and son, R. H. Easterbrook, who is ill here at his home. They left for their home Sunday, accompanied by Mrs. C. H. Easterbrook, who had spent a week here.

Dorothy Dow, Manchester, Wash., visited in the home of her uncle and aunt, Mr. and Mrs. Marvin Long, from Wednesday until Monday.

Mr. and Mrs. Roy Johnson of Clarkston were Sunday visitors in the Emulus Brown home.

Tom Brown, Teddy Deobald, Bob Watts and Bob Lind, U. of I. students, were home over the week-end. Charles Deobald arrived home from the U. of I. Saturday, having completed his final examinations for this term.

B. F. Nesbit returned home last week from a six-week vacation trip spent visiting a son and other relatives in the east. Mr. Nesbit reports a most enjoyable time with pleasant weather making travel all the more enjoyable.

Mr. and Mrs. Eugene Stevens and family moved last week to the Bohman & Pal ranch at Park, where he will be employed. They have rented their home here to Mr. and Mrs. R. Carlson, employees of the Osberg Construction Co.

Mr. and Mrs. C. C. Goan left Tuesday for Lewiston, where, on Wednesday, they witnessed the marriage of their granddaughter, Miss Anna Adams of Grangeville to Dallas Starr, Kendrick. They returned home Thursday morning.

Frank Higley of Nezperce was a Kendrick visitor from Friday until Monday. He came here particularly to witness the "rained-out" ball game Decoration Day between Kendrick and the Lewiston V. F. W.

Mr. and Mrs. Marvin Long spent Decoration Day in Lewiston and Pullman.

Mr. and Mrs. W. L. McCreary attended a buffet supper and class reunion at the home of Dr. and Mrs. N. M. Leavitt in Moscow Monday evening.

Ira Foster left Friday for Chesham, Wn., where he will spend a couple of weeks visiting in the home of his son, Mr. and Mrs. Guy Foster.

Mrs. Fred Stedman left Wednesday for Spokane, to be away a few days.

Rev. Wm. Karns left Monday for Seattle to attend the Full Gospel Church convention. He plans to return Saturday.

Mrs. J. H. Coulter and son Scotty left Wednesday for the east. They will visit Mr. Coulter's sister, who teaches at Mt. Holyoke, Mass., first, planning to be there in time for commencement, and then visit other relatives in several cities of the east. They plan to be away about a month.

Paula McKeever, daughter of Dr. and Mrs. Geo. W. McKeever, Kendrick, was one of the graduates at the U. of I. Commencement, Monday morning of this week. The family motored to Moscow to witness the ceremonies.

Mr. and Mrs. C. G. Arnett left by car Wednesday morning for North Dakota, where they will spend a month's vacation visiting relatives.

Mrs. Ira Havens, Bremerton, Wn., arrived here last Saturday to be with her daughter and family, Mr. and Mrs. Frank Abrams, and their new son.

Mrs. Kermit Waide and son Timmy and Jerry of Lewiston visited in the W. A. Watts home Wednesday. Rilla Davidson returned with them to Lewiston, where she will spend some time in their home.

Mr. and Mrs. Bill Moore, Bob LaHatt and Patty Marsh, Tacoma, were guests in the home of Mr. and Mrs. Paul Lind, Saturday.

Frank G. Harris and son Jerry of Lewiston 'Orchards, were in town Thursday, visiting in the Paul Lind home.

Mrs. Doris Bennett of Honolulu, T. H., and Mrs. Rook Hyllon of Moscow, were in town visiting friends last Wednesday. While here they

(Continued On Page 2)

CLouDBURST AND HAIL-STORM HITS AREA FRIDAY

Decoration Day (Friday, May 30) or just one year and four days after the cloudburst of 1946 (May 26), another cloudburst hit on the point of American ridge, inflicting heavy damage to several farms through the loss of top-soil, as well as minor damage to crop.

The storm hit with a roar about 2:30 Friday afternoon, striking at the Langdon, Walter Bencotter, Andrew Cox, Frank Jean, Oscar Holm Otto Schupfer and Phil John farms. However, the greatest damage occurred on the Langdon farm.

The rushing water carried tons of valuable top-soil, small rocks and a little debris down Brady gulch, to deposit most of the rocks at the foot of the gulch above the bridge, washing the decking out, and filling the state-dug ditch almost to the railroad tracks. Most of the dirt and some smaller rock was washed over the bank and deposited on the ball diamond — which had just been thoroughly cleaned and graded, and lights hooked up for night playing. A job which will now have to be done over.

The rushing water also ran down the gully at the rear of the Frank Jean, Oscar Holm, Otto Echufer and Phil John's farms, and deposited some two feet of mud and small rock on the railroad tracks below — the highway culvert being able to carry the water. The mud and rock spread over the tracks for a distance of about 35 feet — but a bull-dozer was soon secured and the tracks cleared for the passage of the 413 passenger train.

The storm almost skipped Kendrick, to strike again in the form of hail on Texas ridge, where it hit a strip about three-quarters of a mile wide, taking in the Frank Wilken, Carl Cox, Roy Glenn and George F. Brock ranches. Here the hail and rain inflicted heavy damage on the growing crops, especially on clover and beans. Frank Wilken said he had a beautiful field of White Dutch clover, and when the storm had passed he had the field — but no clover. Wheat and beans were also heavily damaged.

The hail stones that fell in Kendrick were about the size of small marbles, and were white and soft — but the "samples" brought in by Mr. Wilken from Texas ridge were as large as big Bing cherries, and of clear, arctic ice — and that, after they had lain in the fields over night.

Mr. Langdon and the other ridge residents is getting the "cloudburst business" is saying they wish anyone and anybody they don't wish anyone any bad luck, they would rather the storm would pass them by for a change — this being their third!

Of course the channel in Brady Gulch must be dug out again, and the ball diamonds cleaned — and with that work in view it would seem to us to be the appropriate time for the state to put in the new approach to town that has been promised for the past year or more — and the right-of-way for which has been purchased by the city. And while they're at it, why not rebuild and oil the so-called "highway" between Kendrick and Juliaetta? We'll suggest there isn't a power four-mile stretch connecting two towns of about 550 population each, in the state of Idaho, or in the Pacific Northwest, for that matter.

Memorial Day Family Gathering
A family reunion of three generations was held on Memorial Day at the home of Mr. and Mrs. Herman Pabst, Gifford, with 74 attending.

Those present were Mr. and Mrs. Forrest Mellinger and sons of Boise; Mr. and Mrs. Ross Armitage and family and Mr. and Mrs. R. L. Blewett and son, Kendrick; Mr. and Mrs. Joe Grew, Portland; Elva Conner, Cheney; Mr. and Mrs. C. Bell and Dick Blewett of Kooskia; Mrs. Ivan Lincoln and children, Clarkston; Mr. and Mrs. Harry Ruddell and family and Mr. and Mrs. Pierce Blewett and son of Culesas; Mr. and Mrs. Chas. Stegner and family, Amidon, N. D.; Mrs. Ralph White and family, Mr. and Mrs. Milford Blewett and family and Mr. and Mrs. Nye Blewett and family, all of Lewiston; Mrs. Chas. Calkins, Yakima; Mr. and Mrs. Gilbert Geid and sons, Lenore; Mr. and Mrs. Kenneth Hoduffer and son and Mr. and Mrs. Ben Cook, Craigmont; Mr. and Mrs. Harold Goff and Gilbert Blewett, Spokane; Lt. Rex R. Blewett, on leave from Korea; Mrs. John Sherbon, Bernard and Norman Pabst and Mr. and Mrs. Herman Pabst, all of Gifford.

Rain And More Rain
Rain and still more rain has been the order of the day since the cloudburst of Decoration Day. However, since that time, it has been a distinct benefit to this area. It assures a spring wheat crop, the filling of heads on fall wheat — and plenty of bean and pea moisture. There is a little hay down, but the amount cut is very small, and as yet is in no danger of being lost.

Truck and fruit growers in the Juliaetta area have also been greatly benefited by the falling drops.

Lettenmaier-Biggers Nuptials
Sunday, June 1st, Miss Ruth Louise Lettenmaier, daughter of Mrs. Cora Lettenmaier, Southwick, and Carl Louis Biggers, Lewiston, were united in marriage at a 3:00 o'clock ceremony in the Trinity Lutheran Church, Lewiston.

A reception was held immediately following the wedding.

On their return from the honeymoon trip the young couple will make their home at Lewiston.

We regret further details are not available at this time.

Work On Pool Progressing

Work on the Area Living War Memorial Swim Pool has been all out halted the past few days by heavy rains — but considerable has been accomplished by the workers.

The fence is now complete; the interior of the pool has been painted with "acquila"; the dressing room doors and windows have been installed, and the interior of the dressing rooms painted. The chief job now remaining is the installation of sand in the filtration tank, and the construction of its roof.

PERSONALS AND NEWS ON AMERICAN RIDGE

Mr. and Mrs. Wayne Davis spent Sunday in Pullman, with Mr. and Mrs. Bert Davis.

Mr. and Mrs. Kenneth Woody of Moscow and Mrs. J. L. Woody of Clarkston spent Friday with Mr. and Mrs. Frankie Bencotter.

Ray Bencotter of Lewiston spent the week-end with his parents, Mr. and Mrs. Frankie Bencotter.

Don Bencotter, student at the U. of I. for the past term, is now home for the summer.

Mr. and Mrs. Warren Cox, Spokane; Mr. and Mrs. Ed. Carlson, Genesee; Mr. and Mrs. Leland Houck, Lewiston, and Mrs. Ivan Craig and children of Richland, Wash., were Friday callers at the home of Mr. and Mrs. Andy Cox.

Mr. and Mrs. Andy Cox and son Tom drove to Walla Walla Sunday to see Peggy Cox. Mr. Cox remained over until Wednesday, when Mr. Cox drove back to Walla Walla to get her and their daughter, Peggy, as the school she was attending closed that day.

Rev. and Mrs. Perry and children of Moscow were guests of Mr. and Mrs. Harold Roberts, Monday. Darlene Perry remained to spend the week with the Roberts children.

Mr. and Mrs. George Havens and son Rayner and Henry Brammer drove to Colfax Thursday to see Mr. and Mrs. Werner Brammer. Werner underwent surgery a couple of weeks ago, and is getting along fine. He is expected to return home this week.

Rayner Havens spent Thursday night with his grandparents, Mr. and Mrs. Henry Brammer, and on Friday went to Cameron to spend the rest of the week at the Herman Meyer home.

Joan Glenn spent Monday with Nancy Lee Callison.

Mr. and Mrs. Norla Callison and family spent Friday in Lewiston and Clarkston.

Mr. and Mrs. Warney May and Warney, Jr., were in Lewiston Saturday.

Mr. and Mrs. A. I. Johnson of Agatha were Tuesday guests in the Warney May home.

Mr. and Mrs. Harry Langdon and Ira Foster spent Friday in Southwick.

Harry Langdon and son Larry were in Lewiston on business, Tuesday.

Mr. and Mrs. E. P. Roberts and Mrs. Norla Callison and son Bobby were Moscow visitors Thursday. Norla, who had been on jury duty, returned home with them.

Nancy Lee Callison spent Thursday night with Priscilla Bencotter.

Ira Havens, Moscow, was a dinner guest of Mr. and Mrs. Geo. Havens, Friday.

Mr. and Mrs. Warney May and son Warney were Moscow visitors on Thursday.

Erma Langdon and Joe Langdon, Lewiston, were Friday evening guests of their parents, Mr. and Mrs. Harry Langdon.

Mrs. Norla Callison and Nancy Lee were passing the home of Mrs. Mary Deobald, when they saw a rattlesnake. Nancy ran for a hoe, and soon had Mr. Snake killed — right in front of Mrs. Deobald's gate.

Mrs. John Wilday and family of Troy were Sunday guests of Mr. and Mrs. Robert Cain. Mr. Wilson went on to Lewiston to see his father, "Scotty" Wilson, who has been in St. Joseph's hospital, but is now at a nursing home in that city.

Mr. and Mrs. Bruce Glenn and daughter Joan were Sunday dinner guests of Mr. and Mrs. John Glenn at Fairview.

Mr. and Mrs. Henry Brammer and Mr. and Mrs. Geo. Havens attended the Children's Day program and dinner at the hall in Cameron, Sunday. Their sons, Ira, Ted, Charles and Rayner returned home with them, after having spent the past two weeks there attending Bible School.

Vernon Swanson of Troy spent the week-end with Mr. and Mrs. Bruce Glenn.

Mrs. Bruce Glenn and Joan spent Tuesday in Troy with Mrs. Guy Kitch and little baby.

Mr. and Mrs. Ray Knutson and daughter spent Wednesday afternoon with Mr. and Mrs. Perry Mattoon. Little Peggy Knutson remained to spend the night.

Jerry Mattoon of Lewiston is spending the week at the Perry Mattoon home.

Mr. and Mrs. Perry Mattoon and family and Mr. and Mrs. Ray Knutson and daughter were Sunday dinner guests of Mr. and Mrs. Bud Fey in Kendrick.

Geo. Havens assisted Henry Brammer in moving Werner Brammer's cattle to the Southwick ranch, Monday.

Mr. and Mrs. Bob Bigham and son-in-law and family of Lewiston, Orchard, spent Friday with Mrs. Bigham and Walter.

Mr. and Mrs. Geo. Havens of Moscow were visitors in the Geo. Havens home Tuesday.

Geo. Havens has been quite ill with a severe chest cold. Dr. Christenson was called Tuesday evening and gave him a penicillin shot. He also removed the cast from Charles Havens arm, which was broken some

HILLSIDE SPRAYED FOR TUSSOCK MOTH SATURDAY

The hillside adjoining town, and the pride of every local resident, received its allotted bath of DDT and fuel oil Saturday afternoon about 4:30 o'clock, with the big tri-motored Ford plane doing the work.

Local residents got quite a thrill out of seeing the big plane circling, wheeling and dipping through the canyon, with the "streamers" of oil and DDT plainly visible as they spraying from the wings.

There was, undoubtedly, considerably more wind than the pilot would have liked, and the drift of the mixture could easily be traced.

On one trip over, the pilot opened the jets when above town, evidently figuring the wind would drift the compound to where he wanted it — but at about that instant the breeze died almost completely out, and the mixture descended all about town, but particularly on the school house hill, where some washings that were hanging out caught the benefit — and will have to be done over.

Just how long the mixture will hang on the trees is a matter for conjecture, as some four hours after the job was finished a heavy rain began to fall, which continued most of Saturday night and Sunday morning.

Getting close enough to trees in this canyon for an efficient spray job is a difficult task, and all that can be done is to hope that the mixture remained long enough to get in its deadly work.

Bahr-Arnett Nuptials
Sunday evening, June 1, at 6:30 o'clock, Wanita Bahr, daughter of Mr. and Mrs. Phil Bahr, and Wayne Arnett, son of Mr. and Mrs. C. G. Arnett, both of Kendrick, were united in marriage at a candlelight service in St. Mary's Parish Catholic church, Kendrick, the vows were read by Father Stookey in front of the flower-decked altar.

The bride, lovely in a long white chiffon gown with finger-tip veil, and corsage of white gardenias, marched down the aisle on the arm of her father to the strains of Lohengrin's Wedding March, played on the organ by Beverly Schupfer.

The groom, wearing the conventional dark suit, was attended by his brother, Fred Arnett, and Dick Komer.

The bridesmaids were Joyce Blanchfield and Darlene Miller. The flower girls were Helen and Geraldine Konen, and Mark Reid was ring bearer.

Preceding the ceremony the lovely music of Ava Maria by Burgmuller was played for the 60 guests by Beverly Schupfer.

Te young people are well known here, having attended the Kendrick High school, and have a host of friends. They expect to make their home here.

A reception followed the ceremony at the home of the bride's parents.

Tangles With Deer
Sunday evening the car driven by Dan Kechter and carrying as passengers Mrs. Kechter and Mr. and Mrs. Harley Perryman and son Gene was enroute from Moscow, and on rounding a turn this side of Deary, in a heavy rainstorm, found three deer standing in the road. Mr. Kechter was able to dodge two of them, but the third jumped squarely in front of the car and was hit. The impact smashed the radiator grille, pushed the radiator back against the fan and tore a hole in it, and broke off one headlight, and slightly bent one fender.

The occupants of the car were not hurt — and the deer, too, apparently suffered but minor injuries, for it ran over the bank and disappeared.

Fire Season Now On
Farmers, timber workers, wood lot owners and local residents are being warned this week that the official fire season for this area opened on June 1st, and that a permit must be secured before any burning can be done. Residents in town must use an incinerator (barrel with covered or fine-mesh top) for the burning of trash.

REMEMBER LAST JANUARY AND FEBRUARY
Be prepared when cold weather comes!

PERSONAL MENTION

(Continued From Page 1)

were the luncheon guests of Mr. and Mrs. W. A. Watts. The two women will be remembered as Doris and Kathryn Emery, daughters of Mr. and Mrs. Elmer Emery.

Miss Mary Sue Tovey, Malad City, Idaho, arrived here Decoration Day to spend several days with Lois Deobald. On Wednesday morning the girls drove to Moscow to pick up school mates Bernice Evans and Donna Lou Taylor, Preston, Ida, who were attending the U. of I. All are driving to southern Idaho, where they will visit old school mates and attend a wedding. They will return next week to attend the U. of I. summer school.

Mr. and Mrs. L. J. Herres attended the Commencement Exercises of the St. Maries High school at St. Maries, Ida., last Thursday. Their granddaughter, Jerry Herres, was a member of the class.

Mr. and Mrs. Elmo Eldridge and Ray Eastbrook drove to Tekoa, Wn., Wednesday, to attend the Commencement Exercises there. Mrs. Eldridge's brother, Byron Chase, was a member of the class.

Mr. and Mrs. Russell Smith and daughter Betty Ann left Thursday for Pocatello, Glenns Ferry and other southern points to visit relatives. The high point of the trip will be the wedding of his brother, at which ceremony Russell will be best man.

Mrs. Emulus Brown was taken to Moscow Monday, where she received medical treatment.

Mrs. Ig Flaig and daughters Patty and Carolyn accompanied Mrs. Estella Leith home Wednesday from Coeur d'Alene, remaining over Decoration Day. Mr. and Mrs. Bob Spencer and children and Ig. Flaig drove down for Decoration Day, all returning to Coeur d'Alene that night.

Mr. and Mrs. E. E. DeLarm of Cathmet, Wn., visited in the Dick Cuddy home from Friday until Sunday evening — "arriving with the cloudburst" for they reached the foot of Brady Gulch just minutes too late to cross, and were forced to go up over the hill from Juliaetta, and then back into Kendrick.

Suffers Accidental Gun Shot

Jerry Brown, young son of Mr. and Mrs. Emulus Brown, Kendrick, was accidentally shot and painfully, but not seriously wounded, Tuesday afternoon, by Parker McCreary, young son of Mr. and Mrs. W. L. McCreary.

The two boys were playing and Parker opened his father's gun case and took out a .22 caliber pistol to show his friend. The gun was not loaded, but he put a shell into the action to show Jerry how it worked, and, as usually happens, the gun discharged.

The bullet hit Jerry on the right collarbone, and followed an upward course underneath skin and muscle, to lodge underneath the skin on the back of the right shoulder blade.

The McCrearys were at work at the Gazette office, so Parker called Rev. Coulter, living just across the street. He rushed Jerry to Dr. Christensen's office, where the bullet was extracted and Jerry made as comfortable as possible, and no serious results are anticipated, Jerry being taken home immediately.

The shell discharged was of the old, slow speed, solid point type, which undoubtedly explains why no bones were broken, arteries torn, or a more serious wound inflicted. We believe that both boys have now learned the lesson of firearms "the hard way."

Enjoy Vacation Trip

Mr. and Mrs. C. S. Henderson of Lewiston and Mr. and Mrs. R. R. Wright of Southwick have just returned from a 7,000-mile trip to Pennsylvania, and other points of interest in the east. They visited Mr. Wright's old home in West Virginia, and Mr. and Mrs. Vernon Hoover in Pennsylvania, going on from there to see Washington, D. C., Arlington, Gettysburg and Atlantic City, N. J.

Mrs. Hoover, whom they visited in Pennsylvania, is a daughter of Mr. and Mrs. Henderson and a granddaughter of Mr. and Mrs. Wright.

Tussock Moth Payments Made

Many farmers are now calling at the Forest Office in the First National Bank Bldg., Moscow, and making their payments for tussock moth DDT spraying.

Ed. Ring, assistant state forester stated that information as to the net acreage to be sprayed and payments on the same at the rate of 42½¢ per acre is now available to the land owners.

It is essential that prompt action be taken, since the moth is now hatching and it is highly desirable that spraying operations not be slowed up because of slow collections.

He stated that the moth are now small and the sooner the job is done the less damage will result this year.

Error In Notice Of Sale

In the Notice of Sale of the school house on Big Bear ridge, published in last week's issue, an error was made in the sale date. It should have read "Saturday, June 7" rather than "Saturday, June 17." The notice, as it appears this week, is correct.

BIG BEAR RIDGE NEWS

(Delayed)

Mr. and Mrs. Joe Bowers left for Pasco, Wash., Saturday, having spent some time at the A. Kleth home.

Mrs. Oscar Slind, Miss Bertina Forest and Mrs. Johanna Nelson attended a Women's Missionary Federation convention at the Genesee Valley Lutheran church Tuesday.

Miss Carrie Sollie arrived here from Coeur d'Alene Homes Tuesday for a stay at the Lien Bros. home.

Mrs. Dick Benjamin has returned home from the Clarkston Clinic.

Mr. and Mrs. Will Bower of Avon spent several days here with his brother, Chas. Bower, who is ill.

Mrs. K. D. Ingle is visiting her daughter, Mrs. Walter Olson, in Zuni, New Mexico, and becoming acquainted with her new grandson.

Mr. and Mrs. Louis Penland visited at the A. Kleth home last week. Rev. Lowell Swartz of Clarkston and Edwin Forest attended a Lutheran Church District convention in Great Falls, Mont.

Mr. and Mrs. Halvor Lien, Mr. and Mrs. Zack Aas and LaVern Dalberg of Moscow visited relatives here Sunday.

Joe Forest and Hans Lien drove to Spokane and Coeur d'Alene, Tuesday. Ed. Halseth is helping his brother, Pete Halseth, build a new house near Deary.

Mr. and Mrs. Herb Weber were given a house warming by their neighbors Wednesday evening.

(This Week)

Mrs. Everett Hammond, Donny and Patty of Palouse are spending the week with her parents, Mr. and Mrs. E. H. Jones.

Mr. and Mrs. E. Bruseth of Clarkston and Mr. and Mrs. Tom Long of Kendrick spent Memorial Day here, and visited at the Evan and Henry Lien home.

Mr. and Mrs. Stanley Sneve and son Eddie of Genesee spent Memorial Day with Mrs. H. Sneve and sons.

Mr. and Mrs. Boyd Leland and Miss Betty Halseth spent Sunday at the Ed. Halseth home.

Mr. and Mrs. Henry Kortemeier attended the R. E. A. meeting in Lewiston last week.

Mrs. Wallace Emmett came down from Spokane to spend the week-end visiting Mr. Emmett at the Homer Emmett home.

Mrs. W. Leland and sons Albert and Stanford of Spokane spent Thursday and Friday at the Oscar Slind home.

Chas. Bower is gradually recovering from his illness.

Mr. and Mrs. Harley Perryman and son of Cedar ridge spent Memorial Day at the Ed. Galloway home.

Mrs. Rose Long and daughter Leta of Pullman spent Sunday with their daughter and sister, Mrs. Ronald Jones and family.

Mr. and Mrs. Ed. Halseth received a telegram announcing the arrival of a granddaughter to Mr. and Mrs. Stan Cox (nee Margaret Halseth) at Beardstown, Illinois. Sgt. Cox is stationed in Japan, and Mrs. Cox and daughter Carol Lynn have lived with his parents since he was sent to foreign duty.

To Prevent Freezer Burn

To prevent "freezer burn" on meat in the locker, put a coating of lard on it. Miss Inez Eckblad, acting extension nutritionist, Washington State College, says freezer burn is caused by the evaporation of moisture from the surface of the meat. The lard coating simply holds in the moisture.

Miss Eckblad says the way to do it is to heat the lard to between 100 and 200 degrees, fahrenheit. Dip the meat in it for just a few seconds—and there you are. Beef tallow isn't as good protection as lard, because it chips off.

When you're ready to cook the coated meat, simply put it in a pan in a hot oven for a little bit. The melted lard collects in the pan and may be poured off or used in gravy.

Road Work Delayed

The rains of the past few days have considerably delayed work on the new Brady Gulch road, as dirt portions of that project are impassable to trucks, owing to mud—and on several different occasions rains have effectively stopped other phases of the work.

The project is estimated to be between 35 and 40 percent complete, with back-fill being spread on some sections.

Dinner Honors Anniversaries

An anniversary dinner was held Sunday at the home of Mr. and Mrs. Joe Earl, Juliaetta, honoring the birthday anniversaries of Joe Earl, Jack Earl and June Perel. Those present besides the host and hostess were Mr. and Mrs. Frank Perel and family of Peck; Mr. and Mrs. Arthur Earl and family of Lewiston Orchards, and Jack Earl, Clarkston. There were 19 present.

Homes Being Improved

The E. M. Millsap, Ed. Grant, Geo. W. McKeever and Wade T. Keene homes are being improved by the addition of asbestos shakes on their sides.

The improvement adds materially to the appearance of all, as well as adding insulation for the interiors.

Building Subsidies Ineffective
Widespread reports of a slowing-down of housing construction this spring received confirmation recently when the bureau of labor statistics released official figures showing that home building started in March (latest available figures) was below expectations and far below the levels of the same month last year. It is estimated 53,400 new homes were begun in March, 1947, compared with 60,400 new permanent buildings started in March, 1946.

PROTECTION

"No Worry"

—with our modern personalized liability insurance—tailored to fit your needs. It means dependable protection in one policy.

Let Us Tell You About It!

MARVIN LONG
Agency
Kendrick, Idaho

NORTHWEST CASUALTY COMPANY

The labor statistical bureau did not give specific reasons, although it is recognized that building construction costs have gone up too rapidly and that there is little inducement to provide the housing which is so much in demand.

The U. S. housing expeditor recently returned to the federal treasury about \$335,000,000 of a total fund of \$400,000,000 for subsidies which had been provided a year ago to stimulate the veterans' housing program. It was reported that the use of such subsidies did not accelerate building—Gleanings, Washington, D. C.

The above report would appear to be backed up by a recent union report from Portland, Oregon, which stated that of that city's 8,000 carpenters, approximately 40 per cent, or 3,200 were now idle, and blaming increased material costs.

Kendrick is your home town — and mine. Support it with your loyalty as well as your trade — and it will repay you.

Idaho Goes For Trucks
Idaho agricultural, commercial and industrial groups are heavy users of motor trucks according to a survey just completed by the Automobile Manufacturers' Association for the latest edition of "Motor Truck Facts," a biennial statistical compilation of truck and bus use.

Truck use is on the increase in the Gem state. A step-up of 9,022 truck registrations in 1946 over prewar totals was noted. There were 36,419 trucks in use in 1941, compared with 45,441 last year. Of the total of 842 buses registered in Idaho, 673 are for school use.

More than 49.6 per cent of Idaho's trucks are on farms. Many Idaho people earn their living through truck use. There are 30,485 registered truck and bus drivers in the state. A total of 295 dealers sell and service trucks and buses.

Unlike some states, which restrict truck operations, Idaho generally encourages their use. Height and length regulations recommended by the Association of State Highway Officials are observed by Idaho except in one respect, the maximum length of truck tractor-semi trailer combination is five feet short of general standards.

Speeding was the direct cause of 9,460 deaths and 230,760 injuries in 1946 traffic in the United States. Heed speed limits.

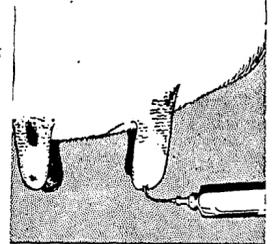

Mastitis Control Methods Important

Bactericidal Agents Favorable Response
By W. J. DRYDEN

Mastitis, a communicable disease, can be measurably checked by identification of the carrier cow, followed by proper control and treatment.

A compound for treating chronic mastitis recently has been reported by Utah agricultural experiment station. It is colloidal silver oxide, 5 per cent, suspended in mineral

oil. This treatment is effective only against mastitis caused by streptococci.

In injecting the compound, wash the udder with a chlorine solution. Milk the infected quarter dry and disinfect the end of the teat with tincture of iodine. Ten cc. of the compound is injected into the teat canal, and, by massaging, the liquid is pressed upward into the milk cistern and into the entire quarter. The milk should not be used for human consumption during and for 15 days after treatment.

Other recent compounds proven satisfactory for various types of mastitis include tyrothricin, sulfanilamide in oil and penicillin.

Industry Provides Health Aids to Protect Employees

Improved drugs and methods are being used today in industrial medicine to assure the health and comfort of employees. One of the most modern innovations is Ford's mobile X-ray unit. Manned by four trained technicians, it is designed to X-ray the chests of employees at regular intervals. The X-ray unit is housed in a specially-built trailer and is moved from department to department.

The company's industrial health laboratory has developed many protective skin creams for use by workers on jobs where possible irritations might arise. Last year 65,000 pounds of these creams were manufactured in the company's own pharmaceutical laboratory. The use of these creams and rigid hygienic investigation and methods have brought cases of skin inflammation to the lowest in the industry.

Ford employees continually are under health supervision by the company's hospital staff. Besides the portable X-ray unit, the company has a rehabilitation program which assures that suitable employment will be provided for men recovering from illness and for those workers with disabilities or allergies. At the direction of the medical transfer department four inspectors tour the Rouge plant constantly seeking assignments for employees who have physical deficiencies. The use of penicillin and sulfa drugs has reduced the possibility of future disability through infection.

Ancient Counting Device Proves Superior to Machine

The curious counting device called the abacus, which proved to be faster than mechanical calculating machines in contests at Yokohama and Tokyo, is used by every oriental merchant, bookkeeper, banker and money changer. Many of them click the brightly-colored wooden beads for such simple sums as two plus two. Though the principle is possibly of Egyptian origin, the abacus was developed by pre-Christian Greeks and Romans.

Pebbles were first used on the counting tables, which were lined in parallel columns for units, tens, hundreds, etc. The pebbles were moved up and down, just as abacus beads are pushed on their metal wires or rods. The ancient abacus progressed to a board containing parallel grooves, with longer slots below and shorter ones above. In the grooves were inserted small wood knobs for counters.

The abacus is believed to have been introduced into China in the 12th century. Japan did not adopt the mathematical wonder until the 16th century, naming it "soraban." Chinese and Japanese work the abacus from right to left, and read it from left to right. There are ten rows of counters. Five lower bobbins on each row count as ones; two uppers as fives. Each column represents a power of ten, and the operator can "borrow one" or "carry two" and can express totals in billions.

Penicillin Effective in Treatment of Mastitis

A good share of mastitis cases in cows can be cured with penicillin, if taken quickly after infection begins, says Successful Farming magazine. Penicillin checks under infections with ease and the cow can be treated with penicillin while milking as easily as when she is dry with little loss of milk or udder damage. Treating a cow with penicillin often gets results in 24 hours and the drug does not irritate the udder, as many others do.

Experience with penicillin shows it is successful in a large share of cases. Some cows infected with mastitis have been cured with the drug, and are now in their third and fourth lactations. Quarters nearly gone are milking normally.

Penicillin does not kill bacteria by contact, as do disinfectants. A concentration must be kept in the udder for some time, which may mean two to five penicillin injections. Penicillin treatment is often less costly than other drugs. When some other drugs are used, milk cannot be used for 7 to 10 days after treatment. With penicillin, a cow is likely to be back to normal in a few days.

Boston Stone

In a narrow Boston street, seldom seen by passers-by as they hurry along, is a strange looking granite ball which is embedded in the side of a building. Below it, on a granite block, is carved the wording "Boston Stone, 1737." Few realize that the ball and the stone were brought from England more than two centuries ago in the hold of a small sailing ship, and constituted the first paint mill on the North American continent. Thomas Child, house painter and stainer, who had ordered it, set it up before his shop on Marshall Lane, where, for many years he placed pigment and oil in the trough hollowed out of the lower stone and rolled the round stone, or muller, back and forth over the mixture, crushing and grinding the paint materials together until they made a smooth liquid coating for the protection and beautification of Colonial homes. That was the primitive antecedent of the modern ball mill.

Furniture Designs

The outstanding furniture designs of the 18th century originated in England. These include Queen Anne, Chippendale, Adam, Sheraton, Georgian and the style known as Regency, which was influenced by styles developed by French designers. In the United States distinctive styles were developed, as Duncan Phyfe, the Federal American and the Colonial Empire. These American styles borrow freely of the best elements found in English and French furniture of the period. In France the Louis XIV, Louis XV, Louis XVI, Regency, Directoire and Empire period styles were evolved. These affected both English and American design. The Louis XV and Louis XVI styles are elegant, pretentious and beautiful, yet at the same time comfortable and easy to live with.

Brooding Hens

Because of the frequency of its appearance, the question often arises as to whether or not broody hens are profitable and whether they should be culled from laying flocks. If a high intensity of lay has been bred into the birds, they may have periods of broodiness and still lay profitably. As a rule, one period of broodiness is usually followed with another, and breaking hens from broodiness requires a great deal of time—more than most poultrymen have to spare. Furthermore, if birds that show signs of broodiness are used to produce hatching eggs, it is highly probable that the tendency to broodiness will appear in their progeny.

Urge Caution in the Use Of Electrical Equipment

Before using electrical equipment make sure that hands and feet are dry, and that you aren't standing on a damp spot. Keep the equipment away from moisture.

Here are some other electrical don'ts:

Don't use more than one piece of portable equipment on one outlet.
Don't use metal sockets in farmstead wiring; use porcelain or other approved non-metallic ones.
Don't use pull-chain switches unless they contain an insulating link or cord.

Don't overload your motors.
Don't let the braid or insulation on wires get frayed; make repairs or replace cords at the first sign of danger.

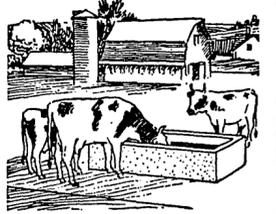

Don't tamper with permanent wiring unless you have first cut off the current at the fuse box or master switch.
Avoid the use of more than one or two extension cords in any one outlet. More convenient outlets may be needed.

Beware of the high voltage power lines, don't touch them or allow any high equipment, loose wire or other item to contact them.

Never use electric wiring or equipment for playful experimenting or practical joking.

Concrete Water Tank

A concrete livestock watering tank is watertight, furnishing an ample supply of fresh water in readily accessible troughs. A concrete pavement six feet wide around the tank is highly desirable to provide a clean, mud-free platform for livestock to stand on.

That's your grandfather, son. He raised a record crop of soybeans back in 1943.

Slant the Farrowing Floors to Save Pigs

An ingenious lifesaver for little pigs—as simple as it is practical—is the result of an accident in Kentucky. The results were so fortunate that the U.S.D.A. is commending the method widely as a good way to increase efficiency in meat production. The new method is to slant the floor in farrowing houses, as the sow prefers to lie down on a sloping floor. The mother will select the high side, and save the pigs.

Tropical Island

Sumatra, one of the islands in the East Indies chain, is sparsely settled, with less than ten million people in an area larger than all New England, New York and Pennsylvania. Its tribesmen, especially in the mountains and remote interior, were slow to accept European conquest. This hot and humid land astride the equator is spread with vast forests and jungle, where tropical birds and monkeys chatter, and plants, like Jack's beanstalk, grow a foot or more a day. Still common are elephants and tigers; crocodiles, pythons, and cobras; the lumbering orang-utan and the agile gibbon.

An Invitation . . .

Personally, To You And Your Family

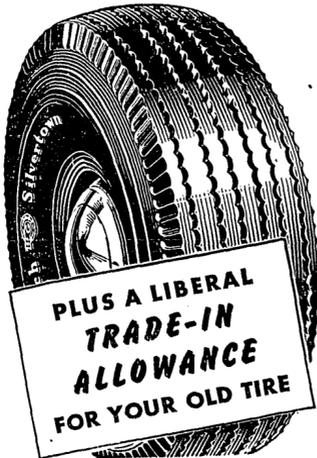

You are invited to our Open House --- Friday, June 6, 1947, starting at 9:30 a. m. --- movies and general farmers' day gathering, with free lunch at noon.

Some new machines will be shown, and we want you to see our new parts department and better equipped shop. With your spring work done, come and enjoy the day!

NOW! B. F. Goodrich Silvertowns AT LESS THAN PREWAR PRICES

for all popular sizes of the tire that **OUTWEARS PREWAR TIRES**

Yesterday's Price 16.10
Prewar Price 14.75
TODAY'S PRICE ONLY **14.40** 6.00-16 * PLUS TAX

5.50-17-14.20*, 6.50-16-17.45*, 7.00-15-19.35*
B. F. Goodrich announces a big reduction in the price of the famous Silvertown tire!
Yes, you can now buy all popular sizes of the tire that outwears prewar tires at actually less than prewar prices! And despite higher manufacturing costs too. One of the things that makes possible this huge price reduction is the tremendous demand for the new Silvertown—greater than for any tire B. F. Goodrich ever produced. In fact, more miles have been driven on this new tire than any other tire introduced since the war.

PLUS A LIBERAL TRADE-IN ALLOWANCE FOR YOUR OLD TIRE

State Tax Collections Soar To Six Billion in 1946

The nationwide total of \$5,950,000,000 in state tax collections for the fiscal year 1946 scored an all-time high and continued the uninterrupted upward trend begun in 1937, the council of state governments reported. Total collections in the 12 months preceding July, 1946, represent a 6.2 per cent increase over receipts for fiscal 1945 according to calculations based on bureau of census figures. This year's total also marks a 34.7 per cent gain over 1941 collections, and exceeds 1937 collections by 77.2 per cent.

Payroll, general sales, motor fuel and income taxes account for 61.6 per cent of all 1946 state tax revenues. Payroll taxes alone accounted for 17.4 per cent of state tax receipts, totalling 1.03 billion dollars. Though the biggest single item in 1946 collections, this figure is still somewhat less than last year's 1.25 billion dollar total. The decline is accounted for by reduction of overtime pay, shift of war-workers to lower-paid jobs, and effect of strikes throughout industry.

Motor fuel tax receipts, following termination of gasoline and tire rationing, surged upward to second place in nationwide state tax collections for 1946 with a 900 million dollar total, greatest since 1942's 942 million dollar all-time high. The 1946 total amounts to 15.1 per cent of the total state tax revenues for the year.

Wyoming Grasshoppers Eat 792 Lbs. Forage Per Acre

A rate of feed consumption for grasshoppers which may even run ahead of the forage production on native range was described here by the Wyoming experiment station. R. E. Pfadt, entomologist, reported that when grasshopper populations reach as high as 35 to the square yard, the insects can consume native forage at a rate faster than it is produced on the mixed prairies of eastern Wyoming.

Pfadt's report is based on a study of the feeding habits of one of the common range grasshoppers, *Aulocara Elliotti*. This species was caged and its feed consumption measured. The experiment was conducted at Manville, Wyo.

When these grasshoppers were begun at a level of 35 to the square yard, they ate at a rate of 792 pounds of forage per acre during one season, he revealed. Where there were 25 to the square yard, they ate at a rate of 489 pounds per acre, and where there were 15 to the square yard, they ate at a rate of 406 pounds per acre.

Investments in Cuba

Direct investments of 560 million dollars by the people of the United States in Cuba were larger than those in any other country except Canada at the outbreak of World War II. The 560 million dollar figure is based on the latest available compilation by the department of commerce, and represents about 8 per cent of the grand total of United States direct investments throughout the world. The department's figure, it is pointed out, represents a value after "technical adjustments" at which certain of the investments were carried. Nearly half of the total United States investment in Cuba was in agricultural enterprise amounting to 241 million dollars, mostly in the sugar industry. The bulk of the remainder consisted of: public utilities and transportation, 233 million dollars; manufacturing enterprises, 27 million dollars; businesses concerned with distribution of products, 12 million dollars; petroleum, 10 million dollars; and mining and smelting, 7 million dollars.

Indian Myth

Where the Colorado river cuts through a westward-running spur of Arizona's Black mountains stand the gigantic doorposts of the house of Matavilya, chief ancient diety of the Piute Indians. They are two black bluffs, the eastern one more than 500 feet high, facing each other across the river. Matavilya, in Indian mythology, was the first great supernatural being to inhabit the earth—the child of earth and sky. He created the animals who, in their gratitude, banded together to build him a house. At that time there was no river. But even the great god—so great that he never appeared to Indians even in a dream—was mortal. When he died it was the duty of his eldest son to free his earth-bound spirit by destroying his house. This he did by creating the river and leading it through the site. It destroyed all of Matavilya's house except the extant remains.

Cuba Good Customer

Cuba became the third best cash customer of the United States during the war years, exceeded only by Canada and Mexico, according to department of commerce figures. On a per capita basis, Cuba ranks second only to Canada in goods bought from the United States. The extent of Cuba's ability to buy this country's goods depends directly on the extent of Cuban sugar sales to United States. In 1932, when imports of Cuban sugar into this country fell to the lowest point in many years, amounting to only 39 million dollars, Cuba's purchases from this country declined to about 29 million dollars.

"You Bet Your Life"

Hartford, Conn. (Special) — More Americans were killed and injured in automobile accidents last year than any year since the war.

The 1946 totals — 33,900 killed and 1,300,000 injured — are contained in a booklet entitled: "You Bet Your Life," thirteenth in an annual series of traffic safety booklets.

The report, based on official records from the 48 states, contains tables comparing accident figures for last year with the 1941 summaries. "Compared with 1941," the booklet states, "the 1946 record is heartening. But the death and injury totals remain far too high. No one can feel any complacency about a record which shows 33,900 human lives sacrificed on the altar of human carelessness."

Other highlights from "You Bet Your Life" are:

Two out of every three automobile accidents in the United States last year involved mistakes by drivers.

Exceeding the speed limit was responsible for 42 per cent of the fatalities. In no other year since the record has been kept has speed loomed so large as a factor in accidents.

Nearly one-third of 1946 automobile accident fatalities were pedestrians.

More than 70 percent of all accidents occurred on dry streets and highways in fair weather.

Fifty percent more persons were killed between intersections in cities than at intersections.

Less than 10 percent of vehicles reported in fatal and non-fatal accidents were found to be mechanically defective.

Sixty percent of all fatalities occurred during the hours of darkness when only about 25 percent of a day's total traffic was on the roads.

Saturday became the most dangerous day to travel in automobiles for the first time since the record has been kept.

Anticipation Is Fine

A recent editorial in Hoard's Dairyman says in part: "Too much time is being spent in trying to anticipate just what is going to be the agricultural situation in two, three, or more years. No question but that good farm management calls for a person to pay some attention to the trend of agricultural prices. To dwell upon, these things as much as we have observed, seems unnecessary and does take a lot of time which could be devoted to laying out good, solid farm practices."

"It makes no difference what prices the future holds for us, whether high or low, good farm practices will be essential to successful farming. There are those who are looking forward to Uncle Sam maintaining prices so that the producer would not be penalized for growing too much. We sometimes wonder just how much the producer wants to be controlled. We sometimes wonder if Uncle Sam is rich enough to maintain what is termed "good prices" in the face of over-production.

"We have often said that price is one of the best regulators of production and consumption that has ever been invented. If prices become too high, production is stimulated and consumption is curtailed; if they become too low, consumption is increased and production curtailed."

"But why do we need to spend so much time worrying about what the future holds for agriculture? Let's be sensible and keep informed on what the world will need, try to produce it, and regulate our own production in keeping with the demand."

A Really Sweet World

It will become a sweet world again for Ho Chun Fai of Canton, China, when he receives a letter from the U. of Idaho, telling him that he can study sugar beet technology at Idaho's College of Agriculture.

Ho Chun, a graduate of the College of Agriculture of Lingnan university in Canton, has his mind made up on becoming a sugar beet expert, and the University of Idaho is the only institution in the world which has a "sugar beet school." Things seemed pretty bitter to Ho Chun when the Idaho Board of Regents voted last summer to admit no new out-of-state students until crowded conditions were alleviated, but he

Huge Renair Program

An \$8,000,000 rail and ballast program, one of the largest in 25 years, has been inaugurated by the Northern Pacific railway for 1947, C. E. Denny, president, announces.

The program, contingent on the availability of steel and labor, provides for placing 38,250 net tons of new rails and 950,000 cubic yards of stone ballast this year as part of the company's continuing improvement program.

New 131-pound and 115-pound rails will be laid on 174 miles of the main line and 329 miles of track will be

ballasted. The ballast program covers all seven divisions and new rails will be laid in six of the seven divisions. The ballast is produced at eight plants located in Minnesota, North Dakota, Montana and Washington.

PUBLIC AUCTION

I will sell the following personal property at the Whybark barn in Juliaetta, Idaho, on

Friday, June 6, 1947

Commencing at 1:00 P. M.

14 — CATTLE — 14

- 1 6-yr. old Brindle Cow, milking 4 gal., will freshen in Jan.
- 1 5-yr.-old Spotted Guernsey, milking 3 gal., will freshen in Oct.
- 1 7-yr.-old Wf. Guernsey, milking 3 gal., will freshen in Sept.
- 1 3-yr.-old Spotted Guernsey, milking 4 1/2 gal., been fresh 6 weeks
- 1 3-yr.-old Wf. Guernsey, milking 4 gal., been fresh 1 month
- 1 Roan cow with two calves
- 1 2-yr.-old Jersey heifer and calf
- 1 Wf. grade yearling bull
- 2 White Face calves — good veal
- 1 White Face Black bull calf — weaned

4 — HORSES — 4

- 1 3-yr.-old black and white gelding (green broke)
- 1 4-yr.-old roan horse, work or ride
- 1 Yearling Appousley mare colt (broke to lead)
- 1 Smooth-mouth white horse, good all around
- 2 Sorrell-mares, 7 and 8, well matched, work any place

MISCELLANEOUS

- 1 Silent Sioux Oil Stove — same as new
- 1 7-foot Zenith Refrigerator — good
- 1 1938 1-ton pickup — with stock rack
- 3 Spools of new barb wire
- 1 Roll of new chicken wire
- 7 Rolls of new roofing
- 3 Sheets of new plywood
- 1 20-gal. crock 30-gal oil barrel
- 20 lbs. Clover seed 1 5-ft. stepladder
- 55-gal oil barrel 1 Salmon spear
- 1 100-lb. lot Sweet Clover seed
- 1 No. 45 Royal Blue cream separator, good
- 50-ft. garden hose 1 Small set of blocks
- 1 Set double trees and extra single trees
- Axes, sledges, saws, wedges, shovels, and a lot of small articles
- 50 Cedar posts 6 and 8-ft.
- 1 Small anvil and vise (all in one)

HARNESSES, ETC.

- 3 Sets of harness 1 Saddle
- 6 Horse collars 1 Mounted deer head
- 1 Pair leather chapps

CHICKENS AND PIG

- 28 White Leghorn hens — 1-year-old
- 2 Buff roosters 14 Colored hens
- 1 Hog (100 lbs.)

Out of Every Dollar Of Your Electric Bill 25 cents is for Taxes

In 1946 The Washington Water Power Company paid \$3,107,331.77 in taxes — an increase of \$657,518.32 over 1945. Taxes took 25 cents out of each dollar paid by customers for electric service. . . . Taxes are necessary to maintain governmental services. If they were not available from Washington Water Power and other business managed companies, these taxes would have to be levied directly upon you and other private citizens.

Found Pearl in Oyster
 Everyone who has eaten oysters has looked for pearls, but Albert Lyall, an employee of the Parma Water Lifter company, Parma, Idaho, knows what it is to find one. On discovering a small pearl in a can of oysters he had purchased, he took it to a Nampa jeweler, who stated the gem was worth \$300.00.

NOTICE OF SPECIAL ELECTION

Notice is Hereby Given, that a Special Election will be held in the Village of Kendrick, Latah County, Idaho, on Tuesday, June 24, 1947, pursuant to that certain order of the Village Trustees of said Village, entered on the 3rd day of June, 1947, for the purpose of taking a vote of the qualified electors of said village who have been bona fide residents thereof for more than thirty days prior to said date, and who are qualified electors of the State of Idaho, as defined in Section 17, House Bill No. 148, (Liquor-By-The-Drink Bill), upon the following question, to-wit:

Referendum — Local Option — A petition, in writing, signed by not less than 20% of the registered, qualified electors of the Village of Kendrick, having been duly presented to the Village Trustees, requesting the Village of Kendrick to arrange for a Village election for the purpose of deciding whether Liquor By The Drink is desirable for the Kendrick community, and as a protest against the issuance of any license in said Village under provisions of House Bill 148, as passed by the Legislature of the State of Idaho, Twenty-ninth Session, 1947.

Sale of liquor by the drink... No Sale of liquor by the drink... Notice is Further Given, that the polls will be open for said special election in the Village of Kendrick, at the City Hall, from the hours of 9:00 o'clock A. M. to 7:00 o'clock P. M., on the date hereinabove specified.

Qualified voters are those duly registered and who are residents of the State of Idaho for six months, and of the village for 30 days prior to day of election. Voters may register at the Red Cross Pharmacy. Registration books close at 6:00 p. m. Saturday, June 21, 1947.

Dated at Kendrick, Idaho, this 3rd day of June, 1947.

FRANK ABRAMS, Clerk of the Village of Kendrick, Idaho.
 First pub. June 5, 1947

PACIFIC NORTHWEST MARKS MAINTAIN STEADY TONE

Cash wheat prices in the Pacific Northwest markets showed only moderate fluctuations during the week with the spread between the high and low bids for the period only 4 cents per bushel, and at the close were unchanged from the previous week, according to reports received by the Production and Marketing Administration, U. S. D. A. Trading, however, was much more active than other recent weeks with the Commodity Credit Corporation interested in wheat for export; and the flour mills in this area were reported to have sold rather large quantities of flour to government buyers for export during the period and were also in the market for export types of wheat. Barley for quick delivery was also in good demand both for export and for feed, with bid prices up \$1.00 per ton during the week. Trading in oats was not so active but quotations were 50 cents per ton higher. Cash corn prices followed the futures and advanced about \$2.75 per ton during the week. Reports of rather serious damage to the growing grain crops in some sections of the Pacific Northwest have been received through the grain trade. The following is from the weekly report of the United States Weather Bureau on conditions in Oregon:

Drought which is now fairly well established over considerable acreage in the major wheat belt in Oregon west of Morrow County has considerably slowed development of winter and spring grain. Top soils are dry and some further browning has occurred to grain seeded on shallow soils and, in some cases, on soils of light texture. Early seeded spring wheat in Gilliam County is reported as beginning to head very short. Elsewhere in Oregon grains are reported in fair to good condition although all observers report that rain is badly needed. Showers of rain in wheat belt between Hood River and Morrow counties is now considered critical.

The demand for cash wheat in the Portland market has been rather active during the week. Changes in market quotations were not so pronounced but trading was more active than other recent weeks especially for export types of wheat. According to reports in the trade the Commodity Credit Corporation purchased approximately two cargoes of wheat for export during June, also a rather large quantity of flour was reported to have been sold by the mills in the Pacific Northwest to the government for June export, which also required wheat of the ordinary export classes. The demand for high protein wheat for the manufacture of domestic flour was not active and premiums on high protein were reduced. According to trade reports, this unexpected export business for June will require a large percentage of the remaining stocks of export classes of wheat in this area. Practically all of the wheat purchased by the Commodity Credit Corporation during May has arrived at the terminals and car receipts declined materially during the week, with only 316 cars received at the Columbia River terminals and 335 at the Puget Sound terminals compared with 567 and 581, respectively, for the previous week.

Bid prices at Portland Grain Exchange were as follows: Soft White, Soft White (no Rex), White Club, Western Red, and Hard Red Winter, ordinary, all \$2.40 per bushel, basis No. 1 bulk, 15-day shipment for coast delivery. Wheat receipts at Ogden during the week totaled 50 cars. Through shipments were—Los Angeles 8 cars, Eastern markets 54 cars, Salt Lake City 3 cars, diversions Eastern market 1 car. Quotations at Ogden were the same on all classes of wheat, with no premiums for high protein Hard Red, and were \$2.26 per bushel, basis No. 1 bulk, delivered Ogden mills. Prices quoted f. o. b. country points were about 16 cents per bushel under Ogden.

The San Francisco wheat market supply situation remained very tight during the week and prices held around the high points for the season. Demand was far from head with purchases generally complying to small quantities for nearby needs but there was almost complete lack of offerings. With central California stocks of old crop wheat exhausted, no important new crop movement is anticipated until June. Some movement was reported as thrashed in the southern San Joaquin Valley but these supplies were moving to the Los Angeles market at relatively higher prices than in the bay region. Offerings of wheat from shippers in Intermountain and Rocky Mountain states also were small due to light remaining stocks in those areas and ability to secure higher prices than afforded by shipping wheat to the Bay region. At the same time lack of any important offerings apparently was not a great market hardship at San Francisco. Mills reported slow flour business and feeders were turning more to other low priced feedstuffs in place of using usual quantities of wheat.

Market, San Francisco: California grown No. 1 Hard White and No. 1 Soft White wheat \$4.10-4.15 per 100, sacked. Cash wheat values in the Kansas City market were relatively unchanged from a week ago. Premiums were moderately improved from the near blank situation prevailing early in the period. Late dealings were mostly on a basis of 3 to 3 1/2 cents over the May for No. 2 Hard ordinary and scaling up to 5 cents over for 15 percent protein. Demand was good considering the available supply. Mill interest was limited, leaving the bulk of offerings to merchandisers and order buyers. Arrivals totaled 596 cars.

Grain markets were firm to higher for the week at Minneapolis, with government buyers in the market for appreciable quantities of wheat, barley, and oats for immediate shipment to seaboard by the Great Lakes. Trading basis on wheat and oats at Minneapolis was switched to July during the week at premiums high enough to offset price differentials between these two deliveries. Wheat movement was slightly larger with some 1,400 cars received at Minneapolis and 1,000 at Duluth. Demand was good for all except South Dakota.

VETERANS USED VEHICLES

Mail us a self-addressed envelope today — if you're interested in buying one of these vehicles.

IDENTIFY TYPE WANTED BY GROUP NUMBER

For sale to World War II Veterans Only — One Per Person — At Low Fixed Prices — Limited Quantity of Each Type Available — In Fairness to all Veterans Desiring to Buy. Eligibility to purchase will be determined by an "Envelope Drawing" and will be limited to only those veterans who have NOT previously purchased same items.

Here's All YOU DO

1. Print your name and address plainly on a stamped envelope.
2. Indicate in upper left hand corner of envelope the type of vehicle you are interested in—by group number as listed above.
3. Place "Self-addressed envelope" in another envelope and mail to WAA Customer Service Center listed below.
4. If you are interested in more than one type of vehicle, mail a separate envelope for each type desired being careful to designate type vehicle you want by correct group number in upper left hand corner of envelope.
5. CAUTION: You will be disqualified if your envelope carries more than one group number or you submit more than one envelope for each type of vehicle.
6. Eligible envelopes will be sorted by group number and the states of Region 30—Utah, Nevada, and Idaho. A member of an impartial Veterans' Committee will draw envelopes at random from a selector box for each group on a percentage representative of veteran population from the three states. Envelopes drawn will be returned to sender with enclosed "signed admittance card," stating when and where desired type of vehicle may be purchased and giving detailed information on price, condition, etc.
7. To purchase these Veterans Set-Aside Items you need: (a) Signed Admittance Card, (b) Honorable Discharge Papers, or Satisfactory Evidence of Return to Inactive Duty Status. Bring both to the sale. You do not need any other certification.
8. Envelopes not drawn will be retained for at least ninety days. If more vehicles become available, further drawings will be held.
9. If your envelope is not drawn within ninety days, it will be returned to you.

Be prepared to pay cash, and take delivery. These "Veterans Set-Aside Items" may not be purchased for resale.

FIRST DRAWING — JUNE 16, 1947
 Future drawings will be held as items become available.

And Remember:

For the best in dairy products always insist on Potlatch Chief brand products.

Have you had any Potlatch Chief Cottage Cheese lately? It's really delicious, especially when served with fruit.

Strawberry Sundaes!

With the strawberry season here, why not serve fresh strawberry sundaes for dessert this evening? Such a treat would make a real "hit" with the family, if made with that extra fine Potlatch Chief ice cream. Get your supply of Potlatch Chief Ice Cream today.

Said the doctor to the young matron: "You need plenty of fresh air. But when you go out, be sure and dress warmly."

Said the matron to her husband: "Dear, the doctor says I might have a nervous breakdown if I don't go to a dude ranch out west for a vacation and if I don't get a new mink coat."

First Souze: "Shay, Fred, I'm in a awful jam. I need 50 dollarsh right away, and I don't know where I can get it."

Second Souze (not quite so drunk): "Glad to hear shat, I was afraid for a minute you had the idea you could borrow it from me."

Remember: "Potlatch Chief" brand products are your assurance of real quality.

Don't Forget — We are always in the market for your cream and eggs. No shipping, no fuss,

LINDEN NEWS ITEMS

Week-end visitors at the home of Mr. and Mrs. Louis Alexander were: Mr. and Mrs. Earl Dunham and two children from Walla Walla; Mr. and Mrs. Ronald Dunham of Seattle, and Mrs. Sylvia Jenks of Lewiston. Mrs. Earl Dunham and Mrs. Alexander are sisters, and Mrs. Jenks is their mother.

Mr. and Mrs. Ted Grinolds and children are spending a few days in Moscow with her parents, Mr. and Mrs. Asa Hill.

Mr. and Mrs. Clarence Wilson and baby were Sunday visitors at the home of his parents, Mr. and Mrs. Stewart Wilson.

Mr. and Mrs. Claude Pippinger, Mr. and Mrs. Wayne Pippinger and son Paul, Mrs. Edgar Bohn and Mrs. Alfreda Keelan, all of Orofino; Mr. and Mrs. Louis Porter, Cavendish; Mr. and Mrs. Melvin Garner and children, Kendrick; Mrs. Arthur Foster and children and Mrs. Marion Souders were Memorial Day visitors at the home of Mr. and Mrs. Arley Allen. All brought well-filled baskets and planned a picnic dinner, but due to rain, the lunch had to be eaten indoors.

Donald Kuykendall and a friend from Lewiston were guests in the Lester Weaver home Sunday. Mr. and Mrs. Frank Jean of Juliaetta were visitors in the Weaver home last week.

Mrs. Felix Holt, Mrs. James Holt and Mrs. Paul Evans visited Mr. and Mrs. William Holt at Moose Meadows, near Bovill, Wednesday.

Mr. and Mrs. Arley Allen were Sunday dinner guests of Mr. and Mrs. Arthur Foster.

Mr. and Mrs. Louis Alexander spent Sunday evening with Mr. and Mrs. Alva Craig.

Mr. and Mrs. Lloyd Israel of Moscow were week-end visitors at the Clom Israel home.

Mrs. Marion Souders accompanied Mrs. Chas. Greenwood and Burton Suders, Sr., to Spokane last Thursday.

Visitors at the home of Mr. and Mrs. Chas. Keeler on Memorial Day were Mr. and Mrs. Eugene Mattoon and baby and Mrs. Helen Berreman, all of Lewiston.

Mrs. Anna Weaver and family spent Memorial Day in Moscow.

Those attending the annual R. E. A. picnic lunch at Lewiston were Mr. and Mrs. Arthur Foster and family, Mr. and Mrs. Frank Lyons, Mrs. Anna Weaver, Clarence, Dama and Stella Weaver, Mr. and Mrs. Addie Alexander, Mrs. Pederson and children, Mr. and Mrs. Stewart Wilson and Mr. and Mrs. John Darby and daughter Jo.

SOUTHWICK NEWS

Mr. and Mrs. Ralph Wright returned home Friday, after spending the past month visiting in Pennsylvania with their granddaughter and family, Mr. and Mrs. Vernon Hoover and children. They made the trip by car with Mr. and Mrs. Clarence Henderson of Lewiston.

Mr. and Mrs. Gordon Harris were dinner guests of Mr. and Mrs. Charlie Harris, Sunday.

Mr. and Mrs. Jake Neumann spent Sunday in the Everett Neumann home.

Rollin Cuddy of Orofino spent the week-end with his parents, Mr. and Mrs. Arnie Cuddy.

Mr. and Mrs. Don Cantril, Mrs. Annie Longteig and John and John Meland attended the Commencement Exercises in Lewiston Wednesday evening.

Mr. and Mrs. Virgil Harris were

dinner guests in the home of Mr. and Mrs. Ealner Carlson at Kendrick Friday evening.

Jay Thornton, who is employed at Elk River, spent the week-end here with his family.

Mr. and Mrs. Homer Betts of Lewiston were over-night guests in the Wm. Kauder home Wednesday night.

Mrs. Annie Longteig left for Lewiston Sunday and will accompany her sister, Mrs. Jose Berreman to Coos Bay, Oregon, where they will visit their brother.

Mr. and Mrs. James Reece and daughter of Cavendish called at the Wade Candler home Monday evening.

Tilden Torgerson of Deary called at the Virgil and Gordon Harris and Essel Stalnaker homes last Tuesday and Wednesday.

Lou Watson spent Saturday night and Sunday in the Virgil Harris home.

GOLDEN RULE

An airplane came over from Elk River Monday evening and dropped supplies by parachute to Ralph Clugey, who was staying at the Glen Betts home while assisting with the repair of the Mason Butte telephone line and other lines. They completed the work Saturday evening.

Phyllis Babb and Mrs. Don Christenson and daughter were recent visitors at the Glen Betts home.

Little George Jones, son of Mr. and Mrs. Henry Jones, Kendrick, returned to his home Wednesday after spending several days at the Carl Finke home.

Mrs. Carl Finke called on Mrs. D. V. Kuykendall, Thursday.

Eugene Betts had the misfortune of almost cutting off the end of his left thumb Saturday, with an axe. It was necessary for Dr. Christensen to take three stitches.

George Finke, Jr., was a dinner guest at the Carl Finke home Sunday. The dinner honored little Jerry's birthday anniversary.

Mrs. Roy Martin and children returned home here for the summer, after spending the school term in Lewiston.

Stanley Martin had his tonsils removed by Dr. Christensen, Friday, at Kendrick.

Mrs. Viah Dodge of Alaska is visiting relatives and friends here. She will return to Alaska about the middle of June.

Ivorah and Anna Hoizath of Lewiston are making an indefinite stay at the Fred Stage home.

Jobs Offered Graduates

University of Idaho — Welcome mats have been well dusted this year by employers for University graduates. Some outstanding students have had six to eight offers to consider. All graduates can get a job if one is wanted.

Harlow H. Campbell, director of the placement bureau, in commenting on the heavy demand for teachers, said that "we have been able to fill only a small percentage of the requests." Dean J. E. Weitzin of the school of education added that the trained teacher is a much sought after individual.

A survey of the various other divisions of the university revealed similar situations.

Dean D. R. Theophilus, college of agriculture: "Every graduate is either employed or will be by commencement. Some had a choice of three or four jobs."

Dean Allen S. Janssen, college of engineering: "Job offers have been plentiful. About 40 concerns looking for men have contacted the college. Several eastern firms which had not contacted us in any previous year were in the field bidding for graduates. Representatives of some concerns have visited the college twice seeking men. Many of our graduates this year, particularly former G.I.s, are older and more experienced than average graduates, and companies have been upping salaries in recognition of these factors."

Dean D. S. Jeffers, school of forestry: "There have been two to three job offers per man. Some haven't decided yet which job to take."

Dean Arthur W. Farenwald, school of mines: "Representatives of mining engineering and mines companies have been scouting the classrooms for some time. All graduates are placed."

Miss Margaret Ritchie, head of the home economics department: "We have 15 graduating seniors, and could have placed 100. The war impact is just now catching up with home economics."

A. A. Beecher, head of the music department: "Picking a job this year has been like shopping in a five and

Note About Grangeville

Grangeville: Farmers and stockmen in this area organized the first Grange in Idaho, and in 1876 built a flour and grist mill and a Grange hall. Such was the beginning of Grangeville as the pioneers worked on one hand to build a community and stave off the Nez Perce Indians with the other.

In 1898, during the gold rush to the Buffalo Hump mines, Grangeville became the outfitting point for the pack trains. In 1902 the seat of Idaho county was moved from Mount Idaho to Grangeville. Situated on Threemile creek, Grangeville has an elevation of 3,323 feet.
