NO. 24

## WHAT CAMERON FOLKS ARE DOING THESE DAYS

Mr. and Mrs. Edwin Mielke and daughters, Mr. and Mrs. Glenn Newman and Mr. and Mrs. Fred Newman attended a meeting of the Lewis-Clark Wildlife club at the Lewis-Clark hotel, Lewiston, Monday evening.

Walter Koepf, Glen Wegner, Fred and Wally Newman were fishing on the Selway Thursday and Friday.

Mrs. A. H. Blum and daughters, Mrs. Wilbert Brunseik and Mrs. Albert Glenn were called to Lewiston over the week-end by the critical illness and death of their husband and father, A. H. Blum.

Mr. and Mrs. August Brammer and family were Sunday evening visitors in the home of Mr. and Mrs. Russell Rodgers.

Mr. and Mrs. Herman Meyer drove to Parkland, Wash., the first of last week and brought their daughter, Dorothy, home. She was a sophomore at Pacific Lutheran College.

Elsie Kruger accompanied Mrs. John Blankenship and daughter Betty to Spokane, Friday.

Loueda Meyer stayed with her sister, Mrs. Herman Siflow, while her parents were at Parkland, Wn., the first part of last week.

Mr. and Mrs. Henry Wendt were Moscow visitors on Friday.

Edwin Mielke, George and Kenneth Wilken were fishing at Gedney creek in the Selway over the week-end. They brought back some very nice steelhead.

Mr. and Mrs. Dave Schoeffler and Henry Bleck were Sunday visitors of Mr. and Mrs. Earl Whiting.

Mrs. Ida Siflow was the hostess at a birthday anniversary party in the home of Mr. and Mrs. Fred Siflow in Kendrick, Friday.

Among those present were Mr. and Mrs. Aug. O. Wegner of Pullman; Mr. and Mrs. Herman Siflow, Mr. and Mrs. Otto Siflow and Mr. and Mrs. Gus Kruger and daughters.

Mr. and Mrs. Ed. Mielke and daughter visited with Mr. and Mrs. Glen Wegner Sunday evening.

Mr. and Mrs. Fred Newman, Mr. and Mrs. Ed. Mielke and daughters; Glenn and Wally Newman and Maurice Hudson were fishing at Soldiers Meadow Wednesday. They brought back their limit of very nice trout.

Mr. and Mrs. Marvin Long were Sunday evening visitors in the home of Mr. and Mrs. Gus Kruger.

Mr. and Mrs. Otto Siflow and family and Mr. and Mrs. Walter Siflow and family picnicked and fished at Winchester lake Sunday.

Miss Helen Mielke was a luncheon guest of Mrs. Stoneburner and Miss Hartung, Friday.

Mr. and Mrs. Otto Siflow visited with Paul Siflow in Lewiston, Friday.

**Salt For Big Game Animals**

Forty-nine tons of salt will be dropped soon from planes to Idaho game animals with the compliments of the fish and game department and federal aid projects.

T. D. Bildeau, big game supervisor for the state, said today that a Pittman-Robertson project for distributing of the air-borne salt had been approved and that planes would start bombing selected areas of elk and deer terrain as soon as transportation contracts were completed. The state game department has been using planes for dropping of salt for several years, but this is the first time that the program has had the assistance of federal funds. The expansion has made possible the delivery of more salt from the sky, Bildeau said.

Thirty tons will be dropped north of Salmon river. Ten tons of this amount will be scattered in Paradise counties and the rest in the big game area generally called the Selway. Of the 19 tons marked for southern Idaho, the bulk will be unloaded over Salmon river and tributaries. Several tons are scheduled for Pocatello game preserve and the Swan Valley country east of Idaho Falls.

**Starr Body Recovered**

The body of Alvin C. Starr, former Southwick resident, was recovered from the Snake river near the Clarkston golf course, Tuesday of this week. Starr disappeared from his Lewiston residence May 18. The body bore no signs of violence and the death was believed accidental.

Starr was born at Cavendish, Ida., Nov. 17, 1900. Funeral services will be conducted today (Thursday) from the Merchant Funeral Chapel at Clarkston at 2:00 p. m., with interment in Normal Hill cemetery, Lewiston.

**Has Gardenia In Bloom**

Mrs. Howard Hutchison, whose home is four miles west of Juliaetta, has a gardenia in bloom, two beautiful blossoms now being fully opened up — and there are a number of buds yet to open on the plant.

It is but seldom that a home raiser can get one of these plants to bloom — as they are known as a "strictly hot-house professional" item. Mrs. Hutchison is very proud of the plant, and will welcome visitors to their home to see it.

**Word From Wayland Davis**

Word has been received from Wayland Davis that he is now located at Fishing Bridge, in Yellowstone National Park — and he invites any local residents who may visit the park this summer to look him up. He states the fishing is excellent!

**Up And About Again**

Carl Lohman, who has been confined to his home here for the past several months by illness, is again able to be about town.

Carl says he is feeling better every day.

## Get Car Out Of Mud

George Brooke, one of the Soldier Meadow fishing contestants in the trout derby, June 4, got his car hopelessly bogged down on the dirt road into that lake, and was forced to leave it until Sunday, when Wally Brooke, Frank Abrams and himself over with one of the auto freight trucks and a block and tackle and retrieved it.

Even then the job was "no cinch," for some three and a half hours were required by the truck and car to make two miles.

## INTERESTING HAPPENINGS FROM THE LINDEN AREA

**Honor Guest At Picnic**

In honor of Ely Smith, Linden, Idaho, and her sister, Mrs. Anna Mitchell, Polson, Mont., a picnic supper was given Thursday evening at Pioneer park, Lewiston. The guests were all former school mates or neighbors in the Gold Hill community. The evening was spent reminiscing and singing school songs.

Those present included the honorees; Mr. and Mrs. Earl Akins, Mr. and Mrs. Homer Betts, Mrs. William Chilberg, Mrs. Fred Crocker, Mrs. Rose Farrington, Mr. and Mrs. Elmer Hudson and granddaughter Sharon; Mrs. Sylvia Jenks, Mrs. Phillip Kirby, Miss LaQuita Lawrence, Mr. and Mrs. Roy Morgan and daughter Lois; Mrs. Percy Rew and Mrs. Mary Ruberg; Mr. and Mrs. Elmer Stuart, Mr. and Mrs. Oscar Torgerson, Mr. and Mrs. Dick Winegardner, Mr. and Mrs. Charles Zimmerman and daughters and Mrs. Mertie Stone.

All local Grange members as well as Pomona members are urged to be present.

**Tax Deadline Approaches**

From the office of Edna M. Theriault comes a warning that Saturday, June 21, is the deadline for the payment of second half real taxes.

To avoid a penalty, better pay before that time.

**Parents Of A Daughter**

Mr. and Mrs. Willard Schoeffler, Kendrick, are the proud parents of a baby daughter, born to them Sunday morning, June 8, at St. Joseph's hospital, Lewiston.

**Driving New Pickup**

Art Fraser, proprietor of our local dray line is driving a new bright red pickup these days — it's so red it even "out-reds" Henry Jones fire patrol pickup.

**Marriage License**

A marriage license was issued Monday at Lewiston to Floyd K. Heimartner and Betty Burns, both of Juliaetta.

**Improvements About Home**

Bruce Murdock has been busy this past week pouring a new concrete porch at the Wade Keene home, and making other improvements.

## More Rock On Bull Diamond

The heavy rains of the past few days, especially that of Saturday night, deposited more rocks and mud on the local bull diamond. A large part of this deposit is due to the fact that the creek channel is completely closed, not having as yet been opened following the cloudburst of May 30th.

The bridge across the creek is entirely gone, and those traveling the road cross the stream on the boulders and debris — where the bridge used to be.

## AUGUST H. BLUM, COLORFUL PIONEER RESIDENT, DIES

August Herman Blum, 79, for the past 50 years engaged in blacksmithing at Cameron, died at St. Joseph's hospital, Lewiston, at 3:00 o'clock Sunday morning, of complications that came with advancing age.

Mr. Blum was born in Wurtenburg, Germany, in 1868, and came to the United States in 1890, settling first at Winlock, Wash., where he resided for seven years. In 1897 he located at Cameron, on Polilatch, ridge, and had since resided there — operating a blacksmith shop during all his years of residence in that community.

Mr. Blum received his early training as a blacksmith in Germany under the old apprentice system, and built a reputation here for his ability to make anything out of iron and wood — and continued to work at his forge and anvil until claimed by his final illness.

Although of German heritage, Mr. Blum was very proud of his American citizenship, and took a prominent part in Liberty Bond and Red Cross drives during World War I, and also assisted actively to the best of his ability during the last great conflict.

Mr. Blum, a faithful member of Cameron Emanuel Church, and one of its founders, assisted in the building of the original church, and until his death was a consistent worker. He served at various times on road and school boards in that area, and was prominent in boosting for the good of his community. His passing creates a vacancy in this section as a whole, that will long remain, for "Herman," as he preferred to be called, counted his friends by his acquaintances — and a smile and cheery word were a part of him.

Survivors include his wife, one son and three daughters; Gustav A. Blum, Pullman, Wash.; Mrs. Wilbert A. Brunseik and Mrs. Albert Glenn, both of Cameron; Mrs. Clay Albright, Lewiston, and a foster son, Kenneth R. Slead, Cameron; as well as eight grandchildren.

Funeral services were conducted Wednesday afternoon at 2:00 o'clock from Emanuel Lutheran church at Cameron, with the Rev. Theo Meske as officiant. Interment was in the Cameron cemetery.

**Pool Soon Ready To Go**

Monday afternoon Otto Schupfer and Teddy Deobald completed the wiring for the pumps at the Area Living War Memorial Swim Pool, and Jack Kuykendall turned in a few hundred gallons of water to wash it out preparatory to the final coat of paint, and to test the pumps and circulation system — and they worked — and all appears in perfect order.

The sand for the filter arrived last Friday — 16 tons of it, in seven assorted grades, and it took Walter and Orville Sparker, Elroy Kuykendall and Jack Kuykendall just three and a half hours to carry that weight up from the truck to the filter house, dump and spread it! We believe that is something of a record.

All that remains to be done as we go to press is to give the pool inferior its final coat of paint, and install one toilet — which has not as yet arrived — and the pool is ready for use.

Just who the village trustees may select as a life guard we do not know at this time.

**About Old Ammunition**

Due to the appearance of a considerable quantity of old ammunition at the dump ground the fore-part of this week — which found its way into the hands of kids about town — Henry Jones, deputy state fire warden, working with John LeCornu, village marshal, has issued a stern warning against this method of disposal.

If anyone has old ammunition they no longer want, bury it — or throw it into the creek — never at the dump ground, as the grounds must be burned off every-so-often — and then leveled with a bull-dozer, and old shells create a very definite hazard for those doing such work. Too, they are extremely dangerous if they get into the hands of children.

**Road Work Held Up**

Work on the new Brady Gulch highway by the Osberg Construction Co., has been held up considerably the past week by heavy rains, and we understand that some damage was also done to incomplete dirt fills and approaches. At last report from the engineers office at Lewiston the work was considered 35 percent complete.

**Cherries Not Yet Hurt**

Asa Cook, Juliaetta, owner of one of the largest cherry orchards in this section, stated Thursday morning that the continued rains had not as yet injured his cherries, as the cool weather accompanying had retarded their ripening.

If the rains cease soon he expects a good crop of top quality.

## INTERESTING HAPPENINGS FROM JULIAETTA AREA

Miss Donna Jean Nye spent Friday in Moscow at the home of her sister, Mrs. Einar Twait. Saturday Mr. and Mrs. Twait motored to Lewiston and returning via Juliaetta returned Miss Nye to her home here.

Mr. and Mrs. Everett Kirkpatrick and son Donald motored to Post Falls, where they spent the week-end.

Juliaetta Rebekah Lodge No. 9 held initiation ceremonies for three new members last Thursday (June 5). Members bidden were Mrs. Bonnie Tackler, Mrs. Marjorie Lackey and Mrs. Dixie Browning. Out of town guests included members from Kendrick and Moscow. The initiation service was very impressive, with candle-light, spring flowers and formal gowns.

Mrs. Everett Kirkpatrick accompanied by Mrs. Bruce Sherman and Mrs. Bill Howell motored to Orofino Tuesday.

Mrs. Harvie Shepherd and son Douglas motored to Moscow on Wednesday.

Mr. and Mrs. Alden Holdal of Troy spent Monday in the Harvie Shepherd home.

Mr. and Mrs. Everett Millard and children, Mr. and Mrs. Woodrow Nye and Lloyd Nye and Ray Taylor spent Saturday at the Alvin Nye home in Clarkston.

Mrs. Laura Molden returned from Plentywood, Montana, last week.

Mr. and Mrs. Gordon Swears were favored with a visit from Mrs. Swears' father and mother, Mr. and Mrs. M. Lamphier and Mrs. Swears grandmother, Mrs. Dinehart, all of Coeur d'Alene. Carol Ann Swears returned with them to Coeur d'Alene, where she will remain for a vacation stay.

Mrs. Laura Irwin motored to Lewiston Friday to spend a few days with her daughter, Mrs. Hill.

Mrs. Woodrow Nye, Mrs. Laura Irwin, Mrs. Cecil Gruell and Mrs. Sam McMeekan were Friday shoppers in Lewiston.

Little DeAnna Kumpula of Clarkston Heights spent the past week visiting at the home of her aunt and uncle, Mr. and Mrs. Woodrow Nye.

Mr. and Mrs. Everett Millard and family, accompanied by Herb Millard left Monday for Portland, Oregon, to make their home. Enroute they will visit with Mrs. Millard's brother, Bill Spray, at Walla Walla.

Mrs. Cecil Gruell left Monday for Boise, where she will visit with relatives, and from there go to Caldwell where she is a delegate to the Easter Star convention.

Mr. and Mrs. Albert Steen and family have moved back to Stites, Idaho.

Mr. and Mrs. Frank Barton of Moscow and Mr. and Mrs. Chas. Hicks drove to Soldiers Meadow on Wednesday to take part in the trout derby. They report terrible roads — no trout — and lots of people.

The Albert Steen sale was attended by a large crowd.

Mrs. Sam Taber was a Kendrick visitor Saturday.

Mr. and Mrs. Chas. Hicks went with Mr. and Mrs. Frank Barton and daughter Charlene to Priest Lake on Saturday, returning Sunday. Mr. Barton will remain there for the summer as a government forest ranger.

**New Teacher Requirements**

Sweeping new teacher certification requirements represent another milestone in the revamping of Idaho's Public School Program, stated State Superintendent of Public Instruction, Alton B. Jones. The Board of Education in its regular meeting of May 31, 1947, approved new requirements basically set up by House Bill No. 234 of the last session of the legislature.

Most significant were the following requirements: By September 1, 1955, applicants for elementary certificates must have had not less than four years of college training. The same requirement will be made for high school teachers.

After September 1, 1955, elementary principals, high school principals, and superintendents shall be required to hold an administrative certificate.

A special type of certificate will be issued for instructors in the fields of trades and industries, bible schools, library service, and for school nurses.

This is the first time that Idaho has required the administrator's certificate. With the inevitable organization of larger administrative school-room units throughout the state, the need for this requirement seems imperative.

Replacing the old course of Idaho School Law, Manual and Civics, will be an Idaho orientation course, comprising Idaho School Problems, School Law, Idaho History and Government. This course will be organized by a special committee, who will set up the major objectives and requirements.

These above requirements do not apply to persons receiving certificates in 1947, nor do they apply to those holding certificates valid in Idaho prior to the enactment of House Bill No. 234.

**City Truck "Borrowed"**

Sometime Monday night the city truck, parked at the city hall, was "borrowed" and discovered Tuesday morning in the baseball diamond drainage ditch, comfortably resting in the mud.

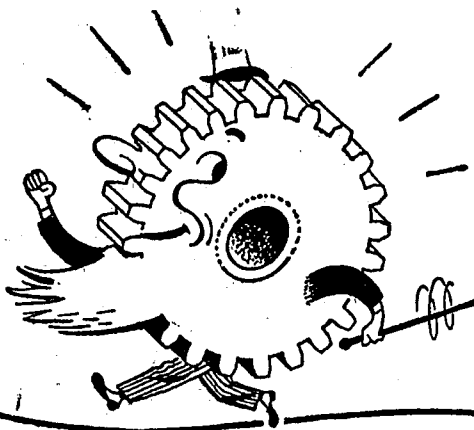

The truck was not harmed nor was there anything missing. It is presumed the "borrowing" was the work of pranksters.

Chas. Bower is recovering nicely from his recent illness.

**What Can Congress Do About It?**

There are almost daily revelations of "deals" in which War Assets Administration has criminally disposed of government property. A senate subcommittee was told this week how a Missouri contractor purchased some "obsolete" war planes; then when it was discovered the planes contained gasoline not in the transaction, about 2,000,000 gallons were given to him. WAA had planned to sell this gas separately, but having neglected to advertise it, the contractor got it free. This sale also included a 14-month loan of equipment to salvage the planes, plus such surplus "facilities" as auto tires, mattresses and pillows, other household goods and some electrical supplies. Now WAA admits it did not make an inventory of this "loaned" surplus and so does not know what was included and what it was worth. This transaction is purely administrative and within the jurisdiction of the executive department. Congress has no control over such inefficiency, and can only turn the spotlight of publicity on it.

What would it cost you to replace or rebuild your home today? Your present fire insurance policy may not give you the protection needed now. Let us check this for you!

**IMMEDIATE LIFTING SUGAR RATIONING IS URGED**

Immediate lifting of sugar rationing to the nation's housewives was urged Tuesday by Sen. Henry Dworshak (R-Idaho) in a letter to Secretary Anderson of the department of agriculture.

While urging prompt removal of quantity restrictions, Dworshak's letter made clear that he thought price controls should be retained for the present.

The Idaho solon wrote Anderson that his request was based upon reports of huge eastern supplies of sugar on the eastern seaboard and indications that the Cuban crop will be the largest in history.

"I understand that the U. S. share of the international sugar pool for 1947 is set at 6,800,000 tons and that during the first six months we will consume only approximately 3,000,000 tons," his letter said. This will leave about 3,800,000 tons for consumption during the latter half of the year.

"This would mean an annual rate of consumption of 7,600,000 tons, a rate far larger than in any year of the past.

"Under such circumstances," his letter continued, "I believe it would be justifiable and wise to lift sugar rationing to housewives immediately. This would make possible conservation and canning of fruits which will soon be available throughout the country."

While it may also be desirable to lift controls of industrial users, such action might be deferred temporarily until a more accurate picture of the sugar industry is available.

"Although you have authority under the existing sugar statute to lift price controls prior to October 31, it is apparent that retention of these price controls should be maintained for the present," Dworshak's letter concluded.

**REA Will Have Ample Funds**

Now that the house has passed the agriculture supply bill, protests are beginning to roll in to the capital. One of the most controversial features in the bill concerned rural electrification, which has a powerful lobby. This lobby has written to applicants desiring electricity, charging that they have not been connected with an REA line because congress hasn't provided enough money. What are the facts? Last year congress provided REA with \$325,000,000 more than it was able to spend for construction of lines because it could not get the materials. Yet, REA asked the house last week for \$250,000,000 more for the next twelve months. The secretary of agriculture says it will be at least 20 months before sufficient transformers and wire become available to take care of all applicants. The house reasoned that if this was so, there was no point in again appropriating more money than REA could use. So, it cut this request by \$25,000,000, which leaves a total of \$50,000,000 available on July 1. This is 90 percent of what REA asked for. Congress is not unfriendly to rural electrification. It will provide all of the funds necessary.

**STATE FISH AND GAME LICENSES HIGHER—1947**

Fewer fishing licenses were sold during May than in the same month a year ago, the fish and game department reported today. A tabulation by Fay Bussard, license clerk, showed 31,967 licenses had been sold last month compared with 41,192 in May, 1946.

Main cause of the reduction, the department said, was the fact that general trout season did not open until June 4. Last year the angling fraternity was turned loose May 21. Most of the licenses were purchased during the last 10 days of the month.

Another reason for the decline may be increased cost, officials conjectured. The combination fishing and hunting license for residents is now \$3. Last year it was \$2. The 1947 license for fishing only is \$2, and for hunting only, \$2. During May, 1947, residents bought 26,679 combination licenses and 3146 fishing licenses. A year ago they purchased 35,609 licenses. There was only one class.

Non-resident fishermen finding sport in Idaho are about as numerous as in the record-breaking season of 1946. According to the monthly report there were 1764 non-resident season licenses sold compared with 2211 last year. Tourist fishing business has increased. Miss Bussard said 373 five-day licenses at \$3 each were sold this month, compared with 372 a year ago. The non-resident season license has been increased from \$5 to \$10.

What the trend actually is will be determined when June figures are available. Heaviest fishing traffic comes in June.

PUBLISHED BY THE KENDRICK CO-OPERATIVE CREAMERY

HELLO, THERE, FOLKS:

It looks as though at last we can quit singing "April Showers," and instead warble "In The Good Old Summertime." And now that summer is practically here, and no more rain (we hope), it's time to plan on that picnic you've been putting off for weeks. Of course, when you are planning a picnic you should always include a list of Potlatch Chief dairy products to make that picnic complete.

Cottage Cheese in the waxed non-leak cartons is a delicious item very easy to pack away in a picnic basket. Be sure to take along plenty of butter for sandwiches and whipped cream for salads. Then, to finish off a good picnic dinner, nothing is better than ice cream — provided it's Potlatch Chief Ice Cream. Where can you get a cheaper more satisfying dessert than ice cream? It's only 50c per quart or \$1.50 per gallon.

Locker Supplies:

For freezing fryers in the lockers we have a supply of large size, double thickness chicken bags.

For freezing berries, cherries or vegetables we have pint waxed cartons at the cut price of 3½¢ each, or the cellophane bags and boxes, which come in kits of 26 bags and 25 boxes for \$1.25 per kit. Get your supply today.

### NORTHWEST MARKETS SHOW DOWNWARD TREND

The Pacific Northwest cash grain markets were generally quiet with light trading during the week, with prices averaging lower and a decided downward trend, according to the reports received by the Production and Marketing Administration, U. S. D. A. Supplies of old crop grain of all kinds remaining in the hands of the producers in this area are reported to be unusually low and with the harvesting of new crop wheat and barley less than one month away, the interest of the grain trade is being directed more towards contracting new crop grain for July-August delivery. Prices on the ordinary export classes of wheat for shipment within 15 days were 3 cents per bushel lower, while quotations on both oats and barley for the same shipment were \$1.00 per ton higher compared with a week ago. It is necessary for flour mills and feed manufacturers to maintain their stocks of grain till new crop begins to move but purchases at prevailing prices are limited to immediate needs and for quick shipment only. Prices that are being quoted for new crop wheat for July-August 15 delivery are about 35 cents per bushel less than are being currently offered for wheat delivered within 15 days. Purchases of new crop wheat by the Commodity Credit Corporation during the last two days of the period has greatly increased the activity in the movement of the new wheat crop. Prospects for the growing grain crops in the Pacific Northwest have been greatly improved during the past week with rather general rains over the entire grain producing area of sufficient amount to effectively break the critical drought conditions.

Trading in cash wheat in the Portland market during the week ending June 5 was extremely light and generally limited to specific types of wheat to fill in stocks. The only outlet for quick delivery wheat was to the mills and the feed trade. The mills were very selective in their purchases with principal interest being shown in high protein dark hard winter and dark northern spring wheat from Montana. The feed manufacturers were showing somewhat more interest in wheat on account of the sharp advance in corn prices and shortage of barley, but purchases were confined to quick shipments for immediate needs. Purchasing of new crop wheat for delivery at the terminal markets during July-August 15, by the Commodity Credit Corporation was the principal feature in the wheat market during the week. Prices paid and quantity purchased were not made public, but prices at which wheat was accepted were around \$2.03 to \$2.05 per bushel, f. o. b. ship, according to reports in the trade, and purchases were estimated at a few thousand tons. Wheat receipts at the terminals continue to decline with 194 cars received at Columbia River terminals during the week and 202 cars at Puget Sound terminals compared with 281 and 193 cars, respectively, for the previous week.

Bid prices at the Portland Grain Exchange on June 5 were as follows: Soft White, Soft White (No Rex), White Club, Western Red, Hard Red Winter, ordinary, 10 percent protein and 11 percent protein Hard Red Winter, \$2.41 per bushel, basis No. 1 bulk, 15-day shipment for coast delivery.

Parity Prices: May 15, 1947 — Wheat \$2.02, Corn \$1.47, Rice, rough \$1.86, Oats \$0.914, Rye \$1.65, Borley \$1.42, Flaxseed \$3.87, Soybeans \$2.20, all per bushel; Grain Sorghums \$2.77

and dry edible Beans \$7.72 per cwt. Farm Prices: (in the above order) \$2.39, \$1.59, \$2.33, \$0.888, \$2.45, \$1.42, \$6.01, \$3.01, \$2.72, \$12.40.

Wheat receipts at Ogden during the week amounted to 45 cars. Shipments were: eastern markets 16 cars, Salt Lake City 1, local 9. Quotations on Dark Hard and Hard Winter, and on Dark Northern and Northern Spring were \$2.31 on hard white, Soft White, and Western White, \$2.33 all per bushel, basis No. 1 bulk, f. o. b. Ogden mills. Prices quoted f. o. b. country shipping points were approximately 16 cents per bushel under Ogden.

In the Kansas City market optimistic reports on size and development of the new wheat crop overshadowed all other marketing influences. Volume and quality of new wheat arrivals at Texas and Oklahoma appear to substantiate, if not exceed, earlier forecasts. Texas wheat is beginning to move in volume with nearly 500 cars received at Port 1 Hard or Dark Hard, with an average test weight of 62 pounds per bushel. New wheat arrivals at Enid also indicate heavy average test weight, generally an indication of heavy yields. Declines in cash wheat values were far in excess of the losses in futures as the trading basis dropped from 60 cents down to 35 cents over the July future and with total disregard for protein premiums. The five-day receipts of 372 cars held open market offerings to a minimum. Demand, however, while rated good, was mostly of limited character and confined principally to nearby needs.

Cash wheat at Minneapolis was strong. Some weakness developed early in week on slack mill demand; but when Government buyers re-entered the market, premiums worked back to and slightly over previous week's trading basis. Movement light to moderate with 1,163 cars in at Minneapolis and 1,286 cars at Duluth. Mills were not aggressive buyers at current premiums, but were compelled to maintain mill stocks at safe margins.

Stem rust of wheat has been very light in Texas this year with no damage observed except in a few isolated fields. In the Onley-Seymour area wheat is being harvested with only light stem rust and no damage. There are only traces in the Lubbock area, now two weeks from harvest. As of May 27 no rust has been found North of Gainesville, Texas, and Hobart, Oklahoma. Outside of Texas and Oklahoma no rust has been reported except in the East.

Leaf rust has been severe on wheat in western Texas and has caused damage of 10 to 20 percent in some sections. There is unusually heavy rust in the southern plains of the Panhandle and loss may reach 20 percent. In the northern plains where grain is three weeks from harvest, leaf rust is moderate to heavy. In much of Oklahoma there is about the usual amount of leaf rust ranging around 40 percent severity from Ardmore to Tulsa with a maximum of 60 percent decreasing to about 5 percent between Tulsa and southeastern Kansas. A trace was found around the middle of May in Garden City, Kansas, and eastern Oklahoma.

Stem rust of oats in Texas is light in general North and West of Waco. Between Gatesville and Abilene, there is a general infection of about 5 percent in severity but from Waco north to Oklahoma, there is only a trace of rust.

Prices remained firm in the spring wheat markets and on June 4, No. 1 Dark Northern Spring wheat averaged \$2.67 per bushel at Minneapolis, an advance of 3 cents from May 15. In the Canadian prairie provinces temperature and spring precipitation remained below normal and the season is generally about two weeks later than usual. Warm weather and rain are generally needed in some areas of all three provinces. Frost reported over wide areas but serious damage quite restricted.

### Urges Idahoans to Sell State

When a car with a Missouri, Colorado, Texas, or other out-of-state license stops in your town, tell the occupants about the scenic and recreational attractions of your community, is the advice of Earl W. Murphy, secretary of the Idaho State chamber of commerce.

"Every merchant knows that it is easier to sell a customer a suit of clothes if the customer is already in the store than it is to pull the fellow in off the sidewalk," Murphy commented. "Many of Idaho's scenic wonders are off the main highways, but once a 'customer' — in this case, a tourist — is inside our borders we've

Murphy also pointed out that all visitors to Idaho are not interested only in mountains, streams, fishing and recreation. Many of them are potential investors in farms, business houses and professional ventures, he declared.

"We ought to let our visitors know that we don't live on fresh air and scenery," said Murphy. "We've got agriculture and industry, too, and
