SOFTBALL GAMES DRAWING BIGGER SPECTATOR GROUP

With the coming of warmer evenings the local softball games are drawing larger and larger crowds. The first game is played partially without lights — and the second under the lights.

Games not previously reported are as follows:

Thursday, June 26 — Southwick vs. The Kendrick Bean Growers. Won by the Bean Growers, 13 to 15.

Monday, June 30 — Red Cross Pharmacy vs. Millard's Grocery. Won by the Pharmacy 24 to 13. Second game, High School vs. Cameron. Won by Cameron 13 to 10.

Tuesday, July 1 — Juliaetta vs. the Kendrick Bean Growers. Won by the Bean Growers 13 to 9. Second game — High School vs. Millard's Grocery. Won by Millard's 16 to 8. Team standings to date are:

Team	W	L	P.C.
Red Cross Phar.	3	0	1.000
Bean Growers	2	0	1.000
Cameron	2	1	.667
Juliaetta	1	1	.500
Millard's	1	2	.333
Southwick	0	2	.000
High School	0	3	.000

Games and their scores follow:

Game	Home	Visitor	Score
Red Cross Phar. 15	High School	6	
Cameron, 16	Millard's	15	
Juliaetta, 26	Southwick	13	
Red Cross, 14	Cameron	10	
Millard's, 16	High School	8	
Bean Growers, 15	Southwick	13	
Red Cross, 24	Millard's	13	
Cameron, 13	High School	10	
Bean Growers, 13	Juliaetta	9	

Coming games are:

July 7 — Red Cross vs. Juliaetta. High School vs. Southwick.

July 8 — Millard's vs. Bean Growers

July 9 — Red Cross vs. Beans. Cameron vs. Southwick.

There is no admission charge for these games — and the public is cordially invited.

4-Hers In Dairy Food Work

Three 4-H club girls in each qualifying county in Idaho will receive honor medals this year for showing community groups how to use dairy products to make appetizing, healthful dishes. One of the girls will be chosen as the best individual demonstrator and the other two as the top-ranking team in the county.

From among the various county winners the state extension office will select an individual and a team as state champions. Each of the three state winners will get a \$50.00 U. S. Savings bond award.

For their demonstrations, the girls may select any dish or combination of dishes using milk, cream, cheese or butter.

It is pointed out that by giving demonstrations, 4-H girls not only strengthen their club records, but gain self-confidence and poise by speaking before public audiences.

This is the eighth consecutive year of this activity.

Last year's state champion individual demonstrator in Idaho was Myrna Campbell of Buhl. The state's highest rating demonstration team members were Lois Christensen and Colleen Curtis, both of Downey.

County winners were named in Kootenai and Twin Falls counties.

First Fire Tuesday Afternoon

The first local fire of the season occurred Tuesday afternoon of this week, being reported to the fire warden's office about 1:00 o'clock. It was in brush and discarded railroad timbers just above the Bear Creek bridge at the edge of Kendrick. Clarence Perryman responded to the call, and requested aid from the N. P. work train and section crew. An engine went to the spot, and put the blaze down with steam, and a shovel from the work train heaped dirt on the flames. However, so tinder dry was everything that most of the afternoon was required to completely extinguish the blaze.

With the coming of dry weather, extreme caution must be used to prevent fire.

Surprise Birthday Party

Mrs. Oral Craig was pleasantly surprised Sunday when her brothers and sisters came with basket dinners and a birthday cake to honor her birthday anniversary, which was on Monday, June 30.

Those present were Mrs. A. L. Anderson and daughters Rachel and Anna Mae of Lenore; Mr. and Mrs. H. F. Evans and sons Paul, Harold and Howard of Moscow; Mark and Zeb Robson of Lewiston; Jim Robson of Richland, Wn. and Mr. and Mrs. Jack Abbott of Clarkston.

Later in the afternoon Mr. and Mrs. Billy Weyen and daughters, and Mrs. Bonnie Elsterbrook, Verna, Jack and Gene, and Karen Loudon were callers.

Arrive By Plane For Visit

Mr. and Mrs. Bob Fuller and son of San Francisco, Calif., arrived by private plane Tuesday for a visit at the home of Mrs. Sam Bigham and son Walter. Mrs. Fuller is a daughter of Mrs. Zella Fox and a granddaughter of Mrs. Sam Bigham.

After circling the Bigham ranch on American ridge several times to announce their arrival, they flew on to the Pullman airport, where they were met by Walter Bigham, and taken to the Bigham home.

They arrived on Mrs. Bigham's birthday anniversary, so the occasion was one of double rejoicing.

This is Mr. Fuller's first trip to Idaho, and his first vacation since discharge from the AAF.

Regain Speed Record

The United States regained the world speed record from Great Britain this month when a P-50F flew a special course at an average of 623.8 miles per hour.

Now Certified Lifeguard

Bob Fraser returned Sunday evening from Tacoma where he spent ten days attending the lifeguard school for the Pacific Northwest.

Bob stated that the training given was really "rugged," as they spent eight hours per day in the water, as well as receiving "black-board" talks. He said that he learned a number of new procedures in this work that he had not received in the navy, despite his 3-A navy lifeguard rank.

He is now assisting Jack Kuykendall in "caulking" the pool preparatory to opening, and familiarizing himself with all details of the pool filtration and pumping system.

SEASON TICKETS NOW ON SALE FOR SWIMMING POOL

Monday and Tuesday Jack Kuykendall and Bob Fraser were busily engaged in caulking the swimming pool, oakum being driven deep into all the seams, and the remaining space then filled with hot tar — and it is hoped and believed that this operation will stop the leaks that have plagued the pool and its builders since water was first admitted about two weeks ago.

As we go to press (Wednesday at noon) Jack or Bob could not give us any information as to just when it would be open to the public, but it was hoped Saturday evening or Sunday.

The process of filling it with 140,000 gallons will take some time, and as it fills all seams must be watched for any signs of further leaks.

We wish we could be more specific with information — but that is the best anyone can do at this time.

Season tickets have now been printed and are on sale at the Farmers Bank and at the pool. The prices for these tickets will be as follows:

Adult\$4.00

Junior (6 to 14 years)\$2.50

Single admission will be charged for at the rate of 25c per swim.

These charges are approximately half that asked at Lewiston and at a number of other public pools, and it may be that they will not prove sufficient to cover the cost of operation — but at least they are going to be used for the time being.

Burns-Heimgartner Nuptials

Miss Betty J. Burns, daughter of Arl Burns, Juliaetta, and Floyd K. Heimgartner, son of Mr. and Mrs. Albert Heimgartner, also Juliaetta, were united in marriage on Sunday, June 15, 1947, at the First Baptist church in Lewiston, with the Rev. R. D. Merrill performing the ceremony.

Mrs. Merrill sang "Oh, Promise Me," and "Because," accompanied by Mrs. L. Andrews of Lewiston Orchard. Mrs. Andrews also played "Always," preceding the ceremony.

Carol Meyer and Minnie Peters, Juliaetta, lighted the candles and served as ushers. Mrs. Earl R. Parks, Juliaetta, a sister of the bride, was the matron of honor. Frank Hoisington, a cousin of the groom, was best man. The bride was given in marriage by her father.

The altar, before which the young couple stood to exchange their vows, was beautifully decorated with lilies of the valley, ferns and carnations, flanked with candleabra.

The bride wore a white, street-length dress with matching accessories, and a corsage of gardenias.

Immediately following the ceremony the young couple left on a honeymoon trip to Spokane, and are now at home to their friends on a ranch on Potlatch ridge.

The bride graduated from the Juliaetta high school with the class of 1947, being valedictorian. The groom was valedictorian of the class of 1943. He attended the University of Idaho, and was an Ensign in the Naval Air Corps during the late war.

Thermometer On The "Up"

Following about as cold a week-end as anyone would want to see, for late June, the thermometer began a steady climb Sunday, hitting a mild 80, and Monday went for seven degrees more — 87.

Tuesday the mercury was able to make it up the column to the 93 degree mark, hitting that about 2:45 p. m.

Farmers are welcoming this warm weather, for haying is far behind schedule, and must also be dried following the shower of last Friday.

It was so cold over the week-end that spectators at the softball games literally froze-out, even a heavy jacket wasn't enough to provide protection against the chill wind that swept the diamond.

More Swim Pool Donors

Latest list of donors to the Area Living War Memorial Swim Pool shows the following names:

Mr. and Mrs. Ross Armitage\$25.00

Mrs. Elwood Pearson, Lewiston, Idaho 5.00

Total\$25.00

It is true that the pool is now almost ready to go, but many unexpected difficulties and expenses have rather "upset the apple cart," so any financial aid anyone may care to give will be more than welcome.

In Hospital

Word was received here this week that Mrs. Ira Havens, Moscow, underwent surgery in the Colfax hospital Monday. She is considered seriously ill.

Latest word received Wednesday morning is that Mrs. Havens is receiving blood transfusions and is considered critically ill — but strong hopes are held for her recovery.

No visitors have been admitted to date.

PERSONALS AND NEWS ABOUT KENDRICK FRIENDS

Mr. and Mrs. Roy Long and children of Spokane came down last Wednesday to spend several days visiting in the home of his parents, Mr. and Mrs. Edgar Long.

INTERESTING HAPPENINGS FROM JULIAETTA AREA

Juliaetta Hits Water Supply The city well which a crew has been drilling at Juliaetta for the past several weeks, paid off in real style Monday, for at a depth of 370 feet a real body of water was hit, and a test pump, with 200 feet of pipe attached showed a 70-gallon per minute continuous flow — and the test pumping was still going on Tuesday, with no sign of a diminishing flow.

The water is said to be of fine quality, and quite cold, the temperature being 58 degrees as it comes from the well.

The tapping of this underground water supply will solve one of the problems that has plagued Juliaetta for years — enough water for all — for all uses.

Honored With Bridal Shower

On Wednesday, June 11, at the Methodist church in Juliaetta, a bridal shower was given in honor of Miss Betty Burns, with about 80 friends and relatives present.

Many lovely and useful gifts were received by the bride-to-be. Games were played and cake and ice cream served by the hostesses, Mrs. Hugh Parks and Mrs. Walter ZumHofe.

Other News

Mrs. Richard Conant and small daughter left Monday to return to their home in Portland, Me. They have been house guests of her mother, Mrs. Jack Meade, while visiting here.

Little Terry Ray and Alta May Shepherd of Troy are visiting at the home of their aunt and uncle, Mr. and Mrs. Harvie Shepherd.

Reynold Shepherd and Mrs. Marge Shepherd of Troy were week-end guests of Mr. and Mrs. Harvie Shepherd.

Mr. and Mrs. Henry Ferrite of Deary were Thursday callers at the home of Mr. and Mrs. Harvie Shepherd.

Mr. and Mrs. Ted Fleming of Pierce, Nebraska, have been visiting their daughter and son-in-law, Mr. and Mrs. Allan Grayson.

Mrs. Bill Hugo, who recently underwent major surgery, is a patient in the St. Joseph's hospital in Lewiston.

E. A. Kirkpatrick, Gordon Swears and Loyal Weber spent Sunday fishing at Atwater lake on Big Bear ridge.

Mrs. Woodrow Nye and niece, DeAnna Kumpula and Carol Ann Haddock were Lewiston shoppers on Monday.

Everly Jean Swears left for Coeur d'Alene to spend the Fourth of July holidays.

Mr. and Mrs. Dave Denner and sons were Lewiston shoppers Saturday.

Mr. and Mrs. Jack Meade have now moved into their newly built home in Juliaetta.

Donald Kirkpatrick, son of Mr. and Mrs. E. A. Kirkpatrick, spent his first birthday by favoring 47 little friends and their mothers with a birthday party at his home. Donald had a beautiful and luscious birthday cake with one candle. All wished him many happy returns of the day.

Week-end visitors at the home of Mrs. Elsie Weber were Mr. and Mrs. Alfred Nauman, Mr. and Mrs. Chas. King and Evelyn King, all of Spokane. Mrs. King and Evelyn are granddaughter and great-granddaughter of Mrs. Weber.

Sunday visitors, to help celebrate Mrs. Elsie Weber's birthday anniversary were: Mr. and Mrs. Alfred Nauman and Mr. and Mrs. Charles King and Evelyn, all of Spokane; Mrs. Ed. Brown and daughters Pearl and Kathryn, Kendrick; Mr. and Mrs. Herbert Weber, Richard and Jeanine; Mr. and Mrs. Daniel Dillman, Carol June and Larry; Mrs. Russell Snyder, Edna Fay and Sharon, and Mr. and Mrs. Chris Weber, all of Lewiston, and Roy and Leonard Weber.

V. F. W. Defeats Kendrick

Lewiston Veterans of Foreign Wars baseball team tightened its hold on second place in the Valley Division of the Lewis-Clark baseball league by defeating Kendrick 11-8 at Bengal field, Lewiston, Wednesday evening of last week, in play under the lights.

The Vets counted four tallies in the second inning, two in the fourth, one in the fifth and four in the sixth when the game was called because of the curfew law after eight full innings of play.

Kendrick drew first blood with three runs in the first inning. One run in the second inning and four in the eighth gave the invaders all their counters.

Ronnie Walker went four innings for the Vets and Vic Happy tolled for the last four stanzas. Walker received credit for the victory. Beebe worked seven innings for the Kendrick team, and then gave way to Fry.

Minnette with three hits in four trips to the plate, one a triple, led the Vets' attack, where 12 hits produced the 11 runs. Kanikkeberg with two hits in three official times at bat was the top hitter for Kendrick.

Batteries: Lewiston — Walker, Happy and Eric, Kendrick — Beebe, Fry and Deobald.

Gets Swarm Of Bees

Emulus Brown caused considerable excitement Friday evening when he took a large swarm of bees from the top of one of the big locust trees in front of the Kendrick Creamery.

Since pedestrian traffic was too heavy to permit "working them" during daylight hours, he did the job at night, tying a rope to the limb on which they were clustered, and lowering them slowly.

Commercial Club Meeting

The regular monthly meeting of the Kendrick Commercial Club will be held Wednesday evening of next week (July 9), with the 6:30 dinner to be served at the Kendrick Cafe.

It is especially urged that all members and friends of the club attend, since the new officers will be taking office, and committee appointments will be announced.

Also scheduled for the meeting will be a discussion of the swimming pool and highway problems — matters of utmost importance.

Remember the date and the hour and be there. The more who attend these meetings, the better the results that can be obtained.

NEWS ITEMS ABOUT LELAND RESIDENTS AND FRIENDS

Michael Daugherty is visiting at the Gordon Peters home this week.

Mrs. Betty Johnson left Wednesday for Somers, Mont., to visit her daughter and family, Mr. and Mrs. Pete Siderius.

Better Hurry

Only this afternoon remains in which to do your shopping for July 4, 5 and 6, since all the local stores will be closed.

We predict that Kendrick will almost be a "ghost town" during those three days, as almost every business man is "going fishing." If all catch their limit, Idaho's finny population will certainly suffer a severe jolt.

PACIFIC NORTHWEST MARKETS REGISTER 15c LOSS

Wheat markets in the Pacific Northwest held fairly steady and firm until the latter part of the week, when adjustment to the new crop basis really started with a decline of 15c per bushel on all classes of wheat, according to reports to the Production and Marketing Administration by the U. S. D. A. Earlier in the week prices were about unchanged at around \$2.30 per bushel but trading was rather light and confined principally to local types and small quantities of special types of milling wheat for immediate delivery. Stocks of old wheat remaining in producing areas are reported to be low and new crop wheat is not expected to be on the market in any quantity until about July 10. June rains and cloudy weather has delayed ripening, and is believed to have substantially increased the yields of both winter and spring grain throughout the entire Pacific Northwest. Members of the grain trade, who have visited the wheat producing areas of Oregon, Washington and Northern Idaho during the past ten days, predict that the wheat crop in those areas will be "average," but far short of the very large crop harvested last year.

The cash market at Portland held steady but little change in quotation until the sudden drop of 15c per bushel on all types of wheat for shipment within 15 days. This decline

Veterans May Increase Insurance
 Veterans carrying less than \$10,000 National Service Life Insurance are reminded by the Veterans administration that they can obtain additional protection.
 Many veterans who were without dependents when they entered the service did not apply for the full amount of insurance available, the VA says. Ex-G.I.'s who have married on return to civilian life, may now feel the need for additional protection as head of a family. They may apply for increased insurance in multiples of \$500 up to the \$10,000 limit.
 To obtain additional coverage, a veteran must take a physical examination to provide satisfactory evidence of good health. However, good health will not be denied for service-connected disabilities less than total in degree.
 Veterans desiring to increase their NSLI policies should inquire at the

nearest VA contact office for full information and application.
Kendrick Blanks Orofino
 Kendrick won a clear-cut victory over Orofino Sunday on the Orofino diamond, winning from that Lewis-Clark league team 8 to 0.
 Kendrick bunched their hits, garnering 14, and converting 8 into tallies. Orofino hit safely six times but couldn't get a man around the circuit.
 Butler, occupying the mound for Orofino was relieved in the fourth stanza by Olson, who was able to fan nine Kendrick batters in six innings.
 Batteries: Orofino — Butler, Olson and Hughes; Kendrick — O. Kanikkeberg and W. Schoffler.

BIG GAME AND BIRD SEASONS UNDER CONSIDERATION

Recommendations of conservation officers and sportsmen of all five districts will be before the Idaho fish and game commission July 14, when it meets in Boise to set big game and bird seasons for 1947.
 T. B. Murray, director, has just returned from a tour of the state on which he met the entire field personnel and took part in discussions of the approaching seasons and bag limits. Conferences were conducted at Boise, Mackay, Ashton, Lewiston and Coeur d'Alene.
 In many areas it was deemed necessary by officers to urge a shorter hunting season for big game. The 1946 kill of 27,000 deer and nearly 6,000 elk is believed by the game managers to be larger than the herds can stand. Throughout north-central, southwestern and central counties, comprising a major portion of deer and elk territory, the recommendation is for a shooting season running October 5 to October 31, trimming two weeks off the season of recent years, which has run from October 5 to November 10.
 Conservation officers of the Panhandle district recommended deer hunting during the entire month of November, as usual. Creation of several closed areas for game, principally for the protection of elk, was suggested in the Selway region of the north-central district.
 On the basis of opinion resulting from field research, hen pheasants will again be protected this year, the department said. All five districts recommended that the hen law be retained. In several districts it was suggested that the daily bag and possession limit be two cocks. Last year the limit was three cocks. A season starting November 2 and lasting until November 11 in western and central Idaho, and until November 16 in northern and north-central areas was recommended. The suggested season in eastern Idaho is November 1 to November 5.
 The department made it clear that all dates offered are only tentative and must be approved by the commission before they are official.
 Seasons for trapping fur-bearing animals during the winter of 1947-1948 will also be taken up by the commission at the July meeting. A predator control program for the year will also be determined.
 Development of hatcheries for the greater production of fish and birds will be discussed. Funds appropriated for two fiscal years may be used in the period beginning July 1. Expansion of facilities and field staff is contemplated.
 Members of the commission are: Walter Fiscus, Potlatch, chairman; R. G. Cole, Boise, secretary; George Moody, Calder; Paul Thoman, Twin Falls, and Alton R. Howell, Idaho Falls.
 Our Note: We think it high time somebody propagated some fish and birds. In this area, at least, the bird limit could be lowered to one bird and mighty few hunters would get that. We are safe in saying that there hasn't been any "hunting" in this territory for the past three years — and nobody (in power) seems to have made any effort to find out why or do anything about it.

How Far To Go?

The current fiscal year will terminate June 30, when many changes will take place in the federal government. Some recently instituted economies will become effective and many federal agencies will operate with reduced personnel. The major appropriations bills have not yet cleared congress, but contemplated reductions in funds and personnel will require immediate readjustments in all federal departments.
 All four Washington, D. C., daily papers have waged vigorous campaigns to resist personnel cuts, because they recognize that maintaining huge payrolls stimulates business in the capital. Special writers for these newspapers contend that regardless of whether wartime services have been eliminated, federal employment should be maintained at high levels. Economy efforts have undoubtedly been greatly retarded by such tactics, and criticism has been heaped upon congressional leaders because they have sought to reduce bureaucratic employment from the current figure of almost 2,250,000 to levels comparable with the prewar figure of about 1,000,000.
 The question is: "How far to go, and what do we no longer need?"

~ Pastor Enjoys Alaska Trip

After a trip to the southern tip of Alaska, the pastor of the Church of the Nazarene, Juliaetta, Rev. Paul F. Forsberg, is back again. On a call from the navy to photograph for them various activities performed on naval training cruises, the pastor reported for duty and remarks that he had a wonderful time.
 Outside of the various ship regulations and drills, which are a part of every ship's company, he had an opportunity to enjoy the sights of Ketchikan and Prince Rupert. To tell of the beauty of these parts would be hard to do, but on a sunny day, the harbor with its many islands, resembles sapphires in a sea of bright blue. The sky is very blue and the outline of the snow-capped mountains stands out against it. Photography in color turned out beautifully — true in every detail.
 The main occupation there is fishing, and while there a small fishing boat anchored alongside the destroyer, pulled in with some 30,000 pounds of halibut, and sold them to the fish company at 17¢ a pound. Not bad for a 48-hour trip.
 Many ex G. I.'s are settling there under the G. I. plan and there is plenty of work (no one is idle), and the plan seems to be working out alright.
 The most amazing thing about the whole trip was the long sunny days — and practically no night. The sun sets around 10:00 p. m. and rises around 2:00 a. m., with a pleasant twilight in between. No wonder they can grow such fine crops in the short growing season for the crops get twice as much sunshine in just half the time. The children even are playing and not thinking of bedtime — at midnight! The stores do not close until 9:00 p. m. Photography at 10:00 p. m. without flashbulbs was something new for Rev. Forsberg.
 The ship sailed from Seattle and spent 4 days in the Pacific on maneuvers of special training, on the way to Alaska. Coming back the ship spent five days off the Island of Vancouver, taking part in the various sea-air rescue, abandoning ship and target practice work. The 20-mm. and 40-mm. anti-aircraft guns and ships 5-inchers were used in both day and night practice. The ship on which Rev. Forsberg sailed was a modern destroyer.
 Rev. Forsberg is glad to be back, however, and says that despite the beauty of these spots, Idaho is still beautiful, especially around Kendrick and Juliaetta. Also that one can get a good night's rest here when it gets dark and the noise of guns does not disturb one.
 Rev. Forsberg is now attending summer school at W. S. C., Pullman.

Send In Your Items

Undoubtedly you will go somewhere over the 4th, or have visitors in your home — so please turn in that news. Give it to one of our correspondents, or, if you prefer, send it direct to the Gazette.
 Such activities are news, and as such will be appreciated.

PERSONAL MENTION

Mr. and Mrs. Alvin Swanson and sons Rudy and Roger, and Mr. and Mrs. Rudy Anderson, all of Troy, and Mr. and Mrs. Henry Brammer were Sunday guests in the George Havens home, Rudy Swanson remained for a longer visit.
 Donald Stroh and Roy Thompson, U. of I. summer school students, were Sunday visitors in the Paul Lind home.
 Ray Bensecoter, Miss Betty Olson, and Dr. and Mrs. Dan Guy, all of Lewiston, spent Sunday in the Frank Bensecoter home.
 Mrs. Bina Raby returned to her home in Lewiston Sunday, after a visit in the home of Mr. and Mrs. Paul Lind and family.
 Mrs. George Havens attended a Women's Missionary meeting of the Westdala Lutheran church, Troy, at the Otto Olson home near Deary, Thursday.

Studying At Music Camp

Moscow — David and Dick Coulter, Kendrick, are among the 145 high school students studying at the three week music camp at the U. of I.
 Under the direction of Alvah A. Beecher, head of the music department, 21 instructors give specialized training in band, chorus, orchestra, as well as music appreciation and conducting.
 The high school students participating in the summer camp activities represent 34 schools from Idaho, Washington, Oregon, North Dakota and Texas.
 The first concert, including solos and ensemble groups was given on June 24, and broadcast over station KHQ, Spokane.
 During the three weeks at the University, the girls live in Ridenbaugh hall and the boys in Lindley hall.

Care Must Be Used With Fire

Henry Jones, deputy state fire warden, Kendrick, has again issued a warning about indiscriminate burning.
 A permit must be secured for the burning of slashings, old hay stacks, etc., on timber lands and farms in the area.
 In town a barrel or incinerator with covered or mesh top to prevent flying particles must be used. Open fires are prohibited.
 Mr. Jones also warns that the throwing of cigarette or cigar stubs or burning pipe dottle from a car or truck is against the law — and is one of the principle causes of roadside fires. Equip your car or truck with an ash tray — and use it!

Celebrations Very Scarce

As we go to press we know of but one 4th of July celebration in the area that might be called "close," and that is at Winchester — which is celebrating today (July 3) and will also celebrate the 4th and 5th.
 There is no celebration of any type at Moscow, Troy, Genesee, Lewiston, Orofino, Lapwai, etc.
 However, it is expected that there will be many family picnics, fishing trips, etc. over the three-day holiday.
 Residents are reminded that it will be a good idea to shop today (July 3rd) for their needs over the 4th, 5th and 6th, as most all the stores throughout this territory will be closed.

Receive Publicity

Following the articles in the Kendrick Gazette and Lewiston Tribune regarding the new industry of "Turkey Steaks" pioneered by Mr. and Mrs. Raleigh Albright and sons of Juliaetta, owners of the "Rocky Mountain" turkey farm, the largest in Idaho, the Idaho State Chamber of Commerce used portions of the Gazette article in a nice write-up of the new industry in their weekly bulletin, which is sent out to every newspaper and school in Idaho.
 Publicity, be it deserved, never hurt anyone, and we believe this is a good boost for the Albrights.

Camp To Be Held

Young People's Summer Institutes and camps will be held at the Hidden Valley grounds as follows: Senior high (10th, 11th, 12th grades) July 6 to 13; Intermediate (7th, 8th and 9th grades) July 14-21; Junior camp (4th, 5th and 6th grades) July 21-26.
 If interested, contact Dr. J. H. Coulter for details.

Paper Policemen

There are no highway policemen in the interior of Guatemala, but if you drive with a heavy foot you'll get into trouble just the same. When a car leaves a certain town the time is stamped on a ticket. If you arrive at the next town too soon, you've broken the speed laws!

How About That 10 Percent?

The United States makes over 50 percent of the world's paper and uses over 60 percent. As a result, we are heavy importers of this product, most of which comes from Canada and Sweden.
 Kendrick is your home town. Trade at home. Help it to grow.

U. OF I. BREEDERS TO SEEK BREEDING OF PERFECT HOG

Expansion of the swine progeny testing project at the University of Idaho agricultural experiment station will be possible under a \$1,000 annual contribution for the next two years, announces C. W. Hickman, head of the department of animal husbandry. Donor is Armour & Co., Spokane. This gift was formally accepted by the university regents at their last meeting.

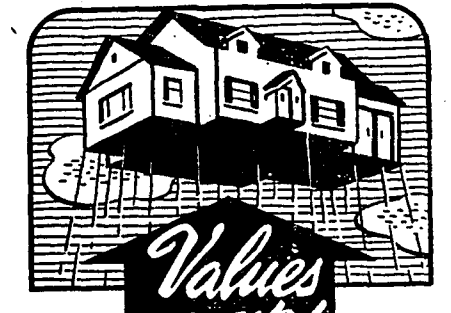

"Pacific Northwest and Pacific coast markets demand a 200 to 225-pound hog for the fresh meat trade," explains Prof. Hickman. "It must be a trim, firm, intermediate animal with a high percentage of lean meat. For seven years our experiment has been striving to produce this type of hog. Out of our research we hope to be able to give Idaho farmers information that will enable them to meet the coast market demands while making most efficient use of the feeds available in the state — barley, wheat, oats, and in the northern counties, cull peas."

Last year, Prof. Hickman explained, the department tested 14 litters of pigs in this study. The hogs were graded and carcass studies made for cutting yields and meat quality. As the time they were growing, records were kept on the rate of gain on different rations composed of home-grown feeds.

Prof. Hickman pointed out that the contributing company has long been interested in research that will help Northwest farmers increase their hog production. For many years the company has been forced to ship hogs from the corn belt to the Pacific Northwest to fill consumer demands.

"Research of this type is particularly timely at the present," concluded Prof. Hickman. "For several years there has been a market for all the lard that could be produced. The time will come again, in fact it may not be far off, when we will have the usual lard surplus with us. For that reason, the lighter, trimmer, medium type hog we are seeking in this study will be the most desirable as well as the most efficient and profitable."

Fresh and cured meats of all kinds are always available at Blewett's Grocery-Market. 1-adv.

IDAHO IS OUT WEST

We polished up our auto Filled 'er up with gas and oil, Climbed in one sunny morning, To see some foreign soil.

From dear old Kendrick, Idaho, We drove through hills of pine Headed north into the Bitteroots, Where scenery is divine.

Through waving wheat of Palouse O'er hills where syring's bloom Beside and over babbling streams, Through forests dark with gloom.

Along the shores of Coeur d'Alene Her waters flecked with foam, Beside deep, roaring rivers, Where rainbow make their home.

High up we reached the summits, The Bitteroots clad with snow, Gazed down into the canyons, Several thousand feet below.

Crossed the jewel state of Montana Eight hundred miles or more Mountains, canyons and prairie, By Flathead's rocky shore.

Crossed the Clark Fork and Madison, Passed through Butte upon a hill, Where silver, gold and copper Will Montana's treasury fill.

Then o'er the big Missouri That flows onward to the sea, We crossed the rolling prairie, As far as eye can see.

In the valley of the Yellowstone Pompel's pillar stands on high, Her massive form above the trees Against Montana skies.

At last we reached Dakota Where Sitting Bull and his Sioux Took final stand in the badlands, Fought the paleface passing through.

Visited two weeks in Dakota, It's a dandy place to rest, But if it's scenery that you seek, Come to Idaho — it's out West!

— Harold L. Foreman.

You Might Get A Salmon
 Chinook salmon are climbing the Salmon river to the spawning beds in upper tributaries and are beginning to provide exciting sport for a large number of fishermen, the fish and game department says.

Although the number and size of the Chinook is said to be on a par with the 'big spawning run of 1946, most of the salmon have thus far remained in deep pools on the main channel. Only a few have penetrated beyond Stanley, or out of the Middle Fork into Bear Valley creek, one of the most important spawning beds in the state.

Fishermen are reminded that snagging and spearing are prohibited. Salmon may be taken by hook and line only, the same as other fish. Spinners and salmon eggs are the customary lures. Many salmon fishermen use a piece of red cloth behind a spinner.

Best salmon season will be short, officers predicted, as several of the upper tributaries close to all fishing July 15. These spawning beds will be left to the salmon in the hope that the natural production will maintain a consistent supply.

Daily bag and possession limit for salmon is two fish.

Legion Plans Big Time
 The National Commander of the American Legion, Paul H. Griffith, will arrive at the Idaho Legion's department convention, July 20-23, at Pocatello, in real style — in the Legion luxury airliner flagship, with the famous aerial ace, Roscoe Turner, as his personal pilot.

Turner will fly the Legion commander to Pocatello from Billings, Mont., in time to attend the gigantic outdoor barbecue which will be one of the convention highlights. Griffith will deliver a major address at the barbecue.

Turner, a famous World War I ace, is an airline executive now, and also vice-chairman of the Legion's national aeronautics commission. After World War I, he established numerous air speed records in races during the mid-twenties.

Also accompanying the Legion commander will be his son, Paul, Jr., a World War II veteran, and the commander's wife.

Cold luncheon meats and canned meats of many kinds — just the thing for that summer picnic lunch are awaiting you at Blewett's Grocery-Market. 1-adv.

Funds May Be Available
 Harry J. Lucas, Moscow, president of the North Idaho Scenic-Land Ass'n., Inc., reported this week that he had been advised by Senator Henry C. Dworshak that he had been able to have funds for a cooperative wildlife research project at the University of Idaho restored to the Interior Department appropriation bill.

The proposed fund had previously been deleted by the House. However, Sen. Dworshak pointed out that the bill, after approval by the senate, must go to a conference between the two houses.

The proposed research project would be carried on at the U. of I. with the cooperation of the Fish and Wildlife Service of the Interior Department and the Idaho Fish and Game commission.

Lucas said that the Scenic-Land Ass'n., as part of its program of travel promotion in the ten northern counties, had initiated the research proposal in order that Idaho might be able to carry on an intelligent program of fish and game propagation which would benefit both residents and visitors.

Our Note: It's time somebody propagated something. There has never been a time when fishing and bird hunting were as poor in Idaho as they are right now! Local residents have been complaining for the past three or four years — and we don't see where tourists can hope to get into the sport!

Receiving Tourist Inquiries
 The growing stream of inquiries from all parts of the nation about vacation opportunities of the ten northern Idaho counties has included a number from foreign countries in recent days, it was revealed at the office of the North Idaho Scenic-Land Ass'n., at Sandpoint.

From England has come a total of 13 inquiries, with the following number from other countries: Cuba, 2; Guam, 1; Canada, 2; Scotland, 3; and North Ireland, 2.

In the past several weeks, the Scenic-Land office has answered a total of 2,040 inquiries about north Idaho scenic, fishing, hunting and other vacation attractions. Inquiries receive a copy of the new Scenic-Land folder, "It's Vacation Time in Natural North Idaho," as well as copies of literature prepared by Chambers of Commerce and other organizations in the 10 northern counties.

Potlatch Chief Sez

PUBLISHED BY THE KENDRICK CO-OPERATIVE CREAMERY

HELLO, THERE, FOLKS:

Another 4th of July has rolled around, and with it a three-day holiday for the citizens of Kendrick. Just imagine yourself relaxing in the shade along some cool mountain stream, or along the shore of your favorite lake, just fishing. Or, maybe, you'll be at the beach lying in the sand getting a suntan, or in some nice cool park having a family reunion. Then, again, perhaps you are one of those unlucky people who will have to spend part of the three-day holiday working.

Well, regardless of where you will be, or what you will be doing, you will have to eat, and a holiday always calls for something special in the line of food. And for something special, always look for Potlatch Chief ice cream. It's so cool, delicious and refreshing, and just the thing for your menu on the Fourth of July. Potlatch Chief comes in a large variety of flavors at 50c per quart or \$1.50 per gallon. We have "Jiffy Bags" in different sizes which will keep ice cream for hours at a time. Be prepared for this three-day vacation and buy plenty of good Potlatch Chief ice cream for the occasion.

G. E. Education Costs Mount

More than \$6,250,000 a month is being expended in the Northwest for veterans' education, the Veterans Administration reports.

During the first eleven months of the 1947 fiscal year, a total of nearly \$69,000,000 was expended for education and training under the G. I. Bill. Breakdown of this total shows \$52,000,000 for subsistence allowance; \$17,000,000 for tuition, supplies and equipment, and \$150,000 for counsel-

ing and guidance of veterans.

Expenditures for May, 1947, the VA says, were 98 percent greater than for the corresponding month in 1946.

At the end of May, 77,774 World War II veterans were enrolled in the VA education and training program in the Pacific Northwest area.

Choose a GOOD YEAR DeLuxe

Tests show Good-year DeLuxe tires give longer tread wear... an extra margin of service and safety that swings the balance in favor of Goodyear. Buy wisely... go farther, safer... go Goodyear!
