CASH WHEAT MARKETS DISPLAY SHARP INCREASE

Cash wheat markets in the Pacific Northwest advanced sharply during the week, reflecting advance in Eastern future markets, according to reports to the Production and Marketing Administration, U. S. D. A. Trading was rather light early in the week as buyers were rather cautious and inclined to await larger receipts of new crop wheat at the terminal markets in order to get a better idea as to quality. Another important factor that slowed trading was the fact that bid prices did not quite meet growers' ideas of values for new crop wheat. The "Commodity Credit Corporation, while not actively bidding, was accepting offers but no purchases were reported by the Regional Office during the week. Harvesting of winter wheat and barley has become quite general in the Columbia River counties of Oregon and Washington, and also in Southwestern Washington. Now crop wheat from these areas is beginning to arrive at the terminal markets. Weather conditions have been favorable for harvesting operations during the week and receipts are expected to increase from day to day.

The cash wheat market at Portland was slow and inactive during most of the week. Near the end of the period, however, after prices had advanced 8 cents per bushel, on the ordinary export classes of wheat as compared with a week ago, the improved market situation resulted in active trading. With the increased receipts of new crop wheat at the terminal markets, trading is now definitely established on a new crop basis. Growers' ideas of value according to trade reports are around \$2.00 per bushel net to them for the soft white and ordinary hard red winter, and some sales from Columbia River district were reported on that basis. Most of the new crop wheat received at Portland to date has been Soft Federation variety and is low in test weight, as compared with other recent years, testing 57 to 59 pounds per bushel compared with 59 to 60 or better last season from the same producing areas. The new crop wheat appears to be much higher in protein content than usual, as some samples of hard white and dark hard winter wheat sent to the Oregon State Inspection Department for protein tests run as high as 14 to 17 percent protein.

Wheat receipts for the week at Columbia River terminals totaled 87 cars and at Puget Sound terminals, 154 cars as compared with 73 and 83, respectively, a week ago.

Bid prices at Portland Grain Exchange were as follows: Soft White, Soft White (No Rex) White Club, Western Red, and ordinary Hard Red Winter, all \$2.16 per bushel basis No. 1 bulk, 15-day shipment, for coast delivery.

Wheat receipts at Ogden were 76 cars during the week. Quotations were \$2.31 per bushel delivered f. o. b. Ogden Mills, on all classes of wheat, with no premiums on high protein wheat. Prices f. o. b. country shipping points were about 16 cents per bushel under Ogden.

The San Francisco wheat market turned somewhat stronger during the week influenced principally by advances in other markets and light local offerings. Demand showed only a moderate improvement but prices were mostly around 5 cents per 100 higher compared with a week ago. Central California wheat growers were marketing remaining supplies quite slowly and offerings of top quality wheat, sacked, especially light. As a result, sacked wheat sold at unusually high premiums compared with bulk offerings. Demand from flour mill was far from active but food wheat users were in the market for larger quantities, particularly toward the close of the week when grain sorghums advanced sharply.

Cash wheat followed closely the action of the July future in the Kansas City market, and closing quotations ranged 6-7 cents higher on hard wheat. Because of an abundance of heavy test weight grain discounts on grades below No. 1 were slight and reduced amount of "Tough" wheat.

The nine principal southwestern markets received 22,980 cars of wheat during the five day week compared with 14,756 the previous week and 15,870 during the corresponding 6 day period a year ago.

The cash wheat situation at the Minneapolis market was highly nervous. Mills want to keep their stocks to absolute minimum because of sizable premiums over winter wheat but in the meantime must maintain high protein stocks for mixing purposes. Premiums broke badly during Tuesday's session with buyers virtually out of the market. However, at decline, flour demand picked up even at sizable premium quoted over winter wheat flour which forced mills back into market. With offerings extremely light, premiums again showed upward reaction. Receipts of all classes of wheat amounted to only about 700 cars, about 1/3 of which was new crop winter from Southwest.

Winter wheat harvest is complete in southern Texas and about half complete in the northern portions. The northern limits of the wheat harvest belt east of the Rockies now extends from Colorado through Kansas and central Illinois and Ohio. Yields of winter wheat where harvest is in progress generally have been good.

West of the Mississippi river there is no indication of appreciable damage from stem rust to the winter wheat crop as a whole as far north as southeastern Nebraska and southwestern Iowa. In southeastern Nebraska only a few fields have more than a trace of 1 percent of rust with 5 percent severity the maximum observed in a field in milk stage. Wheat in this section averages medium

Family Reunion Held

The home of Mr. and Mrs. Ed. Galloway on Big Bear ridge was the scene of a very happy gathering Sunday, when 34 relatives gathered to spend the day.

Those present were Mr. and Mrs. Paul Hughes of Detroit, Mich.; Mr. and Mrs. R. A. Hughes and sons Ralph and Bobbie and Mr. and Mrs. Howard Hughes and baby, all of St. Maries; Mr. and Mrs. Arthur Alber and children, Richard and Judy, of San Jose, Calif.; Mr. and Mrs. Bert Sundstrom and baby and Jake Alber of Deary; Keith Swan of Kingston; Mr. and Mrs. W. S. Morey and sons Michael and Patrick, Clarence Morey, Mr. and Mrs. Cecil Chamberlain and son Jerry, Mr. and Mrs. Dan Kechter, Mr. and Mrs. Harley Perryman and son Gene, and the host and hostess, Mr. and Mrs. Galloway and son Eddie.

"STREAMLINED" COM. CLUB MEETING WED., JULY 9TH

A short meeting of the Kendrick Commercial Club was Wednesday evening of last week, following the 6:30 dinner served at the Kendrick Cafe. Attendance was light, so the business session was also held in the cafe, rather than at the city hall, as is the usual custom.

The new officers, as chosen from the previously elected board of directors, took office as follows:

George Broeke, president
A. O. Kanikkeberg, treasurer
Arthur Rundhaug, secretary
Committee appointments were announced as follows:

Merchants: Lewis B. Keene, F. M. Long, Floyd Millard.

Civic Improvement:
L. S. Thurber and Dr. D. A. Christensen. Third member to be selected by them.

Industrial Committee: Wade T. Keene, E. A. Deobald and A. O. Kanikkeberg.

Agricultural: Roy Glenn, Gordon Peters and Norla Callison.

Fish & Game: W. A. Watts, F. M. Long and W. L. McCreary.

Finance and Membership: A. O. Kanikkeberg, H. C. Schupfer and J. G. Travis.

Highways: Tom Long, W. A. Watts and H. C. Schupfer.

Entertainment: Lewis B. Keene and Frank Abrams, they to select the third member.

Publicity: W. L. McCreary, W. A. Watts and Wade T. Keene.

Schools and Education: Jasper L. Nutting, Ross Armitage, E. A. Deobald and A. O. Kanikkeberg.

A round-table discussion was then held on roads, the terrific condition of the Kendrick-Juliaetta "highway" receiving the larger amount of consideration. As a basis of action the club delegated W. A. Watts as a committee of one to supervise a traffic count on this "highway." It was felt that when this information was available, an accurate basis of correspondence would then be available.

A brief discussion of committees and their work was then held, and the club decided unanimously that such committees were empowered to delegate responsibility to others should the need arise.

There being no further pressing business to come before the club, adjournment was made.

Lloyd Stanton Dies Suddenly

Lloyd Llewellyn Stanton of Marysville, Wash., passed away very suddenly on Wednesday, July 9th, while engaged at his work, the cause of death being a heart attack.

Mr. Stanton was a son of the late Mr. and Mrs. Sam Stanton. He attended the Kendrick high school, graduating from that institution, and grew to young manhood in this community. He was united in marriage to Louise Marie Flaig, a daughter of the late Mrs. Thos. McDowell.

Mr. Stanton was a veteran of World War I, and a member of the Eagles Lodge.

He is survived by his widow, Louise Marie Stanton; two sons, William and Eddie, and a daughter, Anita, at home in Marysville; and three married daughters, Mrs. Harold Dieckhoff of Bremerton, Wash., Mrs. Dale Coumard of Seattle, Wash., and Mrs. Thomas Lopez of Dallas, Texas; a brother, Lieut. Carl A. Stanton, of the Coast Guard at Astoria, Oregon; and two sisters, Mrs. Robert King of Asotin, Wash., and Mrs. Fred Stedman of Kendrick, Idaho. Four grandchildren also survive.

Funeral services were held at the Schaefer Funeral Home in Marysville, Wash., Saturday, July 15th, at 2:00 p. m., with the Rev. Addison Self of the First Baptist church officiating. Interment was in the Marysville cemetery.

Greatly Improved

Miss Vivian Draper, daughter of Mr. and Mrs. Robert Draper, who has been in St. Joseph's hospital at Lewiston for the past two weeks suffering with rheumatic fever, is now greatly improved, and brought home by her parents last Saturday evening.

She was taken ill while working at Spokane.

dough and there is no indication of damage to the crop in general. On July 8 a bare trace of stem rust was found in winter wheat as far north as Hennepin County, Minnesota.

Leaf rust of wheat in eastern Colorado varies from 5 to 40 percent severity with not much more than a trace of damage expected. Infection is still light in Iowa and on winter wheat in southeastern Minnesota. There is a trace on spring wheat in the spring wheat area and in Wisconsin. East of the Mississippi river there have been no new reports of any important damage from leaf rust.

INTERESTING HAPPENINGS FROM JULIAETTA AREA

Mr. and Mrs. Edgar Taylor and children of Pocatello are visiting at the home of his parents and brother and family, Mr. and Mrs. Ed. Taylor and Mr. and Mrs. Eugene Taylor, respectively.

Mr. and Mrs. G. W. Swears and daughters spent the Fourth of July holidays in Coeur d'Alene.

Mrs. Woodrow Nye spent Friday in Moscow. Returning with her was her niece, DeAnna Kumpula of Clarkston Heights, who had been visiting Carol Ann Hadcock.

Mr. and Mrs. William Hecht are home, after an extended stay with their daughter and son-in-law, Mr. and Mrs. Dick Benjamin, on Big Bear ridge.

Tommy Peters, Teddy Peters and Rex Peters were Monday Lewiston shoppers.

Connie and Francis Freeman have been visiting relatives at Newport, Wn.

Juliaetta's new sawmill, owned and operated by E. A. Kirkpatrick, now has its new planer in full operation, making it possible to purchase locally produced finished lumber.

A large brick burner has been constructed to dispose of the planer shavings, which are blown into the burner, making it possible to keep the planer floor free of shavings and dirt.

Ralph Magnuson motored to Grangeville on Monday.

Mr. and Mrs. Lloyd Knight are remodeling one of their apartments upstairs, which will be occupied by Mr. and Mrs. Allan Grayson, upon completion.

Mr. and Mrs. Loy Tacker purchased a Pontiac car on Monday.

Harve Williams is reported quite low at this time. He is at his home.

Mr. and Mrs. Clifford Nelson and daughter Karen spent the 4th of July at Grangeville.

Mr. and Mrs. Lloyd Knight and Mr. and Mrs. Claus Clark motored to Grangeville for the Fourth.

Mrs. Vada McAllister has been enjoying a visit from her daughter, whose home is in Seattle.

Wallace Hutchison, Loyal Weber and Bill Hugo left Monday to spend several days fishing in the Dixie country.

Mr. and Mrs. Ralph Roberts spent the week-end at the J. Johnson home.

Mr. Margaret Covington visited her parents, Mr. and Mrs. Ed. Taylor and her daughter, Jane, over the week-end. She is attending Northern Idaho College of Education at Lewiston.

Mrs. Paul Forsberg drove to Pullman Monday to take her husband, Rev. Paul Forsberg, back to summer school after he spent the week-end at his home here.

Sammy Dick, Seattle, has been working the past week at the M. Klopfer ranch. He spent the week-end visiting his uncle and aunt, Mr. and Mrs. J. B. Hammond, and cousins Mona and Jack. Sunday he visited at Lewiston with his uncle and aunt, Mr. and Mrs. S. C. Skillern.

Mrs. Lizzie Prater spent last week in Lewiston Orchards at the home of her daughter, Mrs. Howard Williams.

Mrs. Ralph Richardson and children were in Lewiston Saturday.

C. W. Jessup was a Kendrick business visitor Friday.

Hit By Car

George Gerner, four-year-old son of Mr. and Mrs. Melvin Gerner of Kendrick, suffered a broken left collar bone and abrasions of the back and scalp Sunday afternoon when struck by a car driven by Werner Brammer, into whose path he dashed.

Mr. Gerner and son had just gotten out of a pick-up driven by Fred Zimmerman, across the street from their home on Main street, and had walked around the rear of the truck, Mr. Gerner holding George by the hand, he turned back, however, to speak to Mr. Zimmerman, and George pulled his hand free and dashed for his home, running directly in front of the car driven by Werner Brammer, who was proceeding very slowly up the street. Realizing George's danger, Mr. Zimmerman called to Mr. Brammer, who of course turned his head to locate the source of the call. So Mr. Brammer and little George Gerner failed to see each other until too late.

The slow speed of the Brammer car (estimated by witnesses at 10 to 12 miles per hour) accounts for the lack of more serious injuries.

Little George is still in bed, but reported by Dr. Christensen as getting along nicely.

PERSONALS AND NEWS ABOUT KENDRICK FRIENDS

Norman McCrea of Boise, a nephew of Walter McCrea, an old-time resident of Kendrick, was a visitor here Tuesday. Both were in the hardware business here many years ago.

Mrs. W. L. McCreary and son Parker returned home Sunday after a 10-day visit in Seattle with relatives.

Mr. and Mrs. George Jones and daughters of Uniontown were weekend guests in the home of her parents, Mr. and Mrs. Wade T. Keene. Mr. and Mrs. Jones have disposed of their drug store at Uniontown and are now engaged in looking for a new location.

Rev. J. H. Coulter was a Monday visitor to the Hidden Valley camp for youth in this section. He took with him Burton Souders, Jr., Parker McCreary and Judy White, who will attend the camp for a week.

Mrs. J. H. Coulter returned last Thursday morning from a month's visit with relatives in the east, going as far east as Boston, Mass., Washington, D. C., and New York. Her son, Scotty, who accompanied her east, remained for a longer visit.

Mrs. Edna Nelson and children returned Tuesday afternoon from a three-week visit with relatives and friends at Chateau, Polson and other points in Montana.

Mr. and Mrs. Everett Fraser were huckleberrying in the Elk River basin Sunday, bringing back five gallons of the luscious fruit. They report no berries in the Beal's Butte or Park sections.

Bruce Wilson, P. F. I. employee at Headquarters, has returned to his work, after spending a brief vacation at his home here.

Mr. and Mrs. Fred Stedman and Mr. and Mrs. Robert King of Asotin, Wn., drove to Everett, Wash., Friday, to attend the funeral of Lloyd L. Stanton, a brother of Mrs. King and Mrs. Stedman. They returned Monday.

Dr. and Mrs. Geo. W. McKeever and daughters returned Monday from a month's motor vacation tour, which took them as far east as New York. Enroute they visited many points of interest.

Major and Mrs. Aaron Blewett and children, from Ft. Leavenworth, Kansas, visited with Mr. and Mrs. R. L. Blewett and son Billy at Gifford Tuesday. Mr. Blewett, who has been attending Command School, expects to be transferred to Germany for duty soon.

Mrs. Walter Meyer, Jr., and daughter Judy Ann of Long Beach, Calif., arrived last Friday to spend some time visiting her parents, Mr. and Mrs. Otto Schupfer. They came up by plane and were met in Spokane by her parents.

Mr. and Mrs. Donavan Douglas and daughter were Sunday dinner guests in the home of Mr. and Mrs. Jasper Nutting and family.

Mr. and Mrs. Leonard Wolf and sons, accompanied by Mr. and Mrs. Alvin Steigers and family and Earl Heimgartner left Friday for Fish Lake, returning Sunday. They report a wonderful time and lots of fish, but the thrill of the trip was seeing the moose in the lake. They were apparently friendly and not afraid, as "mama moose" brought her calf down for a drink and swim—weaving in and out among the fishermen.

Lawrence Nutting, Spokane, visited three days last week in the home of his brother and family, Mr. and Mrs. Jasper Nutting.

Over the week-end guests in the Bud Harris home were Louella Forest, Everett Lohman, Pete Nelson, and Mickey and Harry Harris.

Mr. and Mrs. C. Westendahl, who have been visiting their children in Moscow since the Fourth, returned home Saturday.

C., Bow Island, Medicine Hat, Lethbridge and Foremost, Alberta, Canada, and on their return trip at White Sulphur Springs, Montana. Highlights of the trip were the Kevin-Sunburst fields, and antelope at play along the roads.

Mr. and Mrs. Floyd Millard spent the week-end in Spokane.

Mrs. A. E. Carlson and Mrs. C. H. Davidson were Lewiston business visitors Tuesday.

Albert Tout of Great Falls, Mont., arrived here Sunday to spend some time visiting his sister, Mrs. Harry Baker and family.

Mr. and Mrs. Leonard Stuart and Mrs. E. O. Stuart of Lewiston were Saturday guests in the Kenneth Broeke home.

Mrs. W. W. Eldridge left for Spokane Tuesday for a visit with relatives and friends.

Miss Barbara White of Lewiston spent the week-end at her home here.

Mrs. George Broeke and son Darrell are spending this week with her sister, Mrs. McAllister, on Cedar creek.

Repairing Awning

A tent and awning company repaired and adjusted the awning at the Kendrick Table Supply Tuesday, in preparation for the warmer weather that is sure to come.

Weather Turns "Tropical"

Although this section has seen gradually rising temperatures the past two weeks, it remained for Old Sol to really "turn on the heat," and beginning with Saturday he did just that, for on that day the mercury hit 92 degrees; Sunday it climbed to 94 degrees, and Monday topped the season's record with 96 degrees.

Monday's heat was felt all the more due to very high humidity, but about 5:00 o'clock gathering clouds and a spatter of rain began to bring relief, and at 7:30 a brisk breeze and a nice little shower were welcomed.

Considerable lightning and thunder accompanied the shower, but no fires or hail were reported.

MEMORIAL SWIMMING POOL DEDICATION HELD SUNDAY

The Area Living War Memorial Swimming Pool was dedicated with impressive ceremonies last Sunday afternoon, about 200 people attending.

The service opened with Mrs. Herman Schupfer playing several appropriate numbers on her electric organ, last of which was the "Star Spangled Banner."

A color guard from Baker-Lind Post No. 3913, V. F. W., composed of a marine, Everett Farrington; a soldier, Edwin Halseth, and a sailor, Don Dammarsell, raised the colors to half-mast, while David Coulter sounded "To The Colors" on his bugle. A prayer was then offered by the Rev. Paul Forsberg of Juliaetta, followed by the singing of "America The Beautiful."

The pool was then formally presented by George F. Broeke, president of the Kendrick Commercial Club, acting in behalf of all donors and the Club, and accepted on behalf of the town by Roy H. Ramey, mayor pro-tem.

Dr. Joseph H. Coulter made the statement of dedication and gave the memorial address. He spoke of a sign in a window of a store selling religious goods: "This crucifix on easy terms." He stated that such words were incongruous — no sacrifice is on easy terms. The sacrifice of the men in whose memory the pool was given had not been easy.

The war had been hard for all. It would not be easy for us to carry on the work, so that the ideals for which these men had given their lives might be attained, and urged that we seriously accept this challenge.

Rev. Coulter read the list of local men to whose memory the pool is dedicated, as follows:

Eldon S. Baker
Charles L. Biddison
Cleo Blankenship
Edgar A. Davidson
Fred M. Foster
Andie Hoffman
Carl M. Hund
Oscar Wayne Lind
Ed. Steigers
Robert Steiger
Adolph Supple
Ladverne Sylvester Daniels
Robert Groseclose
Harold Glenn
Wesley B. Knight
Wilbur O. Miller
Ernest W. Nye
Russell Betts
Tyler Mills
Raymond Walcott
Henry Wittman

The Rev. Earl Gaskill then offered prayer, which was followed by the singing of "America" and the benediction pronounced by Dr. Coulter.

After the formal service was over, Mrs. H. C. Schupfer played a number of selections on the organ, and many people stayed in the park, visiting, picnicking and enjoying the pool all afternoon.

Trosper-LaHatt Rites Solemnized

At an impressive wedding ceremony Miss Betty Jo Trosper, daughter of Mr. and Mrs. Lloyd C. Trosper, Pomeroy, was united in marriage to Robert U. LaHatt, son of Mr. and Mrs. Lee S. LaHatt, Pomeroy, Sunday afternoon, June 29, at 3:00 o'clock in the Methodist church. The Rev. Myron Sharrard read the single ring ceremony in a setting of floral beauty.

The altar, with a background of tall lighted candelabra was banked with regal lilies and baskets of snapdragons. White tapers were in all the windows and baskets of flowers were distributed throughout the church, with ferns used as extra background.

Miss Elaine Victor, organist, and Miss Patty Hartley, vocalist, provided the nuptial music.

Given in marriage by her father, the bride wore a gown of white slipper satin and chiffon, with the full skirt extending into a long train. She carried a white prayer book with a shower of tiny pink rosebuds.

Miss Betty Jo Lyon of Spokane, was maid of honor.

A reception followed in the church basement, where Mrs. Cecil Mast and Mrs. Ellis Whittaker were in charge. Assisting at serving were Mrs. F. W. LaHatt, Mrs. C. S. LaHatt, Mrs. Edwin Mielke, Mrs. Ellis Whittaker, Mrs. E. B. Porter, Mrs. Goldie Oliver and Maxine Darnell.

The couple left for a honeymoon on the coast. Upon their return they will make their home in Pomeroy.

Mrs. LaHatt is a graduate of Pomeroy High school and attended Washington State college two years. Her husband is also a graduate of Pomeroy high school and served in the navy for four years.

Out-of-town guests were Mr. and Mrs. Albert Cooper and family of Spokane; Mr. and Mrs. Edwin Mielke and family of Cameron, Idaho, and Mr. and Mrs. John Waite of Lewiston, Idaho. — East Washingtonian, Pomeroy.

Three More Fires Reported

The local fire warden's office reports three more fires — all of which occurred last week.

On Thursday six and a half hours were required to extinguish a spot blaze in heavy timber below Atwater Lake, caused by a lightning strike.

Saturday two fires were fought along the Clearwater river, both of the "spot" variety. They were the result of firecrackers or cigarettes being thrown from cars or trucks.

Henry Jones, warden, issues a stern warning against the throwing of burning refuse of any kind from a car or truck, and says that prosecution will follow any such proven cause. He also warns against the use of "straight" pipes on trucks, stating that they constitute a real fire hazard, as a back-fire and resulting carbon spark can easily cause a blaze.

Mr. Jones recommends a muffler, or that the pipe be brought up into the air behind the cab, and then equipped with a fire screen. He also states that all tractors should be equipped with muffler or fire screen. In woods work this is compulsory. On your own farm it is strongly recommended as a safety measure.

Kendrick Loses To V. F. W.

Lewiston V. F. W. stretched its wins to 10 in the Valley division of the Lewis-Clark baseball league Sunday by defeating Kendrick 5 to 3 in a tight game. The winners had captured runner-up honors and earned a berth in the league playoffs before the Sunday contest, but the win set them up another notch.

The V. F. W. got off to a strong start in the second inning with Minette smacking out a home run and Allor connecting for a triple. Three runs were scored in the inning, and the additional runs added in the fourth and fifth.

The game was the last of the season for Kendrick, which finished its schedule with seven victories and seven defeats. The V. F. W. has 10 wins and three losses.

Ossie Kanikkeberg on the mound for Kendrick fanned 12 V. F. W. batters and Walker of the V. F. W. struck out 10.

Batteries: Kendrick — Ossie Kanikkeberg and T. Deobald. Lewiston: Walker and Lovejoy.

WHAT THE MARSHALL PLAN CAN REALLY MEAN TO US

The Marshall plan, as described by the Secretary of State in his Harvard University address and afterwards amplified, is the clearest statement yet made on United States foreign policy as it applies to the rehabilitation of Europe. Secretary Marshall decisively disposed of the idea that this country would continue to pour goods and money into Europe whether or not the receiving nations did anything substantial to help themselves. He made it plain that we would do everything in our power to advance the cause of European economic recovery—but that an essential condition is that the suffering countries work out a plan of their own to make maximum use of their resources, to increase production, and to practice self-help on the largest possible scale.

The Marshall plan is thus more than a mere extension of the Truman Doctrine. The Doctrine, as practiced in the past, consisted of material aid to foreign nations with few strings attached. It was in the nature of an emergency measure to deal with an emergency condition—as in the case of the Greek loan. The Marshall plan is much more specific, and is designed to be of a permanent character.

Some hard economic facts underlie the Secretary's policy. It has become evident that there is a limit to the amount of goods we can sell, give or loan to Europe. At the present time, for example, only one basic commodity, wheat, is in excess production here. A number of essential commodities are still in short supply, and production is barely adequate for our own needs. Heavy buying of such commodities for foreign use has undoubtedly been a factor in forcing up prices in our domestic market.

No one was surprised at the Soviet Union's efforts to sabotage the plan. It seems undeniable that the Soviet leaders are convinced that want and unrest create a fertile breeding ground for the communist ideology, and are determined to fight democratic influences in every possible manner. Russia's objection was the old one to the effect that the plan marked another step in America's imperialistic march toward world domination, and that it would involve intolerable interference with the internal affairs of other powers. Secretary Marshall promptly answered that in a strong speech before the Women's National Press Club. He said categorically that assistance furnished foreign countries would be used only for relief or economic rehabilitation, and that it "should not be expended to serve selfish economic or political interests." He did not mention the Soviet Union by name, but the implications were clear when he said

that in many parts of the world the United States is the target of "a continuous propaganda of misrepresentation." He pointed out that, far from trying to dominate the internal affairs of other nations, we have rapidly reduced our once-powerful military garrisons abroad, and that "no political parties subservient to United States interests have been left behind in European countries to attempt conquests of governments from within." And, finally, he said that since the end of the war this country has sent to Europe \$9,000,000,000 worth of goods.

As the relations between the United States and the Soviet Union continue to deteriorate with fateful rapidity, the power blocs in Europe become more firmly established. On our side we have England and France (England is not literally a part of Europe, but is assumed to be so far as political, economic and military policies are concerned). On the Soviet side are almost all of the Balkans and Central Europe. Spain is a question mark, the Franco regime being both anti-democratic and anti-communistic. Some authorities think that Franco is on the side, and report that underground communist strength in the country is growing. Germany, of course, is torn in all directions, with the Russians carrying on the most intensive efforts to develop their big occupation zone. The hope for a united Europe, so widely held during and immediately after the war, is at its nadir.

The possibility of another war casts its lengthening shadow over all policies, all negotiations. General Eisenhower, who is certainly no war-monger, has said that the chance of conflict within a year must be considered, and has asked Congress for larger Army appropriations. Dr. Einstein, like some of the other top nuclear physicists and mathematicians, has said that a full-scale atomic war is possible in four to eight years. All this is a harsh commentary on the state of the world in less than two years after the end of the most destructive war in history.

The TVA Subsidy to End

One of the interesting developments of the day is the recommendation made by the house appropriations committee that the Tennessee valley authority be required to make a beginning on the repayment to the federal treasury of the investment in its power program. This follows the recommendation of the general accounting office made in the report on the audit of the TVA for the fiscal year ending on June 30, 1945. The audit, by the way, was the first made of the finances of this government corporation by the GAO. In contrast with most accounts of TVA operations this one has had almost no pub-

licity. According to the audit the government investment in the TVA power operations at June 30, 1945, amounted to approximately \$400,000,000. Of this sum \$58,500,000 had been raised by the sale of bonds carrying an interest rate of one percent. No interest was being paid on the balance though the annual interest cost to the government — that is, the taxpayer — was in excess of \$9,000,000. "The interest rate on long-term borrowing of the United States treasury," says the audit, "is 2½ percent."

For a good many years TVA has been publicized as the model power producer of the nation and its rates compared with those of privately operated utilities to the detriment of the latter. Now comes this government accounting agency and shows the truth of what critics of the TVA have been saying all along. Because the TVA rates reflect only a negligible amount of interest on the power investment and because various other honest accounting practices of private utilities are not followed those rates can be made low.

So far as power is concerned we, here in the northwest, have little interest in the TVA. Its so-called success has been used, however, as an argument for a Columbia valley authority and this GAO audit shows what authority opponents have argued — that the TVA's success in the matter of power rates is phony.

All of us are interested, however, in federal taxation and now we have proved that it is our money that has gone into government bonds and our money that is going every year to pay interest on the government borrowing that has made possible the low TVA rates. TVA has been subsidized by the taxpayers of the nation.

The appropriations committee proposes that there be an end to such subsidy.

ROTC Unit Given High Rating

Moscow — The Reserve Officers' Training Corps unit at the University of Idaho was given a rating of "excellent" as a result of the 1947 annual inspection, President J. E. Buchanan of the university was advised today by General Mark Clark, commanding general of the Sixth Army. The rating is the highest the War Department gives to ROTC units.

The Idaho unit, which received its training under Colonel E. H. Hensley, professor of military science and tactics also turned in an outstanding record this year in rifle marksmanship. Idaho rifle teams placed first

in both the William Randolph Hearst Intercollegiate Trophy match for the Sixth Army area, and the National Rifle Association Northwest Sectional match.

Another New Trustee
At the last meeting of the board of village trustees Lester Wallace was appointed to fill the remaining vacancy on the board. The village now has its full quota of five.

NEW HOUSING TO BE PROVIDED AT THE U. OF I.

Moscow — To alleviate the critical shortage of housing for faculty members at the University of Idaho, President J. E. Buchanan announced today that the university would start construction immediately on 25 new homes of two and three-bedroom capacity. Every effort will be made to have the houses completed by September 15. The emergency housing measure was approved by the executive committee of the board of regents which called a special meeting at the university to consider the problem.

"This project is vital to the welfare of the university," declared President Buchanan. "If we are to provide adequate teaching and research staffs for our heavy enrollment, which passed the 3,700 mark last year, we must have more faculty housing. Sufficient housing will not be available in the city of Moscow this fall, and we have numerous cases of individuals who have accepted teaching positions provided that they can obtain housing."

The 25-unit housing project will be financed and operated by the university. Debiture bonds handled by the

ing or to claim by, through or under them, in and to the lands and premises particularly described in the title and caption hereof, all of which more fully appears from the verified complaints of the plaintiffs' attorney on file in the above entitled action, to which complaint reference is hereby made and the same is by such reference incorporated herein and made a part hereof.

WITNESS my hand and the seal of the said District Court this 27th day of June, 1947.

BESSIE BABCOCK, Clerk District Court of the Second Judicial District of the State of Idaho in and for the County of Latah.

By ROSE RAWSON, Deputy. RUSSELL S. RANDALL, Attorney for Plaintiffs. Residence and P. O. Address, Lewiston, Idaho.

First pub. July 3, 1947. Last pub. July 31, 1947.

NOTICE TO CREDITORS

In The Probate Court of Latah County, State of Idaho

In The Matter of the Estate of Christian H. Molden, deceased.

NOTICE IS HEREBY GIVEN by the undersigned Administratrix of the estate of Christian H. Molden, deceased, to the creditors of, and all persons having claims against the said deceased, to exhibit them with the necessary vouchers within four (4) months after July 4, 1947, the first publication of this Notice, to said Administratrix at the office of Jack McQuade, Moscow, Idaho, the same being the place for the transaction of the business of said estate in Latah County, State of Idaho.

Dated this 27th day of June, 1947.

LAURA MOLDEN, Administratrix of said Estate.

First pub. July 3, 1947. Last pub. July 31, 1947. Jack McQuade, Atty., Moscow, Ida.

First Trust and Savings Bank of Moscow will provide the funds, no state appropriations are involved. The houses will be rented only to faculty and staff members. Rentals have not yet been established, as they will depend on the final costs of the buildings.

The houses will be of frame, pre-cut construction. There will be 20 with two bedrooms, and five with three bedrooms. All will be one story high and of basic design. Individuality will be obtained through porch construction and colors.

Architect for the project is T. J. Prichard, head of the art and architecture department at the university. Some contracts will be let, but the majority of the work will be done by university employees.

The site selected for the project, which has been tentatively called South Hill Homes, is on Deakin avenue near the university's two large women's halls, Forney and Hays.

In addition to the construction of the houses, the university will remodel some buildings which it now has to provide five new apartment units for faculty members.

The Unpalatable Truth

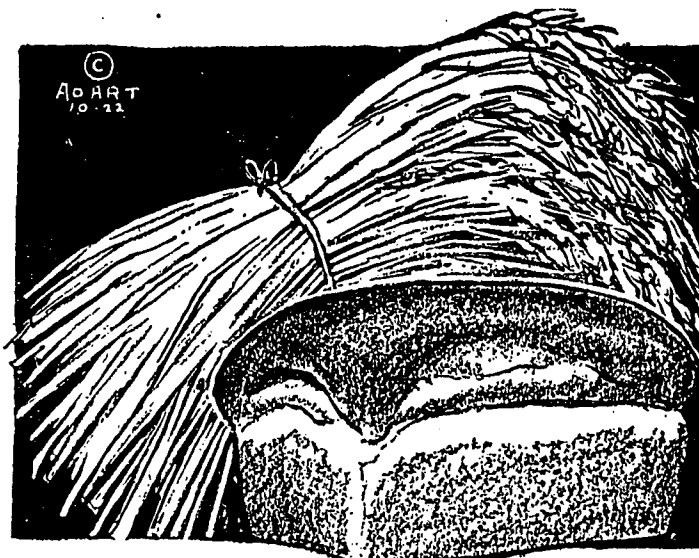

The people of the United States have reached a point where they must face facts. We have been taught to look upon our country as a land of inexhaustible resources. We have lived in sort of a dream world created by our own wishful thinking. We have been told by so-called economists that wages could be raised almost indefinitely without an increase in the cost of living. We have been told that we could go in debt almost indefinitely, on the theory that when government borrowed from the people it was not really a debt because the people merely owed the money to themselves.

Now we face the Frankenstein we have built. We have found that more wages for less production per man raises prices enormously. We have found that when we loaned money to ourselves in the form of government bonds, interest on that money has to be collected in taxes and paid to ourselves—this in turn adds greatly to the cost of living.

There is only one way the people of the United States can save themselves. As workers we must learn that an increased income can only be made permanent through increased production per man; we must learn that only by work and saving and economy can we maintain a solvent government, i.e., save the money we have "loaned" to ourselves. It makes no difference whether we allow extravagance in government or extravagance in our families—either will destroy our savings and capital. We must all learn that in a world economy largely devoted to a race for military supremacy and to the quickest and most efficient means for destroying the human race, we must be prepared to protect ourselves.

Today we are like a giant who has become soft due to his own excesses. Unless we correct our method of living, we are simply inviting trouble. We have had our warning. We have seen the inevitable results of policies we have pursued. Are we intelligent enough to correct our errors?

To Take Diesel Training

Seattle, Wn. (Official Dispatch)—
Wallace Delos Miller, son of Mr.
and Mrs. Donald A. Miller, Kendrick,
recently enlisted in the navy.

Mr. Miller graduated from Ken-
drick High school this year, where
he was active in many sports, winning
letters in football, basketball and
baseball. He expressed his desire
for continuing his education by try-
ing for the navy's trade school for
diesel.

Parents Of Son

Mr. and Mrs. Everett L. (Bud)
Fey are the proud parents of a son,
born to them Monday, July 14, at
the Gritman Memorial hospital, Mos-
cow, weight 7 pounds and 12 ounces.
The little lad has been named William
Ray.

Mother and babe are doing nicely.

Memorial Program Scheduled

The Annual Memorial program will
be held at Spalding park, Sunday,
July 20th, starting at 10:00 a. m.

There will be speaking and sing-
ing by both whites and Indians
throughout the day. Basket dinner
at noon.

Everyone is welcome.

Potato chips, pickles, relishes,
canned and cold meats and a host of
other picnic supplies are available
at Blewett's Grocery-Market. You'll
find the price reasonable. 1-adv.

CALL FOR BIDS

The Village of Juliaetta will re-
ceive Sealed Bids for a pump that
will meet the following require-
ments:

It must be able to pump 60 to
70 gallons of water per minute from
a well 377 feet deep, and up to a
reservoir that exerts 92 pounds pres-
sure. The well hole is 6-inch, and
the supply pipe must be a 4-inch
pipe, 300 feet long.

The pump must be complete with
electric motor, and must demon-
strate that it can deliver to the
requirements set forth above.

The Board of Trustees reserves the
right to reject any or all bids.

Bids will be received from July
17 to Aug. 14, 1947, and will be
opened on the evening of Aug. 14,
1947.

By order of the Village Council.

Potlatch Chief Sez

PUBLISHED BY THE KENDRICK CO-OPERATIVE CREAMERY

HELLO, THERE, FOLKS: About Ice Cream:

This is ideal ice cream weather, so never be without a good supply of Potlatch Chief ice cream for the family and friends. We have a large variety of flavors to add extra pleasure to serving delicious Potlatch Chief ice cream.

For the kiddies we have made an extra special kind of ice cream — licorice! It tastes just like licorice candy only it's better because it's ice cream. Bring the kids into the creamery and treat them to licorice ice cream cones, and just see what a popular person you will be.

Don't forget to keep plenty of other Potlatch Chief products on hand, such as whipping cream, butter, buttermilk, eggs and milk. Always make sure your family gets an ample supply of milk each day. Every child should have at least a quart each day, and

adults at least a pint each day. Having a daily milk delivery insures family health. Buy "Potlatch Chief" milk regularly.

Those Ice Cream Packers: Just a word to the persons to whom we have so willingly loaned our one-gallon canvas ice cream packers — please return them as soon as possible after you borrow them, so others may have their use. Keeping them in circulation will prove to be more helpful to everyone.

"They say women are the weaker sex."

"Oh, yeah? Then how come they can put the cap on a fruit jar so that it takes 15 minutes for the huskiest man in the crowd to get it off?"

Coon: "Yo' don't win wid tree aces. Ah wins."

Second Coon: "What yo' got?"
First Coon: "Two eights an' a razor!"

GOLDEN RULE

Mr. and Mrs. Leonard Martin and children of Long Beach, Wash., left for their home Tuesday, after a visit with their aunt and uncle, Mr. and Mrs. Roy Martin, and other relatives.

Little Juanita June Pearson of Spokane is making an indefinite visit with her grandmother, Mrs. Roy Martin.

Mrs. Eula Zimmerman of Hubbard, Oregon; Mrs. Lola Woods and Mrs. Beulah Peterson and children of Orofino were recent visitors at the Glenn Betts home.

Mrs. Don Christensen and daughter spent several days at the Glen Betts home the past week.

Mr. and Mrs. Abner Cowger and children and Mr. and Mrs. John Jennings and children went to Woody's after cherries Sunday. Accompanied by Mr. and Mrs. Don Candler and children they spent the evening at the river, enjoying a cooling swim.

Mr. and Mrs. Bruce Tarbert and son of Spokane are visiting at the Roy Martin home.

Mrs. W. A. Cowger went to Orofino Monday to see a doctor. She is suffering with poison ivy on her legs.

Mr. and Mrs. Chas. Reed of Caldwell, Idaho, old friends of Mr. and Mrs. W. A. Cowger, visited with them recently.

Mr. and Mrs. Ernest Cowger were visitors at Rudah, Sunday.

Mr. and Mrs. Lyle Goffinet and children visited at the W. A. Cowger home Sunday.

Mr. and Mrs. Ishmael Martin and Mrs. Roy Martin called at the Powell home on Cream ridge, Sunday.

Swimming Pool Really Enjoyed

The Area Living War Memorial Swim Pool is really "getting a play" these days, as the thermometer shows higher and higher heat. Bob Fraser, life guard, states that average daily attendance is now about 110 — and ranges in age from six years to

To date he has not had to pull anyone from the water, all apparently realizing their limitations and staying within them.

When this pool was first con-

ceived and the drive for money begun there were many who scoffed at the idea, saying: "Folks won't pay money to swim when we have the creek," and "There aren't enough people in this territory to fill a swimming pool," and many remarks of a like nature.

The results to date have clearly borne out the hopes of the Commercial Club when the drive for funds began — before the pool was even in the blueprint stage.

Results of Softball Games

The scores of softball games not previously reported are as follows:

Wednesday, July 10 — Millard's vs. Juliaetta, with Juliaetta winning 18 to 11; Cameron vs. Kendrick Bean Growers, with Cameron winning 17 to 12.

Monday, July 14: High School vs. Bean Growers. The High School won this tilt 19 to 17.

The same evening Cameron met Juliaetta, and when the smoke of battle had cleared away Cameron held the long end, 19 to 10.

Tuesday evening there was but one game, Millard's meeting Southwick. Millard's won 15 to 10.

Visiting In C. W. Jessup Home

Mr. and Mrs. William Jessup of Hugoton, Kansas, and O. L. Jessup of Tacoma, Wash., were Friday and Saturday guests in the home of their uncle, Mr. and Mrs. C. W. Jessup, Juliaetta.

This was the first visit Mr. and Mrs. William Jessup had ever made to the home of his uncle. They were on a vacation tour which took them through California, and on their way home, Canada. They were accompanied to Coeur d'Alene by O. L. Jessup, who caught a train from that city for his home at Tacoma, Sunday.

Another Scarce News Week

This is another of those weeks when local news and correspondence "just simply ain't." Farmers have been too busy with their hay crops to go anywhere or do anything — and as a result country correspondence is very scarce, and they have been matched by town residents, who also have been too busy to make any news.

Every once-in-a-while these weeks bob up, so please bear with us and our correspondents.

Another Pool Donation

Latest list of donors to the Area Living War Memorial Swim Pool shows the name of Mr. and Mrs. Stanley Hepler, Southwick, with \$25.00 as their gift.

Unforseeable last minute expenses in the pool materials and construction drove the cost some \$700.00 higher than had been anticipated — and gifts are sincerely appreciated by the Commercial Club, sponsors of the drive. A. O. Kanikkeberg is the Fund Drive chairman.

Suffers Paralytic Stroke

Mrs. Martha Thomas suffered a paralytic stroke at her home here Tuesday morning, being found by Mrs. Kenneth Brocke and Mrs. L. D. Crocker, who often called to see that the aged woman was all right. They immediately notified Dr. D. A. Christensen, and got her as comfortable as possible.

An ambulance was called and she was taken to the hospital at Moscow Tuesday afternoon. Latest reports were "not too encouraging."
