### Breeding Fancy Horses

Dr. D. A. Christensen, who is interested in breeding fancy stock, has added, another item, his latest addition being the Appaloosa horse, which is a light, fast animal with lots of stamina and endurance. As to coloring, they are a solid color, with a "blanket" on the hind quarters which is covered with oval spots.

This breed was first brought to America by the Spaniards, and reached this area by the Nezperce Indians by barter and "barrowing."

The Indians recognized their potentialities and used them as war horses, and who, by careful line breeding developed a very fine animal ideal for their purposes.

When the missionaries arrived they thought a heavier work horse was needed, and discouraged the breeding of light horses. They brought in draft stallions and almost ruined the strain, until finally there were very few good specimen left.

In recent years there has been an attempt to bring back the pure Appaloosa strain by careful breeding, and this has gradually eliminated the draft characteristics.

In this state there has been established an Appaloosa Horse Club, which records registrations, with Claude Thompson of Morro, Oregon, as president.

Dr. Christensen has several good Appaloosa mares and, and just recently he, with Jesse Heffel, purchased a fine stallion colt, from a Coeur d'Alene breeder, the animal having a long line of Appaloosa ancestors on both sides, and so has hopes of producing some very fine spotted specimen in the future.

On Sunday Dr. Francis Haines, who is instructor at N. T. C. E., and a world authority on the Appaloosa breed, called at the Christensen ranch, accompanied by his wife and son, and Mr. and Mrs. Geo. Hatley of Moscow, Mr. Hatley being assistant secretary of the Appaloosa Horse club, and the party looked over Dr. Christensen's horses and took a number of pictures.

## Ideal Harvest Weather

The weather the past few days has been indeed ideal for harvesting operations — cool and dry, and farmers are taking advantage of it to keep combines humming from morning till night, and a steady string of trucks laden with golden kernels of wheat may be seen unloading at the local warehouses.

Melon and tomato growers are also quite happy with the present weather, and there is but little danger of "sunburned" tomatoes and pithy melons, caused by too fast ripening.

Well, the longer we live here, the more we think of the Potlatch country.

## NEWS ITEMS ABOUT LELAND RESIDENTS AND FRIENDS

### Family Reunion Enjoyed

A family reunion picnic was held Sunday afternoon in Lewiston at the park, honoring the Vincent family, this being the first time all had been together for thirty years.

Guests were Mr. and Mrs. Jerry Fitzpatrick of Donaldo, Alberta, Canada; Mr. and Mrs. Lyman Withrow of Kellogg; Mrs. Wm. Brooks of Spokane; Mr. and Mrs. Robert Draper, Mr. and Mrs. Marvin Vincent, John Vincent, Mrs. Dora Heffel; Mr. and Mrs. Lyle Fitzpatrick of Donaldo, Alberta, Canada; Mr. and Mrs. Jesse Heffel, Gerald, Elaine and Kenneth; Mr. and Mrs. Chester Vincent and Carol Lynn; Miss Lola Fitzpatrick of Edmonton, Alberta, Canada; Mr. and Mrs. Wm. A. Deobald of Moscow; Mr. and Mrs. Roy Craig and Paige; Ervin Draper, Miss Odetta Lohman of Lewiston, and Lawrence Olsen and Mrs. Miller, both of Clarkston.

### Other News

The Leland Homemakers Club met on Wednesday afternoon with Mrs. Lloyd Craig, with Mrs. Roy Craig as assistant hostess. Miss Lucille Byrich gave a very interesting demonstration on sweet yeast breads. Mrs. Robert Erickson of Clarkston was a visitor.

Mr. and Mrs. Jerry Fitzpatrick, Mr. and Mrs. Lyle Fitzpatrick and Miss Lola Fitzpatrick, all of Alberta, Canada, arrived Wednesday evening and spent a week here as guests of relatives and friends.

Mr. and Mrs. Lyman Withrow or Kellogg arrived here Saturday and visited until Monday with relatives and friends.

Mr. and Mrs. Marvin Vincent have again become grandparents, a son being born on Friday, Aug. 3, to their son-in-law and daughter, Mr. and Mrs. Wm. Rogers of Moscow. He has been named Richard Ray.

Mrs. George Baugh and son Norman of Orofino are the guests this week of Mr. and Mrs. Jesse Thornton, and other relatives.

### Safety Measures Necessary

Wade Candler, our new village marshal, has laid down a few simple safety measures which he considers necessary and which will be enforced in the interest of pedestrian, as well as motoring safety.

First of these is "jay-walking," particularly on Saturday nights, and most of which is done from the drug store corner toward the post-office, and from the confectioneries to the show house on the opposite side of the street. This must stop — not because it is a violation of the law — but in the interests of public safety, before some child or adult steps out from along the side of a parked car directly into the path of a moving vehicle.

The second is the parking of trucks and pickups in the restricted area in the main part of town. He states that Saturday night two pickups were parked almost opposite each other, and an actual measurement showed just 14 feet clearance between the two vehicles to permit travel on Main street.

The third item is the parking in front of fire plugs — which is violated consistently.

Mr. Candler states the law covering these items is to be enforced — and personally we don't think he is bluffing.

### Among The Sick

Latest report from Joe Tschantz, who is at St. Joseph's hospital, Lewiston, is that he suffered a relapse Sunday, and was not as well as had been hoped for. His condition is considered serious.

Miss Vivian Draper, daughter of Mr. and Mrs. Robert Draper, Leland, who has been a patient at St. Joseph's hospital, Lewiston, for the past ten days, underwent a major operation Saturday. She is reported as getting along nicely.

A. E. Spekter, who has been on the sick list for the past six weeks, is reported as slowly but steadily improving.

L. J. Herres, who has been in Spokane the past three weeks receiving medical treatment, is again back on the job at the Red Cross Pharmacy, he, with Mrs. Herres, returning Sunday.

E. M. Dammarell, who underwent surgery for a leg infection some three weeks ago, is getting along nicely, but is still on crutches.

### Severely Burned

Little Duane Fraser, son of Mr. and Mrs. Arthur Fraser, was severely burned last Wednesday, when he pulled a hot plate, with a kettle of boiling water over onto himself.

He was rushed to the Gritman hospital where the burns which covered the front of his body and left arm and foot were treated. He was brought home that evening and last reports are that he is recovering nicely.

## KENDRICK SCHOOLS TO OPEN ON SEPTEMBER 1ST

From the office of Jasper Nutting, superintendent of our local schools, comes the following information regarding the coming term:

With the beginning of school less than three weeks away, it might be in order to print some information relative to certain phases of the school program in the next few issues of the Gazette.

One of the patrons recently wrote in asking what the requirements are for graduation from high school and also what the schedule for the first semester will be this year. A tentative schedule has been set up for the first semester, but it is too tentative to be printed at this time, since the faculty list is still somewhat uncertain. As soon as the faculty has had its organization meeting on Saturday evening, Aug. 30, a definite schedule can be announced.

Requirements for graduation from high school are as follows:

1. Three years of English, 6 credits.
2. One year of U. S. History, 2 credits.
3. One semester American Government, 1 credit.
4. Two years of mathematics, 4 credits.
5. Two years of Science, 4 credits.

Enough elective subjects may be chosen to complete 32 academic credits, plus two activity credits, will qualify a student for his high school diploma.

We recommend that a student complete four years, or eight credits in English if he plans to go on to college. Since some colleges require four years English for entrance, and since most students do not know what their post-high school plans will be, it is advisable to take the four years of English and be on the safe side. U. S. History and American Government have been taught together previously, but so much stress is now being placed on those two subjects it is found desirable to teach them separately. Both subjects will be taught to the Seniors the first semester, with U. S. History continuing the entire year.

Mathematics requirement courses will both be offered this year. Algebra to the freshmen and geometry to the sophomores.

A major science, chemistry or physics, and a minor science, general science or biology, are required for graduation. Chemistry and General Science will be taught this year.

With a minimum of exceptions, all students will receive credit in all the before mentioned subjects before graduation.

The local Board of Education has set Monday, Sept. 1st, as the date for the opening of school this year. Busses will arrive at school by 8:45 a. m. and leave between 11:30 and noon for home. The first day will be devoted to enrolling and receiving text books.

According to the State School law beginners must be six year old or over before the second Monday in October, which this year falls on October 13. This ruling will be strictly complied with at Kendrick.

Fees and dues which are to be paid the first morning before the students are eligible to enroll and receive their text books are as follows:

High School: Book rental fee, \$4.00; Activity ticket, \$3.00; first semester class dues, \$1.00. Typing fee \$3.00 (for Typing students only).

Grade School: Book rental fee, \$3.50; activity ticket, \$1.50 (optional).

It will be noted that the Activity ticket will be required to be purchased by high school students, but is optional with the grade school. If grade school children attend most of the high school activities, there will be a saving of money in the purchase of an activity ticket.

### Putting Gravel On Road

The state is distributing gravel on the so-called "highway" between Kendrick and Juliaetta, hauling it from the Asberg crusher on the new Brady Gulch road. We understand it is being distributed at the rate of 700 yards per mile, which will be equivalent to approximately an inch and a half thick coat.

Distributing gravel on the present "river-biscuit" base without binder or scarifying looks to us a good deal like putting peas on a floor or cement sidewalk — and expecting to walk on them — but then, we hope it really is an improvement.

What the road needs, as every resident of this area and anyone else who has ever traveled it knows — is rebuilding. The present regrading may help with the coming of wet weather — we hope so.

### Swimming Pool Again In Use

Bob Fraser, life guard at the Memorial Swim Pool, Kendrick, completed the filling of the pool Wednesday morning, following its recent emptying for scrubbing, and it is again ready for use — and is proving just as popular as before.

While empty Lester Crocker, Herman and Otto Schupfer, E. A. Deobald and Roy Ramey took advantage of the situation to overhaul the pump and circulation system, and otherwise make improvements as the need showed up.

Little-by-little the "bugs" that no one could foresee have been eliminated and no further complications are expected this season.

### Son Born

Mr. and Mrs. George Brocke, Jr., are the proud parents of a baby son born Friday evening at St. Joseph's hospital, Lewiston.

The little fellow has been named Dean Harris.

## PERSONALS AND NEWS ABOUT KENDRICK FRIENDS

Mr. and Mrs. Robert Brewer left Sunday evening for Port Angeles, Wn., on business, returning here Tuesday night.

Mr. and Mrs. Jake Peterson and son Norman, the latter on leave from the navy, were Sunday visitors at the James Farrington and Fred Zimmerman homes. Mr. and Mrs. Ray Butler and daughter David were also callers in the two homes.

Miss Villa Lou Harris, Lewiston, who is on vacation from her work, spent Monday in Kendrick visiting friends.

Mrs. Mildred Rider, Los Angeles, Calif., arrived here Friday to spend a couple of weeks visiting Mrs. Estella Leith and other old friends. Mrs. Rider says that Kendrick is "still home" despite her years in California.

Henry Jones was a business visitor in Coeur d'Alene last week-end, bringing back with him a state pickup, which he will use in his work as fire warden.

Miss Zelma Goan of Dayton, Oregon, arrived here Wednesday of last week for a visit with her father, C. H. Goan. On Sunday, she, with her sister, Mrs. Gladys Bremmer, left for Grangeville, Idaho, to visit with another sister. They will return to Kendrick at a later date.

Monday Mr. and Mrs. C. H. Goan and John LeComre were in Lewiston on business.

Mr. and Mrs. Fred Zimmerman were surprised by their daughter and family, Mr. and Mrs. Clarence Hund and children of Renton, Wash., arriving for a visit at mid-night Saturday, to spend several days. Sunday callers were Mrs. Wayne Bartlett and daughters of Bartlett, Oregon; Mr. and Mrs. Ray Butler and daughter of Juliaetta; Mr. and Mrs. Jacob Peterson and son and Mr. and Mrs. Ray Christensen, Lewiston; Mr. and Mrs. Arnold Zimmerman and son, Earl Langdon of Los Angeles, was an evening caller — the first time they had seen him in many years. Mr. Langdon and Mr. Zimmerman worked together when both were young, so enjoyed talking over old times.

Mr. and Mrs. W. L. McCreary and son Parker were week-end guests of Mr. and Mrs. P. S. Griffith at Diamond Lake, Wash.

Mrs. Bonnie Easterbrook, accompanied by Mrs. Ervin Swenson, took the train for Spokane Tuesday, to be gone several days.

George Brocke was a Spokane business visitor Monday.

Mr. and Mrs. Marvin Long left Tuesday morning for Spokane on business, returning Wednesday evening.

Mr. and Mrs. Don Miller, accompanied by Mrs. Estella Leith and Mrs. Mildred Rider, the latter of Los Angeles, Calif., were Lewiston visitors Tuesday afternoon.

John Davis was a Lewiston business visitor Wednesday.

Now that the big Potlatch Forests, Inc., C. I. O. strike is on, local workers for that company arrived home last week-end. Some are taking advantage of the "vacation" by going fishing, working about their homes, etc.

Mr. and Mrs. R. L. Blewett and son Billy spent from Tuesday until Sunday evening at their home here.

Mrs. J. E. Coulter left Saturday night for Evanston, Illinois, to attend the funeral of her brother-in-law, A. R. Bates, who passed away that day. She was taken to Spokane by Dr. Coulter and sons.

Mr. and Mrs. Harry Thompson and daughter Doris of Seattle are visiting at the Claude Craig home this week. Mrs. Thompson and Mrs. Craig are sisters.

Dorothy Kruger was a passenger for Moscow and return Wednesday.

Mr. and Mrs. Don Kuykendall of Lewiston came up Tuesday. Don will work at the Lester Weaver ranch for the next couple of weeks, and Mrs. Kuykendall will spend the time with her grandmother, Mrs. Estella Leith.

Miss Dorothy Holt was a Moscow visitor Wednesday.

W. W. Eldridge spent from Friday until Sunday in Spokane on business.

Mr. and Mrs. Bernard Reigers were St. Maries visitors Sunday.

M. Rundhaug was a Lewiston business visitor Wednesday afternoon.

### New Village Appointments

Two new appointments in village employees were made by the trustees last week-end.

Edgar Long became street and water system supervisor, resuming a job from which he resigned almost three years ago.

Wade Candler, Southwick, became the new village marshal. He, with Mrs. Candler, will move to town soon.

### Take Charge Of Hotel

Mr. and Mrs. Chas. Greenwood took charge of the Raby Hotel last Friday morning, leasing it from its present owner, Mrs. Runyan.

### New Arrival

Mr. and Mrs. John W. Davis are the proud parents of a baby daughter — born Wednesday morning at St. Joseph's hospital, Lewiston. The little lady weighed nine pounds.

### Showed Seabees A Trick

When the natives of a South Pacific island insisted the navy Seabees construct a coffin out of pine boards for their chief, the Seabees agreed — providing the natives furnished the boards.

Before the Seabees had finished winking at each other, the natives produced the lumber — stolen from the Seabees' own supply.

## Injured In Car Wreck

Gene Robbins received a sprained shoulder, Everett Lohman a deep cut on one side of his face and Carl Benson, the latter of Coeur d'Alene, was still unconscious Tuesday at a Moscow hospital as the result of injuries sustained in a car wreck Sunday evening when returning from Bovill, the car falling to negotiate a turn near Heimer.

The occupants were taken to a Moscow hospital for treatment. Mr. Robbins and Mr. Lohman are now at their homes.

The car, a 37 Ford, belonging to Mr. Benson, is said to be badly wrecked.

## INTERESTING HAPPENINGS FROM JULIAETTA AREA

Asa Cook and family took a load of wheat to Lewiston Tuesday and brought back a load of flour — also a new 1947 Chevrolet sedan.

Joy Eastman was a Lewiston visitor on Saturday.

Claude Lacey of Lewiston has a bulldozer clearing land at the Asa Cook ranch.

Mrs. Clarence Hein of Lewiston visited at the Whalen home Saturday.

Mr. and Mrs. Asa Cook attended a Grange meeting in Kendrick Tuesday evening of last week.

Asa Cook recently purchased two registered milking shorthorn heifers from Earl Silvery of Moscow.

Mr. and Mrs. Asa Cook took a load of fat steers to the Grange sale at Lewiston Saturday.

Mr. and Mrs. Eben Adams of Moscow and Mr. and Mrs. Herman Schupfer of Kendrick were Sunday night guests in the John Brandt home. The event was to help Mr. and Mrs. Brandt in celebrating their 33rd wedding anniversary.

Daniel Kirkpatrick, with his grandmother, of Spokane, are house guests of uncle and son, respectively, Mr. and Mrs. E. A. Kirkpatrick and family.

Mrs. Margaret Covington and Mrs. Eleanor Hammond completed a session of summer school at the Lewiston Normal.

Mr. and Mrs. Bill Carleton of Bremerton, Wn., who have been visiting Mrs. Laura Irwin and relatives, left Friday for Yellowstone National park for a two-week vacation trip and returning before their return home.

Sandra Bolon, little daughter of Mrs. Edgar Lackey, is still critically ill at Orofino.

Mrs. May McCall spent a week at Kendrick visiting her son, Walter McCall and family in Kendrick, and the Earl Whittinger family at Southwick, returning home Thursday.

Mrs. May McCall enjoyed an exceptional visit with a girlhood schoolmate and wife and son, Mr. and Mrs. Jerry Fitzpatrick of Alberta, Canada. They enjoyed reminiscing about old times, as they were both raised on the Potlatch.

Clinton Clark is a patient at St. Joseph's hospital in Lewiston, ill with bronchial pneumonia. We all wish him a speedy recovery.

Mr. and Mrs. Ralph Magnuson, new owners and proprietors of the pool hall, and their three children, have taken possession of their newly purchased home on Main street.

Mr. and Mrs. Bill Hecht are visiting her mother in Clarkston, Wash.

Mr. and Mrs. Woody Nye, Buzz Nye, DeAnna Kumpula of Clarkston Heights, and Mr. and Mrs. Lewis Lindquist spent Saturday and Sunday fishing in the Bungalow country. They camped on Fourth of July creek. Their catches were fine.

Our school opens on Monday, September 1st, for registration.

Mr. and Mrs. Chas. J. Schultz and Mr. and Mrs. Bill Hecht motored to Troy, where they attended a show.

### Medals Now Available

American Defense and World War II Victory Medals have been available to Navy veterans since August 1, but surprisingly few have been applied for, according to local Navy Recruiting and Naval Reserve authorities.

All veterans who served on active duty at any time between December 7, 1941 and December 31, 1946, and were separated from the service with an honorable discharge or under honorable conditions are eligible for the Victory Medal. Veterans separated under the same conditions who were on active duty Sept. 8, 1939, through Dec. 7, 1941 (inclusive), also are eligible for the American Defense Medal. Only those who served outside continental United States are entitled to the fleet or base clasp, as appropriate, to accompany the Defense Medal.

All qualifying veterans are urged to apply for these medals at their nearest navy recruiting station, naval reserve army or naval R. O. T. C. Thirteenth Naval District headquarters emphasized that delivery of these medals will be made only if the personal appearance of applicants at a naval activity station. Official discharge papers must be submitted.

Personnel on terminal leave may apply in the same manner as other veterans. No medals will be issued otherwise, except posthumous awards which will be made by the Navy Department, Washington, D. C.

### In The Gritman Hospital

Word has been received here of the illness of Grandmother Keene, who will celebrate her 91st birthday anniversary today (Thursday, Aug. 14). She is in the Gritman Memorial hospital at Moscow.

The nature of her illness is not known at this time.

Kendrick is your home town — and mine. Support it with your loyalty as well as your trade — and it will repay you.

## GRAIN MARKETS IRREGULAR WHEAT IS FAIRLY STEADY

Grain markets were irregular with wheat prices holding within a moderate range while corn reached new high levels during the week, according to reports to the Production and Marketing Administration, U.S.D.A. Corn prices advanced sharply and were reported to have established a high record in the history of the Chicago Board of Trade during the period. This erratic change in the corn price structure was generally attributed to fear of serious damage to the growing corn crop as a result of more than a week of extremely hot dry weather throughout the principal corn belt. September corn at Chicago showed a net gain for the week of 10 1/4 cents while September wheat showed a net gain of only 1 1/4 cents. For the same period the export classes of wheat in the cash markets of the Pacific Northwest showed a net gain of 3 cents per bushel. Trading was quite active, with offerings from growers and interior shippers reported to be in greater volume than other recent weeks. The Commodity Credit Corporation was active in the market taking all wheat offered at their prices and terms, with purchases reported from noon July 31 to noon August 6 of 2,316,666 bushels. Wheat harvesting was delayed somewhat in some areas during the week by showers, but generally is making good progress in eastern Oregon and Washington, extending into the higher altitudes, and into the Palouse country and northern Idaho.

The cash wheat market at Portland showed more activity during the week than other similar period so far this crop year. At times bidding was keen with some sales during the session of the exchange and during the entire period margin between bids and offers were very narrow especially on the export classes of wheat. While the Commodity Credit Corporation furnished the principal outlet for this type of wheat, milling interests were also in the market for wheat to cover export flour sales. The sharp decline in premiums on high protein wheat in the eastern cash markets during the week was reflected in the local markets. Some inquiry was received during the period for wheat for this area for shipment to eastern markets but no trading was reported.

Receipts at the terminal markets continued to improve with 678 cars reported at Columbia River terminals and 481 at Puget Sound terminals compared with 391 and 738 cars, respectively, the previous week.

Bid prices at Portland Grain Exchange were as follows: Soft White \$2.19 1/2; Soft White (no Rex) White Club; Western Red and ordinary Hard Red Winter, all \$2.20 per bushel basis No. 1 bulk, 15-day shipment, for coast delivery.

The United States Department of Agriculture on August 7 estimated that 1,847,587 long tons (72,019,948 bushels) of U. S. grain and grain products were exported in July 1947. July exports of U. S. grain and grain products included (in terms of whole grain equivalent, long tons) 623,947 tons of wheat, 589,000 tons of flour, 395,007 tons of corn, and 239,563 tons of other grains. Among major recipients were occupied zones in Europe and Asia, 1,093,683 tons; "UNRRA countries" 18,945 tons; and the balance of some 735,079 to cash-paying governments. Among cash-paying countries, largest purchasers were France 85,891 tons; and India 73,266 tons.

July total of 1,847,587 long tons compares with a June revised estimate of 1,811,000 tons and a May revised estimate of 1,958,000 tons.

Wheat receipts at Ogden during the week totaled 313 cars. Price quoted for Dark Hard Winter, Dark Northern Spring, Hard Winter and Northern Spring was \$2.04; also on Hard White, Soft White, and Western White \$2.09 per bushel, basis No. 1 f.o.b. Ogden mills. Prices quoted f.o.b. cars country shipping points were about 16 cents per bushel under Ogden.

The San Francisco wheat market was quiet but steady during the week with prices largely unchanged compared with the previous period. Current demand was only fair but offerings were only moderate and were absorbed fairly readily. Central California growers marketed their wheat supplies quite freely in other recent weeks and remaining stocks generally were being firmly held. Offerings of sacked wheat were particularly light. Offerings from other states including Pacific Northwest and intermountain areas generally were small and above a shipping basis to central California markets except on high protein milling grades.

Both mills and food wheat users were in the market for fairly steady quantities although takings appeared mainly for nearby requirements. Mills provided a ready outlet for Baart wheat or other varieties with rather high protein and feed wheat users were turning more to wheat in place of corn.

In cash market at Kansas City ordinary protein wheat was higher in relation to September delivery, influenced by Commodity Credit Corporation bid, beginning last Friday, of \$2.24 1/2 for No. 1 Hard or Dark Hard in store at Kansas City with warehouse receipts to be delivered by August 31. This bid was raised to \$2.25 on Tuesday. Mills were not particularly aggressive buyers as large purchases had been made at decline of previous week.

The nine principal southwestern markets received 16,433 cars of wheat during the week as compared with 20,208 the previous week and 6,081 a year ago.

**Cancer Contributions Large**  
 The American Cancer Society re-  
 ported today that on July 31 — one  
 month before books are closed on the  
 1946-47 fiscal year — cancer contribu-  
 tions totaled \$11,614,749 exactly  
 \$385,251 short of the \$12 million goal.  
 It was the greatest sum ever raised  
 for cancer control. Forty-one of the  
 Society's 59 divisions throughout the  
 nation had exceeded their quotas.  
 Only \$10,108,207 was raised during  
 the 1945-46 fiscal year, but that was  
 ten times the amount raised during  
 the preceding year.

"It is impossible to predict at this  
 time whether we will meet our goal,"  
 said Elmer Bobst, national campaign  
 chairman. "It all depends upon the  
 collections this month."  
 "An impressive contribution al-  
 ready has been made. It indicates  
 that the American people are becom-  
 ing aware of the desperate crusade  
 against the cruellest killer of them  
 all. For this fine showing, the nation  
 can thank the volunteer workers  
 throughout the land who have labored  
 night and day to secure funds for  
 the research, clinics and educational  
 drive which someday may end the  
 cancer menace."  
 Bobst said that while many local  
 drives stopped after exceeding their  
 quotas, funds still are being received  
 at the national headquarters of the  
 American Cancer Society, 47 Beaver  
 Street, New York.

# Potlatch Chief Sez

PUBLISHED BY THE KENDRICK CO-OPERATIVE CREAMERY

HELLO, THERE, FOLKS:

### The Freezing Of Food:

The modern and efficient way of preserving fruits, vegetables and meats is by freezing. Not only does this method retain the true flavors of such foods, but to the housewife it provides the quickest and simplest way to preserve eatables for the family.

We have a large variety of cellophane bags of different sizes for different uses; also locker kits, which are very handy, as they contain both bags and boxes, and also pint waxed cartons at the low price of 34c each. Keeping such supplies on hand may prevent an extra trip to town one of these busy days when you have so little time to spare.

### About Lockers:

At this time we have a few lockers available with a choice of \$8.00 or \$10.00 sizes. If rented for a period of a year or more,

locker renters are given a 10% discount on their locker. Think of this saving when leasing a locker.

### About Ice Cream:

When buying ice cream, buy Potlatch Chief. It's delicious as well as the easiest dessert to serve these warm days.

### Potlatch Chief Products:

Potlatch Chief products are manufactured in your own home town. Help a good industry grow bigger and better by insisting on Potlatch Chief brand when buying dairy products. Not only will this be a boost to your own home creamery, but to your home town as well. Furthermore, Potlatch Chief products insure freshness, as well as quality.

"Mystery" Grass For Alkali Caldwell — bunches of a new grass which grows only in alkali soil were discovered about a year ago by Floyd King, west of here. The grass is tender, succulent, and is relished by livestock, King said. Bunches of the new forage were sent to the Aberdeen experiment farm for identification, but the species could not be determined. King says he proposes to offer plants of the new alkali forage grass for sale to others, believing he has accidentally found a solution to the waste alkali land problem in Idaho.
