NEWS ITEMS ABOUT LELAND RESIDENTS AND FRIENDS

Honored With Shower

A bridal shower honoring Mrs. Willard Reed was given by Mrs. Jesse Thornton, Mrs. Oney Walker, Mrs. Herman Johnson and Mrs. Willmer Hanks, at the Leland church on Saturday afternoon.

Gifts were arranged on a table decorated with green crepe paper and a sprinkling can. Large baskets of flowers decorated the tables. Mrs. Reed, and her mother, Mrs. Harry Smith, wore corsages in honor of the occasion. Delicious refreshments were served at the close of the afternoon.

Family Picnic Held

A family picnic dinner was held Sunday afternoon in the Kendrick park. Those present were Mr. and Mrs. Lloyd Craig and daughters Marcella and Jeanne; Mr. and Mrs. Willis Thornton of Moscow; Mr. and Mrs. LaVerne Williams and daughter Diana of Lewiston; Mrs. Dora Heffel, Mr. and Mrs. George Baugh and son Norman of Orofino; Mr. and Mrs. Billy Weyen and daughters Kaye and Carol; Mr. and Mrs. Roy Craig and daughter Paige; Mr. and Mrs. Jesse Thornton, Dorothy, Wayne, Boyd, Ray and Keith; Mrs. Oral Craig and sons Neal and Ronald; Mrs. Chas. Craig and sons Darrel and Dale and Ila Goffinett, all of Southwick, and Alice Newbill of Craigmont. The occasion was also Carol Weyen's birthday anniversary. The afternoon was spent in visiting and enjoying the Memorial Swimming pool.

Other News

Mr. and Mrs. Chas. Hoffman received word Monday that they are again grandparents, a baby daughter having been born to Mr. and Mrs. Delbert Hoffman of Spangle, Wash. The little lady has been named Connie Delores.

Loses Leg At Mill

C. B. Drinnon, an employee of the Shepherd Sawmill here for the past several months, had the misfortune to lose his left leg in an accident at that mill Saturday morning of last week.

As we understand it, the mill had shut down briefly for a change of saws, and to grease equipment. Mr. Drinnon, who is millwright, noticed that the main drive belt was loose, and decided to re-lace it — but failed to tell the sawyer and oiler his intentions, and from their position they were unable to see him.

On completion of the saw changing and oiling, they called to one another, started the diesel power plant and then the drive belt. As the big belt started turning it drew Mr. Drinnon's left leg between it and a pulley, crushing it terribly.

His cry was heard and he was immediately extricated, and rushed to the hospital at Orofino, where the leg was amputated just above the knee.

Evidently Mr. Drinnon had failed to completely remove the big belt from its pulleys in order to lace, or had done so and was in the process of putting it back when the accident happened.

At last report he was getting along as well as could be expected.

Dee Miller Writes

U. S. N. T. C. San Diego August 12, 1947

Dear McCreares:

I've been meaning to write sooner and thank you for sending me the paper. I really do enjoy reading it. They sure have been keeping me busy here, from about 4:30 in the morning — till dark. If we're not out drilling on the field we're attending classes. Of course we get more than infantry drill.

We get to attend shows any night of the week, and it sure does help to make the time pass. I will get my first liberty Sunday. I'm sure getting anxious for one, too. Being here for five weeks without leaving the base is quite a while.

Thanks again for the paper.

Sincerely, Dee Miller.

Announce Daughter's Marriage

Mr. and Mrs. A. W. Jones announce the marriage of their daughter, Pauline, to Mr. Jack Klundt, of Connell, Wash., on Saturday, August 16th, at Lewiston, Idaho.

Tells of Engagement

Mrs. John L. Woody, 606 12th Street, Clarkston, announces the engagement of her daughter, Gladys, to Mr. Virgil Flesman of Clarkston.

Miss Woody, daughter of Mrs. Woody and the late John L. Woody, who lived on American ridge for many years, will teach in Clarkston this year. Mr. Flesman, a son of a pioneer family who lived near Leland, is associated with Chapin's Transportation Co., in Lewiston.

Plans have been made for the wedding to take place in December, and the couple will live in Clarkston.

COMMERCIAL CLUB CONSIDERS PRESSING ROAD PROBLEMS

The regular monthly meeting of the Kendrick Commercial club was held Wednesday evening of last week at the city hall, following a steak dinner at Burt's Confectionery — and the road situation between Kendrick and Juliaetta was the main topic of consideration.

W. A. Watts, reporting for the Highway committee stated that a four-hour morning road check between the two towns showed a total of 284 vehicles bouncing and jolting their way over the "highway," which, day-by-day is getting worse and worse!

A round-table discussion of ways and means of getting the road rebuilt followed, and it was decided to make use of the telephone, telegraph and personal call system, as well as to send a delegation to Boise to meet, if possible, with Gov. Robins and James Reid, the latter state director of highways.

It was further decided that before such action be taken a meeting with the city trustees be requested, and Herman Schupfer and L. S. Thurber were appointed by the chair to arrange for such a meeting, to be held, if possible, the following evening (Thursday, Aug. 14), and further to ask representatives of Juliaetta to attend.

L. S. Thurber, reporting for the Civic Improvements committee stated that more construction and real improvements were now under way in Kendrick than at any time since 1937. However, he felt that one more concentrated community effort was now needed, and that the gradual replacing of trees along Main street. Mr. Thurber was then asked by the chair to obtain more information on varieties and prices, so that all might be the same. On request of Mr. Thurber, L. D. Crocker was appointed to this committee.

Tuesday Evening Meeting

At the special meeting of the Kendrick Commercial Club and the Village trustees Tuesday evening, roads were again the main topic of conversation.

W. A. Watts of the Highway committee reported that the State Highway department had discontinued the distribution of gravel on the Juliaetta-Kendrick "highway," and no more distributed for six weeks, as the entire output of the Osberg crusher would be needed on the Brady Gulch road for that period.

A discussion of road counting of vehicles followed, and it was the general consensus of opinion that traffic now was far greater than at any time the state had had a counter in operation on this section.

E. M. Millsap reported that he alone paid in to the state in gasoline taxes from \$20.00 to \$30.00 per day on the operation of his logging trucks.

A discussion of the road location on entering town followed, and Geo. W. McKeever, speaking for the Village trustees, stated that obtaining the road was the important matter and that the village would provide right-of-way within the village limits as might be required.

It was unanimously decided to give the Highway committee carte-blanche power to represent the Commercial Club on trips to Lewiston, Boise or any other point necessary to obtain action and a road, and a resolution was ordered drawn up by the secretary giving the views of the club and trustees, and same to be dispatched immediately to Boise.

It seems that Gov. Robins and State Highway Director James Reid were Kendrick visitors a week ago Sunday, inspecting the work on the Brady Gulch road, but no one was advised of their coming, hence were unable to take up the road matter with them.

The slogan adopted by the two bodies at this meeting was "We Want a Road!"

Bridal Shower

Miss Kathryn Runtree, daughter of Mrs. F. C. Cuddy, was pleasantly surprised by a bridal shower given in her honor by Ruth Armitage, Rose Ann Holt and Miss Wilma Cuddy at the Ray Cuddy home on Sunday, August 1. Many beautiful and useful gifts were received.

A musical game was enjoyed by the many ladies present, with prizes being won by Mrs. James Farrington and Mrs. Lloyd Israel. After the game the guests gathered around the table, centered with a miniature doll with an umbrella, and surrounded by miniature gifts, placed on a large mirror, to watch Miss Runtree open the many lovely and useful gifts presented her by friends and neighbors.

Refreshments of ice cream and angel-food cake were served at the close of the afternoon by the hostesses.

Marriage License Issued

Asotin, Aug. 13 — A marriage license was issued to John Milton Woodward, Kendrick; and Bertha Churchill, Portland, yesterday at the county auditor's office.

PERSONALS AND NEWS ABOUT KENDRICK FRIENDS

J. H. (Hank) Emery, who has been visiting in town for the past few days, left Wednesday for Spokane, where he will visit for a few days with relatives. He has been assisting Arnie Kloster on the farm.

Alvin Welchman, Juliaetta, was a Kendrick business visitor Saturday. He states that all grain harvesting is now complete on the lower end of Potlatch ridge, and beans are the next item on the list.

Word has been received from Quentin Perryman that he is now located at Richmond, Indiana. He is employed at a hospital there.

Mr. and Mrs. Alvin Sheneman left last week for Moscow, where they will make their home. Mr. Sheneman is employed as a millwright in one of the large sawmills there.

MUSIC TO AGAIN BE TAUGHT IN THE KENDRICK SCHOOLS

It is with pleasure that we are able to announce that instrumental music will be offered in the High school curriculum this year. During the war instrumental music was discontinued, and Kendrick has had no band for several years. Music teacher shortages have been very keen and we are fortunate to add this subject to the curriculum again. Students desiring to take band are urged to make arrangements to get an instrument as soon as possible. A limited few are available at the school and it is hoped each member of the band may possess an instrument of his or her own.

Teacher List

A tentative list of teachers and the subjects they will teach is shown below:

Mrs. Jean Brammer, first and second grades.

Mrs. Crystal Gruell, third and fourth grades.

Mrs. Janice Jones, fifth and sixth grades.

Mrs. Janet Prideaux, seventh and eighth grades.

Mrs. Joyce Brammer, English and allied subjects.

Mrs. Elsie Deobald, Commercial and Homemaking.

Roy Long, Mathematics and Sciences.

Ross Armitage — Grade school principal, coach, government and geography.

Paul Forsberg, Band and Vocational Guidance.

Jasper Nutting, Superintendent and history.

Typing And Homemaking

Typing II and Homemaking II have both been offered in past years, and it will be so again this year provided the demand for these subjects is kept enough, and provided — in the case of Typing II, that typewriters are plentiful enough. Priority for typewriters will be extended to first year students (Juniors).

Building Being Readied

The school building is now undergoing a complete cleaning and partial redecorating. Paint, varnish, oil and kalsomine have been added to the interior — and attractiveness greatly improved.

The Shop building is being transformed into a band room and is to be heated with an oil heater.

Housing Needed

School officials are desperately searching for a house or apartment for Roy Long and family. If living quarters are not obtained at once we will be short one teacher, and that will seriously cripple the school program.

Anyone with a house or apartment they can rent for the coming school term are urged to get in touch immediately with any member of the school board, or Mr. Nutting.

4-H Clubbers Meet

The Future Homemakers 4-H club, Big Bear ridge, met at the Floyd McGraw home on Friday, August 15, with six members present and one absent, under the direction of Mrs. Grace Ingle, leader. Members present were Mrs. Grace Ingle, leader; Darlene Whitcomb, Carolee McGraw, Doris Shreffler, Sharon Sturman, Loreta Whitcomb and Jeanette Shreffler.

A discussion of club work was held and it was decided to have our charts and books completed, and our next problem nearly completed for the next meeting, which will be held Aug. 29 at the home of Darlene and Loreta Whitcomb at Deary.

A delicious lunch was served at the close of the meeting by the hostess, Carolee McGraw.

Afternoon Bridge Party

Mrs. Roy Ramey entertained at three tables of bridge last Thursday afternoon in her home, complimenting Mrs. Mildred Rider of Alhambra, Calif., who is here visiting old friends. At the close of play a delicious lunch was served by the hostess.

High score for the afternoon was awarded Mrs. Estella Leith; low to Rilla Davidson; and a guest prize to Mrs. Rider.

Those present were the Mesdames E. P. Roberts, Mildred Rider, Marvin Long, D. A. Christensen, W. A. Watts, Estella Leith, Wade Keene, W. L. McCreeary, E. A. Deobald, L. D. Crocker, Mrs. E. Brammer and Rilla Davidson.

Now Open For Business

The Dixie Dry Cleaners, Kendrick, Carl Eich and son, proprietors, opened for business Tuesday afternoon at their location in the Raby Building.

All the equipment is brand new, and of the very latest type. Mr. Eich says the plant here is one of the best equipped and modern to be found anywhere.

It's going to be a relief to be able to get clothing and household items dry cleaned without having to mail, carry or send them out of town and then wait a week to two weeks for their return.

Pool Attendance Down

Attendance at the Memorial Pool in Kendrick is down somewhat from the previous week's figures — not during the day, but evening attendance. This is due, in part, to the busy harvest season — but mainly to the coming of cooler evenings.

Immediately after refilling last week the attendance showed an upward jump, but the swimmers did not stay in the water so long — as it was distinctly on the "cool side."

To Install More Tanks

E. A. Deobald and sons are busy these days building concrete forms and stock-piling sand and gravel on his lots near the railroad, in preparation for the arrival and installation of a number of big storage tanks, the first of which is expected to arrive shortly.

Ed. will then wholesale Ethyl gasoline, stove oil and diesel fuel oil, as well as the usual line of lubricating oils and greases.

Ed. says he has long planned this move but it is only now that the necessary materials for installation have again become available.

GRAIN HARVEST NEARING END IN POTLATCH SECTION

A check with local warehousemen Monday evening showed harvesting operations in this area to be pretty well completed.

Wade T. Keene of the Lewiston Grain Growers reports their Juliaetta warehouse and its recent addition as "bulging," a total of 175,000 bushels now being contained within its walls, and the remainder of the crop being hauled to Kendrick.

Wade estimates wheat harvesting at 90 percent complete; oats, 70 percent and barley 80 percent. He says the crop is about average in quality, and that but a few exceptional yields have been reported, and these around 60 bushels per acre of Elgin wheat in the Juliaetta area.

W. A. Watts reports the Kendrick Rockdale Company estimates the grain harvest at 85 percent complete — oats, barley and wheat; and peas at 80 to 85 percent complete. Mr. Watts reports that he knows of but one exceptional wheat yield, and that on Potlatch ridge, where Stanley Hepler threshed Idaea wheat that yielded 64½ bushels to the acre, and graded No. 1. He also reports an exceptional barley yield on the Ted Grinolds farm, it being the new U. of I. Gem variety. Exact figures were not available.

Mr. Watts states that he considers the crop in this area "average," and that there is a trace of smut in most of the fall grain — but not in the spring grain.

Both warehouse managers say that the pea crop is "about average," with the yield running close to a ton per acre — and both could use some box cars for shipping, since their warehouses are nearing the "plugged" stage. Both further agree that this has been one of the "slowest" harvests in years, with grain arriving steadily, but slowly, as harvest proceeded under cloudless skies.

The clover crop is reported as the poorest in years — not from a quality standpoint, but from that of yield. The reason for this is not known, but W. A. Watts inclines to the theory that heavy rains during the blooming period prevented proper pollination.

Kendrick Receives Write-up

In last Sunday's Lewiston Tribune, under the by-line of Tish Erb, appears an almost full page write-up of Kendrick, its business firms and community activities, and incidentally the writer takes a healthy poke at the "highway" between Juliaetta and Kendrick, saying in part:

"Getting acquainted with Kendrick involves an unpleasant encounter with a four-mile stretch of bad road. Motoring from Lewiston, the visitor gets a surprise when the car slides off the hard-surfaced highway at the edge of Juliaetta and bounces, slides and jolts over the narrow, rutted, dusty corduroy road extending to the Kendrick village limits. The community is eager for assistance in bringing this road forcibly to the attention of the governor and the state highway department. The projected cost approximately \$200,000. It is not scheduled for the 1948 highway construction program but could be by a reshuffling of district projects and the allocation of funds from a less-needed section of road. A recent check by the Kendrick Commercial club showed 242 vehicles passed over the road in the four-hour period between 8:00 in the morning and 12:00 noon on a mid-week day.

"Once over the bumpy road and having successfully dodged the cars and trucks on the shallow curves, the shady Kendrick streets... and the bustling business district look very attractive..."

Our Note: Those are our sentiments exactly, and the State of Idaho can call the Juliaetta-Kendrick road a "highway" is beyond imagination. We firmly believe it to be the worst piece of "highway" in the state — and getting worse every day.

Road Making Progress

Construction of the new Brady Gulch road by the Osberg Construction company of Seattle is making steady progress, with total work estimated at 80 percent complete. Heavy construction work is estimated at 95 percent complete and gravel crushing and distribution at 60 percent.

In fact, the large Lima shovel used on the job was being loaded out on Tuesday, and other heavy equipment is scheduled to begin leaving soon.

To Hold Sale

Appearing again in this week's issue of the Gazette is a sale bill advertisement of Joe Tschantz, Southwick, who, owing to ill health, is retiring from farming. It contains a long list of household goods, but, heading the listings, is probably the chief item of interest, a 1936 Ford sedan, with very low mileage.

This is the first time that we can remember of ever advertising a car at an auction sale of this type.

INTERESTING HAPPENINGS FROM JULIAETTA AREA

Tommy Femrite and son Bernal of Deary were supper guests Tuesday evening in the home of Mr. and Mrs. Harvey Shepherd.

Mrs. Harvey Shepherd and son Douglas were Troy callers on Friday of last week.

Mr. and Mrs. Woodrow Nye called Sunday at the home of her parents, Mr. and Mrs. Jack Kumpula.

Mrs. Allen Grayson and Rex Knight accompanied Harold Fleming on a trip to Moscow Tuesday.

Mrs. Mary Draper went to Kendrick Tuesday, visiting her daughter, Mrs. Melvin Garner and family.

Mr. and Mrs. Loye Tackler and daughter Sue and Mr. and Mrs. Jack Browning and children left for Long Beach, Sunday, for a visit.

Mrs. Gordon Swears entertained Mrs. Jack Mead, Mrs. Gleason and Mrs. Ralph Magnuson, recently.

Mrs. Vada McAllister was visiting in Lewiston last Thursday night and Friday.

Jay Fowler was home Monday and Tuesday. He is employed at Three-Bear.

Mr. and Mrs. Don Candler and children of Bovill were week-end guests in the home of his parents, Mr. and Mrs. Lloyd Candler.

Mr. and Mrs. John Peters of Los Angeles, Calif., were recent visitors in the home of his sister, Mrs. Freu Richie.

Assessed Valuation Climbs

The assessed valuation of real and personal property in Idaho for the year 1947 will show an increase of about 30 million dollars. A more definite figure will be determined when the state tax commission which is now sitting as a state board of equalization closes its hearings and completes its tabulations.

Earl W. Murphy said that officials of the Idaho State Chamber of Commerce and the Associated Taxpayers of Idaho discussed valuations, levies and taxation with county officials and representatives of industry and agriculture.

"With present levies maintained this will mean the collection of more tax money," Murphy said. "County commissioners have broad discretionary powers in fixing the levies of various taxing units within the counties, and in the face of such an increase in valuations it would seem that levies should be set on the basis of budgets already adopted. Local organizations and individual taxpayers are urged to give their support to county commissioners to hold the line."

Murphy said it was the opinion of the group that "all units of government should have enough money to operate efficiently, but should not collect funds for the purpose of creating surpluses" at the expense of taxpayers.

County commissioners in Idaho meet between the second and fourth Mondays of September to fix the levies which are finally adopted. Idaho valuations will show an increase in all but two or three counties, Murphy said, adding that the increase indicated will range "all the way from 1 per cent to more than 25 per cent."

"Should millage levies of the past year be continued, many taxing districts will have more money than is needed to finance their operations," Murphy predicted. "So it becomes important that the new levies be fixed on the basis of dollar budgets rather than as requested in mills, which has been the common practice in many areas of Idaho."

Undergo Surgery

Those undergoing tonsillectomies the past week are: Louella Forest, Aug. 15; Elaine and Gerald Heffel, Aug. 16.

Mrs. Virgil Harris, Southwick, underwent surgery last Saturday at St. Joseph's hospital in Lewiston.

Houses Making Progress

The new homes under construction in Kendrick are making steady progress, although it is hard to say just when any of them will be ready for occupancy.

Duck Hunters Increasing

The number of duck hunters in Idaho is increasing rapidly, the state fish and game department reports, a statement from the U. S. fish and wildlife service, showing that 34,590 duck stamps were sold in the state during the season. The total compares with 26,000 the previous year. Although figures for the current waterfowl hunt will not be available for some time there are indications in all parts of the state that there are even more duck hunters this year than last.

Total throughout the United States last season was 1,725,000 — an all-time high.

There is no way of telling how many duck stamps are purchased by collectors, who do not hunt, but undoubtedly the total is not high.

Sometimes, mister, you wonder how gears keep up their tough job in today's high-powered engines — and sometimes they just don't. That's why RPM Gear Lubricant is compounded to protect modern gears — by carrying heat away, keeping a pressure-resisting oil film on 'em while making extra starts and stops. Keep in gear with RPM Gear Lubricant!

They Saluted Too
 Anchored to the stern of us in
 Long Island Sound one summer evening
 was a luxurious yacht, while off
 to one side was an ancient, weather-
 beaten little craft with a man and
 a boy — both in their undershirts—
 reposing in the cockpit.
 At sundown, two uniformed sailors
 went to the stern of the yacht, fired
 a saluting cannon and lowered the
 American flag. We had scarcely re-
 covered from this display of grandeur
 when we heard another explosion off
 to port. Turning, we saw our friend
 in the undershirt holding a burst
 paper bag while the boy slowly
 lowered Old Glory. — Reader's Di-

A Truthful Report
 Insurance companies often come
 across unique evasions on the forms
 applicants fill out. One man, in the
 space asking the cause of paternal
 death, wrote: "Father was taking part
 in a public function and the
 platform gave way, ending his life."
 Subsequent investigation disclosed
 that his father had been hanged for
 cattle rustling. — Reader's Digest.

PUBLISHED BY THE KENDRICK CO-OPERATIVE CREAMERY

HELLO, THERE, FOLKS:

About Whipping Cream:
Once more you can buy whipping cream at a more reasonable price. The price on whipping cream has dropped 20c per quart. Think of this drop and serve your family cream with every meal, and see how easily it can improve even the very best meals you prepare. Also think of all the desserts which are not complete without cream — strawberry short-cake for instance. With all canned fruits or fresh fruits, cream is a real treat for you to serve. Take a half-pint or more home today; just 25c per half-pint now!

Ice Cream Toppers:

Another treat you may have missed out on, is our little cans of "toppers" for ice cream. These toppers are put out by the DeMartini Company, with true, rich flavors beyond compare. Add a can of chocolate or pineapple top-

pers to your shopping list now.

About Quality:

Always keep in mind for freshness and quality — Buy Potlatch Chief milk, cream, eggs, butter, buttermilk, cottage cheese and ice cream.

Sandy McTavish attended a celebration where the amount of good whiskey was unlimited. About the middle of the evening he got up and started the rounds of the guests, saying goodnight. "But surely you're not going yet, Sandy," the host objected.

"Na, mon," said Sandy. "I'm not gaein, but I'm telling ye gud night while I still know ye!"

The best place to find a good helping hand is at the end of your arm.

Kindly clergyman, pinching little boy's knee: "And who has nice chubby pink legs?"
Little Boy: "Betty Grable!"
