NEWS ITEMS ABOUT LELAND RESIDENTS AND FRIENDS

Homemakers Club Party

The Leland Homemakers club will have a pot-luck supper in the church basement on Friday evening, September 26, at 6:30 o'clock. All members, their families and friends are urged to attend. The evening will be spent playing games.

Rally Day Sept. 28

Rally Day will be held in the church on Sunday, Sept. 28, with Sunday School at 10:00 o'clock, at which time promotion certificates will be awarded. The actual Rally Day program will begin at 11:00 o'clock, followed by a fellowship basket dinner. Everyone is urged to come and bring their family and friends.

Stanley Home Party

Mrs. Walter Crawford and Mrs. Walter Silflow will be the hostesses at a Stanley home party on Monday evening at 7:00 o'clock at the Silflow home.

Homemakers Club To Meet

The Leland Homemakers Club will meet with Mrs. Pearl Hazeltine on Wednesday afternoon, October 1. Miss Lucille Eyrich will be present and demonstrate spot and stain removal.

Other News

Mrs. Ben Hoffman, accompanied by her sister, Mrs. Laura Gillispie of Lewiston, left Friday by train for a visit at San Francisco and Los Angeles, Calif.

Mr. and Mrs. A. G. Peters visited with Mr. and Mrs. Phillip Daugherty and family at Kellogg a week ago Sunday.

Mr. and Mrs. A. G. Peters, accompanied by Mr. and Mrs. Frank Bresgal of Spokane, enjoyed a trip to Coulee Dam on Monday and Tuesday of last week.

Mrs. Walter Silflow, accompanied by her mother, Mrs. Elwood Pearson of Lewiston, left Friday afternoon for a visit at Seattle with relatives. Virgil Fishman and Miss Gladys Wending of Clarkston were Thursday evening supper guests of Mr. and Mrs. Lloyd Craig.

Mr. and Mrs. Chas. Craig were over-night guests Thursday in the home of Mr. and Mrs. Roy Craig.

Mr. and Mrs. Frank Bresgal of Spokane visited Mr. and Mrs. A. G. Peters on Tuesday and Wednesday. On Wednesday evening all were the guests of Mr. and Mrs. Gordon Peters, and enjoyed a movie.

Miss Vivian Draper and Ervin Draper were Spokane business visitors on Friday.

Mr. and Mrs. Frank Bresgal were Thursday afternoon callers in the Lloyd Craig home.

Mr. and Mrs. Jesse Thornton and family visited Mr. and Mrs. Willis Morrison in Moscow Sunday and got acquainted with their new grandson, Douglas.

Mr. and Mrs. Willie Reed of Lewiston were Sunday guests of Mr. and Mrs. Harry Smith.

Mr. and Mrs. LaVerne Williams of Lewiston were Thursday evening callers in the home of her parents, Mr. and Mrs. Jesse Thornton.

Mr. and Mrs. George Baugh and son Norman of Orofino visited relatives here Sunday.

Mrs. Robt. Draper and Miss Vivian Draper were Monday afternoon callers of Mrs. Ted Weyen.

School Notes

A number of parents were present at the Health Clinic held at the school last Friday afternoon. Dr. McQueen, assisted by Mrs. Crossley, E. N., gave physical examinations and immunizations to a number of students.

Again we will make available at school, private piano lessons to students who are interested. A qualified music teacher having been secured.

Word from officials of Sing Ling Bros. and Harnum and Hailey's Combined Circus, coming to Leland soon, advises us that it may not be possible to bring Leo, the man-eating lion. Because of the high cost of meat, his chief diet, they have been unable to satisfy his appetite and he has been becoming more ferocious and unmanageable daily. In the past week he has made numerous attacks on his keepers and trainers, but luckily they have escaped with their lives. It will be necessary to reinforce his cage considerably if it is decided to include him in their showing here.

This week's showing of films included "Giants of the Jungle," "The Life of Abraham Lincoln," "Peoples of the U. S. S. R.," and "Precious Cargo."

Mrs. Crossley, R. N., from the Lewiston Health Unit, visited school Tuesday to check the results of the tests and immunizations given last Friday.

Moves To Emmett Building

C. D. Hiett has moved his electrical shop office from the Craig building to the Emmett building, formerly occupied by a dental laboratory. The office room has an adjoining apartment, where the family will make their home.

Mrs. Hiett and one daughter arrived here Monday to join Mr. Hiett. They have been visiting relatives in the south and west for some weeks while he was getting settled.

Files Over Town

Lt. John Wallace, U. S. N., who is stationed at the naval air base at Sandpoint, near Seattle, Washington, circled Kendrick twice in a Gruman Avenger last Saturday, while on a naval training flight with a group of trainees from that station.

The group landed at Lewiston, where Lt. Wallace was met by his parents, Mr. and Mrs. L. A. Wallace, and they were able to visit with him for about two hours.

PERSONALS AND NEWS ABOUT KENDRICK FRIENDS

Raises Real Gourd

Mrs. Marvin Long was under the impression that she was planting a package of the miniature, decorative gourds this past spring, but as the summer wore on it became apparent that such was not the case — they were the old-style, large variety, and the way they grew was astounding. One evening she measured the largest one, and the following morning measured it again — and found that it had grown two inches!

Mrs. Estella Leith left Tuesday for Coeur d'Alene to spend several days with her daughters and their families.

Monday Morning Marvins

Mrs. Marvin Long was exhibiting the largest product about town, and it showed a length of 18 inches and a circumference of 24 inches at its largest point.

It would certainly make a real old-fashioned drinking gourd.

FIRST MEETING OF P.-T. A. HELD MONDAY EVENING

Monday evening the Kendrick P.-T. A. held its first fall session, meeting in the high school auditorium with Mrs. Henry Jones, president, presiding.

Following the reading of the minutes the treasurer's report was read, showing \$56.00 on hand.

Mrs. Jones then announced the committees and chairmen for the coming year, as follows: Program, Mrs. E. M. White, chairman; Mrs. A. O. Kanikkeberg and Mrs. Geo. Brooker, Sr. Their report for each month was also read, as follows: October meeting, American ridge will present the program with Mrs. Andy Cox, chairman; November, Cameron, Mrs. Theo Meske, chairman; December, open; Jan., Town, with Rev. Coulter, chairman; Feb., Town, with Mrs. Elmo Eldridge as chairman; March, Stunt-Nite, with the men entertaining the ladies; April, Bear ridge, Mrs. Gerald Ingle, chairman.

Hospitality: Mrs. Jack Maynard, Project Committee; Mrs. Werner Brammer, Mrs. W. B. Deobald, Mrs. Cecil Gruell and Mrs. Claude Jones, Membership Committee, Mrs. Herman Travis.

Publicity: Mrs. W. L. McCreary. Mrs. Manning Onstott then gave a very interesting report on the district P.-T. A. convention held in Lewiston last Saturday.

Mrs. Henry Jones introduced the teachers for this term, who in turn made a few remarks.

Mr. Nutting was called on to give a short talk on "The Year Ahead," and cite specific objectives of our school. He began by saying that the school carnival just finished had been one big objective for the year, and now he could report its success, the gross receipts being \$743.47. All expenses will be deducted and the remainder divided by giving 20 percent to the grades and 5 percent to each class, with the remainder going to the "Activity Fund," which in turn nourishes the athletic program and other activities throughout the year. He thanked all for their generous support.

Mr. Nutting then announced another event for Wednesday evening of this week — three 1-act plays put on by the students in the gym, and invited all to come. There being no admission fee.

In thinking of the objectives of grade school Mr. Nutting put first the developing of fundamentals — Reading, Writing and Arithmetic; second, to help the child develop socially, that he may get along with the people with whom he comes in contact. Of course, going on to high school is a continuation of his social development. Teaching a student to study, to reason and to apply himself is an important objective.

In our local system an important objective, as a whole, is to enlarge the school, and all are now working toward that end. Mr. Nutting also noted that new subjects had been added this year.

The program was then turned over to Mrs. White, who announced a piano solo by Mrs. Oscar Slind; a reading by Mrs. Floyd Millard, and then a pantomime, "Swinging Votes." The characters were: Tom Keene, narrator; Frank Abrams, E. M. White, Herman Travis, Mrs. Ross Armitage and Mrs. Herman Travis. The "playlet" certainly provided laughs for everyone.

Refreshments followed, served by the hospitality committee in the Home Ec. room.

About The Burning Season

George V. Hjort, fire warden of the Potlatch Timber Protective Association, Elk River, was a business visitor in Kendrick Monday, and while here defined the Timber Association fire line and burning permit areas as follows:

All territory east of the east line of Range 1, west, falls within the boundaries of the association, and anyone wishing to burn at this time must secure a fire permit. These may be obtained from Elmer Souder at Southwick; Bert Curtiss at Orofino, or from himself at Elk River.

After October 1 burning may be done without a permit unless conditions become so hazardous that the state forester and the governor find it necessary to close the season again.

In territories other than those outlined above, a fire permit may be secured from Henry Jones, deputy state fire warden at Kendrick.

Mr. Hjort said that it was always better to be safe than sorry, and if in doubt, phone or write the fire warden.

Resigns From Village Board

James Farrington has tendered his resignation from the Village Board of Trustees, as of last Saturday, October 20.

Mr. Farrington has held office since the election of last May.

PERSONALS AND NEWS ABOUT KENDRICK FRIENDS

Mr. and Mrs. Frank Abrams had as Sunday guests her aunt, Mrs. Ben Lightfield of Lewiston, and her son-in-law and daughter, Mr. and Mrs. James Aram.

Mr. and Mrs. George Jones left Monday for Kennewick, Wash., to get settled in their new home. They will return here for the children this coming week-end.

Mrs. Henry Jones and Mrs. Manning Onstott attended the P.-T. A. district convention in Lewiston on Saturday.

Mrs. Estella Leith left Tuesday for Coeur d'Alene to spend several days with her daughters and their families.

Mr. and Mrs. Werner Brammer have moved from the Southwick ranch into town for the winter. They have an apartment in the Blewett building.

Mr. and Mrs. Donald Candler, Bovill, were visiting relatives and friends in Kendrick Saturday.

Ben Cook, who is employed at Gifford, spent the week-end at his home here.

Mr. and Mrs. R. L. Blewett and son Billy left for the Gifford ranch Monday, after spending the past ten days at their home here.

Mr. and Mrs. Herman Travis were dinner guests Thursday evening in the Lloyd Ware home. The dinner honored Lloyd Ware's birthday anniversary.

Students home over the week-end from the U. of I. included Teddy Deobald, Bob Lind, Harold Brammer, Iida Marie Silflow, Beverly Schupfer, Elsie Kruger and Patty McCreary.

Mr. and Mrs. Arthur Rundhaug returned Sunday from Portland, Ore., where he attended a United Dairy-men's convention.

Mr. and Mrs. Herman Schupfer were Spokane visitors Friday. They were accompanied by Mr. and Mrs. N. E. Walker of Clarkston.

Mr. and Mrs. Edgar Long left Sunday to spend a week's vacation at Oregon City, Oregon.

Mr. and Mrs. Rol Bryant of Astoria were Monday night and Tuesday guests in the J. G. Travis home.

Edwin Coulter, Spokane, spent the week-end at his home here.

Carl Eich and son spent the week-end in Genesee at the home of Mr. Eich's daughter and son-in-law.

Scotty Wilson, who is journeying at the Brewer Nursing Home in Clarkston, spent Tuesday in Kendrick, visiting relatives and friends.

Henry Emery returned Monday at noon from a visit with relatives at Spokane, Summerville, E. C. and Wilbur, Wash. He reports fine weather and a thoroughly enjoyable month.

Mr. and Mrs. George Baugh of Orofino visited in the Oral Craig home Sunday.

Mrs. Oral Craig and son Ronald visited Mrs. Arthur Anderson at Lenore Sunday evening.

Mrs. Emma Jones left for her home in Spokane Sunday, after spending the past two weeks visiting in the W. O. Eldridge home.

Alvin Black and son of Wilder, Idaho, were Sunday visitors in the home of Mr. and Mrs. Claude Craig.

Mrs. Jay Stout and daughter Elaine of Lapwai visited Tuesday in the home of her parents, Mr. and Mrs. Claude Craig.

Mrs. L. E. Osborn of Hayward, Calif., and Mrs. Rutter of Pullman visited in the Edgar Long home on Thursday last week.

Mrs. Earl Silvey, Moscow, came Tuesday to spend the remainder of the week visiting Mrs. Russell Smith.

Dr. and Mrs. J. H. Coulter drove to Spokane Saturday, where they joined their son Edwin, and attended a luncheon at the Davenport hotel where Stanley E. Jones, famous writer and orator spoke. Dick Coulter and Danny Crocker accompanied them.

Mrs. Lou Roberts, Spokane, arrived here Saturday to visit in the Wade Keene home.

Mr. and Mrs. Wade Keene and Mr. and Mrs. Tom Keene attended the wedding of Don Bensoter and Miss Barbara Garner of Peck, Sunday, at the Christian church in Lewiston.

Mary McGough, Spokane, beauty consultant for the Cara Nome company, is staying at the Wade Keene home this week while working at the Red Cross Pharmacy.

Mrs. Leonard Fairfield went to Moscow Sunday to visit her father, Frank Stevens, who is suffering with a broken foot.

Little Karen Nelson, daughter of Mrs. Edna Nelson, has been quite ill with pneumonia.

Mr. and Mrs. Enoch Harrison of Lewiston visited with Mrs. Myrtle Kuykendall, Sunday.

O. E. Havens of Bremerton, Wn., was a Friday night guest in the home of his daughter, Mrs. Frank Abrams and family.

Mr. and Mrs. Ford Quarels and son Richard and daughter Nancy Ann of Cathlamet, Wash., were Tuesday and Tuesday night guests of Mr. and Mrs. F. C. Cuddy. Richard and Mary Ann left by plane Wednesday for their respective schools; she to McMinville, Ore., he to High school at Cathlamet. Mr. and Mrs. Quarels will visit for a week.

THREE WEDDING CEREMONIES HELD PAST WEEK

Rountree-Cuddy Nuptials

Miss Kathryn Elizabeth Rountree, daughter of Mrs. F. C. Cuddy of Kendrick, Idaho, and William N. Cuddy, son of Mr. and Mrs. R. H. Cuddy of Linden, Idaho, were united in marriage Tuesday evening at the Kendrick Community church, with the Rev. George Calvert of Lenore officiating.

The bride was given in marriage by her step-father, F. C. Cuddy.

The bride was attired in a gown of ivory satin with a finger-tip veil. She carried a white Bible with her orchid and satin streamers.

Maid of honor was Mary Ann Quarles of Cathlamet, Wash., and the bridesmaids were Carolyn Tull of Orofino and Ruth Armitage of Southwick.

Everett Farrington of Kendrick was the best man. John Cuddy, a brother of the groom, and David Cuddy, a cousin, were the ushers.

Mrs. Herman Schupfer furnished the wedding music and accompanied the soloist, Mrs. Ford Quarles, who sang, "I Love You Truly" and "Because."

A reception was held at the church immediately following the ceremony. Miss Annabel Cuddy, a cousin of the groom was in charge of the guest book, and Mrs. James Heit, a sister of the groom, presided over the gift table.

The bride and groom left after the reception amid a shower of good wishes, old shoes and rice.

They will make their home at Linden, Idaho, after October 1.

Garner-Benscoter Ceremony

Miss Barbara Garner, daughter of D. V. Garner of Peck, became the bride of Donald Benscoter, son of Mr. and Mrs. Frank Benscoter of Kendrick, Sunday, Sept. 21, at 3:00 o'clock at the First Christian church in Lewiston, with the Rev. Marvin E. Smith as officiant.

The bride wore a long white dress of chiffon with a fingertip veil and carried a bouquet of gladioli and roses. She was given in marriage by her cousin, D. H. Wells of Bonners Ferry, Idaho.

The groom wore the conventional dark suit and his only attendant was his brother, Ray Benscoter, best man.

The maid of honor was Miss Isabel Garner, a twin sister of the bride, who was attired in a long blue dress, and carried a bouquet of gladioli.

Miss Mary Stanek of Orofino sang "I Love You Truly" and "Because."

The church was beautifully decorated in fall flowers — orchid, yellow and white pom-poms and white gladioli.

Ushers were Dick Benscoter, a cousin of the groom, and Allan Garner, a brother of the bride, who also served as candle-lighters.

A reception was held in the church parlors immediately following the ceremony for 150 guests. After the bride and groom had cut the first piece of wedding cake, Mrs. Ruth Odom, the groom's aunt, served.

Guests from the ridge attending were Mr. and Mrs. Walter Benscoter and Marybeth, Mr. and Mrs. Harry Benscoter and Dick, Mr. and Mrs. Frank Benscoter, Mr. and Mrs. Andy Cox, Mr. and Mrs. Wayne Davis and Mr. and Mrs. Ed. Kent. From Kendrick they were Mr. and Mrs. Wade Keene and Mr. and Mrs. Tom Keene.

After a short honeymoon trip they will be at home to their many friends in an apartment at Moscow. Both will attend the U. of I.

The best wishes of all go with them.

Nash-Wittman Nuptials

On Monday, September 15 at 3:15 o'clock in the Little Flower Catholic church in Orofino, Miss Betty Nash, daughter of Mrs. Coulter of Kalama, Wash., and Francis Wittman, son of Mr. and Mrs. Frank Wittman of Cavendish, were united in marriage by the Rev. Father Orduay, with only immediate relatives witnessing the ceremony.

The bride was given in marriage by her uncle, Will Gates.

At 6:30 o'clock a delicious wedding supper was served to 14 guests at the home of the groom's parents at Cavendish.

Later in the evening a large crowd of friends and neighbors gathered to tend them a rousing "tin can serenade." And on leaving, wished the young couple a long and happy married life.

The newly-weds will live in Moscow, where the groom will attend school under the G. I. Bill of Rights, he having been discharged from the army last April.

Suffers Broken Leg

Henry Lien, Big Bear ridge, had the misfortune to break both bones in his right leg Tuesday afternoon.

He was working on a combine hitch, when the jack which held it slipped, and the big hitch fell, hitting him and breaking the bones. He was taken to Lewiston by Dr. Christensen, who reduced the fracture. Mr. Lien is now at St. Joseph's hospital.

Road Making Progress

Steady progress is being made on the finishing of the new Brady Gulch highway, with the Osberg Construction company employing 16 men in gravel hauling, distribution, etc. The project is estimated at 95 percent complete by the state engineer's office.

Rally Day Scheduled

There will be a Rally Day program combined with the worship service at the Kendrick Community church Sunday morning at 9:30. Parents are cordially invited to come with their children.

Wonderful Weather Again

The past few days of Indian summer have provided us with the most beautiful weather that anyone could wish — cool but not cold nights — and warm, sunny days — days that have been giving cheer to the farmers who have beans lying out in the fields, and there are plenty of them on Big and Little Bear ridges, on Texas and Cedar ridges. It is sincerely to be hoped that the second summer will continue long enough to permit the harvesting of this crop. For not only are the dollars involved considerable, but the loss in food to the world would not be small.

SIXTEEN ATTEND WEDNESDAY'S COMMERCIAL MEETING

Sixteen interested business men and four guests sat down to the 6:30 Kendrick Commercial Club meeting at the Kendrick Cafe last Wednesday evening, and following the steak dinner adjourned to the Community Church basement where the business session was held.

W. A. Watts of the Highway committee reported that he had been in contact with the Highway committee of the Lewiston Chamber of Commerce, and both committees were at present trying to arrange for a road inspection visit from Gov. C. A. Robins, and that prospects for the governor's visit looked good.

Mr. Watts also led a discussion of the present condition of the local ball park, due to inadequate drainage through the highway ditch, and it was decided to ask Mr. McCready of the State Highway department to provide a bulldozer and shovel, or other suitable equipment to open up the creek channel to provide adequate drainage for the coming winter season. If this work is done it was felt the playing field drainage could easily be cared for. It was suggested that such equipment was quickly available from the Osberg Construction Co.

L. S. Thurber, reporting for the Civic Improvements committee stated to the committee, which includes Dr. D. A. Christensen and L. D. Crocker, were now engaged in a tree survey of Kendrick, and that at the next meeting a report will be planned. Included in the report will be recommendations for the topping of trees in certain areas; thinning in others, and planting of new trees in some sections, looking toward the removal of old ones.

Next came a round-table discussion of the Annual Sales Day — and it was decided to hold it at the usual time, the second Saturday in October, which this year will be on October 11. This event will be in charge of the Merchants committee — Tom Keene, Floyd Millard and Marvin Long. The usual big free auction, exhibits and sports will be held, as in the past.

G. F. Brocke then introduced Carl Eich, who with his son operates the Dixie Cleaners. Mr. Eich stated that he had lived in a good many towns in his life, but found Kendrick one of the best of them, as people were friendly and cooperative. He stated they were enjoying a fine and growing business, and were very pleased with their selection of Kendrick.

Gerald Ingle next took the floor for a discussion of the Latah County Fair, which this year falls on September 25, 26 and 27. He stated that he had been on the board for the past five years, and during that time Kendrick, as a town, had not had an exhibit, and asked the club to put in a booth. After discussion the group decided to do so — and Ira Foster, Floyd Millard and Marvin Long were asked to gather the items and supervise the installation of the displays. Anyone having anything in the line of fruit, vegetables, spuds, squash, melons, cukes, beans and grains or other farm produce that they consider worthy of exhibit, is asked to contact one of the three — and that item will be called for.

Mr. Ingle then gave a very clear-cut and extensive resume of the new proposed school reorganization, and the district surrounding Juliaetta and Kendrick, Cameron, Leland, Southwick, etc. He explained the problems encountered in laying out of the new districts; pupils distribution and tax valuation. All in all, it is a tremendous job, and one that cannot be finished over-night.

At the conclusion of the business session Tom Keene of the Entertainment committee announced a ping-pong tournament, and for the next hour members watched the little white ball sailing and bouncing across the net on the church table. When the smoke of battle had cleared, Gordon Cook emerged as the champion.

Honored At Bridal Shower

Barbara Stedman, daughter of Mr. and Mrs. Fred Stedman was honored with a bridal shower Wednesday afternoon in the Community church basement.

An afternoon of entertainment and lovely refreshments were provided by the hostesses, the Mesdames Bob Clemenhagen, Wm. Karns, Henry Kortemeier, P. G. Candler and F. O. Stedman.

Many lovely and useful gifts were received by the bride-to-be.

Raises Freak Potato

Mrs. Elsie Weber brought a freak potato to the Gazette office last Thursday. It is of the red-skinned variety, and when put in a certain position, looks for all the world like a baby, with its arms folded.

It is a companion "spud" to one brought to town some time back by Walter Bigham, which resembled a duck.

SHORT NEWS ITEMS FROM OUR LOCAL SCHOOLHOUSE

Carnival Is Real Success

The annual High School Carnival was held in the High School gymnasium last Friday evening, September 19. A large crowd was in attendance and contributed freely. A total of \$743.12 was taken in from the following sources: Food booth, \$119.10; bingo stand, \$112.50; door, \$107.80; confetti and bean guess, \$56.10; athletics, \$53.50; king and queen contest, \$52.90; wheel, \$49.30; fish pond, \$43.40; darts, \$37.30; country store, \$33.50; goose, \$22.00; basketball toss, \$17.90; dance, \$15.30; popcorn, \$8.70; merchants booth, \$7.90; fortune telling, \$2.30; bean bag toss, \$2.30. The total expenses amounted to \$252.97, making a net of \$490.15.

We feel that this is exceptionally good and the entire school wishes to thank their parents, patrons and friends for the loyal support. Our thanks also go to all the mothers who contributed pies, cakes, cream, coffee, canned goods and other items which helped to make the carnival a success. We also thank the business people for their liberal donations of goods.

Football News

The game that will be played between Kendrick and Orofino at Orofino will be played before crowds at the Clearwater County Fair, so it will start at approximately 3:00 o'clock. The starting lineup at Orofino will be as follows: Boyd Thornton, full back; Gordon Cook, left half back; George Brooker, Jr., quarterback; Ray Easterbrook, right half back; John Deobald, center; Jerry White, left guard; Jackie Mustoe, right guard; Clarence Alexander, left tackle; Edwin Hanks, right tackle; Kenneth Brown, left end; Douglas Christensen, right end.

William Kuykendall is doing a very good job as manager of the football team.

Band News

The school has distributed all of the band instruments that they have, and if anyone is interested in band — and can obtain an instrument, they are welcome. Instruments can be obtained at Lewiston for a rental fee of \$2.50 per month.

Another H. S. Enrollee

Allen Medalen has returned to his school work from Nekoma, North Dakota, where he has been helping his father with farm work.

Grade School News

The first and second graders have taken their achievement tests. The second graders are making number story books.

The third and fourth graders have now completed their achievement tests.

The fifth and sixth graders have taken their achievement tests. Verna Knox has enrolled in the sixth grade.

The seventh and eighth graders have now completed their achievement tests, and are glad they are over.

Two Future Homemakers Meets

On August 28 the Future Homemakers club on Big Bear ridge, Mrs. Gerald Ingle, leader, met at the home of Darlene and Loretta Whitcomb, with all members present except Sharon Sturman. The afternoon was spent in working on dresses. At the close of the meeting a delicious lunch was served by Mrs. Whitcomb, and the recreation hour spent riding horseback.

On September 13th the meeting was held at the Shreffler home, with all members present except Darlene and Loretta Whitcomb. Further preparations were made for the fair exhibit, and the members were putting the finishing touches on their dresses. For a nutrition lesson some of the girls prepared lunch, after which an hour of recreation was enjoyed.

Purchases General Agency

A deal was consummated Wednesday last week whereby Mr. and Mrs. Burton Souder became the General Petroleum Co. representatives in Kendrick, purchasing the building, trucks and equipment from E. M. Dammarell & Sons, who have operated the agency for the past several years.

Souder states they plan no changes in the set-up. He will be assisted in the distribution by his brother, Marvin Souder.

The consideration was not made public.

Mr. Dammarell's plans at this time are indefinite, but Don Dammarell will leave Sept. 28 for Farragut, where he will take a specialized two-year course in diesel work.

Where Are All The Billions?

After the United States won the second World War, we promptly took the lead to win the peace. As a result all the European nations seem to have the "gimmies."

Our national debt is at least \$300,000,000,000 more than it was during the administration of Calvin Coolidge. We are committed to the "Marshall Plan" which will probably cost \$20,000,000,000 for the next five years. We talk about federal economy lightly, as though it is something we could pick out of the air.

But — our whole national economy is upset and even the most extravagant senators and representatives are asking: "Where is all this money to come from?"

Personally we believe it a good idea to find out before the "get too much involved."

Dance And Show Coming

Baker-Lind Post No. 3919 is sponsoring another Clyde and Slim show and dance at the local gymnasium next Saturday evening, Sept. 27th. The large ad. describing the event will be found in this issue.

PERSONALS AND NEWS ON AMERICAN RIDGE

Ira Foster and Mrs. Henry Jones and son Edward spent Sunday afternoon with Mr. and Mrs. Harry Langdon.

Larry Langdon was in Lewiston on business Monday.

Mr. and Mrs. W. B. Deobald of Kendrick spent Sunday evening with his mother, Mrs. Mary Deobald.

Frank Roberts and G. J. Eldridge, former dean at the U. of I., spent Monday with Mrs. Mary Deobald.

Mrs. Etta Osborn (nee Etta Munsterman) of California, spent Friday afternoon with Mr. and Mrs. Henry Brammer.

Mr. and Mrs. Burt Davis and Mr. and Mrs. Vern Davis and son of Pullman spent Thursday with Mr. and Mrs. Wayne Davis.

Mrs. John Roberts of Spokane spent from Friday until Monday with Mr. and Mrs. Robert Cain. Mr. and Mrs. Cain took her to the home of Mr. and Mrs. Harold Roberts and Mr. and Mrs. Walter Benscoter for short visits, and from the latter place she left for Clarkston to visit relatives, going down with Warney May.

Wayne Davis, Mr. and Mrs. Burt Davis of Pullman and Mr. and Mrs. Ed. Kent left for Boise Tuesday to spend a few days visiting.

Mr. and Mrs. Charles Jessup of Juliaetta spent Tuesday morning with Mrs. Mary Deobald.

Mr. and Mrs. George Havens and son Charles were Monday dinner guests of Mr. and Mrs. Ira Havens in Moscow.

Mr. and Mrs. Leo Lohman and family of Southwick spent Sunday afternoon with Mr. and Mrs. George Havens and family.

Mrs. Wayne Davis was in Pullman on Tuesday.

Mrs. George Havens spent Tuesday afternoon with her mother, Mrs. Henry Brammer.

Mr. and Mrs. Warney May and son Warney were Camas prairie visitors Sunday, going as far as Grangeville.

Mr. and Mrs. Warney May have received word that their son, Jack, is in the hospital at Roseburg, Ore., ill with scarlet fever. He is getting along nicely now.

Warney May is still making regular trips to Clarkston for medical treatments.

Mrs. Bud Fey and son of Kendrick spent Saturday with her parents, Mr. and Mrs. Perry Mattoon.

Practical Nurse Training

A program to provide complete training courses for practical nurses, in which is included a two-month period of hospital experience, was announced today by Mrs. Esther DePartee, Boise, chairman of the committee for training practical nurses of the state board of health examiners.

The courses have been prepared in accordance with a law approved by the 1947 state legislature which specified certain qualifications for practical nurses and also required that they be licensed by the department of law enforcement on or before Feb. 1, 1948.

Mrs. Martha McMenemy of Boise, a registered nurse, has been named supervisor of the training program, which will open in Lewiston on September 29.

"The program for the training of practical nurses has been planned in two parts," Mrs. DePartee said.

"The first is a training period of 28 hours spread over a five-day period covering lectures and demonstrations to be followed by a two-month period of orientation in a hospital under the supervision of a graduate registered nurse.

"Upon completion of the course a written examination will be given by the state board of nurse examiners, to be followed by certification of those who pass the tests."

The law requires that persons taking the course be at least 21 years of age; of good moral character; in good physical and mental health; and have completed, if under 25 years of age, at least two years of high school or its equivalent; if over 25, the eighth grade or its equivalent."

Double Corn Yield By Soil Management

Illinois Tests Prove Value of New Methods

Farmers can double the present 50-bushel-per-acre state average corn yields through good soil management, declares Prof. A. L. Lang, University of Illinois.

Corn yields above 100 bushels per acre are repeatedly harvested by research workers from high fertility plots at the experiment stations. At Illinois, Lang points out, the high fertility plots have averaged above 100 bushels since the use of hybrid seed.

The No. 1 problem in getting these high yields is the rebuilding of the organic matter supply of the soils. Years of "soil mining" have run down this supply, even on the

rich black soil of the state. In addition, the soil supply of phosphorus and potash, vital to the growth of legumes, is badly depleted in most Corn Belt soils.

Lang outlines four steps toward rebuilding the soil:

1. Test your soil to determine the needs for lime and plant food.
2. Use of lime and fertilizers according to test to build the fertility level for the growth of legumes in the rotation.
3. Use of deep-rooted legumes, crop residues and manure to rebuild the organic matter supply. This organic matter will help aerate the soil and furnish the bulk of the nitrogen needed for crop rotation.
4. Supplementing the increased fertility of the soils with fertilizers carrying nitrogen, phosphorus and potash to permit the raising of 100-bushel corn crops.

Root Rot Resistant Oats Increase Yield

Because a disease called helminthosporium is affecting older varieties of oats in many grain states, farmers are turning to new introductions, such as Bonda and Mindo, which have proven resistant to this form of root rot.

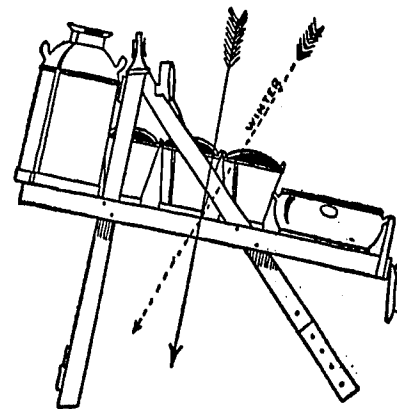

In Minnesota the Minnesota Crop Improvement association is furnishing seed of these varieties to farmers who agree to retain only half of the crop for their own use, selling

Rhoda, daughter of Mr. and Mrs. F. W. Lawson, Albert Lea, Minn., beside a typical shock of Bonda oats on her father's farm. The yield last year was 86 bushels to the acre.

the balance to farmers who will agree to grow it for certification as pure seed. Those who have received the seed of these two varieties report excellent yields and no crinkling down of the straw from disease.

Utensil Sunning Rack

Adjustable sunning rack for milk utensils may be constructed to permit adjusting the angle of the slope so that the sun, summer or winter, will enter into the milk pails, cans or other utensils. The device shown was designed by Kansas board of agriculture.

Rules for Good Milk Insuring Top Profit

In order to make money with dairy cows not only must volume milk production be secured, but also it must be of good quality. To secure good milk, milk only clean, healthy cows and keep them in a well-ventilated barn. Use of only clean sterile utensils, prompt cooling of the milk and proper handling until it is used or delivered will assure good quality milk. Men handling cows also should be clean.

Poor Pavement Is Cause Of Many Highway Wrecks

Drunken driving, excessive speeds, carelessness and many other life-destroying factors can be charged to the human element in the toll of highway accidents. But you can't blame the man behind the wheel for some of the other causes of tragedy on the highway.

One of the direct causes of accidents that drain off millions of dollars each year in repair bills for American motorists and often means the loss of life or limb is incorrect highway drainage.

This factor is the chief reason for the ragged pavement holes or depressions which every driver has encountered many times, often to his sorrow. What causes these menaces which sometimes seem to put in their appearance overnight?

During the past few years states, counties and municipalities found it impossible to keep pace with wartime traffic as far as maintenance and repairs are concerned. Heavily loaded trucks bearing essential wartime goods rolled along highways never designed to bear such burdens. The resulting failure and breaking-up of hundreds of miles of roads were inevitable.

Many roads became veritable networks of cracks. Many accidents resulted. Insufficient drainage was probably the cause.

Proof of this has been observed by most drivers at one time or another. After a rain, traffic passing over a cracked up road will cause water and mud to spout up from cracks and holes. This means that the subgrade is unstable and gradually approaching a state of failure where it can no longer support the pavement service.

General Rules Are Listed To Aid in Fire Fighting

Fire fighting has many hazards, but thorough training and skill will reduce them. Care, however, must be taken at all times.

General rules to follow for fire fighting are:

1. Do not waste water and chemicals by throwing them blindly into a smoky room.
2. Locate the fire and apply water or chemicals on the burning materials—not on the flames above the fire.
3. Work ahead of the fire—head it off to prevent its spread.
4. Hit the fire with water or chemicals—wait a moment—and hit again.
5. Do not cause unnecessary damage to structures and furniture by using more water than necessary.
6. Do not enter a smoky, burning building until firemen and fire-fighting equipment are ready to begin work.
7. Douse the ceiling or wall of a room in such a way that the water will be deflected to hit a fire that cannot be reached directly.
8. Do not break open doors and windows—pry them open without damage.
9. Never leave a fire until it is dead out—every ember.
10. Have the salvage crew guard all property until there is no possibility of fire recurring.

Partly burned buildings may fall and bring down burned timbers and bricks on fire fighters. Care must be taken at all times against floors and walls caving in.

Transplanted Teeth

Since 1940 Dr. H. Shapiro of Columbia university has been transplanting teeth with interesting results. He experiments with cats because they are born without teeth, like human beings, and because their teeth grow much like human teeth. A developing tooth is removed from a donor cat and placed in the socket of a host cat from which a tooth has been extracted. Fourteen cats have been treated in this way. The operation sounds easier than it is; for the transplant is only a few millimeters in diameter in the beginning. All this does not mean that soon you will go to the dentist and have a natural tooth planted in the socket of one that had to be removed. Much work must be done before that is possible, assuming, of course, that the same process may be applied to humans.

Increase Life Span

The life expectancy of white rats is increased by 10 per cent if their vitamin A requirement is doubled. Dr. Henry C. Sherman of Columbia university made this discovery years ago. Now he announces that if the vitamin A intake is again doubled the life span of white rats can be still further increased. Rats that ate the enriched diet grew more rapidly and more uniformly than controls, and their offspring were more vigorous. There is every reason to suppose that Dr. Sherman's findings apply to human beings.

No Housing Shortage

Birds, always self-sufficient about finding a place to nest, are often tempted by houses to settle in a garden. Here there is no housing shortage. One firm of long standing manufactures 50 different kinds of bird houses, not just as novelties, but because different birds have their own requirements. A brand new house may not draw tenants simply because it has not had time to become weathered. Next spring it certainly will prove more than ornamental.

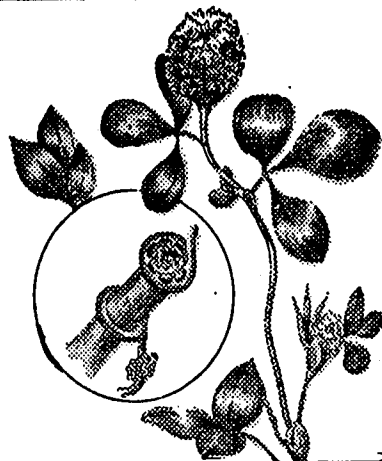

Parasite Dodder May Be Killed by 2, 4-D

Selection of Clean Seed Also Essential

By W. J. DRYDEN

Field dodder is an annual parasitic vine, growing on lespedeza, alfalfa, clover and various members of the dandelion family. It attaches itself to other plants and sends small growth into their tissue to absorb the sap.

As preventive is easier than the cure, it is essential that only seed free from dodder be planted. Spots in fields should be eliminated. This

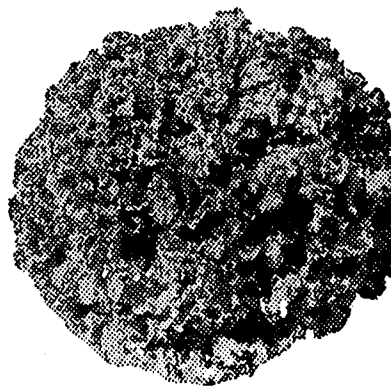

Circle shows how dodder wraps itself around alfalfa to absorb the sap.

is possible by the use of 2,4-D weed killer. While the 2,4-D also will kill lespedeza and other plants in the sprayed areas, the loss usually will prove negligible as the dodder usually will be confined to small scattered areas.

The labor involved in cutting out dodder is excessive and it is almost impossible to remove all of the parasite by this method. Infested fields may be planted to grain or corn for several years. These crops are not attacked, but care should be taken that the dodder does not continue growing on weeds in the field.

NEW SUPERIOR LETTUCE

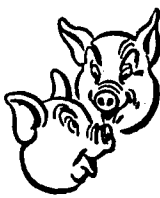

Slobolt lettuce, developed by the USDA, is available for the first time to the gardener. Non-heading, long-standing Slobolt produces wrinkled, frilled, light green leaves. Plants are of moderate size.

If the plants are set 10 to 12 inches apart and only basal leaves used, Slobolt lettuce may be harvested over a period of several weeks. Slobolt makes a good fall crop from midsummer plantings. It produces usable leaves three weeks longer than many well-known commercial leaf lettuce varieties. It receives its name because it is slow to "bolt" seed stems in warm weather.

Herds and Flocks For Greater Profit

Even up the size of litters. A sow will take strange pigs before hers are two days old. Make changes when pigs are ready to suck. Sprinkle the strangers with a weak solution of stock dip.

Dock all lambs and castrate all buck lambs at one to three weeks. Combine the two operations—castrate first, then dock. Use a reliable disinfectant on wounds. Bloodless docking and castration can be done with instruments made especially for the purpose.

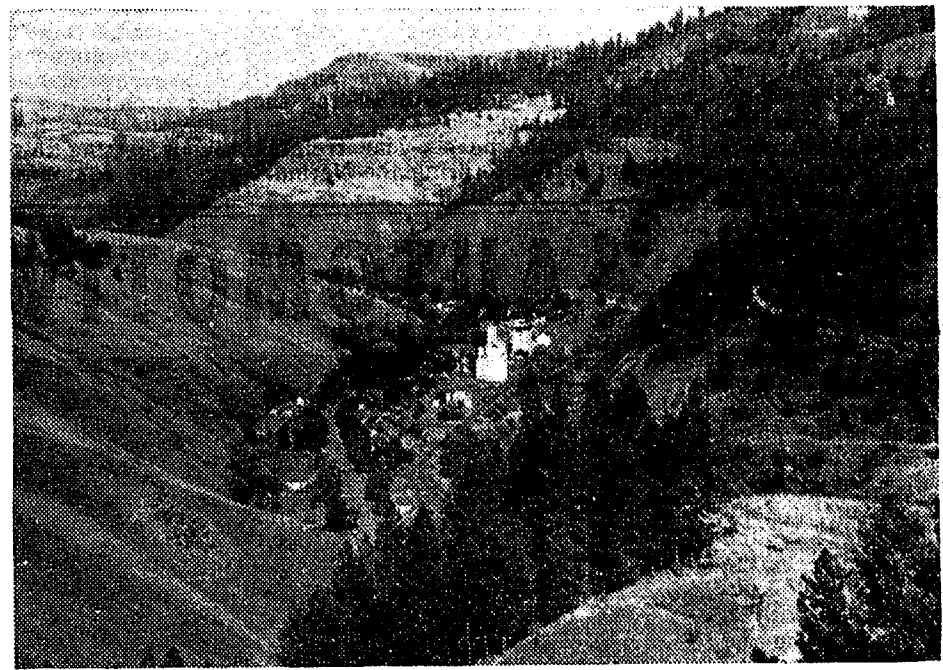

Dehorn calves when young (under 10 days) with a chemical dehorner that won't rub off on the udder or flanks of the cow. A chemical dehorner works best on young calves, and calves are easier to handle when young.

To help prevent damp litter in brooding and laying houses, mix hydrated lime in the litter at the rate of one pound to eight square feet of floor space. Hydrated lime, remember—not ground limestone.

Treat Egg Right to Keep in Cold Storage

Treating an egg right means storing it clean, covered and cold, say University of Nebraska specialists. Eggs when clean should be stored in a covered bowl or pan, away from strong-smelling foods. Without a cover, eggs lose moisture and are likely to absorb odors. When kept in a cold place, even for part of a day, they stay good longer. Stored at room temperatures, eggs may lose much quality in three days.

Rocky Mountain Fever Now Found Throughout Country

Rocky Mountain spotted fever, a tick-borne disease, which is often severe and sometimes fatal, is geographically scattered over 47 states. Writing in the Journal of the American Medical Association, Dr. Samuel F. Ravenel of Greensboro, N. C., suggests that treatment with para-aminobenzoic acid, one of the vitamin B complex group, will eliminate practically all deaths from this fearful disease.

Treatment of five patients with this drug, in combination with standard methods, produced "rapid" and "brilliant" results, states the author.

The rickettsias, bacteria-like parasites, responsible for this disease do not respond to sulfonamide compounds. The author states that they are not only useless but probably harmful in treatment of this disease. Moreover, he adds, "although rickettsias are reported to be sensitive to penicillin, this agent has proved useless in treatment of Rocky Mountain spotted fever."

Reviewing the status of the disease today, the author states: "The name Rocky Mountain spotted fever is now obviously geographically incorrect, since this disease has been found in 47 of the 48 states. Ten years ago 70 per cent of the cases occurred in the Mountain and Pacific states, while 87 per cent were reported from the Central and Eastern states in 1945. Its incidence and importance to public health in the United States are shown by the occurrence of 400 to 500 cases with 90 to 137 deaths each year during the past decade."

Experiments Show Salt Is Common Vegetable Food

Vegetables have to eat just like human beings who eat vegetables. Vegetables, however, are not vegetarians; they are, if a name may be coined for them, mineralarians. Unlike vegetarians, some vegetables like salt and plenty of it to season their bill of fare, but others like only minimum amounts.

Investigation of fertilizers at New York state agricultural experiment station at Geneva have revealed that table beets have a great fondness for salt. In the first experiment ordinary table salt was substituted for one-fourth of the potash in the fertilizer. The yield an acre improved so much that the amount of salt was increased until the maximum yield was obtained, when seven times more salt than potash was supplied.

Soy beans will take up to one-third of the maximum amount of salt taken by beets and show improved yields, but they must have their full amount of potash in order to do so. If the amount of potash in their diet is reduced then they are unable to utilize salt.

Stone Age Paintings

Copies of Australian cave paintings, the originals of which are believed to date from Australia's stone age, which lasted until the white man arrived, recently were put on exhibit at Australia house in London. The originals have been annually retouched through the centuries by the Australian aborigines, with the use of red and yellow ochre and pipe clay white. The aborigines believe the pictures originally were made by the spirits of rain and fertility by casting their shadows upon the rocks of the cave. It was the practice before each rainy season for the aborigines to approach and touch the pictures—following which act of reverence the rains came. The pictures, which were found in the Kimberley district of northwestern Australia, included "white, mouthless faces," some of which "appeared to be swimming in seas of little kangaroos, ducks, lilies and yams."

Develop New 'Hooks'

Development of a new artificial hand for amputees that is far superior, mechanically and cosmetically, to anything yet perfected has been announced by the army prosthetic research laboratory.

The new hand operating more effectively than the present "hook" is life-like in appearance because of a plastic glove that is seamless, flexible and waterproof. It weighs 12 ounces.

Major Gen. Norman T. Kirk, surgeon general of the army, in announcing the new device emphasized that the hand is not on the market now and will not be until industry gets them into production.

One of the features of the device, it was pointed out, is the psychological effect it will have on veterans by giving a boost to their morale through the life-like appearance of the glove.

Key To Cookery

Temperature is one of the keys to successful egg cookery. For some purposes eggs will perform better if they are cold; for others they should be at room temperature. When it comes to separating raw whites from yolks, eggs should be neither too warm nor too cold. An egg just out of the refrigerator is difficult to separate because the white clings to both shell and yolk. On the other hand, at a temperature of 75 degrees or more the yolk flattens out and breaks more easily. The happy medium, then, is reached by keeping the egg at room temperature about half an hour before separating.

CAMPS TRAINED 60,000 GUARDSMEN PAST SUMMER

National Guard troops went to camp this past summer for the first time since 1940 when the first units were called into federal service during the emergency preceding World War II.

Major General Butler B. Miltonberger, Chief of the National Guard Bureau, estimated that 60,000 men underwent the 15-day field training and an additional 20,000 attended the special schools.

The War Department directed that all National Guard divisions and regimental combat teams federally recognized as of April 15, 1947, self-sustaining in the field and manned to at least 20 percent of their table of organized strength, attend the 15-day encampments.

Other ground units meeting the same requirements took the training at the direction of state authorities. Shorter local training was authorized for units not qualified for the regular training.

In line with the six-year training program set up to bring the National

Guard to its full effectiveness, the Army Ground Forces announced that individual and specialist training, including small arms familiarization firing, be emphasized.

Army commanders had the responsibility of directing the training for states within their areas. Senior army instructors conducted the local schools which emphasized individual and specialist instructions.

Idaho's National Guard unit of 308 men received its instructions at Gowen Field, Idaho. Its strength was 308 men.

Clothing and equipping the new National Guard is a task rivaling the logistics problems encountered in the North Africa and Normandy invasions. Not one item of equipment was possessed by newly activated units and not only did they have to be furnished with every item necessary to the successful performance of their individual missions but this equipment was furnished in an economy now converted to peacetime pursuits.

Despite these handicaps the bureau now is getting this necessary clothing and equipment to the newly

activated units in larger and more adequate quantities.

More than 170,000 summer uniforms were shipped to the National Guard of the several states, and this completed distribution of 300,000 cotton uniforms which provides a size range large enough to uniform all members properly.

An order has been placed with the quartermaster of the army for an additional 300,000 shade 33 serge uniforms. These are the newly adopted uniforms with the Eisenhower jacket, and it is anticipated they will be delivered in December.

Leading all the states in formation of Guard units is Oklahoma, the first state to have all of its ground units federally recognized. There are 5,821 "Sooner" guardsmen.

The first state to have all of its ground and air units recognized, Wyoming, despite its small population, has a strength of 625 men in the National Guard. Subsequent to this achievement, Wyoming accepted the 151st Tank Battalion is an additional allotment.

The Air National Guard, now organized with 8,512 officers and

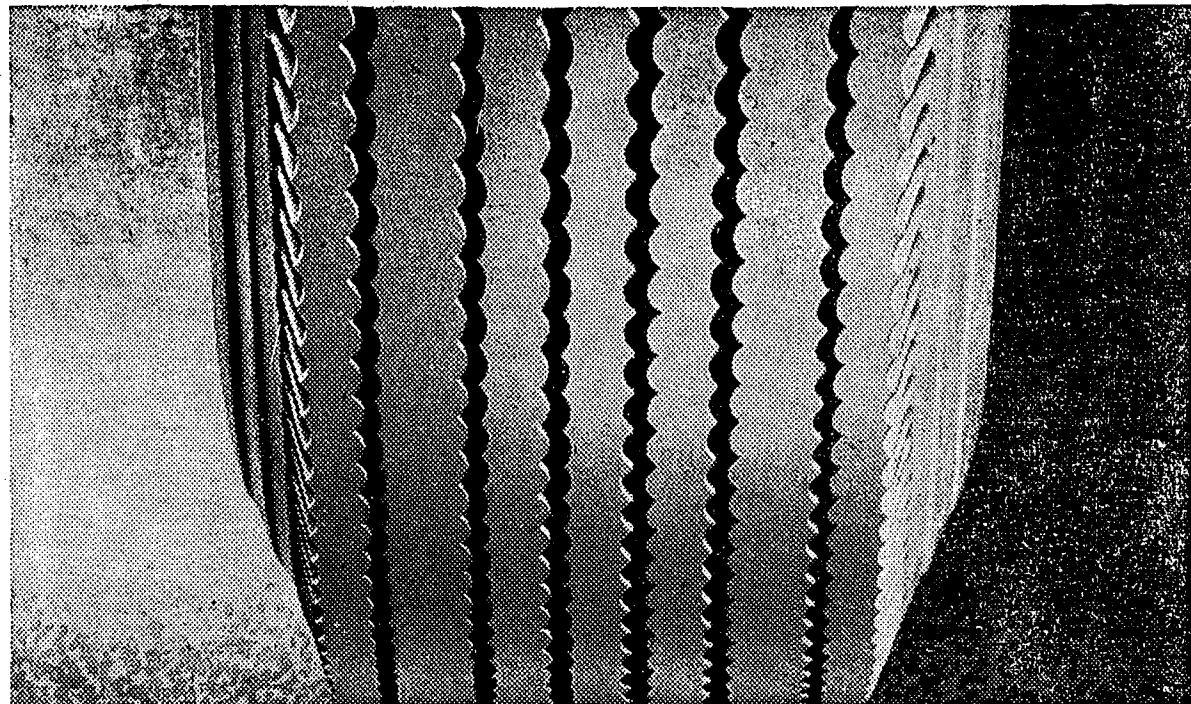

enlisted men, is being expanded to a planned strength of 57,846. Eighty-four tactical squadrons supported by a radar and communications net of 12 Aircraft Control and Warning groups and four Aviation Engineer squadrons are scheduled for the expanding Air National Guard. Twelve of the squadrons will be light bomber units, and the remainder will be fighter squadrons.

Trained and equipped to be ready for any emergency with the AAF as an M-Day force capable of defending the United States against invasion, the Air National Guard will be prepared to assist in covering the mobilization of the reserve

and to participate in any offensive operation. In addition the Air National Guard is being made ready to function efficiently under any local state authority in time of emergency or disaster.

First line equipment is being furnished each unit to fulfill its dual mission. North American P-51 Mustangs and Republic P-47 Thunderbolts will be assigned to 72 fighter squadrons, and it is also contemplated that some units will receive jet-propelled P-80 Shooting Stars within the next 12 months. The 12 light bombardment squadrons will fly Douglas A-26 Invaders.

Expecting **MORE APPLIANCES?**
PLAN THE Wiring FIRST!

One day soon a blessed event will happen at your house. You will get the new electrical appliance you have wanted for so long. But your joy may be cut short. Suppose you suddenly find you have not really planned ahead for the event . . . there's no good plug-in spot—or your house does not have enough wiring. When you plug in the "new arrival" your lights dim, your other appliances are weak, maybe you blow a fuse. If you PLAN ahead—if you check your wiring and remodel where needed, all these sad things won't happen. That's why PLANNED WIRING is so important to all home-owners and home-planners.

Learn this primer lesson on wiring now. It's really very simple. Planned wiring means: 1. Enough circuits. 2. Big enough wire. 3. Plenty of outlets. 4. Enough switches.

Consult a Qualified Electrical Contractor for Certified Planned Wiring.

offerings from other areas remained moderate.
 Intermountain wheat markets also strengthened further with keen demand, particularly for shipment eastward. Prices at Ogden advanced 18c to 22c per bushel compared with a week ago. Receipts at this market amounted to 267 cars. On September 11, No. 1 hard white wheat was quoted at Ogden at \$2.62 per bushel; No. 1 soft white and No. 1 western white at \$2.50 per bushel, bulk basis.
 Southwestern winter wheat markets were featured by further sharp City mostly 12c to 14 1/2c per bushel higher compared with a week ago. Receipts at the nine principal south-
 western winter wheat markets to-
 taled 3,596 cars during the corre-
 sponding week last year.
Taft To Speak In Boise
 Ohio's Senator Robert A. Taft will speak in Boise, Tuesday, Sept. 30, at 8:00 p. m. in the Boise high school auditorium. Taft will be introduced by A. L. Merrill, prominent Pocatello attorney and former Harvard classmate.
 Senator and Mrs. Taft will be welcomed upon their arrival at the Boise depot at 11:45 a. m. by a large reception committee. Accompanying the Ohio senator will be 35 members of the press and radio.

Potlatch Chief Sez

PUBLISHED BY THE KENDRICK CO-OPERATIVE CREAMERY

HELLO, THERE, FOLKS:

Have you served ice cream to your family lately? This cool weather is no reason for not serving this most tempting and satisfying dessert. It is ready to serve at all times, and comes in a large variety of flavors. When buying ice cream always insist on Potlatch Chief, for smoothness and richness. For an extra special treat try our peanut crunch. It will make a sure hit with every member of your family.

About "Little Toppers":
Have you tried our "Toppers" for ice cream? These little cans of delicious topping are put out by the nationally known Demartini Company, and are really the tops in flavor. They make wonderful sundaes, and are just the thing to serve with Potlatch Chief ice cream for parties and dinners.

About Fresh Eggs:
For large, fresh candled eggs, come to the creamery. We strive

to sell you only fresh eggs, and candle them to make certain they are fresh.

About Dairy Products:
Dairy products are essential to good health, so keep well supplied with other Potlatch Chief dairy products, such as milk, cream, cottage cheese and butter.

About The Fair:
Support your county and attend the Latah County Fair, which is to be held at Moscow on September 25th, 26th and 27th. There will be many very interesting exhibits and everyone is urged to compete for the prizes offered in the different divisions of exhibits. Plan to attend this fair, for the pleasure you will derive from it, as well as the helpful knowledge you will have gained from competing and getting acquainted with people from the neighboring communities.

The name "Potlatch Chief" is your assurance of quality.

Mr. and Mrs. Harl Whiting and son Jimmie were Moscow visitors on Wednesday.

Mr. and Mrs. Herman Silflow spent Monday with relatives in Pullman.

BIG BEAR RIDGE NEWS

Mrs. Wallace Emmett of Spokane is spending the week here with her husband, and sons Roy and Homer and families.

Mrs. Edith Fairfield is recovering from a major operation at the Clarkston Clinic.

The Floyd McGraw family of Deary spent Sunday at their farm here and at the A. Kleth home.

Mrs. Stan Cox and daughters are visiting her sister, Mrs. Boyd Lealand and husband, at Clarkston.

Miss Esther Nystrom gave an interesting demonstration on table decorations, using fruits, vegetables, shrub branches and leaves. A nice lunch was served by the hostess, Miss Bertina Forest.

Mr. and Mrs. Glenn Babcock of Moscow were on the ridge Monday for the Babcock sale.

Mr. and Mrs. Walter Olson and Mr. Olson has enrolled in the University of Idaho.

Olaf Burnvick has returned home from the Veterans' Hospital in Boise, where he was treated for an eye injury.

Mr. and Mrs. Wm. Hecht of Juliaetta spent Monday on the ridge.

Mr. and Mrs. Henry Kortemeier entertained relatives from Sunny-side, Wash., over the week-end.

Miss Leona Wilson came home from Worley to spend the week-end with home folks.

Mrs. Lou Myers was a Spokane visitor Monday.

Mr. and Mrs. Cecil Chamberlain and son Jerry returned home Sunday from Portland, Oregon, having visited Mr. Chamberlain's father.

Claude Jones went to Lewiston on Thursday, and returned home driving a new Ford station wagon.

Mrs. Clara Hamilton and Mrs. Maude Horton accompanied Mr. and Mrs. Walter Jones for a visit with relatives in Spokane last week.

A large number from here attended the carnival in Kendrick Friday evening.

Mrs. Swan Peterson has been visiting her daughter, Mrs. Joe Clemehagen.

The 4-H club boys and girls will take exhibits to the Latah County Fair in Moscow this week-end.

Mr. and Mrs. Rufus Fairfield spent the week-end in Clarkston.

LINDEN ITEMS

Surprise Bridal Shower
Those attending the surprise bridal shower given for Miss Amy Darby at the John Darby home were: Miss Eva Smith, Lewiston; Rose Farrington and Elizabeth Keeler, Clarkston; Ruth Armitage, Helen Kloster and daughter Karen, Margaret Craig and daughter Judy, Annie Baker and grandson Jimmy Magee, Lilly Wilson, Mary Bahr, Pearl Alexander, Clara Alexander, Mrs. Arnold Cuddy, Annabel Cuddy, Gertrude Pederson, Beth Pressman and son, Lettie Israel, Ida Lyons, Millie Keeler, Mrs. French of Spokane and Mrs. Percy Rew of Clarkston, Wn. A delicious lunch of pie, coffee and sandwiches was served, after the gifts had been opened by the bride-to-be — and they were indeed many and beautiful.

Other News
The Pedersons are enjoying a visit from their daughter, Miss Inez Pederson, who came from Dodge, North Dakota, to spend some time with her parents here, and get acquainted with Idaho.

The Marion Souders family is moving to the Grace Souders home, she having moved to Kendrick recently.

Marjorie and Dorothy Foster surprised their mother Wednesday with a birthday party. Mrs. Foster had gone to Lewiston, so the girls decided to surprise her with a birthday dinner when she returned that evening. Guests were Mr. and Mrs. Arley Allen.

SOUTHWICK NEWS
Mr. and Mrs. Allan Neumann and family of Lewiston were visitors in the home of his parents, Mr. and Mrs. Jake Neumann, several days last week.

Mr. and Mrs. Gordon Harris were Sunday visitors in the Frank LeBaron home at Cavendish.

Mr. and Mrs. Pete Tschantz and son were business visitors in Spokane and Lewiston Friday and Saturday.

Mr. and Mrs. Jim Ailor of Deary were Sunday dinner guests in the home of Mr. and Mrs. Charlie Harris.

John and Thor Meland are spending a few days at Cragmont.

Dinner guests in the Don Cantril home Sunday were Mr. and Mrs. Everett Neumann and son; Johnny and Annie Longeteig; Mrs. Virgil Harris and sons, Mrs. Gordon Hicks and Hans Longeteig. Mr. and Mrs. Jake Neumann were afternoon callers.

Rev. and Mrs. W. E. Rommel and sons were Sunday guests of Mr. and Mrs. Henry Davis.

Mr. and Mrs. Clarence Henderson of Lewiston spent the week-end with Mr. and Mrs. R. R. Wright.

Mr. and Mrs. Ralph Marlett; Mrs. Lasker, Mrs. Daggert and Mrs. Cal Cleveland of Lewiston and Clarkston called on friends at Southwick Sunday.

Mr. and Mrs. Frank Thornton and Evelyn and Mr. and Mrs. Paul Charst have returned from a week's vacation trip to the coast. They went through Portland and on to Seattle, returning by Wenatchee and Spokane. They encountered a snow storm while coming through Snoqualmie Pass.

To Speak At University
Following in his father's footsteps, Sen. Robert A. Taft of Ohio will come to the University of Idaho on Monday, September 29. He will give a non-partisan address at 2:45 in the Memorial gym., with the public invited. Thirty-six years ago, on October 7, 1911, President William Howard Taft, father of the senator, spoke at the university.

The president, who came to Moscow back in the days when it had two or three buggies for every automobile, gave a talk that reads like a column from today's newspaper. He made a plea for world peace through an international court of arbitration. He declared that European nations were bankrupt as the result of war costs, and because of

entangling alliances, looked to America to point the way to a great international court of arbitration.

While at the university, President Taft planted a Port Orford cedar in what is now known on the campus as the "Presidential Grove." Senator Taft will view the tree, which has come a long way in 36 years.

The senator's talk will be broadcast over radio stations KRPL, Moscow; KNEW, Spokane, and KVNI, Coeur d'Alene.
