## SHORT NEWS ITEMS FROM OUR LOCAL SCHOOLHOUSE

### Kendrick Wins From Orofino

On September 26, the Kendrick Tigers defeated the Orofino Maniacs in a close game at Orofino. Kendrick received the kick-off and made yardage from the center of the field to the 12-yard line, but failed to make a first down on the 2-yard line by a very few inches.

Orofino took over on the 2-yard line. The ball was fumbled by one of the Maniacs backfield men, he being caught behind the goal line by the Tigers, which gave Kendrick 2 points. The score at the end of the half being 2-0 in favor of Kendrick.

In the third quarter Orofino was awarded the ball on the 1-yard line on a pass penalty. Three times the Kendrick line held. The fourth time Orofino made an end run, which gave them a touch down to make the score 6-2. Orofino, The Maniacs missing the try for point.

In the fourth quarter Junior Brocke intercepted a pass on the Tigers 42-yard line and ran 58 yards for a touchdown, which put the Tigers in the lead 8-6. The extra point was made on a pass, the score reading 9-6, Kendrick, at the end of the game.

The Kendrick student body attended in a group, going by truck. The opinion of all spectators was that the game was one of the best they had seen.

The next game will be held at Kendrick, Thursday, October 2, at 2:00 o'clock, between the Lewiston B squad and the Tigers.

To the reader: If you don't understand all you know about football—come down to this game and we will show you how it is played. — The Tigers.

### Hot Lunches

The Kendrick school began the serving of Hot Lunches on Wednesday, Oct. 1. The cooks are Mrs. Everett Fraser and Mrs. Elmer Anderson.

### New Teacher

Mrs. J. H. Coulter is now one of our high school teachers, coming on a half-day basis. She teaches English I and Girls' Glee club and has the sixth-period study hall.

### Band News

The Band, under the direction of Mr. Forsberg, has moved to the building across the school grounds known as "The Shop." The Girls' Glee Club is also having their class in this building.

### Another New Student

Another new student has enrolled in High school. She is a Sophomore, Ada Hiett.

### Plays Presented

Three 1-act plays were presented by the speech class in the gymnasium Wednesday evening of last week. They were thoroughly enjoyed by the audience.

### Seventh and Eighth Grades

A new pupil has enrolled in the eighth grade — Wilda Hiett.

Lee Jones of the seventh grade has gone hunting with his father. Seventh and Eighth grade pupils receiving high ratings in recent tests are Charles Christensen, Charles Parks, Buddy Hoyt and Dee Ann Mielke.

### First and Second Grades

The first graders have begun their first book. It is entitled "Look And See."

Georgianne Jones is leaving school, as her parents are moving to Kennewick.

### Beans Are Being Saved

The glorious weather of the past week has been of inestimable value to local farmers who had beans and clover seed out, and they have been taking advantage of it to the fullest extent, working from the time the moisture will permit threshing in the morning until after dark at night. It is now estimated that 60 to 75 percent of the beans are now under roof and 90 percent of the clover.

The local bean cleaning establishments' employees (Egan Growers and Rochdale Co.) say the beans are as dusty as they have ever been, and just enough rain having fallen to cause dirt to stick to the beans — which of course, comes off in the polishers.

### Brady Gulch Now Completed

The new Brady Gulch highway was completed last week, and, we understand, now awaits final approval by state and federal authorities.

At any rate, it's in full use — and we do mean use. It's wide and smooth, and we hope it won't be transformed into a speedway — for the gravel is still deep and loose — and the canyon alongside, deep.

This new road is indeed appreciated by the residents of Kendrick, as well as by those of Big Bear ridge and Troy — the latter using it on their way to Lewiston.

### Receives Advancement

Word was received here Tuesday by Dr. J. H. Coulter that the Rev. W. S. T. Gray, formerly pastor of the Community church here, and until recently pastor of the Methodist church at Kelso, Wash., had received an appointment to the faculty of Denver University, as a member of the Philosophy department, effective as of September 1st.

### Let's Cut Down On Accidents

Now that the hunting season is at hand it's time to be more careful than ever with firearms. Know what you're shooting at — Know where you expect to hit that animal before you shoot — and you and your brother sportsmen will be pretty apt to avoid accidents. But violate the rules of safety — and an accident is almost a certainty.

## Kendrick Wins First

At the Latah County Fair, which closed last Saturday evening, September 27, Kendrick was awarded first place for booth displays, making a total of 88 out of a possible 100 points, and winning \$25.00.

The booth, in charge of Ira Foster, contained something over 100 different items and products from this area, ranging from canned fruit to gourds. The exhibit was gathered by Ira Foster, Floyd Millard, Marvin Long and George Brocke, assisted by many helpers.

G. F. Brocke, Ira Foster and Arthur Rundhaug took the items to Moscow Thursday morning, and put up the displays. The items were brought home Saturday evening by Mr. and Mrs. Arthur Foster, and, with the exception of a few items which are perishable or fragile, all will be on display in the bowling alley on Sales Day, Saturday, October 18.

## ANNUAL SALES DAY TO BE HELD ON OCTOBER 18TH

Owing to circumstances beyond the Kendrick Commercial Club's control, but (to be perfectly honest) mainly due to the absence of so many business men and farmers on hunting trips, the Annual Sales Day will be held on Saturday, October 18th, rather than the 11th, as announced in last week's paper.

The club realizes that this is a bit late perhaps, for floral displays, but that just seems to be one of the things that can't be helped, and it will give farmers more time to collect display items for the exhibits, and well as to find out just what is "surplus" in the line of machinery, household goods, farm produce, etc., that they may wish to put up for sale at the big free auction. So the date has its good points as well as poor ones.

The auction will be held, as in the past, in the street between the Red Cross Pharmacy and the Kendrick Cafe, weather permitting. If the weather is inclement, the auction will be in the Kendrick Auto Freight Depot. Farmers are asked to bring in their articles in sufficient time to have them listed by Ira Foster or Edgar Long at the City hall. No goods will be auctioned off for town residents until all farmers' goods are sold — then only if time permits!

Roy Glenn will cry the sale again this year, with Norla Callison acting as clerk.

The Agricultural Exhibit will be held this year in the bowling alley room, and in the large advertisement on page two will be found the prizes offered for Vegetables, Field Crops, Flowers and Miscellaneous Items — together with all the rules pertaining thereto.

And by way of entertainment at the conclusion of the big free auction or 3:00 o'clock, a football game has been arranged between Kendrick and Genesee — to be played on the local diamonds! Both teams have good records this year, so this should be a thriller!

In addition to the big free auction and displays, a dance is planned at the High School gym, at 9:00 p. m. Considerable difficulty is being encountered in efforts to secure a suitable orchestra (for it seems that musicians hunt too), but plans are going forward for one just the same.

Of course, in addition to these things, the Kendrick merchants will have many special bargains to offer — and you will be amazed at the variety. So all-in-all, it looks like a real day for you — plan to attend.

## New Cars Go Into Service

Six new lightweight diner-lunch cars are being put into service immediately on the Northern Pacific railway's North Coast Limited. E. E. Nelson, passenger traffic manager announces.

They are a continuation of the program of streamlining the N. P.'s premier transcontinental train which was inaugurated nearly a year ago when new coaches and diesel power were put in service.

A fleet of new sleeping cars, with bedrooms, roomettes, duplex roomettes and compartments, and new observation cars are scheduled for service on the North Coast Limited early next spring.

The new diner-lunch cars have a dining section with tables for 28, and a counter with seats for 12. The dining section is carpeted and the wide windows have venetian blinds and drapes. Eleven electric refrigerators provide ample space for food and beverages. A propane gas-burning range is augmented by a charcoal broiler. Dish and glass washers and garbage grinders are electrically operated. The kitchen, pantry and lunch section are finished in stainless steel. Walls of the diners are decorated in two-tone green.

## Still Some Room

There is still room for some single men and women in the University of Idaho dormitories, it is announced.

This development came as a result of 71 men and 11 women who paid their dormitory fee and secured their permit to register in the university, sending in last-minute cancellations or failing to show up to claim their room by last week-end.

Reports have been received that some students are staying home, one or two to help with beet, potato and bean harvests. Perhaps the late registrations will fill the rooms. However, if any single student wishes to come this may be his or her opportunity.

This opening does not extend to married students. The waiting list for married couples still is long and all space in the veterans villages is not only assigned — but occupied.

## PERSONALS AND NEWS ON AMERICAN RIDGE

### Get-Together Held

A get-together of the Troy Women's Missionary Society and their husbands and the Society and their husbands of Cameron and the two ministers and wives, Rev. Earl Bengtson and family, Troy, and Rev. Theo Meske and family, Cameron was held at the Geo. Havens home Sunday afternoon from 2:30 to 5:00 o'clock. The afternoon was spent in getting acquainted, as this was the first time the two groups had ever met jointly.

Mrs. Harold Siffow took pictures of the gathering with her movie camera. The Troy group sang songs in Swedish, and in turn the Cameron group in German. Before a pick-up lunch was served all sang "Praise God," and as a closing number "What a Friend We Have in Jesus."

A good time was had by both groups and all expressed the desire that the groups could get together again. There were between 55 and 60 present, including a few children.

### Birthday Party

Mr. and Mrs. Norla Callison entertained on Thursday evening, September 18, in honor of their daughter Nancy Lee's 11th birthday anniversary. Mrs. Bill Winn and son spent Monday with Mrs. Mary Deobald. Afternoon callers were Rev. and Mrs. J. H. Coulter of Kendrick.

## Raises "Crab" Apples

Joe Piper, former Pottlatch ridge resident, but now of Lenore, and who specializes in the raising of midget items — such as 55 pound watermelons, 8 pound catalopes, etc., brought to the Gazette office Tuesday nine "crab" apples (or so he said), that when weighed tipped the stamp scales at 13 pounds and 14 ounces!

One of the "crabs" weighed 1 lb. 10-oz., and another 1 lb. 9-oz.

Joe says that the apples are of the "Spokane Beauty" variety, and that they are fine for cooking. They are hard to raise, however, as their huge weight causes them to fall from the trees with the least puff of wind or jar, as they approach maturity.

## INTERESTING HAPPENINGS FROM JULIAETTA AREA

Mr. and Mrs. W. R. Davis were Lewiston business callers Saturday.

Mr. and Mrs. Chas. Hicks motored last week, and on their way stayed overnight with Mr. and Mrs. Burt Sherman at Kookkia; also calling at the Nick Nickens home. They reported a wonderful trip.

Mr. and Mrs. C. M. Cone were Lewiston business callers Saturday.

Mrs. Joe Earl underwent a minor operation Saturday morning at St. Joseph's hospital in Lewiston. At last report she was recovering as well as could be expected.

Dr. Christensen was called to the Burns' home Saturday evening to see Mr. Burns' mother, who is ill. Among the Lewiston callers Saturday were the Wicks Brothers.

## GRAIN MARKETS UNSETTLED; PRICES COVERING BIG RANGE

The grain markets, both futures and cash, were very unsettled and price fluctuations covered wide range during the week, according to the Market News Service of the Department of Agriculture. December wheat at Chicago was down 14 cents per bushel, while December corn declined 19 cents per bushel and showed a net loss for the week of only 1 cent per bushel. Corn quotations for delivery to the Pacific Northwest markets were \$7.25 per ton lower at the close of the week. Reports from the grain trade indicate that sales of wheat in Oregon, Washington, and northern Idaho have been unusually heavy for this time of the year. From the large wheat producing area in Washington, south of the Snake River and Umatilla county in Oregon as much as 75% of the crop is reported to have been sold.

The cash wheat market at Portland followed rather closely the declines in the eastern futures, going down 12 cents per bushel on the export types of wheat but made a rapid recovery showing a net loss for the week of only 1 cent. Trading slowed materially while the market was at the low point, but it became active when the market recovered. The commodity Credit Corporation furnished the principal outlet for the low protein wheats and reported purchases from noon on September 17 to noon on September 24 of 2,747,972 bushels. Sales of domestic flour were reported to have been rather large during the decline in wheat prices, but inquiry from the milling interests was reported to have been principally for medium and higher protein.

Receipts of wheat at the terminal markets improved slightly over the previous week, with 418 cars at Columbia River terminals and 463 at Puget Sound terminals, compared with 385 and 484, respectively, for the previous week.

Bid prices at the Portland Grain Exchange on September 25 were as follows: Soft White \$2.46; Soft White (no Rex) \$2.47; White Club, Western (red) and ordinary Hard Red Winter \$2.46; all per bushel, bulk, basis No. 1, 15-day shipment, coast delivery.

Wheat receipts at Oregan for the week totaled 280 cars, with shipment of 64 cars to eastern markets, 13 cars to Los Angeles, 2 cars to San Francisco, 4 cars to Texas, 15 cars to Nebraska, 4 cars to Oregon, and 2 cars local. Diversions consisted of 32 cars to eastern markets, 14 cars to California, and 3 cars to Texas.

Prices quoted for Dark Hard Winter, Dark Northern Spring, Hard Winter, Northern Spring, Soft White and Western White were \$2.30 per bushel, and for Hard White \$2.48 all per bushel, basis No. 1 bulk, f.o.b. mill. Prices quoted f.o.b. country shipping points averaged about 16 cents per bushel under Ogdan.

The San Francisco wheat market turned somewhat stronger during the week, with prices averaging about 5 cents per 100 higher compared with a week ago. Local demand was somewhat more active than other recent weeks, while offerings from Central California growers appeared increasingly scarce. Stocks in nearby consuming areas were reported reduced to low levels and remaining supplies were being firmly held despite recent advances which have placed bids for No. 1 hard or soft white wheats around \$4.10 per 100, country warehouse receipt basis. Demand was particularly active for wheat for feeding purposes but local mills also entered the market for somewhat larger quantities following the settlement of labor difficulties.

Grain markets at Minneapolis were unsettled during the week and prices fluctuated over wide ranges as a result of difference of opinion as to what action will be taken to curb domestic food prices and what our grain export program will be for the remainder of the season.

The movement of wheat held up well with 3,863 cars in at Minneapolis and 3,682 cars at Duluth. Demand was broad and active with mill and elevator buying being supplemented by Commodity Credit Corporation purchases. This all-around good demand forced cash prices higher as compared with futures. Ordinary protein wheat showed the biggest premium gain since C. C. buyers tried to center their purchases on this type of grain.

Generally fair, warm, sunny weather with several windy days hastened maturity and drying of corn during the first part of the week in the main corn belt. This was followed by showers with colder weather. Heavy frosts occurred in the Dakotas, Minnesota and sections of Wisconsin and locally in Iowa and in section of the lower lake region. Some damage to late corn was reported from the more northerly areas, but the loss appears to be generally light.

In Nebraska three-fourths of the crop is now safe, while Iowa reports that four-fifths of the crop is mature without frost damage by the normal frost dates. About four-fifths of the crop is safe in Missouri. Most of the late crop in the lower lake region and Ohio valley needs from one to three weeks of frost-free weather.

The United States Department of Agriculture announced on September 22, purchases of 9,789,272 bushels of wheat during the period from noon September 12 to noon September 19. Under bought through Portland, Oregon, amounted to 3,558,540 bushels; Chicago, 1,051,903; Minneapolis, 5,028,829 bushels and Kansas City 150,000 bushels. Purchases since July 1 total 652,631,000 pounds.

 swain's mate dodged shot and shell  
 without injury.  
 Then he returned to Camp Endi-  
 cott, Rhode Island. Ready for his  
 first leave in nearly two years, he  
 lined up to get paid and — you  
 guessed it, Dynamiters nearby let go  
 with a blast and a rock landed on  
 the Chief's left foot, breaking sev-  
 eral bones!

# Potlatch Chief Sez

PUBLISHED BY THE KENDRICK CO-OPERATIVE CREAMERY

## HELLO, THERE, FOLKS:

### Hey — You Hunters!

Along came October and with it the hunting season! No doubt you are among the many "eager beavers" who can hardly wait to don that heavy clothing and red hat, with your gun on your shoulder and be on your way. For that "big game" you are coming home with we have available lockers for you in various sizes. We allow a 10 percent discount to all locker renters, if paid in advance for a year at a time. Take advantage of this big discount. And for your locker paper, but it at the creamery. This paper comes in handy 5-lb. rolls. Avoid the rush and buy your supply now!

### Serving A Hot Drink:

These chilly mornings do you make certain that your children have the proper amount of good, wholesome food for breakfast?

Remember, it takes more fuel to run a car in cold weather and children are somewhat the same, as it takes more food to keep them going during cool weather. To start out the day, hot chocolate made with rich milk is a good drink for children as well as for adults. It not only is delicious, but also contains many body building items your children must have for proper growth and energy. It peeps them up, and warms them up. How long has it been since you served hot chocolate on your table? Get an extra supply of Potlatch Chief rich pasteurized milk and serve hot chocolate tomorrow. It is also ideal to serve for lunches, dinners or between-meals snacks. Try it!

"It sure makes me mad to have to wait for a girl to get ready to go out with me."  
"Me, too. The longer she takes to get ready, the hungrier she gets!"

## SOUTHWICK NEWS

Mr. and Mrs. Gordon Hicks of North Hollywood, Calif., left for their home last week, going via Colorado. They have been visiting in the Don Cantril home and looking after business interests in the Dent area. Mr. and Mrs. Marian Wright flew up from Oregon and spent Saturday night and Sunday visiting with Mr. and Mrs. Ralph Wright and Mr. and Mrs. Clarence Whittinger. Carla Bonner of Lewiston spent the week-end with Mr. and Mrs. Everett Neumann. Wayne and Doug. Harris spent Saturday night and Sunday with Mr. and Mrs. George Brocke, Jr., at Kendrick. Mrs. Clay King spent several days in Lewiston last week, returning home Saturday evening. Mr. and Mrs. Pete Brown and Mrs. Iva May and children accompanied her home and spent Sunday in the King home. Mr. and Mrs. Charlie Harris and children spent Saturday night with Mr. and Mrs. Bill Harris at Nez Perce. They attended the rodeo at Nez Perce Saturday and the Fair at Orofino on Sunday. A number of people from this community attended the Fair at Orofino, Sunday. Mr. and Mrs. Virgil Harris visited with Mr. and Mrs. Einar Carlson at Kendrick, Sunday. A large number of the men folk of this community have departed for the tall-and-uncut in search of big game. Mr. and Mrs. Irvin Fry left Tuesday morning for southern Idaho, where Angus Fry, father of Irvin, will undergo an operation for correction of an injury suffered last week, while logging.

## GOLDEN RULE

Mr. and Mrs. George Wilken called at the George Finke, Sr., the Glen Betts and Carl Finke homes the first of the week. Mr. and Mrs. Wm. Cuddy and his daughter, Beatrice Herrick, who have been vacationing on the coast and at Spokane, were over-night guests at the Glen Betts home Wednesday. Mr. and Mrs. Chester Martin of Lewiston spent part of the past week at the Roy Martin home, after a vacation trip to the coast. Mr. and Mrs. W. A. Cowger came home Sunday, after spending several days in Orofino, attending the Fair. Mr. and Mrs. Elton McCoy and Mr. and Mrs. Will Jennings were Sunday visitors in the Abner Cowger home. Mrs. Frank LeBaron visited with Mrs. Glen Betts, Monday. Pat Cowger started to school on Monday, after having a bout with the whooping cough. Billy Cowger won't be able to start for another week. Mrs. Henry Jones called on Mrs. Carl Finke, Monday.

## LINDEN ITEMS

Mr. and Mrs. J. W. Barker and daughter from Oregon visited in the Ray Cuddy home and with other relatives here last week. Mrs. Barker is a sister of Mrs. Cuddy. Mrs. Paul Evens and son left for her old home in St. Louis, Mo., for an indefinite stay. Marvin Garner and fiancée, Miss Daphne Wisdom, both of Riggins, Idaho, spent Sunday in the Arley Allen home. Mr. and Mrs. Marion Souders were callers in the Arley Allen home Sunday. Weather conditions have been ideal

for the harvest, delayed by the recent rains, and it now looks like everyone would "get threshed." Mr. and Mrs. Alfred Pederson went to Moscow to the Fair, and to take some 4-H hogs in for their sons. They were supper guests in the Stewart Wilson home that evening. Mrs. Marion Souders called on Mrs. Grace Souders Wednesday afternoon. Mrs. Grace Souders, accompanied by Mr. and Mrs. Burton Souders and son Burton called at the Marion Souders home Sunday. Mrs. Alva Craig and Mrs. Ervin Swenson visited with Mrs. Grace Souders in Kendrick one day this week. Mr. and Mrs. Arley Allen and Mrs. Arthur Foster were Lewiston visitors Monday.

**Leland School Notes**  
The great Sing Ling Bros. and Harnum & Hailey's Combined Circuses will arrive in Leland, Friday, October 24, for a one-night stand. Owing to the many carloads of equipment and animals and the late arrival from their last stand, there will be no matinee performance. Only one evening show, beginning at 7:00 o'clock will be given. Preparing the site where they will set up is already under way. School was closed Friday, October 3, to permit the teachers to attend the Teachers' Convention in Lewiston. The students of the Intermediate room received their soccer ball Monday. "The Adventures of Bunny Rabbit" was the film shown for this week.

**Air Power Is Peace Power**  
The experiences of World War II and the growing smallness of the world, brought about by the continued improvements in aviation underscore the vital necessity for maintaining strong air forces. Today, without question, our air power is in a position, to serve as an effective guardian of the peace. Our air power, supporting the policies of peace-loving nations is insurance against war. The AAF, with the air units of the National Guard and the Organized Reserves, will provide our air power. In our common search for world security with other peace loving nations, we must support adequate air forces and two important elements which contribute to air strength — a virile aviation industry and an expanding program of research and development.

**Bumper Standards Set**  
The fretful motorist who invariably locks bumpers with the car ahead or behind him may find life easier in the days ahead. Upon the adoption of newly approved bumper height standards by individual manufacturers, the perplexing job of disengaging locked bumpers may join the hand crank, the one-man top and the clincher rims as relics of the past. Standards recommended by the Society of Automotive Engineers and approved by the industry, encompass bumpers on all automobiles, station wagons and light truck models. To be adopted on future models, the standards eliminate the locking problem by recommending front and rear bumpers which will not dive below or rise above, 18.25 inches on a normal stop.
