## SHORT NEWS ITEMS FROM OUR LOCAL SCHOOLHOUSE

**Sports News**  
The Kendrick Tigers acquired the second district class B football championship when Troy high school was unable to play here October 31.

The Tigers swept through all opposition this year without the loss of a game. Coach Ross Armitage's boys defeated the Lewiston B squad Orofino, Lapwai, Genesee and Grangeville on their march to the title.

The second district organized its league play this year for the first time and scheduled games on a home and home basis for the six class B schools. Earl Vopat, district president, will present the championship trophy to Kendrick high school.

**Have Invitation**  
The Kendrick High school students, faculty and their parents are invited to a supper and dance on Tuesday, Nov. 18, by the Kendrick Grange at Fraternal Temple. This event will be held in honor of the K. H. S. football team, who are the Valley league champions.

The first 11 players are as follows: Herb Millard, left end; Clarence Alexander, left tackle; Jerry White, left guard; John Deobald, center; Jack Mustoe, right guard; Edwin Hanks, right tackle; Kenneth Brown, right end; Bob Ware, right half-back; Gordon Cook, left half-back; Junior Brocke, quarterback; Boyd Thornton, fullback.

**New Basketball Suits**  
The Girls' P. E. club is to receive new basketball suits. They were ordered from a sporting goods house in Spokane. They will be green shorts; white tops and green numerals.

**Senior Ball Scheduled**  
An orchestra has been secured from Lewiston to play for the Senior Ball, which is to be held Friday, November 14th, at the High School gym. The committees have been appointed by Buford Fairfield, class president, and their chairmen are as follows: Doris Clemenhagen, punch; June Brown, program; Louella Forest, advertising; Wilma Benschoter, decorations; Betty Maynard, tickets; William Kuykendall, clean-up; Clarence Alexander, police.

The theme song for the ball is "Harvest Moon." There will be a grand march held at 9:00.

**Grade School News**  
First and Second — Perfect attendance for the first nine weeks went to: Alice Cann, Eddie Galloway, Phyllis Hudson, Gene Jones, June Koepf, Harvey Millsap, Richard Draper and Buddie Laws.

Third and Fourth — Mrs. Ben Cook taught this room last week when Mrs. Gruell went to Lewiston to represent the Kendrick school in the meeting for the "Class Room Teacher Training." She reported a very interesting meeting. Some of the speakers were Roy Berry and Dr. Dean Weltz from the U. of I., Dr. Martin from the U. of I., Mrs. Jenson, state P. T. A. president of Lewiston and Mrs. Irene Gustafson from the U. of I. About 40 teachers from the second district were present.

Perfect attendance from the third grade is shown by Jack and Gene Easterbrook and Clinton Trout; from the fourth grade Jimmy Armitage, Roger Christensen, Wanda Travis, Kathryn Abrams, Jack Maynard, Carol Hudson, Dorothy Stevens, Howard Holt and Teddy Meske.

Fifth and Sixth Grades — Perfect attendance records are held by Dawn Marie Nelson, Ann White, Monte Clemenhagen, Frances Dammarell and George Jones for the fifth grade; Janice Christensen, Ann Kanikbeberg, Sylvia Herr, Ronald Craig, Charles Westendahl, James Travis, Lois Karns, Albert Clemenhagen, Donna Kanikbeberg and Leonard Gustafson from the sixth. These grades entertained their parents on Halloween afternoon with refreshments of ice cream and cake.

Seventh and Eighth graders having perfect attendance to date are: Jerry Brown, Zelma Candler, LeRoy Gladden, Donna Knox, Kenneth Gruell, Dorothy Wilson, Lloyd Arnett, Charles Christensen, David Crocker, Bobbie McCall, Dianne Mielke, Doris Schreffler, Shirley Travis, Judy White, Geraldine Onstott, Wilda Hiett.

These grades are planning a "Sadie Hawkins Day" party the evening of Nov. 7. Games and refreshments will be enjoyed.

New class officers have been chosen as follows: Bernadine Glenn, president; Burt Souders, vice president; Donna Knox, secretary; Charles Christensen, treasurer; Lois Platt, reporter; Charles Parks and Zelma Candler, librarians.

**Halloween Rather Quiet**  
With Henry Jones acting as marshal for the evening of October 31, and the "trick or treat" habit being quite firmly entrenched, but little damage was done about town — the snapping of windows even being almost passed up.

We have heard of but three incidents of "vandalism," the worst of these being the pushing over the cliff of E. M. Millsap's big jammer truck — and when it landed at the bottom it was a pile of junk.

Another incident of vandalism that may have serious repercussions, was the carrying away of mail boxes along the rural route as it edges town — since these are considered government property.

The final incident was the breaking out of the heart of a fine young maple tree growing between the Kendrick Gazette and the Kendrick Garage.

It would seem that there are plenty of things to do without needlessly destroying property.

## Rain And More Rain

Despite weather predictions to the contrary, rain and more rain has been the lot in this section of the country — with field work an impossibility for the past three weeks.

There have been a few days of sunshine, it is true, but rain has fallen a little bit at least, each 24 hours.

Logging operations have naturally been suspended as well as farming — and if this sort of "moisture falling" continues it won't be too long before local residents will be sprouting webs between their toes — such as coastal residents are said to grow.

## INTERESTING HAPPENINGS FROM THE LINDEN AREA

Phil Bahr brought the last of his stock out of the brush this week, and according to reports it was like hunting for a needle in a haystack.

Mrs. Wayne Arnett and Dick Koenen gave a harvest dance in the Gold Hill hall Saturday, Oct. 25. A large crowd was in attendance and a good time reported.

Mr. and Mrs. Alva Craig and children helped Claude Craig celebrate his birthday anniversary at the Bonnie Easterbrook home in Kendrick, Sunday.

Mrs. Ted Vaughan and son Bobby and Mr. and Mrs. John Keeler and baby daughter were dinner guests in the Chas. Keeler home Sunday.

Mr. and Mrs. Dan Kechter were dinner guests in the home of Mr. and Mrs. Cecil Chamberlain on Big Bear ridge, Sunday. Mrs. Kechter and Mrs. Chamberlain are sisters.

The children of the Cedar Ridge school enjoyed a Halloween party Friday afternoon. Refreshments of cake, doughnuts, kool-aid and ice cream were served by Mrs. Alva Craig and Mrs. Harley Perryman.

Mr. and Mrs. Bob Brewer of Kendrick visited in the Gil Erlwine home Sunday. Mrs. Brewer is a sister of Mrs. Erlwine.

Mrs. James Farrington and children have arrived here to make their home with Clarence Weaver and his mother, Mrs. Anne Weaver, while Mr. Farrington is in China. Two of the children have enrolled in the school here.

**Gold Hill School News**  
Halloween is over and the walls of the school room are now bare of pumpkins, black cats, witches, etc.

The pie social sponsored by the school to raise funds for Christmas treats netted a surprising amount. The pies alone, ranging in price from \$2.50 to \$5.00, brought \$110.80. The "Big Foot" contest conducted by auctioneer Gerald Tompkins, brought in \$7.12. This brought our total up to \$117.92. With \$1.00 taken out for prizes, we have a total of \$116.42 on deposit in the bank to the credit of the Gold Hill School Club. All checks against this sum will be signed by the secretary-treasurer, who is at present, Marilyn Pederson. She was elected to serve for the year.

The "Big Foot" contest for the women was won by Mrs. Bill Cuddy; and by George Lyons for the men. The prizes were 25c each, and were not won by measurement of the feet, as might be supposed, but by the wild votes of a favorite candidate. Five cents entitled one to nominate a candidate. Votes were 1c each.

The first grade has completed its third pre-primer and this week will re-read it before beginning "Fun With Dick and Jane."

The seventh grade has taken its nine-week test in Idaho history. The highest grades were made by Marilyn Pederson and Marjorie Foster, with 90 and 88 respectively.

We are enrolling two new pupils Monday. This will bring our total attendance to fifteen, and will mean two new grades.

The football ordered earlier in the year arrived last week. It will probably not be used much this fall, but will be on hand for use next spring.

**An Old Timer Passes**  
Henry Marshall Hill, an old-time resident of Kendrick, passed away at 3:15 a. m., Monday, October 27, at the Deaconess hospital in Spokane, following an illness of many months duration.

Mr. Hill's home was at 1608 West Carlisle, Spokane.

Mr. Hill was attended in his final illness by another former resident, Dr. J. E. Hoyt, a long-time friend of the deceased.

During his many years residence here in Kendrick Mr. Hill was employed by the Lincoln Hardware Co. and the Thomas Hardware Co., as a plumber. He left for Spokane about 1922 or 1923, and had since lived in that city.

## Chinks Very Scarce

Chinks in this area are very, very scarce, and we haven't heard of a hunter in this territory who has taken his limit (only two cocks). One or none seems to be the usual report.

However, birds are said to be quite plentiful along the Clearwater river, and several of our local hunters have been taking advantage of this knowledge to "knock off their limit."

Wet weather, which literally guesses a Chinese pheasant to the ground, hasn't contributed much to the sport — especially for those hunting without dogs.

## GRAIN MARKETS SHARPLY LOWER DURING PAST WEEK

Grain markets generally declined sharply during the past week, with the wheat futures market showing the greatest decline, according to reports to the Market News Service of the U. S. D. A. Some factors reported as contributing to the decline in the grain markets were uncertainty as to the future buying program of the government, and improved weather conditions in central and eastern Kansas and Oklahoma. December wheat at Chicago showed a net loss for the week of 23 1/2¢ per bushel, while the ordinary classes of wheat in the cash markets of the Pacific Northwest were only 13¢ per bushel lower for the period. Trading in this area was comparatively light as the growers showed little interest in selling at the lower prices. The Regional Office of the C. C. C. was in the market for wheat, and reported purchases from noon October 22 to October 29 of 609,068 bushels, which was considerably below other recent weeks.

The report of the Bureau of Agricultural Economics as of October 1, estimates the total wheat crop for the state of Oregon at 21,932,000 bushels; the crop for the state of Washington is estimated at 68,368,000 bushels and that for Idaho at 40,449,100 bushels, or a total crop for the three states of 130,749,000 bushels, compared with the last year's production of 136,979,000 bushels.

The cash wheat market at Portland only partially followed the very sharp decline in the futures during the week, but a net loss of 13 cents per bushel was sustained during the period on export grades and the hard red winter classes. The premiums on hard white wheat which have been unusually high during recent weeks were adjusted downward and this type of wheat showed a net loss of 16 cents per bushel. The milling interests appear to have been more active in the market than in other recent weeks for wheat suitable for the manufacture of flour for the domestic trade. Contracts for early export flour were reported as generally in good condition, and a number of mills were currently reported operating on domestic flour business which showed market improvement especially for flour which moves through retail trade channels. Shipments of wheat to the terminal markets continued light with 298 cars reported at the Columbia river terminals and 301 cars at Puget Sound terminals.

Bid prices on the Portland Grain Exchange on October 30 were as follows: Soft white, soft white (no Rex), white club, western red and hard red winter, all \$2.75 per bushel, basis No. 1 bulk, 15-day shipment, coast delivery.

Receipts of wheat at the terminal markets continued to decline with 302 cars reported at the Columbia river terminals and 439 at Puget Sound terminals, compared with 352 and 481 cars, respectively, the previous week.

Wheat receipts at Ogden totaled 163 cars for the week, with shipment of 72 cars to eastern markets. The price quoted for hard white wheat was \$2.79, and for all other classes \$2.70 per bushel, basis No. 1 bulk, f. o. b. Ogden. Prices quoted at the country shipping points were approximately 18¢ per bushel under Ogden.

The San Francisco wheat market continued its upward trend during the week, influenced principally by advances in other markets and the scarce local offerings. Prices generally were around 10¢ per 100 higher than a week ago and were above any other date for which comparable records are available. As for sometime past, central California marketings were small, with stocks in producing areas reduced to unusually low levels and very firmly held.

On the cash market at Kansas City wheat prices followed the action of futures and underwent only minor adjustments. At the close of the market the basic scale of buying was 4¢ to 4 1/2¢ higher or \$2.97 to \$2.98 1/2¢ per bushel. Ordinary and cheaper grades of milling wheat were in good request but demand for the intermediate and highest grades was only fair, millers buying only to meet specific needs in the later category.

The grain market at Minneapolis led by wheat, advanced materially during the week, influenced by dry weather in the southwest and liberal buying by the C. C. C. Wheat futures were up 9 cents per bushel at the close.

Continued warm, dry weather during the past week caused corn to dry rapidly and favored the development and maturity of the late planted, and nearly all the crop is now safe, the moisture content having been reduced considerably. Farmers have now begun putting the crop in cribs in the main belt. In Iowa 90 percent of the crop is fully matured and 95 percent past all frost danger.

Speech Class Play  
 "The Miser," a 3-act comedy by Moliere, arranged and adapted by Walter F. Kerr, will be presented by the Speech group of Kendrick High School at 8:00 p. m., Nov. 12, at the gym.

The story of the play is briefly, as follows: The miserly Harpagon has plotted to marry his pretty daughter to a rich old man, but she has managed to bring her beau into the house disguised as a servant, and the two make love at every opportunity in spite of her father. Harpagon intends to marry, also, the beautiful Mariane, with whom he hopes to get a large dowry. But Mariane is in love with Harpagon's son. When the boy is invited to greet his prospective step-mama, he kisses her so warmly that Harpagon has to pull the two apart! In desperation the young people steal their father's gold. Maybe that will bring him to his senses . . . which it does, at the last, after some swift-paced scenes of brilliant dialogue, clever action, and fun.

The Glee Club will furnish the between-acts music.

### Please Sign Your Items

The past week we have received three news communications that were unsigned, and since they contained a number of separate items, difficulty was experienced in confirming them — and we must do this before we can use the news.

We are grateful for these news items, well realizing that the more of them we have, the greater reader-interest our paper contains — but won't you please sign them?

### Lack Of Milk Serious

The Pilgrims made the mistake of not bringing cows, and lack of milk was said to have had a bearing on the high death rate, particularly of children. Cows were required to be brought on later ships. When the frontier moved westward, the covered wagons were accompanied by cows.

### Moving To Pomeroy

A note from Mrs. G. S. Pond of Pond's Shoe Service, states that anyone having had shoes in their Lewiston shop, may obtain them by writing to Pomeroy, at which town they will be doing business in the future.

"Production costs are 'way up on my farm — except my WWP electricity!"

It isn't only in Inland Empire cities and towns that Washington Water Power rates are low. Water Power's rural customers are also paying less for electricity than they did ten years ago — and much less than the average American farmer pays for electric service.

Almost everything the farmer buys, for his home or to help him produce food for a hungry world, has gone up rapidly in price in recent years . . . but . . . his Water Power electric rates have gone DOWN since the day of 90 cent wheat! Water Power service is DEPENDABLE — LOW IN COST — A BARGAIN in city, town, or on the farm.

PUBLISHED BY THE KENDRICK CO-OPERATIVE CREAMERY

HELLO, THERE, FOLKS:

**About Cream Cans:**

Have you been looking for 3-gallon size cream cans? Recently we received a shipment of these well-made, sturdy cans. Our supply is rather limited, however, so don't delay — get yours today!

**About Locker Boxes:**

We still have a few locker boxes available, so you big game hunters may bring your meat to the creamery locker plant for storage. We also have locker paper and string available for your convenience. To meet your needs we have lockers in various sizes, eliminating the need to rent an over-size locker for just a little meat.

**About Milk:**

Does your family get plenty of milk these days? Remember — more energy is needed these cold days, so have plenty of milk on

hand. Milk contains more body building products than any other food, and when comparing prices you will find it just as cheap or cheaper than most other foods. Have a good supply ready in the refrigerator for the family at all times.

**Other Dairy Products:**

For well balanced meals you cannot afford to overlook other dairy products, such as: Butter, Cream, Cottage Cheese and Ice Cream. On "Meatless Tuesdays" cottage cheese is a big help in filling out the menu. When buying dairy products, always insist on Potlatch Chief Dairy Products. They top the list for freshness, quality and purity.

Wife (to husband): "I just overheard the best news about our new house. One of the carpenters said it is being built of green lumber. So now we won't have to buy all that green paint!"
