P-T. A. MEETING MONDAY EVENING WELL ATTENDED

Monday evening, in the High School auditorium, the Kendrick P-T. A. enjoyed one of the year's most interesting meetings, about 60 members and friends being present.

The meeting opened with Mrs. Frank Abrams, vice president, presiding. Following the reading of the minutes and transaction of other routine business, a discussion of the project for the year was taken up, and after reviewing the many needs of the school, the group voted to buy a piano for the assembly.

Announcements were called for and Mrs. Nutting made mention of the Marionette show which the seventh and eighth graders are preparing for December 8, and inviting all to come and see the famous Dickens' story, "Scrooge." A small admission will be charged.

Mr. Nutting announced there would be a change in the customary school Christmas program this year, with the school and Community church working together in presenting "Why The Chimes Rang," at the church on the Sunday evening preceding Christmas.

The "White Elephant" "distribution" was then held, with Horace Woodworth of Moscow receiving the "animal."

The meeting was then turned over to Mrs. Walter Koepf of Cameron, program chairman for the evening, who announced the subject for discussion as "Our School's Health Program." Mrs. Koepf then called on Mrs. Gruell, who announced she would talk on the situation as it is, rather than the ideal.

She began by enumerating the conditions of our school, built 35 years ago, to accommodate comparatively few. She cited lighting facilities as inadequate, with only two 150-watt bulbs in her room, and but one in the hall that serves four rooms for wraps, and as a result children were scrambling in the dark on rainy days for wraps, overshoes, etc. She mentioned the heating system, and the difficulty in maintaining a proper temperature for the children. Mrs. Gruell also discussed the seats used by the children, most of which are non-adjustable, and therefore it is difficult to fit a long-legged child into the same size seat occupied by a youngster whose legs "dangle."

Another lack which is necessary to promote good health is the absence of hot water in the girls' lavatory. There are only two drinking fountains to serve 150 students, which is definitely not enough. Mrs. Gruell admitted she had painted a sad picture, but it was a true one.

Mr. Kanikkeberg, as a member of the school board, said he felt he should say something about the condition of the school, and that it was due to lack of funds for repairs, etc., and now, with the hope of a new school so close, it would be foolish to spend a considerable sum on the old building.

Gerald Ingle, a member of the school re-organization committee of Latah county, said steady progress was being made in the establishment of new district boundaries, and high hopes were held that the job would soon be done.

Mrs. Glen Wegner then read a paper on the importance of protection against contagious disease, and how through immunization it was possible to avert epidemics.

Mrs. Everett Fraser was called on for remarks regarding the hot noon lunch, and she in turn said there were two types of meals served, A and B, and gave the nutritive value of each. The school receives 5c aid on each student, the rest being supplied through the school program. From 125 to 135 meals are being served daily. Mrs. Fraser said new dish washing sinks had been installed and invited all to inspect them.

Ross Armitage then gave a very interesting and detailed account of the Physical Education program in the school. While admitting that they were short of space and helpers, they had worked out a schedule whereby physical education is started in the first grade and continued through the high school, all the children having an opportunity to take part in some sort of sport—baseball, basketball, football, soft ball, volleyball, etc. When the weather permits Mr. Armitage directs play on the school ground—and during inclement weather in the gymnasium, with the boys in one end, and the girls in the other, the only requirement being tennis shoes. He asked that all parents provide their children with such shoes, in order that they might take part.

Mr. Armitage admitted that "mass production" of basketball players had caught up with him, and he said it was going to be a difficult matter to pick ten men for the first string. He also said there was an opportunity to have the sub-district basketball tournament here.

Miss Helen Mielke favored the group with a reading, "The Lost Word." Dorothy Ann Mielke gave a clever reading, "Mary Had a Little Lamb" in the dialects of different nationalities.

The final number on the program was a ventriloquist stunt by Horace Woodworth of Moscow.

Mrs. Abrams then announced there would be no business meeting in December, but a card party on the regular night to raise money to purchase the piano, to which all are cordially invited.

The meeting then adjourned to the Home Ec. room, where the American Ridge ladies served delicious refreshments.

Rain And Snow On Program

Rain and more rain has been the order of the weather in Kendrick the past week, with rain and snow—first one and then the other on the hills. Monday night of this week about six inches fell at Southwick and on Cedar ridge, with lesser quantities being reported on Big Bear, American and lower Potlatch ridges. This, of course, made the hunters smile, for not many days yet remain in the month, and a good "tracking snow" was welcome.

The weather antics did not, however, meet with the approval of farmers, who are getting very tired of wallowing in deep, slick mud, to do their chores!

EIGHTEEN AT COMMERCIAL CLUB DINNER WEDNESDAY

Eighteen members of the Kendrick Commercial Club sat down to a 6:30 dinner at the Kendrick Cafe Wednesday evening, to be joined by two more at the business session which followed at the village hall.

Following the reading of a report on Sales Day and allowance of bills for that event, business for the evening was taken up.

Tom Long, reporting for the Highway committee stated that the Kendrick Highway district was having a "rather rough time" keeping slides off the roadbeds under their care, the excessive rainfall having caused an unusual number, and their patrol was still incapacitated. However, it was hoped to have this equipment in operation soon. He reported large quantities of crushed rock had been distributed over roads in the district and some stock-piled.

Jerry Ingle reported for the Education committee on progress being made in the new school district re-organization which is now underway. He reported that this district (Kendrick) would take some time to complete the boundary lay-out, as there were many districts with which to deal, as well as county lines and geographical difficulties and valuation, the latter point being quite important for the satisfactory operation of a district, once it was formed to the satisfaction of all.

W. A. Watts, reporting for the Agricultural committee stated that Mr. McNaughton, a famed speaker on agricultural topics, but particularly on "Soil Conservation," would speak on the latter subject at the Grange meeting in Fraternal Temple at 7:30 Tuesday evening, Nov. 18.

Tom Keene of the Entertainment committee spoke briefly on plans for club betterment, and suggested that for the next meeting every member bring a guest.

Marvin Long, reporting for the Fish and Game committee stated that all knew of the scarcity of pheasants—the reason for which is not definitely known, although many theories have been advanced. He also suggested that the State Game Commission be requested to remove or permit the removal of the small-mouth bass from Atwater lake and be asked to substitute therefor large-mouth bass. The reason for this action being the failure of the small-mouth to grow, while the large-mouth did fine.

Marvin Long brought up the matter of the proposed drilling of a well by the Kendrick Co-operative Creamery, due to dissatisfaction over the water rate now being charged it by the present village council. He stated that the company considers the rate now being charged exorbitant, as it is almost double that formerly paid. He stated that should the creamery drill, present city income from that business would be lost entirely, and should they strike the same water vein now supplying the city, they might even be in the position of selling water to the town. He suggested an attempt be made for closer co-operation between the present council and the Commercial club.

Earl M. Millsap then brought before the club tentative plans for the erection of a Community building, and suggested, as a matter of financing, that stock be issued—by the block to organizations such as the Bowling Club, The Grange, the V. F. W., and others who might be interested, as well as to individuals, this system having proven satisfactory in a number of other communities. A round-table discussion of the building then followed, with hearty approval being heard from everyone present. Types of buildings were discussed briefly, including the question, hollow tile cement block, frame, etc. Upon Mr. Millsap's request, Geo. Brocke, club president, appointed a committee to meet with him and go into the matter in detail, and report at the next Commercial club meeting, December 10.

The matter of the Annual Christmas treats was then brought up and after a brief discussion placed in the hands of the Merchant's committee, which was instructed to meet with the Entertainment committee on the matter, since it was felt that a program should be a part of the day.

Circles To Meet

The W. S. C. S. Circles will meet together Friday afternoon in the Community church basement at 2:00. Everyone is invited to come, prepared to work. Bring a small paint brush, scissors, thimble and needle, as the group will work on Sunday School equipment for the tiny tots. Wear clothes appropriate for such labor.

Mrs. Marvin Long and Mrs. W. L. McCreary will be the hostesses for the afternoon.

Study Class To Meet

The W. S. C. S. Study class will meet Wednesday, Nov. 26, at 3:00 p. m. with Mrs. W. A. Watts.

PERSONALS AND NEWS ABOUT KENDRICK FRIENDS

Miss Lois Deobald, who is teaching at Grangeville, spent the week-end at her home here.

Last Sunday afternoon the following persons from the Kendrick Community church attended an M. Y. F. Rally at Orofino: Dr. and Mrs. J. H. Coulter, Jordan Kanikkeberg, Gordon, Ben and Gwen Cook, David and Dick Coulter, Marilyn Schupfer, Patty Long, Patty Brocke. There were over 100 young people in attendance from Clarkston, Lewiston, Lapwai, and Orofino. A recreation hour preceded the buffet supper.

Dr. Coulter is spending this week in Orofino, the guest of Rev. Fred Owen, Methodist pastor. He is preaching each evening and assisting with a special evangelistic effort in the church. He will return before next Sunday.

Dr. and Mrs. Coulter attended the community concert in Pullman last Friday evening.

Dr. and Mrs. Geo. W. McKeever and Chloe; Marilyn Schupfer, David and Dick Coulter and Danny Crocker attended a community concert in Lewiston Monday evening.

Mr. and Mrs. H. C. Schupfer and daughter Marilyn were in Lewiston Sunday, visiting in the N. E. Walker home. On Wednesday they were in Moscow to attend the John Brandt funeral services.

Horace Woodworth of Moscow was an overnight guest in the Roy Ramney home Monday night.

Mr. and Mrs. H. Gruel and Mrs. Jack Johnston and baby son of Spokane were down Sunday, visiting in the L. J. Herres home.

Mr. and Mrs. Bruce Ebert were Lewiston visitors Saturday.

Mrs. Ben Cook returned Friday from Mullan, Idaho, where she had been visiting her daughter, Mrs. Harold Goff. Mr. Cook was also home over the week-end from his work at Gifford.

Chas. Stegner of Amidon, N. D., visited from Thursday until Saturday in the home of his brother-in-law, Mr. and Mrs. R. L. Blewett.

School Play Much Enjoyed

The three-act comedy, "The Miser," presented Wednesday evening of last week by the speech class, was thoroughly enjoyed by a goodly audience, roars of laughter often interrupting the presentation.

Mrs. Brammer and the cast are to be congratulated on the splendid performance and able presentation of difficult character parts.

INTERESTING HAPPENINGS FROM JULIAETTA AREA

John Brandt Passes Away

John S. Brandt, 64, for five years a resident of Juliaetta, died Saturday at the Grisman hospital, following an illness of years. He was born at St. Paul, Minn., and was a retired mining engineer. At one time he was state mining engineer for Minnesota.

Mr. Brandt was a member of the Elks lodge at Hibbing, Minn., Sons of Norway and Norwegian Lutheran church.

He leaves to mourn their loss his wife, Anita, at Juliaetta; a son John at Hibbing, and a stepson, Earl Hove at Duluth, Minn.; a brother, George Brandt in St. Paul, Minn., and a sister, Mrs. Karen Macauley at Norfolk, Va.

Funeral services were held at 10:30 a. m. Wednesday at Short's chapel, with the Rev. Harold Masted of Our Savior's Lutheran church officiating. The body was sent to St. Paul, Minn., for burial.

Program To Be Held

P-T. O. will hold its regular meeting Monday night, Nov. 24th. The program for the evening will be furnished by the Intermediate room under the direction of Mrs. Willa Carlson, their teacher. In addition, remember our P-T. O. is having a membership drive with Captains Mae Walsh and Adrian Johns. Losing side gives the winners a party.

All members and friends of the P-T. O. are urged to come out and enjoy this special program.

Other News

Saturday evening a number of friends and neighbors called on Mr. and Mrs. Wallace Clark to help him celebrate his birthday anniversary.

Sunday guests in the Wallace Clark home were Mr. and Mrs. Jasper Nutting and family and Janet Mae of Kendrick; Mr. and Mrs. Benny Weatherby and little son Jimmy, and Charles Platt, the latter of Moscow.

Sgt. Maj. Revas and Mrs. McAllister left Friday, Nov. 14, for his post in Barstow, Cal. They have been enjoying a short visit with his mother, Vada McAllister. Sgt. Revas re-enlisted Sept. 12th for his last four years until retiring from the Marine Corps. His trip was held up 30 days on account of a car accident in Stockton, where he stopped to visit a sister. He also visited a brother in Santa Cruz on his way up and is going back by way of Seattle to visit a sister he has not seen for 12 years. While on the coast he also will stop at Ft. Lewis to see a brother, Chet McAllister. Revas had not been to Idaho in ten years.

He said he regrets not having time enough to visit several of his old friends and neighbors around Kendrick. Sgt. Maj. McAllister had trained 102 Platoon before the war, then sailed to the South Pacific and put in the entire campaign in that area.

Donna and Dicky Mabitt, formerly of Clarkston, enrolled in the fourth and fifth grades Tuesday.

Rev. and Mrs. Earl Gaskill entertained at dinner Monday night for Mr. and Mrs. Whymbark, Mrs. Carlson and Duane and Karen Nelson.

Mrs. Veda Butler is visiting at the home of her daughter, Mrs. Harold Abrams.

B. Whitman and family of Astoria visited at the Bisbie home Sunday. The dinner honored Letus Smith, who was returning to camp from his furlough.

Mrs. Everett Farrington of Kendrick called at the Jack Browning home Sunday.

Mr. and Mrs. Jack Mead and Mr. and Mrs. Ralph Magnuson enjoyed an evening in Lewiston, Saturday, celebrating Mrs. Magnuson's birthday anniversary.

Mr. and Mrs. Rex Peters accompanied Mrs. Edgar Lackey to Lewiston Monday.

Onal Cope is spending a few days with his wife in Juliaetta.

Mrs. Mary Adams spent the week-end in Juliaetta visiting in the John Brandt home.

The Juliaetta sawmill closed Saturday for the winter, due to the lack of logs and excessive rain and mud, which prevented hauling more.

Mr. and Mrs. Neil Packer and two children of Anchorage, Alaska, are visiting at the home of Mr. and Mrs. Ernest J. Walsh. Mr. Packer and Mrs. Walsh are brother and sister.

Mr. and Mrs. Ed. Carlson and daughters of Genesee were Sunday callers at the Andrew Cox home.

Sunday callers at the home of Mrs. Laura Groseclose were Mr. and Mrs. Claud Malone of Spokane and Mrs. Macy Nye of Fix ridge.

Mr. and Mrs. Harvie Shepherd and son Douglas were callers Sunday at the Henry Ferrite home in Deary.

June In November?

The excessive rainfall, plus the unseasonal warmth have combined to produce a number of oddities in this section. For example:

Mrs. Ervil Woody at Fairview, has a snowball bush blossoming gaily amidst autumn colored leaves.

Mrs. W. A. Watts has an Easter lily in bloom!

Mrs. Marvin Long has as beautiful a bed of nasturtiums in full bloom as anyone could want to see.

Mrs. W. L. McCreary has primroses and big tall hollyhocks in full bloom.

And in the Dallas Groseclose garden between Juliaetta and Kendrick one could pick a nice mess of string beans—if you cared to wade mud.

There are undoubtedly other oddities of which we have not learned. Who was it said "California in the winter?"

AMOS E. SPEKKER PASSES AWAY AT CAMERON HOME

Amos E. Spekker, 64, retired Cameron farmer, passed away at his home in Cameron Monday evening at 6:50 o'clock after an illness of many months duration.

Mr. Spekker was born at Colton, Wash., Dec. 2, 1822, and he had spent almost his entire life in this area.

In 1913 he was united in marriage to Emma Ehlers, and to this union two sons were born, Vern of Pierce, and Cecil of Cameron, both of whom, with his wife, survive. Four brothers also survive, P. F. Spekker, Lewiston; Clay of Osborn, Idaho; Marion of San Francisco, Calif., and Clarence of Fresno, Calif.; five sisters, Mrs. Clara Waldman, Berkeley, Calif., Mrs. Minnie McCulloch, Seattle, Wn., Mrs. Ida Barber, and Mrs. Opal Lisle, Fresno, Calif., and Mrs. Emma Sillis, Orlando, Calif.

Mr. and Mrs. Spekker had operated a farm on what is known as the "Spekker" bench until some six weeks ago, when they disposed of it and retired to Cameron. Although Mr. Spekker had been in poor health for years, he never complained, and worked about the ranch as much as health permitted. It is with real regret that friends will learn of his passing.

The body was taken to the Brower-Wann Funeral Home at Lewiston, and as we go to press arrangements are not yet complete.

Mixed Program And Dinner

Tuesday evening of this week the Kendrick Grange entertained the High school students, the school faculty and their families at a 6:30 dinner, honoring the Tiger football team which went through this season undefeated.

Other honored guests at the dinner were E. E. McNaughton, Portland, Ore.; Dr. Baker of the U. of I., Bob Summerville and Robert Peterson, the latter three of Moscow.

At the conclusion of the dinner a public soil conservation meeting was held, with Gerald Ingle as master of ceremonies. He in turn giving the meeting over to Robt. Peterson, who introduced the speakers.

Mr. McNaughton spoke on "Erosion," telling of the tons of fine topsoil going down our streams year after year, with its attendant loss of productivity and dollars and cents, which in turn effected our national as well as local economy. He said that the mud in our streams contained, banks, stores, garages, printing offices, insurance firms, trucks and farm equipment, as well as soil—for one cannot exist without the other.

Dr. Baker, agronomist, from the U. of I., spoke on the use of commercial fertilizers, mentioning ammonium nitrate and ammonium sulphate. He told of their effects upon plant life, productivity and possible soil results—stating that they were not "erosion stoppers" but production aids.

At the conclusion of the talks a dance was held for the school students, grangers and their guests. Music was furnished by a phonograph furnished by J. G. Travis, and by Mrs. Ross Armitage, the latter providing the most popular, as the hall acoustics did not fit in well with the phonograph.

An orchestra had been signed up for the evening, but due to an injury suffered by their leading player, it was cancelled at the last minute.

Donna Mae and Shirley Travis, Geraldine Onstott, Dorothy and Bernadine Glenn, Donna Knox, Doris Shreffler and Judy White assisted the hostesses of the evening in serving.

Won't You Help Us Out?

It seems that this year, as in the many gone by, Thanksgiving again comes on Thursday, and in order that we too, may enjoy the day, an effort will be made to put the Gazette out a day earlier.

We are therefore again asking our correspondents and advertisers to help us by giving us their copy a day early.

We realize that this is something of an imposition—"but doggone it," Thanksgiving doesn't come but once a year.

Senior Ball Much Enjoyed

The annual Senior Ball was given last Friday evening at the high school gymnasium, and the interior of the big building plainly demonstrated the hours of work put in in decorating to correspond with the selected theme, "Winter Wonderland."

Evergreen, twinkling silver and white stars and softly glowing lamps gave the room its desired beauty.

The music was good, as was the floor, and it is regrettable that more people did not attend one of the really fine dances of the year, for the crowd was quite small.

NORTHWEST MARKETS HIT NEW HIGH IN PAST WEEK

Cash grain markets in the Pacific Northwest followed closely the futures and other cash markets to reach new highs during the past week, according to reports to the Market News Service of the Department of Agriculture. Reports that only about 75 percent of the intended winter wheat acreage was seeded by November 1 in the six states of Nebraska, Kansas, Oklahoma, Texas, Colorado and New Mexico, where normally seeding would have been largely completed, if soil conditions had been favorable, renewal of government purchases of grain for the relief program in some markets, plus an active milling demand, were some of the important factors that tended to strengthen the grain market.

December wheat on the Chicago Board of Trade showed a net gain for the week of 9½¢, while the ordinary classes of wheat in the cash markets of the Pacific Northwest were up 10 cents per bushel during the same period. All other grains followed the advance in wheat and reached higher levels.

The cash wheat market at Portland followed the Chicago December wheat and showed a net gain for the week of 10 cents per bushel on the export classes and 9c to 10c per bushel on the higher milling grades. A bid price of \$2.94 per bushel on ordinary soft white wheat on November 15, reached a new high since May 12, 1917, when \$2.99 per bushel was bid for soft white and \$2.98 for white club. The bid price of \$3.17 per bushel for high protein dark hard winter and hard white (Bart) represents new highs in the history of the Grain Exchange. The demand for all classes of wheat was very active, especially for wheat on the track or in transit.

Trading was reported as moderately light with the mills the principal buyers. Purchases by the Commodity Credit Corporation were extremely light compared with other recent weeks, with only 54,942 bushels reported as purchased up to noon, November 12. Wheat receipts at the terminal markets continued to decrease during the week with only 230 cars reported at the Columbia river terminals and 203 at Puget Sound terminals, compared with 324 and 280 respectively, the previous week. To increase the shipments of wheat to the Pacific Northwest terminals, purchased during recent weeks by the C. C. C., for export, the I. C. C. has issued service order No. 791, which requires five railroads to furnish 810 cars weekly to movement of this wheat before any cars suitable for loading bulk wheat can be furnished for any other commodity.

Bid prices at the Portland Grain Exchange were as follows: Soft white, soft white (no Rex), white club, western red and hard red winter, all \$2.94, all per bushel, basis No. 11 bulk, 15-day shipment, for coast delivery.

Wheat receipts at Ogden showed some improvement, with 157 cars reported during the past week. Prices at that market were as follows: Hard white \$2.80, all other classes \$2.73 per bushel, basis No. 1, bulk, f. o. b. Ogden mills. Prices generally quoted f. o. b. country shipping points averaged about 18c per bushel under Ogden.

The San Francisco wheat market strengthened during the past week, influenced by advances in other markets and small local offerings. While current demand was not urgent, supplies were short of trade needs and prices rose around 10c per 100 to new high points for recent years.

Cash wheat values in the Kansas City market followed the advance in December futures and some strengthening placed closing quotations 7½¢ to 9½¢ up from a week ago. Receipts for the week totaled 1,163 cars or about 200 in excess of the previous week. Demand was good and about evenly divided between mills and storage interests.

Grain prices in the Minneapolis market maintained a generally strong position because of the all-around supply picture and wheat futures advanced 11c per bushel. Receipts of cash wheat were somewhat smaller than the previous week.

Winter wheat seeding was far behind schedule on November 1 in sections of the southern great plains, where a prolonged shortage of moisture has prevailed. Much of the acreage still remains unseeded in the western two-thirds of Kansas except in the extreme western counties, in northwestern Oklahoma, the Texas panhandle and much of the New Mexican wheat area. Intermittent precipitation ranging from light showers to moderately good rains benefited the more easterly sections of these states as well as scattered localities within the drier sections. Probably not over two-thirds of the intended winter wheat acreage was seeded by Nov. 1 in the six states.

In Europe in many sections dryness prevails and is threatening to curtail fall plantings. Rain is urgently needed in France to facilitate late planting and aid germination. In western Germany a crop failure is imminent because of dryness. An abnormal drought prevails in Australia, and trade reports concerning the outturn in Argentina as pessimistic.

A. A. A. Election Scheduled

NEWS FROM LOCAL MEN IN THE ARMED FORCES

Now Chief Clerk
 Sendai, Japan (Official Dispatch) Oct. 25, 1947 — Technician Fifth Grade Charles E. Easterbrook, son of Mrs. R. H. Easterbrook of Kendrick, Idaho, is now serving as chief clerk of the Public Welfare Section, with the Hokkaido Military Government District, on the island of Hokkaido, northernmost of the Japanese main islands. The team's function is to assure that the policies of the Occupation army are being adhered to, and its requirements met by the 3,500,000 Japanese on that island.
 Nearly every facet of Japanese life is of concern to the Hokkaido Military Government District in fulfilling its mission. It inspects schools, factories and mines; supervises programs of health and welfare, observes political activities, checks food and distribution, investigates suspected infractions of occupational directives, and checks prices of commodities, as well as being responsible for the procurement of labor from the Japanese necessary to the Occupation forces.
 A graduate of the Kendrick High school, T/5 Easterbrook entered the army on September 11, 1946, and received his basic training at Fort Lewis, Wash. Arriving in Japan on January 7, 1947, he was assigned to the Hokkaido Military Government district, where he began his present duties.
 Note: Mrs. Easterbrook received a telegram Monday from Sgt. Easterbrook saying he was leaving Japan Nov. 19, and expected to be home for Christmas!

Writes From The Coast
 Fort Lewis, Wash.
 Nov. 7th, 1947

Dear Mac and Bill:
 I have been receiving your paper for quite some time, and have failed to write in regards —
 I want to thank you very much, as I really appreciate and enjoy reading the news of whereabouts at home. I would rather be posted periodically on the changes taking place around home than learn of those things months later — leaving ones mind in a bewildered state.
 I am quite sure that any of the other fellows who do, or did receive the Kendrick Gazette, will fully agree with what I just said.
 In your last issue (dated Nov. 6, 1947) I noticed on the first page an item entitled "Rain And More Rain." You know, folks, people on the coast don't grow web feet anymore — now they carry inflated rubber life rafts — because one never knows when he will fall into a water-hole — brother! And Mac, if someone writes in and tells you they don't believe it — just tell them to come over around Seattle or Tacoma. They will have a different song to sing back in Idaho. Brother! I believe the ones who don't carry the rafts have fins.
 Well, friends, I wish to thank you again for the paper. I really do enjoy reading it. Do keep them coming.

Given Posthumous Awards

Maxwell Field — For extraordinary achievement while participating in Aerial Flight. As hundreds of Maxwell Field personnel stood at attention, Mrs. Edna Luman of Montgomery, Alabama, widow of the late Major Robert D. Luman listened carefully to Capt. John J. Cleary, the field's personnel officer read the citations awarding her posthumous awards of the Air Medal with two Oak Leaf clusters, the Bronze Star leaf cluster to the Distinguished Flying Cross for her husband.
 In a fitting ceremony to commemorate the deeds of one of the Army Air Forces gallant fighting men, Mrs. Luman was presented the awards by Col. Wm. Covington and immediately after the presentation the Maxwell Field troops passed in review before her as she stood on the reviewing stand with field officers.
 Mjr. Luman was a B-29 pilot, and lost his life in May of 1945, at sea, while returning from a bombing mission over Japan. He was a brother of Walter, Roy and Ed. Luman of Kendrick.

Surprise Party

On Wednesday of last week the Happy Home club of Big Bear ridge surprised Mrs. Adrienne Clemenhagen at her new home in town. A very enjoyable afternoon was spent by those attending. A dainty buffet lunch was served by the members and all were delighted to find her so comfortably settled. The club truly regrets losing a charter member who was always ready to do more than her part.
 Those present were the Mesdames Johanna Nelson, Grant Clemenhagen, Oscar Slind, K. D. Ingle, Gerald Ingle, Ed. Galloway, A. W. Jones, E. H. Jones, Dick Benjamin, Henry Kortemeier, Harold Peterson, Stanley Cox, Fred Gladden, Robert Clemenhagen, Claude Jones, Cecil Chamberlain, Lou Myers, and Miss Bertina Forest.

Dismantle Rock Crusher

Owing to the excessive falling weather, the Joslyn & McAllister rock crusher up Brady Gulch was de-commissioned last week, about a week earlier than had been planned. Belts and other equipment which might be damaged by weather were put in storage and the rest of the plant smeared with grease. It will be left where it is until next spring, when it is expected that it will again be in operation at the same spot.
 Mud was so deep that further rocking operations were impractical for this winter.

Entertain At Dinner

Mr. and Mrs. John Darby entertained at dinner Sunday honoring their daughter and her husband, Mr. and Mrs. Lloyd Farrington, who had been married just a month.
 Those present were Mrs. Rose Farrington and her mother, Mrs. Keeler, and Mr. and Mrs. Phil Kirby and baby son Larry, all of Clarkston; Henry Emery, Kendrick; Mr. and Mrs. Arne Kloster and children, Mr. and Mrs. Harold Pressnal and sons, and Mr. and Mrs. Lloyd Farrington, all of Crescent.

"It's great to know that we're paying LESS than ever before for one important household item—our WWP electric service!"

It's a fact! Right now, with practically every other essential for home and family 'way up in price, the average residential customer of the Washington Water Power Company pays only 1.37¢ a kilowatt hour for electricity—less than was paid in the low-cost-of-living days before the war.

AND this low Water Power rate is LESS THAN HALF the present national average.

Nations Highest Big River

The shadowy St. Joe river in the north, near St. Maries, is not only the nation's highest navigable stream, but it has also produced a natural phenomenon that never fails to excite the interest of travelers on the excursion boat which operates between St. Maries and Coeur d'Alene. At one point the river flows through Chatcolet lake in a well-defined channel.

ORDINANCE NO. 260

AN ORDINANCE LICENSING, REGULATING AND CONTROLLING THE OPERATION OF PUNCHBOARDS, CHANCE SPINDLES AND PRIZE GAMES IN THE VILLAGE OF KENDRICK, LATAH COUNTY, STATE OF IDAHO.

BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF KENDRICK, IDAHO:

SECTION 1. DEFINITIONS.

(a) The term "person," when used in this Act, shall mean and include any person, firm or partnership, corporation, or other association of persons.

(b) A "punchboard," within the meaning of this Act, shall be a board containing a number of holes or receptacles of uniform size in which are placed slips of paper or other substances, in a capsule or otherwise, upon which is written or printed token numbers, figures, insignia, characters, symbols, letters or words, or combinations thereof which may be punched or drawn from said hole or receptacle by any person upon payment of a consideration, and who shall obtain an award of merchandise or money only upon the chance of drawing the token number, figure, insignia, character, symbol letter or word, or combination thereof, which has previously been designated to pay a prize.

(c) The term "chance spindle," within the meaning of this Act, shall be any spindle, stick, pin or device on which may be fastened by any method, slips of paper, envelopes, cards, or other devices, upon which is written or printed token numbers, figures, insignia, characters, symbols, letters or words, or combinations thereof, and which may be drawn by any person from said spindle, or holder, upon payment of a consideration, who may obtain an award of merchandise or money, only upon the chance of drawing the token number, figure, insignia, character, symbol, letter or word combination thereof, which has previously been designated to pay a prize.

(d) A "chance prize game," within the meaning of this Act, shall be any game in which the obtaining of a prize is based solely upon the chance of the player, upon the payment of a consideration, to draw or otherwise secure a token number, figure, insignia, character, symbol, letter or word, or combination thereof, which is designated to pay a prize, in cash or merchandise.

(e) The definitions of "Punchboard," "Chance Spindle" and "Chance Prize Game" as herein defined shall not be construed so as to include coin-operated amusement devices as defined by Ordinance No. 257, Village of Kendrick.

SECTION 2. It shall be unlawful and punishable as a misdemeanor to possess, keep, maintain, operate, play or permit the play or use of any "Punchboard," "Chance Spindle" or "Chance Prize Game," as herein defined, without having affixed thereto a license stamp issued by the Village Clerk of the Village of Kendrick, Idaho. Such license stamp shall be in the amount provided in this Ordinance and shall be securely affixed to such punchboard, chance spindle or chance prize game and said license stamp shall be cancelled by cutting said license stamp crosswise with a sharp instrument.

SECTION 3. Any person, firm or corporation intending to possess, keep, maintain, operate, play or permit the play or use of any punchboard, chance spindle or chance prize game shall apply to the Village Clerk for a license stamp or stamps and pay to the Village Clerk the license fees herein provided, and the Village Clerk is hereby authorized to issue license stamps in the amounts herein provided. The license fee herein imposed, and to be collected by the Village Clerk, shall be as follows:

(a) A license fee equal to two percent (2%) of the value of such punchboard, chance spindle or chance prize game, the value of each to be computed by multiplying the number of chances on such device by the price charged per chance if the prize is money or is merchandise which may be redeemed in money, or

(b) A license fee equal to one percent (1%) of the value of such punchboard, chance spindle or chance prize game the value of each to be computed by multiplying the number of chances on such device by the price charged per chance if the prize is merchandise which is not redeemable in money.

SECTION 4. It shall be unlawful to permit or allow any person under the age of 21 years to play, use or operate any punchboard, chance spindle or chance prize game, and it shall be unlawful for any person under the age of 21 years to play, operate or use any such punchboard, chance spindle, or chance prize game.

Hens Lay Colored Eggs
 There were scoffers when Noll & Reynolds, at a feed store at Council, Idaho, confined a number of hens in cages and solemnly announced to customers that the hens would lay colored eggs. People shook their heads and were mildly skeptical to say the least. But soon the hens began to lay, and there was adequate proof. Some hens laid eggs with red yolks, others with green yolks. Finally, the feed store operators explained that the hens had been fed a chemical for several weeks. In one pen the chemical fed colored the yolks green; on the other side, the hens ate a chemical that colored the yolks red.

Potlatch Chief Sez

PUBLISHED BY THE KENDRICK CO-OPERATIVE CREAMERY

HELLO, THERE, FOLKS:

'Tis Thanksgiving:

'Tis Thanksgiving time once again, when we in America celebrate and give thanks for the year's harvest. This year, the homemaker has a double responsibility — to use the plentiful foods which cannot be shipped abroad to less fortunate people, and to serve these foods in a nourishing and appetizing manner to maintain the health of her family.

Now: Dairy products claim the homemaker's first attention in planning wholesome menus. Milk, Cheese, Butter, Cream and Ice Cream sup-

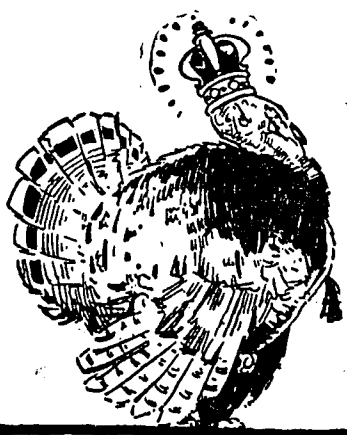

ply essential food nutrients for the growth and good health of all the family. Pleasing flavor and eye-appeal are provided too, in dairy products. Cottage cheese is a real help in filling out a lunch or dinner menu. Milk as a beverage, or in a cream sauce base with vegetables, fish or poultry contributes protein for growth and vigor, together with minerals and vitamins.

Ice cream is a pleasing dessert, which contains body building products, and completes any meal.

So:

Keep well stocked with dairy products, and may we remind you again to make certain that they are "Potlatch Chief" Dairy products, which name is your assurance of freshness and quality.

When buying pasteurized milk, you insure clean containers, as all bottles are carefully disinfected

TEAKEAN GOSSIP

Walter Pielt, Alvin Powell and Carroll Groseclose recently had an old building they were wrecking, fall while all were inside. The rafters and their cross braces held, however, and no one was injured — but a repeat performance is not desired by the parties involved.

We have plenty of weather — six inches of it now — white and getting sloppy.

The first load of shingles from our local shingle mill was taken to Lewiston last Friday.

F. E. Brock has purchased a pick-up. This is a real luxury to him as it is the only motor vehicle he has owned since living here.

Raymond Whybark purchased a load of shakes from Carroll Groseclose last week.

Rev. Earl Gaskill filled his regular appointment at our local church Sunday morning. He was a dinner guest at the C. Y. Groseclose home, and was accompanied on his return to Juliaetta by Wm. Groseclose.

Howard Shearer, a long-time resident here, but now in North Lewiston, has purchased a 2-ton Reo truck and has taken out a large

load of posts, which he helped make last summer. He expects to haul 1,000 posts at a load, and deliver to Boise and vicinity.

Merton Preussler and Carroll Groseclose butchered hogs last Friday, and Carroll butchered a beef Monday of this week.

BIG BEAR RIDGE NEWS

A Stanley party was held at the Grant Clemenhagen home Friday evening. Games were played and contest held, with prizes being given by Mrs. Lonnie Yockey of Moscow. Those who enjoyed a pleasant evening were Mr. and Mrs. Lonnie Yockey, Roy Clemenhagen, Mr. and Mrs. Adolph Forest, Mr. and Mrs. Cecil Chamberlain and son Jerry, Mrs. Adrienne Clemenhagen, Mr. and Mrs. Al Ruby, Mr. and Mrs. Al Des Jordan, Mr. and Mrs. Joe Clemenhagen and sons Max and Bruce. Lunch was served by the hostess, Mrs. Grant Clemenhagen.

Mr. and Mrs. A. C. Wilson spent several days in Spokane, last week. Mrs. Adrienne Clemenhagen spent Friday night and Saturday at the Grant Clemenhagen home.

LINDEN ITEMS

The children of the Gold Hill school sponsored a party at the hall on the evening of Nov. 7, honoring the birthday anniversary of their teacher, Mrs. Gill Erlewine, and that of Neil Erlewine and Billy Wilson, which fell on the day before. An abundant lunch of pie, cake, sandwiches and salad was served by the girls in the cook house, including two devil's food cakes baked for the boys by Mrs. Art. Foster and Mrs. Al. Pederson, and an angel food cake baked by Mrs. Stuart Wilson. Mrs. Erlewine was presented with a box of candy from the pupils, and numerous lovely greeting cards from individuals.

George Smith came up from Lewiston Tuesday to hunt. We didn't learn of his luck.

Mr. and Mrs. Eugene Holm of Spokane were over-night guests in the Al Pederson home Tuesday.

At the home of Mr. and Mrs. Lester Weaver Sunday were the Al. Pederson family and Raymond Whybark, helping Jesse Michael celebrate his 92nd birthday anniversary.

Ted Vaughan and Johnny Keeler helped Charlie Keeler butcher, Monday.

Mrs. Stewart Wilson was a Lewiston visitor one day this week.

Mr. and Mrs. Rollin Armitage and children and Mr. and Mrs. Bill Cuddy were visitors in the James Holt home Sunday.

Charlie Keeler is cutting and piling brush preparatory to seeding clover and grass for future pasture.

Mr. and Mrs. Ted Vaughan and Bobby and Mr. and Mrs. Johnny Keeler and baby were callers in the Charles Keeler home Sunday evening.

Those present at the W. M. A. Wednesday, Nov. 12 were Pearl Alexander, Mattie Allen, Eileen Souders, Beth Pressnall, Myrtle Darby, and Mrs. Grimm. In the afternoon Lettie Israel, Margaret Craig and Gertrude Pederson joined the group. They met with Mrs. Lou Alexander to prepare fancy work for the auction sale, which will be given December 5th.

Gold Hill School News

Books have at last arrived for our new sixth grade pupil, Curtis Farrington. He will have to start at the beginning and take double lessons to get through, since the Washington adoptions are so different in many of the required courses. Curtis and Karen came here from Tacoma.

We have changed our weekly art class, until after Christmas, from the last period on Friday to the first afternoon period, so the small children can participate. We have begun our "gift project" so that we will be finished by the time to begin program practice. We are working in plaster-of-paris, and some of the girls are making dancing boudoir dolls of crepe paper.

Gary McAllister was absent from school Friday.

The seventh grade is just getting started in the study of percentages.

The second grade has received its new spellers, which will be used as soon as the phonics course is over.

Can Still Hunt Pheasants.

Pheasant hunting in eastern Idaho ended on Armistice Day, the state fish and game department reminds hunters, with hundreds of hunters in the fields.

The northern and southwestern districts, however, have bird season until November 21. Reason for more days in these areas is the greater

population of pheasants in a more suitable environment.

Hunters in the east reported fair luck opening day. Since the following Sunday, however, roosters were more wary and windy, wet weather was a real protection for the birds. Bag limits of two cocks were numerous in some vicinities. The same was true of hunting in counties of the Twin Falls-Jerome district.

Our note: We have yet to learn of a single hunter, (hunting locally) who has bagged his limit!
