About Season Tickets

Season tickets are now on sale for the home basketball games. The first game on this schedule will be played with Troy on Jan. 2nd, and the last with Genesee on Feb. 15th.

There will be two games played each evening and this is an exceptionally outstanding schedule, which includes four Class A teams—Moscow, Lewiston, Pullman and Clarkston, besides our own conference games. Most schools have advanced their admittance charges to game this year. So, through purchasing a season ticket you will be able to see the Kendrick games at a slight reduction over last year's prices.

Sea Sale Now Over

The Christmas Seal Sale sponsored by county and local school organizations was completed in the local schools last week. The amount sold by the children of our school was \$81.64. This figure compares very favorably with that of other communities and shows good work on the part of our pupils and generosity by the community.

Win Second Place In Round Robin

The Clarkston Bantams won the third annual University of Idaho football jamboree Saturday evening at Moscow by defeating Kendrick 13 to 10, after disposing of Genesee and Pullman in earlier sessions. Playing 10-minute periods.

Kendrick earned a place in the finals by ousting Grangeville 8 to 6 and swamping Moscow 15 to 5. The hard driving Tigers were in the lead from the opening minutes of the two preliminary games. Herb Millard paced the Kendrick club in the drive toward the finals. Kendrick, defending Class B state champions, were one of the favored clubs in the tournament.

Grade School News

The first and second graders sold \$16.00 worth of Christmas Seals.

A surprise birthday party was given Friday morning for Judy Koepf. Her mother, Mrs. Walter Koepf, treated the children to ice cream cones and cake. Judy and Karen Loudon served. A song fest was held later.

The first and second grade boys and girls wrote a Christmas letter to George-Anne Jones at Kennewick.

The third and fourth grades sold \$18.01 worth of Christmas Seals.

Kendrick Defeats Gifford 24-21

Tuesday evening the Tigers went to Gifford to meet that team in their second conference game of the season, emerging on the long end of a 24-21 score — against tough opposition.

The score at the half-way mark stood 19-9 in favor of Kendrick. The last four minutes of play were marked by a very successful Kendrick stall with Gifford able to handle the ball but once in that period, despite every effort to break-it-up.

W. S. C. S. Installs Officers

The W. S. C. S. of the Community church held their annual installation of officers Friday afternoon at the home of Mrs. Paul Lind. They are: Mrs. A. O. Kamikcheberg, president; Mrs. J. H. Coulter, vice president; Mrs. W. A. Watts, treasurer; Mrs. Marvin Long, secretary.

Soon Year's Shortest Day

On December 22nd comes the shortest day of the year, though there is only second's difference between the 21st, 22nd and 23rd.

But with the amount of dark dreary weather we have been having the past weeks it isn't likely that anyone could notice the difference in the length of days.

This week has been a repetition of those gone before — rain and more rain, mixed with snow squalls in the canyon, and the rain falling as snow on top the hills.

If you get off a gravelled road or paved surface you promptly find yourself inches deep in either snow or mud — and sometimes both.

COMMERCIAL CLUB BANQUET ENJOYED BY FIFTY-EIGHT

Fifty-eight Commercial Club members and guests enjoyed a 6:30 steak dinner at Burt's Confectionery Wednesday evening of last week, with the Kendrick High school football team, their coach and the yell leaders as guests of honor. Other guests of the club included J. M. Lyle, Jr., U. of I. Alumni Assn. secretary; Steve Belco, line coach of the U. of I.; Don Farris, sports writer for the Lewiston Tribune; Paul Wise, NICE athletic director; Lewiston, and Gene Harlow, assistant football coach at the U. of I., Moscow.

At the conclusion of the dinner and after a short introductory talk, G. F. Brocke, president of the club, turned the meeting over to Ross Armitage, coach. Mr. Armitage began the fun, by introducing the football player on his right, and asking him in turn to identify the player on his right, give the team position played, and say a few words. This proceeded around the table until every member of the championship squad had been presented.

Mr. Brocke then turned the meeting over to J. M. Lyle, who introduced the out-of-town visitors.

Don Farris, Triune Sports writer, complimented the team on their fine spirit and close-knit team play, saying that it took these two things to win as well as sportsmanship — and that Kendrick had indeed a bountiful supply of all.

Mr. Wise also complimented the team, and said that their growth in record in the past three years was one of which any school could well be proud.

Mr. Lyle then introduced Steve Belco, U. of I. Freshman football coach, who congratulated the team on their fine record, not only from the point of winning games, but on the sportsmanship angle as well.

Gene Harlow, assistant football coach at the University, said he thoroughly enjoyed watching the Kendrick team's record in the win column, and although he had been unable to witness any of their games, he was pretty familiar with the record.

Don Farris then presented the district championship football cup to Geo. Brocke, Jr., Tiger captain, and it will repose in the Kendrick trophy case for the coming year. It must be won three successive years by a team, however, in order to become the permanent possession of any school. Mr. Farris not only complimented the Tigers, but the town as well for the very loyal support given the team.

In conclusion Ross Armitage thanked the club for the banquet on behalf of himself, the team and the yell leaders, and stated that they now could turn their attention to basketball — where they would again try to be "in the win column." All in all, it was a most enjoyable evening with goodfellowship predominating.

Purchased Ralph Reid Home

A deal was consummated a few days ago whereby Rev. and Mrs. Paul Forsberg of Juliaetta became the owners of the Ralph Reid home in the east part of town.

Rev. and Mrs. Forsberg will occupy the house soon, and Mr. and Mrs. Reid will move to the C. G. Arnett ranch.

The consideration was not made public.

Now Ready To Go

The last of the new equipment, including tanks for the delivery truck and a new electric pump at the garage proper, has finally arrived, and Ed. Deobald is quite well pleased at being able to secure almost all the wanted material and other items.

Out One Day Early

Next week, Christmas coming as it does on our publication date — we are again going to ask the help of our correspondents and advertisers in putting the Kendrick Gazette out one day early.

With your help, and by doing the printing on Tuesday, we can assure all our local and semi-local subscribers the Gazette before Christmas — in-as-much as no routes will move Christmas Day.

We realize this is something of an imposition, "but, doggone it," we just don't want to work on Christmas, and with your help — we won't have to!

Dee Miller Writes:

A brief note on the back of a Christmas card from S2/c Delos Miller at Treasure Island, Calif., reads:

Dear Mac and Bill: I've been receiving the Gazette regularly now, and sure do appreciate getting it. I have started school here now and I might add it is plenty tough. Well, I want to wish you all a very Merry Christmas and Happy New Year!

INTERESTING HAPPENINGS FROM JULIAETTA AREA

Tuesday is "news day." Won't you help out your correspondent by jotting down the items of interest as they occur for quick reference. It will help us to make your column a better one.

To Hold Training Schools

A series of four training schools for members of the Idaho Division of the American Cancer Society are scheduled to be held during January and February, Leo J. Paulk, president of the state cancer association, states. Leaders in cancer control from every county in Idaho are expected to attend at least one of these schools.

The first school will be held in Burley, Jan. 23 and 24. Others will be held in Moscow, Jan. 30 and 31; Caldwell, Feb. 6 and 7, and Pocatello on February 13 and 14.

The training schools will be similar to those held in 1945 and 1946, and all phases of the Idaho Division of the American Cancer Society's activities will be discussed, including recent developments in the diagnosis of cancer, the value of early treatment, further expansion of the educational campaign and recent advancements in the national research program.

WHAT CAMERON FOLKS ARE DOING THESE DAYS

Mr. and Mrs. Herbert Schwarz were dinner guests of Mr. and Mrs. Harold Siffow Wednesday evening.

Drive Making Progress

Latah county's "Christmas Shine" drive got underway in earnest this week with committees in practically every phase of community life working for contributions to the overseas relief program. Funds, grain, food and clothing are being solicited, and officials in charge said the response has been "generous."

In addition to cash contributions, which will be used to buy food and medicines, discarded articles in good condition are needed. New or used clothing, in good condition, may be left locally at N. B. Long & Sons in Kendrick or Tacker's Grocery in Juliaetta.

In addition to items listed in last week's article and display ad, the following "Want List," is more than acceptable: Scarfs, mittens, gloves, caps, ties, rubbers and galoshes, bedding and linens, baby garments and shoes, combs, toothbrushes, soap, razor blades, wash clothes, etc.

In addition the organization is asking for such "pocket surprises" as hankies, belts, hair pins, hair ribbons, jack knives, seeds, games, snapshot of donor, and many other small articles that might please a recipient.

Dr. J. H. Coulter, local drive chairman, reverts progress to date as "good," but says speed is imperative, and the sooner we can complete our collection, the quicker someone will be fed and clothed.

Many Accidents Are Likely

George E. Vaughan, Idaho state safety director, said in Boise this week that the coming holiday season is going to show such an increase in the number of vehicles on the road that it will create a major traffic hazard. To add to this problem there will be slick roads, poor weather conditions and holiday "rejoicers."

And due to this fact it will be necessary for motorists to be more than cautious while on the highway.

Mr. Vaughan adds: "Drive with reason this holiday season — because an accident will take all the joy out of Christmas for you or for someone else."

Short Bits Of Idaho Facts

The estimated total stand of timber in Idaho is 84,000,000,000 feet, of which 50,000,000,000 feet lies north of the Salmon river.

The "Mullan Tree," located in the Fourth of July canyon between Coeur d'Alene and Wallace, Idaho, and inscribed by Capt. John Mullan on July 4, 1861, is still standing in an excellent state of preservation.

Lions Head Peak, in the Kaniksu National forest in northern Idaho, is a rock formation which resembles two massive, shaggy lion heads against the sky line.

"One Down — One To Go"

Last Saturday afternoon at 2:00 o'clock — right on schedule, Santa Claus paid his first visit of the season to Kendrick, calling at the Kendrick Bean Growers with treats for all the little children.

His second, and so far as we know, final visit of the season here will be next Saturday afternoon, December 20, at 2:30 o'clock, when he will arrive with a brim-full pack of treats for all the little children of this trading area — with transportation for the visit furnished by the Kendrick Commercial Club.

Bring the kiddies in to see him — and for yourself, enjoy the brief program which will precede his visit.

NORTHWEST MARKETS FIRM WITH TRADING LIGHT

Grain markets in the Pacific Northwest, influenced by strength in wheat and corn futures, were firm and slightly higher at the close of the week, according to reports to the Market News Service of the U. S. Department of Agriculture. Trading during the week was comparatively light, largely as a result of lack of offerings from growers and interior shippers. Cash wheat prices in the local market declined 5 cents per bushel on the ordinary export classes of wheat but recovered later, showing a slight net gain for the period. Barley and oats showed independent strength and did not decline along with other grains, but held fairly steady, advancing slightly later in the period.

The cash wheat market at Portland declined 5c a bushel early in the week but later recovered, and showed a slight gain on all wheat except Baart, which showed a net gain of 3c per bushel for the period.

Reports in the trade indicate that large flour purchases by a government agency during the period was the strengthening factor in the wheat market in some areas, but sales by Pacific Northwest flour mills were comparatively small, resulting in little interest being shown in the wheat market by coast mills. The Commodity Credit Corporation was not especially active in the market and purchases were very light compared with other recent weeks. Reports from the producing areas indicate that growers are inclined to hold their remaining stocks until after the first of the year, and trading is expected to be very light in the meantime.

Shipments to terminal markets, however, continued to improve, with 758 cars of wheat reported at Columbia river terminals and 609 at Puget Sound terminals during the week.

Bid prices at the Portland Grain Exchange at the close of the period were as follows: Soft white, soft white (no Rex), white club, western red and hard red winter, all ordinary, \$2.93 per bushel, basis No. 1 bulk, 15-day shipment, coast delivery.

Wheat receipts at Ogden during the week totaled 163 cars. Prices were \$2.95 per bushel for hard white wheat and \$2.81 for all other classes, basis No. 1 bulk, delivered Ogden mills.

The San Francisco wheat market was fairly strong, influenced by light offerings, although the demand was rather slow. Prices of bulk wheat were around 3 cents higher compared with a week ago. Local wheat was slightly higher with U. S. No. 1 hard white and U. S. No. 1 soft white quoted at San Francisco at \$5.40 to \$5.45 per 100, sacked. The availability of other lower priced commodities for feed purposes kept the demand rather slow, but mills for the most part were placing the orders for their wheat needs in the intermountain and Pacific Northwest markets.

The cash wheat market at Kansas City was dominated by the action of futures, only a small percentage of the 1,247 car arrivals being offered for sale. Mill buying was again spotted and very selective.

All grain markets at Minneapolis were stronger during the week, with wheat regaining most of the losses sustained during the previous week. Wintry weather over much of the grain belt, large emergency export allocations, short covering and lack of selling pressure were factors acting in the market recovery.

Additional moisture caused continued improvement of winter wheat prospects in the former drought area of the southwestern winter wheat belt. Moisture is generally sufficient to germinate and promote growth of the late-seeded wheat which is now coming up to a good stand in most sections. In most of the remainder of the country the condition of winter wheat is good to very good, especially in the middle Mississippi valley, the lake region and Pacific Northwest. Considerable wheat entirely covers the ground and is furnishing pasture in the extreme northwest and the eastern third of Kansas, as well as in eastern Oklahoma and northeastern Texas.

World production of oats is now placed at 3,805 million bushels, according to revised estimates of the OFAR. At that level oats production is 5 percent below the 1946 production and 13 percent below the 1935-39 average. North America is the only major producing area showing a harvest up to average.

New Road Serious Problem

The new Brady Gulch highway problem is daily growing more serious, as the continued rains have caused slide after slide of rock and mud. The situation is not eased in the slightest by deep cracks along the outer edge, which daily grow worse, and at a number of spots the road is only "one way."

To add further to the problem of the Kendrick Highway District, is the failure to arrive of vital repair parts for their big diesel patrol, which was wrecked last summer and is being repaired by the Osberg Construction company, builders of the project, and this situation leaves the district without equipment to move the slides on the inside.

All along the 3-mile link are signs and reflector warning signals, and the motorist would do well to heed them.

It is impossible to tell just how this new road might have behaved in a regular season, but the unusually heavy rainfall of the past months did not give it a chance to settle — it just started washing and sliding.

P.-T. A. Card Party Enjoyed

Nine tables of pinochle were in play at the P.-T. A. card party in the school house Monday evening of this week, and all present spent a very enjoyable evening.

High scores for the women went to Mrs. Cecil Gruell; second high to Mrs. Geo. Wilken; low to Mrs. Otto Silflow; second low to Mrs. Fred Newman.

High for the men went to Grant Bateman; second high to Mrs. Walter May, who played as a man; low to Cecil Gruell, and second low to Otto Silflow. Mrs. Walter May was awarded the "door prize."

Home made pie and coffee were served at the close of the evening.

Despite the rather small crowd the sum of \$53.20 was realized, due in part to Shirley Travis and Judy White's advance sale of tickets, and to the efforts of Bill White, who auctioned off pies remaining uncut at the evening's close.

Grant Bateman held the highest counting hand of the evening, 1000-aces.

Bigger Than Kamloops

Kooskia — Fishing in the Selway river hit a new high for novelty and thrills, according to Walter Bethke, a hatchery superintendent of the state fish and game department. Bethke went fishing with a lasso, took a ducking in icy water, and came out with two deer.

Bethke said he was on his way to the Boyd Creek hatchery about 40 miles from Kooskia, when he saw two white tail bucks fighting near the road. He tried, without success, to stop the scrap and get the antlers separated. On the return trip he brought a rope and was preparing to tie the one down so he could untangle the gladiators when they surged up, fought another round and plunged into the Selway river.

"In a few minutes," he related in a report to the game department, "one buck tired and fell over in the water. It drowned. Within a couple of minutes the other deer was pulled into deeper water by the weight of the first, drowning it, too."

"Seeing them drifting downstream, I ran to the edge of the river in an attempt to get ahead of them and retrieve them as they went by me about midstream. As the water was deeper and very much colder than I thought, I got to the middle just after they passed. Their horns were still sticking above water, so I threw a loop of rope over them about 30 feet from me. I was in up to my waist. When the slack took up I lost my footing and was pulled in deeper, making it necessary to swim. After I touched bottom I towed them ashore. After getting a change of clothes from a forest man at the Fenn ranger station, I had a fellow help me load the bucks on the truck and drove back to Lapwai. There we dressed the deer and gave the meat to St. Joseph's orphanage at Mission creek."

Leland School Notes

Last Thursday the boys' and girls' basketball teams went to Kendrick where they played the Kendrick Grade school teams. Transportation was provided by the Messrs. Ewald Hinrichs, Homer Parks and Ernest Helmgartner, with the teams under the supervision of the latter.

Monday of last week the students drew names for the exchange of gifts at our Christmas party, which will be on December 24th.

Rehearsals for our Christmas program were begun last Friday. The students of the Intermediate room will present a short playlet entitled: "The First New England Christmas Tree." The third and fourth grade students will present "The Little Fir Tree." Scenes from the Nativity Story will be presented in tableau by the first and second graders while the choir sings Christmas carols. This program will be given the evening of Tuesday, December 23, beginning at 7:00 o'clock.

This week, decorations in keeping with the Christmas season are being put up.

Friday of last week Ernie Helmgartner withdrew from school to accompany his father to California, where they will make an extended stay.

Visitors in school Friday afternoon were Glynes and James Thornton, Neal Walker, Clinton Smith and Michael Foley. We were indeed glad to have these young folk return to their old haunts.

Wednesday, Dec. 24 will be the last day of school before vacation, which will extend until Monday, Jan. 5, when school will resume.

Our movie for last week, entitled, "You The People," showed what results are when citizens fail to take an active part in government and stay away from the polls on election day.

Honor Will Have To Wait

Preston — The steamer "Clarksdale Victory," wrecked recently enroute to the United States from Alaska, was to have been renamed in honor of the late Pfc. Leonard Brostrom, Preston. Brostrom was one of the four men from Idaho to receive the Congressional Medal of Honor.

W. S. C. S. Christmas Party

Both Circles, of the Community church W. S. C. S. will meet at the home of Mrs. Don Miller Friday afternoon at 2:00 for the annual Christmas party and gift exchange. Mrs. J. G. Travis and Mrs. John Davis are the hostesses.

"MODERN LAUNDRY"
MEANS
**PLANNED
WIRING**

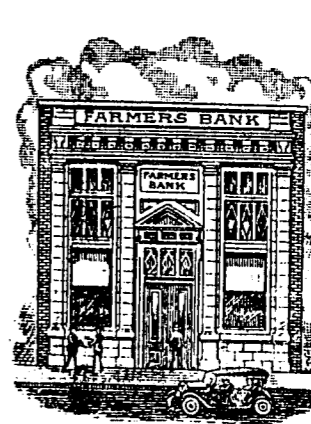

Whether building or remodeling, plan the wiring for your modern all-electric laundry. Electricity will heat the water, wash the clothes, dry them, iron them.

Remember the new-fashioned definition for convenience: "A place for everything and a place to plug it in!" Without planned wiring, the best room-plan may disappoint. Old homes as well as new can be rewired for these conveniences.

Training Benefits Still Available

Veterans who have discontinued school or on-the-job training under the G. I. Bill or Vocational Rehabilitation act may, in nearly every case, resume training if they so desire, the VA stated this week.

A total of 166,483 veterans have started training in the Pacific Northwest, whose cases remain in the VA files. Of this number 91,575 have discontinued training. The VA said that all but 706 of the veterans are still eligible for further training. Of the 706 ineligible, 506 are disabled veterans whose rehabilitation has been completed. The remaining 200 are trainees who exhausted their eligibility while training under the G. I. Bill.

The thousands of veterans who stopped their training are nearly all eligible for more, the VA emphasized, in citing some of the fundamental eligibility regulations.

Under the G. I. Bill, veterans who served 90 days between September 16, 1940, and July 25, 1947, and who were discharged under honorable conditions, are entitled to training benefits. The length of training depends upon the length of service, and the maximum benefit is for four years.

Hello, folks—
hope you have
a grand
old-fashioned
Christmas!

As the year draws to a close, we like to look back across the months for the highlights that made 1947 a good year.
And we find that just the day-to-day privilege of being able to supply Standard Oil Company of California products that satisfy you is one of our great satisfactions.
We'll be hoping to see you often in 1948—whenever you feel like stopping in, whether on business or not. So again—
Merry Christmas and a Happy New Year

Potlatch Chief Sez

PUBLISHED BY THE KENDRICK CO-OPERATIVE CREAMERY

HELLO, THERE, FOLKS:

"The Weather Outside Is Frightful!"

So during these chilly, rainy days proper nourishment is very essential to your children's health. Looking toward the cold, wintry days which are surely just ahead of us, keep in mind that it takes much more food to keep your children in good physical condition. Milk is an excellent, easily digestible food to keep handy for children, as it provides many products necessary to human growth. Make certain your children have plenty of good, whole rich milk—and we suggest "Potlatch Chief" pasteurized milk.

About Ice Cream:

Potlatch Chiew Ice Cream is still a favorite dessert among most children and adults. Serve it often — for its rich, creamy goodness, and remember, ice cream is one of the most health-

ful desserts you can serve. For the family dinner or get-together during this coming holiday season plan to top off that menu with Potlatch Chief Ice Cream for complete satisfaction to yourself and your guests.

And Remember:

On that holiday dinner table "Potlatch Chief" brand Butter and cream should be a part of your menu. The name "Potlatch Chief" is your assurance of flavor and quality.

Diner: "This check must be wrong, waiter. You've charged me \$2.50 for a planked steak."

Waiter: "Yes, Sir. Sorry, sir, but the cost of lumber has gone up again."

Dazed Motorist (regaining consciousness): "I had the right-of-way, didn't I?"

Bystander: "Yeah, but the other fellow had a truck."

LINDEN ITEMS

Louis Alexander and Clem Israel were in Moscow Monday on business.

About seventy friends gathered at the home of Mr. and Mrs. Clem Israel Sunday evening for the "Friendly Clubs" annual Christmas tree — with husbands and children as invited guests. The ladies having exchanged names for presents, which were on the tree (a most beautiful tree, too). Home made candy and popcorn was the treat provided for the men and children, with balloons another gift for the kiddies. Songs and games pleasantly passed the evening. In addition to it being a Christmas party, the event honored the birthday anniversaries of Mrs. Alfred Pederson, Mrs. Stewart Wilson, Mrs. Alva Craig, Mrs. Lloyd Farrington, Mrs. Beth Pressnall and Jake Riebold — each honoree cutting their own birthday cake. Cake and coffee finished the evening.

Mr. and Mrs. Arley Allen drove to Orofino Friday to help Mrs. Claude Pippinger celebrate her birthday anniversary. Mrs. Pippinger and Mrs. Allen are sisters.

Mr. and Mrs. Melvin Garner and children visited in the Arley Allen home Sunday.

Mr. and Mrs. Charley Keeler visited in the Phil Bahr home Thursday.

Mr. and Mrs. Loyd Israel were dinner guests in the Clem Israel home Sunday.

Clem Israel, Jr., spent Saturday in Moscow at the Loyd Israel home.

Mrs. Lily Wilson, Mr. and Mrs. Louis Alexander and Mr. and Mrs. Clem Israel were in Lewiston Tues-

day of last week to attend funeral services for Jake Grinolds.

Mr. and Mrs. Ted Grinolds of Moscow spent Sunday at their home here. Neil is staying at the Israel home during their absence.

GOLDEN RULE

Mr. and Mrs. Ralph Stage have moved into what is known as the "Limbocker house."

Mr. and Mrs. Bruce Tarbert and son, who have been living at the Martin home here, have purchased the Arlos Wells home in Lewiston, and moved down there this week.

Fred Stage left Wednesday for Indiana to visit his brothers.

Most everyone in this neighborhood has been to Lewiston, Kendrick or Orofino the past week, doing Christmas shopping.

Mr. and Mrs. Ishmael Martin, Mr. and Mrs. Bruce Tarbert and son and Mr. and Mrs. Chester Martin were among the week-end guests at the Roy Martin home.

Sunday visitors at the W. A. Cowger home were Harry Cowger, Darlene Wolfolk and Mr. and Mrs. Abner Cowger and family.

Herman Silflow of Cameron visited with Rev. Finke, Friday.

CRESCENT CLIPPINGS

(Delayed)

Mr. and Mrs. Arne Kloster and children were Sunday visitors at the Alva Craig home.

Many families from their neighborhood reported a most pleasant evening at the Ladies Aid sale at Linden Friday night.

Mrs. John Darby and Jo, from Kendrick, and Mrs. Harold Pressnall and sons visited Saturday at the Lloyd Farrington home.

Mr. and Mrs. Arne Kloster and daughter, Karen were business visitors in Lewiston Friday.

Bob Brobst of Amber, Wash., spent ten days visiting with Mr. and Mrs. Harold Pressnall and family.

Mr. and Mrs. Kenneth Anderson were Sunday visitors at the Harold Pressnall home.

Elmer Souders, Alfred Swanson, Ben Baker and Arne Kloster worked on the telephone lines Saturday.

Please Report Those Dinners

With the holiday season rapidly approaching, there is a great deal of likelihood that you will entertain or be entertained at Christmas, Sunday or New Year's dinner — and that event is news.

Won't you please notify or write such events and give them to our correspondents, or, if you prefer, write or phone the Gazette.
