NO. 4

INTERESTING HAPPENINGS FROM JULIAETTA AREA

Mrs. Ralph Magnuson entertained eleven little girls at a surprise dinner in honor of her daughter Marilyn's birthday anniversary, last Wednesday evening, January 14th. Games were played after which the guest of honor opened the many lovely gifts she received. Among those attending were Montez Browning, Sue Tacker, Carol Ann Swears, Karen Nelson, Delores Gaskill, Connie and Frances Freeman, Mona Hammond, Erma Young and Geneva Groseclose.

Mr. and Mrs. Lewis Lindquist spent the week-end in Moscow, at the homes of their parents.

Alta Hartung visited in the Primary room Thursday.

Coral June Dillman enrolled in the Primary room Monday. She has been going to school in the Lewiston Orchards. Her many little friends are glad to have her attending school here.

Fred Young visited in Lewiston Saturday evening and Sunday. While away he had an accident with a bike — and his face is bruised and swollen.

Mr. and Mrs. Rex Knight made a trip to Lewiston on Monday.

Sue Tacker made a trip to the dentist at Kendrick, Friday.

Norman Swears of Lake Chelan, Wash., enrolled in the Intermediate room Monday.

Junior Nell of Pasco visited at the Loye Tacker home Sunday.

Mr. and Mrs. Onal Cope entertained at dinner Sunday. Guests included Mr. and Mrs. Loye Tacker and family. Later other friends joined them for a social evening.

Bruce Carlson, who is attending the U. of I., visited with his parents, Mr. and Mrs. Paul Carlson, over the week-end.

Mrs. Bisbee went to Asotin, Monday.

Adrian Johns dairy herd was suddenly increased by two last week. One of his prize cows had twin calves.

Mrs. Emma Swears of Post Falls spent the week-end in Juliaetta, visiting her sons' homes and with her daughter, Mrs. E. A. Kirkpatrick.

Adrian Johns had the misfortune to lose his house on the James place by fire, Friday.

Mr. and Mrs. Nichols of Lewiston called on Mr. and Mrs. Paul Carlson after the game Friday evening.

Mr. and Mrs. Arnold Zimmerman visited in the home of her parents, Mr. and Mrs. A. Cook, Sunday.

Mrs. Gordon Swears accompanied Mrs. E. A. Kirkpatrick to Lewiston, Monday.

Mrs. Veda Butler visited with her daughter, Mrs. Harold Abrams, Monday.

Mrs. Clifford Nelson made a business trip to Lewiston, Monday.

Mrs. Edgar Lackey took Mrs. Jack Browning, Joe and Harold Browning to Lewiston on business, Monday.

Adrian Johns and family and Art. Johns and family made a trip to Cle Elum, Wash., over the week-end. They report very enjoyable time, as they stopped at points of interest along the way.

The Robert Young family spent the week-end in Lewiston, where Mrs. Carl Hueth is hospitalized.

The following young people went ice skating on the Ed. Grant pond Sunday: Beverly Jean Swears, Helen and Marjorie Johns, Maribel Scupfer and Dick Johns. All reported a good time.

Mrs. Ira Flix of Clarkston, accompanied by her nephew, Charley Schetzler, visited the Earl Gaskill home on Monday.

Jack Whybark of Deary visited in the Dan Whybark home Tuesday.

Shirley Hadley missed a couple of days of school on account of illness.

Marjorie and Harold Fleming of Lewiston were week-end guests of Mr. and Mrs. Allan Grayson. Mrs. Grayson is their sister.

Juliaetta Rebekah Lodge No. 9 held its initiation service and installation of officers last Thursday evening, Jan. 15, in the I. O. O. F. hall. Installing officers were Mrs. Earlen Taylor, district deputy president and Mrs. Crystal Gruell, deputy marshal. The new officers installed for the ensuing year were: Noble Grand, Mrs. Viola Nye; Vice Grand, Mrs. Fern Lindquist; Secretary, Mrs. Bonnie Tacker; Treasurer, Mrs. Dixie Browning; Warden, Mrs. Alice Grayson; Chaplain, Mrs. Marge Lackey; Conductor, Mrs. Donna Cope; Musician, Mrs. Crystal Gruell; Inside Guardian, Mrs. Lucille Hartung; Right Support to Noble Grand, Mrs. Earlen Taylor; Left Support to Noble Grand, Mrs. Mae West; Right Support to Vice Grand, Mrs. Marietta Ottosen; Left Support to Vice Grand, Mrs. Margaret Magnuson.

Mrs. Willa Carlson was the new candidate being initiated at this time. At the close of the program delicious refreshments were served.

About Local Weather And Roads There is little to report about the weather, for it has remained clear and cold since last week's report. At night the thermometer drops to from 16 to 20 above — and during the day crawls up to about the freezing point — with thawing taking place where the sun can hit.

We still have the approximate quarter-inch of snow reported in last week's issue, except where the sun strikes.

There is considerable ice in spots on almost all the roads, and it behooves motorists to use caution at all times.

So hard has the ground frozen that logging trucks are operating to a limited extent, the Millsap trucks now being engaged in hauling to the Kirkpatrick mill at Juliaetta.

Car Goes Over Creek Bank

Friday evening of last week, while on his way home from Kendrick, a car owned and driven by Walter Carmen of Cedar creek, hit the ice on what is known as the "Foster Curve", "swapped ends" and then gently slid over the bank to the edge of the creek, coming to rest just short of the water.

Mr. Carmen was unhurt — but his car suffered damage that will "put it in the hospital" for some time. He said his speed was somewhere between 15 and 20 miles per hour — and it certainly could not have been more than that, or it would have plunged into the creek.

SHORT NEWS ITEMS FROM OUR LOCAL SCHOOLHOUSE

Kendrick Loses To Pullman

In a fast, rough basketball game that was not settled until the final seconds of play, Pullman high school defeated the Kendrick Tigers on the Pullman floor Saturday evening. At halftime the score was: Pullman 15, Kendrick 11, and with three minutes to go Kendrick took a two-point lead, only to lose it and drop the tilt.

High for Pullman were Brock with 15 and Ingram with 9. Leading for Kendrick were Herb Millard and Junior Brocke, with 9 each.

The score by quarters was: First, Pullman 11, Kendrick 4; half, Pullman 18, Kendrick 11; third, Pullman 25, Kendrick 24; final, Pullman 34, Kendrick 31.

Lewiston Game Here

Due to other arrangements by N. I. C. E. it will be impossible for Kendrick to play their home game with Lewiston high school in that gymnasium at Lewiston — and it will be played in the High school gym at Kendrick on January 31, as previously announced.

Gifford Defeats Tigerettes

Tuesday evening of this week in the local gym, the Gifford girls and the Tigerettes tangled in the preliminary game. Play was fast and furious, and when the smoke had cleared away Gifford had won by a score of 28 to 28.

High for Gifford was Heitman with 19. Grant scored 9 for their 28 total.

Kendrick scorers were: Easterbrook, 8; Meyer, 7; Southwick, 4; Stump, 2; Forest, 2; Brocke, 2 and Cook, 1.

Kendrick Defeats Gifford

One of the fastest and cleanest games yet seen on the local floor kept spectators on the edge of their seats Tuesday evening, as they watched the Tigers defeat Gifford 31 to 24. It looked like anyone's game until the final minutes of play when the Tigers really turned on the heat. The score by quarters was: First, 10-7, Kendrick; half, 15-13, Gifford; third, 23-20, Gifford; final, 31-24, Kendrick.

Scoring for Gifford were: Riggers, 7; Steigens, 6; J. Heitman, 6; G. Heitman, 3; Dickinson, 2.

For Kendrick: Junior Brocke, 12; Herb Millard, 12; Don Millard, 3; A. Medalin, 2; Easterbrook, 2.

Referees were Mitchell and Ossie Kanikkeberg.

Semester Exams

Semester exams are over and the 2nd semester began this week. The report cards will be out today (Thursday). Students are breathing more easily now that the semester is over, but are anxiously awaiting the final results of exams, and the issuance of cards.

Changes of courses with the beginning of the second semester are few. Commercial Law is being offered the second semester, replacing Global Geography, which was a one-semester course.

Has Completed All Work

Gerald Halseth, senior, who graduated with the class of '47, has this week completed his courses, making him eligible to receive his diploma. The high school will miss him, but are unanimous in extending congratulations and best wishes.

House Destroyed By Fire

The small house on the Arthur James ranch west of Kendrick, and across the Potlatch was completely destroyed by fire last Friday afternoon. The blaze was spotted by Ed. Grant, living across the creek, who rushed over and assisted in removing some of the personal belongings of the occupants, Mr. and Mrs. Dick Deary.

Very little of the contents were saved. The cause of the blaze is unknown.

Kids Enjoying Cold Snap

The recent cold snap has proven very enjoyable for the kids — and the ice formed on sloughs anywhere close to town is getting a thorough "going over" by youngsters on skates.

Ice on the creek itself might be thick enough were it not so rough and hollow in many places, caused by the quick recession of the high water.

Anyhow — the kids are having lots of fun.

Surprise Bridge Got Together

Friday evening a group surprised Mrs. Estella Leith by calling at her home laden with lunch baskets — looking for a place to play bridge.

Four tables were set up and the evening spent playing bridge, followed by a buffet lunch.

Those present were Mr. and Mrs. Wade Keene, Mr. and Mrs. W. L. McCreary, Mr. and Mrs. Roy Ramey, Mr. and Mrs. Marvin Long, Mr. and Mrs. Russell Smith, Mr. and Mrs. W. A. Watts, Mr. and Mrs. E. A. Deobald, Mrs. R. L. Blewett and Mrs. Estella Leith.

Mrs. Roy Ramey and E. A. Deobald held high scores for the evening.

TWENTY-SIX ATTEND COMMERCIAL CLUB MEETING

Twenty-six interested business men and farmers attended the regular monthly meeting of the Kendrick Commercial Club Wednesday evening of last week — all enjoying a 6:30 steak dinner at the Kendrick Cafe before going on the city hall for the business session.

Following the reading of the minutes of the previous meeting and allowance of bills, reports were called for.

W. A. Watts of the Highway committee reported that rain had caused a great deal of damage to local roads, mentioning especially the new Brady Gulch road — which had never really had a chance to settle before fall rains began, and had been under constant moisture pressure ever since.

Mr. Watts report was supplemented by that of Tom Long, who stated that the constant rains, and lack of maintenance machinery, had been a serious handicap to the district, but that the big diesel grader had now been repaired and was in almost constant use. In addition to the Brady Gulch road damage, the Pine Creek bridge was almost washed away, but was now repaired — and that the Little Bear creek road, near the city dump grounds, had also been damaged considerably, and many yards of rock would be required to put it back in shape, the creek having eaten away almost half the road bed at that point.

Mr. Long added that all repairs were being made as rapidly as possible — but time would be required.

The matter of the "crossing" at the foot of Brady Gulch was again brought up, and G. F. Brocke suggested that an effort be made to get the Village Trustees and the state, working in co-operation, to put the creek back into the channel it occupied before the cloudburst of a year ago, last May, this to be accomplished through the opening up of the drainage ditch underneath the railroad tracks, and ditching the creek channel so that the water would flow away from town rather than toward town and over the ball diamonds, as well as into the low spots along the bluff. It was the consensus of opinion after a round-table discussion, that this could be done with but little expense, and thus remove the hazard of ice and water being faced at this time.

At this time Reg Oulette and Don Chapin, secretary and director, respectively, of the Lewiston Chamber of Commerce, and guests, were invited to present their views on the situation, following an inspection trip, and they outlined procedures followed by their organization in working on road matters.

After further discussion of the situation, which grows worse by the day, the club voted to send a committee to Boise to consult with James Reid, state highway supervisor, and Gov. C. A. Robins regarding this matter. W. A. Watts and E. T. Long were appointed co-chairmen, and instructed to form a caravan for this trip, which will be made in the near future.

It was felt that speed was imperative, since the road between Kendrick and Juliaetta grows worse each passing day — and since it bears a heavy traffic — a traffic that will also number school busses this coming fall — the quicker it is really put in shape, the better.

Gerald Ingle of the county school board was present, and outlined the proposed new district and the trustee districts which will compose it — there being five of these. Mr. Ingle had with him a large scale map of this district, and hanging it on the wall in view of those present, gave a very clear and detailed report on proposed boundaries, distances, etc. He stated that the county auditor's offices of Latah, Nez Perce and Clearwater counties were now engaged in getting out the legal descriptions of the boundaries, and it was hoped to have them for presentation to the voters sometime in February.

Gerald stated that the district proposed would have one of the lowest valuations in the county, but would be the largest in area. This situation being due to the tremendous acreage of cotton pasture land involved, and the necessity of following geographically practical boundaries rather than section lines. This, too, has delayed the getting out of legal descriptions, and it is possible that the election cannot be held before March.

At the conclusion of his talk Mr. Ingle was voted a three-year membership in the club and tendered a standing vote of thanks.

This concluding the regular business of the organization two sound films on the "Discovery of Electricity" and "Proper Wiring Circuits" furnished by the Washington Water Power Co., were shown by Herman Schumfer — and were thoroughly enjoyed — as the facts contained were presented in a clear and simple manner.

The report of Mr. Oulette and Mr. Chapin, as presented by them to the Lewiston Tribune, under date of Jan. 14, follows: Members of the Kendrick Commercial club voted tonight to send an auto caravan to Boise to confer with state officials over condition of the Kendrick-Juliaetta road.

"The road was described as being 'in very poor shape.' At one point, members declared, a rut is so large it covers the whole road. Water and mud are present along the whole route.

"Present to help members make plans for the caravan were Reg. Oulette, secretary, and Don Chapin, a director, of the Lewiston Chamber of Commerce."

EXCELLENT REASONS FOR SUPPORTING "DIMES DRIVE"

The fight against infantile paralysis has occupied the interest of medical scientists since the disease was first identified many years ago. For generations, scientists have sought for the answers to the mysteries that surround this crippling malady that strikes primarily at our young ones during the summer season.

Prior to the last decade, individual research workers have attempted to find a cure or preventative for poliomyelitis, but each attempt met with crushing defeat as, each year, thousands of persons fell before the cold hand that struck without warning, without apparent reason, as the terror of polio made its annual appearance in our midst.

So ineffective was our defense against infantile paralysis that the threat of epidemic bred panic and confusion wherever rising incidence was felt in a community. During the tragic epidemic of 1916 — the worst in the nation's history — whole cities took to the roads in attempts to flee before the spread of the disease.

Fear became a more serious consideration than the disease itself, as ignorance and superstition gripped the nation.

The need for an effective organization to combat infantile paralysis became increasingly apparent with the years. But research cost money, treatment was beyond the means of the average American family, and there was little organization in the general approach to the problems involved. As a result, each summer took its toll in crippled limbs, in deformed bodies, in tragic distortion of the lives of little ones for whom there was no assistance available.

The crippled walked on their twisted limbs and struggled through life as best they could. Such conditions existed little more than a decade ago.

In January, 1938, under the leadership of the President of the United States, who himself had been crippled by an attack of polio, there was formed a national organization, supported solely by voluntary contributions of the American people, which pledged itself to lead, direct and unify the fight against infantile paralysis and to assure every victim of this disease the best available care and treatment, regardless of age, race or religion.

This January your National Foundation for Infantile Paralysis marks its tenth anniversary of service to the American public.

Today, the fight against infantile paralysis is being prosecuted on every front in the most sweeping offensive ever conducted against a specific disease. More gains have been made in the past decade than were realized in the entire century that preceded it. And the dimes and dollars that you contribute to the March of Dimes are making that progress possible.

Today, under the leadership of your National Foundation for Infantile Paralysis and its 2,735 chapters serving every county in the nation, there is being carried on a comprehensive program designed to meet the immediate needs of every polio victim and, at the same time, to stimulate a full-scale offensive aimed at the eventual elimination of this menace to public health.

Your National Foundation headquarters is on the scene when a polio epidemic strikes in any part of the country. It furnishes funds to pay for hospitalization, equipment, transportation and treatment. In conjunction with headquarters, it rushes iron lungs, hot pack machines and vital medical supplies to points of need, and recruits physicians, nurses and physical therapists to come to the aid of the stricken area. When local resources are exhausted, necessary funds are advanced from a national epidemic emergency fund to meet local obligations. When polio strikes, your National Foundation works quickly and efficiently — and puts your March of Dimes contribution to work in the alleviation of hardship and suffering.

But the job doesn't end when the epidemic subsides. In most cases, it is just beginning. For, after the acute stages of polio have passed, comes the task of continued care and treatment to minimize the crippling after-effects of the disease, to restore the strength of weakened muscles and help the patient along the road of maximum recovery. This is an enormous task — and a costly one. The average case costs approximately \$2,000 and some may cost many times that amount. The average American family just can't meet bills of this size, and your March of Dimes must pay the way if we are not to return to the neglectful indifference of another generation. And each year as thousands of new cases are added to the already staggering lists of those who must continue to receive care.

Your National Foundation is meeting every call for help and, with your continued support, it will continue to help and increase the extent of its services.

On other fronts, your money is continuously supporting investigation into the nature of polio, financing the expansion and development of research and education that is today being conducted at 83 of the nation's foremost institutions. You are not only providing the elements so necessary to research, but you are encouraging the training of an army of technical workers who are rapidly filling the acute personnel shortage that exists in every phase of the health field.

We look to the future with optimism.

Afternoon Bridge

Three tables of bridge were enjoyed last Wednesday afternoon at the home of Mrs. Estella Leith, with Mrs. Wade Keene as assisting hostess.

Those present were the Mesdames Marvin Long, Roy Ramey, W. L. McCreary, Russell Smith, D. A. Christensen, G. W. McKeever, W. A. Watts, E. A. Deobald, L. D. Crocker and L. J. Herres.

High score was awarded Mrs. Watts, while Mrs. McKeever received low.

Delicious refreshments were served at the close of the afternoon.

BODY OF PETE STUMP, PIONEER FARMER, FOUND WED.

Wednesday morning while out looking for a new location for the Potlatch ridge phone line, Paul Dageforde, Bud Hefel and Pearl Hazel-tine noticed a short-off and leaning tree a short distance from the last curve near the top of Sperry Grade, and on investigating further, discovered a car, almost completely concealed in the brush. They descended to it and found therein the body of Pete Stump, pioneer farmer of this area.

The trio promptly called Dr. Christensen, who notified the coroner. An investigation was made and it is believed Mr. Stump had been dead for 10 days, having last been seen in town a week ago last Friday (Jan. 9).

Mr. Stump had not been home for that length of time, but no anxiety was caused by his absence, as he often was away for considerable periods on business.

A coroner's report is not available as we go to press, so it is unknown whether Mr. Stump died of a heart attack and thus went over the grade — or whether his death was a result of the accident.

Further details are lacking at this time.

P-T. A. Meeting Monday Night

The regular monthly meeting of the local P-T. A. was held Monday evening in the auditorium, with Mrs. Henry Jones, president, presiding.

The business discussed was ways and means of raising money to finish paying for a piano. It was finally decided to hold an old-fashioned basketball game, with suits and yell leaders depicting a basketball game of yester-year. The plan is to schedule three games for Feb. 25 — with the Dad's "dribbling down the floor" then the "Mamas" shooting for the basket — and finally a game for the kids. A large evening with laughs for everyone should be the result.

One of the best programs of the year then followed, with Dr. J. H. Coulter leading a discussion on "Helping to Lay The Foundations For Better World Understanding." Dr. Coulter stated this foundation was laid in the home and the school and that, as parents, it was up to us to teach our children how to live together harmoniously, in the home and in the community. He also laid stress on the importance of wiping out racial prejudices.

Refreshments were served in the Home Ec. room by the ladies of Big Bear ridge.

Discontinue Dump Ground Use

At the last meeting of the Village Trustees, held on January 12, a committee of residents composed of C. H. Fry, Manning Onstott, Walter Lamm, Herman Travis, Earl Milligan and Everett Farrington were present, protesting the continued use of the city dump ground up Bear creek.

Their protests were based on the facts that summer burning at the dump (a necessity to keep down fire hazards) caused offensive odors and smoke to come down the canyon to their homes, and with the coming of high water, tin cans and rubbish of all kinds was carried down and deposited along the creek banks, and even about their homes and yards — this latter varying with the height of the water.

After hearing the protests the trustees decided to discontinue use of the present grounds, and instructed Edgar Long to erect a sign prohibiting further rubbish disposal at that point.

So far as we know at this time no new dump grounds have been located.

Boy Scouts Meet

Eugene Lind, scoutmaster, reports that the local troop, No. 149, met Monday evening at the city hall and spent the evening in working on tests, in preparation for the coming Court of Honor. Douglas Christensen was the only one completing all tests required for the "Tenderfoot" badge.

Eugene stated the group was working hard and making fine progress, and it would only be a matter of a short time until all the troop had completed the required tests.

4-Hers Win Awards

The state extension office has chosen Idaho county to receive a merit plaque for reporting the most outstanding 4-H Better Methods Electric program in 1947. The plaque, provided by Westinghouse Education Foundation, will be presented to the county extension office at Grandville.

Teddy Klappich of Cottonwood won the county medal in the 1947 National 4-H Better Methods Electric awards program.

New Arrival

Mr. and Mrs. Wm. Thornton of Leland are the proud parents of a 7-pound daughter, born at the Davidson Nursing home January 15th.

PERSONALS AND NEWS ON AMERICAN RIDGE

Buddy Langdon was a dinner guest in the Warney May home Wednesday.

Mr. and Mrs. Leo Lohman and children of Southwick were afternoon visitors at the George Havens' home, Tuesday.

Mr. and Mrs. Walter Benscoter entertained at an ice skating party Tuesday evening for the school children. A most enjoyable time was had, and a delicious lunch served by Mrs. Benscoter at the close of the evening.

Mr. and Mrs. Robert Cain are on the sick list this week.

Mr. and Mrs. Ralph Roberts of Moscow were Sunday dinner guests of Mr. and Mrs. Robert Cain.

Jack Benscoter spent Monday evening with Mr. and Mrs. Bruce Glenn.

Carolyn Pearson of Troy is staying with her uncle and aunt, Mr. and Mrs. Bruce Glenn, while her mother is in a Moscow hospital.

Mrs. Geo. Havens accompanied Larry and Buddy Lanndon to Spokane on Thursday, visiting there with friends and relatives until Saturday evening.

Mr. and Mrs. Perry Mattoon and daughters Helen and Carol were in Spokane Friday to attend the funeral of Mrs. Ed. Goldner. Mr. and Mrs. Bud Fey and son stayed Thursday night in the Mattoon home.

Mr. and Mrs. Geo. Havens and family were Sunday dinner guests of Mr. and Mrs. Homer Parks in Leland.

Beverly Mattoon spent Sunday with Mr. and Mrs. Ray Knutson.

Perry Mattoon, Helen, Carol, Jim and Beverly and Nancy Lee Callison attended the play at the U. of I. Saturday evening. Nancy Lee was also an over-night guest in the Mattoon home.

Mr. and Mrs. Geo. Havens and Larry and Buddy Langdon were in Lewiston Monday. Mrs. Havens visited at the Aug. Meyer home with Mrs. Alvina Groh and Mrs. Robert Shawley and daughter Kay, who were there from Spokane, visiting.

Mr. and Mrs. Perry Mattoon were Sunday guests of Mr. and Mrs. Bud Fey and son at Kendrick.

Ray Benscoter and Art. Nelson of Lewiston spent Sunday with his parents, Mr. and Mrs. Frankie Benscoter. They came up again Tuesday evening to attend the dance in Kendrick.

Joe Lanndon of Lewiston spent Sunday with his parents, Mr. and Mrs. Harry Langdon.

Warney May, Jr., is working at Troy, assisting in repairing his tractor.

Mr. and Mrs. Warney May, Mr. and Mrs. Harry Benscoter, Henry Brammer and Larry Langdon have been ill with colds and flu.

Mr. and Mrs. Wayne Davis are in Moscow, where their baby has been ill in the hospital.

Mrs. Frankie Benscoter took Ray Benscoter and Arthur Nelson back to Lewiston Wednesday morning, after they had spent the night in the Benscoter home.

Joe Langdon spent Sunday evening at the George Havens home.

Mr. and Mrs. Nora Callison entertained at dinner Sunday for Mr. and Mrs. Walter Eberhardt and Grandmother Eberhardt, Mr. and Mrs. Hugo Eberhardt, Mr. and Mrs. Walter Weaver and Mr. and Mrs. J. L. Weaver, all of Lenore; Mr. and Mrs. John Weaver of Pomeroy and Mr. and Mrs. E. F. Roberts, Mr. and Mrs. John Weaver remained overnight, returning to their home on Monday.

Mr. and Mrs. E. P. Roberts and Mr. and Mrs. Nora Callison and son Bobby were in Orofino Tuesday. On their way home they were dinner guests in the home of Mr. and Mrs. J. L. Weaver at Lenore.

Mr. and Mrs. Geo. Havens received a card from Mr. and Mrs. C. H. Daugherty, who are visiting in Miami, Florida, that they are enjoying their visit greatly. They have made a trip to the famous parrot and monkey jungle. On Sunday they attend the Wm. Jennings Bryan Memorial church.

Pioneer Meeting Scheduled

The Latah County Pioneer Association will hold its mid-winter meeting at the Grange hall on North Main street in Moscow, Saturday, Jan. 31, beginning at 10:00 a. m. There will be a community dinner at 12:00 noon — family style. Coffee, cream, sugar and dishes will be furnished. Each family should bring their own basket dinner.

There will be a program promptly at 1:45 p. m. The main address will be by President J. E. Buchanan of the University of Idaho, and the community singing of old-time songs will be led by Prof. Hall H. Macklin, head of the music department of the university. There will also be other vocal and instrumental music.

After the program there will be a business meeting for the election of officers for the coming year.

Many old-time pictures and relics of interest will be on display, and pioneers attending are urged to bring others they may have. All who have lived in this section of the Palouse country for thirty years or more are pioneers, and are heartily welcome.

Anyone desiring further information may obtain it by writing Judge L. G. Peterson, Court House, Moscow.

"March" Dance Pays Well

The March of Dimes dance sponsored by the Kendrick Grange and held at Fraternal Temple, Kendrick, last Tuesday evening was very well attended and a good time was reported by all present.

The dance cleared a total of \$74.00 for the drive.

WHAT CAMERON FOLKS ARE DOING THESE DAYS

A large crowd attended the March of Dimes card party last Friday evening. High prizes were won by Hermina Meyer and Mrs. Roy Glenn; Kenneth Wilken and Wm. Brammer. Lows went to Mrs. Geo. Wilken, Marlene Wilken and Marvin Silflow. The "Galloping Goose" was awarded to August Brammer. Other prizes were won by Mrs. Leo Lohman, Mrs. Henry Wendt, Lawrence Schwarz and Ernest Schwarz.

Mr. and Mrs. Henry Wendt were Moscow visitors Thursday.

Otto Schoeffler of Kingston visited relatives here for a few days last week.

Fred, Glen and Harry Newman were visitors in Moscow on business Friday.

Mrs. Thalia Higgins of Lewiston was a guest of Mr. and Mrs. Earl Whiting and son James, Sunday.

Mr. and Mrs. Roy Ramey of Kendrick and Mrs. Roy Ramey, Jr. and daughters of Pullman were Monday evening dinner guests of Mr. and Mrs. Walter Koepf.

Mr. and Mrs. Ervin Lohman and family and Mr. and Mrs. Ed. Mielke and daughters were visitors in Lewiston, Sunday.

Mr. and Mrs. Earl Whiting and Mr. and Mrs. Edwin Mielke and daughters spent Wednesday evening with Mr. and Mrs. Fred Newman.

Miss Helen Mielke and Ted Mielke were Sunday evening visitors of Mr. and Mrs. Herbert Schwarz.

Mrs. Roy Ramey, Jr. and daughters of Pullman were guests of Mr. and Mrs. Walter Koepf and family Monday and Tuesday.

Mr. and Mrs. Billy Weyen and daughters were Sunday visitors of Mr. and Mrs. Ted Weyen.

Mr. and Mrs. Fred Schoeffler and daughter Irene were Lewiston visitors Thursday.

Mr. and Mrs. Glen Wegner and family were Saturday evening guests of Mr. and Mrs. Bill Fry.

Don and Porky Fry spent Thursday evening with Mr. and Mrs. Glen Wegner.

Mr. and Mrs. Maurice Hudson and daughter Maureen and Mr. and Mrs. Glen Newman spent Tuesday with Mr. and Mrs. Fred Newman.

Daughter Born in Japan

Mr. and Mrs. Edgar Long received a cablegram Saturday from Sapporo, Hokkaido, Japan, saying that a daughter had been born to Capt. and Mrs. Jack C. Maxwell, Jan. 16.

Mrs. Maxwell will be remembered here as Barbara Long.

Among The Sick

Those on the sick list or just now recovering enough from the flu include: Mrs. L. D. Crocker, Jordan Kanikkeberg, R. L. Blewett, Edgar Dammarell and son Frank and Mrs. Chas. Greenwood and Mrs. Herman Travis.

Some of the cases have been rather severe.

Fruit juices, bacon and eggs, toast and coffee for breakfast? Get the "makins'" at Blewett's Grocery Market, Kendrick. 1-adv.

PERSONALS AND NEWS ABOUT KENDRICK FRIENDS

Students home over the week-end were Tom Brown, Bob Watts, Teddy Deobald, Beverly Schupfer, Elsie Kruger, Gladys and Ida Marie Silflow and Tommy Long.

Mr. and Mrs. Paul Lind and son Eugene spent the week-end in Clarkston with Mr. and Mrs. Oscar Raby and family.

Johnny Lind of Gifford is spending the week here with his grandparents, Mr. and Mrs. Paul Lind.

Walter Sparber was a Moscow business visitor Wednesday.

Mrs. Bruce Wilson and daughter Wilma were Troy visitors Wednesday.

P. F. I. employees home over the week-end included Bruce, Jim and Kirk Wilson and Ernel Hudson.

Mr. and Mrs. Manning Onstott took a group of M. Y. F. members to Lewiston Sunday afternoon where they enjoyed roller skating, and then attended the district M. Y. F. meeting at the Methodist church.

Mr. and Mrs. Onstott spent the time with Mr. and Mrs. Elwood Pearson. Dick Coulter and Danny Crocker were Saturday morning passengers for Moscow.

Mrs. Lulu Brown and daughter Katherine were Troy shoppers Saturday.

Mrs. Bonnie Easterbrook went to Pullman Saturday morning, visiting Mrs. Lucy Carmody and daughter Harriet, and attending the basketball game that night.

Erma Easterbrook was a Friday over-night guest in the Gordon Peters home at Leland.

Mark and Zeb Robeson of Lewiston visited in the Oral Craig home Sunday. Mr. and Mrs. Lloyd Craig and family were callers.

Mr. and Mrs. Phil Kirby and son Larry of Clarkston visited with Mr. and Mrs. Julius Caesar, Monday.

Maurice Long and Charles Easterbrook were in Moscow Monday, visiting and shopping.

Mr. and Mrs. Oral Craig were Lewiston visitors Tuesday.

Miss Jean Crocker, who is employed in Lewiston, spent Friday and that night at her home here.

Mrs. E. E. Sands and daughter Pamela of Seattle arrived here Monday evening for a visit with her sister, Mrs. W. L. McCreary and family.

Miss Barbara White of Lewiston spent Monday here with her parents, Mr. and Mrs. E. M. White.

Latest report from Scotty Wilson, who is seriously ill at a Clarkston nursing home, is that he is holding his own, and perhaps showing slight improvement.

Mrs. Ben Cook, accompanied by her sons Gordon and Ben, and daughter Gwen were Lewiston visitors Saturday.

Mrs. J. H. Coulter served cocoa and doughnuts to the boys playing in the M. Y. F. basketball game here Saturday afternoon — Orofino being the guest team. Kendrick was the victor.

Mr. and Mrs. H. C. Schupfer drove to Clarkston last Thursday to visit N. E. Walker, and found him slowly improving. However, he still spends most of his time in bed.

Mrs. Millie York, Lewiston, is here this week visiting in the Frank Abrams and Walter Brocke homes.

Private Companies Meet Demand

Though World War II curtailed practically all building of electric power facilities in the Northwest and elsewhere in the U. S. A., the electric industry has not experienced a power shortage worth mentioning.

H. C. Schupfer, manager for the Washington Water Power company locally, stated this week in reference to the possibilities of a shortage of electric power here.

He called attention to a nationwide power report from the Edison Electric Institute which showed that the aggregate national demand of 49,500,000 kilowatts was carried by the electric industry with a margin reserve of 5 percent nationally, and a 4 percent reserve in the Northwest. Private companies and some industrial operations generated about 83 percent of all electricity generated in the United States during 1947.

"Private electric companies have been criticized for not keeping far ahead of customer demands for electric power," he said, "but the truth is, private industry has done a remarkable job in the face of both war and peacetime readjustment difficulties. American citizens have not suffered."

"In Ontario, Canada, by contrast, where electric power is entirely under government control, and public ownership is the example of what government can do, the public has fared much worse. The following regulations which became effective here November 1, 1947, bear this out:

"No municipality . . . without the written authority of the Commission (hydro commission of Ontario) permit to be supplied or used by any person . . . electric power for the following purposes: 1. Lighting of interior or exterior signs, or interior or exterior lighting of show windows; 2. Out-door and flood lighting for white ways and for parking lots, used car lots, service stations and out-door industrial premises; 3. Operation of air heaters, electric grates or electric boilers used for heating purposes in stores or offices; 4. Lighting of entrances or exits in excess of 5 watts per foot; 5. Lighting interiors of business premises after cessation of business . . . except the amount necessary to enable staff to work."

"People in America have not experienced such drastic curtailments," Mr. Schupfer said, "and in the years ahead if private companies are not discouraged from construction by federal competition, they will adequately take care of future demand."

Brief Idaho Newsettes

Main Street in Florence, Idaho, (now a ghost town), was the first public road in the state.

Boundary county (northern Idaho) is the only county in the United States bordered by two states and a foreign country.

Fresh frozen vegetables of all kinds are to be found in the display case at Blewett's Grocery-Market in Kendrick and they're Bird's-Eye, too. Try them. 1-adv.

The answer is, of course, in the pictures above. It's people — loyal, hard-working Washington Water Power employees, who tend their jobs day in and day out. Many of them have devoted lifetimes to giving good electric service to their neighbors in the Inland Empire. Most of them would probably be surprised if you told them they were doing anything unusual, for the giving of good, dependable electric service at low rates is a part of their daily lives.

WHEAT MARKETS IN NORTHWEST SHOW EASIER TONE

Cash wheat markets in the Pacific Northwest showed an easier tone during the past week, according to reports to the Market News Service of the U. S. D. A. Influenced by the futures and other cash markets, prices on the ordinary classes of wheat in the markets of this area declined as much as 4c per bushel early in the week but recovered later in the period and at the close were unchanged from the week preceding. Trading generally was reported as very light as the speed-up in offerings from the growers that was anticipated after the first of the year did not materialize, while, on the other hand, demand for wheat was not particularly active on account of the narrow outlet. Heavy rains were reported throughout the entire grain growing areas of the Pacific Northwest during the week, which will improve moisture conditions for the winter grain crops.

The cash wheat market at Portland did not follow the full decline of the Chicago market early in the week, but was down 4 cents per bushel on the export classes of wheat and 6 cents per bushel on the higher milling grades. The market recovered, however, later in the period and at the close bid prices on those classes of wheat were unchanged from a week ago. Hard white (Baart) did not decline and showed a net gain for the week of 8 cents per bushel. This strength in hard white was largely due to the shortage of supplies remaining in the growers' hands and kept com-

petition from the milling trade for remaining supplies. Demand was slow and indifferent on ordinary milling grades. Exporters were not active in the market and inquiry from milling interests was limited to small quantities of special types. The flour business is reported as seasonally quiet and mills are operating at reduced capacity. Purchases by the Commodity Credit Corporation for the week was reported at only 15,000 bushels.

Shipments of wheat to the terminal markets during the week were 759 cars at the Columbia river terminals and 524 cars at Puget Sound terminals, compared with 709 and 661 respectively for the previous week.

Bid prices at the Portland Grain Exchange were as follows: Soft white, soft white (no Rex), white club, western red and hard red winter, all \$2.80 per bushel, basis No. 1, 15-day shipment, coast delivery.

Receipts of wheat at the Columbia river and Puget Sound terminals from July 1 to December 31, 1947, according to reports of the U. S. D. A., were as follows: Columbia river, by rail totaled 12,000 cars, equal to approximately 18,000,000 bushels; by barge, 2,386,000 bushels; by truck, 689,000 bushels, making a total of 22,875,000 bushels, compared with a total of 16,717,450 bushels for the same period last year.

Receipts at Puget Sound terminals — by rail, 6,848 cars, approximately 11,209,200 bushels; by truck, 8,000 bushels, a total of 11,307,200 bushels, compared with the same period of 1946 which showed a total of 10,946,450 bushels.

Shipments of wheat by water from Columbia river terminals July 1 to December 31, 1947, totaled 15,085,000 bushels and for the same period a year ago 8,859,000 bushels. From Puget Sound terminals 5,978,000 bushels left by water this year, compared with 4,548,000 bushels during the same period of 1946.

GOLDEN RULE

Lewis Kazda has purchased a G. M. C. pickup.
Mr. and Mrs. W. A. Cowger have returned from a very enjoyable trip to Seattle.
Mrs. Carl Finke attended a club meeting at the home of Mrs. Wade Candler, Wednesday.
Mrs. D. V. Kuykendall was a dinner guest of Mrs. Pat Holliday on Thursday, and later that afternoon visited with Mrs. Glen Betts.
Mr. and Mrs. George Drube spent Wednesday at the Lloyd Thornton home.
George Finke, Jr., has returned from his trip to Alsea, Oregon.
Mr. and Mrs. Bruce Tarbert and son, Mrs. Roy Martin and Mary Jane and Mr. and Mrs. Ishmael Martin, all of Lewiston, were weekend visitors here at the Martin ranch.
Mr. and Mrs. Frank Cowger and family of Harpster spent Saturday night and Sunday at the W. A. Cowger home.
Mr. and Mrs. Abner Cowger and Ernest Cowger were among the Lewiston visitors on Monday.
Mr. and Mrs. Frank LeBaron visited at the Glen Betts home Friday afternoon.

TEAKEAN GOSSIP
Ray Lougee's youngest son (4 years old) had the misfortune recently to fall against the corner of a box, cutting his nose severely. The gash extended clear into the nasal cavity. He was taken to the Orofino hospital for treatment. A number of stitches were taken and he was also treated to prevent infection and congestion.
Mrs. Orval Choate is now at a Lewiston hospital to undergo surgery.
Several of our local farmers have turned gyppo loggers for the winter. Among those logging are the Carey Brothers, Richard Cosner, Mick (H. L.) Ogden and Carroll Groseclose. All are selling to the Riverside Mill at Orofino.
Howard Shearer, who is hauling logs for C. Y. Groseclose, was called to the Veterans Hospital at Boise for a check-up last week. He is now back on the job.
Mrs. Wm. Brown has been quite ill with the flu, but is now convalescing.
Meuseron Preussler has wired his house and has connected onto the line through the meter of his nearest neighbor, C. Y. Groseclose. This is an unusual procedure on the R. E. A., but permission was granted through the Lewiston office.
R. E. Brock is roofing his garage this week — and would prefer considerably warmer weather for the job — as the thermometers have been quivering from a few degrees above zero at night to the low 20's above during the day.
Our local shingle mill has shut down for 80 to 90 days, or until the weather and roads improve.
Mrs. Ida Graham (nee McLewell) who has been confined to bed with T. B. of the spine, and for whom the doctor held no hope of recovery, reports a faith cure. The attending physician doesn't understand it, but is said to have told her there are no longer any T. B. germs present. The Evergreen Grange hall now has a new hardwood floor.
IN MEMORIAM
In memory of our beloved son and brother Eldon S. Baker, RM2/c, U. S. N., who was taken from us three years ago the 24th of this January.
How little I thought when I said goodby,
To my darling sailor son
In the little cottage on the hill
That bleak December morn —
That his dear voice I no more would hear.
"Till in the world come
For God had other plans for him—
And His wish will be done.
— The Harry Baker Family

Potlatch Chief Sez

PUBLISHED BY THE KENDRICK CO-OPERATIVE CREAMERY

HELLO, THERE, FOLKS:

Eat More Ice Cream In 1948

Good ice cream is fit for a king—Also fit for the most common of we humans.

The ice cream industry is a new industry. True, many fancy tales have been told about its early origin, but until recent times only royalty and the very rich could afford the luxury of good ice cream.

Potlatch Chief Ice Cream is so superior to the early forms of ice cream that comparison is no longer a reality—and the price of good Ice Cream is so reasonable that no one need deprive himself of this good, wholesome food.

During these cold winter days it is indeed a wise shopper who fills her market basket with all the delicious Potlatch Chief Dairy Products that are available. They are not only delicious but they

help build up resistance to all the aches and pains that are so prevalent this time of the year.

On your next marketing trip stock up on plenty of good, wholesome food and let Dairy Products lead the list.

Now is the time of the year to start thinking about next year's egg production. We will again be able to supply you with those top-quality baby chicks at prices just a little higher than last year.

About Butter Production:

During the current butter shortage the orders keep piling up for more butter, so if you are producing cream, market it the co-operative way, and receive more for your cream and help us fill our orders. Remember, no one pays more for butterfat than your own co-operative creamery, and always remember that our profits are your dividends.

Coyote grade. Bonnie Banks, Reubens, visited at the R. W. Albright home recently. Mrs. Albright has been helping her daughter, Mrs. George Stedman, who recently returned home with a baby son. The little fellow has been named Mark Russell. The bridge crew are making quite a showing on the bridge at the junction of the Potlatch with the Clearwater at Arrow. They are re-

pairing and putting an extension to the bridge. They expect to be here more than a month yet.

Nobody knows how many hundreds of lakes there are in Idaho. It may be that some remain undiscovered, possibly in such areas as the Big-horn Craigs; and some high ones are seldom seen, such as in the Sawtooth range.

In 1948 RESOLVE

To Get Better Performance From Your Fuel Burning Equipment

We Recommend:

STANDARD DIESEL FUEL
