KENDRICK, LATAH COUNTY, IDAHO, THURSDAY, JANUARY 29, 1948

NO. 5

SHORT NEWS ITEMS FROM OUR LOCAL SCHOOLHOUSE

Kendrick Defeats Lapwai 35-28
Lewiston, Jan. 27 — Kendrick came from behind in the last four minutes of play to turn back Lapwai 35 to 28 and Orofino outscored Genesee 41-31 in a scholarship double-header at Northern Idaho College of Education gymnasium last night. Real winners, however, are unnamed students in the four high schools who will benefit from the scholarships provided for proceeds. Approximately \$1,000 will be divided among the four schools for scholarships at N. I. C. E. In a third contest the mayors of Genesee and Kendrick were earned large steak dinners by the followers of the teams — those two having the largest numbers in attendance. Genesee had 257 supporters; Orofino 223; Kendrick 179 and Lapwai 140.

The second game, between Kendrick and Lapwai followed much the same pattern as the first, as Kendrick took an early lead, then dropped behind at the half, 16 to 15. D. Wilson paced the second quarter Lapwai come-back.

Lapwai continued to maintain a small lead throughout the third quarter despite the loss of D. Wilson on fouls in that period. With four minutes to go Kendrick was trailing 27-26. However, H. Millard and R. Easterbrook rallied the Tiger team and the game was soon on ice.

Half-time score: Lapwai 16; Kendrick, 15.

Yell Leaders Guests
On Saturday of last week our lively yell leaders, Patty Brocke and Louella Forest were guests of the A. S. U. I. at Moscow at lunch and dinner, and that evening lead 2,000 of I. students in three yells at the Idaho-W. S. C. game. It is an honor seldom accorded high school students, and needless to say we are proud of them.

New Buzzer Installed
There has been a new buzzer system installed in the school to connect with the gymnasium, notifying students in that building of class changes.

Girls Win From Genesee
Thursday evening of last week the Tigerettes went to Genesee and tangled with the Genesee girls. They defeated them 40-22.

Kendrick Defeats Winchester
The Tigers won their seventh consecutive conference game last Friday evening, defeating Winchester by a score of 59-24 on the local floor. Scoring follows:

Kendrick (59)	TP
E. Easterbrook	1
H. Millard	18
E. Thornton	6

The Kendrick Grade school won the preliminary game that same evening by a score of 32-13. High scorers were: Kendrick, C. Christensen, 9; Juliaetta, Carlson, 6.

Kendrick Wins Round-Robin

Kendrick won the Lapwai jamboree at Lapwai Saturday evening by downing Winchester and Gifford before a crowd that jammed the gymnasium beyond capacity. Gifford placed second and Lapwai was winner of the consolation game.

The four teams from the Valley League played the jamboree at the

Cool Nights — Sunshiny Days

Following a chinook wind Wednesday night and most of Thursday, rain began falling Thursday evening of last week, continuing most of the night, and thoroughly softened up roads and fields, as well as removing all vestiges of snow in this area. Late Friday, however, skies again cleared, and since that time we have been enjoying bright, sunshiny weather and cool (almost cold) nights, the thermometer dropping to 15 and 16 above.

Logging trucks were able to again resume operations early Monday morning, but are confining hauling to the early hours, when the ground is frozen.

JOY EASTMAN, JULIAETTA, MEETS DEATH IN SHOOTING

A Juliaetta resident, Joy Eastman, was admitted to St. Joseph's hospital, Lewiston, last Friday evening, with two bullet wounds in his head, and his brother-in-law, Thomas Whalen (30) was in the custody of the Latah county sheriff's office, charged with the shooting, according to Sheriff Geo. K. Moody.

The shooting is said to have occurred between 5:00 and 6:00 p. m. Whalen summoned Dr. D. A. Christensen and asked him to notify the sheriff. He surrendered himself to J. F. Jordan and Ingvold Aas, deputies.

No eye witnesses to the shooting have been found. Ben Whalen, Thomas's brother, and his mother were first to reach the scene.

Joy Eastman, 54-year-old Juliaetta farmer, died without regaining consciousness at St. Joseph's hospital in Lewiston Friday morning shortly after 9:00 from bullet wounds in his head after being shot Thursday evening at his Juliaetta farm home.

Meanwhile, Thomas Whalen, 30, the victim's brother-in-law, is said to have admitted to J. M. O'Donnell, prosecuting attorney, that he fired three shots at the back of Eastman's head about 6:00 p. m. Thursday. Whalen is held at the Latah county jail, Moscow.

After a preliminary hearing Friday before Probate Judge L. G. Peterson, O'Donnell filed a charge of assault with intent to commit murder against Whalen. His bond was set at \$25,000, which was not furnished. Whalen originally was charged with attempted murder. Eastman was shot with a .38 caliber Smith & Wesson pistol.

Eastman and his wife, Teresa, came to Juliaetta about a year ago. He was born Dec. 11, 1893, at Westlake in the Salmon river country. Farming and trucking were his occupations and he also was a guide and packer for hunting parties in the Salmon river area. Mr. and Mrs. Eastman were married in Boise in 1933 and lived in the Salmon river section until coming to Juliaetta. They had no children. He was a veteran of World War I.

Survivors beside his wife include three sisters, Mrs. Leonard Mochel, Lewiston; Mrs. Lillian Stevens of Clarkston; and Mrs. Isa Clovis of Craigmont; and three brothers, Floyd of Lewiston, Clem of Harpster and Roy of Bassona, Alberta, Canada.

Funeral services were conducted from the Brower-Wann funeral home Monday afternoon at 2:00 with the Rev. Marvin E. Smith officiating. Burial was in the Normal Hill cemetery.

Dimes Drive Almost Over
With the 1948 March of Dimes campaign now heading into its final and decisive stages, local chapter workers in all parts of the state have been called upon to exert the maximum effort to assure the success so essential in the drive this year.

The keynote of the importance of success was sounded at Boise by two visiting representatives of the National Foundation for Infantile Paralysis. Dr. Kenneth S. Landauer, director of medical care and public health, and Warren T. Kingsbury, regional director.

Working on a "master plan" for meeting future polio emergencies in Idaho, such as the one during 1947 in which 353 cases were counted, the two National Foundation officials stressed that inauguration of the plan will depend upon the amount of funds collected in the March of Dimes.

They explained, for example, that additional treatment centers must be established in the population centers of the state.

Many other phases of the "master plan" of the future are similarly dependent upon the success in the March of Dimes drive, which ends January 31. The same thoughts were expressed by Ben Johnson, Preston, the state March of Dimes chairman, who conferred at Boise with Dr. Landauer and Mr. Kingsbury. "The public is in a receptive frame of mind, having full knowledge now of the humane manner in which the National Foundation functions, and we must make it possible for the public to contribute in every instance," said Johnson.

He mentioned, in view of the high costs of fighting polio, Idaho should regard the campaign as a "March of Dollars" rather than a March of Dimes.

Deer Seen Occasionally

White tail deer are being seen occasionally on the canyon slope to the south of town. Mrs. Marvin Long counts 11 there one day.

Most favorite time for showing themselves is shortly after the noon hour when a large part of the slope is in sunshine.

INTERESTING HAPPENINGS FROM JULIAETTA AREA

Mr. and Mrs. Eugene Taylor, Mrs. Bill Howell and Mrs. Edgar Lackey went up over the hill and down through the SWAMP to Kendrick on business last Friday.

Mr. and Mrs. Asa Cook attend the Joy Eastman funeral service in Lewiston, Monday.

Mr. and Mrs. Fred Hadley were Lewiston business visitors Saturday. Frankie, Joanne and Louise Peters and Peggy Hadley spent last Wednesday night as the house guests of Claudene Clark.

Mr. and Mrs. Phil Johns, Margie and Helen spent Sunday at the Ronald Wolff home at Troy, later calling at the Clifford Davidson home in Kendrick.

Helen Johns missed a couple of days of school on account of illness. Mr. and Mrs. Loye Tacker are renovating the rear of their grocery store — installing a new sink and other plumbing facilities in the building.

Mrs. Gordon Swears and Mrs. Elvina Swears were Lewiston shoppers Monday.

James Kingsbury and family of Spalding and Cliff Spence and family of Lewiston visited at the Robert Young home Sunday.

Mr. and Mrs. Everett Farrington of Kendrick visited with Mr. and Mrs. Jack Browning, Sunday.

H. S. Freeman's father and brother, from Washington, called on him Monday.

Bobby Bisbee spent the week-end visiting in Asotin.

Ellis Magnuson and son Bob from Opportunity, Wash., are spending a few days with the Ralph Magnuson family here.

Mrs. Edgar Lackey and Mrs. Jack Browning took Mrs. Van Horn to Moscow for medical attention, Monday.

Mr. and Mrs. Woodrow Nye and small daughter Ardene, and Lloyd Nye were Saturday callers in the Alvin Nye home at Clarkston.

Mr. and Mrs. Edgar Lackey and family took Mrs. Stonebraker back to her home in Orofino, Sunday.

Mrs. Veda Butler of Kendrick spent the week-end with Mrs. Harold Abrams and family.

Mr. and Mrs. Henry Ringenfelder were Lewiston business visitors on Monday.

Mr. and Mrs. Cliff Nelson entertained Mr. and Mrs. Howard Wunderlich and family and Ed. Groeloc at dinner Sunday.

Earl Gaskill and daughter Delores and Raymond Whybark were Lewiston visitors Thursday.

Charlie Jelleberg is staying at the Ervin Mabbett home while making wood.

Robert Young made a business trip to Grangeville, Monday. Adrian Johns drove to Cle Elum, Wash., on business, Monday.

Joseph Coles left Sunday on a business trip to Chicago and New York. He also expects to go into Florida. He plans to be away about two weeks.

Miss Lucille Connors of Jackson, Florida, is visiting at the home of her sister, Mrs. Joseph Coles. She plans to be here for several months.

Joe Perry and family of Coeur d'Alene visited with Adrian Johns and family, Sunday.

Mrs. John Hill of Lewiston visited over Monday night with her mother, Mrs. Laura Irwin.

Tommy Mabbott, a second grader, scored the highest in his class in "My Weekly Reader" test. Mary Cook and Fred Young were tied for Richard Hammond came home Friday to visit his parents. He left on Tuesday, visiting over-night in Clarkston, and Wednesday took the up-river boat for the ranch on which he is employed.

Mr. and Mrs. Lawrence Bartlett of Kendrick visited Sunday with Mr. and Mrs. J. B. Hammond and family.

Mr. and Mrs. Chas. Schultz and Mr. and Mrs. Gerald Schmidt and daughters, the latter of Leland, returned from a trip to California Friday evening. They went down by way of southern Idaho, Nevada, and Los Angeles. Among the things of interest enjoyed were the amusement parks, and especially the fine zoos. On their return trip they traveled Highway 101 (the coastal route) to Crescent City, and then were forced by fog to take Highway 199. They enjoyed the Bay bridge, the Golden Gate bridge and the giant redwoods. All told they motored some 3,368 miles. A marvelous time was reported by all.

Final Rites For Pete Stump
Final rites for Pete Stump, pioneer farmer of this area were held at 2:00 o'clock Saturday afternoon at the Vasser-Rawls Chapel in Lewiston with the Rev. J. H. Coulter of the Kendrick Community church in charge. Interment was in Normal Hill cemetery.

Music was furnished by Mrs. D. A. Christensen and Eugene Taylor, accompanied at the organ by Mrs. H. C. Schuifer. Pallbearers were Harold Parks, Jesse Heffel, Fred Glenn, Pearl Hazeltine, Wilbur Corkill and Eril Woody, all old time friends of the deceased.

Mr. Stump was born May 17, 1885, in Missouri. He came west when a young man and had been a resident of this area for about 40 years. He was a communicant of the Methodist church.

Survivors include his wife, Veta; four daughters, Dixie and Peggy, at home; Mrs. Josephine Wilson of Portland and Mrs. Roxanna Wells of Headquarters; and one son, Peter, Bovill; and five grandchildren.

Mr. Stump was well known throughout this territory, and the large attendance and numerous floral offerings attested to his wide circle of friends.

NEWS ITEMS ABOUT LELAND RESIDENTS AND FRIENDS

Show And Supper Is Success
The L. S. L. A. supper and show given in the church Wednesday evening was very well attended and greatly enjoyed. Plates sold for the supper amounted to \$66.45. A very beautifully decorated angel food cake was also disposed of, bringing in the sum of \$8.35 — withONEY Walker receiving the cake. After the show, which was this community's part for the "March of Dimes", a hat was passed, netting \$44.04. The door prize was awarded to Mrs. Ewald Hinrichs.

W. S. C. S. To Meet Jan. 29
The ladies of the W. S. C. S. will meet for an all-day session Thursday with Mrs. Harry Smith — for a work day and pot luck dinner.

L. S. L. A. To Meet Jan. 30
The L. S. L. A. will meet in the school lunch room Friday afternoon at 2:00 o'clock. All mothers are urged to attend.

Homemakers To Meet Feb. 4
The Homemakers Club will meet on Wednesday afternoon, Feb. 4 at 1:30 o'clock, with Mrs. Gordon Peters. Mrs. Lucille Gray will be present with "Biscuit Mix and Variations."

Other News
Mr. and Mrs. Walter Crawford and family were Sunday evening visitors in the home of Mr. and Mrs. Walter ZumHofe.

Mr. and Mrs. Con Anders and son Arlen and Jim Anders, all of Gifford were Tuesday supper guests of Mr. and Mrs. Walter Crawford.

Wednesday dinner guests of Mr. and Mrs. A. G. Peters were Mr. and Mrs. Chas. Hoffman and Mr. and Mrs. Archie May. The occasion was Mrs. Peters' birthday anniversary.

Mrs. Harry Smith spent from Wednesday until Saturday in Pomroy with her son, Waldo Smith and family.

Dickie Walker of Clarkston is spending several days with his grandparents, Mr. and Mrs.ONEY Walker.

Mr. and Mrs. W. H. Weyen, Mr. and Mrs. Billy Weyen and daughters were Sunday dinner guests of Mr. and Mrs. Oral Craig at Kendrick.

Mr. and Mrs. Jesse Thornton were Sunday afternoon callers in the home of Mr. and Mrs. Wm. Thornton.

Mr. and Mrs. G. F. Cridlebaugh and daughters were Sunday dinner guests of Miss Emma Hartung and Mrs. Ida Stoneburner.

Mr. and Mrs. Roy Craig and daughter Paige and Mrs. Dora Heffel were Sunday afternoon callers of Mr. and Mrs. Ted Weyen.

Mr. and Mrs. Virgil Flesher of Clarkston were Sunday dinner guests in the home of Mr. and Mrs. Lloyd Craig.

Sunday dinner guests of Mr. and Mrs. Chas. Hoffman were Mr. and Mrs. Harry Smith and sons.

Mr. and Mrs. Harold Parks and family were Sunday dinner guests of Mr. and Mrs. Gordon Peters and family.

Mr. and Mrs. Robert Draper, Miss Vivian Draper, John Vincent and Wayne Thornton were the Sunday dinner guests of Mr. and Mrs. Chester Vincent.

Mr. and Mrs. Wilbur Tarbet and family spent Sunday in the home of Mr. and Mrs. Kenny Denhart at Lewiston.

Mr. and Mrs. Harold Siffow, Ernest Heimgartner and son Ernie were the Sunday dinner guests of Mr. and Mrs. Leonard Wolff and family.

Jake Daugherty of Lewiston was a Tuesday visitor of Mr. and Mrs. A. G. Peters.

Mr. and Mrs. Wm. White, Mr. and Mrs. Ed. Kent, Mr. and Mrs. Manning Onstott, Mr. and Mrs. Frankie Benschoter and Mr. and Mrs. Marvin Vincent met at the home of Mr. and Mrs. Herman Johnson Sunday evening to wrap packages for shipment to Sicily. The contents of the packages were collected through the Kendrick Grange.

Mr. and Mrs. Raymond Hudson were Sunday evening visitors in the home of her parents, Mr. and Mrs. A. G. Peters.

School Plan Ready For Hearing

The proposed School Reorganization Plan for this section of the Potlatch is now ready to be presented to the general public, and a public hearing will be held at the Kendrick High school on Monday February 9, at 8:00 p. m.

At this hearing the proposed plan will be presented in detail, and the County Reorganization Committee will endeavor to answer questions concerning the plan.

If the hearing proves favorable to the proposed reorganization, it will then be sent to the State Committee for its approval or rejection.

When approved by the State Committee it will then be turned over to the County Commissioners, who will call an election within the proposed district.

The school districts involved in the local plan are carried in the legal notice column of this paper—see Page 5.

It is unnecessary to stress the importance of meetings of this type, as all who have in any way interested themselves in this program fully grasp its importance.

Wonderful Weather In Oregon

In a brief note accompanying his subscription payment, Verner Davis writes from Pendleton, Oregon: "We sure are having nice weather here this winter. It has been just like spring the past several days and as yet we haven't had any snow—but quite a lot of rain. By the paper, you must have had lots of water there."

Erecting New Building

Work of wrecking their old lumber shed by the Kendrick Bean Growers Association is now almost completed, and this week should see the beginning of construction work on their new office, display and parts room, which will be built at the rear of the present Bean Growers and Farmers Bank building.

The new building is to be 51 by 60 feet in size, with the front and first section of both sides in glass to permit display of farm equipment. The balance of the building will be of frame, covered with stucco or brick veneer.

It will be a worthy addition to Kendrick's business houses.

PERSONALS AND NEWS ON AMERICAN RIDGE

Mr. and Mrs. Perry Mattoon and family were Sunday dinner guests of Mr. and Mrs. Orville Storer and Mr. and Mrs. John Davis at Craigmont.

Mr. and Mrs. Ray Knutson and daughter spent Friday evening with Mr. and Mrs. Perry Mattoon. Peggy Knutson remained over night.

Helen Mattoon, Mrs. Walter Benschoter, Wilma and Jorene Benschoter, Mr. and Mrs. Wayne May and son, Walter Bigham and Mr. and Mrs. Arthur Rundhaug, the latter of Kendrick, attended the basketball game in Lewiston Monday evening.

Warney May, Jr., brought their tractor home from Troy Tuesday evening, where it underwent repairs.

Mr. and Mrs. Andy Cox and daughter Andrea and E. P. Roberts spent Tuesday afternoon with Mr. and Mrs. Norla Callison.

Mr. and Mrs. Walter May and son Bruce and Mr. and Mrs. Andy Cox and son Tom spent the week-end in Walla Walla with their daughters.

Mr. and Mrs. Warren Cox of Spokane spent the week-end with Mr. and Mrs. Ed. Kent.

Mr. and Mrs. Norla Callison attended a March of Dimes party at Lenore Saturday evening. Nancy Callison spent the night with Mr. and Mrs. E. P. Roberts and Bobby Callison with Mrs. Liddie Ameling.

Mr. and Mrs. E. F. Roberts, Mrs. Liddie Ameling of Kendrick and Mr. and Mrs. Norla Callison and son Bobby were in Lewiston Wednesday.

Buddy Langdon was a Tuesday dinner guest of Mr. and Mrs. Henry Jones at Cameron.

Jack Benschoter and Buddy Langdon were in Moscow Wednesday on business.

Mr. and Mrs. John Wilson and family of Troy were supper guests of Mr. and Mrs. Robert Cain Sunday evening. Mr. and Mrs. Wilson spent Sunday afternoon with his father, Scotty Wilson, in Clarkston.

Sharon Walner spent Monday night with Joan Glenn.

Harry Benschoter, Walter May, Andy Cox and Frankie Benschoter attended the Stockmen's banquet in Moscow Monday evening.

Dick Benschoter of Moscow spent the week-end with his parents, Mr. and Mrs. Harry Benschoter.

Mr. and Mrs. Wayne May and son were Sunday dinner guests of Mr. and Mrs. Harry Benschoter.

Buddy Langdon was a Lewiston visitor on Monday.

Mr. and Mrs. E. P. Roberts were in Lewiston Thursday on business.

Mr. and Mrs. Harry Langdon and Buddy were Monday morning callers at the Geo. Havens home.

Those who are, or who have been on the sick list this week are Harry Benschoter, Ira, Charles and Rayner Havens and Larry Langdon.

Mrs. Walter Benschoter and Mrs. Harry Benschoter were Lewiston visitors Saturday.

Mr. and Mrs. Harry Benschoter spent Thursday evening with Mr. and Mrs. Walter May.

Mr. and Mrs. Werner Brammer, Mr. and Mrs. Henry Brammer and Mr. and Mrs. Bill Brammer and daughter were Sunday dinner guests of Mr. and Mrs. Herman Meyer.

Mr. and Mrs. Ira Havens of Moscow spent Friday afternoon at the Geo. Havens home.

Mr. and Mrs. Harold Roberts and daughter Loeta were in Lewiston Saturday.

Walter Benschoter was in Lewiston Wednesday on business.

Cecil Roberts is assessing the farmers on the ridge this week.

Mr. and Mrs. Otto Schupfer and daughter Maribel spent Sunday afternoon with Mrs. Mary Deobald.

Installing New Scales

A contracting firm has been busy this past week installing new scales at the warehouse and elevator of the Lewiston Grain Growers in Kendrick.

At the elevator the new weighing device has a 28-foot bed and a 20-ton capacity — designed for the largest of trucks. In addition to the new scales head-room is being increased a foot, to allow complete freedom of dumping.

At the warehouse the new scales have a 22-foot bed and a 15-ton capacity.

Kendrick Club Sold

A deal was completed Monday of this week whereby Robert Magnuson of Idaho Falls became the owner of the Kendrick Club, purchasing the interests of Mr. and Mrs. Robert Brewer.

Mr. Magnuson will bring his wife and three small children here to make their home as soon as possible.

Mr. and Mrs. Brewer, who have operated the Club for the past several months plan to leave shortly for Port Angeles, Wash., to make their home.

CASH GRAIN MARKETS SHOW BUT LITTLE FLUCTUATION

Cash grain markets in the Pacific Northwest did not follow the full declines of futures and other cash markets, but held fairly steady and showed a slight net gain for the past week, according to reports to the Market News Service of the U. S. D. A. May wheat on the Chicago Board of Trade showed a net loss of 1/4 cents per bushel for the week, while the ordinary export classes of wheat in the cash markets of this area made a net gain of 2 cents per bushel, and hard white (Baart) wheat was up 10 cents per bushel for the period. Feed grains, especially oats and barley, were in good demand and with light offerings prices advanced 50c and \$1.00 per ton, respectively, reaching new high levels for the local markets. Colder weather has prevailed over the Pacific Northwest during the past week, and while no extremely low temperatures have been reported, the ground has been consistently frozen in most of the wheat growing districts, but no serious damage to the winter grain crop has been reported to date.

The cash wheat market at Portland held fairly steady and moved within a narrow range of not more than 3c to 3 1/2c per bushel on the ordinary export classes of wheat during the past week. The market steadiness reflected light country offerings rather than any broad or active demand. Trade reports indicate the outlet for wheat was relatively narrow with the principal inquiry from the feed trade and the flour mills for special types of wheat for use in the manufacture of flour for the domestic trade. Flour mills in this area were reported operating at only about 50 percent of rated capacity, as they have received no recent export flour business. The local office of the Commodity Credit Corporation has not been active in the market and no purchases were reported during the week.

Shipments of wheat to the terminal markets improved somewhat during the week with 523 cars received at the Columbia river terminals and 510 cars at the Puget Sound terminals, compared with 473 and 312 cars, respectively, for the previous week.

Bid prices at the Portland Grain Exchange were as follows: Soft white, soft white (no Rex), white club, western red and hard red winter, all \$2.91 per bushel, basis No. 1 bulk, 15-day shipment, for coast delivery.

The United States Department of Agriculture on Jan. 19 announced that the C. C. C. bought 2,302,465 bushels of wheat and 65,600 bushels of rye during the period from noon on January 9 to noon January 16. Purchases of flour totaled 312,330,000 pounds (6,984,233 bushel equivalent). Purchases of wheat since July 1 total 193,489,222 bushels; flour 1,733,081,700 pounds (38,561,915 bushels wheat equivalent); barley 5,208,805 bushels and oats 5,275,661 bushels.

Wheat receipts at Ogden were only 106 cars, compared with 181 a week ago. Prices quoted averaged \$2.83 per bushel, basis No. 1 bulk, f. o. b. Ogden mills.

The San Francisco wheat market was quiet but steady during the week, with prices holding almost unchanged from a week ago. Offerings were light and this made for steadiness.

The cash wheat market in Kansas City followed futures to lower levels and together with moderate softening of milling premiums prices were 8c to 9c per bushel lower compared with a week ago. Arrivals totaled 1,576 cars, or about 250 in excess of a week ago. With the increased offerings, demand was easily satisfied. Ordinary wheat drew support from Commodity Credit Corporation operations which included rather liberal purchases in the southwest.

Grain prices in the Minneapolis market, influenced by conflicting factors, fluctuated irregularly over a wide range during the week. There was trade reaction to the Baruch recommendations for an anti-inflation program, but a

School Held This Week
With 30 beef cattle breeders and herdsmen in attendance, the University of Idaho opened its first breeder-herdsman short course Monday morning of this week. The registration book showed representatives of all beef cattle areas of the state from Ashton in the extreme northeast; Malad in the southeast, to Bonners Ferry in the tip of the panhandle. There was also a sprinkling of eastern Washington beef men in the audience.
"With so many new herds of registered beef cattle appearing in Idaho, a special short course to assist the new breeders in developing a sound herd management program appeared desirable," said C. W. Hickman, head of the department

of animal husbandry, in his opening remarks.
During the three-day short course, university staff members and visiting breeders covered all phases of selection of animals, importance of herd records, feeds and feeding, fitting and showing, common ailments of beef cattle, and state regulations concerning the beef producer.
Visiting breeders assisting the Idaho staff members were Herb Chandler of Baker, Ore.; Carl Grief, Uniontown, Wash.; Richard Holthaus, Cottonwood; R. E. Miller of Spokane, Wash.; John Burns, Lewiston; John Mathieson, Colburn, and Dr. A. J. Schneider, Boise, state veterinarian.

PERSONALS AND NEWS ABOUT KENDRICK FRIENDS

Miss Cleo Kuykendall, Seattle, arrived here Monday for a visit with her parents, Mr. and Mrs. Wayne Kuykendall, and other relatives.
Mrs. Cleo Bissell of Portland, Oregon, arrived Friday and stayed until Sunday visiting her son, Randy Wallace, in the home of Mr. and Mrs. Lester Wallace.
Mr. and Mrs. Jack Abbott of Clarkston, Wash., were Saturday dinner guests in the Oral Craig home.
Byron Chase of Pullman, Wash., visited his sister, Mrs. Elmo Eldridge and family, Sunday.
Mr. and Mrs. Ben Cook, daughter Gwendolyn and son Ben were Sunday visitors in Craigmont.
Mr. and Mrs. A. O. Kanikkeberg were Lewiston callers Wednesday on business.
Mr. and Mrs. Ervin Halseth spent the week-end in Lapwai visiting her mother, Mrs. Lillie.
Mr. and Mrs. Oscar Slind and children were Sunday dinner guests in the McCreary home.
Mr. and Mrs. Leonard Fairfield were called to Clarkston Tuesday night by the death of his mother, Mrs. Wm. Fairfield, who passed away at St. Joseph's hospital, following a long illness. Further details are lacking at this time.
Floyd Millard is confined to his bed with the flu.
To attempt to name those going to Lewiston, Lapwai, Juliaetta and Genesee to see the basketball games would be an impossibility — so we won't even try. But there were lots of them.
Mr. and Mrs. Walter Brocke, accompanied by Mr. and Mrs. Frank Abrams and children, drove to Seattle last Friday for a visit with relatives. The Brocke's returned Sunday, but Mr. and Mrs. Abrams and family remained for a longer visit. While away the men indulged in some deep sea fishing and reported good luck, Wally bringing back two fine large fish.
Mrs. E. E. Sands and daughter Pamela of Seattle, who have been visiting her sister, Mrs. W. L. McCreary and family the past week, left for their home Tuesday morning.
G. F. Brocke and Harold Parks were Spokane business visitors Wednesday of last week, Mr. Parks driving back a new International truck.
Mr. and Mrs. E. A. Deobald were Lewiston business visitors Thursday afternoon.
Students home over the week-end included Tom Brown, Bob Lind, Cecil Brammer and Patty McCreary.
Word has been received from Mrs. W. W. McAllister, who has been employed in Moscow, that she is now at Pomeroy, visiting in the home of her grandson, Mr. and Mrs. Roy D. Hill.

Celebrate Golden Wedding
Mr. and Mrs. John LeCornu, former Kendrick residents, celebrated their Golden Wedding anniversary at their home in Spokane on Sunday, Jan. 26, being hosts to a large number of relatives and close friends at dinner in the Spinn Inn in that city. Those present at the dinner were Mr. and Mrs. Paul Labin of Seattle; Mr. and Mrs. N. P. LeCornu, Spokane; Mr. and Mrs. John Frishand, Spokane; Mr. and Mrs. Leo Bonns, Spokane; Frank Brown, Spokane; Mr. and Mrs. Arthur Folsom, North Bend; Mr. and Mrs. Lewis Wright, Lewiston; Mr. and Mrs. Frank Rowe, Spokane; Mrs. Grace Foshand, Seattle; Mrs. Marie Michel, Spokane; Mrs. Erma Spangle, Spokane; Mrs. Maude Skiffington, Seattle; Mrs. Harry Peck Millwood, Wash.; Mrs. Eva Eddy, Seattle, and John H. LeCornu, Spokane.
Mr. LeCornu came to Dayton, Wn., in a covered wagon with his father, who was a minister, and who for many years served the Walla Walla penitentiary as a chaplain.
Mrs. LeCornu was the eldest daughter of Mr. and Mrs. George Wright of Kendrick, and here the couple were married in 1888, Mr. LeCornu having come here with his father, who at that time was the editor of the old Kendrick Times.
Mr. and Mrs. LeCornu left Kendrick in 1901, engaging in the lumber business in Tekoa, Wash., later moving to Montana where they took up a homestead. In 1945 they returned to Kendrick, engaging in farming until 1947, when they moved to Spokane to make their home.
Mr. LeCornu is a member of the Kendrick Masonic lodge.
Congratulations are in order.

Use Care in Filling Out Forms
Ogden, Utah — Requests for the disposition of remains of World War II dead must be returned promptly to the Office of the Quartermaster General, Washington, D. C., next of kin were advised today by Col. G. B. McGary, commanding officer, Utah general distribution depot.
The request, OQM Form 345 Military, which accompanies a letter of inquiry sent to next of kin is the form whereby the final resting place of World War II, deceased, is selected. It should be filled out and returned within 30 days, McGary said. If the form is not returned within the prescribed time, the American Graves Registration Service, Office of the Quartermaster General, assumes the next of kin do not wish the body brought home, and the body is then moved to the nearest permanent U. S. military cemetery overseas.
Next of kin are warned to take great care in filling out the request. Approximately 50 percent of the requests returned are not acceptable due to human error, omissions or legal insufficiency.

Cuts Thumb
Larry Langdon received a painful injury Saturday while chopping wood. The axe slipped and slashed his left thumb, necessitating several stitches.
Tree Is Fire Proof
Because it is exceedingly fire-resistant, the jarrah tree of western Australia has been used in place of brick or stone in chimneys and fireplaces. It is also used under conditions where steel would buckle because of heat.

Get those fresh frozen vegetables, fruits, meats and fish at Biewett's Grocery-Market. 1-adv.

WHAT CAMERON FOLKS ARE DOING THESE DAYS

Mr. and Mrs. Willard Schoeffler have moved from Kendrick to their farm near Southwick.
Mrs. Henry Wendt entertained at a quilting party Friday afternoon. Guests were Mrs. Gus Kruger, Mrs. Marvin Silflow, Mrs. Ida Stoneburner, Mrs. Carl Koopp, Mrs. Walter Silflow, Mrs. Leonard Wolff, Mrs. Otto Silflow, Mrs. Walter Koopp, Miss Emma Hartung and Miss Helen Mielke.
Mr. and Mrs. Earl Whitinger attended the funeral of Pete Stump in Lewiston, Saturday.
Mr. and Mrs. Glen Wegner honored their son, Glen, Jr., with a dinner Sunday — on his birthday anniversary. Guests were Rev. and Mrs. Theo Meske and family, Mr. and Mrs. Walter Koopp and family, Mr. and Mrs. Ed. Mielke and daughters and Dr. A. Wegner and sons, the latter of Pullman.
The Ladies Aid held an all-day meeting on Wednesday, with Mrs. Theo Meske, Mrs. Glen Wegner and Mrs. Ed. Mielke as hostesses.
The "28" telephone company held their annual meeting on Wednesday evening and the "22" telephone company held their meeting on Thursday evening.
Mr. and Mrs. Albert Glenn and Mr. and Mrs. Ed. Mielke attended the dinner and moving picture show in Leland Wednesday evening.
Mr. and Mrs. Gus Kruger complimented their daughter Dorothy with a birthday anniversary dinner Tuesday evening. Guests were Margaret and Marlene Wilken, Marilyn Schupfer and Barbara Perry.
Mr. and Mrs. Roy Blankenship and Mr. and Mrs. Boyd Blankenship, all of Pullman, were Sunday guests of Mr. and Mrs. John Blankenship.
Mrs. Stoneburner and Miss Hartung entertained at dinner Sunday in honor of Ernest Schwarz' birthday anniversary. Guests were Mr. and Mrs. Herbert Schwarz, Mrs. John Schwarz, Mr. and Mrs. G. F. Cridlebaugh and daughters, Miss Helen Mielke, Ted Mielke, Ernest and Lawrence Schwarz.
Walter Koopp, Mr. and Mrs. Wm. Brammer, Cecil Brammer and Roy Silflow were among those who attended the Idaho-W. S. C. basketball game at Misew Saturday evening.
Mrs. A. E. Spekker visited with Mr. and Mrs. Pete Spekker in Lewiston on Monday, Tuesday and Wednesday.
Mrs. Bertha Heine, Gus and Carl Kruger were business visitors in Lewiston on Wednesday.
Mr. and Mrs. Fred Newman visited with Mr. and Mrs. Glen Newman at Lenore, Sunday.
Mr. and Mrs. Wm. Brammer and daughters were guests of Mr. and Mrs. Walter Koopp the past week.
Mrs. Wilbert Bruniek visited with Mrs. Clay Albright and Mrs. A. H. Blum in Lewiston over the week-end.
Mr. and Mrs. Fred Silflow spent Monday with Mr. and Mrs. Henry Wendt.
Mrs. A. E. Spekker and son Vern spent Thursday evening with Mr. and Mrs. Ed. Mielke.
Wally Newman, Cecil Brammer, Roy Silflow, Ted Mielke and James Whitinger attended the basketball games at the N. I. C. E. gymnasium at Lewiston Monday evening.
Mr. and Mrs. Willard Schoeffler entertained Mr. and Mrs. Fred Schoeffler at dinner Friday evening. The event honored Fred Schoeffler's birthday anniversary. Evening callers were Mr. and Mrs. Ernest Brammer.

To Hold Achievement Day
A 4-H Club Achievement Day will be held at Kendrick, Saturday, Jan. 31, at 2:00 p. m. in the music hall at the school house. This meeting is held in order to give special recognition and awards to 4-H Club members and leaders who did outstanding 4-H Club work or made a special effort in 1947. The 4-H clubs which had members who completed and will take part in this event are the Big Bear Ridge Farm Boys, led by Gerald Ingle; Future Homemakers, led by Mrs. Gerald Ingle; and the Cedar Ridge Livestock Club, led by Phil Bahr. Types of projects carried by these 4-H members include beef, sheep, dairy, swine, rabbits, clothing and nutrition.
Special awards will be made to the clubs with 100 percent completion for 1947. Also to be presented is a special dairy award.
Four 4-H Club members and leaders will be presented with certificates of achievement, seals and pins. Slides showing 4-H club work in Latah county the past year will be shown by members of the county agent's office.
The public is invited to attend this event.

Plenty Of Moisture, Too
In renewing their subscription to the Gazette from Forks of Salmon, Calif., Mr. and Mrs. B. G. Linderman wrote a brief note, which says in part:
"We see where you folks at Kendrick have been having high water. We, too, had quite a bit of it. It started raining here New Year's eve and rained until the 6th, with scarcely a let-up. The Salmon river sure was high. It washed out three mining dredges above us, several mines were flooded and sluice boxes washed away but no casualties. We are now having quite cold nights, but nice bright, warm days. We have had but one light snow, and that on December 6th — and we like it very much here. We have not yet begun mining operation as we had to build everything, and don't expect to begin until next December."
"Best regards to all our friends in that section."

New Baby Daughter
Mrs. Kenneth Brocke received word last week that her brother and wife, Mr. and Mrs. Leonard Stuart, Lewiston, were the parents of a daughter. Born Jan. 25, at St. Joseph's hospital. The Stuarts are former Juliaetta residents.
Grange Meets Feb. 3
The regular meeting of the Kendrick Grange will be held on Tuesday, Feb. 3. Members are asked to bring cards and tables, as pinocchio will be played following the business meeting.

SNAKE RIVER TRIP IS ONE OF MOST INTERESTING

The Snake River mailman, Kyle McGrady, is back on the job again delivering letters, magazines and parcel post packages to approximately 300 residents of the Hell's Canyon area. His boats were in dry dock during the low-water period of the Snake.

McGrady, who has been heralded in many magazine stories and news reels as "mailman, grocery boy and chamber of commerce official of Hell's canyon" has been making the trip up the Snake river since 1938. He quit a mechanic's job in Lewiston to take the postoffice contract and deliver mail on the "most unusual of 103,442 routes in the United

States." McGrady makes the trip up the river in diesel powered river packets, the "Florence" or "Idaho." In addition to an odd assortment of supplies and mail, McGrady also hauls tourists. To accommodate them he has constructed a lodge on the lip of the most ferocious part of the canyon.

Vacationists from all over the U. S. have journeyed to Lewiston to make the spectacular voyage. The round trip is 190 miles, and the current of the Snake is so swift that 12 hours is required for the 95-mile up trip and but four hours to make the return.

The Snake is called the wildest river in America. Hell's canyon is the deepest gorge on the North

American continent — 1,000 feet deeper than the Grand Canyon of the Colorado. McGrady's boat on the trip against the current must buck and growl its way over many treacherous, boulder-strewed rapids.

The Florence is no plush and showy affair, but it is sturdy and can withstand the pounding of the unmerciful Snake. And you have to be tough to fight the Snake and Hell's canyon. The only time Lewis and Clark turned back during their famous expedition was when they tried to find passage through the canyon. A railroad man surveying the possibilities of a railroad through the canyon came back and said: "Impossible. The Rockies were sissy stuff compared to that canyon." Hell's Canyon and the trip to it

with Kyle McGrady is slowly becoming one of the most unusual tourist attractions of the United States, with many people journeying thousands of miles just to make the trip into one of the most remote areas in the United States.

McGrady makes the trip twice each week — Wednesday's and Saturday's. He leaves promptly at 6:00 a. m. both days and arrives at the lodge in time for a hardy supper. He charges tourists approximately \$15.00 per person for the trip, the lodging and food.

Although Hell's Canyon is "in the front yard" of Idahoans, few have seen its spectacular wonders. Those who have, remember the awesome beauty and ruggedness that held Capt. Benjamin L. E. Bonneville

spellbound in 1831 when he paused on the brink of a chasm overlooking the canyon and scrawled in his journal:

"Nothing we had ever gazed upon in any other region could for a moment compare in wild majesty and impressive sternness with the series of scenes where the Snake river is overhung by dark and stupendous rocks, dominated by immense mountains rearing their distant peaks in the clouds."

Be Sure Before You Send

Persons sending food to unknown people in Europe may unknowingly be contributing to the black market, Brig. Collier, divisional commander for The Salvation Army, said today.

The safest way to send food and clothing is through one of the recognized relief agencies, he added. "We are receiving many requests," Collier said, "imploping us to send food. These are coming principally from Germany."

Thousands of tons of food and clothing have been distributed by The Salvation Army in Europe, Collier said, and every effort is made to see that it is done directly to the suffering. In addition, Collier said, many packages are sent through other agencies. "We are sending packages of food through CARE frequently and generally use this agency outside of our own facilities."

Typical of many letters is one received by the Salvation Army in Portland, coming from a German woman in the French zone, the letter implored the sending of food for her family of four children and "a sick husband." The letter stated that "only those that have to go hungry know how it feels to be near starving." Stating that the war brought so much suffering that life is unbearable, the woman wrote "you can believe me, it is heart breaking for a mother to see her children hungry and not able to help them."

Unfortunately, it is not possible to separate the genuine appeals from those of black market operators, Collier stated.

Know Why They're There

A 300 student cross section poll taken at the University of Idaho by R. L. Ormsby, head of philosophy, left him with no doubt that the students questioned knew exactly why they had come to school — "to find out how to make a living."

That was the primary reason listed by 278 of 300 participating in the poll. The secondary reason indicated that most of the students realized that money "isn't everything"—240 said they had also come to "get acquainted with ideas." Admissions were made by 24 that they had thought remotely of finding a husband or a wife.

"World Peace" drew an almost unanimous vote as the most pressing social problem of the instant. This comment by one student reflected the general attitude toward a solution for that problem, "I profess no such intelligence as would be required to produce a solution."

Lumber Production Is Upped

Lumber production in the Northern Rocky Mountain region increased 12% last year as compared to 1945, according to M. B. Dickerman, chief, division of forest economics, Northern Rocky Mountain Forest and Range Experiment Station, Missoula. This increase was not as large as the national average of plus 36%, but is about equal to that of the other western regions.

This information was obtained by contacting every sawmill in the region to get production figures, Mr. Dickerman explained. Similar data are collected each year. The project is being sponsored by the Bureau of Census.

Northeast Washington and Montana lumber production was higher than the regional average of 12%. In Northeast Washington the increase was 29%; in Montana, 22%. North Idaho, the largest producing section in the region, only stepped up production 3%.

An unprecedented nation-wide demand for all species and kind of lumber was back of the increase. Other contributing factors, according to Mr. Dickerman, were a more plentiful supply of labor, favorable weather the availability of equipment, and the elimination of price control the latter part of the year.

Cattle Brucellosis Checking Possible

Testing of Cattle Eradicates Disease

There was a further increase in brucellosis last year, according to the American Foundation for Animal Health, and the increase in the incidence of the disease practically doubled in the last five years.

Continued testing and retesting of our cattle herds is the mainstay of the nation's fight to eradicate this costly problem, as shown by the sharp increase it has made during the time when there were not sufficient veterinarians available to carry on with the testing program. Altogether too many farmers in recent years, have come to look upon vaccination as an easy answer to brucellosis control. Vaccination is highly desirable, but it should always be looked upon as an important adjunct, not a replacement of the testing program.

With the recent return of thousands of veterinarians from military service, livestock health authorities have expressed hope that the sharp wartime upswing in cattle brucellosis may be checked in the early future.

Know Your Breed Holstein

By W. J. DRYDEN

The first importation of Holstein to be established permanently in the United States was made by Winthrop W. Chenery at Belmont, Mass. in 1857.

The breed traces back before the beginning of the Christian era. The

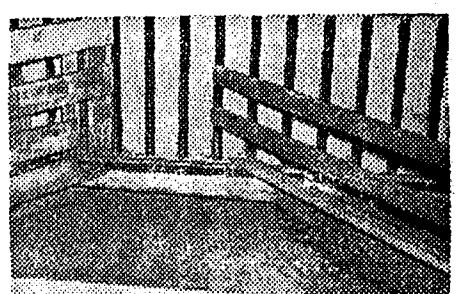

Carnation Ormsby Butter King, champion butterfat of the U. S. on official tests.

breed known as the Holstein-Friesian had its beginning in the Netherlands.

There are now in the United States nearly as many purebred Holsteins as all other dairy breeds combined. Many world champion milk and butter producers are to be found among the breed.

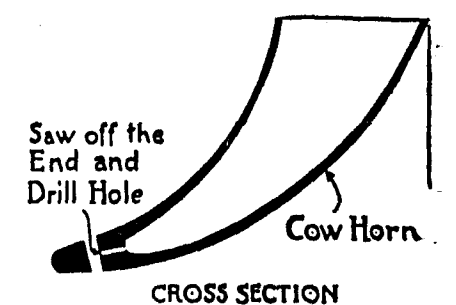

Guard Rail for Pigs

To decrease the large number of litter pigs killed by the sow stepping or rolling over on them, the guard rail arrangement in farrowing house taken at Texas station has proven satisfactory.

Easy to construct from lumber found around the farm, it will aid in preventing the heavy toll in the farrowing house.

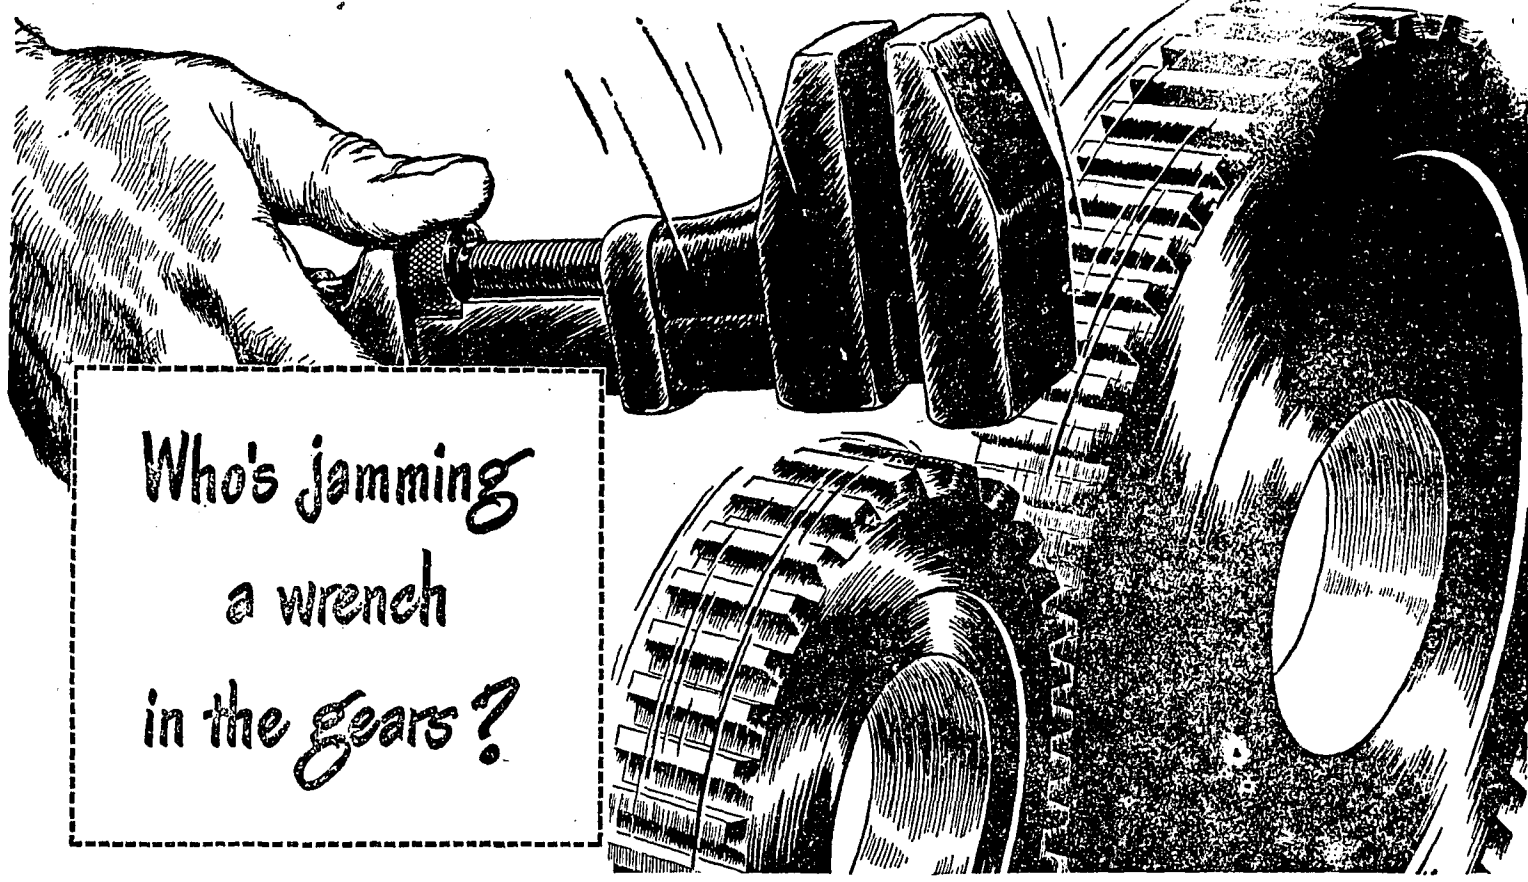

Horn Medicine Funnel

Administering liquid medicine to livestock is dangerous when a glass bottle is used. The accompanying drawing shows a funnel which can be made out of a cow horn. First boil and clean out, then saw off about an inch from the tip and drill into the natural cavity.

Ladino Clover Proven Valuable for Pasture

Ladino clover, the giant form of common white clover, is showing considerable value as a pasture crop. High in protein, minerals and vitamins and low in fiber it is much valued as a feed. Ladino is aggressive under favorable conditions and retards most weeds and many undesirable grasses. Being a perennial of medium long life and of value in soil improvement it will prove valuable on many farms.

Who's jamming a wrench in the gears?

3 Unions Block Labor Peace—Refuse Wage Boost Already Accepted by 19 Other Railroad Unions!

The Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen and Enginemen and the Switchmen's Union of North America, representing 125,000 railroad employees, have refused to accept the offer of the Railroads of a wage increase of 15 1/2 cents an hour.

This is the same increase awarded 1,000,000 non-operating employees by an arbitration board in September, 1947.

This is the same increase accepted by 175,000 conductors, trainmen and switchmen by agreement on November 14, 1947. Agreements have been made with 1,175,000 employees, represented by nineteen unions. But these three unions, representing only 125,000 men, are trying to get more. They are demanding also many new working rules not embraced in the settlement with the conductors and trainmen.

Incidentally, the Switchmen's Union of North America represents only about 7% of all railroad switchmen, the other 93% being represented by the Brotherhood of Railroad Trainmen and covered by the settlement with that union.

Strike Threat

The leaders of these three unions spread a strike ballot while negotiations were still in progress. This is not a secret vote but is taken by union leaders and votes are signed by the employees in the presence of union representatives.

When direct negotiations failed, the leaders of these three unions refused to join the railroads in asking the National Mediation Board to attempt to settle the dispute, but the Board took jurisdiction at the request of the carriers and has been earnestly attempting since November 24, 1947, to bring about a settlement. The Board on January 15, 1948, announced its inability to reach a mediation settlement. The leaders of the unions rejected the request of the Mediation Board to arbitrate. The railroads accepted.

What Now?

The Unions having refused to arbitrate, the Railway Labor Act provides for the appointment of a fact-finding board by the President.

The railroads feel it is due shippers, passengers, employees, stockholders, and the general public to know that throughout these negotiations and in mediation, they have not only exerted every effort to reach a fair and reasonable settlement, but they have also met every requirement of the Railway Labor Act respecting the negotiation, mediation, and arbitration of labor disputes.

It seems unthinkable that these three unions, representing less than 10 per cent of railroad

employees, and those among the highest paid, can successfully maintain the threat of a paralyzing strike against the interest of the entire country—and against 90 per cent of their fellow employees.

The threat of a strike cannot justify granting more favorable conditions to 125,000 employees than have already been put in effect for 1,175,000, nor will it alter the opposition of the railroads to unwarranted wage increases or to changes in working rules which are not justified.

A glance at the box shows what employees represented by the Engineers and Firemen make. They are among the highest paid in the ranks of labor in the United States, if not the highest.

Compare these wages with what you make!

Here is a comparison of average annual earnings of engineers and firemen for 1939 (pre-war) and 1947. Also shown is what 1947 earnings would have been if the 15 1/2 cents per hour increase, offered by the railroads and rejected by the union leaders, had been in effect throughout the entire year 1947.	Type of Employee	1939 Average Annual Earnings	1947 Average Annual Earnings	1947 Average Annual Earnings with 15 1/2 Cents per Hour Added
ENGINEERS	Road Freight (Local and Way)	\$3,966	\$6,126	\$6,767
	Road Passenger	3,632	5,399	6,025
	Road Freight (Through)	3,147	4,684	5,169
	Yard	2,749	4,081	4,539
FIREMEN	Road Freight (Local and Way)	2,738	4,683	5,268
	Road Passenger	2,732	4,544	5,165
	Road Freight (Through)	2,069	3,460	3,891
	Yard	1,962	3,136	3,563

Railroad wages computed from Interstate Commerce Commission Statement M-300. Full year 1947 estimated on basis of actual figures for first eight months.

WESTERN RAILROADS

105 WEST ADAMS STREET • CHICAGO 3, ILLINOIS

We are publishing this and other advertisements to talk with you at first hand about matters which are important to everybody.

Now Is the time to be Wiring-Wise

Better know the truth about wiring before you begin to remodel or rebuild. "Planned wiring" is the whole secret.

"Planned wiring" is not complicated and not an expensive luxury. Neither is it so easy that all you do is run a wire from the power line to your house and say "There! Let the juice flow." The simple truth is: Every wire, and every SIZE of wire, can carry just so much electricity—as a pipe carries just so much water. You need ENOUGH WIRE and BIG ENOUGH WIRE to bring into your house ALL THE ELECTRICITY YOU NEED for now or later when you make more use of electricity. And you need to plan PLENTY OF OUTLETS for convenience.

In short—PLAN YOUR WIRING, as you plan every important part of your home.

THE WASHINGTON WATER POWER CO.

CONSULT A QUALIFIED ELECTRICAL CONTRACTOR for CERTIFIED PLANNED WIRING

Peach Tree Borer PDB Control Urged

Pest Biggest Peach Problem in America

By W. J. DRYDEN

Fall is the time to forestall the 1948 peach borer. Material increase in the average productive life of peach trees can be brought about by the effective control of peach tree borers.

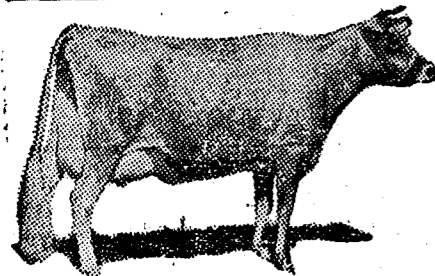

Masses of gum mixed with sawdust-like refuse at or near the base of the trees reveal the presence of infestations. The injury may extend about a foot above or below the ground line.

Best control is obtained by applying powdered crystalline paradichloro-benzene (PDB) to the ground in a ring around the tree as shown in the illustration. The ring should be mounded with three to five spadefuls of earth.

The amount of PDB to be used will depend upon the age of the tree. For trees 1 year old, use 1/2 ounce; 2 years old, 1/4 ounce; 3 to 5 years old, 1/4 ounce, and for older trees, from 1 to 2 ounces.

Know Your Breed Jerseys

Originating in the Island of Jersey, the Jersey breed of dairy cattle first was imported into the United States about 1850.

Jerseys are said to be more evenly distributed in the United States than any other breed. They possess to a great degree those qualities ideal for dairy types. Alert, clean-cut, angular and refined in conformation they still have large barrels.

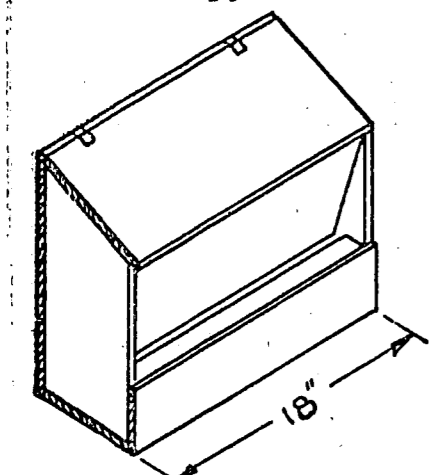

Their milk test is right and cost of butterfat production is low. Average butterfat content is 5.35 per cent, highest of all breeds.

Fall Versus Spring Fertilized Pastures

It is becoming increasingly evident from tests at New Jersey station and other states that except on very sandy soils fertilizers containing nitrogen for grassland and pasture sods, may be applied in late summer or early fall.

Fertilizers containing phosphoric acid and potash only, such as the mixtures usually recommended for alfalfa and Ladino clover fields, can be even more efficiently applied in the fall than in the spring.

Mineral Hopper for Hens

Laying hens and growing chicks need a constant supply of calcium in form of oyster shell or limestone. This hopper may be hung on the wall of the chicken house.

Conquering Flax Wilt By Resistant Strains

During the early 20th century the flax industry was faced with a serious problem. "Flax-sickness" was making the industry unprofitable. It was found that "flax-sickness" was the result of a flax disease called wilt. This wilt fungus was introduced into the new soil when cropped to flax, where it lived and multiplied ready to attack later flax crops. The remedy was the introduction of new wilt-resistant varieties of flax.

Double-Cross Corn Not Fit for Reproduction

All plants in a field of corn planted with hybrid seed of a given strain are related—first cousins. The seed coming from such a field is definitely inbred and should not be saved for seed, points out the USDA. Reduction in vigor and grain yield is always the result of inbreeding in corn. The alternative is to plant each year the freshly crossed seed of tested strains of hybrid corn.

U. S. to Set Up New Caribbean Quarantine Post

As a result of congressional legislation the U. S. will establish an animal quarantine station on Swan Island, 150 miles off the coast of Honduras in the Caribbean sea. It is designed to facilitate importation of disease-free livestock into the United States for breeding purposes and to protect this country's livestock industry from animal diseases of foreign origin.

The quarantine station on Swan Island, a United States possession, will be operated by the department of agriculture's bureau of animal industry, but its facilities will be available to other countries.

Establishment of the station will be of particular importance to livestock breeders in the United States as it will provide a safe means by which they may import certain strains of livestock in demand in this country for breeding purposes, such as Zebu cattle and Caracul sheep. Operation of the station will not, in itself, remove any existing department of agriculture animal quarantine requirements. However, it will make it easier for imported livestock to conform to present quarantine regulations and will safeguard United States livestock herds from contracting diseases from imported animals.

Specialists List Food Budget for Family

Canning, freezing, drying and fresh storage of foods must be planned together, according to family tastes for the different foods. While specialists recommend 100 quarts of canned goods for each person, and a number of bushels of fresh stored foods, one family may have no good storage space available for fresh foods, and may therefore increase the amount of canned goods. Likewise, a family that has a frozen food locker will probably freeze many foods that would be canned by another family.

About 4 quarts of canned greens, 20 or more quarts of tomatoes and tomato juice, and 30 quarts of other vegetables for the canned goods are recommended for each person. Along with this, 25 quarts of canned fruits and 6 quarts of jellies and preserves, along with 6 quarts of pickles are suggested.

For the family with a large garden, specialists recommend storage of 1 1/2 bushels of potatoes for each person, together with several heads of cabbage, 1 1/2 bushels of root vegetables, 1 1/2 bushels of fresh fruits such as apples, 12 pounds of dried beans, peas and fruits, and 25 to 35 pounds of cured meats.

Can With Honey

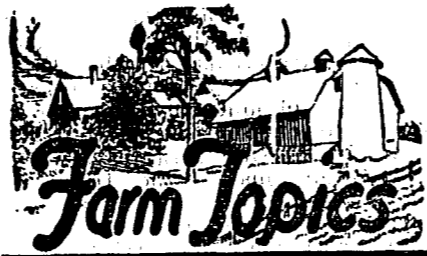

E. J. Thiessen, research worker in foods and nutrition at the Wyoming experiment station, describes honey as excellent for use with canned pears and canned apples. Miss Thiessen based her report on wartime studies of sugar substitutes. She said that the flavor of the honey blended well with the fruits listed. Judges scored it as "fairly good" with plums but did not like it with peaches. Honey should be used in half and half combinations with sugar for good canning results, the food specialist said. The cost for honey is perhaps a little higher than for sugar, but the honey will save on the use of rationed sugar. Addition of a small quantity of powdered ascorbic acid adds to the nutritive value and prevents darkening of canned fruit with storage, she said.

White Snakeroot Poisonous

White snakeroot, a slender, erect, perennial herb which grows from one to five feet high, is poisonous to cattle. The leaves grow opposite each other and are three to five inches long, oval, pointed and have sharply toothed edges. Each leaf has three main veins which are prominent on the undersurface and many branches. The plant blooms in late summer, producing attractive clusters of eight to thirty small white flowers. The roots are coarsely fibrous and usually shallow. Snakeroot grows in the damp, rich soil of woods, swamp areas and shady ravines and in groves along streams. It also is sometimes found on cleared hillsides and in orchards and orchard pastures. Animals with chronic cases of snakeroot poisoning show a marked sluggishness and fatigue and a trembling of the muscles, following exercise. In horses the disease runs a rapid course, the animal often dying within two or three days after the symptoms appear.

Attractive Salads

To make salads attractive, take more care in arrangement. Consider the rim of the salad plate the frame of the picture. Place the lettuce so that the outer edges are just within the rim—never hanging over the edge. Foods of harmonizing color should be used. Don't forget a few garnishes to complete the salad picture. To preserve the crisp, fresh appearance of garden vegetables have them thoroughly chilled. Prepare the foods for salads a day in advance, and keep them in the refrigerator overnight. For a texture contrast—use something crisp with something soft. For example, use celery in fish, egg and vegetable salads; use shredded cabbage or lettuce in shrimp, vegetable or fruit salads.

Rapid Growth Needed For Better Results

Fast Feathering Chicks Cut Down Feed Bills

By W. J. DRYDEN

Efficient, rapid growth is best measured by the weight of the bird at an early age. Studies of the USDA on the growth of cockerels have indicated that the greatest variability occurs between 3 and 6 weeks of age, if a good diet is fed and the cockerels have access to direct sunlight and the equivalent of free range. This is the best period

Twelve-day-old New Hampshire chicks show fast feathering, left, and slow feathering, right.

in which to make accurate selection of the most efficient birds by their body weights. At this age, Dr. Charles W. Knox of the USDA says there are maximum differences in weight between the slowest growing, the average, and the fastest growing individuals. The lesson from these experiments would indicate that culling should start when the chicks are still in the brooder stage. As Professor Rice once said—a real poultryman has the eye to cull and the heart to discard. Culling is an art of Optiscan—the art to see and the will to discard.

Know Your Breed Aberdeen Angus

By W. J. DRYDEN

History of the Aberdeen-Angus breed in the United States dates back to the importation in 1850 of a cow named "Dutchess" from Portlethen, Scotland. There is no record of any present off-springs from this cow. In 1873, George Grant,

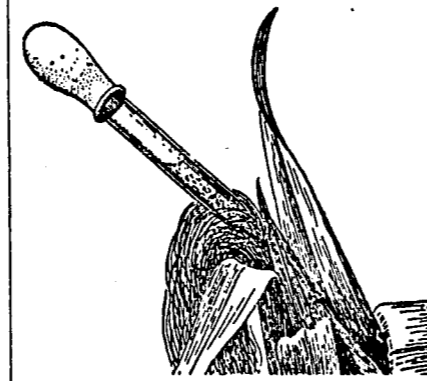

Elgon of Sunbeam, excellent type of Aberdeen-Angus bull.

Victoria, Kans., imported at least three bulls and ran them with common stock. This was really the foundation of the present breed in America, although many importations have been made since that time.

The Aberdeen-Angus are bred and raised almost exclusively for beef, although some strains are fairly good milkers. They hold an enviable record in the feed lot and as fat slaughter cattle.

Control Corn Earworm By Proper Treatment

In order to prevent corn-earworm Cornell has found that an inexpensive medicinal type of mineral oil, heavy grade, will prove satisfactory. The ears should be treated after the silk has started to turn

brown at the tip, from three to five days after silk first appears.

Apply the oil with an ordinary medicine dropper. Fill half full, about 20 drops, for small ears, and three-fourths full for large ears. Insert the dropper into the silk just inside the tip of the husk as shown. The oil penetrates the silk "channel" and kills the young worms as they enter.

DDT May Not Always Be Dangerous to Bees

Latest findings indicate that DDT may not be as fatal to bees as was formerly believed. It is true that if the hives are sprayed with DDT the bees will die. Tests at Michigan showed that bees in orchards which had been sprayed did as well as bees in an orchard where DDT was not applied. It was found in California tests that DDT proved no more harmful to bees than other sprays.

NOTICE OF PUBLIC HEARING PROVIDED IN CHAPTER 111, SESSION LAWS OF 1947, THE ACT FOR THE REORGANIZATION OF SCHOOL DISTRICTS

Pursuant to the provisions of Chapter 111, Session Laws of 1947, Section 8, Part (4), Notice is hereby given that the Latah County Committee for the Reorganization of School Districts will hold a public hearing in the Kendrick High School at 8:00 p. m. on the 9th day of February, 1948, for the purpose of affording the residents of the following districts:

All of Districts Nos. 22, 43, 38, 91, 102, 58 and parts of 63, 34, 76, 42, 32, 75, 66, 70 and 92 in Latah County, Joint Districts 11 and 24, and all of Districts Nos. 10, 75, 8 and parts of 23, 9, 61 in Nez Perce County and all of District No. 15 in Clearwater County,

in Latah, Nez Perce and Clearwater Counties, and/or an opportunity to be heard on the questions of:

1. The formation of a new school district comprising the territory of all or part of the aforementioned school districts.
2. The finding and determination of the value and amount of all school property.
3. The nature and amount of all bonded, warrant and other indebtedness of each school district affected, including all valid uncompleted obligations existing.

By order of the Latah County Committee for the Reorganization of School Districts.
 Dated this 23rd day of January, 1948.

LOUIS A. BOAS, Chairman.
 NELL P. LAFOLLETTE, Secretary.

First pub. Jan. 29, 1948.
 Last pub. Feb. 5, 1948.

NOTICE TO CREDITORS
 Estate of L. A. Grinolds, Deceased
 Notice is hereby given by the undersigned, administratrix of the estate of L. A. Grinolds, deceased, to the creditors of and all persons having claims against the said deceased, to exhibit them with the necessary vouchers within four months after January 1, 1948, the first publication of this notice, to the said administratrix at the office of Weldon Schimke, New Creighton Building, Moscow, Idaho, the same being the place for the transaction of the business of said estate, in Latah County, State of Idaho.

LOUISE W. GRINOLDS, Administratrix.
 Dated at Moscow, Idaho, Decem-ber 29th, 1947.
 First pub. Jan. 1, 1948.
 Last pub. January 29, 1948.
 Weldon Schimke, atty., Moscow.

Unpleasant Situation At Hand
 Federal tax returns for the calendar year 1947 are being mailed to all taxpayers as of December 15, 1947. However, under no circumstances, can any 1947 tax return be received by the Federal Revenue office until January 1, 1948. The tax forms mailed include Forms 1040 for individuals, 1040-F, Farm schedule; schedule D for taxpayers having capital gains and losses; form 1065 for partnerships; 1041 for fiduciary; and form 1120 for corporations.

To relieve the Christmas mail in postoffices, withholding, Employment Tax forms and Forms 940 for persons employing eight or more, will be mailed January 2, 1948.

Owing to the increase in number of taxpayers and fewer qualified employees to assist the public in filing their returns, John R. Viley, collector, urges those who want the assistance of a deputy collector in filing their returns, to file early.

Dates to remember are January 1 to 15, 1948. All those who filed an estimated tax return for 1947 can either pay the fourth installment or file a completed tax return. Those who pay the fourth installment on an estimated return, must file a completed return by March 15, 1948. Those who file a complete return by January 15, are not required to pay the fourth installment of estimated tax for 1947, but must combine such payment in their completed return.

Special Rule for Farmers: A person is classified as a farmer if 66% percent of his gross income is from farming operations. A farmer is not required to file an estimated tax return for 1947 until January 15, 1948. If he does file an estimated tax return he must pay the full amount of tax shown on such return at the

time of filing, then he has until March 15th to file a completed return and pay any tax shown thereon. If a farmer elects to file a completed return by Jan. 15, he must pay the tax in full, and no estimate is required.
 March 15: Estimated tax returns for 1948 must be filed and at least one-quarter of the tax paid at the time of filing. This is the final date for filing and paying the tax on individual income tax returns, partnership, corporation and fiduciary returns. The income tax rate on 1947 incomes is the same as the 1946.

Potlatch Chief Sez

PUBLISHED BY THE KENDRICK CO-OPERATIVE CREAMERY

HELLO, THERE, FOLKS:

About Dairy Products —

Do you keep an ample supply of dairy products on hand at all times? No meal is complete without fresh, fine quality butter for bread, hot rolls, baked potatoes, rice, etc. Milk is also a real necessity at every meal, either for preparing the meal, or to serve with the meal — whether it be steak and potatoes, or just peanut butter sandwiches. Growing children must have at least a quart of milk each day to maintain healthy, normal bodies. So keep the refrigerator well stocked with fresh, rich milk — and of course — be sure the name "Potlatch Chief" appears on the bottle top or on that pound of butter.

About Eggs:

Eggs furnish the proteins so necessary to our daily diet, so serve lots of them — fried, codded, boiled, scrambled or in ome-

lettes. For fresh, candled eggs shop at the Kendrick Co-operative Creamery.

About Cream:

To add extra flavor to any meal serve a dessert with whipped cream. It's sure to delight the entire family, and will finish the meal with real zest. For high quality dairy products always insist on "Potlatch Chief" Brand — sure to satisfy.

And:

Reno, Nevada, is reported to be an important dairy center . . . where the cream of society goes to get separated.

You wouldn't worry about what people think of you if you realized how seldom they do.

Professor: "What happens when a body is immersed in water?"
Student: "The telephone rings."

KENDRICK SCHOOL NOTES

benefit of the building fund of the Lapwai high school where a new balcony has been built. John Cermack, Lapwai superintendent of schools, estimated that approximately \$900 was cleared.

Drawings pitted Gifford against Lapwai in the first 16 minutes of play—Gifford winning 19-14. In the other first-round game Kendrick won from Winchester 23-16.

In the second round of games Lapwai topped Winchester 23-14 to take consolation honors and Kendrick won the final contest 18-18 from Gifford in a thrilling battle. C. B. Wilson, chairman of the Lapwai school board, presented the two top teams with cups.

About March Of Dimes
The March of Dimes drive is progressing nicely through the schools and community. As this drive is to be completed by Jan. 31st, it is requested that all money raised in this area be turned in to the school office to be turned in to the county organization on Friday, Jan. 30.

Lewiston-Kendrick Game
The regularly scheduled game to be played with Lewiston Jan. 31, will be played in Kendrick, rather than Lewiston, as was announced some two weeks ago.

Grade School News
New class officers for the fifth and sixth grades are: Ronald Craig, president; Ann Kanikkeberg, vice president; Merwyn Emmett, secretary treasurer; Sylvia Herr and Ann White, librarians.

New class officers for the seventh and eighth grades are: Charles Christensen, president; Davida Butler, vice president; Parker McCreary, secretary; David Crocker and Ken Gruell, librarians; Lee Jones, treasurer; Charles Parks, reporter.

The eighth grade has been studying the structure of the body and learning the different bones. They have also been learning the Preamble to our Constitution. In a grade school game played at Genesee last Thursday evening the seventh and eighth grade team won 17 to 13. Burton Souder was high scorer with 6; Lloyd Arnett, 5; Parker McCreary, 4; Charles Parks, 2.

SOUTHWICK NEWS

Mr. and Mrs. Don Cantrill and daughter returned home Thursday after spending the past two months visiting friends and relatives in California.

Mrs. Rollin Armitage spent Friday visiting Mrs. James Holt. Mr. and Mrs. Earl Brown of Lewiston spent the week-end in the Clay King home.

A number of Southwick residents were in Lewiston Saturday to attend funeral services for the late Pete Stump.

Mrs. Lina Mertz was in charge of a "pie social" held at the gymnasium Friday night for the March of Dimes benefit. A total of \$61.70 was taken in.

Mr. and Mrs. Wilbur Caldwell and daughters of Inglewood, Calif., arrived here Sunday and will reside in the Ladies Aid house.

Mr. and Mrs. Howard Southwick and daughter Mae were dinner guests of Mr. and Mrs. L. J. Southwick, Sunday. They spent the latter part of the afternoon with Mr. and Mrs. Grover Danforth.

Mr. and Mrs. Don Cantrill had as their dinner guests Monday Mr. and Mrs. Gordon Hicks of North Hollywood, Calif.; Mr. and Mrs. Wilbur Caldwell and daughter; Mrs. Annie Longeteig and Johnny and Thor Meland.

Mr. and Mrs. David Cuddy and Annabelle Cuddy of Lewiston, and Rollin Cuddy of Moscow were dinner guests Sunday of Mr. and Mrs. Arnie Cuddy.

Hank and Chris Tschantz were dinner guests in the Charlie Harris home Sunday.

Mr. and Mrs. Gene Southwick and family of Lewiston spent Sunday and Monday with Mr. and Mrs. Given Mustoe.

Mrs. Virgil Harris entertained a group of little youngsters Monday evening in honor of Doug Harris' sixth birthday anniversary. Those present were Roy and Beverly Thornton, David and Shirley Harris, Rona Armitage, Judy Cuddy, Marvin Hanks, Jeanine and Raymond Swanson, Sandra Cantrill and Wayne and Doug, Harris.

Arnie Cuddy has charge of the barber shop in Kendrick while Mr. and Mrs. Dick Cuddy are spending a couple of weeks in California.

Mr. and Mrs. Roy Gertje and family spent Sunday in the Don Cantrill home.

LINDEN ITEMS

Mr. and Mrs. Ray Cuddy were Sunday visitors in the Bill Cuddy home.

Mr. and Mrs. Felix Holt and children were callers in the James Holt home Sunday.

John Gentry was an over-night guest in the James Holt home Saturday night.

The W. M. A. Ladies are working on a quilt, and have been gathering in the Israel home all their free time.

We are enjoying some spring-like weather again — and your reporter feels — as I'm sure all the others in this area do — that we are fortunate to be alive and living in Idaho, one of "The Garden Spots of Earth."

The local Red Cross organization have decided not to have a drive
