## KENDRICK EMERGES IN NO. 1 POSITION AT TOURNAMENT

Lapwai "Defeats" Kendrick  
Lapwai defeated Kendrick and the Juliaetta Pirates beat Gifford for two upsets of the Valley sub-district tournament in sizzling games of high school basketball played at Lapwai Thursday evening.

Lapwai edged out Kendrick by one point with a score of 35-34. Juliaetta came up from 7 points behind in the third quarter to win with a score of 32-31. Winchester trounced Culdesac for the third game of the evening, 48 to 26.

Ross Armitage, coach of the Kendrick high school team, conceded the game to Lapwai when a question arose as to whether a foul committed by a Lapwai player had occurred before or after the horn had blown signaling the end of the game.

Kendrick met defeat for the first time in the Valley league. At the end of the third quarter Kendrick led Lapwai with a score of 25-24.

The score by quarters: First, 10-8; Kendrick; half, 20-17; Lapwai; third, 25-24; Kendrick; final (by concession) 35-34, Lapwai.

Kendrick Defeats Juliaetta  
Kendrick, Gifford and Lapwai won fourth round games in Valley league playoffs at Lapwai Friday evening by defeating Juliaetta, Culdesac and Winchester, respectively.

This moved Kendrick and Lapwai into a first place tie with three wins and one loss each.

Kendrick led all the way to overturn Juliaetta 46-24 in a slow game. Easterbrook and G. Brocke each scored 10 points to pace the winners while Holmes tossed seven fallies through the hoop to lead for Juliaetta.

The score by quarters: First, 9-8; Kendrick; half, 16-11; Kendrick; third, 29-18; Kendrick; final, 46-24, Kendrick.

Kendrick Gets First Place  
Lapwai — Feb. 21 — Kendrick and Lapwai high schools won final games in the Valley league round-robin tournament to assure both teams of spots in the second district class B tournament at Lewiston March 3-6.

By agreement between players and coaches of the two teams, Kendrick will be designated winner and Lapwai runner-up in the tournament.

Results of the final round of games were: Kendrick 60, Culdesac 31; Lapwai 39, Juliaetta 30; Gifford 36, Winchester 25.

Arlie Gales, coach of the Gifford team, notified John Cermack, assistant manager that he was lodging a protest with E. F. Grider, secretary of the Idaho State High School Athletic Association at Boise. Basis of the protest is the 35-34 victory of Lapwai over Kendrick Thursday evening.

Two timers were uncertain whether a foul occurred before or after the final horn. Ross Armitage, Kendrick coach, conceded the game to Lapwai.

Beautiful trophies for first and second places, donated by the Kendrick Bean Growers association at Kendrick, were presented to the winning team captains, and miniature gold and silver basketballs to the two teams. To Gifford, third place team, went the tournament ball. The final standings were: Kendrick, and Lapwai, 4-1; Gifford, 3-2; Winchester and Juliaetta, 2-3; Culdesac, 0-5.

## Tigers Won Easily

Kendrick mowed down the Culdesac entry in a methodical fashion to earn their fourth win in five starts in the opening game. Dammarell with 12 was high for Kendrick while Ruddle scored 9 for the losers.

The score by quarters: First, 22-6; Kendrick; half, 38-9; Kendrick; third, 52-17; Kendrick; final, 60-31, Kendrick.

## To Open For Business Friday

Kendrick's newest place of business, the Kendrick Bakery, will open its doors for business on Friday, February 27, and as a "welcome treat" the new institution will serve free coffee and doughnuts that day.

The new business, operated by Mr. and Mrs. Wright will feature pastries of all kinds, but specialize in Danish and French types. In addition assorted "Kuchen" a coffee cake, will be featured.

And, of course, there will be bread of all kinds. They will also receive orders for special cakes, pastries, etc.

Their announcement ad. will be found in this issue.

## NEAR-FLOOD CONDITIONS EXISTED SATURDAY NIGHT

It was "up again, on again and gone again" for Potlatch creek and part of the roads in this area over the week-end, but particularly "gone again" for the crossing at the foot of Brady Gulch, for the heavy and steady rain of Saturday and Saturday night sent that little stream up again to the place where it was impossible to cross it with a car, as a result, business visitors and basketball fans alike, who had been in Lewiston or Lapwai, were forced to either put on chains and go up over American ridge or else leave their cars at the Shepherd Sawmill and hike down the railroad track to town.

Early Sunday morning Ernest Brammer again "mounted his trusty bulldozer" and by a little after 10:00 had the channel plowed out and a roadway "smoothed" so that hardy souls who dared might cross. After the crossing they were greeted with about 100 yards of "soupy slime" on the highway to a depth of about six inches, which successfully "infiltrated" brakes, and left the driver almost powerless to stop.

The view-point on the Brady Gulch road just above the ball diamond proved a very popular spot all Sunday morning, large groups watching Ernest ride his bucking, bouncing, roaring steed through water almost up to the seat — as well as watching cars swaying, grinding and pounding their way across the stream and mud holes.

It is the sincere wish of residents of this area that Gov. C. A. Robins and James Reid, state engineer, could see this stretch of road, known as "Idaho Highway No. 42."

In other sections the roaring water flooded the Little Bear ridge road and washed away a portion of it, so travel in that direction was impossible. The road to Troy was open after a fashion, a soupy mud covering about a mile near the Bethel church to a depth of about six inches — and the road to Deary was open but restricted to one-way traffic for a short distance due to a slide.

Flood waters near Oakesdale, Wn., washed out a section of N. P. railroad track and as a result no trains were through Kendrick until about 12:30 p. m., when a local made up in Lewiston came through.

By Monday morning, however, the waters had subsided and rail traffic was back on schedule. Roads, however, are very soft and the "highway" between Kendrick and Juliaetta very poor, so caution must be used at all times.

## To Re-open Monday

The local hardware store, closed this week to permit inventory preparatory to changing hands, will be open for business again Monday — under the name of the Abrams Hardware; the hardware division of the Kendrick Bean Growers having been purchased by Frank Abrams, a young ex-G. I., with a long service record, who grew up in this town.

Mr. Abrams has purchased all the lines of the Bean Growers Association with the exception of the I. H. C. machinery and Goodrich tires. He will handle all kinds of hardware, paints, oils, electrical appliances, etc. His opening announcement ad. will be found in this issue.

For the present, or until completion of the new Bean Growers building, Mr. Abrams and the Association will continue to do business in the same building — but with their lines entirely separate. Frank, of course, will operate the hardware end, and be assisted by Wilmer Hanks. The other employees of the purchased business will remain with the Bean Growers.

## Pheasant "Commits Suicide"

Tuesday about 10:30 a. m. while busy taking inventory at the Kendrick Bean Growers, workers heard a crash at the front door, and on investigating, found a native pheasant (ruffed grouse) which had come sailing down off the north hillside and crashed against the front doors of the building. The bird was still alive, but very groggy, so Wilmer Hanks picked it up and put it in a box in the store. However, it "passed away" a little while later.

It is presumed that the pheasant had been scared by a coyote or dog, and set sail over town, but the reflection in the door glass of the hillside evidently fooled it — and the crash followed. Had it hit just a little higher it would have gone right on through the glass, just as one did in the N. B. Long & Sons store a few years ago.

As we understand it, Kendrick, occupying the first place position, will meet Pierce in their first division tournament game at Lewiston at 2:30 o'clock Wednesday afternoon, March 3rd. Pierce is considered one of the "toughest teams" at the meet and doubtless there will be plenty of Kendrick rooters on hand.

## INTERESTING HAPPENINGS FROM JULIAETTA AREA

Pirates Defeat Gifford  
The Gifford Ramblers met defeat at the hands of the Juliaetta Pirates in tournament play at Lapwai Thursday evening, 32-31. Gifford led three of the quarters but was unable to overcome a final Juliaetta drive.

## Serve 400 Free Lunches

The Kendrick Bean Growers Assn. "Family Day" with free lunch and entertainment, here Monday, proved very popular. The committee in charge estimated that at least 400 were served the free lunch, which took about two and a half hours.

Following lunch the group enjoyed a free show at the Kendrick theater. The show, which was presented again in the evening, was held the latter time in the gymnasium, as the theater was unable to accommodate the large crowd.

Not only was the Bean Growers store crowded all day, but other local business institutions reported a brisk trade — all of which goes to show that advertising pays.

## MISS ODETTA LOHMAN BRIDE OF ERVIN DRAPER

The marriage of Miss Odetta Lohman, daughter of Mr. and Mrs. Herman Lohman, Lewiston, and Ervin Draper, son of Mr. and Mrs. Robert Draper, Kendrick, was solemnized February 5, at 7:00 p. m. at the parsonage of the Clarkston Presbyterian church with the Rev. David Brown officiating.

Mr. and Mrs. Burton Talbot, Anatone, sister and brother-in-law of the bride were attendants. The bride was attired in a green dressmaker suit with brown accessories and a corsage of pink and white carnations. The matron of honor was attired in a black suit with green accessories and a corsage of red and white carnations.

The bride is a graduate of the Anatone high school and has been employed at the Nez Perce Tractor Co., Lewiston, for the past year. The groom is a graduate of Kendrick high school and a veteran of four years service in the South Pacific during World War II.

After the ceremony they left for a short honeymoon trip to Oregon and are now at home to their friends at the Draper ranch near Leland, where the groom is engaged in farming.

## Wedding Dinner

Mr. and Mrs. Robert Draper honored Mr. and Mrs. Ervin Draper with a dinner Sunday at their home.

Guests were Mr. and Mrs. Burton Talbot, Dorothy and Erma Lohman of Anatone; Mr. and Mrs. W. A. Deobald of Moscow; Miss Vivian Draper and Arthur Nelson of Lewiston; Mrs. Dora Heffel and Mr. and Mrs. Roy Craig and daughter Paige.

A beautifully decorated three-tier wedding cake and ice cream were served for the evening lunch.

## P-T. A. Meeting

The regular monthly P-T. A. meeting was held Monday evening in the high school auditorium, with Mrs. Henry Jones, president, presiding.

Following the usual business, Mrs. Jones announced there would be a special meeting on March 17, at which time Mrs. Ullie Hardman of Peck, district president, would pay the local group a visit.

A "Founders' Day" offering was taken, which amounted to \$3.95.

The business session was then adjourned to give Mrs. E. M. White, program chairman, an opportunity to organize her forces for the big basketball game Wednesday evening.

The Cameron ladies were hostesses for the evening.

## Reveal August Marriage

Residents of this area were greatly surprised this week to learn of the marriage last August of Miss Shirley Hadley, daughter of Mr. and Mrs. Fred Hadley of Juliaetta, and Harry Newman, son of Mr. and Mrs. Fred Newman of Cameron.

The young couple were married at Council, Idaho, the middle of last August, and successfully kept their marriage a secret until announcing it this week.

Temporarily they are making their home on the Glenn Newman ranch, better known as the Julius Hoppe farm, until they can complete the construction of a new home on their ranch, the former S. E. Mills farm.

**Milk To Raise In Price**  
 Owing to circumstances beyond their control, mainly increased costs of feed, handling, etc., the local creamery manager, Arthur Rundhauge, stated Tuesday morning that the price of pasteurized milk would raise from 18c to 20c per quart.

Mr. Rundhauge stated that he disliked very much to be forced to make the increase, but outside competition for the local lactive fluid had forced his hand. He also stated that a state test last week of local milk showed a bacteria count of only 1,000, which is very low; and tests of so-called grade A milk in a larger town nearby showed a count of 50,000!

### CAREFUL CULLING OF OLD COWS NECESSARY TO HERD

Culling out old cows and replacing them with young heifers, is the big need in most range beef herds in Idaho today, E. F. Rinehart, veteran animal husbandman with the University of Idaho agricultural experiment extension division, told the 100 stockmen at the first beef breeder-herdsman short course.

"Butchers have been outbidding breeders ever since the war," Rinehart explained. "As a result, young stuff, which should be replacing the older animals in the breeding herds, has been going to the meat market. Herds today contain an abnormally high ratio of aged cows."

Reporting on his observation of 67,000 breeding cows and 55,000 feeder cattle in herds in all parts of the state last year, Rinehart cited the "tremendous improvement" in the quality of beef cattle in the state during the 36 years he has been with the university's extension division. When Rinehart joined the staff in 1912 the state was just coming out of the "longhorn" cattle days.

Bull grading records from the 14 beef cattle associations in the state last year further reflect the quality achievement, he explained. He reported that bull grading committees, instructed to bar from the range any bull not meeting rigid quality standards, gave an "A" rating to 574 bulls and a "B" rating — not quite top, but still very good — to 783 bulls. Only 240 bulls were rejected in 1947.

"Seventy-five to eighty percent of all the delay in getting registry certificates and transfers handled through the national breed association offices is due to error or oversight by the breeder who sends in the record," declared R. R. Miller of Spokane, livestock sales operator, formerly with one of the breed associations.

Miller gave the breeders detailed information on what records are essential, how they should be kept, and how they should be handled to insure prompt attention by the breed associations.

"Simplicity, permanence and practicability are the main objectives in any set of herd records," he declared.

### Watch That Salt And Water

Neglect of salt and water are the greatest sins of stockmen from coast to coast, said Dr. T. B. Keith, associate professor of animal husbandry at the University of Idaho, at the first breeder-herdsman short course. Registration at the course totaled 90.

Salt requirements go up with the altitude and with the thermometer, he explained. Cattle on the higher ranges require more salt than those on lower pastures. Salt appetites rise during the summer heat.

"Providing 1 to 2 percent salt in

the ration, plus some salt which the cattle can get whenever they want some more, will meet the salt requirements at any altitude and at any time of the year in Idaho," Dr. Keith added in his discussion of fine points in feeding the breeding herd.

"Breeding animals," he warned, "are sensitive to feeds and more easily upset than the commercial types of animals."

Importance of proper handling, management and feeding of the herd was stressed by C. W. Hickman, head of the department of animal husbandry. Professor Hickman also gave suggestions on developing and preparing purebred cattle for shows and sales.

Remember — For a better buy always ask for "Bird's Eye" Frosted Foods, which are obtainable at Blevett's Grocery Market in Kendrick. Pick them from our case. 1-ad.

**Enrollment Way Up**  
U. of I. — Whoever is president of the board of regents in the spring of 1950, will draw one of the toughest hand-writing assignments in the University's history, J. E. Buchanan, president, states.

"The board's present president, J. L. McCarthy of Orofino, will have to write his signature over 500 times on the diplomas to be given out next commencement," the president added. "It will be the first post-war graduating group to pass the 500 mark."

In the university's current all-time high fall registration, now at 3,516, with late registrations coming in daily, are 1,180 sophomores and 722 juniors. These are new sophomore and junior records and forecast new all-time high graduating groups in both 1949 and 1950.

## \$23,515,000 STORY...

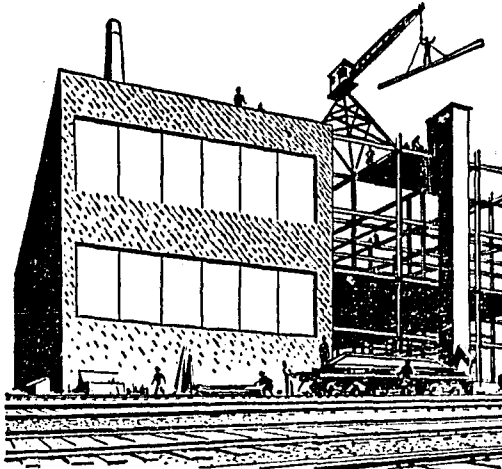

**TOTAL THESE FIGURES** and you get the \$23,515,000 story of Northern Pacific improvements in the last year. They add up to better service next time you take a trip or ship some freight along the Main Street of the Northwest.

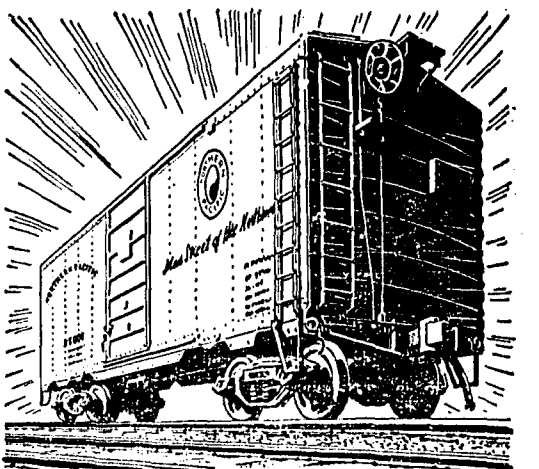

**\$5,246,000** was invested by NP last year in new, streamlined passenger equipment for the **NORTH COAST LIMITED**—new diesels, diner-lunch cars, coach buffet-lounge cars—ALL now in service.

**\$8,556,000** was spent on our roadbed to give you a smoother ride on the **NORTH COAST LIMITED**. This included laying 30,000 tons of heavier rail, putting down new ballast, reducing curves.

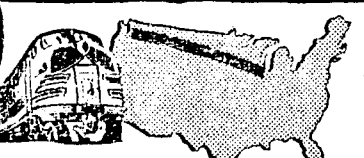

**\$2,238,000** went into NP plant additions to keep our equipment—all along Main Street—in the pink of condition. A diesel shop, a freight house, a power plant were finished; other work was under way.

**\$7,475,000** bought new freight cars and power—500 all-steel boxcars (of 1,700 freight cars we're building at our Brainerd, Minn., shops), 250 all-steel refrigerator cars, a fleet of fleet 6000-h.p. diesels.

**THIS STORY'S STILL NOT FINISHED**—for we couldn't get all the equipment we had on order, couldn't complete all our planned plant and main-line improvements. So we've earmarked \$18,490,000 more to continue the NP progress story this year!

**Grade School News**  
Patty Weaver of the second grade left last week to attend school at Troy. This leaves 32 enrolled in the first and second grade room.

The first graders have started their last reader of the year, "Our New Friends."

The first pupils in this room to complete the required number of book reports to earn Gold Seals are: Third — Junior Westendahl, Marjorie Ingle, Helen Lohman, Frieda Bambery, Gale Herr, Clinton Trout and Leland Slind; Fourth — Teddie Meskie, Glen Wegner, Dorothy Stephens, Jack Maynard, Shelia Westendahl and Carol Hudson.

In the fifth and sixth grades Donald Ingle, Arlene Maynard, Janice Christensen, Wilma Wilson and Gary Emmett are the first pupils to have their required book reports for the Gold Seal award.

Those of the seventh and eighth grades who had a perfect Spelling grade for the past six weeks are: DeAnn Mielke, Lois Platt, Sharon Sturman and Wilda Hiett.

For Moscow: L. McCabe, 14; R. Charvett, 11; Pat Todd, 4.  
**Grade School Team Wins**  
The Kendrick grade school team defeated the Ursaline Academy grade school by a score of 24 to 23. For Kendrick: Ronnie Craig 10; David Crocker 6; Max Schreffler 5; Mervin Emmett 2. For Ursaline: Jack Triebel 6; Relsenaer 4; Chandler 11; Bumyorez 2.

**Indian Axe And Abrasive Found**  
Dubois — A stone-age Indian axe and an abrasive used by primitive men for sharpening edged weapons was acquired last week by Elvin W. Henniger. The stone axe was found by Nephi Savage, five miles from Hamer. It is a belt-size implement with a peculiar grooving, indicating that it might have been used as a throwing weapon as well as a hand tool. The abrasive, showing many years of use as a whetstone, was found by Roy Cramer, a Holley project watermaster. It shows great wear from whetting and sharpening the crude cutting tools used by the ancient Indians.

Each year many arrowheads, spears, flints and other Indian tools and utensils are discovered in Clark county, which was once a favorite hunting and camping ground for the Indians.

# Potlatch Chief Sez

PUBLISHED BY THE KENDRICK CO-OPERATIVE CREAMERY

HELLO, THERE, FOLKS:

Wondering?

Are you wondering what to serve with dinner this evening? Cottage cheese is a delicious dish that helps to complete any dinner or luncheon menu. Also, it makes a delicious salad when served with lettuce and fruit. Remember: Always insist upon Potlatch Chief cottage cheese. It's better today than ever before — try it and see.

Why Not Service Ice Cream?

For a quick dessert that really satisfies, serve Potlatch Chief ice cream. Served plain, or with a topping of berries, it is a most delicious dessert, and is sure to meet with the approval of every member of the family — and all your guests as well. Serve it often, for it is economical, delicious and good for everyone from adults to youngsters.

About Milk And Butter:

Have plenty of Potlatch Chief pasteurized milk and butter on hand at all times. Cooking with-out milk would be practically impossible, and a meal without butter would be rather tasteless. Wouldn't hot rolls, baked potatoes and cooked vegetables, as well as dozens of other foods be flat without a nice golden slice of butter on them? Keep your family happy and well fed at the table by supplying them with lots of good, fresh dairy products. Remember to ask for "Potlatch Chief" brand dairy products — they are tops!

About The Price Of Milk:

Much as we regret it, we are forced to raise the price of milk from 18c to 20c per quart. The increase will be effective March 1st.

The name "Potlatch Chief" is your assurance of quality.

Mr. and Mrs. W. A. Cowger are still at the home of their daughter, Mrs. Wm. Hadden and family, Orofino, where Mr. Cowger is under a doctor's care.

### LINDEN ITEMS

Mrs. Louis Alexander left Friday to visit her daughter, Mrs. Joe Michaels and family at Forest Grove, Oregon. It should be mentioned that there is also a small granddaughter, who may have had something to do with her grandmother making the trip — "grandmothers are funny that way."

Mrs. Ted Vaughan and son Bobby visited her sister, Mrs. Olive Smith at Spokane last week-end, and stopped enroute to "chin" with her brother, John Keeler, at Steptoe.

Yes, you've guessed it — news is scarce. If we are lucky we get home after being obliged to leave. We all hate to go anywhere, roads being what they are, and anyone traveling the Cedar Creek grade will know exactly what we mean.

Mr. and Mrs. Arley Allen and Mr. and Mrs. Art. Foster and family visited the Claude Pippinger family in Orofino, Saturday.

Little Linda Garner is here to spend a few days with her grandmother, Mrs. Arley Allen, while her parents, Mr. and Mrs. Melvin Garner, visited his brother, Arthur, in Oregon.

Kenneth and Herbie Pederson visited in the Charles Keeler home Sunday afternoon.

Mr. and Mrs. Clem Israel left for Woodland, Wash., Wednesday for a visit with their daughter, Mrs. James Cuddy and family. Mrs. Israel remained for a longer stay, as Mrs. Cuddy as well as the children were quite ill. However, a late report is that they are much better.

Mrs. F. C. Lyons and George Lyons, accompanied by Mrs. Alfred Pederson and son Jerry, left Friday morning for the coast. Mrs. Lyons and son will visit in Los Angeles; Mrs. Pederson and Jerry will visit Mr. Pederson's mother in Pasadena, and other relatives in Oakland, and an uncle in Seattle, whom she has not seen in 25 years.

Miss Stella Weaver of Lewiston visited home folks over the week-end.

### I. O. O. F. Entertain

Members of the I. O. O. F. met last Wednesday evening in the Fraternal Temple with the Deary lodge as guests. Following the meeting pinocle was played and refreshments enjoyed.

# WOLVERINE SHELL HORSEHIDE WORK SHOES

WHO SAYS SO? Just millions of farmers and other workers who wear them. They know—and you, too, should know. Tough inner-shell horsehide, in BOTH soles and uppers—tanned buckskin-soft by the Wolverine secret triple-tanning process. Dries out soft after soaking, and stays soft. Extra comfort, extra wear on any job. You're losing plenty of both if not wearing Wolverines. Come in and try on a pair.
