NEWS ITEMS ABOUT LELAND RESIDENTS AND FRIENDS

L. S. L. A. To Meet Mar. 25
The L. S. L. A. will meet in the school lunch room on Thursday, March 25, at 2:00 o'clock. Everyone is urged to be present for the election of officers.

Other News
Mr. and Mrs. Wm. McCoy of Klamath Falls, Oregon; Mr. and Mrs. Raymond Hudson and son David and Paige Craig were Sunday dinner guests of Mr. and Mrs. Billy Weyen.

Mr. and Mrs. Leonard Wolff and sons were Sunday dinner guests of Mr. and Mrs. Lloyd Craig.

Mr. and Mrs. Phil Johns of Juliaetta were Thursday dinner guests of Mr. and Mrs. Roy Craig.

Mr. and Mrs. Willis Thornton and son Douglas and Mr. and Mrs. La Verne Williams and daughter Diana, all of Richland, Wash., were week-end guests of Mr. and Mrs. Jesse Thornton. Mr. and Mrs. Geo. Ebaugh and son Norman of Orofino were also Sunday dinner guests in the Thornton home.

Mr. and Mrs. Oetbert Hoffman and daughters of Spangle, Wash., were week-end guests of Mr. and Mrs. Chas. Hoffman. Mr. and Mrs. Donald Morgan and children were also Sunday dinner guests.

Mr. and Mrs. Donald Morgan and family were Thursday dinner guests of Mr. and Mrs. Chas. Hoffman. That evening they were the supper guests of Mr. and Mrs. Roy Craig.

Mr. and Mrs. Elwood Pearson of Lewiston were the week-end guests of Mr. and Mrs. Walter Silflow.

Mrs. Willard Reed and infant son, Timothy Allen, arrived Friday to spend a couple of weeks with Mr. and Mrs. Harry Smith.

Mr. and Mrs. Weyen were Sunday dinner guests of Mr. and Mrs. Ted Weyen.

Mr. and Mrs. Gus Kruger of Cameron were Sunday evening callers in the home of Mr. and Mrs. Walter Silflow.

Mr. and Mrs. Homer Jones and daughter Marilyn of Bates, Oregon, arrived here Wednesday to spend a couple of weeks with Mr. and Mrs. Alex Larson and other relatives.

Mr. and Mrs. Harold Silflow and Mr. and Mrs. Emil Silflow and son spent Saturday night with Mr. and Mrs. Marvin Silflow, helping Marvin celebrate his birthday anniversary.

Mr. and Mrs. Wm. McCoy of Klamath Falls, Oregon, were guests in the home of Mr. and Mrs. W. H. Weyen several days this week. Mrs. McCoy and Mrs. Weyen are sisters.

Mr. and Mrs. Paul Jones and son of Park were Friday night and Saturday guests of Mr. and Mrs. Alex Larson.

Mr. and Mrs. Wilmer Hanks and sons were Sunday afternoon visitors of Mr. and Mrs. Harry Smith.

Mr. and Mrs. Homer Jones and daughter of Bates, Oregon, and John Vincent were Sunday dinner guests of Mr. and Mrs. Robert Draper.

Mrs. Isabelle Foley and sons Michael and Jack, and Mr. and Mrs. Marvin Vincent were Sunday dinner guests of Mr. and Mrs. Roy Craig.

Mr. and Mrs. Don Johnson and family of Lenore were Sunday dinner guests of Mr. and Mrs. Wilbur Tarbet.

Mr. and Mrs. Herman Jonsson, Mrs. Willard Reed, and Mr. and Mrs. Harry Smith and sons were Sunday dinner guests of Mr. and Mrs. Oney Walker. The occasion was Oney's birthday anniversary.

Mr. and Mrs. Ewald Hinrichs and Herman and Ray Jones were Sunday evening visitors in the home of Mr. and Mrs. Gordon Peters.

Mr. and Mrs. Emil Silflow and son were Sunday dinner guests in the home of Mr. and Mrs. Carl Koopp at Cameron.

Mr. and Mrs. Roy Craig were Moscow visitors on business, Monday.

Mr. and Mrs. Jesse Thornton accompanied Mr. and Mrs. Oscar Medall to Pocatello on Tuesday to attend the basketball tournament in that city.

Mr. and Mrs. Ervin Draper, Mr. and Mrs. Robert Draper were Tuesday dinner guests of Mr. and Mrs. Billy Deobald in Moscow. The dinner was in honor of Mrs. Deobald's birthday anniversary.

Leland School Notes
Films shown this week were: "Treasure Island," "Brazil Gets the News" and "Peru."

The boys' basketball team was taken to Southwick Thursday by Walter Silflow for a game with Southwick. This was the fifth consecutive win for the team. Those making the trip were Stanley Smith, Howard Wolf, Keith Thornton, Ernest Helmgartner, Walter Wolff, Herman Hinrichs and Norman Silflow.

The students of the Intermediate room were given a vacation Friday, permitting Mr. Cridlebaugh to attend an all-day class in "Accident Prevention," conducted by Mr. Roberts of the American Red Cross. The "School" was held in the offices of Mrs. Farnum, county superintendent.

The students of the Primary room held a "Pet Show" in their room Friday afternoon.

During their Art classes last week the Intermediate students made "Easter Lillies" to help decorate their room. New white curtains, with yellow and purple trim around their windows, also, Easter baskets were the projects worked on this week.

The Nez Perce County Track meet, in which our school will take part, has been scheduled for Friday, May 7.

Your home town — Kendrick — is what you help to make. A boost, instead of knock means improvement

Kendrick Cafe Sold

Last week-end Mr. and Mrs. E. M. (Bill) White purchased the Kendrick Cafe from Mr. and Mrs. Obert Salhus, who had been its owners for the past 18 months — they having purchased it from the Whites.

Mr. and Mrs. White will be assisted by Mrs. Charley Candler, and members of their own family.

All will be glad to welcome them back into the ranks of Kendrick business folks.

Mr. and Mrs. Salhus left Monday for Lewiston where they will make their home for the time being. Their plans for the immediate future are indefinite.

CLIFFORD H. NELSON VICTIM OF MONOXIDE GAS

Clifford H. Nelson, Juliaetta, 37-year-old operator of the Juliaetta Garage and well known throughout this entire territory, was found dead in a stalled car near the Giese ranch on Fix ridge Sunday afternoon about 1:30 o'clock.

Following a call made by Mike Hedler, Juliaetta constable by Mrs. Howard Hutchison, who had previously been notified by Bruce Giese of the stalled car, Mr. Hedler investigated, and on opening the car door, found Mr. Nelson, presumably asleep at the wheel, but on touching him discovered death, apparently caused from carbon monoxide fumes from the car motor, had struck.

Mr. Nelson had been working on the transmission of the car Saturday, and, apparently testing it that evening, had driven to the top of the Fix ridge grade, turned around and headed back for home, but evidently became stalled at the foot of the "Giese" hill, for Mr. Giese reported having heard a motor quite late in the evening, but thought nothing of it, so did not investigate until Sunday shortly after noon. Mr. Nelson had the floor board out of the car, and the transmission top off, so it is presumed the deadly gas caught him unawares, and as he often worked late at night, Mrs. Nelson did not become alarmed by his absence.

Clifford H. Nelson was born at Moscow, Idaho, December 29, 1911. He grew to young manhood in that city, attending high school there, and later moved with his parents, Mr. and Mrs. Chas. Nelson, to Juliaetta.

In 1935 he was united in marriage at Orofino to Laura Groseclouse, coming thereafter to Juliaetta. To this union one daughter, Karen, was born.

The family continued their residence for some 13 years at Juliaetta, until the last war, when the deceased closed his garage and went to Bovill to work in the machine shops of Potlatch Forests for about five years. After the close of the war they again moved to Juliaetta where he re-opened the garage, and has since operated.

He is survived by his wife, Lura, a daughter, Karen; his father and mother, Mr. and Mrs. Charlie Nelson, Juliaetta; a brother, Clayton Nelson, Juliaetta; two sisters, Luella Howell, Juliaetta and Carol Keimig of Spokane; one step-brother, Lloyd Ripley of Spokane.

Funeral services were held at Moscow, Wednesday at 2:00 p. m. from the Short Funeral Chapel, with interment in the family plot at the Moscow cemetery.

Mrs. Percy G. Rew Passes

Mrs. Agnes Rew, 53, Seventh and Highland, Clarkston, died Sunday evening, March 7, at her home following an illness of six months.

Survivors include her husband, Percy G. Rew; one daughter, Mrs. Evelyn Farnsworth, Clarkston and one son, Ted F. Rew, Bremerton, Wash.; three grandchildren; her father and mother, Mr. and Mrs. William Chilberg of Spokane; one sister, Mrs. Elaine Hudson, Spokane, and four brothers, Ernest Chilberg, Philadelphia, Penn., Elmer Chilberg, Schenectady, N. Y., Evar Chilberg, Richland, Wash., and Robert Chilberg, Southwick, Idaho.

Funeral services were held at 2:00 p. m. Wednesday from the Merchant Chapel, Clarkston, with Rev. David Brown, officiating. Music was by the Mmes. Schiebe and Tuttle.

Mrs. Rew was born Jan. 22, 1895, at Spokane, attending school there and later the Cheney Normal. After graduation from this school she taught school for nine years. She was united in marriage to Percy G. Rew on Dec. 26, 1921, at Lewiston. The couple began their married life at Kendrick, where they resided until moving to Clarkston in 1928, where they had since made their home.

Houses Change Hands

Two Kendrick homes changed hands last week-end, Mr. and Mrs. Paul Lind selling their home to Mr. and Mrs. Chas. Greenwood, and then in turn purchasing the Frank Nesbit home on Main street in the west part of town.

Mr. Nesbit will be leaving Kendrick soon for Deary, where he will open a drug store. It will be remembered that Mr. Nesbit retired some two years ago, but says he now finds time hanging too heavily on his hands — hence the move to Deary. It will be with real regret that local residents will see him leave.

Both deals were handled by J. G. Travis.

New Paint Shop Open

The Kendrick Metal Shop, John W. Davis, owner, opened a new department Friday of last week, handling paints, wallpaper, brushes, etc.

The interior of the new section is very attractively finished in cream, white and light blue.

ABOUT THE SCHOOL ELECTION

In this week's issue of the Gazette — as well as that of last week — appears the Notice of Special School Election. This notice carries the legal description of the boundaries of the proposed new district, as well as other proposals connected with the matter.

Polling places, too, are listed and YOU are urged to do your duty as an American citizen, and exercise your voting right. Qualifications for this election are the same as those for any regularly constituted school election — A property owner or have children attending school.

The date — Saturday, April 3, 1948.

VOTE AS YOU PLEASE — BUT VOTE!

TIGERS WIN NORTHERN DIVISION CHAMPIONSHIP

Kendrick Tigers, under the coaching of Ross Armitage, repeated their performance of the past four years by again winning the Northern Division basketball crown, defeating Rathdrum 37-25 Thursday evening, and again dropping Pierce's Foresters by a score of 40 to 23 Friday evening.

The beautiful trophy they won as a symbol of their championship may be seen at Burr's Confectionery.

Kendrick Defeats Rathdrum

Every available seat in the N. I. C. E. gymnasium was taken last Thursday evening, with almost the entire west section covered with Kendrick fans to see the Tigers play their opening game against the Rathdrum Panthers — and roared and whooped it up throughout the entire game.

Rathdrum scored first, but saw the Tigers drive on to take a 7-3 first quarter lead and a 14-11 half-time advantage. The Tigers then turned on the heat in the third quarter and posted a 25-11 lead during the third quarter before Rathdrum was able to find the hoop again.

From that point on Kendrick never failed to lead and drove steadily throughout the remainder of the game, although Rathdrum fought till the final horn.

Arnold Bradbury, Rathdrum guard, hit from the field and scored a gift toss to give the Panthers a 3-0 lead in the first two minutes of play. Herb Millard and Ray Easterbrook then converted gift tosses to tie the score and Junior Brocke put Kendrick out in front with a field goal with five minutes gone. Kendrick was never headed or tied from that point on.

Junior Brocke hit three straight field goals in the second quarter for Kendrick, but Bradbury also canned six points, and the half ended with Rathdrum trailing 14-11. Both teams felt the tension of tournament play and missed shot after shot at close range, as well as plenty of gift tosses.

The tension wearing off, the Tigers began to roll in the third stanza as Herb Millard collected six points from the field; Ray Easterbrook three and Frank Dammarell two. The Tigers checked so closely that six minutes of the third quarter were gone before Wayne Manweiler hit a field goal and a gift toss for Rathdrum. Kendrick led 25-14 as the third quarter ended.

The teams played on nearly even terms in the fourth quarter, with Kendrick scoring 12 points and the Panthers 11. Seven Tigers found the scoring column as Coach Ross Armitage sent in his reserves in the final stanza. Wayne Manweiler added seven points in the final quarter for Rathdrum, but the Kendrick lead was too great to overcome.

Junior Brocke and Herb Millard led the Tiger attack with 10 points each; Bradbury with 12 and Manweiler with 11 were high point men for Rathdrum.

The box score follows:

Kendrick (37)	FG	FT	F	TP
R. Easterbrook, f	3	4	9	
K. Brown, f	0	0	0	1
H. Millard, f	4	2	0	10
G. Cook, f	1	2	1	2
A. Medalen, c	0	0	0	0
F. Dammarell, c	2	0	2	4
B. Thornton, g	0	0	1	0
E. Brocke, g	1	0	0	2
D. Millard, g	5	0	2	10
G. Millard, g	0	0	3	0
Totals	15	7	14	37

Rathdrum (25)

Rathdrum (25)	FG	FT	F	TP
Manweiler, f	4	3	1	11
Myers, f	0	0	2	0
O'Donnell, f	0	1	2	1
Washburn, c	0	1	2	1
Purrrington, c	0	0	0	0
Bradbury, g	4	4	1	12
Kiefer, g	0	0	5	0
Frazier, g	0	0	2	0

Officials were Kurdy and Engel.

Kendrick Defeats Pierce 40-23

Kendrick won its fifth straight regional class B basketball championship by trouncing Pierce 40-23 in the finals of the north Idaho regional tournament at N. I. C. E. gym. in Lewiston Friday evening, thereby winning the right to represent north Idaho in the state tournament which began Wednesday of this week at Pocatello.

By winning the championship of north Idaho in Class B ranks, the Kendrick Tigers will meet three other class B regional champions at Pocatello. Other champions are Middleton from the Boise district; American Falls and McCammon from the Pocatello district. This tourna-

Still No Dump Grounds

As we go to press our latest information is that the village "fathers" have not yet located a place which may be used as a dump grounds — and garbage cans, barrels, sacks, etc., are filled to overflowing. This, of course, has created a field day for the stray dogs about town, for it isn't necessary to knock the lid off a garbage can in order to get at the content — the contents are running over!

It's a lucky thing that it isn't fly time, for if it were, a health hazard would be created that could not be ignored.

PERSONALS AND NEWS ABOUT KENDRICK FRIENDS

Mr. and Mrs. James Nesbit of Moscow were in town Sunday visiting his father, B. F. Nesbit.

Mr. and Mrs. Boyd Cook and son David of Lenore spent Sunday at the Paul Lind home.

Mr. and Mrs. C. Gowan were called away last week-end by the death of Mr. Gowan's brother.

Mr. and Mrs. Claude Craig returned last week-end from a trip to Portland, Seattle and Coeur d'Alene, where they visited friends and relatives for the past ten days.

Mrs. Ray Hathaway and daughter of Spokane visited last week-end in the home of her parents, Mr. and Mrs. Clifford Davidson. Mrs. Davidson accompanied them home Monday to spend several days.

Bob Watts, U. of I. student, was home over the week-end. A school chum, Edwin Gill, accompanied him. Other students home included Bob Lind, Ossie Kanikkeberg, Tom Brown, Teddy Deobald, Beverly Schupfer and Ida Marie Silflow.

Mrs. Ben Cook is substituting for Mrs. Werner Brammer at the high school, while Mrs. Brammer attends the tournament.

Mr. and Mrs. Oscar Hartung of Winchester were Sunday guests in the Walter McCall home.

Mrs. Effie Bakken, Seattle, is expected to arrive this week-end to visit her sister, Mrs. J. G. Travis, who has been ill for some time, but is now feeling better.

Mr. and Mrs. Boy Wright were in Lewiston Sunday visiting relatives. Margaret Wright brought Jimmie Weiler of Lewiston up Wednesday, and he will make his home here with his grandparents, Mr. and Mrs. Boy Wright.

Mrs. Wade T. Keene returned on Sunday from a two-week visit at Kennewick with her daughter and family, Mr. and Mrs. George Jones. Her little granddaughter, Penny, accompanied her home for a visit.

Mrs. A. O. Kanikkeberg left on Saturday afternoon for Seattle, where she will visit her daughter and son-in-law, Mr. and Mrs. Judson I. Lee.

Mrs. Jack Maynard is taking Effie Candler's place at the Kendrick Cafe, while Mrs. Candler attends the tournament at Pocatello.

Mr. and Mrs. Harry Baker have received word from their daughter, Agnes, who is attending the Multnomah School of the Bible, Portland, saying that she was on tour this week with the Achapello Choir from that school, which includes some 50 voices. They will sing at Yakima, Seattle and Everett, and then go into Canada.

Mr. and Mrs. Elmer Anderson and son Walter were Sunday visitors in the Roy Osborn home at Deary.

Mr. and Mrs. Ercil Hudson and family were dinner guests at the Alva Craig home on Cedar Ridge, Sunday.

Virginia Cuddy of Southwick spent the week-end with Jo Darby.

Lester Wallace is on the sick list at this time.

Rev. and Mrs. Wm. Karns and family are visiting friends in Coeur d'Alene.

Mr. and Mrs. J. W. Abbott of Clarkston were guests of Mr. and Mrs. Oral Craig, Sunday. Mr. and Mrs. Wm. Johnson and family, Mr. and Mrs. O. A. Walker and Neal and Mr. and Mrs. Herman Johnson were evening callers.

Lewiston visitors Monday included Mr. and Mrs. W. W. Eldridge, L. L. Williamson, Mrs. Wm. Johnson and daughters, Mrs. Bonnie Easterbrook and Jack, Mrs. O. R. Craig, Mr. and Mrs. Jack Maynard and Mrs. A. W. Jones.

W. D. (Jack) Woodward, who has been ill for some time, is reported as improving.

Mrs. Wm. Holt was a passenger for Moscow Tuesday.

Mrs. Bruce Ebert took the train for Spokane, Friday.

Mr. and Mrs. Robert Magnuson were Walla Walla visitors Monday.

Mr. and Mrs. R. L. Blewett were in Moscow Wednesday, attending funeral services for Clifford Nelson, Sheriff Ingvold Aas and J. F. Jordan were Kendrick business visitors Tuesday evening.

Mr. and Mrs. Clarence Dougherty visited with Mrs. Mary Deobald on Sunday.

Larry and Erma Langdon were Lewiston callers Tuesday.

Joe Langdon, Lewiston, and Buddy Langdon, U. of I. student, were home over the week-end.

Mr. and Mrs. Geo. Havens, Chas. and Ira, and Larry and Harry Langdon and Mr. and Mrs. Nora Callison were Moscow callers Friday.

Pearl Brown, who is teaching in Burke, was home to spend the week-end with her parents, Mr. and Mrs. Ed. Brown.

Mrs. Ed. Brown, accompanied by her daughter Pearl, called on Roy Weber, who is recuperating at the St. Joseph's hospital, Lewiston, following an appendectomy.

Remember — There are no parking meters on the streets of Kendrick. Business men welcome you.

WHEAT WEAKENS AS CROP PROSPECTS ARE IMPROVED

Domestic wheat markets weakened during the past week, with prices declining as much as 20c per bushel at some points, according to reports to the Federal Market News Service. Reports of generally favorable crop prospects in the main winter wheat belt and in Europe appeared the principal weakening market influence. The situation was especially unsettled early in the week when government agencies rejected most of the flour offered to fill export allocations, but strengthened somewhat toward the close when mills were requested to submit new offerings. Growers in most sections continued to market their remaining wheat supplies quite slowly but as for some time past mills and other classes of trade generally were limiting purchases to nearby requirements only. Middlewestern spring wheat markets suffered the greatest declines, but Pacific Coast markets shared in the general downward trend with prices at Portland off about 16c per bushel compared with a week ago.

Pacific Northwest wheat markets declined quite sharply with the prices at Portland 16c per bushel lower compared with a week ago. Receipts at Columbia river and Puget Sound markets amounted to only 114 cars compared with 346 cars during the previous week, but were ample for the limited demand. Mills reported only moderate flour business, and weakness in other markets also caused other classes of trade to limit their wheat purchases. At the close of the week bid prices at Portland for No. 2 soft white, No. 2 white club, No. 2 western red and No. 2 hard red winter were on the basis of \$2.29 per bushel, in bulk, coast delivery. Bids for No. 1 hard red winter were \$2.32.

Intermountain wheat markets showed somewhat smaller declines than other points, reflecting the relatively light offerings. Receipts at Ogden amounted to only 32 cars.

Additional precipitation during the week improved small grain prospects in the Great Plains and eastern Rock mountain regions. While cold weather slowed up developments there were reports of some greening for wheat fields as far north as southern Illinois. A good snow cover afforded generally ample protection to the wheat from the severe cold that spread over the Lake region and the Great Plains, with zero temperatures as far south as the Texas panhandle. Substantial rains and snow are still needed in California and Nevada.

The condition of winter wheat and rye crops in the U. S. S. R. was reported as excellent or good through the early part of February. Winter grains before World War II accounted for two-thirds of the bread grain supply. An exceptionally mild winter preceded by a long-drawn-out and relatively mild autumn favored the winter grain, but the most critical period for winter crops in the Soviet Union is considered to be late winter and early spring. The lack of snow covering in many of the semi-arid regions is a critical element in making a crop, and is not now favorable from the standpoint of moisture supply. However, its adverse effect this year may be offset by the abundant rainfall in most regions during the autumn and early winter months.

The San Francisco wheat market turned weaker with prices declining from 10c to 20c per 100 compared with a week ago. As in other recent weeks, central California marketings were small, but declines in Pacific Northwest and Intermountain markets, together with slow demand, brought prices down.

The Los Angeles wheat market also weakened, affected by the same conditions as that of San Francisco.

Receives Congratulatory Letter

Jasper Nutting, local drive chairman for the "March of Dimes" has received a letter of congratulation from national headquarters, as follows:

Dear Mr. Nutting:

We are happy to acknowledge receipt of the financial report and remittance for the 1948 March of Dimes" from your county.

You will be glad to know that similar reports from every state in the union indicate that the fight against infantile paralysis will continue as intensively as before.

On behalf of those who have benefited, let me thank you and those who worked with you for meeting a great need with a good campaign.

Please accept my personal thanks for a job well done.

Sincerely yours,
Basil O'Conner, President.

Committal Services Held

Graveside services for H. H. Sparber, former resident of this area, were held Thursday afternoon at 2:00 o'clock with the Rev. Dr. J. H. Coulter bringing the message.

Palbearers were John Galloway, R. L. Blewett, Clarence Johnston, Harry Lang, E. T. Long and D. A. Miller, all old-time friends of the deceased.

Burial was in the Kendrick cemetery, with Short's Chapel, Moscow, in charge.

Homes Under Repair

The Easterbrook home in the west part of town is undergoing an extensive remodeling at the hands of Wayne Kuyemial and Charles Easterbrook. Two bedrooms and a bath are being added, as well as repairs being made.

In the east part of town the Frank Crocker home has received a new roof of green asphalt shingles.

County-Wide Weed Meeting
 A county-wide weed meeting will be held on Tuesday, March 23, in the Grange hall at Moscow. This meeting will begin at 2:00 p. m. The purpose of the event is to give all interested persons in the county the latest information on cultural and chemical control of weeds. This information will be given by C. I. Seely, weed specialist of the University of Idaho. The meeting is being sponsored by the Latah County Board of Commissioners — R. E. Nordby, Alvah Strong and George C. Hoidal; the Latah county weed advisory committee, John Ludke, Genesee; Ernest Anderson, Troy and Robert Lindsay, Palouse, and Elbert McProud, county extension agent.

A member of the board of county commissioners will discuss plans for the 1948 weed control campaign. Any questions and suggestions regarding any phase of weed control work are welcome to be presented.

WHAT CAMERON FOLKS ARE DOING THESE DAYS

Mr. and Mrs. Harry Newman were the honor guests at a shower Sunday evening at the Ladies Aid hall, with Mrs. Glen Wegner, Mrs. Geo. Wilken and Mrs. Ed. Mielke as the hostesses. After opening the many lovely gifts, local colored slides and motion pictures were shown. A delicious lunch was served at the close of the evening.

A large group of relatives and friends gathered at the home of Mr. and Mrs. Carl Koopp, Sunday, to honor and bid farewell to Mr. and Mrs. Wm. Brammer and daughter Orline, who left for their home in Carstairs, Alberta, Canada, Monday, after an extended visit with relatives and friends in this area.

Miss Thalia Higgs of Lewiston was a guest of Mr. and Mrs. Harl Whittinger Saturday and Sunday.

Mrs. Theo Meske and the Luther League attended an officers school of the Blue Mountain Federation of Luther Leagues, at the Trinity Lutheran church in Lewiston, Sunday afternoon and evening.

Mrs. Fred Newman visited with Mrs. Harl Whittinger Friday afternoon.

Mr. and Mrs. Dan Sullivan of Hooper, Wash., spent Sunday with her parents, Mr. and Mrs. Aug. F. Werner and sons.

Mrs. Wilbert Brunsek visited with her sister, Mrs. Clay Albright, at Lewiston, several days last week.

Mr. and Mrs. Henry Wendt left for Camas, Montana, last week, on a visit. They expect to be gone for several weeks.

Mrs. Carl Koopp and Mrs. Wm. Brammer and daughter Orline visited with Mrs. Herbert Schwarz Saturday afternoon.

Mrs. Albert Glenn entertained at a quilting party Thursday for Mrs. A. H. Blum, Mrs. Francis Olson, Mrs. Herman Silflow, Mrs. Theo Meske, Mrs. Geo. Wilken, Mrs. Glen Wegner, Mrs. Ed. Mielke, Mrs. Otto Silflow, Mrs. A. E. Spelker, Mrs. Wilbert Brunsek and Mrs. Harold Silflow.

Mr. and Mrs. Emil Silflow and son Freddy and Mr. and Mrs. Harold Silflow were Saturday evening dinner guests of Mr. and Mrs. Marvin Silflow. The dinner honored Marvin Silflow's birthday anniversary.

Mr. and Mrs. Roy Southwick visited with Mr. and Mrs. Harl Whittinger on Wednesday.

Rev. and Mrs. Theo Meske and son Duane were visitors in Spokane on Monday and Tuesday.

Mr. and Mrs. Bob LaHatt and L. S. LaHatt of Pomeroy were Thursday night guests of Mr. and Mrs. Edwin Mielke.

Mrs. Henry Jones and daughter, Mrs. Walter Koopp and family, Mrs. Geo. Wilken, Mrs. Ed. Mielke and daughters, Mrs. Fred Newman and Miss Helen Mielke spent Monday evening with Mrs. Glen Wegner.

Honored For Scholarship
 T. L. Deobald, Kendrick, was one of nine men chosen for membership in Sigma Tau, engineering honorary at the University of Idaho. Members are chosen on the basis of scholarship, sociability and practicality. Deobald is majoring in chemical engineering.

Beverly Schupfer, Kendrick, was pledged to Sigma Alpha Iota, women's music honorary at the University of Idaho. Miss Schupfer was also tapped this week for Alpha Lambda Delta, freshman scholastic honorary. To be eligible for membership Miss Schupfer made a grade average of 3.5 or over out of a possible 4.0 for all "A" grades.

Phi Eta Sigma, freshmen men's scholastic honorary, announces the pledging of Harold Brammer, Cameron. To be pledged a student must have a 3.5 grade average out of a possible 4.0 for the semester of his freshman year at the University of Idaho.

Richard Bencoter, Kendrick, was recently initiated by Tau Kappa Epsilon fraternity at the University of Idaho.

Good Crowd At Meeting
 There was a very good crowd at the Soil Conservation meeting in Kendrick Tuesday of this week, the attendance being estimated at between 250 and 300. At the noon lunch, served by the Kendrick Grange for the Kendrick Commercial Club, between 150 and 175 were served.

The lunch consisted of baked beans, sandwiches, pickles, doughnuts and coffee.

Weather Typically March
 No one could ask for any more "Marchy" weather than we have had the past week. The weather man has given us rain, snow, hail, sleet, wind and sunshine. Is there anything else on his "menu"?

Sunday was a fine sunny day, and local residents certainly took advantage of it to clean up their places. The air was filled with columns of smoke as residents burned the winter's accumulation of trash and leaves.

Most lawns received a good raking and once in a while the whirr of a lawn mower was heard.

TIGERS WIN CHAMPIONSHIP
 (Continued From Page 1)

marell, Mr. and Mrs. Floyd Millard and Mr. and Mrs. George Brocke, Sr. The purpose of leaving Sunday was to give the team at least a partial conditioning to the high altitude of the tournament city.

Another caravan left Tuesday morning, with most of the Seniors. Those going were Gilbert Candler, Nellie Fry, Doris Clemenhagen, Kathryn Brown, Betty Maynard, Wilma Bencoter, June Brown, Verlin Benjamin, Tom Cox, Bob Grim, David Coulter, Buford Fairfield, Clarence Alexander, John Deobald, Jerry White and Richard Konen. Those taking cars to transport the group were Mr. and Mrs. Werner Brammer, Jack Maynard, Andy Cox and Jasper Nutting. Others going were Mr. and Mrs. O. Medalin, Mr. and Mrs. Burton Souders and son Burt, Jr., Mr. and Mrs. Raymond Hudson, Mrs. Bonnie Esterbrook, Mr. and Mrs. Charlie Candler and Mrs. Ross Armitage, Mrs. Walter Brocke — and there are possibly others of whom we have not learned.

INTERESTING HAPPENINGS FROM JULIAETTA AREA

Little Dee Magnuson of Kendrick spent Monday with the Ralph Magnusons. Her parents, Mr. and Mrs. Bob Magnuson, went to Walla Walla.

Mrs. Hazel Bisbee made a business trip to Lewiston on Monday.

Rev. Earl Gaskill conducted services at the Community church in Teakean Sunday, and later visited with friends on Cream ridge.

Mr. and Mrs. C. V. Strom visited with friends in Troy, Sunday.

Mr. and Mrs. Harry Winters of Southwick visited at the Louis Groseclose home Friday.

Mrs. Mary Wahl arrived home on Sunday from a visit with her son in New York.

Mr. and Mrs. Edgar Lackey and family spent Sunday in Orofino, visiting with relatives.

Mr. and Mrs. Ralph Magnuson accompanied Mr. and Mrs. Robert Magnuson of Kendrick to Lewiston Saturday, for a dinner and the ball game which followed.

For the second time this year Adrian John's dairy herd has been "increased by twos." His prize dairy cow, Penny, had twin heifer calves — born Friday.

Mr. and Mrs. Harry Newman of Southwick visited at the home of her parents, Mr. and Mrs. Fred Hadley, Sunday.

Mr. and Mrs. Fred Hadley accompanied Mr. and Mrs. Harry Newman of Southwick to Lewiston Monday, where Mr. Newman took his initial lesson in flying at the Clarkston airport.

E. A. Kirkpatrick made a business trip to Spokane early this week.

Mrs. Tonkinson spent Friday and Saturday in Asotin with her sister, Mrs. Whittin.

Merle Ball and family from the Middle Fork country visited over the week-end with the Irvin Baker family.

Dor Baker visited at the Baker home over the week-end.

Mr. and Mrs. Woodrow Nye and little daughter Ardene, and Lloyd (Buzz) Nye, Mr. and Mrs. Lewis Lindquist and Mr. and Mrs. Ona Cope were Saturday night callers at the Alvin Nye home in Clarkston.

Mr. and Mrs. Jack Kumpula of Clarkston Heights called at the home of their daughter, Mrs. Woodrow Nye, one day last week.

Marge Dill of Coeur d'Alene spent the week-end at the home of her girl friend, Beverly Swears.

Loye Tacker has returned from Pasco and Long Beach.

Junior Neill of Pasco, Wash., spent the week-end here.

Earl Gaskill has resigned as the janitor at the Juliaetta school house. The position has been filled by Mr. and Mrs. Crayton Biddison.

Doris Lingenfelter and Leonard Weber were Lewiston shoppers last Thursday.

Mrs. Everett Farrington (nee Freda Peters) of Kendrick was visiting relatives and friends here Monday.

Peggy Hadley, Frankie Peters, and Claudene Clark were the Saturday night guests of Louise and Joanne Peters.

Mr. and Mrs. Eddie Eihner are the proud parents of a baby girl, born to them last Wednesday.

Asa Cook is still unable to complete a motor vehicle trip from town to his home, due to washed out roads. He uses a relay system, driving as far as possible with the car, which is at his home, and then carrying items across the washout to his truck, which is on this side of the missing road. It means a lot of work, but beats walking and carrying all the way.

Farewell Dinner
 Mr. and Mrs. Wm. Brammer and daughter Orline of Carstairs, Alberta, Canada, were complimented Sunday in the Carl Koopp home at Cameron with a sumptuous no-host dinner, friends and relatives pooling their dinners and gathering to wish farewell to the Brammers after they had spent several weeks visiting relatives here. They returned to their home Monday.

Those present were Mr. and Mrs. Herman Silflow, Mr. and Mrs. Herbert Schwarz, Mr. and Mrs. Walter Koopp and children, Mr. and Mrs. Henry Brammer, Mr. and Mrs. Ernest Brammer, Mr. and Mrs. Werner Brammer, Mr. and Mrs. George Havens and sons, Mr. and Mrs. August Brammer and family, Ernest Heimgartner and son Ernie, Mr. and Mrs. Harold Silflow, and Mr. and Mrs. Carl L. Wegner of Pullman, who were invited guests.

In the afternoon the children attended the Junior Mission Band in the home of Mr. and Mrs. Marvin Silflow.

Trumpeter Swans Visit
 A rare and beautiful sight was witnessed Tuesday at the Walter Bencoter ranch, when a flock of white swans flew over, and four glided down to rest on the pond near the Bencoter home. We understand they stayed all day and were apparently satisfied with the admiring glances that came their way — for the word traveled fast and many came to see them, including the school children on American ridge.

Helen Mattoon was lucky and got close enough to "shoot" them with her color camera.

P.-T. A. Stunt Night Coming
 The annual P.-T. A. stunt night will be held in the Kendrick gymnasium on Tuesday evening, March 23, at 8:00 o'clock.

The men will be "Featured" in a surprise show, which should be "really something".

And — the ladies are sponsoring a new kind of a broadcast which may even turn into television — who knows!

An admission charge will be made.

Purchase Lease And Equipment
 A deal was consummated this week wherein Bob and Wallace Fraser purchased the lease and farming equipment of Carl Cox, on the E. V. Weeks' ranch on Texas ridge, and will take possession immediately. The consideration was not made public.

Mr. and Mrs. Cox and family will leave soon for Willowa, Oregon, where they have purchased a ranch.

SOIL CONSERVATION NEED VERY HIGH IN THIS AREA

The board of supervisors, composed of G. W. Kitch, chairman, Troy; Clarence V. Brabb, vice chairman, Palouse; Roy Emerson, treasurer, Genesee; Harry S. Benscoter, Kendrick and King D. Ingle, Kendrick, report that this has been a very active year for the Latah Soil Conservation District. The demand for technical assistance and equipment has been the greatest ever experienced. The supervisors recognize

that conservation farming in this area is only in its infancy. We also realize that unless conservation is developed very rapidly, we will be facing sub-soil agriculture with all its terrible implications. We will no longer sit on top of the world as far as soil resources are concerned. Our soil losses are snowballing down the hill and gaining at every turn. The losses in this area are terrible, tragic and totally unnecessary. It is our intention to make the farmers conservation conscious and conservation enthusiasts in the next few

years. The conservation job has barely been scratched on the surface. We have at the present time, an average of about one acre in nine in conservation seedings in this district. We should have about one in every four to really get the job done. The actual accomplishments hit about the same ratio on the other necessary practices. This indicates that the job, at the present time, is greater than the one already accomplished. The war period was, and the present time still is, a period of tremendous demand for food, and that in this Latah District means beans, peas and wheat. Today there is no end to the cry for more and more food. Government relief, and private agencies, insist on maximum production of food. This has produced a tremendous impact on our soil. The back-log of humus and soil fertility is rapidly running out. There are several soil conservation practices that could be stressed much more if we had adequate equipment. Some of these include sub-soiling, pond construction, grading and improvement of water ways and diversion ditches. The silt shank heavy duty sub-soiler has really proved its worth as a conservation tool in parts of this district. The district acquired one of the sub-soilers this past year and are negotiating for another. We feel the minimum need for the district is five of these machines. Farm ponds are needed in all parts of the district. If we are to have more steaks on our tables and milk for our children, we must first have more grass on our hills and more water.

At present there are 938 active farm plans in the district covering 206,781 acres. Of these 206,781 acres under plan, approximately 146,000 acres are cropland; 36,000 are range land and 16,500 acres are woodland. Also 5,000 acres are suitable for clearing for crop production and 6,000 acres of cropland should be retired to permanent pasture or wood lands.

The interests of professional men, business men and the general public is becoming aroused to our rapidly deteriorating soil position and has resulted in their banding together with the Soil Conservation Service and district supervisors to form the Latah Soil Conservation committee in an effort to speed up soil conservation. Included in the above committee are members of Chambers of Commerce, Commercial Clubs, Extension Service, Lions, Rotary, Kiwanis, Grange, district supervisors, county commissioners, etc. It is hoped that the work of this committee will result in increased conservation on Latah county farms. As Latah Soil Conservation supervisors will face 1948 with the picture about as follows: An increase in financial resources; a nucleus of heavy equipment not over 25 percent of actual needs; a decrease in Soil Conservation Service personnel, and the active Latah Soil Conservation committee, extension service and the College of Agriculture, U. of I., to assist along educational lines, and AAA with incentive payments. So much for the credit side. On the debit side we find we have gone through the heaviest rainfall period on record! Soil losses are bound to be terrific. The demand for soil-depleting crops at top prices is without precedent. More beans, more peas, more wheat — the insatiable demands of a starving world. Can we have all these and adequate soil conservation too? — Probably not — but every effort must be made to at least hold firm!

The district also has need for two more graders to meet the increasing demand for grading and improving gullies and construction of diversion ditches. The district purchased a new breaking plow during the past year, which is helping to meet the demand for land clearing and land use adjustments.

The district's tractor and bulldozer built thirteen ponds this year and contractors under contract to the district supervisors built thirty-seven ponds under Soil Conservation Service supervision and technical assistance.

Contour seeding and contour strip cropping have been tried in the Latah district with considerable success the past two years. These valuable practices will undoubtedly increase in the next few years as the farmers become familiar with their value.

this area, said this week. "This popular seasonal sport may be enjoyed by all if a few simple safety rules are observed," he said. "We do not wish to discourage it, but rather encourage it — with safety."

The WWP manager said that it will be of great value for parents and school authorities to stress the following "don'ts" to children: "Don't fly kites in busy streets or highways; don't fly kites near electric wires; don't use tinsel or wire in kite construction; and under no circumstances climb poles or throw rocks to dislodge a kite that may have become entangled."

Having been taught these "don'ts," children then should be instructed to fly kites only in open spaces; see that "runaways" are free from obstructions and stumbling hazards; also to tell the story of kite flying hazards to other playmates.

Warning against touching any broken or downed wires was also stressed by safety officials who urged every one — children and adults alike — to notify the nearest WWP office of such disorders, and not attempt to make investigation or repair themselves.

It was stated that part of the WWP safety program was to warn of the serious consequences that might result from careless kite flying, and that bulletins and posters explaining these dangers have been distributed by the WWP to schools and other meeting places throughout its service area. Many company employes are also appearing as speakers on the subject before various organizations.

Pertinent Facts

Canvasback ducks will average 90 miles an hour in flight.

Elephants are said to live to be 200 years old.

Fish do not breathe air, they breathe the oxygen from the water.

Honor the local boys who gave their all. Give to the Memorial Swim Pool!

Army Experiments With Cement for Seam Use

Experiments in the use of cements as substitutes for thread in closing the seams of clothing, gloves, tentage and other equipment made of fabrics are being conducted by the quartermaster corps. During the war it was found that stitched seams constituted one of the least satisfactory factors in military clothing. Sewn seams of raincoats and water-proof garments often permitted the penetration of moisture, and a large proportion of failures in army clothing and equipment occurred at the seams. Studies showed that stitching failures appeared in 59 per cent of the garments examined.

The properties of specialized adhesives have improved to such an extent during the last few years that cements are now available which have a bond strength greater than that of fabrics. Some of the new adhesives are capable of withstanding wide extremes of temperature and high humidity. They are fairly flexible, have long life, and resist water.

The purpose of the research is to develop cemented seams that will function satisfactorily at high or low temperatures, under flexing and tension, and will remain stable when subjected to standard army laundry treatments and to aging under widely varying climatic conditions.

Jonquil Is an Offshoot Of Narcissus Family

Botanically, the narcissus, the jonquil and the daffodil are all narcissus.

All daffodils are narcissus and all narcissus are daffodils. Daffodil is the English word, and narcissus the Latin word, for the same flower.

The term jonquil, when properly applied, refers to one specific group of narcissus, which are miniature daffodils with dainty fragrant yellow blossoms, borne two or more on a stem, perfectly hardy, with onion-like instead of flat leaves. "Jonquil" should be used only for this one class of narcissus.

Classifications of the various types of narcissus are made according to the length of the trumpet, as compared to the perianth. (The "trumpet," "crown" or "cup" is the name given to the center portion of the flower; the "perianth" is the surrounding row of petals or wings; and a "segment" of the perianth is one of these outer petals.)

Dog Comfort

To keep dog dishes clean, never leave odds and ends on his plate to go bad. Scrape off the remains of his last meal promptly, and rinse off his dishes. Then dunk them in very hot water and plenty of soap suds. Rinse well, and leave them to drain dry. Change your dog's drinking water several times a day. And launder his bedding often to prevent that "doggy" smell. Dogs should be bathed every month during the hot weather both for their own comfort and yours. A thorough shampoo will work wonders on their coats, but drying well is important as dogs are susceptible to rheumatism, even in summer. Between baths, keep your dog well groomed with regular brushing, washing out the brush and comb after each use with soap and water. If you suspect your dog has fleas (and when he's rolling around in the dust all day it would be surprising if he hadn't) put a collar of dry suds around his neck before you start bathing him. Then if any one of the bugs tries to escape onto his face, they'll be caught by the suds.

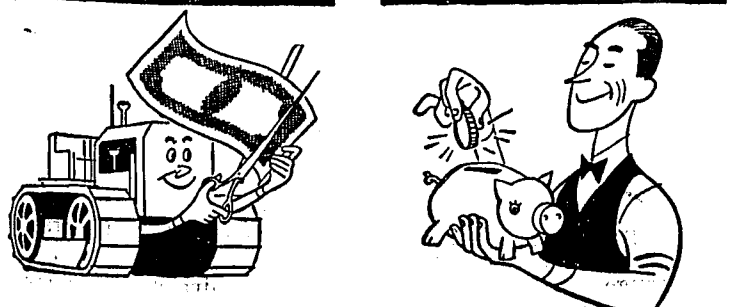

Ringworm Treatment

The ringworm of the scalp epidemic, prevalent in many cities in the United States and Canada, affects approximately four boys to every girl, according to Lee Carrick, M. D., of Detroit, who made a study of 171 cases at the City of Detroit Receiving hospital. Dr. Carrick, who is from the department of dermatology and syphilology, Wayne university college of medicine, states that x-ray removal of the diseased hair by the roots is the treatment of choice but "there are neither the facilities nor enough qualified personnel available for successful execution of such a tremendous task." Three ointments, one developed from a copper compound and the other two from some fatty acids and their salts, are described by the author as valuable for local treatment in the fight against ringworm of the scalp. However, Dr. Carrick cautions that none of these ointments should be considered a substitute for x-ray removal of the hair.

Southeastern Indians

The Indians of the southeastern United States when the white men came represented a conglomeration of primitive human cultures. Their ways of life ranged from that of nomad hunters and fierce warriors to that of peaceful farmers. Their governments varied from absolute monarchies to democracies. Their religions extended from primitive animism to fairly well organized theocracies with temples and graven images. Although nearly 50 tribal names are recognized, or reported by explorers, all belonged to three or four basic racial groups, each of which varied widely in language and culture.

Cuts bills in half There's nothing to it

Folks using RPM DELO Diesel Engine Lubricating Oil, say it cuts repairs as much as 50%. To save money, stick with the oil that reduces overhauls, really protects your Diesel.

Title Clarification Sought
 Idaho C. of C., Boise — Answers to the age-old questions of navigability of streams and ownership of stream beds and other submerged land are being sought by agricultural and industrial groups of Idaho through clarification by congressional action, it was revealed here this week.

The so-called "California tideland" case may apply to streams and lakes in Idaho, in the belief of the National Association of Attorneys General and the National Water Conservation Conference. Idaho water users are primarily interested in the water flowing in stream beds, while land owners and patentees are equally concerned with title to the stream bed in which the water flows.

"Does the federal government, the state of Idaho, or land owners along the stream banks and lake shores, own the submerged lands?" is the question to be decided.

Rep. Abe Goff of Idaho, after studying the recommendations made by interested groups, has introduced a bill in Congress which would have the federal government quitclaim all submerged lands to the state of Idaho and other states.

Going even farther, water users would clarify the term "navigable stream," which, under present court definitions, may mean water that is deep enough or can be made deep enough, to float a boat or barge or any creek which flows into it. Specifically, it is felt that "navigable waters" should be defined so that there should be excluded all lands that have been patented as well as unpatented mining claims.

Feeling that there has been a tendency for the federal government to encroach on the rights of homesteaders, miners and others through claims not only to water but to stream and lake beds, Idaho interests believe clarification will remove the cloud that is now cast over thousands of acres of lands in this state. Senate Bill 1938, with suggested amendments, has been studied by the Idaho delegation and is believed to be adequate in its provisions.

Rep. Goff has introduced an identical copy of the bill in the House and thus becomes a co-sponsor of the quitclaim bill.

May Lead The Nation
 Idaho may top the United States in per capita contribution to the annual March of Dimes drive, Ben Johnson of Preston, state chairman, said this week, as final results of county drives began to arrive at the state headquarters in Boise.

"If Idaho does not lead the nation, it will be among the top leaders in the campaign," Johnson said.

Estimated returns from 30 of the state's 44 counties exceed \$150,000, and receipts from the other counties are expected to boost the state's contributions to more than \$200,000, Johnson declared.

The drive ended Jan. 31, although contributions received until Feb. 15 will be counted in the proceeds.

Last year the Gem state contributed \$71,853.75 toward the effort to combat poliomyelitis and this year the contribution is expected to be nearly tripled. Johnson said the drive would probably fall short of its goal of 50 cents per capita, but that Idahoans contributions were more than generous.

Two counties, Madison and Gooding, have turned in receipts nearly triple their 1947 proceeds. Madison county residents turned in \$2,821.72 and Gooding \$5,448. Both counties exceeded their drive estimates. Gooding had estimated proceeds of \$4,500 and Madison had counted on \$2,500.

Counties sending anticipated returns are: Bannock, \$14,000; Custer, \$1,000; Blaine, \$2,500; Clark, \$700; Gem, \$5,500; Canyon, \$12,000; Bear Lake, \$2,000; Ada, \$12,000; Bonneville, \$12,000; Caribou, \$1,000; Butte, \$2,400; Boise, \$700; Elmore, \$2,000; Minidoka, \$7,000; Camas, \$1,100; Bingham, \$8,000; Power, \$1,000; Fremont, \$5,500; Latah, \$3,500; Lemhi, \$2,000; Franklin, \$2,500; Oneida, \$1,800; Teton, \$2,000; Jerome, \$6,000; Cassia, \$5,500; Idaho, \$2,000; Kootenai, \$4,000, and Twin Falls, \$23,000.

Milk Production Is High
 The quantity of milk produced in Idaho in 1947 was estimated at 1,271,000,000 pounds. This production was nearly 1 percent larger than that in 1946, and was the sixth largest on record, being exceeded only during the war years 1941 through 1945. The peak of production was reached in 1944, when 1,405,000,000 pounds were recorded. Average production for the 10 years (1936-45) was 1,246,000,000 pounds.

Production per cow was the greatest on record, averaging 6,110 pounds for the year. The number of cows milked continued the decline which began toward the end of 1944, and at 208,000 head, was the lowest since 1940.

Monthly production of milk equalled or exceeded that of the corresponding month in 1946 each month until November. The peak of production was May, when 137,000,000 pounds were produced. The number of milk cows in herds was fairly constant during the year, dropping from the January-February level of 209,000 to the season's low point of 207,000 head in May and June, and remaining at about 208,000 head for the remainder of the year.

Average monthly production per cow was at record levels during the period February through September, exceeding 600 pounds in each of the three months of May, June and July.—U. S. D. A.

Idaho's Pests To Be Fewer
 Dark days lie ahead for Idaho's insects, rodents and weeds.

The men who do most of the weed killing in Idaho, operators of both ground and air custom spray and dust rigs, will gather at the University of Idaho February 24 and 25 for the University's annual commercial pest control conference. The event is being sponsored by the department of entomology.

Program topics announced by H. C. Mahis, head of the department include: livestock parasite control, a review of 1947 results with DDT, possibilities of some of the newer insecticides, legislation affecting commercial pest control in Idaho, and possibilities of vapor spraying by airplane.

Since many of the custom pest control companies also engage in weed spraying, a session will be devoted to custom weed control. L. C. Erickson and C. I. Seelye, the university's weed control specialists, will discuss recent weed research. Machinery requirements for weed control, and latest information on 2,4-D rates of application also will be covered. Lowell Rasmussen, agronomist from the Washington experiment station, will take part in the weed control discussion.

Fertilizer and 2,4-D Work Well
 New slants on weed control with 2,4-D on the non-irrigated farming lands of Idaho are showing up in the special weed research work at the University of Idaho. Much of the work last year was on the control of bindweed (morning glory) in wheat. First progress report on these studies has just been made by Clarence I. Seelye, agronomist on the dry-land phase of the weed project.

Combining a nitrogen fertilization program with selective spraying with 2,4-D increased production of both spring and winter wheat. This, explained Seelye, is because bindweed takes most of the nitrogen in the soil, leaving little for the wheat. Addition of 160 pounds of ammonium sulphate to the acre in early spring followed by later spraying with 2,4-D, increased the wheat harvest by about six bushels an acre.

Average recovery of bindweed at harvest time from spraying on land which had been shallow tilled (four inches) prior to seeding was 58 percent, while that for deep tillage (12 inches) was 32 percent. "It seems obvious from these tests," commented Seelye in his summary, "that where selective spraying is done in the wheat crop, there should be no deep tillage prior to seeding."

Possibility that the time the soil in bindweed patches must be left undisturbed after spraying can be cut from weeks to days is another promising development from the 1947 studies. Previously a three to six weeks' rest was thought necessary after spraying. On some of the 1947 tests, maximum effect was obtained in from four to seven days after spraying.

"If further research supports this shorter time, it will be considerably easier to work out a practical system of spraying previous to the raising of crops relatively resistant to 2,4-D in the soil."

Potlatch Chief Sez

PUBLISHED BY THE KENDRICK CO-OPERATIVE CREAMERY

HELLO, THERE, FOLKS:

About Baby Chicks:

Have you ordered your Baby Chicks yet? It isn't too late, so place your order with us now. Don't delay — don't wait another day. Do it now!

Think of all that delicious fried chicken, and also plan on raising plenty of fryers for storing in your locker. Chickens are very easy to prepare for freezing, and frozen chickens are just as good as freshly dressed ones. They will really be handy, and oh so delicious during the winter months when family dinners and neighborly get-togethers are so common, and good foods so necessary to make such occasions complete. Then your frozen chickens will be ready to really fill the bill.

For good laying hens Erving's top the list. Persons in eastern Montana, southern California, Alaska and the Hawaiian Islands are raising Erving's chicks, for

they have proven to be the best chicks for laying and frying. For good chicks, buy Erving's chicks. ORDER NOW!

About Dairy Products:

For good dairy products insist upon Potlatch Chief brand products. Keep your refrigerator well filled with milk, cottage cheese, butter and cream. Keep your family healthy — serve healthful foods.

Stern Parent: "Well, I see you had a date with a college boy."
Daughter: "No, Pop, honest! I caught my dress on a nail in the screen door."

Hardware Merchant: "And what is your pleasure, sir?"

Customer (on phone): "Drinking and necking, but just now I'd like to buy some pipe!"

And then there was the dumb sailor who thought that a mushroom was a breakfast nook.

GOLDEN RULE

Herman and Fred Silflow visited Rev. George Finke at the Glen Betts home Tuesday afternoon.

Last week's paper item should have read that Fred Stage went east by train and drove home a new G. M. C. pickup. (Our note: Not the correspondents mistake, ours.)

Wm. Cuddy of Spokane spent last Thursday night at the Glen Betts home.

Callers and visitors at the Glen Betts home Friday were Mr. and Mrs. John Westgate, Mrs. Orvel Skaggs and Judy Ray and Archie Betts of Clarkston; Phyllis Babb, Mrs. Minnie Wright and Dean Luce; and Mrs. Don Christensen and Doris Ann, of Lewiston. All were here to attend the funeral of W. A. Cowger. Mr. Babb and son were evening callers to get Phyllis, who is visiting at home for a few days.

Mr. and Mrs. Ed. Walcott of Lewiston came up for the Cowger funeral, as did Mrs. Roy Martin, Ishmael, Stanley and Mary Jane Martin.

Pallbearers at the Cowger funeral service were Tom Armitage, Fred Stage, Arnie Cuddy, Carl Finke, Russell Betts and Glen Betts, all old-time friends and neighbors. Anna Holsath of Lewiston spent a recent week-end here with her sister, Mrs. Ralph Stage and husband, and Fred Stage.

Mr. and Mrs. Abner Cowger and family were Orofino visitors Saturday and were dinner guests of Mr. and Mrs. Lyle Goffinet and family.

Mrs. Roy Martin and Mary Jane spent the week-end at their home here. Chester came up Sunday and took them back to Lewiston.

Mrs. Wm. Hadden, Mrs. W. A. Cowger and Mabel Cowger were callers on the hill Monday.

Mr. and Mrs. Oscar Laurence were among the Lewiston visitors Friday. Lewis Kazda went back to Pomeroy, Saturday, where he has employment.

Lyle Bashaw of Teakean spent Monday with the Martin Brothers.

R. S. Betts is on the sick list this week. Sunday visitors at the Glen Betts home were Mr. and Mrs. George Wilken of Cameron, Mr. and Mrs. Carl Finke and family, George Finke, Jr., Mr. and Mrs. Abner Cowger and family.

LINDEN ITEMS

Mrs. Al. Pederson and son Jerry were callers in the Charles Keeler home Friday. Mrs. Pederson and Jerry have just returned from a two-week visit on the coast.

Mrs. F. C. Lyons and sons Clem and George have arrived home following a visit in Pasadena and Los Angeles with relatives and friends. They were gone two weeks, and from all reports really "soaked" up the sunshine. Your reporter "could do" with a bit of sunshine herself, but since there has always been a spring and sunshine, we have no reason to suppose 1948 will be no exception.

Arthur Foster and Kenneth Pederson are making good use of these days — cutting wood.

Charlie Keeler took a couple of veal to Lewiston Saturday. Mrs. Keeler accompanied him as far as Kendrick and spent the day in the Ted Vaughan home.

News is mighty scarce these days. Why not help us out by jotting down any items that may occur for future reference?

CRESCENT CLIPPINGS

Arne Kloster was quite ill the past week. Dr. Christensen was called on Monday. We're glad to report he is up and around again at this time.

Robert Kimbley and Frankie Loesser have been visiting at their respective homes while the camp in which they have been working, is closed.

School was opened again this week. Mrs. Loyd Kimbley (nee Miss Pearl Horter) had been ill and unable to teach.

Mr. and Mrs. Al. Pederson and family were Sunday dinner guests of Mr. and Mrs. Harold Pressnall. Mr. and Mrs. Kenneth Anderson were evening callers.

Mrs. Rose Farrington of Clarkston spent from Tuesday until Saturday with her daughter and family, Mr. and Mrs. Arne Kloster.

Mr. and Mrs. Ben Baker, Wm. H. Loesser and John Darby visited at the Wm. Kauder home in Southwick Friday afternoon.

Almost every family in the neighborhood paid their last respects to the late Wm. Cowger, Friday. Our sympathy is extended to the family.

Mr. and Mrs. Lloyd Farrington were visitors in the John Darby home in Kendrick the past week. Lloyd had been doing repair work on equipment in the Jim Farrington shop.

Cancer Society Campaign

The annual campaign of the Idaho division of the American Cancer Society to raise funds to combat cancer through education, research and service to the victims of the disease, is under way. Leo J. Falk of Boise, president of the organization and campaign chairman, states:

Last year the organization raised \$76,000 in Idaho, which has been used for a statewide educational campaign, national research projects and a service to the victims of the disease.

"During 1947 a total of 508 Idaho residents died from cancer," Falk said, "which makes cancer the second highest cause of death in the state."

The Idaho cancer society is actively engaged in education programs in every county of the state, through which residents are gradually becoming informed about the disease — but many more must be told the story. A major portion of the funds raised during the April campaign will be used for this work.

Farmers Institute Scheduled

A farmers' institute will be held in Kendrick, Friday, March 26. The meeting will be held in the Kendrick Theater and will begin at 10:00 a. m.

Speakers on all subjects are from the University of Idaho. The program includes talks on weed control by Dr. K. H. Klages, head of the Agronomy department; bean production by Dr. C. W. Hungerford, head of the Plant Pathology department; clover seed crop insect control by Dr. H. C. Manis, head of the Entomology department, and commercial fertilizers by Prof. G. O. Baker of the Agronomy department.

This event is sponsored by the Kendrick Commercial club in cooperation with J. W. Thometz, county agent of Nezperce county and Elbert McProud, county agent of Latah county.

Work Train Stationed Here

The Northern Pacific still has a work train stationed here, which is engaged in rebuilding and repairing the tracks between Kendrick and Troy, and in rip-rapping the creek along the recent washouts and in other danger spots.

The cost of repairing and rebuilding is estimated at \$100,000.00. Just how long the train will be here is not known at this time.

Home From Hospital

Mrs. H. Sneve was brought home from the Gritman hospital at Moscow Sunday by her sons. She had been receiving treatment there the past few weeks, and seems much improved.

Circles To Meet

Mrs. Kenneth Brocke, assisted by Mrs. Ben Cook, will entertain the Christensen Circle in her home Friday afternoon.

Card Of Thanks

Please accept our sincere thanks for the help so willingly given us during the services and burial of our uncle, H. H. Sparber. — Walter and Orville Sparber.

Many Young People Victims
"In 1947, forty-nine children, twenty years of age or younger were killed in Idaho in motor vehicle traffic accidents," reports George A. Vaughan, Idaho state safety director. "The record for 1948 has been somewhat improved as there have been only three child fatalities in the first two and a half months of this year. Constant alertness on the part of drivers is the only price we need to pay to better the record to where it will read: 'No child fatalities'."

Moved To Lewiston
Mr. and Mrs. Elmer Hudson, who had made their home here for the past several months, moved last week to Lewiston, where they will reside.
