NO. 13

INTERESTING HAPPENINGS ON BIG BEAR RIDGE

(Delayed)

The Earl Wilson family of Lewiston visited with Mrs. Wilson's sister, Mrs. Henry Kortemeier and family, Sunday.

Mrs. A. Kleih and Ole, and Mr. and Mrs. Floyd McGraw visited at the L. Morrison home in Moscow on Monday.

Mrs. George Moline and daughters Marianne and Susanne of Spokane spent last week with her sister, Mrs. Oscar Slind and family. Mr. and Mrs. Boyd Leland of Clarkston; Miss Betty Halseth of Lewiston and Mr. and Mrs. Ervin Halseth of Kendrick spent Sunday at the Ed. Halseth home.

Edwin and Miss Bertina Forest visited at the home of Rev. and Mrs. Lowell Swantz in Clarkston, Friday.

Herbert Weber visited with his brother, Roy Weber, in St. Joseph's hospital in Lewiston. Roy is recovering from an appendicitis operation.

Mrs. Rose Long of Pullman spent the week-end with her daughter, Mrs. Ronald Jones.

Everett Hammond of Richland, Wash., spent the week-end with his family at the E. H. Jones home.

Mrs. James Nelson and Lester were in Clarkston for funeral services for Mrs. Ole Nelson. Rev. L. H. Swantz conducted the service. Burial was at Vineland cemetery. Ole Nelson was a former resident of the ridge and is a brother of James Nelson.

A. W. and E. H. Jones returned Tuesday from a visit with their sisters and brother in Derby, Iowa.

Mrs. Chas. Bower, Mrs. Kate Galloway and John Galloway attended the Golden Wedding anniversary, held in the Chewelah church, honoring Mr. and Mrs. George King. The Kings were pioneer residents of this community.

The Ladies Guild met at the home of Mrs. Grant Clemenhagen for quilting, Wednesday.

Mrs. Johanna Nelson was a Moscow visitor, Sunday.

Mr. and Mrs. Harold Peterson entertained relatives from Potlatch, Sunday.

Mrs. Lou Myers spent several days in Lewiston.

Mr. and Mrs. Ray Archer of Pomeroy, Wash., spent Sunday at the Vern Dunham home.

Mrs. D. J. Ingle was called to Tennessee by the illness of her brother. She was spending the winter with her son, Dr. Dwight J. Ingle and family, in Kalamazoo, Michigan.

Mr. and Mrs. Ed. Halseth have received a letter from their daughter, Mrs. Stan Cox, stating she and her daughters were now settled in their home in Japan, where her husband, Sgt. Cox, is stationed with the army of occupation.

Dewitt Penland of Juliaetta is doing carpenter work for Henry Kortemeier.

(This Week)

This community was saddened by the death of Mrs. Hans Sneve, Saturday evening at the Gritman hospital in Moscow. Mrs. Sneve was one of the few remaining pioneer settlers of this community.

Doris Clemenhagen, Louella Forest and Buford Fairfield, seniors in the K. H. S., attended the tournament in Pocatello last week.

Mrs. Lynn Hadden and daughter Linda of Pullman spent Saturday with her sister, Mrs. Ronald Jones. The Ed. Halseth family spent Sunday at the Peter Halseth home near Deary.

Mrs. Ed. Galloway entertained the Happy Home Club at her home Friday afternoon. Dr. James E. Krause of the U. of I. spoke on "Vegetable Gardening" and recommended choosing varieties suitable for this location. There was a large attendance. Delicious refreshments were served by the hostess.

Mr. and Mrs. Vern Dunham were Moscow business visitors Friday.

Lewis L. Anderson, age 87, died in Clarkston on March 18. Mr. Anderson was one of the earliest settlers of Upper Bear ridge, and an uncle of Mrs. James Nelson.

The Grant Clemenhagen family were Sunday guests at the Mrs. Adrienne Clemenhagen home in Kendrick, Sunday.

Theodore Carmen of Troy, deputy assessor, was on the ridge last week.

Mrs. Jerry Hanson (nee Erma Jones) and baby of Spokane, are spending the week with relatives on the ridge and in Kendrick.

Margaret Lien of Spokane and Mrs. Martha Louvas of Moscow were Kendrick visitors Saturday.

Farmers Institute Schedule

A Farmers Institute has been scheduled for Kendrick on Friday, March 26, at the Kendrick Theater, beginning at 10:30 a. m.

A group of prominent speakers from the University of Idaho have been secured, and will speak on topics of interest to every farmer in this area — topics all the more important due to the terrific toll taken by erosion this past winter.

The program for the day follows: 10:30 a. m. "Weed Control and Crop Production," Dr. K. H. Klages. 1:15 p. m. "Bean Production and New Varieties," Dr. C. W. Hungerford. "Clover Seed Crop Insect Control," Dr. H. C. Manis.

"Soils and Commercial Fertilizers," Prof. G. O. Baker. This program is sponsored by the Kendrick Commercial Club and the Nez Perce and Latah County Extension agents. Remember — the meeting starts promptly at 10:30 a. m. You are urged to attend.

Still More March Weather

Instead of feeling like spring and the Easter season, weather the past week has felt a great deal more like early March.

Again it has been snow, rain, hail, sleet, wind, fog, sunshine, in fact just about any kind of weather you can think of except severe cold has been thrown at us the past week.

Sunday of last week it seemed as if gardens could be spaded and like work accomplished around the home — but sufficient moisture has fallen to take away that hope, at least until next week.

MRS. HANS SNEVE, BEAR RIDGE PIONEER, PASSES

Mrs. Hans Sneve, for forty-eight years a resident of Big Bear ridge, passed away at the Gritman Memorial hospital, Moscow on Saturday, March 20, following a long illness.

Mrs. Sneve, who was 79 years, six months and one day old at the time of her passing, was born on September 19, 1868, at Opdal, Norway. When but twelve years of age she came to the states with her parents, settling in South Dakota in 1880. In 1900, she, with her husband and children, came to this section, settling on the present ranch on Big Bear ridge, and where they had since made their home. Her husband, Hans H. Sneve preceded her in death, passing away in 1934.

Mrs. Carrie Sneve is survived by three sons: Herman of Kendrick; Stanley of Genesee and Melvin of Kendrick; four brothers, Andrew and Hans Lien of Coeur d'Alene; Ed. Lien of Opportunity, Wash., and Halver Lien of Moscow. One sister, Mrs. Zach Aas, Moscow, and one grandchild.

Funeral services were held at 2:00 p. m., Wednesday, March 24, at the Bethany Lutheran Church, Big Bear ridge, with the Rev. L. H. Swantz of the Lutheran church, Clarkston, bringing the message. Interment was in the Bethany Lutheran cemetery, Big Bear ridge, by the side of her husband.

Short's Funeral Chapel, Moscow, had charge of arrangements.

Mrs. Sneve had been ill for a considerable length of time, and had been a patient at the Gritman hospital until about two weeks ago, when she was brought home. However, her final illness forced her removal to the hospital again last week, where she passed away.

Mrs. Sneve was well known and loved by all who knew her, for her friendly smile and willingness to help anyone in need, brought cheer to those about her.

Seaman B. Mill Passes Away

Seaman B. Mill, 77, resident of the Potlatch section for the past 40 years, died at 8:00 o'clock Friday night at the St. Joseph's hospital, Lewiston. Death was due to the infirmities of old age. He had been in ill health for the past three years.

Seaman B. Mill was born at Palmar, Wis., in 1871, and came west about 40 years ago, settling in the Southwick area, where he owned and operated a farm. He disposed of his farming interests some three years ago, and purchased a home in Kendrick where he had since resided.

About two weeks ago he suffered a paralytic stroke, and was taken to St. Joseph's hospital, where he passed away.

He is survived by two children, Mrs. Thelma Howard, Los Angeles, Calif., and Jay Mill, Lewiston. One brother, Frank Mill, in Wisconsin, also survives.

Funeral services were conducted from the Cameron Emmanuel church at 2:00 p. m. Tuesday, with the Rev. Theo Meske presiding.

Arrangements were in charge of Vassar-Rawls funeral home, Lewiston.

Boy Scouts Meet

The Boy Scouts met Monday evening in the city hall with Eugene Lind, Scoutmaster, and Jordan Kanikbeberg, Assistant Scoutmaster.

Three new boys were added to the group to make them 17 strong. The boys joining Monday night were Charles Parks, Max Schreffler and Merwin Emmett.

The big Boy Scout Jamboree to be held in Lewiston on Tuesday, March 30, holds the lime-light now, and our local group is working enthusiastically on different activities, such as First Aid, Relays, etc., planning on participating in that event.

Following their study and work session the boys adjourned to the park, where they played "Steal the Flag."

Boy Wright Very Unhappy

Mr. and Mrs. Boy Wright, proprietors of the new Kendrick Bakery were about the most unhappy people Tuesday that anyone could have imagined, for the thermostatic control on their oven failed, and all they dared attempt to put out was bread and doughnuts.

Mr. Wright, C. D. Hiett and a furnace repairman from Lewiston worked all night Monday night in an attempt to locate and repair the trouble.

It was cared for "after a fashion" but Mr. Wright was forced to manually operate all controls in order to put out their bread and doughnuts Tuesday morning — pastries being impossible.

Steadily Improving

Hugh McDowell, who was gravely injured some weeks ago in a logging accident at Avery, and who is now in the Potlatch hospital, is said to be improving satisfactorily, and it is hoped to bring him home sometime in early April.

EASTER VICTORY

Here's a wish for you at Easter
As the message far and wide —
Of the glorious Easter Victory
Lives again at Eastertide:

May your Easter prayers be answered
May God's love your way inspire —
And your Easter songs come ringing,
Carilloned by His Angel Choir.

— Bert Gambie.

KENDRICK DROPS CHAMPIONSHIP GAME TO AM. FALLS

Kendrick's Tigers, tired, but happy and bringing with them another trophy, that of state runner-up team, arrived home Sunday about noon, after a week spent at Pocatello in an effort to duplicate their performance of last year, and bring home another state championship.

However, someone had to lose, and the ability to lose and smile is about as much desired as the ability to win.

Kendrick and vicinity are very, very proud of the Tigers and their wonderful record, and on their arrival home they were greeted by a banner stretching across Main street which read: "Welcome."

The following accounts of the games are taken from the Lewiston Tribune, prepared for that publication by Don Farris.

Kendrick Defeats McCammon
Pocatello, March 17 — Kendrick, defending Idaho class B basketball champion, squeaked through its first test in the state tournament tonight with a 24-23 victory over McCammon. The first game of the meet had everything to make it a championship battle as the underdog Red Raiders got off to an early lead and had the score 23 to 16 in their favor in the third period.

With but three minutes to go in the bitterly contested battle Herb Millard touched off the type of rally which has lead Kendrick to 18 victories. Millard tanked four consecutive field goals which put his team ahead, 24-23.

He, with his teammates, then successfully stalled every threat by the McCammon raiders until the final whistle.

Millard sank 12 points, as did McCammon's giant sophomore, George Bowman, who sparked his team during the fore-part of the game.

Sidelights of Tournament

North central Idaho's two representatives to the state tournament, Kendrick and Lewiston, arrived here before any of the other teams. Kendrick spent Sunday night at Twin Falls and practiced in the large Pocatello high school gym Monday and Tuesday.

Lewiston spent Monday night at Twin Falls and took a light workout Tuesday.

Unexpected arrivals at the state tournament today were 30 members of the Senior class at Kendrick high school. Estimates put the Kendrickites at nearly 100, and Lewiston expects to have as many fans by Saturday. The two towns have united forces for a cheering section.

After the first night, Kendrick and Lewiston teams moved to auto courts on the outskirts of Pocatello. Coaches said the teams would be assured of better rest away from the activities of a hotel during the confusion of the tournament.

The basket was as hostile to Kendrick shots in the first half as a Russian diplomat to the Marshall plan. The Tigers attempted 36 shots from within good range and were able to connect on only three of the field chances. Heavy steel basket rims, side braced, "threw" the ball farther out on the floor than north central Idaho teams are accustomed to.

victory. The crowd screamed its head off as the Tigers controlled the ball and refused seven foul shots in the final minute.

Kendrick Loses To Am. Falls
Pocatello, March 19 — The American Falls Beavers tonight won the Idaho Class B high school championship with a 43-36 victory over the Kendrick Tigers.

In so doing American Falls dethroned the defending champions from district two and staged a finish to the class B tourney similar to that in 1946 when American Falls won from Kendrick 44-34 in a north-south playoff.

Kendrick defeated Moreland two games out of three to win the class B title last year.

The Beavers chalked up their title with a deliberate style of play which proved too much for the north Idaho school's constantly threatening seniors.

Don Ringe, American Falls standout, sparked the winners' offensive with his shooting and control of the backboards. He pushed the district five quint to an 8-0 lead before Kendrick's five, heavily manned by seniors, could get started, and ran the margin to 12-1 by the end of the first period.

The Beavers moved ahead further to take a 16-5 lead, after which the Beaver reserves took over. Kendrick ran the count to 16-18 late in the second quarter and the period ended with American Falls ahead 20-18.

In the third period Kendrick drew to 20-21 on a foul toss by Herb Millard, but Ringe sparked another Beaver offensive that carried his mates to a 29-21 lead. Kendrick battled back to trail by only three points at 27-30 as the stanza ended.

The last quarter was a rough, wildly played event, with five men leaving the game via personal fouls. With three minutes left to play, American Falls had a 39-28 advantage, but Kendrick surged back to push to the bottom of a 38-34 score.

With less than a minute remaining in the game, both Millard and Easterbrook were ousted on fouls, ending the northerners' final bid for victory.

Tournament Highlights

The Pocatello high school buildings are a million-dollar delight to the visiting schoolmen, coaches and the casual visitor. The gymnasium, with a capacity of 4,000 spectators and an auditorium that seats 3,000 are the bright spots of a beautiful school plant. Like most communities in Idaho, the town has outgrown the gym. On Thursday night the tournament officials closed the doors at 6:30, an hour before game time, and kept the crowd in the gym until 10:30.

The Lewiston and Kendrick teams have swallowed gallons and gallons of water without being able to get a drink. It seems the Pocatello water is so hard that it won't lather, and the kids find it such a change that it doesn't quench their thirst.

American Falls had two guards it called "short"; just under six feet. Allen Medalen was the only Kendrick player able to match the two "short" guards in height. The American Falls center was six-foot-three, and the two forwards six-foot-two.

American Falls looked so poor against the Middleton zone that Kendrick opened the championship game with a 2-3 zone, but dropped it after

(Continued On Page 6)

Moves To Deary

B. F. (Frank) Nesbit, for twenty years a resident of Kendrick, left last Saturday for Deary, where he will open a drug store and make his home. Mr. Nesbit, who retired some two years ago, selling his drug store here to Tom Keene, said that he was unable to stand idleness any longer, hence the move to Deary.

Mr. Nesbit was a fine friend and neighbor, and it is with real regret that residents see him leave this community.

PERSONALS AND NEWS ON AMERICAN RIDGE

Dora Dee May and Peggy Cox are home from school at Walla Walla to spend the Easter vacations at their respective homes here.

Mr. and Mrs. Robert Cain and daughter were Sunday dinner guests of Mr. and Mrs. Henry Kortemeier on Big Bear ridge.

Mrs. P. G. Pearson of Troy is visiting with her daughter and family, Mr. and Mrs. Bruce Glenn and Joan.

A farewell party is to be given Mr. and Mrs. Robert Cain at the school house at 7:00. All who plan on coming are asked to bring a covered dish and their own dishes.

Mr. and Mrs. Andy Cox and son Tom attended the state tournament at Pocatello last week.

Mr. and Mrs. Nora Callison and family left last week to attend the tournament and to visit in Boise with relatives.

Mrs. Fockler of Pullman spent last week with Mr. and Mrs. Wayne Davis. On Sunday Mr. and Mrs. Davis and baby drove to Pullman to visit Mr. and Mrs. Bert Davis. Mrs. Fockler accompanied them, returning to her home.

Mr. and Mrs. Henry Brammer and Mr. and Mrs. Geo. Havens attended the funeral of the late S. B. Mill at Cameron, Tuesday.

Mr. and Mrs. Ed. Kent were in Moscow on business Monday.

Jack Benschoter, U. of I. student, spent the week-end at his home here. Mr. and Mrs. Geo. Mattoon of Lewiston returned to their home on Wednesday, after spending a few days with Mr. and Mrs. Perry Mattoon and family.

Mr. and Mrs. Perry Mattoon, Jim and Kathryn, spent Friday evening with Mr. and Mrs. Ray Knutson.

Mr. and Mrs. Harold Roberts showed their slides at the school house last Wednesday evening. The show was much enjoyed by all.

Beverly Mattoon spent the week-end in Kendrick with her sister, Mrs. Bud Fey.

Helen Mattoon spent last week in the Ed. Dammarell home, while Mr. and Mrs. Dammarell attended the basketball tournament at Pocatello.

Mr. and Mrs. Geo. Havens and family attended the show "Lutheran World Action" and "While It Is Day," at the Cameron hall Sunday evening. This was the first time the church had used their own recently purchased 16-mm. movie and slide projector.

Mr. and Mrs. Walter Benschoter and daughter Nita were in Lewiston Saturday.

Most of the folks from this ridge attended the P.-T. A. at Kendrick Tuesday evening.

Erma Langdon spent Wednesday with Mrs. Geo. Havens.

Harry Langdon and son Larry were in Pullman on business Wednesday.

Mr. and Mrs. Warney May drove to Lewiston Tuesday and met their son, Warney, who was returning home from the Boise Veterans hospital, where he had been for a check-up.

Fun At P.-T. A. Stunt Night

The annual Kendrick P.-T. A. Stunt Night was held Tuesday evening of this week in the gymnasium, before a large and appreciative audience, with stunts, skits and music comprising the entertainment.

First on the program was a "shadowgraph" of a serious operation, in which the patient lost an arm, a leg, and a whole series of "internal improvements." Gales of laughter followed.

Then came a skit entitled "My Merry Oldsmobile," in which the principals were arrested for speeding at 12 m. p. h.

This was followed by a group song and skit, entitled "Courtin' Corabelle."

Next came a most interesting talk on "Cats," in which the author admitting mistaking a skunk for a peaceful feline.

"Wife Wanted" was the title of a pantomime, which brought to light many of the glaring wastes of household labor.

Following was a musical trio, accompanied by an accordion, which sang a take-off on the Kendrick Bean Growers, and followed it by a rendition of "Manyana."

The teachers of the school then turned musical and lampooned the business houses of the town in song and wound up with an "Easter Bonnet" parade.

We are not going to attempt to name individual performers — for in make-up it would be impossible to miss a few. We might add, however, that the entire affair was "broadcast" over station KPFA, operating on a frequency of "0000" kilocycles — so if you tuned in at home you heard exactly "nothing." The only way to enjoy an affair of this kind is to attend it.

Word From Seattle

Word was received from Mrs. A. O. Kanikkeberg at Seattle, Saturday, that her daughter, Mrs. Judson I. Lee, had given birth to a still-born baby boy that day. Mrs. Lee is recovering as well as can be expected.

INTERESTING HAPPENINGS FROM JULIAETTA AREA

Mrs. Lura Nelson and daughter Karen have taken an apartment at the Charley Nelson home.

Jack Browning is very busy re-roofing the residence at the corner of State street, which he recently purchased from Mrs. Emma Vincent.

Karen Nelson returned Sunday from Orofino, where she spent the week with an aunt.

Mrs. Mae Nelson is having some remodeling done at her apartment house.

Mrs. Paul Carlson made a business trip to Moscow, Saturday. Duane Carlson spent the week-end with friends in Moscow.

The George and Tom Demmer families of Fix ridge and Mr. and Mrs. Ole Johnson from Lapwai called on the Paul Carlson family Sunday afternoon.

Package Receipt Acknowledged

At a Fellowship dinner at the Community church last November an offering was taken and three CARE packages were sent to Europe. Two went to a town in Austria. This week letters have come, thanking the senders very much for the gifts and telling of their great need for food and clothing.

Friends of the recipients have written letters to the church asking if packages of food or clothing could not be sent them also. A special

offering will be taken for this purpose at Sunday school next Sunday.

Error In Advertisement

In last week's paint advertisement for the Kendrick Metal Shop we failed to route out a Kem-Tone price of \$2.98 per gallon. The price on this item is "Fair Traded" at \$3.49. The mistake was made in this office.

Next Door To N. B. Long & Sons

PERSONALS AND NEWS ABOUT KENDRICK FRIENDS

Mrs. Estella Leith left Thursday for Coeur d'Alene, where she will spend the Easter holiday with her daughters and their families. Mr. and Mrs. Ig. Flaig and Mr. and Mrs. Bob Spencer.

Dick Coulter and Mr. and Mrs. W. B. Deobald witnessed the concert Sunday evening given by the University Singers at the U. of I., Moscow.

Roy Long was down from Spokane over the week-end to visit his parents, Mr. and Mrs. Edgar Long, and to get a load of household goods he had stored here during the winter.

Mr. and Mrs. Paul Lind are moving to their newly purchased home, just vacated by Frank Nesbit, and Mr. and Mrs. Chas. Greenwood are moving to theirs, the one vacated by the Lind family.

Mr. and Mrs. Donald Fraser and little son of Spokane were week-end guests here in the home of his parents, Mr. and Mrs. Everett Fraser. Lois Deobald, who is teaching in Grangeville, spent the week-end at her home here.

Don Dammarell, who is attending school at Farragut, accompanied by two school buddies, Dick Hendrick of Piquette, Ohio, and Glen Myers of Williston, North Dakota, arrived here last Saturday to spend the spring vacation with Don's parents, Mr. and Mrs. E. M. Dammarell and family.

Mr. and Mrs. Bob Weyen, Kamiah, were visiting in the A. A. May home Tuesday and Wednesday.

Mrs. H. C. Schupfer left Monday for Lewiston again to be with her aunt and uncle, Mr. and Mrs. N. E. Walker, as Mr. Walker is still ill.

Local U. of I. students home over the week-end included Tom Brown, Bob Lind, Teddy Deobald, Gladys Silflow, Ida Marie Silflow, Elsie Kruger, Patty McCreary and Beverly Schupfer and Bob Watts.

Agnes Baker, who is attending the Multnomah School of the Bible at Portland, is home for Easter vacation.

Mrs. J. G. Travis, who has been ill for some weeks, is now around a bit again, and was seen down town this week.

Mrs. Lillie, Lapwai, spent Sunday with Mr. and Mrs. Ervin Halseth. Mrs. Halseth is her daughter.

R. L. Blewett is serving on the jury at Moscow this week.

Mrs. L. A. Wallace and Randy went to Lewiston Saturday morning to meet Randy's mother, Mrs. Cleo Bissell, of Portland, Oregon, who spent Saturday and Sunday here.

Mr. and Mrs. Oral Craig and son Ronald were Sunday dinner guests in the Lloyd Craig home at Leland. Ray Hudson and Charles Andres were in Grangeville Tuesday on business.

Mr. and Mrs. Leonard Stuart of Lewiston were Sunday dinner guests in the home of his sister and family, Mr. and Mrs. Kenneth Brocke.

Scottie Coulter, who is teaching at the Eastern College of Education at LaGrande, Ore., was home for the week-end, bringing with him a friend, Miss Martha Brown, of Nysse, Oregon.

Mrs. Kathryn Hutcheson of Lewiston is visiting this week with her daughter, Mrs. John W. Davis and family.

1915 Car Registrations

Mrs. Johannah Nelson brought our attention the following article appearing in a Kendrick Gazette dated Friday, July 23, 1915, and entitled: "Many Automobiles In Latah County."

"Under the new automobile license tax laws there has been collected by the county tax collector in Latah county the sum of \$4,424 during the year up to July 15. According to figures compiled there are 335 licensed automobiles in the county and 14 motorcycles. The registration of automobiles is made with the county assessor and the collection of same is left with the tax collector. The money collected is then turned over to the county commissioners, 75 percent being placed in the general road fund of the county and the other 25 percent sent to the state highway commission. Under the collections made thus far \$3,318 will remain in the county for road improvement while \$1,106 will go

to the state highway commission. It is interesting to note the number of cars licensed of different makes in the county:

"Automobiles: Ford, 146; Buick, 37; Studebaker, with which is included E. M. F., 28; Maxwell, 20; Overland, 13; Chevrolet, 10; Reo, 10; Chalmers-Detroit, with which is included Chalmers, 9; Hudson, 8; Vellie, 8; Case, 7; Mason, 6; Dodge Bros., 5; Franklin, 4; Paige and Paige-Detroit, 4; King, 3; Cadillac, 2; Winton, 2; Haynes, 2; Maytag, 1; Chandler, 1; Empire, 1; Metz, 1; Cole, 1; Regal 1, and Assembled Car, 1."

The paper was the property of her father, A. Hooker, and was apparently saved for that very article, as it is carefully pencil-marked.

April Is Cancer Control Month Gov. C. A. Robins has officially designated April as "Cancer Control Month" and urges residents to generously support the campaign of the Idaho Division of the American Cancer Society to raise funds to continue its intensive fight against the disease.

Cancer is a disease which was old when the empires of Alexander and Caesar were young. It affects all plant and animal life, and last year its lethal touch was felt by 508 Idaho residents.

Scientific laboratories and medical schools have developed several leads into the secrets of cancer during recent years and have shown that measures of control can be exercised over the disease. They also give us hope and the promise that some day cancer will be conquered completely.

The aim of the Idaho Cancer Society is to provide reliable and intelligent information about the disease at all times. No one knows better than a physician what physical, emotional and financial suffering can be averted by prompt recognition of the early signs of cancer.

Photo Exhibition At High School

An exhibition of 62 prize winning pictures from the 1947 National High School Photographic awards, including the twelve major prize winners and fifty Merit award winners, will go on display at the Kendrick high school on March 22, and will remain through April 2nd.

Representative of the finest in juvenile photography, the snapshots on exhibition are the best of thousands of entries in the annual nationwide high school picture competition sponsored by a prominent kodak concern.

A total of \$3,000 in cash prizes, to help students further their education, as well as achieve national recognition for their pictures, was offered. The pictures now on display include the grand prize winner — awarded \$500, and the first, second and third prize winners in the four classes of entry.

The snapshots cover a wide range of subjects, and should prove of real interest to anyone interested in art or photography.

Lillian Ferguson of Deary Dies

Mrs. Lillian Ferguson, 64, of Deary, died at 11:15 Tuesday morning at the home of her daughter, Mrs. Kermit L. Waide, 1122 12th Ave., Lewiston. Mrs. Ferguson had been living with her daughter since last fall.

She was born Jan. 9, 1884, at Rochester, Minn., where she was baptized in the Lutheran church, and traveled west with her parents to Texas ridge in 1893. She taught school in Idaho for 40 years, the last five at Headquarters.

Survivors include two daughters, Mrs. Waide and Mrs. Ada Serginson of Lewiston, and a brother, Paul A. Beyer of Palouse.

The body is at Short's Chapel at Moscow, with funeral arrangements pending.

New Dump Ground Secured

A new dump ground has finally been secured for Kendrick. It is located up Bear creek approximately a half mile above the old ground.

A deep pit about 60 feet long and 30 feet wide has been "dozed" out and as it is filled, earth will be pushed over the debris.

Local residents using them are asked to be sure the debris is deposited in the pit — and not along the road.

How To Use 2, 4-D
Looking at the records from some of the test plots at the University of Idaho where various 2, 4-D sprays and dusts have been used on lawn weeds one would swear that this week killer produces dandelions—not kills them.

"Weed seeds in the soil" is the answer given by Lambert C. Erickson, associate agronomist in the special weed research division.

"Vacant spaces left when the big parent plants are killed by 2, 4-D were soon occupied by new seedlings," he reported. "On some plots we counted more dandelions in the fall than there were when the area was sprayed in the spring."

This piece of research should be a warning to home owners that no

single spraying with 2, 4-D will completely rid a lawn of dandelions. Spraying must be continued until all of the dormant seeds have sprouted and the seedlings have been killed.

"Treatment of lawns with 2, 4-D should be combined with good lawn management," Erickson adds. "Attention to proper watering, cutting and fertilization will aid the grasses to dominate the spaces left when the large parent plants are killed."

Protect Valuable Hogs

If a farmer and his pigs come down with influenza at approximately the same time, it may be more than just a coincidence.

The American Foundation for Animal Health reports new evidence that hogs can be infected with flu

by a human attendant — or by eating foods contaminated by human handlers. In the case reported, an epidemic of influenza among people coincided with an outbreak of swine influenza. Tests were made, and the disease in the pigs was found to be caused by the human type of flu virus. In any event, you folks are reminded that the danger season for influenza is now here — and pigs should be protected against undue exposure to cold and dampness. By isolation and prompt treatment of illing animals, this highly contagious disease may be kept from complications and excessive losses.

And at the present price of hogs no one can afford to lose even one.

Idaho Income Is Way Up

The income of the average Idaho citizen is nearly triple what it was in 1940, the Idaho State Chamber of Commerce stated this week. The per capita income in Idaho in 1940 was \$440.00, while it was estimated at \$1,243 in 1946, and will go even higher in 1947.

The state chamber's report was based on the most recent monthly review of the Federal Reserve Bank of San Francisco, which showed that total income payments to individuals in Idaho in 1940 amounted to \$232,000,000 and rose to \$588,000,000 in 1946. The 1947 crop in Idaho, one of the largest on record, is expected to boost agricultural payments to individuals even higher.

In 1940 per capita income in Idaho was the lowest of seven states in the Twelfth Federal Reserve district, which includes Arizona, California, Idaho, Nevada, Oregon, Washington and Utah.

In 1946, Idaho, with \$1,243 per capita income was ahead of Arizona with \$995.00; Oregon with \$1,188, and Utah with \$1,063. Nevada has consistently led the seven states with \$836 in 1940, and \$1,703 in 1946. Idaho's percent of change, 182.5 increase, was the highest for any of the seven states.

"In California, Idaho and Nevada, per capita income payments rose in 1946 over 1945," the report stated. "but they declined in other states of the district. In all states per capita income payments were much higher in 1946 than in 1940."

New Drug Combats Tuberculosis

Preliminary findings in an intensive study of streptomycin, a new drug used in treatment of some types of tuberculosis, have been announced by the VA. The VA hospital at Walla Walla, Wash., is one of 20 VA hospitals in which special research has been carried on under direction of a joint streptomycin committee at Washington, D. C.

Physicians at Walla Walla have reported successful results obtained by reducing dosage of the drug and the number of injections, with the result that ill effects of the drug on patients were reduced or eliminated.

The preliminary research report emphasized that while the drug combats some phases of tuberculosis, streptomycin is not a "wonder drug" or "cure all."

Test Bird and Rodent Destruction of Tree Seed

That small rodents and seed-eating birds retard the reseedling of many trees is well known. Specific information on the destruction of jack pine seeds by nine rodent species and five bird species was provided by a study made in the Chippewa national forest, Minnesota, in 1941.

The study area had been logged, the ground disked, and cone-bearing jack pine slash scattered evenly over it. Abundant jack pine seeds were available. Flocks of Brewer blackbirds and goldfinches were present as well as smaller numbers of juncos and chipping sparrows. A few birds were shot and 161 small rodents were trapped in the area.

Conclusions and suggestions derived from this study and other available information are that only a few birds and mammals seriously depleted the jack pine seed supply; the species eating the most seed were those which thrive best and occur in the greatest number on cleared areas; direct seeding the first spring after fires or logging operations will insure the least destruction of seed by animals as well as a minimum of early vegetative competition; cover the seeds with mineral soil to help hide them from animals, hasten germination and improve subsequent survival.

Hysteria Mental Malady With Dangerous Effects

Hysteria — the so-called "shell-shock" of the First World War, although probably a majority of its victims never heard a shell fired — persisted on a greatly diminished scale among American troops in the last war, according to an announcement from the surgeon general's office.

It was predominantly a mental malady of the last generation. Essentially it is manifested as a syndrome which simulates, without organic basis, some pathological physical condition. A victim will develop, for example, a paralyzed arm, but physical examination shows that the paralyzed area does not follow any single nerve or group of nerves. A man may be suddenly stricken blind but nothing wrong can be found with his eyes or optic nerve.

A hysteric is not consciously faking. For all practical purposes his arm is really paralyzed or his eyes sightless. Questioning often will reveal that the victim has had a hard blow on the arm or gotten a bug in his eye. If such a condition is not recognized it may persist for years and the organ involved may actually become useless permanently through disuse.

Traveling Expenses

A marked increase in the proportion of salesmen's traveling expenses to total sales from 1944 to 1946 and a growing concern on the part of management with how such expenses can be controlled are indicated in a survey published by the American Management Association. The association's report, which covered 92 companies, showed that though transportation, automobile and hotel room expenses as a proportion of total traveling expenses declined from 1940 to 1946, the portion of expenditures on meals and miscellaneous items increased, and entertainment expenses climbed from little more than 11 per cent of the total to almost 14 per cent. Of total traveling expenses, about 43 per cent goes to transportation including auto travel, 14 per cent to hotel rooms, 18 per cent for meals, 11 per cent to personal items like tips, valet, laundry, telephone and other miscellany.

Psychiatric Treatment

A British industrial psychiatrist, describing the successful work of England's first industrial Rehabilitation Center which treats patients suffering from occupational and social maladjustments, says that during one 12-month period 580 men and 460 women have been treated with satisfactory results. Many of the cases were medically and psychiatrically difficult and a minority were complicated by insoluble social problems. It is often difficult to classify the cases exactly, but the greater number were suffering from occupational and social maladjustments. Rehabilitation is a form of scientific treatment which should be a part of medical therapy of all illnesses, the psychiatrist says. The better and earlier the treatment, the fewer will be the cases of permanent disability which will require vocational training and the more satisfactory the results in those so treated.

Meat Values

Pound for pound poultry meat has the same quantity of protein, the most important value of meat in the diet, as other meat. Chicken giblets are especially rich in iron and vitamin A, as the edible organs of other meats are. Except for the giblets, however, poultry meat does not contain as much iron as the so-called red meats. In that important vitamin, B1 or thiamine, chicken rates along with beef but below lamb and veal and considerably below pork. In the other B-vitamins chicken and other meats are about the same. Dark meat contains considerably more riboflavin and probably more iron, as well as more of the extractives or flavoring substances in meat.

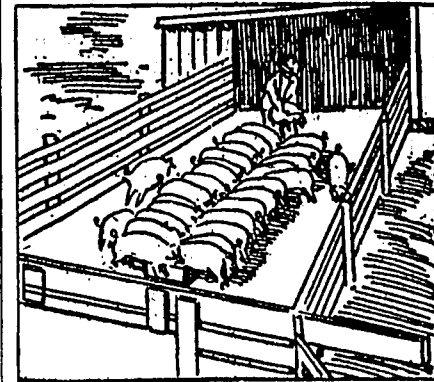

Concrete Floors Increase Profits

Faster Gains and Feed Savings Prove Results

By W. J. DRYDEN

Faster gains and the saving of feed are the aims of every hog raiser. Among the most essential farm improvements that may bring these results are concrete feeding floors. Such floors help produce more pork and save feed from being lost in the mud.

Each hog should have 10 square feet of floor space. To build 100 square feet of floor, 4 inches thick, it

will take 7½ sacks of portland cement, ¾ cubic yard of sand and 1 cubic yard of gravel or crushed rock.

If the area to be paved is poorly drained, it is best to place the concrete slab on a well-tamped fill of about six inches. If the concrete is to be driven over, it should be six inches thick.

New concrete should be properly cured by covering with earth or straw as soon as it has hardened enough not to be marred, and then kept moist for at least five days by frequent sprinkling.

KNOW YOUR BREED Morocco Spotted Horse

By W. J. DRYDEN

The Morocco horse originated in the crossbreeding of the Morocco Barb and the English Hackney and the French coach horse.

The conformation of the Morocco Barb is somewhat similar to the Arabian horse.

In size the Morocco varies from 1,050 to 1,400 pounds. It is a general purpose horse, bred for work as

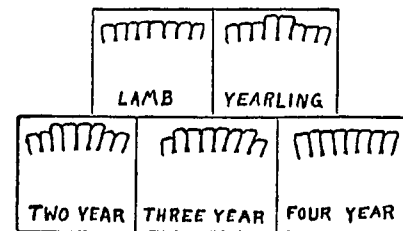

Ideal type of Morocco spotted horse.

well as pleasure. The working team is fast and steady, and has considerable stamina. They have the power to reproduce themselves true to type and color even when used with other colors and breeds.

To be registered they must stand 14.2 hands high. Type must be clean and neat with ample legs to be suitable for either saddle or harness.

Telling Sheep Age By Teeth Diagrams

The age of sheep up to four years can be determined easily by examining the teeth. The mouths of sheep are equipped with a full set of 24 molar teeth on both upper and lower

jaws. In addition to these eight incisor teeth are provided along the front of the lower jaw.

The chart designed by University of Alberta should prove an accurate guide in determining or estimating the age of sheep.

Alfalfa Seed Yield Increased With DDT

Alfalfa seed plots at the Utah station dusted with DDT to control lygus bugs produced 400 pounds of seed per acre—fields not dusted produced less than 100 pounds.

Until DDT became available, no insecticide had been found that would control these insects at a cost that was economically feasible. The tests proved that DDT offers promise of greatly increasing seed production by control of lygus bugs.

Report Atomic Treatment For Minor Cancer Cases

The first practical application of atomic research by-products to the treatment of cancer was reported by Dr. Bertram Low-Beer of the University of California medical school. Dr. Low-Beer's treatment is applicable only to superficial skin cancers and warts, and he warned against any hope that it can be applied in the near future to deep-seated tumors.

The physician reported the results of treatment of more than 300 cases of superficial skin cancer and warts which he has carried on quietly since 1941. Another 100 patients have been treated recently, but have not been under observation long enough to show conclusive results.

The treatment, used in the types of skin cancer known as basal cell carcinoma and hyperkeratosis and for warts on the hands, soles of the feet, and under the fingernails, is as simple as applying a bandage to a cut. A solution containing radioactive phosphorus is placed on thin blotting paper, allowed to dry, then applied to the tumor like a bandage. It is permitted to remain up to several days, depending on the required dosage of radiation. This causes a red blotch on the skin, and the blotch and tumor disappear gradually over a period of two months.

Manufacturers Sizing Dresses to Height

Something is being done about clothing for short and tall women, average sizes of ready-made garments being sized to height. That is, garments — including slips, dresses, coats and suits — are being made in proportionate length which will fit the short, average or tall, even though all three wear size 14.

Manufacturers who made garments for women in the armed services became aware of the variations in length. To cut down costly adjustments after garments were made, fabric was cut into correct proportions. This brought about a standardization of sizes. Manufacturers are endeavoring to make sizes uniform.

The junior miss, as its name implies, is for the teen-agers or small younger women. These sizes run 9, 11, 13 and 15. Misses' sizes are 10, 12, 14, 16, 18 and 20 and are designed for the lucky person who is well-proportioned, broad-shouldered, small-waisted and slim-hipped. Sizes 36 and up are the women's sizes intended for the more mature figure of average or taller height.

Prevent Mildew

Damaging molds that cause mildew thrive on summer warmth and moisture and, unless precaution is taken, may stain household fabrics. Do everything possible to keep the house dry and well-aired. If mildew has made a start, a small stove or heater may dry out one room enough to stop the growth. If larger areas are affected, it may be necessary to heat the house for a few hours. In warm, very damp weather, keep doors and windows closed during the day. Then ventilate at night when the air outside is cooler and drier than inside. A small electric light left burning in a closet usually dries out the air enough to prevent mildew. Or, if necessary, run an electric fan in the closet to stir up air. A jar of calcium chloride kept open in a closet acts as a drying agent, but must be replaced from time to time as it can absorb only a certain amount of moisture. Now and then, leave drawers and closet doors open for an airing.

Butterfat Content

Research workers have found that the butterfat content of milk increases with each quart milked. When one quart was milked at a time the fat content was found to range from 1.4 per cent for the first quart up to 7.6 per cent for the stripplings. Farmers wanting to get as high a fat test as possible should therefore get all the milk possible at each milking. It has been found that fast milking is important because cows let down their milk only for a certain time, and if the milker is slow, he may not get the last rich part. The butterfat content of milk is usually somewhat higher after cows have exercised. Usually they get more exercise during the day than at night, and yet the night milking period is often the shortest.

Grind Own Feed

In contrast to the old-fashioned method of bringing grain to the local feed mill every week, and thus wasting a lot of time waiting, the modern farmer does his feed grinding automatically. A simple elevator removes the grain from the threshing machine or wagon, and elevates it to a bin in the granary overhead. Chutes from these bins lead to the feed grinder below. Here, the grain is ground and then elevated to another bin, where ingredients are added to the home-grown feed to give the proper balance. The mixing operation is as simple as the grinding, the feed being mixed while it is transferred from one bin to another by the elevator. Two passes, and the feed is mixed sufficiently—and the supply is ready for use.

SHORT NEWS ITEMS FROM OUR LOCAL SCHOOLHOUSE
To Be Banquet Guests
 The Kendrick Tigers, Coach Arm-
 itage, Supt. Nutting, and Bill Kuy-
 kendall, Tiger managers, plus par-
 ents or wives as the case may be,
 will be the guests of the Lewiston
 High school at a 7:00 banquet in
 the Lewis-Clark hotel Saturday eve-
 ning, March 27.

Seniors Take Jaunt
 The Senior Class from K. H. S.
 left Tuesday afternoon, March 16,
 for Pocatello to attend the basket-
 ball tournament. The trip was made
 by auto, and accommodations were
 secured at a motor court across the
 street from the Idaho State college.
 The basketball team also stayed at
 the same court. The group returned
 Sunday, reporting a very enjoyable
 time. The group were chaperoned by
 Ross Armitage, Jasper Nutting and
 Mrs. Werner Brammer.

Birthday Party
 Some of the high school students
 gave a surprise birthday party, for
 Buford Fairfield last Tuesday eve-
 ning at the home of his parents, Mr.
 and Mrs. Leonard Fairfield. A good
 time was reported.

Baseball League Formed
 A baseball league to engage in a
 final play-off for the championship
 has been formed. Four groups are
 tentatively set up as follows: Gene-
 see, Kendrick, Lapwal, Troy, Deary;
 Orofino, Kamiah, Pierce and Weippe;
 Winchester, Gifford, Nezperce and
 Craigmont; Grangeville, Ecosida,
 Cottonwood and Ferdinand. Lewiston
 will also take part in the playoffs.

Grade School News
 Seventh and Eighth Grades — Shar-
 on Sturman left this week for Cedar
 ridge, where she will complete this
 school term. The pupils have been
 making posters for the W. C. T. U.
 contest. They are on display in the
 window of Millard's Grocery. Burton
 Souders was the only pupil from this
 room to go to Pocatello. Mrs.
 LaFollette visited this room on her
 inspection trip last week.

Fifth and Sixth Grades — Benny
 Cook demonstrated his electric
 sander to our Science class Wed-
 nesday afternoon, and explained the
 Morse code. Thursday afternoon Mr.
 Forsberg performed some scientific
 experiments on gasses for the same
 class.

Third and Fourth Grades — Larry
 Sturman left this week for Cedar
 ridge, where he will attend school.
First and Second Grades — Those
 with perfect attendance in the first
 grade for the past nine weeks are
 LeRoy Brocke, Bruce Clemenhagen,
 Patty Stephens, Leonard Eldridge
 and Douglas Hudson. In the second
 grade Phyllis Hudson, Judy Koepf,
 Harvey Millsap, Randy Wallace and
 Richard Dunham.

NEW FISHING REGULATIONS GO INTO EFFECT APRIL 1
 Idaho fishing regulations for 1948
 go into effect April 1, the fish and
 game department states in a re-
 minder to thousands of anglers who
 will be tossing hooks this spring in
 some open streams, even though the
 general trout season does not begin
 until June 4.
 New licenses are required on and
 after April 1, the same date that
 the fishing schedule for the year
 goes into force. Cost of all licenses
 remains the same as in 1947, and in
 most respects the seasons and regu-
 lations are just as they were last
 year. Booklets have been published
 for free distribution by officers of
 the department and by approxi-
 mately 500 license vendors in all
 parts of Idaho.
 From all indications, the depart-
 ment said, the number of people
 fishing in Idaho this year will be on
 a par with the record crowd of
 1947, when 205,000 licenses of all
 kinds, including big game, were pur-
 chased. Idaho residents accounted
 for 170,000.
 Although the big attack on trout
 will be delayed until June 4, there
 will be a good deal of interest in
 April and May catching bass, bull-
 head catfish and perch in a number
 of waters. Steelhead will be running
 in the Salmon and Clearwater rivers
 and sturgeon are being taken in the
 Snake river, which is also open to
 trout fishing the entire year. Pend
 Oreille lake, home of the world
 champion kamloops rainbow and
 other lakes of the Panhandle dis-
 trict, will open May 1.
 Bag limit for trout is as it was
 in 1947 — 10 pounds and one fish,
 or twenty fish. That's the possession
 limit, too.
 Principal changes have been made
 in the regulations on fishing for
 salmon and steelhead. All snagging
 has been outlawed. Spearing has
 been prohibited for several years
 and is still unlawful.
 Use of gaff hooks in taking any
 fish is prohibited unless the fish is
 landed into a boat. No hook larger
 than one-half inch from point of
 shank may be used in catching sal-
 mon.
 Several spawning tributaries of
 the Salmon river drainage, a major
 source for Chinook salmon produc-
 tion, will be closed to all fishing
 during the spawning season. Closed
 areas and other regulations were
 established by the commission at its
 January meeting, when all fishing
 seasons for 1948 were set, to give
 salmon a chance to maintain the
 recovery that was notable in many
 Idaho streams last summer.

GOLDEN RULE
 Mrs. Carl Finke and children
 spent Tuesday visiting in Kendrick,
 while Carl and George Finke, Jr.,
 went on to Lewiston on business.
 Mr. and Mrs. Ishmael Martin of
 Lewiston were callers in the neigh-
 borhood, Saturday.
 Mr. and Mrs. Frank Cowger and
 children of Harpster and Mr. and
 Mrs. John Jennings and daughters
 were Sunday visitors at the Abner
 Cowger home.
 Mr. and Mrs. Arnie Kloster and
 children spent Sunday at the Carl
 Finke home.
 Mr. and Mrs. Lyle Bashaw and
 daughters spent Saturday night and
 Sunday with the Martin Brothers.
 We understand John Pavel has
 purchased a Studebaker pickup.

Likes "No Parking Meters"
 Fred Stage, Southwick, likes the
 idea of no parking meters, for in a
 brief note to us he says:
 "I wish to congratulate you on
 mentioning your having no parking
 meters in Kendrick. That's one of
 the many reasons why so many pre-
 fer Kendrick as their trading center.
 Another reason is that the business
 establishments stay open later on
 Saturdays, thus giving everyone
 plenty of time to shop."

News Very, Very Scarce
 This is another of those weeks
 when news is very, very scarce. It
 just seems as if there is nothing
 going on that merits reporting.
 The miserable weather has stymied
 almost all farm work except fencing
 and repair work about the buildings,
 and there appears to have been
 nothing of general interest in or
 about town that merits more than
 a few lines.

Leland W. S. C. S. Meeting
 The ladies of the Leland W. S. C. S.
 will meet with Mrs.ONEY Walker
 on Thursday afternoon, April 1, for
 their regular business and devotional
 meeting, which will be led by Mrs.
 Jesse Thornton.
 In most cases it's a good idea
 to use iodized salt, since most areas
 around here are deficient in it.
 Bottled Cola, Orange, Upper Ten,
 Sparkling Water and Ginger Ale, in
 quarts is available at Blewett's Gro-
 cery-Market. 1-adv.

Potlatch Chief Sez

PUBLISHED BY THE KENDRICK CO-OPERATIVE CREAMERY

HELLO, THERE, FOLKS:

About Baby Chicks:
Hurry! Hurry! Hurry! Folks! And order those baby chicks now. Erving's Chicks are so popular that their capacity is almost booked up for spring. However, we are still taking orders for them, and will do the best we can to get them for you at the time you want them.
Stop and Think of those delicious fryers, and order your baby chicks today. Erving's chickens are record layers, so if you are in the egg and poultry business, Erving's are the chicks to buy. Order today — now!

About Dairy Products:

For good foods on your table, keep well supplied with Potlatch Chief Dairy Products. Keep that refrigerator well filled with Eggs, Butter, Milk, Cream and Cottage Cheese that bears the label "Potlatch Chief." It is your assurance of quality!

Have you had any of our cottage cheese lately. It is really delicious, and a big help in completing your dinner or luncheon menu.

Sell Us That Cream!

Have you considered the advantages of co-operative marketing? Do you know that you will draw dividends on cream sold us? If you have not considered these matters, come in and talk the problem over. You will find that it will mean dollars in your pocket!

Moe: "My wife has the worst memory I ever heard of!"

Joe: "Forgets everything, eh?"

Moe: "No, remembers everything!"

Sue: "I wonder if Jack loves me?"

Mabel: "Of course he does, dear. Why should he make you the exception?"

KENDRICK DROPS GAME

six minutes of play when behind 6-0. Kendrick took 15 easy shots at the basket in the first quarter but could get only a free throw. Medalin's lone toss was Kendrick's only point for the first eight minutes, as field goal after field goal rolled around the hoop. Herb Millard broke the ice for Kendrick in the first seconds of the second quarter with a nice swisher from the side.
Kendrick came to life with a bang in the second quarter and looked like the team that Tri-State area fans are accustomed to seeing in action. In six minutes of play the Tigers scored 16 points to trail 16-18, after being behind 12-1 at the quarter.

Officiating in southern Idaho allows a lot rougher game under the baskets than in the Lewiston area. Hacking on rebounds is almost never called. In the third quarter American Falls ran up a 21-27 lead before Kendrick fought back. With Herb Millard and Junior Brocke leading the attack, Kendrick trailed 30-27 at the end of the quarter. Rebound cost Kendrick most of its fouls during the game. Medalin fouled out with five minutes left to play in the last quarter and with American Falls leading 35-29. Frank Dammarell went in, but he had three fouls earned in the first half.
During the fourth quarter the American Falls Beavers slowed down their offensive and forced Kendrick to pass the ball. With three minutes to go the Tigers trailed 37-29. Kendrick pulled a tremendous rally to make the score 34 to 38 for the Beavers with two minutes left. Then Easterbrook went out on fouls with six seconds remaining, and Herb Millard fouled out with two seconds to go.

About Pocatello

The Gifford Senior class, on their annual "Senior Sneak" made the pilgrimage to the tournament, rooting for Kendrick with a will — and their gesture of friendship and sportsmanship is indeed appreciated by the entire school.
All of the local residents, including players, who were present, have a good word for the hospitality of the Pocatello citizenry — and all report a good time.

To lose is no disgrace, and Kendrick and the surrounding territory are just as proud of our Tigers as if they had brought home another championship.

Area residents "chipped in" to make possible a broadcast of the games over station KRPL at Moscow, and reception was quite good. The Pocatello station cooperated in a splendid way, even to giving us a description of the pinwheels, cartwheels, somersaults, etc., of Patty Brocke and Louella Forest, Tiger yell leaders, as they lead the combined Kendrick, Lewiston-Gifford rooting sections at the game.
Standing joke about town Saturday morning was: "Want to buy a radio, cheap? The one I've got didn't bring in the right news last night!" However, now that it is all over, we believe a word of praise is due Coach Ross Armitage and the Tigers for the fine record they have hung up this year.
"We'll always say: 'Ross knows his stuff, and the kids will 'put out' for him."

Card Of Thanks

We wish to extend our sincere thanks to all those who aided us during our hour of trial — the sudden passing of Clifford H. Nelson. — Lura and Karen Nelson, and the Chas. Nelson Family.

WHAT CAMERON FOLKS ARE DOING THESE DAYS

The Luther League recently purchased a 16-mm. movie projector with sound. They showed their first pictures to a large crowd at the Ladies Aid hall Sunday evening.

Mr. and Mrs. Walter Koepf and family and Mr. and Mrs. Roy Ramey were Sunday visitors in Rosalia.

Mrs. Dave Schoeffler spent Sunday and Monday with her sister, Mrs. Harl Whiting, who is recovering from a recent illness.

Mrs. Henry Jones visited with Mrs. A. E. Spekker Monday afternoon.

Elsie Kruger and Gladys Silflow, U. of I. students, spent the weekend at their homes here.

Mrs. Herman Meyer and Mrs. Homer Parks were hostesses at an all-day Ladies Aid meeting, Wednesday.

Mr. and Mrs. Glen Wegner, Mr. and Mrs. Harold Silflow and Mrs. Wilbur Tarbet returned Sunday from a visit in Seattle.

Mrs. A. E. Spekker and son Vern, Mr. and Mrs. Ed. Mielke and daughters and Ernest and Lawrence Schwarz spent Wednesday evening with Miss Helen and Ted Mielke.

Mr. and Mrs. Gus Kruger and daughters Elsie and Dorothy, and Mr. and Mrs. John Blankenship and family were Sunday dinner guests of Mr. and Mrs. Herman Silflow.

Mr. and Mrs. Marvin Silflow entertained at dinner Sunday for Mr. and Mrs. Otto Silflow and family, Mr. and Mrs. Fred Silflow and Ida Marie. Mr. and Mrs. Emil Silflow and son and Ernest Heimgartner and son Ernie.

SOUTHWICK NEWS

Mr. and Mrs. Fred Duross and son Hugh of Bovill visited with Mr. and Mrs. Gordon Harris and Johnny Pearson in the Gordon Harris home Sunday.

Mr. and Mrs. Frank Cantril and daughters and Mrs. Wilbur Caldwell and daughters spent the weekend with relatives and friends in Pomeroy.

Mr. and Mrs. James Reece and daughters visited in the Wade Candler home Monday evening.

Mrs. Edith Wells was a Moscow business visitor Monday.

Mr. and Mrs. Wm. Winters and son returned to Southwick this week after spending the past two months on the coast.

Mr. and Mrs. C. J. Perry and family were called to Oregon last week by the illness of Mr. Perry's sister.

Mr. and Mrs. Don Cantril and Mr. and Mrs. Gordon Hicks, the latter of North Hollywood, Calif., spent Monday in Spokane.

Virgil and Doug. Harris were business visitors in Orofino Wednesday.

Mr. and Mrs. Ralph Wright were recent visitors in the Clarence Henderson home in Lewiston.

Hank and Chris Tschantz were dinner guests of Johnny and Annie Longteig, Sunday.

Mr. and Mrs. Charlie Harris and family spent Thursday in Orofino.

Axel Swanson and family have returned to their home in Kendrick, after spending the winter in the Lou Watson home.

LINDEN ITEMS

Mr. and Mrs. Stewart Wilson were Moscow business visitors Friday.

Marjorie Foster was an overnight guest in the Wilson home Friday night.

Mr. and Mrs. Arthur Foster were business visitors in Lewiston Saturday.

There will be a community dinner at the Gold Hill hall on Easter Sunday, following the Easter Services.

Charley Berreman spent the weekend with his mother, Mrs. Lou Conrad, Lewiston.

Mr. and Mrs. Robert Alexander and children of Kennebec visited over the weekend with his parents, Mr. and Mrs. Louis Alexander, returning home Sunday evening.

Louis Alexander is sporting a new Oldsmobile car these days.

All the members of the Kendrick High school Senior class from this ridge spent the week at Pocatello, attending the basketball tournament. Junior Israel spent the weekend at the Clarence Fry home in Kendrick.

A surprise party was given Mrs. A. Pederson Sunday evening by the "Busy Bees." About 25 were present. Old winter is still with us — having saluted us with snow, hail, rain and wind the past week.
