

KENDRICK GAZETTE

VOLUME 58

KENDRICK, LATAH COUNTY, IDAHO, THURSDAY, APRIL 22, 1948

NO. 17

SHORT NEWS ITEMS FROM OUR LOCAL SCHOOLHOUSE

Kendrick-Orofino Split Games
The Kendrick Tigers and the Orofino Maniacs played a baseball game at Orofino on Friday, April 9. The Tigers won the first game 5 to 1; Orofino won the second 13-5. These games were practice.

Batteries were: Ed. Hanks, Herb Millard, Gordon Cook, Bud Fairfield, Boyd Thornton and Bob Ware. The catchers Don Millard and Kenney Brown.

Kendrick Ramps Over Lapwai
The Kendrick Tigers ran over the Lapwai Wildcats at Lapwai, Tuesday, April 13 — the Tigers playing 21 men and scoring 21 runs.

Batteries were: Edwin Hanks, Herb Millard, Gordon Cook, Don Millard and Junior Brocke.

Players Are Listed

Below we list the Kendrick baseball players:
Catchers — Don Millard, Kenney Brown and Junior Brocke; pitchers, Edwin Hanks, Herb Millard, Gordon Cook, Bob Ware, Bud Fairfield and Allen Medalen; infield — Orville Halseth, Allen Medalen, Ted Fey, Herb Millard, Dick White, Doug Christensen, John Deobald, Bob Ware, Max Dammarell; outfield, Roy Riley, Max Clemenhagen, Jim Mattoon, Delmer Riley, Ray Thornton, Boyd Thornton, Gene Brocke, Junior Brocke, Frank Dammarell, Clinton Smith, Bruce May, Ray Easterbrook, Jerry Chamberlain, Bud Clemenhagen and Jack Mustoe.

It will be noted that some of the names appear twice. This means that they can fill more than one position.

Kendrick Defeats Genesee Twice
The Kendrick Tigers won their first conference baseball game of the season from the Genesee Bulldogs at Genesee, Tuesday, April 20.

The score of the first game was 4-3, Kendrick, with the Tigers getting three hits and Genesee five. Batteries were H. Millard and E. Hanks and Don Millard.

The score of the second game was 10-8, Kendrick. The battery for this one was A. Medalen and K. Brown. Kendrick collected 15 hits, Genesee got four.

Hear Themselves Play and Sing
Walter Cole of Caldwell, Idaho, was here Thursday with an audio-recording machine, recording some pieces played by the band and three numbers sung by the Glee club. A very interesting time was spent by the band and Glee club in listening to the "play backs."

To Give Smoker
On May 4th the Kendrick school will sponsor an athletic show, to be held in the gym. Grade and high school boys will appear in boxing and wrestling matches, and other interesting entertainment will be presented. It will be witnessed by a large crowd — we hope!

On Thursday, April 29th, the Dramatics department of N. I. C. E. will present three one-act plays in the high school gym. The Speech class of the high school will be the sponsors. Lois Lawrence, graduate of K. H. S. in 1947, will appear with the group. A small charge to cover expenses will be made.

Junior-Senior Banquet
The Junior-Senior banquet will be held Friday evening of this week in the Kendrick school building.

Seniors Receive Invitation
The Seniors have been invited to attend an educational tour of N. I. C. E. There will be entertainment in the form of a baseball game, with N. I. C. E. of Montana. A tour of the school may be made by Seniors who are interested.

Fifth and Sixth Grades
The fifth grade Science class are collecting different types of rock. It is on display in the room.

Achievement tests have been taken by the sixth graders.

Federal Aid Bill Supported
Boise (I. E. A.) — All of Idaho's senators and representatives in congress have pledged full support to federal financial aid to education as represented in S. B. 472 and H. B. 2953. Miss Bess Bays of Boise reports. Miss Bays represented Idaho's educators in Washington recently when S. B. 472 was before the senate for final consideration.

"Each of our senators and representatives granted me the courtesy of an interview," said Miss Bays. "Senators Dworshak and Taylor not only pledged support, but each provided me with a written statement to that effect. Sen. Dworshak voted for S. B. 472 when it came up for action, but Sen. Taylor was absent on business."

The intent is to provide a minimum of \$40 per child 5 to 17 years of age. If 1.1 percent of a state's income does not provide that amount the federal aid fund is designated to provide the balance, except that any state that does not expend 2.5 percent of its income for schools will have its federal aid correspondingly reduced. This is equalization somewhat similar to Idaho's plan for its schools. The amount due Idaho under the federal plan would be about \$1,010,000 per year.

This aid might enable Idaho to obtain qualified teachers to replace the more than 1,100 emergency teachers now in the schools, Mr. Nutting, Kendrick superintendent suggests.

Body Of Cpl. Glenn To Arrive
Word has been received that the body of Cpl. Harold Clifton Glenn, U. S. M. C., son of Mr. and Mrs. John Glenn, Juliaetta, is scheduled to arrive at Lewiston May 2.

Further details are not available at this time.

Buy it in Kendrick! It's your home town!

Weather Seems Like Spring

Following the chill rain of Saturday, which amounted to a brief downpour, Sunday dawned cloudy and a bit chill, only to clear off in the afternoon, and Monday and Tuesday were as fine spring days as anyone could wish. Leaves on maples and other early trees literally popped out, as did the bloom on apricot, peach and plum trees. Tulips may also be seen in full bloom, where in a protected spot, and narcissus are almost gone.

Lawns are greening rapidly, and the click of lawn mowers could be heard almost anywhere in town Sunday afternoon.

It's still too wet in most sections to permit ground working for gardens, but a few have been able to get started.

FINAL SCHOOL ORGANIZATION MEETING HELD THURSDAY

Thursday afternoon at 4:00 o'clock the directors of all the school districts involved in what is known as the "Kendrick Plan" of consolidation met at the school house here and chose the five men who will guide the destinies of Kendrick Joint School District No. 283, until next September, when a duly constituted regular election will be held.

Selected were: Sub-district No. 1, (Juliaetta and American Ridge) Norla Callison; sub-district No. 2, (Kendrick) A. O. Kanikkeberg; sub-district No. 3 (Little Bear, Big Bear and Texas Ridges) Gerald Ingle; sub-district No. 4, (Cedar ridge, Cedar Creek, Gold Hill and Southwick) C. A. Cuddy; sub-district No. 5 (Cameron, Leland, Fairview) Harold Parks.

At the organization meeting held immediately following the election Gerald Ingle was chosen chairman and A. O. Kanikkeberg, clerk.

This period (April to September) will undoubtedly be one of the most important in the life of this new district, since budgets must be planned, teachers hired, school busses purchased, bus routes laid out, and a multitude of other organizational work done.

Many wild stories are already floating about on plans of the new directors — but we were informed Wednesday morning of this week that to date the organizational meeting was the only one held so it is suggested that you let these wild stories "go in one ear and out the other" and forget to repeat them.

Let's all get behind this new board of directors, and co-operate with them toward the end that we all may have the benefit of better schools.

Junior Prom Much Enjoyed

One of the largest crowds for years was present at the annual Junior Prom in the Kendrick gymnasium last Friday evening — and without exception they reported it the finest dance of this year.

The big building was decorated in a beautiful manner, with the theme, "April Showers" being carried out in the decorations as well as programs, some 1,500 tiny umbrellas, made by the Juniors, being a part of the decorations. The seats along the walls had been removed, and in their place was outdoor furniture of every kind, and cut off from the dance floor by a low picket fence.

The chairs and tables truly invited those who "wished to sit out one," to be comfortable.

The orchestra, of five pieces, from the U. of I. provided music that ran from waltzes to modified "jive," and that pleased all. The floor, too, was good — so we believe everyone had a most enjoyable time.

At the close of the dance the tiny, hand-made umbrellas became souvenirs for the entire crowd, attesting to the pleasant memories of the evening. The Junior class and their advisor, Mrs. W. B. Deobald, are indeed to be congratulated.

Patrons and Patronesses for the evening were Mr. and Mrs. W. B. Deobald, Mr. and Mrs. E. M. White, Mr. and Mrs. W. L. McCreary and Mr. and Mrs. Werner Brammer.

Honor Birthday Anniversaries

Mrs. Oral Craig honored her son Ronald's 12th birthday anniversary April 14, by having a Weiner and marshmallow roast, followed by cake and ice cream. Guests were Marcella and Jeanne Craig, Paige Craig, Kaye and Carol Weven, David and Ila Jones, Carol, Phyllis, Douglas, Jerry and Charles Hudson, Randy Walker, Gene Easterbrook, Leonard and David Eldridge.

Mrs. Silvia Herr gave a birthday party for her daughter Gail on her ninth anniversary. Guests were Jack and Gene Easterbrook, Kaye Abrams, Darrel Brocke, Kenney Brocke, Carol Ann Hudson, Vicky Andres, Julia Brocke, Ice cream, cake and punch were served the little guests.

Medalen-Brooke Nuptials
Dolores Medalen, daughter of Mr. and Mrs. Oscar Medalen and Eugene Brocke, son of Mr. and Mrs. George Brocke, Sr., all of Kendrick, were united in marriage April 16th at Lewiston at the Methodist parsonage by the Rev. Weischnier. Patricia Brocke was bridesmaid and Allen Medalen best man.

Mrs. George Brocke, Sr., and Mrs. Oscar G. Medalen also attended the wedding.

The bride wore a grey suit trimmed in fuchsia with a gardenia and rosebud corsage. The bridesmaid wore a brown dress and had a pink carnation corsage.

The brides' mother wore a green suit, and the groom's mother brown. Each had a pink carnation corsage.

After attending the Junior Prom that evening, the couple departed on a short honeymoon to Coeur d'Alene.

TIGERS DINNER GUESTS OF KENDRICK COMMERCIAL CLUB

The Kendrick Tigers, their team manager, the Yell Queens, Coach and Mrs. Ross Armitage and Supt. and Mrs. Jasper Nutting, the Juliaetta Pirates and their superintendent, John Trombetta, were the honor guests at the annual Kendrick Commercial Club dinner last Wednesday evening, with 65 sitting down to a chicken dinner at the Kendrick Cafe.

Following the dinner all adjourned to the basement of the Community church where a program was presented — and a most enjoyable evening it was.

Tom Keene, chairman of the Entertainment committee was in charge, and introduced Tony Gallas, piano accordion player from the U. of I., who gave three fine numbers.

Next was a quintet from the Beta Theta Pi fraternity, calling themselves the "Beta Baronettes," and they, without accompaniment, sang three numbers, all of which met the hearty approval of the assembly.

At the conclusion of the musical numbers Mr. Keene turned the meeting over to J. M. Lyle, Jr., former superintendent here, who gave a short talk on "Sportsmanship and Trophies." Mr. Lyle said that the "collection of hardware" had grown so fast in the years since he left that he found it hard to realize that the "collectors" were grade school pupils at the time he resigned his superintendency.

Lloyd Harris, Athletic director of the Lewiston Chamber of Commerce was then introduced, and told briefly of his pleasure in presenting a number of the trophies to the Tigers, as their sportsmanship was greatly to be commended, as well as their winning ability.

Paul Wise, N. I. C. E. athletic director also complimented the group on its sportsmanship, and stated it was his hope they would choose his school for further education.

Ben Ennis, line coach of the U. of I. football team stated he had seen the Tigers play but once — and the thing that impressed him at that time was their "drive," and that it in turn could only come through obedience to orders in training as well as in playing — and it took both to turn out a winning team.

Jack Goetz of KRPL, Moscow, paid high tribute to the Tigers, and also complimented this area on the backing it gave the team — not only in a financial way, but in a physical way — through attendance at games and ability to boost for the team when going was tough.

George Green, director of athletics at the U. of I. paid high compliment to the Tigers on their team work and team spirit — backed by the loyal support of everyone in this territory.

Mr. Lyle then turned the meeting over to Jasper Nutting, who talked for a few minutes on the scholarship requirements which had to be met by every member of the Tigers athletic teams. Mr. Nutting said that the players were given no privileges not accorded any other member of the school in regard to attendance or scholarship.

Mr. Nutting then complimented the Juliaetta basketball team on their fine improvement during the past season.

John Trombetta, superintendent of the Juliaetta schools was then introduced by Mr. Nutting. Mr. Trombetta stated that the Pirates had won 7 out of 14 games — playing every eligible youth in the high school. He then introduced Dick Johns, captain of the Juliaetta team, who introduced his team mates.

Mr. Nutting then welcomed the Juliaetta team as a part of the Kendrick school team for the coming year — since they are now consolidated with many other districts into Joint District No. 283.

Coach Armitage then invited the Juliaetta boys to take part in all Kendrick athletics, beginning at this time with baseball.

Mr. Armitage also introduced the Kendrick Tigers, all of whom were present with the exception of Geo. Brocke, Jr., and Herb Millard, who were in Coeur d'Alene viewing the Freedom Train.

In concluding his talk Mr. Armitage paid compliment to Ben Cook, who was his coach at the time he was in high school.

All-in-all it was a most enjoyable evening for all who were present.

Planes Criss-Cross Area

All day Monday and most of Tuesday the skies above Kendrick and the surrounding territory were being criss-crossed by planes of every size, make and description, as they sought the missing blue Stinson plane of Mayor and Mrs. R. H. McNeill, and Mr. and Mrs. Don Baldrige, all of Caldwell, Idaho, which left Coeur d'Alene Sunday morning at 9:00 o'clock, bound for Caldwell, which was unreported, and believed to have crashed in this area.

The planes taking part in the search were of every size and description from twin-engine Boeings to Piper Cubs, and even (or so it appeared to ground watchers) a Hall-cat navy fighter, with its square wing-tips and camouflage.

One small plane landed in the clover field at the Roy Glenn home on Texas ridge Monday evening, to ascertain his position, as he had been assigned to check the Texas ridge area, and wished to make sure he was right.

Piano Recital Sunday

Dick Coulter, son of Dr. and Mrs. J. H. Coulter, will present a piano recital Sunday afternoon at 2:30 in the Community church. Everyone is cordially invited to attend.

THIS SPRING AND SUMMER MAY SEE BETTER ROADS

Blueprints For New Road
The Kendrick Village trustees are in receipt of a copy of the blueprints for the proposed 3,300 feet of new road between Kendrick and Juliaetta, and the "take-off" point is causing considerable concern, for it edges in toward the railroad track near the Oral Craig home, and causes more or less of an inconvenience to all in that area from that point to the edge of the ball diamonds. These blueprints, we understand, are now on their way to Boise for approval, and once approved, the purchase of right-of-way must begin or the project be cancelled.

As the road between Kendrick and Juliaetta will be a school bus route this coming fall and winter, there must be a road on which to drive, so there appears no choice but to get the right-of-way.

The blueprints call for the removal of 27,000 cubic yards of rock and dirt from the foot of Brady Gulch, which will be used as a fill, since the new road parallels the railroad track, hence must be built high in the air. In addition, as we understand it, a considerable quantity of clay and earth is to be taken from the hill near the Henry Brammer ranch, and this will be used as a topping and binder over the rock. By this move the hill, much better known as the "Powell" hill, will lose at least a part of its steepness and danger.

State men, using state equipment, are said to be the ones who will do the work.

Army Engineers Visit
On Saturday Mjr. Sporseen of the Portland army engineer corps met with the Village trustees and the Kendrick Highway District commissioners and spent several hours surveying the channel and current flow of the Potlatch river from its junction with Bear creek at the upper end of town, to the Shepherd sawmill below town. He talked with long-time residents, examined flood pictures and generally looked over as much as possible in a half day.

A number of years ago the Kendrick Commercial club engaged in considerable correspondence on this matter, and it may well be that now the war is over, federal flood control aid which is provided for an emergency bill of some years ago, may be forthcoming.

Mr. Sporseen refused to be quoted officially, but we understand one of his personal ideas was the removal of the bluff by the old swimming hole near the Lewiston Grain Growers warehouse, which act would straighten the channel to quite a degree, allow a faster escape flow of water, and undoubtedly cut out the island near the depot. Considerable could also be accomplished by the strategic placing of rip-rap, to change current flow.

Just what, if anything, will come of his visit, is not known at this time — but we can hope.

Highway Engineers Visit
On Sunday morning James Reed, Idaho director of highways, W. E. Sinclair, Idaho director of Public Work, and J. J. McCreedy, district engineer met with the members of the Kendrick Highway District and looked over the new Brady Gulch road, which came through the winter in very poor condition. Chief item of discussion was its necessary repair and possible rebuilding of a short section or two, due to slides, caused by the excessively wet fall, winter and spring. It is hoped by the Highway district that the state will assume the maintenance of this section, since the district lacks the necessary equipment for the work — and in addition is short of funds, the recent flood and necessary road repairing having cost thousands of dollars, and the roads are still far from being in tip-top shape.

Of course, on their trip up here from Lewiston, they came over the road between Juliaetta and Kendrick, and although this section was not discussed, they now have a very good idea of the condition of the road and what must be done to put it in shape to carry school busses this coming fall.

Gay Deobald Honored
Gabriella Deobald, Kendrick, was recently initiated by Phi Upsilon Omicron, home economics honorary at the University of Idaho. Members are chosen on the basis of scholarship, dependability and interest.

Miss Deobald is on the decorations committee for the dinner given by the University of Idaho Spurs in honor of Spurs from Washington State college. Spurr is a sophomore women's honorary.

Enjoying Soft Water
The city well is furnishing Kendrick with all the water it uses without the help of any of the springs. It was necessary to shut off the Reed spring some time ago as it was not up to test, due to heavy rains which caused a surface run-in. Then a week ago a road crew broke the pipe from the Stanton spring while doing out a road, so that spring had to be cut off until new pipe arrives.

Result — The city well has been supply residents with soft water. It just takes a dash of soap to make a lot of suds.

The well is now producing 45-gal. per minute. This is a little short of capacity, which is 65 gallons, but is sufficient to supply Kendrick's needs until irrigating season. The springs are capable of producing 50 gallons a minute, and Edgar Long says they are running more now than in most recent years.

About The Cancer Drive

The Cancer Drive Committee announces a meeting for women only on the evening of April 28, at the music room of the school at 7:30 o'clock. Pictures will be shown and opportunity for discussion will be given. It is hoped to have a doctor present.

If you have not been contacted in the drive and wish to make a contribution, kindly telephone Mrs. J. H. Coulter or send a check to Mrs. Marvin Long, treasurer. Undoubtedly some people have been missed in the house-to-house solicitation, but it is hoped that every family will have a part in this great work.

FINAL P-T. A. MEETING OF YEAR PROVES PLEASANT

The regular monthly P-T. A. meeting was held Monday evening in the High school auditorium with Mrs. Henry Jones, president, presiding. Minutes were read and approved and the treasurer's report showed \$325.00 on hand.

Committee reports were called for and Mrs. Coulter reported the committee had been on the look-out for a piano, but nothing definite done. After some discussion as to the type desired, a motion was made by Mr. Nutting to table the purchase of an instrument until fall.

The possibility of the P-T. A. sponsoring Cub Scouts was discussed and all agreed it would be a worthy project — the matter of leadership being the big issue. It was learned after some discussion, that Royal B. Stone, Scout executive, had previously discouraged any immediate steps to organize a troop as it was necessary for some older Boy Scouts, along with mothers, to act as leaders, and our Boy Scout troop was too new for such an undertaking. Rev. Coulter and Mr. Nutting were named as a committee to investigate requirements and bring a plan to the fall meeting.

Mrs. Gruell brought word from Maribel Schupfer, Girl Scout leader in Juliaetta, extending an invitation to any girls here interested in that work, to join the troop there.

Mr. Nutting made several announcements, the first being Commencement Exercises on Wednesday, May 12, with James M. Lyle, Jr., as the speaker. Baccalaureate services will be on May 9, with Rev. Theo Meske bringing the message.

On May 7 there will be a music program at the school, with every grade participating.

April 29 — Thursday evening, the Dramatic department of N. I. C. E. will present three 1-act plays here all are invited.

On May 3rd the Athletic department will present a "Smoker" — boxing and wrestling to delight the sport fans.

The following new officers were installed by Mrs. W. L. McCreary: Mrs. Frank Abrams, president; Mrs. Silvia Herr, vice president; Mrs. Kenneth Brocke, secretary-treasurer.

The meeting was then turned over to Mrs. Gerald Ingle who gave a lively and constructive talk on directing our children's ingenuity during the summer months into profitable ventures as well as character building experiences.

All then adjourned to view the work exhibits in the various rooms and enjoy refreshments served by the teachers.

Housewarming For Weavers

Eighty-five friends and neighbors of the Lester Weaver family met at their new home, Sunday, for a house-warming. The loaded tables kept everyone busy for considerable time. After the dishes were cleaned up, Mr. and Mrs. Weaver opened and displayed the various gifts received. Singing and visiting completed the day for the adults, and a ball game kept the young folks busy until "chore time."

Those present, at some time during the day, included the following families: Frank Lyons, Arley Whybark, L. A. Alexander, Addison Alexander, Tom Armitage, Rollin Armitage, Clem McAllister, Santford Weaver, Bob Chibberg, Al Pederson, Clem Israel, Harold Pressnall, Arlie Allen, John Darby, Millie Farrington, as well as the following: Jesse Michaels, the oldest guest (93 years young), Mrs. George Brocke and son Darrel, Raymond Whybark, Walter Carmen, Jackie Holt, Clarence and Alex Weaver, Mrs. Frances Fry, Dorothy and Marjorie Foster, Billy and Wilma Wilson, Neil and Jerry Erling, Edwin and Carl Hanks, and of course the host and hostess, Mr. and Mrs. Lester Weaver, Theodore and Mary Ellen.

All wished the family much happiness in their new home.

Mr. and Mrs. Weaver report it a memorable day in their lives, and sincerely appreciate the many lovely gifts.

Surprise Birthday Party
Mrs. Frank Abrams surprised her husband Sunday evening by inviting friends in for five tables of pinocchio, to honor his birthday anniversary.

High scores were awarded Mrs. Jud Lee and Floyd Millard, while lows went to Mrs. Kenneth Brocke and Jud Lee. Bill White galloped off with the "Galloping Goose."

Birthday cake and ice cream were served at the close of play.

Ball Field Gets "Face Lifted"

Monday saw much activity on the ball diamond in the west end of town. A group of high school boys had Geo. Brocke's tractor and equipment and were leveling off the field.

This seems to be an annual affair and sometimes hopeless — trying to keep the field in condition — but with the coming of warm weather, nothing seems impossible when baseball fans get together.

PERSONALS AND NEWS ABOUT KENDRICK FRIENDS

Capt. and Mrs. Jack Maxwell and baby daughter arrived in Seattle on Wednesday of last week from Sapporo, Japan. Mrs. Maxwell and baby came on to Kendrick Thursday to visit her parents, Mr. and Mrs. Edgar Long. Capt. Maxwell stayed in Seattle until Monday to attend to business, arriving here Tuesday for two weeks, and then will go on to Wichita, Kansas, where they will visit his parents, Mr. and Mrs. Chester Maxwell.

Mr. and Mrs. Roy Long and family, Spokane, came down to spend the week-end and visit his sister, Mrs. Maxwell, just returned from Japan.

H. S. Wright and Mrs. Ora Lyden of Lewiston were dinner guests Sunday in the home of Mr. and Mrs. L. A. Wright, honoring Mrs. Wright's birthday anniversary.

Mrs. Roy Swanson returned from Fairbanks, Alaska, Sunday, where she had spent the winter with her husband. She reports the coldest was 50 below. She is visiting a few days in the E. R. Brown home.

Mr. and Mrs. Robert Magnuson had as week-end guests his parents, Mr. and Mrs. Ellis Magnuson, of Spokane.

U. of I. students home over the week-end included Tom Long, Tom Brown, Teddy Deobald, Beverly Schupfer, Ida Marie Siffow, Bob Watts and Patty McCreary, the latter accompanied by two classmates, Janey Wilson and Wm. Winkle.

Mr. and Mrs. Walter Brocke returned Monday from a short vacation spent at Seattle with relatives and friends. While away Walter engaged in some deep sea fishing, and reports his luck as "fair."

Mr. and Mrs. Jack Johnston and son of Spokane spent the week-end here with her parents, Mr. and Mrs. L. J. Herres.

Jim Wilson, Headquarters, is spending a few days here visiting relatives.

Miss Jean Crocker, who is employed at Lewiston, spent Sunday at her home here.

Dick Cuddy, who has been "enjoying" a rather severe case of the flu for the past two weeks, opened his barber shop again Monday morning. He says he is now feeling pretty good, but not quite ready to "take on his weight in wildcats." For part of the time Mrs. Cuddy was also ill.

Mrs. Fred Crocker of Lewiston visited relatives and friends here last week-end.

Mr. and Mrs. Bud Candler and family of Clarkston were Sunday guests of his parents, Mr. and Mrs. P. G. Candler.

Mr. and Mrs. Ervin Swenson spent Saturday and Sunday with his parents, Mr. and Mrs. A. Swenson, at Lewiston Orchards.

Mr. and Mrs. H. S. Evans and son Harold of Moscow were Sunday dinner guests of Mr. and Mrs. Oral Craig. Mr. and Mrs. Boyd Jacobs and daughter Marcia and Mr. and Mrs. Eugene Bonicelle of Lapwai were afternoon callers.

Mr. and Mrs. Wade Keene, Mr. and Mrs. E. H. Jones and Mrs. Johanna Nelson spent the week-end at Kennewick with the George Jones family.

B. Nesbit, Deary, was in town Wednesday on business.

Mrs. Ross Armitage took her Sunday school class on a weiner roast at Luken's flat Thursday evening.

Mr. and Mrs. Paul Dempsie of Nezperce were Sunday guests in the home of Mr. and Mrs. Ben Cook.

Mrs. N. E. Walker came up from Clarkston Saturday to spend several days with her daughter and family, Mr. and Mrs. H. C. Schupfer.

Hiram Galloway drove to Pasco last week-end to get his wife and granddaughter, Pam Arbogast.

Ben Cook is doing carpenter work for Jack Travis on his new furniture store at Troy.

Mr. and Mrs. Don Johnson and family of Lenore were Sunday callers in the C. H. Fry home.

Jack Travis was a business visitor in Lewiston, Monday.

Miss Barbara White returned to Lewiston this week, after a 10-day vacation at her home here.

Mr. and Mrs. Jack Maund and grandson of Cherry Lane were Sunday guests in the E. M. White home.

Mrs. Bernard Reigers and baby were Moscow visitors Wednesday.

Mrs. Oscar Slind and son Leland returned Monday from a short visit with relatives in Spokane.

Mickey Harris and Dorothy Thornton were Moscow callers Wednesday.

Moving Household Goods

Carl Cox, who recently purchased a cattle ranch at Wallawa, Oregon, spent the week-end with his family here, and left Tuesday for their new home with a truck-load of household goods. Carl states that their new holdings are "just under 1,000 acres," but added that by careful arrangement he could save enough space for a garden and a few chickens.

Mrs. Cox joined him at Wallawa the last of this week, and their daughters will go to them when school is out. At present they are staying with their grandmother, Mrs. Leah Cardinal.

Bakes Anniversary Cake

On display in the window of the Kendrick Bakery last Saturday was the big Golden Wedding anniversary cake of Mr. and Mrs. Sam Gruell, Juliaetta.

The cake, "Windsor Gold" was a golden color throughout. It was of two layers and 18x24 inches in size, and beautifully decorated. It was served to guests at the Open House of Mr. and Mrs. Gruell last Sunday.

Tube Tester

Saturday we received a new G. E. radio tube tester. This outfit is the very latest and we can now test any radio tube. If the least bit doubtful about your radio tubes — bring them in.

Next Door To N. B. Long & Sons

PERSONALS AND NEWS ON AMERICAN RIDGE

Mr. and Mrs. Warney May and son Warney were Sunday dinner guests of Mr. and Mrs. Greenstreak in the Tom Bell section. In the afternoon they drove to Lewiston to visit Al Johnson at St. Joseph's hospital.

Mr. and Mrs. Glenn Hansen and sons of Potlatch and Mr. and Mrs. Werner Brammer were Sunday dinner guests of Mr. and Mrs. Henry Brammer.

Mr. and Mrs. Ed. Kent returned Wednesday from Boise, where they visited their sons, Roy and George, and families.

Mr. and Mrs. Warren Cox of Spokane spent the week-end at the Andy Cox home.

Mr. and Mrs. Berne Davis and son Jerry of Pullman were Sunday dinner guests of Mr. and Mrs. Wayne Davis.

Mr. and Mrs. Newt Morey and sons and Mr. and Mrs. Bill Holt and children were Monday evening guests of their parents, Mr. and Mrs. Ed. Kent.

Mr. and Mrs. Bill Cox and Andrea Cox spent Sunday afternoon with Mr. and Mrs. Frankie Bencoter.

Mrs. Kirby and daughter Roma and Joe Langdon, Lewiston, were Sunday dinner guests of Mr. and Mrs. Geo. Havens. Afternoon visitors were Larry, Erma and Buddy Langdon, and an army friend of Buddy's, Carl Rowe, of Pennsylvania. The two were together in Japan; and Mr. and Mrs. James Arnot of Troy. Evening callers were Mr. and Mrs. Glenn Hansen and sons of Potlatch.

Buddy Langdon and Carl Rowe of Pennsylvania spent the week-end with Mr. and Mrs. Harry Langdon. Larry Langdon of Pullman was a Sunday dinner guest, also.

Erma Langdon accompanied Joe Langdon to Lewiston Sunday evening, where she has employment.

Mr. and Mrs. Warney May and son were Lewiston visitors Thursday.

Mr. and Mrs. Ed. Kent spent Sunday evening with Mr. and Mrs. Frankie Bencoter.

Mrs. Frankie Bencoter and Mrs. Ed. Kent were in Lewiston Wednesday.

Mrs. Geo. Havens visited with Mrs. Marvin Silflow Saturday morning, while her sons attended Bible school at Cameron.

Mr. and Mrs. Leland Houck of Clarkston spent Sunday afternoon with Mr. and Mrs. Bruce Glenn.

Mrs. Walter Bencoter and Jorene were Moscow visitors Saturday.

Gordon Cook was a Sunday evening supper guest of Mr. and Mrs. Walter Bencoter.

Mrs. Melva Woody visited Monday evening with Mrs. Harry Bencoter.

Mr. and Mrs. Harry Langdon and granddaughter Vicky Ann were Monday visitors in the Harry Bencoter home.

Larry Langdon of Pullman was a Saturday night guest in the Geo. Havens home.

Mr. and Mrs. Andy Cox and son Tom spent Sunday in Walla Walla with their daughter, Peggy.

Mrs. Perry Mattoon accompanied her daughter, Mrs. Bud Fey, to Lewiston, Wednesday.

Bobby and Nancy Lee Callison spent Friday night with Mr. and Mrs. Walter Bencoter.

Mr. and Mrs. Nora Callison and family visited with Mr. and Mrs. Wayne Davis Sunday evening, and were supper guests.

Mr. and Mrs. Gregory Eaves of Lewiston were Sunday dinner guests of Mr. and Mrs. E. P. Roberts.

Charles Havens is on the sick list this week with sinus.

Mr. and Mrs. E. P. Roberts, Frank Roberts and Mr. and Mrs. Nora Callison were in Lewiston Tuesday. Geo. Havens was also there that day.

Mr. and Mrs. Perry Mattoon and Kathryn were Tuesday afternoon visitors in the home of Mr. and Mrs. Ray Knutson.

Mrs. Geo. Havens visited with Mrs. Clarence Anderson Monday afternoon in Troy.

This is a list of what our school children sent to Sicily this winter. There are only 11 children in school, and their teacher: Clothing, 1 man's overcoat, 5 pair trousers, 9 yards material, 8 pair shoes, 6 pair hose, 18 dresses, 4 sweaters, 1 scarf, 1 apron, 6 skirts, 2 girls' coats, 4 pair gloves, 1 pair pajamas, 1 cap, 2 tablets, 4 pencils, tape, buttons, needles, thread, 2 tooth paste, 2 brushes, 2 ribbons, box crayolas, pkg. envelopes, box stationery. Food:

Pkg. flour, 5 lbs. white sugar, 5 lbs. brown sugar, 3 pkgs. Kraft, 11 pkgs. Jello, 3 lbs. cocoa, 13 bars soap, 8 lbs. candy, 1 lb. Crisco, 3 pkgs. oats, 2 pkgs. peas, 1 pkg. Lima beans, 6 lbs. red beans, 1 pkg. tea,

1 pint jam, 2 pkgs. powdered milk, 4 pkgs. soup, 1 lb. prunes, 2 lbs. rice, 1 lb. pepper and garden seeds. A total of 106 pounds were shipped. Postage costs were \$14.84. Estimated cost of boxes was \$50.82.

INTERESTING HAPPENINGS FROM JULIAETTA AREA

Mr. and Mrs. Paul Raines were dinner guests Sunday of Mr. and Mrs. Jack Browning.

Mrs. Everett Kirkpatrick and Mrs. Gordon Swears drove to Spokane on Sunday, returning Monday.

Mrs. Daisy Stonebraker and the Montgomery family, Orofino, were Sunday guests at the Edgar Lackey home.

The John Barkley family of Ione and the Boyd Whittim family of Asotin were Sunday guests of Mrs. Hazel Bisbee, who was celebrating her birthday anniversary.

Mrs. Bill Howell and daughter Connie, Mrs. Alan Grayson and Karen Nelson were dinner guests of friends in Spalding, Saturday.

H. S. Freeman went to Yakima, Monday, on business.

Mrs. Hazel Bisbee was a Kamiah business visitor on Monday.

Mr. and Mrs. Wesley Jenkins and Mr. and Mrs. Raymond Dufur of Grangeville spent Sunday with the Ralph Magnuson family.

Mr. and Mrs. Ellis Magnuson of Opportunity, Wash., accompanied by Mrs. Bob Magnuson and children of Kendrick, called at the Ralph Magnuson home Saturday.

Mr. and Mrs. Guy Mabbott and Mr. and Mrs. Dale Mabbott of Craigmont, visited Sunday at the Irvin Mabbott home.

Loye Tacker left for Pasco Sunday, on business.

Mrs. Paul Carlson and Duane spent the week-end visiting with friends and relatives in Moscow.

The Intermediate grades are mourning the death of their pet frog, "Ferdie," whom they had raised from a tadpole.

Teachers attending the Latah County Teachers' meeting in Moscow Friday were the Mesdames Holman, Hammond, Carlson and Lindquist, and Messrs. Sabotta and Trombetta.

Lewis Lindquist was a business visitor in Lewiston Tuesday.

Mr. and Mrs. S. McPherson spent Sunday in Lewiston.

Today is news day — How about helping us put out a real column by jotting down items and handing or phoning them to your correspondent here?

The Girl Scout troop, under the leadership of Maribel Schupfer and Lucille Conners, is progressing nicely with its work. Thirteen girls are now enrolled. They meet each Monday evening at 5:00.

Last Thursday evening a farewell party was given by the Methodist Sunday school honoring Earl Gleason, who is moving to St. Maries in May.

Marilyn Schupfer and June Brown of Kendrick were Thursday evening and over-night guests of Lucille Conners.

Progress On Building Good Good progress is being made on the new building for the Kendrick Bean Growers. Framing and walls are now up, and the work of laying rafters, etc., for the roof is making good progress. One feature of the new building will be a "built-in" awning, which will project out over the sidewalk, and provide summer shade for the display windows and winter weather protection.

The ceiling of the building is to be completely insulated, and a layer of gravel and asphalt will be used.

Parents Of Son Mr. and Mrs. Joseph B. Coles of Juliaetta are the proud parents of a son, weight 7½-pounds, born April 14th at St. Joseph's hospital in Lewiston. The name chosen was Frank Coles III.

Mother and babe returned to their home Sunday.

Harold Brammer Honored Harold A. Brammer, son of Mr. and Mrs. A. W. Brammer, Cameron, was recently initiated by Phi Eta Sigma, freshman scholastic honorary. Grade requirements of the organization consist of maintaining an average of 3.5, or half "A's" and half "B's."

Saws Fingers Ed. Tegner, Southwick, received a painful injury last week when he came too close to a power saw — ripping three fingers on his right hand severely.

Deer And Elk "Still At Home"
The two elk and four deer who have taken up their residence on the hill across the creek east of town are still seen almost every morning and evening, although it becomes necessary to get up a bit earlier each morning if you wish to see them at that time of day.
About the only thing that seems to make them at all nervous is the whistle of passing locomotives.
It is expected that they will leave later on, following the grass back into the timber as summer comes.

Moving To Portland
Word has been received from Mr. and Mrs. Jack Heacock, former old-time residents of Juliaetta, that they are moving to Portland, from Spokane. They state they do not know whether they will remain at Portland permanently, or go back to California.

KENDRICK DISTRICT NO. 283 COMPLETE
Although not clearly shown as complete on the above map, the election of trustees last Thursday afternoon completed the organization of the new district in this area — which is known officially as Kendrick Joint District No. 283. Involved are portions of Latah, Nez Perce and Clearwater counties.

Proper Care of Mattress Assures Comfort, Longer Wear
If sleep equipment is given good care, it will offer more comfort and longer service. Innerspring mattresses should be turned side for side at two-week intervals and occasionally end for end. Cotton or hair-filled mattresses need turning every week. This procedure distributes the wear and fluffs up the upholstery. Springs need the same sort of treatment about twice a year.
Every morning, windows should be opened and the bed clothing thrown back, permitting the air to penetrate the mattress and keep it fresh. When there is a bit of winter sun, the mattress can be moved up to the window and given a sun bath. The sun's rays act as germ killers and help to prevent the filling from packing down.
A removable cotton mattress cover which can be laundered protects the mattress from soil. In addition, mattresses deserve a regular cleaning with a vacuum cleaner attachment or soft brush. Boxsprings may also be cleaned with the vacuum attachment, and metal bedsprings with a soft cloth.

West Indies Isle Boasts One of Oldest Parliaments
Establishment of a governor's cabinet in Barbados calls attention to the fact that this West Indies island has one of the oldest parliaments in the British Empire. Unique among its neighbors for its continuous loyalty to one flag, Barbados celebrated the tercentenary of its assembly in 1939, recalls the National Geographic Society. Only in London and Bermuda are there older British legislative bodies.
Barbados is the easternmost of the islands that separate the Caribbean sea from the Atlantic ocean. When the officers and crew of a British ship landed in 1605, they claimed the island for their king, James I. The first English settlers arrived in 1626, twenty years after the founding of Jamestown, Virginia.

Because English customs, architecture, and characteristics were brought to the island, Barbados acquired the name of "Little England." But its immigrants even in the early days were not all English. It became a land of exile for Irish and Scots who had become troublesome at home. The Scots were attracted to the island's northeast region by its Highlands appearance.

Better Hybrids
Iowa was one of the pioneer states in introducing hybrid varieties, but as recently as 1934 only four of the Iowa hybrids were available to farmer seed producers and corn growers. One was recommended for the northern part of the state, one for the southern and two for central Iowa. These were the "better" corns that took the place of open-pollinated varieties, and swept the fields until open-pollinated corn is now a real rarity in Iowa. Today not one of these "better" hybrids of 1934 is growing on substantial acreage, having given way to "still better" hybrids. Yield has been maintained, or increased, plants are less likely to lodge or drop their ears and they are more resistant to diseases and easier to harvest by machinery.

Gourmet's Paradise
The potato is a staple food in the Chileans' diet, and they use it in many ways with their fine sea food and high grade meat dishes. Add to this the vintage wines for which the country is famous and you have a true gourmet's paradise. A typical Chilean meal, for instance, consists of a "cazuela," chicken or lamb soup with potato, half an ear of corn and string beans. This is followed by "empanadas de horno," baked meat pie, containing chopped meat, onions, olives and a slice of hard boiled egg. To aid digestion and stimulate the appetite one has the choice of the finest white or red wines.

Rinse Coffee Cups
If dishes must stand before washing, be sure to empty and rinse out coffee and tea cups. Otherwise these beverages may leave a dark stain that is hard to remove. If a cup becomes so stained that soap and water will not remove the discoloration, rub with a moist cloth dipped in soda or baking powder. Do not scour china or pottery. Hard rubbing and cleaning powders may cause color or gilt to fade and damage the smooth surface. Chipped or cracked dishes or those with the glaze off are not sanitary, even after they are washed.

Fertilizers Add Nutrients
Fertilizers have definite influence on the nutritive value of pasture plants and on the physical conditions of the animals grazed on them, according to experiments conducted at the department of agriculture's experiment station. Nitrogen applied to Kentucky blue grass increased the crude protein 12 per cent. The addition of phosphate and potash also increased the crude protein content. Not only that, but when phosphate was applied, it increased the phosphorus content of the grass by 25 per cent and the calcium content by 16 per cent. Also, the addition of phosphate to white clover, increased the phosphorus in the clover by 22 per cent and the calcium by 12 per cent and also gave some increase in the crude protein.

To keep growing, keep learning.

ADULTS need Christian teaching — Study Christ's Word in church school.

8107-B

Adults Need Christian Teaching
We believe that the only hope of the world is Christian principles practiced in individual and group relationships. But from what source do we get our Christian principles and how do we learn to practice them in individual and group relationships?
We learn Christian principles as we study the Christian way of life. The church through the church school helps adults learn how to practice Christian principles in individual and group relationships. There is no other agency devoted to this kind of teaching.
If adults come together in study groups under the direction of the church, they share with each other their understanding of Christianity. They develop the atmosphere conducive to spiritual growth. This Christian atmosphere can permeate their social, political and economic lives, as well as their religious views.
God can change individuals. As they seek to learn Christ's message for them, they will keep learning and growing. If enough adults would earnestly seek to live by Christ's teaching, the world would be a different place in 1949.

"What a blessing! At least our WWP electric rates have gone DOWN instead of up since pre-war years!"

You're right, Lady! As an average Washington Water Power residential customer, you pay only 1.37¢ a kilowatt hour for the finest of electric service. That's LESS than you paid before World War II.

While prices have risen rapidly for other things on your household budget, the cost of your Water Power electricity has gone steadily DOWN. Today you not only get the most dependable electric service at least cost than ever before, but also for LESS THAN HALF the present national average.

Phenothiazine-Salt Mixture for Sheep Reduction of Worms And Heavier Lambs

Tests have been carried on for four successive seasons at the Texas substation, Sonora, to determine whether continued licking of phenothiazine-salt mixtures is toxic to sheep, and also whether this practice will control infestations of stomach and other roundworms of sheep (without drenching animals individually). The pheno-salt mixture was kept before sheep on pasture all the time.

There were no harmful results; in fact, the lamb crops were 3 per cent heavier than during three previous seasons when salt alone was kept in the troughs.

Use of the phenothiazine-salt mixture also resulted in reduction and checking of worms. The sheep were heavily infested at the beginning—in ewes, 1,180 worm eggs per gram of feces; in lambs, 1,700 eggs per

This sturdy baby Southdown will gain by being fed phenothiazine-salt.

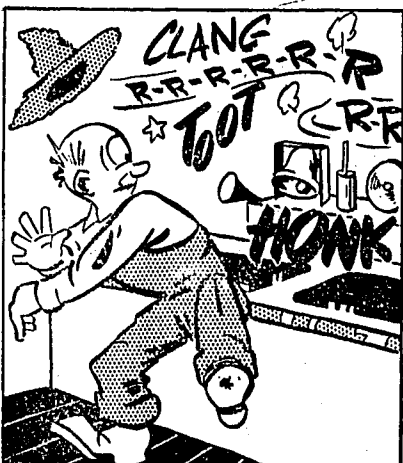

gram. In the fourth season, the worm egg count was down to 60 for ewes and 30 for lambs.

On the strength of these figures, Dr. I. B. Boughton, who did the work, concludes: "The mixture eliminated the need for individual treatment in the control of stomach and other roundworm infestation." Also, he says: "There was no ill effect on the health of either the ewes or the lambs."

Salt Speeds Gains In Hog Feeding Tests

Hogs receiving some salt in their daily rations can gain two and one-half times faster than those without it, tests at Purdue university indicate. Average daily gain of hogs which received salt was 1.71 pounds, while those receiving none gained only .67 pounds daily. For each pound of salt consumed there were 45 extra pounds of gain. Each pound of salt saved \$5.60 worth of feed consumed by hogs.

Alarm on Freezer

The symphony of the American farm, its cow bells, dinner bells and hog calling, soon will be joined by another sound, a distinct and not-to-be-mistaken alarm which is being added to the home freezer.

An extensive series of tests conducted by the USDA has resulted in the Brown instrument company developing an audible signal which will warn if home freezers cease operating. Electronic potentiometers record temperatures instantaneously and constantly at 16 points within each freezer.

Improved construction of the freezer and the warning signal will result in better food protection.

Reinforce 2, 4-D

The mixture of ammonium salt of 2, 4-D at the rate of .15 per cent with 2.8 urea and feramate at the rate of 2 pounds per 100 gallons for small grains and grass is proving effective.

Plow Down Cover Crop To Conserve Moisture

To save soil moisture, cover crops should be plowed down as early as possible. Cover crops, especially rye and vetch, grow fast and use a lot of soil moisture during warm days. Iowa State agronomists point out. If plants are allowed to grow too late they will take so much moisture that, without additional rain, there won't be enough to germinate newly planted crops. Nitrogen also will be added to soil.

Defective Vision Traced To Emotional Disturbances

Prolonged emotional disturbances can cause permanent injury to the eyes in persons with unstable sympathetic nervous systems, reports Dr. David O. Harrington, assistant clinical professor of ophthalmology in the University of California medical school.

Dr. Harrington reported the analysis of a large number of cases of defective vision in young men examined by him while on active duty with the navy during World War II. Several varieties of ocular diseases were brought about by various emotional disturbances in large numbers of young soldiers and sailors, he said.

The physician said that the young men in whom these psychologically induced ocular diseases were found had inherited a deficient autonomic nervous system which controls certain involuntary muscles in the blood vessel walls and thereby affects blood circulation.

When such individuals are subjected to severe emotional disturbances there is an involuntary, severe contraction of blood vessels in various parts of the body. In the case of the eyes this contraction may cause marked changes in the retina or sensitive nerve layer at the back of the eye. If the disturbance is short-lived, these retinal changes may disappear, but if it lasts a long time the damage may be permanent.

A-B-C Listing Shows Uses Of Electricity on Farms

Electricity was a toy when Benjamin Franklin made his famous kite experiments 200 years ago. Today it has become an essential part of the daily lives of city dwellers and many Americans who live on farms. Electricity is not a luxury to many people; it is a necessity.

Recently electrification specialists of the department of agriculture made a tally of the uses to which electricity is put around the farm. The astonishing total of uses comes to 400. So varied are the uses of electricity that there is at least one use for practically every letter of the alphabet.

A typical A-B-C listing of farm electric uses might run like this: Aerating milk, brooding chicks, clipping livestock, drying hay, elevating grain, filling silos, grinding feeds, heating water, irrigating fields, jointing woodwork, killing insects, lighting farmsteads, milking cows, neutering livestock, opening doors, pumping water, quickening housework, refrigerating foods, sawing wood, turning grindstones, unloading hay, ventilating buildings, welding machinery, and X-Y-Z represent some 370 additional uses for farm electricity.

Delicate Process

In making glass for spectacle lenses, carefully selected materials—sand, alkali and other substances—are melted together in special clay pots. The molten glass is poured on a large table and rolled to desired thickness, following which it is allowed to cool slowly for about eight hours. When properly cooled the glass is cut into squares, each of which is subjected to careful inspection. About one out of every four of these squares is rejected as below the standard of quality for spectacle lenses. The accepted squares are heated and molded to the approximate shape of the lenses desired, after which they are carefully annealed. The glass now is ready for grinding into lenses, a delicate, precision operation.

All steps in the production of ophthalmic glass are carefully controlled so that the glass will have the proper purity, uniformity and correct light refractive power.

Speculate on Spawning

For tens of centuries the spawning habits of American eels were shrouded in mystery, and even now eels that inhabit streams of this country are the subject of fabulous speculations when fishermen get together.

The American eel is one of the most remarkable of the fishes inhabiting our waters. She is a despised creature, but is a tough and voracious battler that will devour anything she can overcome. Only the female eel is known to enter fresh water, according to scientists who have studied the migrations of this curious species.

Despite her snake-like appearance and movements, the eel is a true fish whose scales are embedded in a slimy and gelatinous skin. Through examination of these minute scales it has been determined that an eel has a life span of at least 37 years.

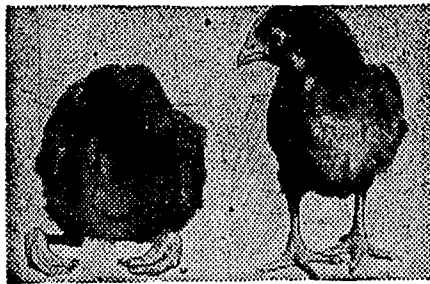

Kitchen Is Fascinating

The kitchen is a fascinating place for the child as soon as he is able to move about. The kitchen furnishes more situations for learning than any other place he goes. Kitchen tools and equipment provide him with endless activities like dropping clothespins into a basket and fitting tops on jars and boilers. All his kitchen experiences help him to develop motor skills, judgment and ability to reason. The common everyday articles he uses are as valuable for learning as the most expensive "educational" toys. The child learns names of many things and what to do with them and so learns common words more readily by this association with objects.

Baby Chick Need of Riboflavin Is Great Curled Toe Paralysis Caused by Deficiency

Riboflavin, a crystalline yellow vitamin containing nitrogen and ribose, has proven necessary for growth of poultry. It is also important in connection with the formation of an enzyme responsible for

Chick at left is afflicted with curled toe paralysis due to riboflavin lack. Right, same chick a week later after being furnished this vitamin.—Photo, University of Missouri.

utilization of feed within the cells of the body.

Riboflavin is widely distributed in feeding materials. It is present in greatest amounts in milk products, yeast, live meal, alfalfa, cereal grasses and byproducts of the fermenting and distilling industry. Only a few grams are required per ton of mixed feeds.

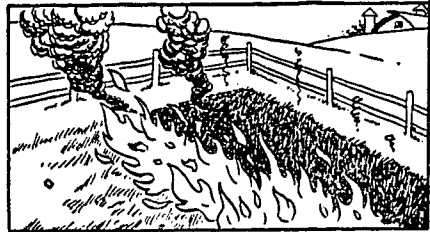

Many poultry authorities have stated there is an advantage in using natural riboflavin concentrates in preference to synthetic riboflavin. The natural concentrate generally supplies other important nutrients aside from riboflavin.

When chicks are fed a ration low in riboflavin, they start squatting and develop a condition known as curled toe paralysis.

In the past the lack of riboflavin in feed ingredients has caused considerable economic loss. Baby chicks require greater quantities than older birds. Deficiency in laying flocks lowers egg production and results in inferior eggs or poor hatchability.

BURNING DESTROYS SOIL

When you burn straw, cornstalks and other crop residues on the field you lose valuable nitrogen and destroy organic matter vital to soil rebuilding and crop production. If the stalks of a 100-bushel corn crop go up in smoke 6,500 pounds of organic matter and 55 pounds of nitrogen

are lost. When you light a match to a mature sweet clover crop, you lose about 150 pounds of nitrogen and three to four tons of organic matter. It takes more effort to plow these materials under than it does to burn them, but an extra 10 to 20 bushels of corn per acre and a more fertile soil should be worth the extra trouble.

New Disease of Sweet Potatoes in the South

A new and distinctive disease of sweet potatoes known as "internal cork" has been the subject of intensive studies by Dr. C. J. Nusbbaum, South Carolina experiment station. Sweet potatoes affected with the disease are characterized by the occurrence of dark brown, corky spots of irregular shape and size. There are indications that it may be possible to develop resistant strains. The disease is caused by a virus but little else is known about it.

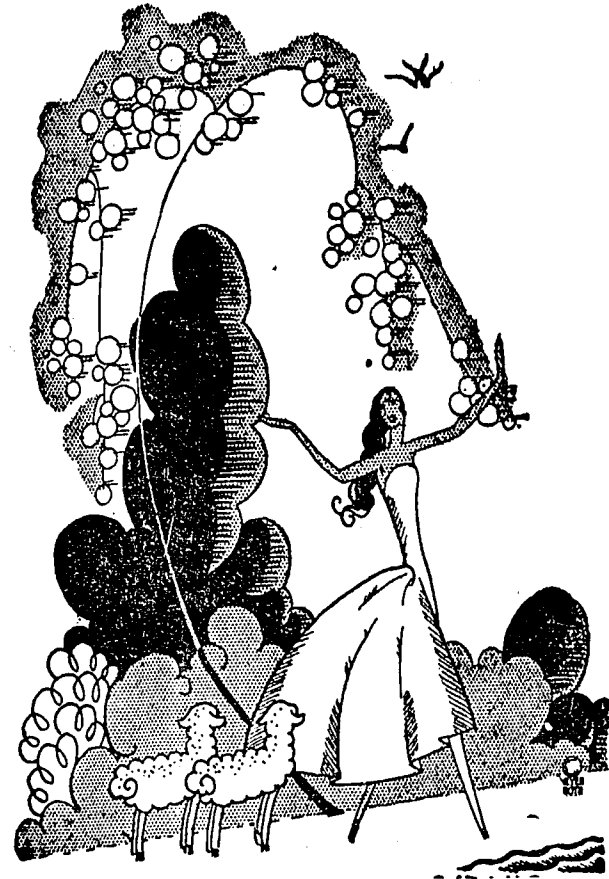

Farmers' Money Not All Increased Earnings

"What farmers do now with their liquid assets and credit will determine their financial position for the next two decades. It is imperative for farmers to recognize that much of their present money in fact is not increased profits. It represents the soil fertility sold off the farm, depreciation of buildings, fences and equipment. The money farmers now have, in large part, belongs back on their land—to restore soil—to modernize—" The Land.

Trapping Is Good Way To Control Moles

In the spring the activities of the common mole appear to be more noticeable. Unlike rodents, such as rats and mice, moles live chiefly on earthworms and insects. The mole is unpopular with farmers because his tell tale ridges and mounds disfigure the fields, ruin new seedbeds and damage gardens and lawns. Trapping appears to be the most satisfactory way yet found to control the mole.

LATE IS OUR SPRING AND LONG HOURS LIE AHEAD FOR FARMERS

And It's Up To Everyone To Help Them Out

Realizing this situation, and the critical world situation as well, in which food may well be the deciding factor, Kendrick's Merchants and Businessmen renew their war-time pledge to help in every way possible.

Anticipating farmer needs is a big job, but local businessmen have done their best to save you miles and time. So, try Kendrick first.

We are prompted to sponsor the above ad. through our desire to serve the best interests of our community in every way.

ARROW HAPPENINGS

Mr. and Mrs. Wm. Smith have moved back to Arrow, after spending the winter in Lewiston with Mrs. Smith's mother.

Edwin Smith has returned home after an extended trip to California and Texas.
 The Mike Schroeder family have moved to Lewiston, where they purchased a home.

Freda Haag, who has been visit-
 ing with relatives this winter, has returned to work at Moscow.

Mrs. H. O. Woodruff is recovering from the broken arm, suffered a couple of weeks ago.

James Browbeau has purchased a '41 Mercury car.

The Garnett Wilson family of Lewiston spent Sunday with the George Wilson family at Myrtle.

Tuesday of last week Mrs. Ed. Groseclose was pleasantly surprised by a group of relatives from Orofino, calling to spend the day. Two cousins, Mrs. Wm. Philpot and Mrs. Bernard Wilson and their children; a daughter, Mrs. Howard Wunderlich and her daughter; a sister, Mrs. Paul Baldwin. This group also called on Mrs. Woodruff and Mrs. Harry Smith.

Mrs. Jewell Laird and daughter are spending some time visiting in California.

 ing, Juliaetta. 17-2x

Lewiston Girl Named

LaQuite Lawrence, sophomore at Lewiston senior high school has been named state secretary of the Future Homemakers of America at the annual meeting of that organization in Boise.

Miss Lawrence is a daughter of Mr. and Mrs. C. A. Lawrence of Pierce, and lives with her maternal grandmother, Mrs. Lulu Crocker, Lewiston, while attending school.

New Picture Projectors

The Kendrick Theatre installed last week-end two of the very latest motion picture projectors, complete with sound equipment. The new machines use carbon lights with an automatic feed, and give a clarity far beyond that of the old bulb-type.

A complete new sound equipment set-up was also installed.

As is usually the case, when new equipment is put in use — something goes wrong, and this happened Friday evening, when a twist in a reel caused a splice to catch and the film caught fire.

Baseball Benefit Show

Mitchell Cain, said to be one of the better magicians and comedians, who is touring the U. S., will present a program of magic and comedy at the Kendrick gym., Saturday evening, May 1, at 8:00 o'clock. Mr. Cain did shows during the war with the U. S. O., in the states and also in Europe.

The show lasts two hours and features a canvas covered padlocked box escape in which he offers \$1,000 reward to anyone finding any fake or trickery in the escape. The audience is invited to furnish the padlocks.

Anna Marie Oslund Ideal Mother
 Motherhood paid off for Mrs. Anna Marie Oslund, Troy, when she was selected by a committee of 17 judges from throughout the state as the "Idaho Mother of 1948." This announcement was made by Mrs. Gladys Swank, Lewiston, state chairman. Mrs. Oslund will receive her citation from Gov. C. A. Robins at Boise, sometime prior to Mother's Day, Mrs. Swank said.

Potlatch Chief Sez

PUBLISHED BY THE KENDRICK CO-OPERATIVE CREAMERY

HELLO, THERE, FOLKS:

About Buttermilk:

Have you had any buttermilk lately? We have some fresh buttermilk that is really good. Take at least a quart home today for a real treat.

About Ice Cream:

This week's special in Potlatch Chief ice cream is Lemon Custard. Its delicious lemon flavor and creamy goodness is hard to equal. Buy a cone, quart or gallon today, and enjoy ice cream at its very best.

Other flavors besides Lemon Custard are: Vanilla, Chocolate, Maple Nut, Black Raspberry, New York Salad and Strawberry. With this sunny spring weather, serve lots of ice cream for complete satisfaction. Your family and friends will compliment you on your choice of dessert when you serve Potlatch Chief Ice Cream. If you like, top your ice cream

off with our "Toppers," which come in a variety of flavors. Buy a can or two today when you take home that ice cream.

And Remember:

For good dairy products always insist upon Potlatch Chief brand — for freshness and quality.

Sonny: "Papa, why did all those grown-up cry at the wedding?"

Father: "Because they've been through it, Son, and know it's no laughing matter."

Voter: "I suppose it is your great ambition to leave deathly footprints on the sands of time."

Candidate: "No, not exactly — all I want now is to cover my tracks till after the election."

Remember: Always ask for "Potlatch Chief" Dairy Products by name. It is your assurance of quality.

WHAT CAMERON FOLKS ARE DOING THESE DAYS

Mrs. Harl Whittinger, who received medical care at Lewiston recently, has returned home, and is improving satisfactorily.

Mrs. Fred Newman entertained a group of women at a quilting party Thursday. Those present were Mrs. A. E. Spekker, Mrs. Herman Silflow, Mrs. Ida Stoneburner, Mrs. Theo Meske, Mrs. Wilbert Bruntsiek, Mrs. George Wilken, Mrs. Gus Kruger, Mrs. Ed. Mielke, Mrs. Glen Wegner, Mrs. Walter Koepf, Miss Emma Hartung, Miss Helen Mielke and Mrs. Herbert Schwarz.

Mr. and Mrs. Wilbert Bruntsiek, Mrs. A. H. Blum and Mrs. Albert Glenn visited with Mr. and Mrs. Clay Albright in Lewiston, Monday.

Mrs. Herman Silflow accompanied Mr. and Mrs. Ed. Nelson to Spokane on a business trip and visit with Mr. and Mrs. Ned McCamant and daughter over the week-end.

Vern Spekker resumed work for the Forest Service last week. He has been on a leave of absence for some months.

Mrs. Henry Wendt visited with her daughters, Marjorie and Esther, in Pullman, Wednesday and Thursday.

Mrs. Ida Silflow went to Pullman Friday to visit with her daughter, Mrs. A. O. Wegner and family. Mr. and Mrs. Fred Newman, Mr. and Mrs. Ed. Mielke and daughters and Miss Helen and Ted Mielke called in the home of Mr. and Mrs. Gordon Peters, Sunday evening.

Mr. and Mrs. George Wilken and Mr. and Mrs. Ed. Mielke and daughters were fishing in the Snake river Saturday and Sunday. Mr. and Mrs. Fred Newman, Mr. and Mrs. Glen Wegner and sons, Mr. and Mrs. Chuck Andres and daughter, Miss Helen Mielke, Ted Mielke and Gordon and Elmer Peters picnicked and fished there Sunday.

SOUTHWICK NEWS

Mr. and Mrs. Wilmer Hanks and sons were Sunday dinner guests of Mr. and Mrs. Gil Eriewine of Gold Hill.

Mr. and Mrs. Gordon Harris were in Lewiston Sunday, visiting Mrs. Cecil Harris, who is ill and in a hospital there. They also called on Mr. and Mrs. Ralph Wright, former Southwick residents.

Mrs. Given Mustoe spent the week-end here at her home. She is spending some time in Lewiston, receiving medical treatment.

The following group joined Mr. and Mrs. Gordon Hicks of Ahsahka for a picnic dinner Sunday: B. O. Coldwell; Mr. and Mrs. Wilbur Coldwell and daughters; Jack Mustoe; Mr. and Mrs. Don Cantrell and daughter Sandra; Mrs. Virgil Harris and sons; Mr. and Mrs. Frank Cantrell and daughters; Mrs. Annie Longeteig and her sister, who is making an extended visit here; John and Thor Meland and Johnny Longeteig.

Mr. and Mrs. Colin Biller and children of Seattle are visiting her parents, Mr. and Mrs. Clay King, this week. Mr. and Mrs. Pete Brown of Lewiston were also Sunday visitors. The Southwick 4-H Club girls held a meeting last Friday. They have chosen "Syringa" as their club group name, it being the state flower. Officers elected were: Jean Winters, president; Marjorie Kazda, vice president; Virginia Cuddy, secretary; Barbara Coldwell, news reporter. The leader for the group is Mrs. George Finke. The first project of the year is sewing — beginning with fish towels learning to darn and to use the buttonhole stitch.

LINDEN ITEMS

(Delayed)
Mr. and Mrs. Ben Smith were Kendrick shoppers one day this week, visiting at the A. Alexander home enroute.

Mr. and Mrs. Clem Israel were Orofino visitors Wednesday.

The children of the Cedar ridge school have been entertaining the chickenpox the past two weeks.

Herbie Pederson, who has been ill, was taken to Lewiston to the hospital Saturday. No news has been received as to his condition, yet the school boards of the district concerned in this area will go to Kendrick on Thursday to elect trustees for the reorganized school district.

Mr. and Mrs. Loyd Israel are home for a few days.

10:18 April 12th — the sun is shining!

Miss Anna Smith visited in the Charles Keeler home Friday, going later to the Ed. Brown home in Kendrick to visit, as Pearl Brown was spending the Institute vacation at home.

The W. M. A. ladies had a quilt Thursday at the A. Alexander home. It will be sold at auction this fall.

Mrs. Charles Keeler visited with Mrs. Dan Whybark in Juliaetta on Thursday, spending a short time in Kendrick with her daughter, Mrs. Ted Vausher and son Bobby.

Clem Israel and Frank Lyons attended the funeral of the late N. E. Walker in Lewiston, Thursday.

(This Week)

Born to Mr. and Mrs. James Johnson of Clarkston, Wn., a daughter, weight 7 pounds 1-ounce. Mrs. Johnson will be remembered here as Peggy Martin. The father is said to be expected to recover.

April 17th — It rains. Guess that could not exactly be called news, but one must put down something, and when people don't do anything they feel it important — they just don't mention it — hence news is "doggone" scarce.

Mrs. Al Pederson visited her son, Herbie, in a Lewiston hospital Friday. It seems he suffered a relapse. Mrs. Stewart Wilson drove Mrs. Pederson down.

Rev. Arley Whybark preached at the Gold Hill chapel here Sunday. Eighty neighbors and friends gathered to surprise Mr. and Mrs. Lester Weaver at their new home Sunday — each taking a covered dish and a gift for the new home. A grand time was reported.

Mr. and Mrs. Charles Keeler spent Sunday in the home of Mr. and Mrs. Lewis Conrad, Lewiston, also inspecting their new great-granddaughter — and great-grandmother was even allowed to rock the new arrival.

We just heard that Herbie Pederson is home — and feeling much better. It is good news.

Joe, Patty and Judy Cuddy, who are spending the winter with the Rollin Armitage family in Southwick, enjoyed the week-end with their father, John Cuddy.

GOLDEN RULE

Mrs. Wm. Hadden of Orofino spent the past week visiting relatives here on the hill.
Rev. George Finke spent Saturday

at the Carl Finke home, while Mr. and Mrs. Glen Betts and Eugene and George Finke, Jr., spent the day in Lewiston.
Week-end visitors at the Martin home were Mrs. Roy Martin and Grandson Jeffery Tarbert; Ishmael Martin, Mr. and Mrs. Dewey McAllister and sons and Mr. and Mrs. Lyle Bashaw and daughters.
Mr. and Mrs. Chester Martin and son have moved up from Lewiston for the summer. He is going to cut logs with his father, Roy Martin.
Mrs. Bessie Cowger spent the past week with Mrs. John Westgate in Lewiston.
R. S. Betts accompanied Oscar Lawrence to Nez Perce on Tuesday.
Mrs. Bessie Cowger is moving her furniture to the Abner Cowger place in Southwick, and the Ernest Cowger family are moving onto the Cowger ranch.
