Brady Gulch Be Repaired

Work is scheduled to begin today (Thursday) on the repairing of the cloudburst damaged Brady Gulch (American ridge) road, with state finances and equipment assisting the Kendrick Highway district. The actual work is to be done

by the district, however. A shovel has been secured from a large dump truck. This equipment ze and type building needed.

Mr. Ingle further reported that and motor patrol of the local unit. It is realized that right now, during harvest hauling, is probably one of the poorer times to do the job -We feel sure that local residents, realizing this condition, will co-operate to the fullest extent with

the district in doing the job. It is not expected to "rebuild" the road within the fullest limits of that word, but rather to put it in a good, safe condition. A real rebuilding would require much more than the equipment and finances available. We are, however, thankful for the assistance being given.

TEACHING FIRST AID PRACTICES IS HOBBY OF W.W.P. EMPLOYE

Lincoln County Man Praised for Community Service: Gives Freely of Time and Talent in Important Work

To provide the best possible electric service is the aim of every employe of the Washington Water Power Company. Often this calls for long, hard days under trying conditions. But when a day's work is done, numerous employes pitch in anew to render other types of community service. For this, satisfaction of a iob well done is pay enough they say.

Typical of these employes is Dwight Pease, W.W.P. residential representative at Davenport, Washington. Dwight is an instructor of first aid. His long years of training and association with the Red Cross make him well qualified for such work.

Last winter Dwight started special Red Cross first aid training for Boy Scout troops in Davenport, Wilbur, Almira, Harrington, and Lincoln-some 80 Scouts in all. He has taught courses to over 175 townspeople in Lincoln county, as well as law enforcement personnel and 4-H clubs. School systems are also asking for his assistance.

W.W.P. employes are like that—courteous, friendly, and eager to perform community service.
