SHORT NEWS ITEMS FROM OUR LOCAL SCHOOLHOUSE

After a lay-off of almost two weeks, caused by the terrific storms which closed roads all over the area, the Kendrick schools began operation again Monday morning — and despite some side roads still being blocked, attendance was very good.

It is realized that this is asking a lot but the busses are loaded with chil- three-month vacation trip that coverdren going or coming, and time is very important to all concerned. The P.-T. A. basketball games proved very successful. The ladies of the P.-T. Our appreciation also goes to those who attended to witness the fun, and even the "Blind Toms" who refereed the games did mighty well considering the extremely adverse conditions

under which they worked. Total gross take from the evenings' entertainment—games and con-cessions, was \$99.50. We feel that this was very good considering the condition of the roads and weather. Again - Our thanks to all !

International Scouting Month

The dsiplay of the Girl Scouts in the space so generously contributed by Mr. Abrams is the product of a great deal of effort and cooperation on the part of each Girl Scout and her parents.

Sewing, which was done by the girls, was contributed by the group working for their Sewing Badge, and the products of their efforts will be sent overseas as their part in the great Girl Scout assistance program. Handicraft projects were done by those working for their Leathercraft

Badge. To observe this all-important month. each girl chose a country, for which she was to make a flag and dress a doll in the native costume.

Special projects included the large mercators projected map done by Donna Kanikkeberg and Ann White. The Girl Scout Trefoil flag was hand made by Janice Christensen and Sylvia Herr. Rose Wilson and Wanda Travis contributed the free-hand poster telling of "Thinking Day." We are very pleased to have the girls work so hard during their school vacation and we believe they feel proud of their work. Just try to buy one of their dolls! On Washington's birthday, Tuesday, a special meeting was held with two guest speakers and music. Mrs. Bob Magnuson spoke on Swe-den and the Scandanavian countries and played accordian music. Rev. Coulter spoke of the universality and likness of men, and the best way to understand was to be unafraid, to learn and associate. A special menu was served, consisting of Hawaiian moulded salad, Russian Tea cakes and Swedish Star cookies. Both Mrs. Hoffman and Mrs. Herr appreciate the many little things and contributions of time and energy given by so many to make the past month a success.
