Crop Inspection Necessary

Producers of certified seed often neglect to apply for crop inspection, states Elbert McProud, Latah county agent, before the closing dates. This application is made to the Idaho Crop Improvement Association, Boise, Idaho. Representatives of this organization make the necessary inspections during the growing period.

Mr. McProud, who assists local farmers and seed dealers with certification work, announces the following closing dates have been set by the association to make application for crop inspection service. As the snow line retreated rapidly Alsike, Ladino, White Clover, Red this past week and winter relaxed Clover, Sweet Clover and Alfalfa,

Home Destroyed By Fire Mr. and Mrs. Ed. Kent had the misfortune to lose their home by fire

last Monday, about 6:45 a. m. Their personal loss was quite large and would have been considerably heavier had it not been for the neighbors, who rallied to their aid items.

The house was completely destroyed, the flames spreading so rapidly that it was impossible to control. Mr. and Mrs. Kent are staying at the Cox home for the present.

Really Has Troubles

George-Anne Jones, eight-year-old daughter of Mr. and Mrs. George Jones of Kennewick, former residents here, fell while roller skating and fractured her left arm above the wrist, about two weeks ago. While in the hospital having the fracture set, she broke out with the measles. No doubt due to the added dis-

comfort, it was found a week later that the arm was not straight, and had to be broken over and re-set.

U. of I., Moscow - In the horticultural greenhouses at the University of Idaho are 150 unusual plants. They are crosses of the Russet, Idaho's famous baking potato, and two new lesser known varities, Menominee and Earlaine.

The potato seedlings are there because Ejnar Larsen, a native of Denmark, doing potato research under a special fellowship in the University of Idaho college of agriculture wanted to try—"just for the fun of it"—a venture in potato breeding most genetecists said was difficult, if not impossible.

HELLO, THERE FOLKS:

About Those Baby Chicks: Yes, you bet, we're still talk-ing about those baby chicks you should have ordered some time

ago, but have just been putting off from day to day.

You know, it getting rather late, but you know how the old saying goes, "it's better late than never," so we recommend that you hurry - and we do mean

hurry.

Of course, for chickens to put in your locker, the late ones will taste just as good as the first ones — but why wait, why not enjoy them as soon as possible?

About Dairy Products:

With the coming of warmer weather, the desire for salads and cool desserts increases. And that is just the time to take home plenty of Potlatch Chief brand Cottage Cheese. For, combined with fruit, it makes a most lus-

cious salad, as well as being nourishing — or use it "straight" if you prefer.

And Don't Forget:

That Potlatch Chief Ice Cream is one of the finest desserts you can serve. It comes in a wide variety of flavors to please the taste of the most fastidious. Take home a quart or a gallon, today. Delicious, nourishing!

Teacher: "What is a bachelor?"
Tommy: "A bachelor is the happiest man in the world." Teacher: "Who told you that?" Tommy: "My daddy!"

Taxi Driver: "Cup of coffee, doughnuts and some griddle

Waitress: "Cylinder oil, couple of non-skids, and one order of blow-out patches."

Remember: The name "Potlatch Chief" on dairy products means freshness and quality.

Mrs. Shreed and Mrs. Crossley, Nez Perce county nurses, made a short visit to the school, Friday.

Mrs. John Darby called Tuesday

to leave a poster and badges for the Cancer Control drive. Mrs. Pederson and Jerry visited

school Wednesday afternoon. The second grade children wrote Easter stories this week.

The Cubs entertained the Lady Slippers again on Friday, with a one-period party and Easter egg hunt. The Lady Slippers are still ahead in the inspection contest for the last quarter.

The following story was chosen as best among the Easter stories written by the second grade class: "The Easter Egg," by Janice Foster —Once there was a little egg. It was very sad because it was not pretty. A fairy came along and touched the little egg and changed it into a pretty egg. It was colored husband on his birthday anniversary, green with red stripes on it. Then Saturday evening, with a dinner, the fairy went away. > Cancer Drive Still Going On Medical authorities have termed 1949 a year of great promise in cancer research.

> However, due to a lack of funds the American Cancer Society was forced to turn down 40 percent of the applications for research projects approved by the Committee on the Growth of the National Research Council. In addition, the American Cancer Society had to reduce appropriations by 54 percent for the projects it did support.

The key to open the door to canand family.

Mr. and Mrs. Herbert Schwarz and daughter JoAnn were dinner guests now indefinitely postponed.

Of necessity, this year's campaign for funds was greater than ever. More and more people must be made to realize that their contributions are vital weapons in the fight to curb cancer.

Not only can the fight be aided by funds, but by education - for the great danger of cancer lies in failure to recognize its symptoms in

their early stages.

The local Cancer Committees are now finishing their drive — and to date it has been very successful.
